CONTRACTS AWARDED.

(Continued from page 1031.)

District 4.—Donato Antonellis, \$900; M. Solimando, \$925; Martin J. Kelly Company, Inc., \$1,500; Joseph B. Doyle, \$990.

District 5.—Donato Antonellis, \$1,175; M. Solimando, \$1,225; Martin J. Kelly Company, Inc., \$1,500; Joseph B. Doyle, \$1,910.

District 6.—Donato Antonellis, \$1,375; M. Solimando, \$1,450; Martin J. Kelly Company, Inc., \$1,675; Joseph B. Doyle, \$1,577.

District 7.—Donato Antonellis, \$1,200; M. Solimando, \$1,250; Martin J. Kelly Company, Inc., \$1,500; Joseph B. Doyle, \$1,617.

District 8.—Donato Antonellis, \$1,615; M. Solimando, \$1,660; Martin J. Kelly Company, Inc., \$2,500; Joseph B. Doyle, \$2,856.

Total.—Donato Antonellis, \$10,445; M. Solimando, \$10,710; Martin J. Kelly Company, Inc., \$14,055; Joseph B. Doyle, \$14,926.

PENAL INSTITUTIONS DEPARTMENT.

Upon August 12 the Mayor approved a contract with contractors as indicated in the following letter:

BOSTON, August 7, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—On July 30, 1946, this department publicly opened and read bids for an Electrical System, Contract No. 1, Outside Wiring, Contract No. 2, Inside Wiring, at the House of Correction, Deer Island, Special Appropriation, with the following result:

Contract No. 1, Outside Wiring.—Massachusetts Electric Construction Company, \$42,870; Kenworthy & Taylor, Inc., \$29,953.

Contract No. 2, Inside Wiring.—H. M. Lobdell Electrical Company, \$49,524.

I respectfully request permission to award Contract No. 1, Outside Wiring, to the lowest bidder, Kenworthy & Taylor, Inc., in the sum of \$29,953, and Contract No. 2, Inside Wiring, to H. M. Lobdell Electrical Company, in the sum of \$49,524. H. M. Lobdell Electrical Company was the only bidder for Contract No. 2, Inside Wiring.

The work to be performed under this contract is to be completed within 120 calendar days after approval of the contract by the Mayor.

Bids were publicly opened and read on July 30, 1946, after advertising in the City Record, July 20, 1946.

Kenworthy & Taylor, Inc., and H. M. Lobdell Electrical Company are very reliable firms.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC WORKS DEPARTMENT.

Upon August 14 the Mayor approved a contract with the Walter Reed Corporation, the lowest bidder, for bituminous concrete pavement in Boylston place, Ward 11, and Pleasant Hill avenue, Ward 17, at an estimated cost of \$24,250.20. The work to be done under this contract is to be completed November 15, 1946. The following bids were received August 6:

Walter Reed Corporation, \$24,250.20; S. J. Tomasello Corporation, \$24,292.20; Dooley Brothers, Inc., \$24,979.25; A. Singarella & Son, \$25,528.75; Charles Struzziery Company, \$25,608.25; M. J.

Kelly Company, Inc., \$26,072.35; Baker & Co., Inc., \$26,450.05; James A. Susi, \$27,919.25.

SUPPLY DEPARTMENT.

Upon July 29 the Mayor approved a contract with the Boston Woven Hose and Rubber Company for furnishing 10,030 feet of 2½-inch fire hose, in accordance with specifications, for the Fire Department. The total amount of the contract was \$8,100, less a cash discount of 2 per cent for payment in ten days.

Bids, opened July 23, were as follows: *10,000 Feet of Two and One Half-Inch DJ Fire Hose.*—Gorham Fire Equipment Company, 81 cents per foot coupled; Justin A. McCarthy Company, 82 cents per foot coupled; Boston Woven Hose and Rubber Company, 81 cents per foot coupled; Ellis Fire Appliance Company, \$1.14 per foot coupled.

Total Amount of Bid.—Gorham Fire Equipment Company, \$8,100; Justin A. McCarthy Company, \$8,200; Boston Woven Hose and Rubber Company, \$8,100; Ellis Fire Appliance Company, \$11,400.

Cash Discount, Ten Days.—Gorham Fire Equipment Company, 2 per cent; Justin A. McCarthy Company, 2 per cent; Boston Woven Hose and Rubber Company, 2 per cent; Ellis Fire Appliance Company, 2 per cent.

Delivery Date.—Gorham Fire Equipment Company, thirty days; Ellis Fire Appliance Company, September 1, 1946.

Manufacturer of Hose.—Gorham Fire Equipment Company, Quaker Rubber Company; Justin A. McCarthy Company, Manhattan Rubber Manufacturing Company, Division of Raybestos; Boston Woven Hose and Rubber Company, Boston Woven Hose; Ellis Fire Appliance Company, B. F. Goodrich Company, "Planet Brand."

Upon August 8 the Mayor approved a contract with the Bolton Smart Company, Inc., for furnishing and delivering to city departments 1,200 cases Grade A, extra large processed eggs, candled and delivered as specified. The total amount of the contract was \$16,240, less a cash discount of one half of 1 per cent for payment in ten days.

Bid, opened July 25, was as follows: *1,200 Cases Grade A, Extra Large Processed Eggs, Candled and Delivered as Specified.*—Bolton Smart Company, Inc., 45 cents per dozen; cash discount, ten days, one half of 1 per cent.

Upon August 12 the Mayor approved a contract with low bidders as indicated for furnishing fire apparatus and trucks to the Fire Department. The awards were as follows:

Peter Pirsch & Sons Company.—Six 35-foot aerial ladder trucks at \$27,955, \$167,970; less 2 per cent discount, 10 days, \$3,359.40; total, \$164,610.60.

Mack Motor Truck Company.—Three 1½-ton trucks, for installation of lighting plants, at \$3,146.56, \$9,439.68; three rescue wagons at \$8,252.66, \$24,757.98; one tractor for water tower, \$8,410, plus charge for attaching tower wagon, \$900; total \$43,507.66.

Total awards, \$208,118.26.

Bids were as follows:

Item 1. Three One and One-Half Ton Trucks for Installation of Lighting Plants.

Net Delivered Price, Each.—Mack Motor Truck Company, \$3,146.56.

Total.—Mack Motor Truck Company, \$9,439.68.*

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses and contractors for furnishing labor, supplies, etc. Communications from the heads of the several departments were as follows:

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, August 7, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—There is at present a distinct scarcity of furniture of all descriptions.

This department has been in the market for a considerable period of time for a desk and chair for Mr. Barker and chairs for his general office at the East Boston Court, also for furniture for Mr. Flaherty, clerk of the South Boston Court. Order No. 411 in the amount of \$270.70 was written to S. N. Levin Company for above.

Order No. 304 to S. M. Levin Company consists of furniture for the assessors' office ordered by Mr. Allen, a chair for Mr. Gartland and eight chairs for stock purposes in the amount of \$459.46.

Order No. 409 to S. M. Levin Company for furniture for the Building Department, included three steel files, three posture chairs, also six posture chairs for the Assessing Department; included in this order was four steel posture chairs for delivery to the Public Buildings store-room. This order amounted to \$516.09.

The aggregate amount of these three orders amount to \$1,246.25, and in Mr. Fox's opinion should be grouped.

In view of the above, I respectfully ask permission to award to the S. M. Levin Company the above-mentioned three orders in the amount of \$1,246.25, without advertising. In my opinion nothing can be gained by advertising and the best interests of the city are protected and delivery is assured by this method of awarding.

Yours truly,

JAMES E. SULLIVAN,
Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, August 9, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to the award of a contract, without publicly advertising for bids, to the Ward General Contracting Company, 157 Hampden street, Roxbury,

for patching approximately 1,132 square yards of macadam pavement in Phillips, Garden and Anderson streets, City Proper.

This area is adjacent to openings which have been made by Public Service Corporations in these streets and in which the Ward General Contracting Company is about to make permanent repairs to the corporation openings.

The agreed price of \$3 per square yard is fair and reasonable and I am of the opinion, under the circumstances, that no better price would be obtained under a publicly advertised bid. Because of the condition of the above-mentioned streets the work is necessary and the streets can be salvaged by having the Ward General Contracting Company perform the work in conjunction with their pavement work for the Public Service Corporations.

The authority requested is for the patching of approximately 1,132 square yards at \$3 per square yard, at an estimated cost of \$3,396.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

REGISTRY OF DEEDS, SUFFOLK COUNTY.

BOSTON, June 8, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—In accordance with the provisions of chapter 156 of the Acts of 1939, I hereby respectfully request from your Honor written authority to dispense with advertising for proposals for the furnishing of supplies for the Suffolk Registry of Deeds, particularly with respect to Item C-9 of the budget, for the following reason:

Item C-9 includes the purchase of typewriters. In our 1946 budget we requested an appropriation to cover the cost of thirty new machines. This amount was approved by the Budget Department and allowed by your Honor. The contract for same is being held up by the Corporation Counsel until I receive specific approval from your Honor.

Respectfully yours,

WM. T. A. FITZGERALD, Register.

SUFFOLK COUNTY COURT HOUSE.

BOSTON, August 12, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—For several years the Court House Commission has been investigating the problem of leaks in the metal window frames of the new Court House. In a northeast storm leaks appear in several court rooms and offices, causing damage to, and deterioration of, the building, and finally the Commission, after conferences with the architects, Desmond & Lord, the builders and various engineers interested in the problem, has concluded that the main cause is in the faulty installation of the spandrels; i. e., the false windows between floors.

Mr. A. B. Maddison of the A. B. Maddison Company, Inc., and Mr. Allan Bruen of the Beacon Plate Glass and Window Company, have cooperated in solving this problem and have successfully made the necessary repairs to the section on the northeast side on the fourteenth and fifteenth parapet floors.

These two concerns, together with Daniel Marr & Sons Company, Inc., as the general contractor, have submitted a proposal of \$11,000 to make the necessary

repairs on the northeast side from the fourteenth to the second floor, furnishing all labor, materials and equipment. The estimate is based on straight time, working hours, with insurance coverage for Workmen's Compensation and Public Liability, and also on the current wage rates with no provision for increase.

For the reasons above stated the Commission feels that the above-named contractors, having the know how, are the best qualified to make the necessary repairs, and respectfully requests your permission to award the contract to Daniel Marr & Son Company, Inc., as general contractor, without advertising.

Very truly yours,

COURT HOUSE COMMISSION,
by ARNO I. DREW,
Chairman.

AMENDMENTS TO TRANSFERS AND REALLOCATION OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the several heads of departments indicated for permission to amend, reallocate or transfer appropriations as follows:

FIRE DEPARTMENT.

BOSTON, August 7, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Under the General Equipment Loan of \$1,500,000, authorized by the City Council, \$500,000 was allocated to the Fire Department for the purchase of new fire apparatus and motor vehicles.

In order to execute contracts now pending for bids received for new equipment, an additional \$16,000 will be required to offset increased manufacturing costs.

I urgently request that your Honor allocate a further amount of \$16,000 to the Fire Department from the General Equipment Loan for the purchase of this much needed equipment.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

LICENSING BOARD.

BOSTON, August 13, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—For the reasons as below explained, will you kindly approve the following request for transfer within the appropriations of the Licensing Board:

From B-4, Transportation, \$250; B-35, Fees, etc., \$100; B-39, General Repairs, \$50; C-10, Library, \$100; D-1, Office, \$100, to A-1, Permanent Employees, \$600.

To take care of raises of \$100 each, granted to twelve clerks and stenographers, as of July 1, 1946.

This transfer is possible because we did not, this particular year, need the amount of money estimated for the current year.

B-4 Transportation: We are able to transfer \$250 because of there not being many investigations by the commissioners themselves this year. This amount, however, will be required another year.

B-35, Fees, etc.: On question of fees for witnesses, etc., we have been as economical as we possibly could be in this matter, summoning only those witnesses who were absolutely necessary to the case.

B-39, General Repairs: Have had little to do in regard to general repairs.

C-10, Library: By our feeling that we did not need anything further to add to our library.

D 1, Office: We feel we can meet this through this source.

Respectfully yours,

MARY E. DRISCOLL, *Chairman.*

OVERSEERS OF PUBLIC WELFARE.

BOSTON, August 8, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfer in the Temporary Home Appropriation of this department:

From B-6, Hire of Teams, etc., \$1, to B-22, Medical, \$1.

To provide for the payment of a physician's bill.

WILLIAM G. O'HARE, *Secretary.*

PARK DEPARTMENT.

BOSTON, August 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request permission to alter our budget by making the following transfer:

From C-13, Tools, \$100; C-17, Equipment, \$100, to C-9, Office, \$200.

This transfer is requested in order that we may replace a Burroughs adding machine in this department. The machine is over forty years old. This machine is continually breaking down. The Burroughs Adding Machine Company has given us an estimate for repairing it in the amount of \$108, with no guarantee as to how long the repairs will hold.

We can buy a new adding machine of the latest type, with allowance of the city's discount and the old machine, for approximately \$220.

As we are in need of the adding machine it would seem more advantageous to buy a new one rather than to have the present one repaired.

Respectfully yours,

WILLIAM P. LONG, *Chairman*

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

Rossano Construction Company has been granted an extension of time until August 16, 1946, for the completion of the contract for repairs to the Refectory Building, Franklin Park.

J. A. Singarella Company has been granted an extension of time until September 15, 1946, for the completion of the contract for construction of women's solarium and new fence at L Street Bath House, South Boston, because of inability to obtain the necessary material.

PUBLIC WORKS DEPARTMENT.

Kenworthy & Taylor, Inc., have been granted an extension of time for completion of the contract, dated December 31, 1945, from July 30, 1946, to August 30, 1946, on contract for electrical work at Calf Pasture Pumping Station, because of inability to obtain material.

R. Zoppo has been granted an extension of time for completion of the contract, dated May 22, 1946, from June 30, 1946, to September 1, 1946, on contract for cleaning deposit sewers at Calf Pasture Pumping Station, because of inability to obtain material.

TO OMIT WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Dooley Brothers, Inc., have been directed to omit the following work under the contract for laying sheet asphalt pavement in Hubbard street and bituminous concrete pavement in Whitcomb avenue, dated December 5, 1945. Items ordered: Omit the laying of bituminous concrete pavement in Whitcomb avenue, from the west side of Lila road to Arborview road. This part of Whitcomb avenue is approximately 1,700 feet in length and covers an area of approximately 6,000 square yards. The original contract provided for the laying of bituminous concrete pavement on the existing base. The existing base in this portion of Whitcomb avenue was found unsuitable; there is no item in the contract for removing the unsuitable base. Estimated cost of omitted work, nothing.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Dooley Brothers, Inc., have been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Hubbard street and for bituminous concrete pavement in Whitcomb avenue, dated December 5, 1945. Items ordered: Furnish and place approximately 1,157 tons of bank gravel in Whitcomb avenue, between Centre street and Lila road, to replace unsuitable material excavated from the base and sub-base. Price to be paid, for each ton of gravel furnished and placed, the sum of \$2. Estimated cost of extra work, \$2,314.

FIRE DEPARTMENT ORDERS.

General Order No. 51.

I. RETURN TO DUTY FROM ARMED FORCES.

The following-named member who has been serving in the armed forces of the United States will return to duty in the department at 8 a. m., Wednesday, August 28, 1946:

M. O. P. William P. Albanese to Engine Company 43.

II. TRANSFERS.

The following transfers, effective at 8 a. m., Wednesday, August 28, 1946, are hereby announced:

M. O. P. William P. Albanese, from Engine 43 to Engine 1.

Ladderman Francis L. Danze, from Ladder 2 to Engine 15.

III. CORRECTION IN RETIREMENT DATE.

The effective retirement date of the following-named, which appeared in General Orders No. 48, c. s., as 8 a. m., August 7, 1946, should be changed to read "8 a. m., Wednesday, July 31, 1946."

Apparatus operator Frank A. Hoar, Engine Company 48.

Hoseman John J. Graney, Engine Company 15.

Hoseman William F. Walsh, Engine Company 46.

Ladderman Carl E. Johnson, Ladder Company 18.

IV. ADDITIONAL RESPONSE.

Effective at 8 a. m., Wednesday, August 28, 1946, Ladder Company 4 will respond to Box 13-2275, Academy of

Notre Dame, 2893 Washington street, on the first alarm, in addition to the response already stated.

Company commanders shall place a star alongside of 13-2275 in the assignment box.

Effective at 8 a. m., Wednesday, August 28, 1946, Ladder Company 26 will respond to Box 12-525, St. Joseph's Academy, Cambridge street, and to Box 13-525, St. Joseph's Academy, Cambridge street, old building, on the first alarm, in addition to the response already stated.

Company commanders shall place a star alongside of 12-525 and 13-525 and alongside of Ladder Company 26 in the assignment box.

V. INSTALLATION OF NEW FIRE ALARM BOXES.

The following fire alarm boxes will be established in the near future in the area now used for veterans' housing which was formerly Camp McKay:

12-3228, Columbia Village, A and E streets.

13-3228, Columbia Village, B street.

14-3228, Columbia Village, C and E streets.

These boxes should be added to Assignment Card No. 3228. Box 12-3228 will be connected in Circuit No. 49, and Boxes 13-3228 and 14-3228 will be connected in Circuit No. 86.

VI. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the A. D. T. Company in this department:

Signal 595, Gilchrist Company. (Sprinkler.) 27 Burlington avenue—27 Overland street, Boston. Apparatus to respond: Engine Company 37, Ladder Company 26, District Chief 8. Nearest box is 2346.

Signal 693, United Realty, Inc., of Boston. (Sprinkler.) 147-151 Forsyth street and rear, formerly Buildings N and O, Boston, Mass. Apparatus to respond: Engine 37, Ladder 26, District Chief 8. Nearest box is 12-2334.

VII. COMMENDATION.

Hoseman Edward F. Cullinane of Rescue Company 2 is hereby commended for responding to house at 4 Ellis street, Roxbury, August 21, 1946, while off duty, and assisting Rescue Company 2 in the matter of checking a refrigerator leak.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 730.

The following-named officer having requested retirement under the provisions of Statutes 1892, chapter 353, as amended, for the reason that he is incapacitated; it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Thursday, August 22, 1946, at 7.45 o'clock a. m.:

Patrolman John J. Lordan, Division 2, 41 years of service.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 731.

The following-named officer having requested retirement under the provisions of Statutes 1892, chapter 353, as amended, for the reason that he is incapacitated; it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Friday, August 23, 1946, at 7.45 o'clock a. m.:

Patrolman Michael F. O'Brien, Division 2, 26 years of service.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted June 13, 1946, and were effective July 1, 1946, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days, from August 30, 1946:

Section 9 (Angle Parking) is amended by adding the following:

Saratoga Street, East Boston.

Northeast side, from Bennington street to Ford street.

The following new section is added:

Section 9A. Angle Parking in Left Side of One-Way Streets.

Subject to the provisions of sections 7, 8, 10, 11, 12, 16 and 18, vehicles may be placed at an angle to the curb or edge of roadway, with left front wheel to the curb or edge of roadway, in the following streets or parts of streets:

Maverick Square, East Boston.

Northwest roadway, northwest side, from Winthrop street to a point fifteen (15) feet southwest of the building line of Maverick street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted June 6, 1946, and were effective June 20, 1946, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days, from August 18, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Southamptton Street, South Boston.

North side, from a point one hundred and eighty-seven (187) feet east of New York, New Haven & Hartford Railroad Bridge to a point two hundred and ninety (290) feet east of New York, New Haven & Hartford Railroad Bridge, twenty-four hours.

South side, from a point eighty-four (84) feet east of New York, New Haven & Hartford Railroad Bridge to a point one hundred and ninety-six (196) feet east of New York, New Haven & Hartford Railroad Bridge, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amend-

ments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted May 23, 1946, and were effective June 18, 1946, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days, from August 16, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Adams Street, Dorchester:

East side, from Minot street to Henderson road, twenty-four hours.

State Street, Boston Proper.

Both sides, from McKinley square to Atlantic avenue, adjacent to the curb, 7 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted June 13, 1946, and were effective June 13, 1946, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days, from August 11, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

Atlantic Avenue, Boston Proper.

West side, from Richmond street to Clinton street, twenty-four hours.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Atlantic Avenue, Boston Proper.

East side, from Commercial street to a point one hundred (100) feet northeast of Summer street, 8 a. m. to 10 a. m.

West side, from Commercial street to Summer street, 4 p. m. to 6 p. m.

Commercial Street, Boston Proper.

Northeast side, from Jackson avenue to a point one hundred and forty (140) feet northwest of Hanover street, 8 a. m. to 10 a. m.

Northeast side, from Hanover street to Atlantic avenue, 8 a. m. to 10 a. m.

Southwest side, from Jackson avenue to Atlantic avenue, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing in Day square, estimated to be one (1) month, the following rules are effective August 26, 1946:

Vehicles are excluded from the following street:

Day Square, East Boston.

The following streets are one way in the direction indicated:

Bremen Street, East Boston.

From Putnam street to Neptune road.

Putnam Street, East Boston.

From Saratoga street to Bremen street.

Parking of vehicles is prohibited in the following street:

Putnam Street, East Boston.

Both sides, from Saratoga street to Bremen street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be three (3) weeks, vehicles are excluded from the following street, effective August 21, 1946:

Brook Farm Road, West Roxbury.

From La Grange street to Baker street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted April 25, 1946, and was effective May 1, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days, from June 30, 1946, is hereby extended for a further trial period of sixty (60) days, from August 28, 1946:

Section 24, Part 1 (One-Way Streets), is amended by striking out the following:

Harvard Street, Charlestown.

From City square to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted March 28, 1946, and were effective April 22, 1946, for a trial period of sixty (60) days, and which were extended for a further trial period of sixty (60) days, from June 21, 1946, are hereby extended for a further trial period of sixty (60) days, from August 19, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

Friend Street, Boston Proper.

Southwest side, from Traverse street to Washington street, 7 a. m. to 6 p. m.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Bristol Street, Boston Proper.

Southwest side, from Harrison avenue to Albany street, twenty-four hours.

Friend Street, Boston Proper.

Southwest side, from Causeway street to Washington street, 7 a. m. to 6 p. m.

Both sides, from Hanover street to Union street, 7 a. m. to 6 p. m.

Hanover Street, Boston Proper.

South side, from Cross street to Union street, 7 a. m. to 6 p. m.

South side, from Washington street to Scollay square, 7 a. m. to 6 p. m.

Section 15 (Commercial Vehicles May Back to Curb or Edge of Roadway Except in Specified Places) is amended by striking out the following:

Beverly Street, Boston Proper.

Northeast side, from Warren Bridge to Causeway street, 4 p. m. to 6 p. m.

Both sides, from Causeway street to Washington Street North, 4 p. m. to 6 p. m.

Section 15 (Commercial Vehicles May Back to Curb or Edge of Roadway Except in Specified Places) is amended by adding the following:

Beverly Street, Boston Proper.

Northeast side, from Warren Bridge to Causeway street, 8 a. m. to 10 a. m. and 4 p. m. to 6 p. m.

Both sides, from Causeway street to Washington Street North, 8 a. m. to 10 a. m. and 4 p. m. to 6 p. m.

Section 35 (Left Turns Prohibited) is amended by adding the following:

St. Stephen Street, Roxbury.

Into Gainsborough street, southeasterly.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

COMMISSARY STEWARD AND INSTRUCTOR,
BOSTON INSTITUTIONS DEPARTMENT,
SEPTEMBER 21, 1946.

Last date for filing applications, Tuesday, September 3, 1946, at 5 p. m.

Salary: \$2,200 a year with full maintenance (room and meals), plus a temporary increase as authorized by the City of Boston.

Vacancies: At present there is one vacancy at Long Island Hospital for a male to be filled on a permanent basis.

Duties: To supervise the butcher shop, main kitchen, bakery, dining rooms, and serving rooms, and to organize and coordinate the work of these units; to be thoroughly familiar with the duties of subordinates and to be capable of performing any or all of their duties; to prepare menus; to prepare foods; to estimate purchases of supplies; to control waste and refuse; to instruct cooks, bakers, and chefs in new recipes; to be responsible for the receipt, delivery, handling, storage, and issue of all raw foodstuffs; to keep provision lists accounting for all raw foodstuffs received and issued each day; to prepare weekly menus, estimating quantities and cost of provisions, with responsibility for the holding of per capita cost within budgetary allowances; to supervise the cleaning of dietary premises (kitchen, bakery, butcher shop, dining rooms) and to see that the rules of sanitation are observed; to supervise lubrication, cleaning, and maintenance of equipment, both electrical and mechanical; and to perform related work as required.

The position requires a knowledge of the use and care of equipment, both electrical and mechanical, some knowledge of rules of sanitation, including personal hygiene, a knowledge of classes and groups into which foods are divided and their function in the diet, familiarity with current prices and nominal seasonal fluctuation in prices of various foodstuffs, an adequate knowledge of a large number of recipes and how to apply them in preparing food for large groups, some knowledge of causes of food poisoning and preventive measures, and more than average knowledge of organizing and planning work of cooks, bakers, butchers, and in the training of such personnel. A knowledge of typewriting and the operation of calculating machines is desirable.

Entrance Requirements: Applicants who have not reached their twenty-fifth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application. Applicants must have at least five years' experience as a cook or baker, preferably with some butchering experience. *Substitution*: Completion of a course for commissary steward in a military service school or equivalent training in other recognized schools may be substituted for one year of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

JUNIOR CLERK, JUNIOR CLERK AND
TYPIST, OCTOBER 19, 1946.

(For state and cities and towns outside of Boston and Vicinity.)

JUNIOR CLERK, JUNIOR CLERK AND
TYPIST, NOVEMBER 2, 1946.

(For state, Boston, and cities and towns in the vicinity of Boston.)

The last date for filing applications for both of the above examinations will be Monday, September 30, 1946, at 5 p. m.

Open to males and females.

On October 19, 1946, the examination will be held in various centrally located cities. On November 2, 1946, the examinations will be held in Boston and persons who reside within commuting distance will be notified for examination on this day. All persons must appear for examination at the place and time designated in the notices mailed to each applicant by the Division of Civil Service.

Persons qualifying in the examination may have their names placed on the State list, as well as on the list for the city or town in which they have domicile.

Salary: For the State service, the entrance salary is \$1,380 a year; the maximum salary is \$1,740 a year.

In the cities and towns, the salary varies.

Vacancies: From time to time.

Duties: Under immediate supervision, to perform routine office work of ordinary difficulty and responsibility calling for care and accuracy in detail and for individual judgment in the application of a standardized routine and compliance with definite instructions or regulations; or to operate a typewriter in connection with such duties; and to perform related work as required.

Entrance Requirement: Applicants who have not reached their sixteenth birthday on the date of examination will not be eligible.

Subjects and Weights: Training and experience, 1; clerical tests (including spelling, arithmetic, following written directions, filing, and word knowledge), 4; total, 5.

In addition, applicants for Junior Clerk and Typist will be required to certify that they can operate a typewriter at the rate of at least 35 words a minute and that they have had at least one month's actual experience as a typist, for which they have received compensation.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

A NEW POSITIVE WATER-METER TESTER.

The large majority of waterworks, particularly the smaller ones, seldom have accurate or positive means of testing their meters. Often when a meter is repaired, the man making the repairs simply blows through the meter to see if it runs, when it is again put into service with the assumption that it is accurate. Sometimes meters are hooked up in series with a new meter and water is run through to see if the readings check. This is better than the lung-power method, but still is far from accurate or dependable, in that the test meter may be in error by 2 per cent or even more. Several states have regulations governing water utilities, both municipal and private, and require a positive method of testing water meters in every meter shop.—*American City Magazine.*

MILK PLANT INSPECTION SERVICES IN BOSTON FOR THE YEAR 1942.

Total number of services, 170,516; dairies inspected, 126; inspections of country creameries, 1,054; bacteriological examinations at country creameries, 8,931; milk cans inspected, 108,371; milk cans condemned, 6,443; milk temperature tests, 47,804; inspections of licensed dealers, 2,563; inspections of establishments for pasteurization of milk, 1,414; inspections of ice cream plants, 98; investigation of high counts, 149; laboratory inspections, 6; abatement notices served on licensed dealers, 719; dairies excluded because of poor quality milk, 945; dairies readmitted after compliance with requirements, 822.

SEA-GOING DRY DOCKS.

Bigger than a battleship! That's the rough proportion of some of the new Navy floating dry docks which can be towed or self-propelled at speeds sufficient to follow our fleet into action. Indeed, the dry docks are large enough to handle even a mighty battleship when it needs repairs or overhauling.

Never before have floating dry docks been built so large, taken so far. Never before have docks of this character been so mobile. The Navy has spent upward of \$300,000,000 on their floating dry dock program and it has been a shrewd investment. Now, instead of damaged warships traveling the thousands of miles from the theaters of action to an American coastal dry dock for repairs, it can be placed in a floating dry dock on the spot in a matter of hours, thus saving precious time.

STATE-COLLECTED TAXES SHARED BY CITIES AND TOWNS.

Approximately \$5,000,000 are distributed each year among all cities and towns as reimbursement of a portion of the amounts expended locally for salaries of teachers in the public schools. This one distribution constitutes about 80 per cent of all fiscal aid paid by the Commonwealth to cities and towns to assist in financing public schools. As the amount paid to each city and town depends upon the number and educational preparation of teachers employed, it favors well-to-do towns which can afford to hire more and better qualified teachers, and penalizes towns which by reason of less favorable circumstances operate their schools with fewer teachers. The original objective of this distribution was to raise standards of teacher preparation and to encourage local governments to pay certain established minimum salaries. As a means toward these objectives this distribution has outlived its usefulness.

BOND SALES.

Labor, farm, school and women's groups were responsible for 1943's greatest sale of E Bonds.

Using the person to person approach, Payroll Savings added two million workers—bringing its ranks to 26.4 million. Payroll Savings allotments jumped from 355 millions in December, 1942, to 445 millions in October, 1943. Thousands of labor-management War Bond committees were organized.

Farm committees worked intensively through personal solicitation and farmers' organizations to convert a large share of the largest farm income in history into War Bonds.

In the schools, the nation's youngest group of Bond buyers is rapidly enlisting every pupil in America.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

SHIPBUILDING IN 1943.

In 1943 the privately operated shipyards of America came up with another miracle, shattering all world records, producing merchant shipping of approximately 19,000,000 deadweight tons, a volume equal to one fifth of total world shipping at the outbreak of the war and about two and a half times the tonnage built in 1942. Private shipyards also built about 90 per cent of all of the new U. S. Navy ships built during the year. If the man-hours utilized in building naval ships could be translated into merchant ships, the combined volume would be in excess of 40,000,000 deadweight tons. Privately operated ship repair yards repaired and made seaworthy about 23,000 ships in all classes during the year. Total employment generated by the industry is approximately 3,000,000. Private yard and Navy yard 1943 pay rolls, at the prevailing wage rates, are more than \$4,300,000,000 paid to labor and shared by almost every state.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town policy, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

1943 GREAT LAKES COAL AND GRAIN TRAFFIC.

For the 1943 season of navigation, through December 4, coal forwarded to Great Lakes docks from American ports on Lake Erie totaled 45,518,603 tons, according to a report by Solid Fuel Administrator Ickes. This was 1,858,604 tons less than in 1942, the report said. Lake navigation began a month later than it did in 1942 and strikes in the coal producing areas in May and June and in October and November temporarily reduced the flow of coal toward the Lake Erie ports. Coal received at American docks on Lake Superior, according to the report, totaled 11,111,625 tons in the 1943 season of navigation, 15 per cent above the 9,828,000 tons received there in 1942. The 1943 total, it said, exceeded the season's quota by more than 300,000 tons.

War Food Administration officials expressed the opinion that final figures would show a total of 190,000,000 bushels of grain moved via the Great Lakes to northeast ports for domestic consumption in 1943. This was greatly in excess of the 135,000,000 bushels set as the year's quota. The War Shipping Administration said that the larger quota had been set in view of added facilities to be available in 1944. These included thirteen vessels returned to the Great Lakes from ocean service by the W. S. A. and the completion by November 30, 1943, of sixteen new ore carriers for the Maritime Commission, all of which would be available for Great Lakes transportation in 1944.

PROCEEDINGS OF CITY COUNCIL.

Monday, August 19, 1946.

Special meeting of the City Council held in the Council Chamber, City Hall, at 1 p. m., President KELLY presiding. Absent, Coun. Madden.

The meeting was opened with the salute to the Flag.

The clerk read the call to the meeting, viz.:

City of Boston,
Office of the Mayor, August 13, 1946.
To the City Council.

Gentlemen,—You are hereby respectfully requested to assemble in the City Council Chamber on Monday, August 19, 1946, at 1 o'clock p. m., for the purpose of taking action on a loan order for off-street parking facilities, and to take action on such other business now pending before your Body, and on such other business as may come before your Body.

Respectfully,
JAMES M. CURLEY, Mayor.

President KELLY—The Chair would like to make an announcement. We have invited certain people here to the Executive Session this afternoon. If there is no objection the Chair will recess at 2 o'clock so that we can go into Executive Session.

Coun. KINSELLA—In connection with the five million dollar loan?

President KELLY—That is right, councilor.

Coun. KINSELLA—Would the Chair inform the Council who has been invited?

President KELLY—Yes, I will. Mr. Michael Kelleher of the Greater Boston Development Committee; Daniel Bloomfield, secretary of the Retail Trade Board; John J. Delmonte of the Central Labor Union; Mr. Donald Stanbro of the Hotel Statler; Mr. Stanley Parker of the City Planning Board; Mr. Jack Hurwitz, President of the C.I.O.; Francis S. Carmichael, New England Director of the C.I.O.; Edward Mullen of the Boston Finance Commission; and Robert M. Morgan of the Boston Real Estate Board.

Coun. KINSELLA—Mr. President, I would like to make a motion at this time if I may. I would like to have you invite the Traffic Commissioner, the Police Commissioner, the Real Estate Commissioner, and the operator of the India Street Open Air Garage, until we can get some information.

President KELLY—The assistant clerk of committees will notify these gentlemen.

Coun. COOK—Mr. President, I would like to add to the list of those invited somebody from the Assessing Department.

President KELLY—The chairman of the Board of Assessors. The clerk will so notify the gentlemen to be here as near as possible at 2 o'clock.

Coun. COFFEY—Mr. President, I have four orders here. I think Councilor Bryan has one. I would like to get the orders out. I will be but five minutes on them. I would like to get them out of the way before the recess.

President KELLY—There is other business before the Body, councilor.

Coun. SULLIVAN—Mr. President, who invited these people to attend the executive council meeting today?

President KELLY—His Honor the Mayor.

Coun. RUSSO—Mr. President, I would like to know if there is anyone being invited who represents some of the various garages of the City of Boston.

President KELLY—Well, officially we have only one, the gentleman from the India Street Garage, the operator of the garage.

Coun. RUSSO—Haven't they got an organization? I believe they have, a garage association.

President KELLY—Make that a motion to invite them.

Coun. RUSSO—Yes, I will.

President KELLY—What is the name of the organization?

Coun. RUSSO—I believe it is the Garage Association. I do not know the name exactly. I think there is an organization.

President KELLY—The clerk will add that name to the list.

Coun. RUSSO—I would like to have some such representative speak.

Coun. KEENAN—Mr. President, a point of information. Are we acting on a new order of his Honor the Mayor?

President KELLY—Nothing is before the Body as yet, councilor. It is coming in.

Coun. KEENAN—A new order?

President KELLY—A communication from his Honor the Mayor.

Coun. SULLIVAN—Mr. President, there is nothing before the Body. What is the sense of going into the Executive Session and listening to these people? We do not know what it is all about ourselves.

President KELLY—If you will just be patient, the clerk is about to read what will be before the Body.

Coun. SULLIVAN—Well, I believe, Mr. President, that this should be referred to a committee, so a committee could hold a public hearing so that everyone who is interested in this, either for it or against it, could attend. Apparently everyone today who is listed and who has been invited is just for it. I think that we should have

a public hearing on this and extend an invitation to everyone—not to just those who are favoring it but to those who are against it. We can hear their views on it.

President KELLY—That is up to the members of the Body when the communication is read, councilor.

Coun. CANTWELL—I would like to be recorded in favor of the plan, of the five million dollars.

President KELLY—If there is no objection, Councilor Cantwell will be recorded in the affirmative.

Coun. HANNON—Mr. President, I would like to make the same request.

President KELLY—If there is no objection, Councilor Hannon will be recorded in the affirmative.

Coun. BAYLEY—Mr. President, I would like to make the same request.

President KELLY—If there is no objection, Councilor Bayley will be recorded in the affirmative.

The Chair will make another announcement which was made earlier in the meeting when some of the councilors were not present, that as a matter of courtesy we will go into Executive Session at 2 o'clock for the gentlemen who are invited.

Coun. KINSELLA—Mr. President, I would like to raise a point of information. Is a motion now in order on the five million dollar parking loan?

President KELLY—That order has been referred to the Executive Committee.

Coun. KINSELLA—Mr. President, a further point of information. Is it possible to make a pertinent motion toward that order even though we have not gone into Executive Session?

President KELLY—Temporarily the order is in Executive Session. Of course you can reconsider that.

Coun. KINSELLA—I would like to make a motion, Mr. President, to take it from the Executive Session. I would like to speak on the motion.

President KELLY—Councilor Kinsella makes a motion that the action of referring the order to the Executive Session be reconsidered. Talking on the motion, Councilor Kinsella.

Coun. KINSELLA—Mr. President, the only purpose I have—

Coun. KEENAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KEENAN—A point of information. If we reconsider that, taking it from the Executive Session, does it automatically go back to the Executive Session?

President KELLY—It does not. It is before the open Body.

Coun. KINSELLA—On the motion, Mr. President, and very briefly, the Chair will recall that I offered an additional list of names and that Councilor Cook offered another one to be added to the list which the Chair read dealing with the people who are coming here to give us some information. It is clearly stated in the Mayor's message he could understand our reluctance to pass the original order a couple of weeks ago. Since we have expert advice in the form of the Mayor's opinion that our reluctance was understandable because we have insufficient evidence, if any information, my purpose in asking it to be taken from the Executive Session now is for the purpose of establishing a date on which a public hearing would be held. In view of the fact that the persons whose names were added today obviously will not have sufficient time to get up here, we are going to be deprived of expert opinion. I have asked the operator of the India Street Garage, the garage in that neighborhood, and the members of the Real Estate Commission, the Police Commissioner and the Traffic Commissioner among others be brought along with the gentlemen and organizations whose names appear in the communication the Chair read. We have been criticized in the public print for passing smaller amounts of money without proper scrutiny. We have been accused of becoming venal. I for one am sick of it. Five million dollars is a lot of money. We do not know where these places are going to be built. We do not know who is going to get the go-ahead signal for one or more of them. We do not know if they are going to be located, for instance, in busy places like parts of Dorchester, East Boston, Charlestown and South Boston, or whether there is going to be a concentration of cage garages within the limits of the city as defined by Dover street in one direction and probably the Cambridge line in the other direction. I do not know for certain that we are doing the right thing until we know what the experts can tell us. Now, at the risk of incurring the wrath of labor organizations, I do not know who invited them or why. How long is it since a matter of city business has to be submitted to the C. I. O. and A. F. of L. when they are no more traffic experts than we are? I can understand the Traffic Commission, the Planning Board, the Real Estate Board, and others of a similar nature. I cannot understand why we have to clutter up the picture with a lot of inconsequential opinion that is not as good as our own, poor as that is. I have said before, and I repeat now for the public record, that any twenty-two men holding these seats in the Boston City Council are the only ones who can make any mayor of the city a good mayor or a bad mayor. We do not count for much with most mayors. If we oppose their action, it is because we want material consideration. If we go ahead without proper scrutiny, we are inefficient and lax with respect to

the overseeing of public money. Now we have our choice. We may go ahead without knowledge or we may want to make no move until we get that knowledge. No one can criticize me on my stand today. My stand is predicated, in part, on the passage of the Mayor's message where he says that our reluctance can be understood because we had no information. I ask the support of the Body in bringing that back from the Executive and prescribing a public hearing to be held at a set date before the next regular sitting of the public Body.

President KELLY—The Chair might state, Councilor, that the Executive Committee can do anything it sees fit to do with the order. Do you press your motion?

Coun. KINSELLA—It may be that I have pressed this too much. I want to repeat that the purpose of this is to inform those gentlemen who have come here—and they will not all come here, you may be sure of it—that we have set a public date for a hearing on a certain day. Let them go their way and be prepared to come back at the time we sit, and everybody will be notified.

President KELLY—Couldn't that all be done in the Executive Session?

Coun. KINSELLA—It could be done here by the action of the Body, and some person can notify them to that effect. Otherwise, we will go in and spend hours in debate.

President KELLY—The Chair will make the statement, if the Executive Session so desires to have a public hearing, the Chair will notify everybody whom the members of the Council want notified for the public hearing. Is that satisfactory?

Coun. KINSELLA—This Body since it relinquished control cannot now, until we go into Executive Session, decide we will have a public hearing. Let us bring it back in here and set the date in here.

President KELLY—The gentleman presses the motion. Councilor Kinsella makes a motion of reconsideration of the action of sending the loan to the Executive Session.

Coun. KEENAN—Mr. President, I am wondering if the councilors have been given a copy of the Act of the Legislature.

President KELLY—Not as yet, councilor.

Coun. KEENAN—Do you know if there is any available that the councilors can see?

President KELLY—There will be one available in the Executive Session.

Coun. KEENAN—One for all the councilors?

President KELLY—Just one for the Body.

Coun. COOK—Mr. President, I agree in part with the councilor as to the necessity of informing the City Councilors about the details of this large matter. It is a very substantial one. It is in the interest of the whole city and the towns outside the city. However, since we have a special meeting and certain people who have never been invited, I do not see that the Council derogates from its authority, power, and desire to learn everything about this by going ahead with what we have now and then determining also upon a public hearing. It seems that time is of the essence. If we can get some information today, maybe we can be better prepared for the public hearing. I think it should stay in the Executive Committee, and, after we hear the gentlemen who are here, we can decide on what we should do in the future, the very near future.

President KELLY—The question is on the motion.

The question came on the motion of Coun. Kinsella to take the matter from the Executive Session. It was not a vote. Coun. KINSELLA doubted the vote and, enough councilors having joined him, the clerk called the roll. The motion was lost, yeas 4, nays 15:

Yeas—Coun. Kinsella, Linehan, Scannell and Sullivan.

Nays—Coun. Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Fish, Keenan, Kelly, Lane, McCormack, Moriarty, Muchnick and Russo.

Reconsideration did not prevail.

NOTICE OF INCREASED ASSESSMENT.

The following was received:

City of Boston,
Office of the Mayor, August 17, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Assessing Department, in reply to your order of July 22, 1946, to notify any owner of residential property when and if the assessment on said property is to be raised and the reason therefor.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Assessing Department, August 14, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Peter J. Allen, Chairman, Board of Assessors.

This report is forwarded in accordance with your request of July 31, based upon an order of the City Council passed July 22, 1946.

Under the Massachusetts Statutes, chapter 59, section 38, the Board of Assessors is required annually to place a fair cash value on each parcel

of real estate situated in Boston. The reason, therefore, for any increase or decrease in an assessed valuation as compared with the valuation of the preceding year lies in this mandatory provision of the statute. This is the sole reason for any change in assessed valuation other than in those situations in which a physical change has occurred in the real estate since the preceding year.

The second feature of the Council's order whereby notifications of any change in assessments should be sent to the owner of residential property seems to this Board unnecessary at the moment. Under the present statute the City Collector is required to send notices of assessment to each owner of real estate within the confines of the city.

In view of this provision it would seem that compliance with the Council's request would add nothing at all to the service already rendered by the city to the taxpayer.

Very truly yours,
PETER J. ALLEN, Chairman.

Placed on file.

SHOWER AT SOUTH BOSTON HEALTH UNIT.

The following was received:

City of Boston,
Office of the Mayor, August 17, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Health Commissioner, in reply to your order of July 22, 1946, to instruct the proper authorities to place in operation on all hot days the shower at the South Boston Health Unit so that the children of the district might be given some relief from the heat on these days.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Health Department, August 9, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—In accordance with communication received from your office under date of July 31, 1946, pertaining to placing in operation on hot days the shower at the South Boston Health Unit, please be advised that this matter has been taken up with Dr. Charles F. Wilinsky, Deputy Commissioner, Division of Child Hygiene and Health Units, who reports that the shower in the South Boston Health Unit has been in operation for the last three weeks. I have requested that a report be submitted to me in any instance when the shower is not in proper operation.

Yours respectfully,
JOHN H. CAULEY, M. D.,
Health Commissioner.

Placed on file.

TREES ON DWINELL STREET.

The following was received:

City of Boston,
Office of the Mayor, August 17, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, in reply to your order of July 22, 1946, to plant trees along the sidewalks on both sides of Dwinell street, Ward 20, which are now under construction.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, August 6, 1946.

J. Joseph Connors,
Chief Clerk, Mayor's Office.
Dear Sir,—I have your memorandum of July 31, with enclosure, order from the City Council that sidewalk trees be planted on Dwinell street when street is completed.

I regret to inform you that trees cannot be planted successfully until sometime in the latter part of October or November. A careful investigation will be made of the property at that time.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

GOLF COURSE FEE.

The following was received:

City of Boston,
Office of the Mayor, August 17, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, in reply to your order of July 22, 1946, to consider the advisability of establishing a standard fee of \$25 permitting members to play either of the municipal golf courses, Franklin Park or George Wright, enjoying locker privileges, however, at but one or the other.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, August 6, 1946.

J. Joseph Connors,
Chief Clerk, Mayor's Office.
Dear Sir,—I have your memorandum of July 31, with enclosure, letter from the City Councilors Moriarty, Muchnick and Cantwell, requesting the

Park Department to consider the advisability of establishing a standard fee of \$25, permitting the members to play either of the municipal golf courses, Franklin Park or George Wright.

Please be assured every consideration will be given this request and a careful investigation will be made and the councilors informed of the decision of this Board at a later date.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

CORPORAL DONOVAN TENNIS COURTS.

The following was received:

City of Boston,
Office of the Mayor, August 17, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, in reply to your order of August 5, 1946, to designate the tennis courts on Grampian way, Dorchester, as the "Corporal Joseph A. Donovan Tennis Courts" in memory of the veteran resident of that district who was a member and champion tennis player in the club and who made the supreme sacrifice in World War II.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, August 13, 1946.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of August 8, with enclosure, order from the City Council requesting that the tennis courts on Grampian way, Dorchester, be named the "Corporal Joseph A. Donovan Tennis Courts" in memory of the veteran resident of that district who was a member and champion tennis player in the club and who made the supreme sacrifice in World War II.

I see no objection to naming these courts for Corporal Donovan and I will be pleased to do so if his Honor the Mayor agrees to same.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

RESURFACING STREETS.

The following was received:

City of Boston,
Office of the Mayor, August 17, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of August 5, 1946, to resurface with smooth paving the following streets in Ward 18: Albano street, from Washington to Kittredge streets; Roscliff street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
August 10, 1946.

J. Joseph Connors,
Chief Clerk, Mayor's Office.
Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface with smooth paving the following streets in Ward 18: Albano street, from Washington to Kittredge streets; Roscliff street.

This will advise you that these streets will be placed on the list of streets to be given consideration for construction during the 1947 construction season.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

City of Boston,
Office of the Mayor, August 17, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of August 5, 1946, to resurface Columbus avenue in the Roxbury Crossing area in Ward 9 with a smooth asphalt pavement.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
August 9, 1946.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface Columbus avenue in the Roxbury Crossing area in Ward 9 with a smooth asphalt pavement, and this will advise you that this matter will be given consideration later on this season.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

City of Boston,
Office of the Mayor, August 17, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of August 5, 1946, to resurface

with smooth paving Milton street, Hyde Park, from Summit street to Prospect street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
August 9, 1946.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface with smooth paving Milton street, Hyde Park, from Summit to Prospect streets, and this will advise you that this portion of Milton street is a private way.

This street will have to be accepted by the Board of Street Commissioners, Room 401, City Hall Annex, Boston, before any construction can be started therein by this department.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works

Severally placed on file.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Member of the State-Boston Retirement System, established under sections 1-28 of chapter 32 of the General Laws (chapter 658, Acts of 1945), for the term of three years beginning October 1, 1946: Wilfred J. Doyle, 81 Wellington Hill street, Boston.

Referred to the Committee on Constables and Confirmations.

Constable to serve without bond and without authority to serve civil process for the term ending April 30, 1947: John T. O'Brien, 11 Estrella street, Jamaica Plain, Mass.

Referred to the Committee on Constables and Confirmations.

Referred to the Committee on Constables and Confirmations.

Constable to serve civil process upon filing of bond for the term ending April 30, 1947: Frank Pender McCormick, 883 Washington street, Dorchester; Wilfred Gerber, 9 Courtland road, Dorchester; James L. Blue, 40 Champney street, Brighton.

Referred to the Committee on Constables and Confirmations.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Edward Abramson, for compensation for damage to car by city car.

Napoleon R. Amelotte, to be reimbursed for accident which occurred while in performance of duty.

Reta Bonvie, for compensation for injuries caused by alleged defect on sidewalk at 41 Cedar street.

Minnie Brickman, for compensation for injuries caused by an alleged defect at Washington street.

Robert S. Burgoyne, for compensation for damage to motorcycle by truck of Fire Department.

Charles T. Donovan, to be reimbursed for accident which occurred while in performance of duty.

Faulkner Hospital, for compensation for damage to property caused by regrading of Whitcomb road.

Joseph and Ida A. Finn, for compensation for damage to property and personal injuries caused by hook and ladder trucks of Ladder Company No. 11 of Fire Department.

Mildred Godfrey, for compensation for injuries due to alleged defect in sidewalk at 19-23 Johnston road, Dorchester.

George W. Haslet, for compensation for damage to property at 47 Alarie street, West Roxbury, caused by stoppage of sewer.

Mrs. Mildred Hurley for mother, for compensation for personal injuries due to alleged defect at 21 Elder street.

Mrs. Nettie Luffy and Mrs. Pauline Herron, for compensation for damage to bowling alley at 2 Glenville terrace, Allston, caused by backing up of water.

Harriet Michelson, for compensation for personal injuries due to alleged defect on sidewalk at 275 Dartmouth street.

Charles Monkiewicz, for compensation for personal injuries due to alleged defect in sidewalk at 32 Frankfort street.

Mrs. Nora Murphy, for compensation for personal injuries due to alleged defect in Newbern street.

Edward Leo O'Neill, for compensation for damage to automobile caused by alleged defect in North avenue, West Roxbury.

Allen B. Rider, for compensation for damage to property at 1129 Centre street, caused by regrading of Whitcomb road.

Dorothy Ross, for compensation for personal injuries due to alleged defect in sidewalk in front of 114 Blackstone street.

Henry W. Rose, for rebate on water bills.

Samuel M. Sochin, for damages due to alleged defect in roadway at Day square, East Boston.

Washington Market (Herman I. Goldberg), for compensation for damage to property at 2772 Washington street, Roxbury, caused by broken water pipe.

S. S. "White Sands" owned by War Shipping Administration, claim for compensation for loss of linens due to collision with steamer "Michael J. Perkins."

STATE—BOSTON RETIREMENT SYSTEM.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1946.

To the City Council.

Gentlemen,—The attached request from the chairman of the Boston Retirement Board for the appropriation of \$10,000 for the purpose of doing the preliminary work of establishing the State—Boston Retirement System, recently accepted by the city, has my approval.

I am forwarding herewith an order transferring the said sum of \$10,000 from the Reserve Fund, and respectfully recommend consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$10,000, to the appropriation for Special Appropriation, State—Boston Retirement System, Expense Fund, \$10,000.

City of Boston,
Retirement Board, August 14, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—The present Retirement Board and its employees have assumed the responsibility of doing the preliminary work of establishing the State—Boston Retirement System recently accepted by the city. This work includes the preparation and printing of a pamphlet describing the system, the mailing of it to every employee of the City and County, the preparation and printing of new forms, and other necessary expenses. None of this expense is chargeable to the present Boston Retirement Department budget and there is no existing appropriation to meet it.

I respectfully request that \$10,000 be appropriated by your Honor and the City Council, for State—Boston Retirement System, Expense Fund, to be provided from any available funds.

This amount is estimated to be sufficient to cover the expenses up to the end of the present financial year, including anticipated retirements in the three months after October 1, 1946.

Respectfully,

W. J. DOYLE,
Chairman, Boston Retirement Board.

Referred to the Executive Committee.

NURSES' HOME.

The following was received:

City of Boston,
Office of the Mayor, August 13, 1946.

To the City Council.

Gentlemen,—I have been advised that the Bureau of Community Facilities of the Federal Works Agency is prepared to enter into an agreement with the city to advance the amount of twenty-five thousand dollars (\$25,000) for the purpose of preparing in advance plans covering the construction of a new nurses' home at the Boston City Hospital. As a condition precedent to the execution of this agreement by the city, authority must be granted by your Honorable Body and officially recorded on the records of the city. I submit herewith an order covering the necessary authority and respectfully recommend its adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That authority is hereby vested in the Mayor to execute on behalf of the city, an agreement with the Federal Works Agency, Bureau of Community Facilities, in connection with an advance of twenty-five thousand dollars (\$25,000) for the purpose of plan preparation for the construction of a new nurses' home at the Boston City Hospital.

Referred to the Executive Committee.

BOSTON COMMON WAR MEMORIAL.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1946.

To the City Council.

Gentlemen,—I am advised by the chairman of the Park Department that in order to properly

maintain the temporary War Memorial on Boston Common an additional appropriation of \$3,000 is required. This memorial was erected in commemoration of all the residents of the City of Boston who made the supreme sacrifice in World War II, and although temporary in nature, it should not be neglected due to lack of funds. Since the current appropriation is exhausted, I am submitting herewith an order for the additional appropriation of \$3,000, to be charged to the Contingent Fund, and respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, August 5, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I respectfully request that an order be drawn on the City Council in the amount of \$3,000, charged to the appropriation "Contingent Fund, Temporary War Memorial."

The Park Department has maintained the temporary war memorial on Boston Common. It was necessary that we have the board in proper condition for Memorial Day of this year. We made an addition to the present existing board and other necessary repairs and decorations.

In order to pay the bills incurred at this time and also the other necessary bills that will occur from time to time, we should have an appropriation of \$3,000. The order in the past for this memorial has been originated at the City Messenger's office, but as there are no funds available at this time it is vitally necessary that we have the money to maintain this memorial.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That an additional sum of three thousand dollars (\$3,000) be, and hereby is, appropriated, to be expended by the Park Department for the maintenance of the temporary memorial erected on Boston Common in commemoration of all residents of the City of Boston who have made the supreme sacrifice while in the service of their country during World War II, said sum to be charged to the Contingent Fund.

Referred to the Executive Committee.

SPECIAL APPROPRIATIONS, EASTERN AVENUE WHARF.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1946.
To the City Council.

Gentlemen,—The attached request from the Institutions Commissioner for the transfer of \$16,000 from the Special Appropriation, Long Island Hospital, Special Improvements and Repairs, to the Special Appropriation, Eastern Avenue Wharf Repairs, etc., for the repair of Eastern Avenue Wharf, and repair and renovation of the buildings and dredging around the dock, has my approval.

I respectfully recommend consideration and adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Special Appropriation, Long Island Hospital, Special Improvements and Repairs, \$16,000, to the appropriation for Special Appropriation, Eastern Avenue Wharf Repairs, etc., \$16,000.

City of Boston,
Institutions Department, August 5, 1946.
To Hon. James M. Curley, Mayor of Boston.
From G. Frank McDonald, Commissioner.
Subject: Transfer of Funds.

Your authority is respectfully requested to transfer \$16,000 from the Long Island Hospital, Special Improvements and Repairs, to an appropriation "Repair of Eastern Avenue Wharf," \$16,000. This reallocation is to provide for the repair of the wharf, to include the replacing of caps and stringers where needed, replanking, the building of a new drop, the buildings altered, and the dock dredged.

The wharf is in great need of repair as there is grave danger of passengers and trucks going through the wharf. The buildings are a disgrace. It is proposed to alterate them to provide suitable waiting rooms and office. The rusted tin is to be removed from the outside and brick siding to be applied. Toilets are to be installed, the heating to be changed from coal to oil, and the whole interior to be redecorated.

For the last few years at low tide the "O'Meara" and the "Perkins" could not approach the head of the dock owing to the filling in of the dock. It is proposed to do at least two days' dredging to prevent the boats from running into the mud, as they have been, and cause damage.

G. FRANK McDONALD,
Commissioner.

Referred to the Executive Committee.

APPROPRIATION FOR BOND ISSUE EXPENSE.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1946.
To the City Council.

Gentlemen,—I am in receipt of the attached request from the City Treasurer setting forth the necessity for an appropriation of \$2,962.13 to meet the expenses of the \$6,285,000 bond issue of August 1, 1946, not covered by the premium received, due to the low coupon bid.

I respectfully recommend passage of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Special Appropriation, Reserve Fund, \$2,962.13, to the appropriation for Special Appropriation, Treasury Department, Expenses of Bond Issues, \$2,962.13.

City of Boston,
Office of City Treasurer, August 16, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Under the date of August 1, 1946, this office issued \$6,285,000 City of Boston Coupon Serial 1½ per cent bonds of various purposes to a syndicate headed by Halsey, Stuart & Co., Inc., at par with a premium of \$1,250.72.

Section 20 of chapter 44 of the General Laws provides that any premium received on the sale of bonds may be used for the cost of preparing, issuing and marketing the same. For many years the premiums received on such issues have been more than sufficient to meet all necessary expenses and, because of this fact, no appropriation for this purpose was requested in the Treasury Department budget.

The low coupon rate bid by the syndicate to whom the award was made was responsible for the small premium received on this issue. Other bids carried substantially larger premiums, but the coupon rates ran to 1½ per cent. In accepting the bid of Halsey, Stuart & Co., Inc., the city obtained the lowest net interest cost over the life of the bonds.

The expenses of the issue, which includes printing and engraving 6,285 certificates, advertising, signing and delivering the bonds in New York City, amounted to \$4,212.85. Application of the premium of \$1,250.72 leaves a deficiency of \$2,962.13 to be provided for.

I therefore respectfully request the transfer from available sources to the Treasury Department budget item "Expenses of Bond Issues" the sum of \$2,962.13 to cover this deficiency.

Very truly yours,

HENRY F. BRENNAN,
City Treasurer.

Referred to the Executive Committee.

OFF-STREET PARKING FACILITIES.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1946.
To the City Council.

Gentlemen,—I herewith submit a loan order in the sum of five million dollars for off-street parking facilities in the City of Boston. The order, as submitted, is identical with the order submitted to your Honorable Body on July 1 of this year, and rejected on August 5.

The reluctance of your Body to give approval to the order previously submitted is understandable. For many years, and while the traffic problem in Boston steadily worsened, nothing of a constructive nature was accomplished, other than the making of more or less comprehensive studies. To expect your Body to give approval to this proposal without full knowledge on your part of what has transpired and what is proposed as a complete and adequate solution to the traffic problem is to minimize your responsibilities as city officials. However, it is painfully apparent that the traffic problem in Boston is dangerously acute. It threatens our economic progress. It is a grave handicap to every commercial enterprise in our city. It calls for immediate, remedial action for its solution.

For these reasons, I believe it expedient on the part of the city government to go forward under the terms of the legislation authorizing off-street parking facilities. Unless we do proceed under the present authorization, there will be a further delay of a year or more before any definite steps are taken to provide a free flow of traffic in our city.

It is my opinion that the time has passed for further discussion of the traffic problem. The time for action is now here. Under the provisions of the act authorizing the proposed loan sufficient safeguards are set up to insure the wise expenditure of the sum contemplated. The taking of land and the establishment of the facilities will be done by the Board of Real Estate Commissioners. On this Board, among others, are the chairman of the City Planning Board, and two gentlemen who are officials of the largest banks in the city, the First National Bank and the National Shawmut

Bank. The act provides that locations chosen by the Board of Real Estate Commissioners shall have the approval of the City Planning Board and the Traffic Commission. The purchase or taking of properties, under the act, must be submitted to the Finance Commission ten days in advance. I am satisfied that all of these officials are conversant with the traffic problem and can be relied upon to protect the rights of the city, and provide the essential facilities at the minimum of cost.

I recommend that your Honorable Body give approval to the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the provisions of chapter 474 of the Acts of 1946, the sum of five million dollars (\$5,000,000) be, and hereby is, appropriated to be expended under the direction of the Board of Real Estate Commissioners for Public Off-Street Parking Facilities in the City of Boston, and that the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Executive Committee.

PERMITS FOR CHILDREN.

A petition for minor children to appear at New England Mutual Hall, Monday through Saturday evenings, August 12-17, was received from the Boston Summer Theater.

Permit granted under usual conditions.

NOTICE OF APPOINTMENT.

Notice was received of the reappointment of Patrick E. Murray, 14 Chilton road, West Roxbury, to be an Overseer of Public Welfare, for the term ending April 30, 1949.

Placed on file.

NOTICE OF HEARINGS.

Notice was received from the Department of Public Works of hearing to be held August 13, 1946, in the matter of abolition of crossing at Bird street, Boston.

Notice was received from the Department of Public Utilities of hearing to be held September 4, 1946, on petition of Central Greyhound Lines, Inc., of New York for certificate of public convenience and necessity for operation of motor vehicles for the carriage of passengers for hire between the City of Boston and the town of Hancock.

Coun. RUSSO—Mr. President, a point of information. Will the clerk please state when the hearings were held or if they have been held already?

President KELLY—I will be glad to. The clerk will kindly read both orders.

(The clerk read the orders.)
Coun. RUSSO—I was wondering if there was one on August 13. The hearing has already been heard.

Severally placed on file.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. COOK, for the Committee on Ordinances, submitted the following:

Report on the message of the Mayor and order referred July 1, 1946, establishing fees in the Street Laying-Out Department for projecting awnings, etc.—recommending that same ought to pass.

Coun. RUSSO—Mr. President, I do not recall the order. May I have the City Clerk read the order?

(The City Clerk read the order.)

Report accepted and ordinance adopted.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. MORIARTY, for the Committee on Public Lands, submitted the following:

Report on the message of the Mayor on order referred July 1, 1946, for the sale of land and building to the Oliver Ames, Jr., Post 117, American Legion—recommending that same ought to pass.

The report was accepted and the question came on the passage of the order. The clerk called the roll. Whole number of ballots 16, yeas 16, and the order passed.

Assigned for fourteen days for final reading.

REPORT OF COMMITTEE ON PARKMAN FUND.

Coun. COFFEY, for the Committee on Parkman Fund, submitted the following:

Report on the message of the Mayor and order referred July 22, 1946, on an appropriation of \$33,000 from the Parkman Fund—recommending that the order ought to pass.

The report was accepted and the question came on the passage of the order. The clerk called the roll. Whole number of ballots, 16; yeas, 16, and the order passed.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

1. Report on the appointment of William P. Sullivan, 12 Bothwell road, Brighton, Mass. (referred August 5, 1946), to be constable to serve without bond and without authority to serve civil process for term ending April 30, 1947—recommending that appointment be confirmed.

2. Report on the appointments of Abraham Bornstein, 625 Warren street, Roxbury, Mass., and Thomas Marrow, 529 Massachusetts avenue, Boston, Mass. (referred August 5, 1946), to be constables to serve civil process upon filing of bond, for the term ending April 30, 1947—recommending that appointments be confirmed.

The report was accepted and the question came on the confirmation of the appointments.

Coun. RUSSO—Mr. President, I would like to inquire through you from the chairman of the Committee if these constables are replacements or new appointments.

Coun. BRYAN—I believe they are replacements for some who have resigned and others who have been transferred to other departments.

President KELLY—There is only one out of the three employed by the city. The others are filing bonds.

Coun. RUSSO—Do I understand that is a replacement and not an additional position?

Coun. BRYAN—That is right.

Coun. KINSELLA—Mr. President, a point of information. Did I understand the clerk to read that the appointments were approved or deferred?

President KELLY—The confirmation was recommended by the Committee.

Coun. KINSELLA—I heard the word deferred, Mr. President. I will ask the chairman what was the action of the Committee?

Coun. BRYAN—We agreed to accept. We had them in before us and we approved them.

The question came on confirmation. The Committee, Coun. Cook and Moriarty. Yeas 16, nays 1. And the appointments were confirmed.

FURTHER REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

1. On the appointments of Joseph B. Stewart, First National Stores, Inc., 5 Middlesex avenue, Somerville, Mass., and Alphonse S. Marchant, Walter Baker & Co., Inc., Dorchester, Mass. (referred August 5, 1946), to be Weighers of Goods for the term ending April 30, 1947—recommending that appointment be confirmed.

2. On the appointments of John Morley, Morley-Tracey Company, 149 Freeport street, Dorchester, Mass.; Mr. Reed Freeman, 9 Reservoir street, Hyde Park, Mass. (William H. Harlow & Sons); Ray E. Loud, 23 Johnson road, Weymouth, Mass.; City Fuel Company, 80 Federal street, Boston, Mass.; and Alexander B. Wiley, 230 Pleasant street, Winthrop, Mass.; City Fuel Company, 80 Federal street, Boston, Mass. (referred August 5, 1946), to be Weighers of Coal for the term ending April 30, 1947—recommending that appointments be confirmed.

The reports were accepted and the question came on confirmation. Committee, Coun. Bayley and Linehan. Appointments confirmed, yeas 15, nays 2.

FAYWOOD AVENUE.

Coun. COFFEY offered the following:
Ordered, That the Board of Street Commissioners be requested through his Honor the Mayor to lay out and accept as a public way Faywood avenue, Ward 1.

Passed under suspension of the rule.

COLUMBUS DAY CELEBRATION.

Coun. COFFEY offered the following:
Ordered, That the City Messenger make the necessary arrangements to have the parade route for the Columbus Day Celebration, October 13, roped off.

Passed under suspension of the rule.

FIRST AID STATION, LOGAN AIRPORT.

Coun. COFFEY offered the following:
Ordered, That the State Public Works Commissioner and the Manager of the Logan Airport be requested, through his Honor the Mayor, to establish a first aid station at the Logan Airport in East Boston.

Coun. COFFEY—Mr. President, talking on the motion, I happened to be at the airport on Saturday. There was an accident there. As a result of the accident a lieutenant in the United States

service was injured. He had to lie on the cold concrete floor for something like fifteen minutes until an ambulance was brought to take him to the hospital. In case some of the councilors do not know it, there is a new building which has just been put up in the past few months at the airport. As a result of the new terminal, the old building is now vacant. Only recently they let a couple of small air lines take over that for the chartering of planes. In this old building there is sufficient room, I might say sufficient rooms, so that a first aid station could be set up there. I think an attendant nurse should be on duty twenty-four hours a day and, if the powers that be see fit, a doctor could be on those grounds. I am thinking now of what happened to this one individual. But there are something like seventy-five or eighty flights leaving and landing in the East Boston Airport every day. If there was a crackup, and God forbid that there ever will be, but of course the chances are that there will be a crackup sometime at the Logan Airport, I am afraid of what is going to happen to the twenty-seven or fifty-four passengers according to the number on the plane which may crack up. It is very important that something be done immediately. The room is there. The space is there. There are all the people at the airport. It will meet a need. What I am referring to is a first aid station with somebody on the ground to give aid in the event of a crackup or serious injury which might happen at the airport in the future.

Passed under suspension of the rule.

EMPLOYMENT OF VETERANS AT RACE TRACKS.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor be requested to confer with the State Racing Commission with a view to ascertaining why veterans, particularly disabled veterans, are not given employment at the Suffolk Downs Race Track and Wonderland Dog Track.

Coun. COFFEY—Mr. President, this is something I have been taking up for years regarding employment at the local tracks. In the past my impression has been that the Suffolk County citizens and voters have been excluded. Now we come to the point where we have several thousand veterans in Suffolk County on the 920 Club. There are not veterans employed at those tracks in my opinion in sufficient numbers. I think it is time we hit and hit hard. I know of employees on that track earning anywhere from \$7,000 to \$10,000 a year on other jobs. They are drawing \$10, \$15 and \$25 a night at the dog track and drawing the same amount at the horse track when it is operating. It is a shame and a disgrace. People are employed there from the South. We know the tracks swap favors. There are a hundred employed there from Rockingham's track, people living in New Hampshire. There are a hundred employed in both of the tracks from Rhode Island. It is a case of swapping favors. They take care of those people so that the track operators in Boston will have their friends taken care of at the other tracks. This is a voting year. This is the year that the people of Suffolk County have their say on whether there is going to be horse and dog racing in the near future. This is the year we vote to continue horse racing and dog racing or discontinue it. I do not have to tell you, you fellows do not get jobs at the horse and dog track, I know you do not. If you do, you are fortunate in getting one. There are members of the Legislature who live in Lee and Lenox and North Adams, over 200 miles away from Suffolk Downs and the Wonderland Dog Track. Because they have a vote in the Legislature and they are on the verge of increasing the take at both tracks, they are given consideration which should be given to the Suffolk County citizens. They are given three or four jobs according to how much influence they have in the Legislature. I say it is time we cracked down right in Suffolk County. We are the ones who are going to vote racing in for two years or vote racing out. As I said, there are thousands of young boys in Suffolk County on the 920 Club. For the first few months a lot of them did not mind it. Now they are getting so they will not work. We cannot get it for them. Everybody in the state was caught asleep. There are no projects going on where we can put the young fellows to work. A lot of them are married and live with their in-laws. A lot of them are living with a wife and children on \$20 a week, while fellows at the dog track and Suffolk Downs are holding other jobs, some of them right here in City Hall and some of them are Suffolk County employees. Some are State employees. Others are Federal employees, drawing down \$55 to \$65 a week. I know some who are getting up to \$10,000 a year. They are still mean and cheap enough to go down and work at Suffolk Downs and at the dog track and keep these kids from going to work there. A lot of them do not live in Suffolk County and have not got a vote. I wonder if the new track owners at Suffolk Downs have taken that into consideration. Those at the dog track do not care. This year for the first time since it has been running the dog track did not even take applications, whether they were from veterans or disabled veterans. They did not care. They just did not take them. If you are in the Legislature you can bring pressure. You can tell them you are going to vote for an increase in their take. I make the suggestion that

the American Legion, the Veterans of Foreign Wars and the Disabled American Veterans go down to Suffolk Downs and go down to the Wonderland Dog Track like they do in New Hampshire. They go from window to window, representatives of these different legion and veteran organizations. They ask where a man came from. They have the book right there. If the man is not a resident they go to the manager and say, "Fire him, he is not a resident of this state, get him out of there and put a resident of our state in his place." That is what should be done here. It is not our fight. We have little to say about it. On what little we have to say, we have been hollering our heads off for the past six or seven years. Let the American Legion, the Veterans of Foreign Wars and the Disabled Veterans organizations take care of their own, go down there and check on who is employed and how many other jobs they have. They will find fakers down there on one or two other pay rolls, men mean enough to take a week's pay away from some kid who might be getting \$20 a week. I ask suspension of the rule and passage of the order.

Passed under suspension of the rule.

IMPROVEMENTS FOR CHANDLER'S POND.

Coun. LANE for Coun. MADDEN offered the following:

Ordered, That his Honor the Mayor be requested to make available the sum of five thousand dollars, from any available sources, for a survey, plans, etc., of Chandler's Pond, in Brighton, in order that improvements might be made at this location as speedily as possible.

Passed under suspension of the rule.

"STOP" SIGNS.

Coun. CAREY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to immediately install "Stop" signs on St. Alphonsus street at the intersections of Smith street, Conant street and Longwood avenue.

Coun. CAREY—Mr. President, I do not like to criticize too strenuously the Traffic Commissioner or the engineer in the Traffic Department but I have been with the Council for nine years and gotten along pretty well with those gentlemen. There are times when they use anything but wise and sensible judgment. On April 22nd I introduced an order asking that "Stop" signs be installed at St. Alphonsus and Smith streets. We get the same response from the Traffic Commissioner, that their experience and actual traffic studies show not more than 30 per cent of the motorists observe "Stop" signs. They believe a much lesser percentage will respond to "Stop" signs in this location. The installation of signs by the commission is subject to the approval of the State Department of Public Works. They have established a set of traffic conditions which must be met in order to warrant approval. These conditions do not obtain at this intersection. I do not like to go into the gutter to borrow words to use. I would like to know what the State Department of Public Works knows about the hazardous traffic conditions in Ward 10 or in fact in any other section of the city. Bear in mind Mr. President, these regulations were set up not by the present State Department of Public Works but by their predecessors in that office. I do hope that the day will come when the present set-up in the State Department of Public Works will abolish such asinine opinions as those formerly held by those in the State Department of Public Works. I have been in the City Council nine years. There is a duty on every man elected to public office not only to vote appropriations of money and the like but to do what he can to make his district and his city safer. I go along St. Alphonsus street every day in the week. I know what is good for St. Alphonsus street and what is not good for it. Only yesterday afternoon at the intersection of Longwood avenue and St. Alphonsus street two automobiles crashed. In commenting earlier on my previous order, the Traffic Commissioner brought out the fact that St. Alphonsus street is used for cross-town traffic. That is very true. That is all the more reason why "Stop" signs should be installed as required. It is a residential street. Yet it is being used by strangers and by others who do not live in that particular locality but who use St. Alphonsus street as a short cut in going from Huntington avenue to Jamaica Plain, West Roxbury, and other points west and south. Many motorists do not realize the hazardous conditions that exist there. Those dangers have to be brought to their attention through the erection of sufficiently serviceable signs. I might call them, which will tend to warn them of the dangers. At the intersection of Smith and St. Alphonsus streets the motorists approach the Mission School where hundreds of young children are in attendance seven months of the year. Time and time again mothers and fathers of children have come to me and pleaded that something be done in order to safeguard the lives of the youngsters who go to school in the morning and return at noon. They go back to the school after lunch and they must return home about three o'clock in the afternoon. Nobody

knows any better than a City Councilor or a member of the Legislature or somebody who is well aware of his particular district just what is good in the way of traffic warnings or suggestions along that line for that district. I say it is most necessary that these signs be installed there. It might be true that not over 30 per cent of the motorists observe these signs. I affirm my belief that if the erection of these signs will reduce that number of violators 20 per cent or 28 per cent or anything whatsoever, that the installation of the signs will be well rewarded. I am not going to take No for an answer. This answer that came back to my request makes me observe and the other members of the Council can themselves observe it if they go through the minutes of the meetings of this Body for the past year, that this is simply a stock reply. I do not believe that the Traffic Commissioner or his office made a proper investigation of the hazards that exist there on that street. If they have, can't they still take suggestions from one who is familiar with the dangers that exist there? I want those traffic signs there. I do not care what the Traffic Commissioner, the State Department of Public Works, or anybody else says. I am thinking of the kids who live there and those old people who frequent the Mission Church dozens of times a day. They live there. They are entitled to that protection. It costs but very little to erect those posts with those signs. I am not asking for something which is expensive here. I want it done immediately. If I have to hold a public hearing and bring in the people of the district to fully acquaint the Traffic Commissioner with the importance and the necessity of the signs, I will do so. There is too much hemming and hawing sometimes over some little expenditure such as this one here. The people are entitled to them and we can well afford them the protection which they are entitled to. I want to say in closing that I want these signs. I want them immediately. I am going to ask the stenographer to give me a copy of those remarks as early as possible during the current week so that the Traffic Commissioner will see how I feel about the signs. It is not only a matter of how I feel, but I am speaking for the people of the district out there. We live there. The Traffic Commissioner or his engineers do not. We want protection. I feel we will get some protection through the installation of these signs. I ask for suspension of the rule and passage of the order.

Coun. BRYAN—I want to congratulate the councilor from Ward 10 (Coun. Carey), on that order, and on the stand that he has taken. I have not been here nine years but in the short time I have been here I know the requests that I have asked of the Traffic Commissioner for my district regarding safety signs and "Stop" signs come back saying there are insufficient funds or that the signs do not belong there. I asked for a sign at a very important and dangerous crossing, the corner of the West Roxbury Parkway and Weld street. It came back with a statement they had no right to put a sign there. It is about time we got some satisfaction from the department heads. It is about time they got on the ball. I hope the Mayor will take steps to have someone in the department give the councilors some satisfaction on affairs in their districts.

Passed under suspension of the rule.

RECESS.

There being no objection, the Chair declared a recess at 2.15 p. m., subject to the call of the Chair. The members reassembled and were called to order by President KELLY, at 6.50 p. m.

REPORT OF EXECUTIVE COMMITTEE.

Coun. FISH, for the Executive Committee, submitted the following:

On the message of the Mayor and orders referred this date, transfer in the Treasury Department of \$2,962.13; transfer to the State-Boston Retirement System of \$10,000; transfer of \$3,000 for Veterans' Memorial on Boston Common; transfer of \$16,000 for Wharf Repairs at Eastern Avenue; and acceptance of \$25,000 from the U. S. Government for plans for the Nurses' Home—recommending the orders ought to pass.

The reports were accepted and the question came on the passage of the orders. The roll was called. Whole number of ballots 15; yeas 15, and the orders passed.

Coun. HANNON—Mr. President, what about the \$5,000,000 off-street parking appropriation?

President KELLY—That is still in the Executive Session.

NEXT MEETING.

Coun. SCANNELL—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. SCANNELL—I move that we adjourn to September 9, when we adjourn, the first week after Labor Day.

Coun. KINSELLA—Mr. President, a point of information. Is it in order to make such a motion as that when at the last regular meeting we decided to adjourn until the 26th of August?

Coun. SCANNELL—I will withdraw my motion.

President KELLY—I will answer Councilor Kinsella first. It is in order to make that motion. At this meeting any matter can be taken up. Although this is a special meeting, it is for all purposes. The motion is in order.

Coun. KINSELLA—Mr. President, a further point of information. We do not have to meet next Monday if we vote today not to meet.

President KELLY—That is right. It is up to the members of the Body. Does Councilor Scannell withdraw his motion?

Coun. SCANNELL—No, sir, I do not.

President KELLY—You still press your motion?

Coun. SCANNELL—Yes, sir.

President KELLY—Talking on the motion, Councilor Bryan.

Coun. BRYAN—We have some very important business before this Body. It has been held up for two weeks. It concerns very vital parts of the city business. I think if it is not acted on here today we should have a meeting next Monday so it can be acted on and it will not be held over week after week.

Coun. SCANNELL—Mr. President.

Coun. BAYLEY—Mr. President.

President KELLY—Councilor Bayley, not having spoken.

Coun. BAYLEY—Mr. President, I am also interested in the matter. In addition to Councilor Bryan's reasons, I think it is important we have a meeting of the Executive Committee next Monday so that we may investigate this very thoroughly. It is a matter on which the Fire Commissioner is pressing us. If we had an adjournment of two weeks from today, it is Labor Day. There will be a three weeks' adjournment while this matter is pending. We should meet next Monday.

Coun. LINEHAN—Mr. President, I want to know if it is in order to file an order.

President KELLY—It will be in a minute, councilor.

Coun. SCANNELL—Mr. President, I realize that Councilor Bryan and these gentlemen are looking for something for their district but we voted in Executive Session today to put business over. It is all right to say we should meet next week or any other week but there are some members of this Body who have been on vacation with their wives and children down at the Cape. It is all right to take a member of this Body back from the Cape and from his vacation to meet on something that the Mayor downstairs is interested in. I think it will not do any harm to put the matter over for a couple of weeks until we hear from the Fire Commissioner in regard to these fire houses. I am interested in Councilor Bryan's fire house as well as any member of the Body. Without reflecting on Councilor Bryan or Bayley, I would like to know how the other \$300,000 is to be spent which they voted in there today to put over to the next meeting. I would like a little vacation and not have to be called back for any special meetings.

Coun. BRYAN—Mr. President, talking on the motion, isn't there a bill on the fire houses and another bill concerning some \$238,000 on sewerage? I, myself, have had no vacation this year. In two weeks I will be away. I want to be here when the bills come in for the fire house in West Roxbury. I fought for it as a private citizen for twelve years. Now that I am in the Council I am going to see it through. I think when we have city business we should attend to it. If I have to come 166 miles back from my vacation, I will do it. I think we should attend to it when it comes before us and not three or four weeks later.

The question came on Councilor SCANNELL'S motion that the Council adjourn to Monday, September 9, when it did adjourn, and it was not a vote.

LIGHTING FACILITIES, DORCHESTER AVENUE.

Coun. HANNON offered the following:

Ordered, That the Commissioner of Public Works be requested by his Honor the Mayor to provide improved lighting facilities on Dorchester avenue, at Crescent avenue, Ward 13.

Coun. HANNON—Mr. President, briefly this is another one of those traffic problems where we try to get "Stop" signs. Five or six youngsters have been killed because of the traffic. One of the duly elected representatives suggested we improve the lighting facilities there and we would probably cut down the traffic accidents. I hope so.

Coun. FISH—Mr. President, with Councilor Hannon's permission we can refer this to the Executive Committee and have the Traffic Commissioner's representative come to the hearing and give us an explanation of the \$65,000. Then we can see what is happening to the whole matter.

President KELLY—I agree with you.

Coun. FISH—I make a motion to refer it to the Executive Committee.

Coun. HANNON—I have no objection.

Referred to the Executive Committee.

CITY PENSION SYSTEM.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct the trustees of the Boston Retirement

ment System to consider the advisability of providing \$200 annual E. C. A. to every pensioned employee receiving a pension of less than \$900 per year.

Coun. HANNON—I have made many efforts, futile though they may be, Mr. President, to try and improve the plight of many faithful city employees. They contribute 4 per cent of their salaries throughout the year and after years of service they find themselves pensioned with much less income monthly than they would have if they contributed nothing and went on the rolls of the old age pension recipients. Every attempt to alter or amend the pension or retirement laws of the city seems to become stagnant. You run against a stone wall somewhere. This is just another effort on my part, with all the money in the retirement fund, to see if we cannot do something for these faithful men and women laborers who went out of the city under pensions of \$40 and \$45 a month. The city employees were granted \$200 emergency compensation alone because of the increase in prices. Pensioned employees have to contend with the same increases in prices. I think that those who are getting less than \$900, that small amount, might well be given emergency compensation allotments in order to permit them to try to keep their head above water and try to meet the rising cost of living.

Passed under suspension of the rule.

PUBLIC MEETING ON HOUSING SHORTAGE.

Coun. LINEHAN and KINSELLA offered the following:

Ordered, That the Committee on Public Housing of the Boston City Council hold a public meeting for the purpose of ascertaining just what action has been taken to relieve the housing shortage which exists in Boston. Representatives of all War Veteran Organizations, the Boston Housing Authority, the Mayor of Boston's Committee on Public Housing, City of Boston Law Department, State Board of Housing, Federal Housing, Real Estate, Building Materials Officials, Labor Organizations and other interested organizations and persons be invited to furnish information to help relieve the housing shortage so that war veterans and others may be able to secure some housing relief.

Coun. LINEHAN—Mr. President, I hope you refer that order to the Committee on Public Housing. Mr. President, at the outset I just want to say I am getting sick and tired of having a great many veterans stop me on the street or coming to my home and office and asking when they might get some relief in regard to securing housing for themselves and their families. Away back on May 6, 1946, I filed an order asking his Honor the Mayor to have the city secure prefabricated houses which were available from the Federal Government and, through the Boston Housing Authority, locate them in that part of Columbus park which is not used for recreational purposes, for the purpose of furnishing housing to war veterans and their families. That was away back on May 6, 1946. It was an emergency matter. To this date, and if I am wrong I hope I will be corrected by the clerk, I do not see that we have received any message from his Honor the Mayor pertaining to the matter. I know we have Camp McKay, that great old rat hole, which does not only look like a rat hole but if you go there today, on a day like today, for example, and go to Columbus Circle and look down at the old cottages you will be happy to say you do not live there. That is about all the City of Boston has done in regard to relief of the housing shortage for veterans and others. Many times during the past year I have taken my feet here and mentioned how his Honor the Mayor helped to delay the Cathedral project and the South Boston project, particularly the Cathedral project. I do not see that he is going out of his way in helping the veterans. I remember in his message when he was inaugurated that he was going to give the veterans city-owned property so that they could house their families. I have not heard anything about that since. I also filed an order, I am not sure whether it was before or after May 6, I have not been able to get the order, requesting that school buildings not used for school purposes and which are conducive to housing, be converted into housing by being taken over by the City of Boston and turned over to the Boston Housing Authority so they could be converted into apartments for veterans and their families. We have not heard anything in regard to that order. I am looking at a newspaper clipping. I would like to quote from it. I think it was published in the past week in one of the local papers. "Harold A. Rogers, vice commander of the American Legion and chairman of the Veterans Housing Committee, said the need for veteran housing was greater. He also assailed CPA authorization of the construction of a dance hall in Wellesley, an addition to the Riverside Press and the new John Hancock Insurance Company building. The State Emergency Housing Commission heard John Dobbs, regional housing expeditor, estimate there was a need of 21,000 more housing units this year in metropolitan Boston. Philip Nichols, chairman of the State Housing Board, told the Commission there was a waiting list for temporary housing for veterans three times the present capacity. He pointed out that cities and towns have the power

to convert mansions and large houses into ten-apartment units." It seems to me it is possible under the law for the City of Boston through its duly authorized agents like the Boston Housing Authority, although it is not an agent of the City of Boston, it is functioning under a charter given them by the state, it is sort of an additional department of the City of Boston. They work in conjunction with the city through his Honor the Mayor. I myself being and his Honor the Mayor a member of the Housing Authority have not been able to get any definite information as to when or where or just what is going to happen to the Cathedral project and the South Boston project. I personally do not think they are done with, although a short time ago there appeared in the paper a statement that they were doomed due to the fact the bill considered in the Senate was not adopted before the Congress adjourned and therefore temporarily the Cathedral project and others like it were doomed until probably next year when Congress might act on the housing bill. You remember that went out because the Council went on record whereby the maximum cost for an apartment would go up from \$5,000 to \$6,000, which would mean that the Cathedral project and the South Boston project could then be sent out under bid and the contractors would bid for it up to \$6,000, but they would not bid on it up to \$5,000 an apartment. It just boils down to this, today we had a meeting in regard to off-street parking. It has been a matter and a problem which has existed in the city for many years, ever since the advent of the automobile. Frankly, I am sorry to say we will still have that problem regardless of how many garages we build. If we build more garages then you are going to have more cars in the city. God help us at four o'clock in the afternoon. I do not know how the cars are all going to get out. We still have the narrow streets. There is no question in my mind it is not the final solution. Here we have an emergency problem. Everybody in the City Council, everybody in the City Hall agrees, I think, it is an emergency problem in regard to the housing of veterans and their families, and other people not veterans and their families. To be honest with you I do not see much action being taken here by the Federal Government, the City Government or the State Government. As I started to say and did not finish my thought, we have a meeting here today. Lo and behold, we have bankers and real estate owners, the biggest in the city, vitally interested in the problem. They finally woke up to the fact it is a problem. I have been a member of the Council for three terms. I never saw them up here before in regard to the traffic problem, that is, not in such large numbers. They all agree on spending five million dollars of the city's money without restrictions. The City Council did its duty. It did everything it could do under the law to appropriate \$500,000 to be used in regard to housing. As far as good old Camp McKay goes, frankly, even though it is in my district, I go on record as being against Camp McKay for veterans or anybody else. I did think I was trying to help someone in a small way to eliminate some of the seriousness of the shortage that exists when I suggested that big Columbus park be used in part, that part which in my mind is not being used for recreational purposes, to be used for the purpose of temporary housing. I still say I think we should have it on Columbus park. The veterans or anybody else would be glad to see housing go up there. I am sure every veteran in need of housing would be glad to take advantage of it. I know as a matter of fact the Boston Housing Authority has for many months found it very hard to get three hundred-odd applicants or two hundred-odd applicants to fill the apartments down at Camp McKay. They had to do a lot of sales promotion. They have been doing it ever since about January 7 when I left the Housing Authority. I hope I may quote a letter, if I may with the consent of the gentleman from Charlestown (Coun. Kinsella). I will pass that and permit the gentleman from Charlestown to quote from his own letter to show you how much is being done by the city in the Boston Housing Authority. I am not trying to say it is solely the fault of the present city administration we are not getting more temporary housing. I say it might be their fault because Mr. Nichols, the chairman of the State Housing Board, does say that the city has authority to convert mansions and large houses into ten-apartment units. I also know the city has authority to purchase prefabricated houses and put them up throughout the City of Boston. So far I do not think much has been done on it. I heard of the possibility of putting up some houses somewhat, I suppose, like the McKay barracks type on Franklin Field and a few other places. Franklin Field would be a very good location. Going along with Franklin Field, I think Columbus park would be a very good place. There are some other places I could mention including another one in my district, Story street plus Camp McKay. I certainly do not think Camp McKay is fit for human habitation. I have listed a great many organizations which came to my mind. I think they should have a representative come to this meeting which will be solely for the purpose of finding out just what is being done. Nobody seems to know. It is about time we, in the City Council, found out just what is being done so that we can pass along to the different veterans and others who inquire about housing just about what we can do and what we might be able to do in the near

future. I would like to get some information for the Boston City Council from the Boston Housing Authority as to what is the situation pertaining to the Cathedral project and the new project in South Boston, Ward 6. So far I have not been able to get any definite information on that. As a result of possible publicity in the newspapers if the newspapers are generous enough to give this serious problem some publicity we might get some kind of coordination around here so that something is done. I have not asked his Honor the Mayor to come. I wish I did. But I have requested the chairman of the Boston Committee on Public Housing to attend. I do not know what they have done. I would like to know. I think as members of the city government we have a right and we should have the responsibility of knowing what is going on. So far, I do not think we, as members of the City Council, have forced the issue too much, other than the few orders I have filed and I think the gentleman from Ward 8 (Coun. Hurley), the gentleman from Ward 9 (Coun. Sullivan), who has also filed orders on housing, plus the gentlemen from Charlestown (Coun. Kinsella). Other than those few orders I think there has not been very much done. I sincerely hope I can get some information from his Honor the Mayor through his regular department heads in regard to Columbus park being used for the veterans. He cannot say he has not got the money in the budget, an answer like we get from the Traffic and Park Commissioners whenever you ask for something for your district. We gave him half a million dollars. It should take care of underground utilities. We can also have the Law Department representative come down here and tell us just what the City of Boston can do through the City Council and the Mayor. Possibly we will find out there is something we can actually do other than what we have already done. I will say the councilors have gone along one hundred per cent on everything I have filed on housing. It does not seem as though it has brought the desired results. I sincerely hope if this does nothing else, we get some information from his Honor the Mayor and his department heads in regard to what the city government has done pertaining to veterans' housing and to relieve the terrible shortage of housing that exists today. Last year is not important or two years from now. We must act today. I might say as a veteran I am very sorry to say that the veteran organizations themselves certainly have not shown very much signs of getting on the ball and really going after the city, state and federal governments and any other people they might be able to get after so that we might get some housing. They have been just as negligent as we.

Coun. KINSELLA—Mr. President, talking on the order, at the outset I would like to say that if it is agreeable to the councilor from Dorchester (Coun. Fish) we will hold a hearing on public housing next Monday at ten o'clock. That gives us adequate time to notify everybody embraced in the order. No one can say it came too hastily to accommodate a meeting as it might if we had the meeting this week. We will not be holding it within an hour of our regular meeting. I wish the Chair would notify the Clerk of Committees to send out notices to all councilors to attend if they wish. Mr. President, in connection with Councilor Linehan's remarks, I suppose there is no harm in saying while little has been done in this matter for veterans, very little is going to be done. That is not a controversial point. Everyone agrees that the war is over now. Last week I met a member of the Boston Housing Authority. I asked him how far the plans were progressing on the emergency housing for which we appropriated \$500,000 for the installation of utilities. I wanted to know what Charlestown was going to get. We clearly understood at the time we passed the \$500,000 that sixty-four apartments would be placed at Sullivan square on Ryan Field in Charlestown. He advised me after the \$500,000 is long since well in hand that the Federal Public Housing Authority did not approve the site. I need not go beyond that to show why I am going to read the letter. You members can draw your own opinions.

"Boston Housing Authority,
10 Post Office Square,
Boston, Mass.

August 15, 1946.

Councilor Michael Leo Kinsella,
Boston City Council,
Council Chamber, City Hall, Boston.

Dear Councilor Kinsella.—This is with reference to your letter of August 8, 1946, relative to the construction of an emergency housing development at Ryan Field, Sullivan square, Charlestown.

The original allocation from the Federal Public Housing Authority for temporary veterans' housing was 1,500 units. Since that time, the representatives of the Federal Public Housing Authority have informed this Authority that moneys would not be available for more than 793 units, which is quite a drop from the original allocation.

This Authority had contemplated receiving funds to erect 1,500 units, and was looking for additional sites. At one time, it was determined that sixty-four apartments would be placed on the Sullivan Square Playground, but the Federal Public Housing Authority did not approve the site.

The present plans call for the following units to be erected:

281 units, Camp McKay, South Boston.
324 units, Franklin Field, Dorchester.
160 units, Alsen Playground, Dorchester.
28 units, Madison Park, Roxbury.

Very truly yours,

JEREMIAH F. SULLIVAN,
Acting Executive Director
For the Authority."

When we appropriated and approved the \$500,000 it was made clear that when these places were ready for occupancy, income would be no consideration. There was no limit to the amount of money a tenant could earn in order to get into the units. So that it is a fairly safe assumption that of these 793 units listed here, many of them could not qualify for low-rent housing which is in the greatest demand in Boston. We seem to forget, Mr. President, that this war produced an abundance of military men who already had families but who went into the service. When they came back they found their quarters inadequate. They had some hope that their status of veterans would guarantee them decent sanitary living conditions, along with the newly married veterans applying for public housing. None of it is available. I will make a bet with Councilor Linehan he will not see it available in five years. I was also reliably informed by a member of the Body who seems to know what he is talking about that none of the contractors want to undertake such a terrific problem as represented in the Cathedral project. They do not know the conditions that will exist by the time the contract is supposed to have been completed. They will not tie themselves up, what with the fluctuations in the building business and in the cost of materials today. However, Mr. President, the pertinent thing about this letter you remember is that of 793 units guaranteed in four different locations we do not get a true story of the number of people in the low-income groups. Since income is no consideration in order to get into any one of these units, I do not know what we can determine at the meeting next Monday. It seems to me Councilor Linehan's order clearly does not offer a remedy or suggest one but simply seeks information. I do not know what they are going to tell us or what they can tell us. I do not know how well attended the meeting will be. But you may be sure many of those who come will talk to us in platitudes as they always do. Somebody will pass the buck to somebody else who is not there to defend himself. We will hold the meeting without establishing the fact of the true condition and the reasons therefor. We will hold the meeting at ten o'clock next Monday, the 26th of August, in the Executive Room, and we will adjourn here if necessary.

Referred to the Committee on Public Housing.

TRAFFIC LIGHT, DORCHESTER STREET.

Coun. LINEHAN offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to regulate the pedestrian traffic light at the corner of Dorchester street and Old Colony avenue, Ward 7, so that it will stay on longer and give pedestrians a better chance to cross this dangerous intersection in safety.

Coun. LINEHAN—I move the order be referred to the Executive Committee, Mr. President, along with the other order pertaining to the traffic hazard.

Referred to the Executive Committee.

WIDENING AND RESURFACING STREETS.

Coun. CANTWELL offered the following:
Ordered, That the Commissioner of Public Works and the Board of Street Commissioners be directed by his Honor the Mayor to confer immediately relative to the possibility of widening Sprague street, from the New York, New Haven & Hartford Railroad Bridge to the Dedham line.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, West Selden street, Mattapan, from Morton street to Crossman street.

Coun. CANTWELL—Mr. President, that last order, that particular street is a thoroughfare from Hyde Park to Dedham. It is 25 feet wide. Up to last week I believe we had the fifth death on the street. It certainly proves something has to be done there when there have been five people killed in that particularly short distance owned by the City of Boston. The Dedham end of the street has been widened to the Boston line which makes it hazardous, coming down into a narrower street. I hope something can be done on this, although we cannot bring back the lives that have been lost, we can probably prevent any more people being killed.

INDECENT FILMS AND BOOKS.

Coun. KEENAN offered the following:
Ordered, That the City Censor be requested, through his Honor the Mayor, to bar the showing of the motion picture film "The Outlaw," in Boston, because of indecency.

Resolved, That the Boston City Council, in meeting assembled, hereby extends its heartiest congratulations to the Hearst newspapers for the splendid campaign which they are waging against the publication and sale of immoral and indecent books and literature.

Coun. KEENAN—Mr. President, in the Boston Globe on February 16 an article appeared stating that the Boston Bureau of Censorship approved the picture "The Outlaw," which was supposed to be condemned by the Boston Catholic Holy Name Society. I, as a member of that organization, the Holy Name Society, in speaking for the organization of my church, want to say we are very much opposed to the showing of the picture "The Outlaw" in the City of Boston. I hope his Honor the Mayor will notify the Boston Censorship Bureau, so that the picture will be barred in the City of Boston.

Resolution referred to the Committee on Rules.

Adjourned at 7.30 p. m., on motion of Coun. McCORMACK, to meet on Monday, August 26, 1946, at 2 p. m.

AIRCRAFT MATERIAL PRODUCTION 41 PER CENT OF TOTAL AUTOMOTIVE WAR JOB.

Behind current attempts to knock Germany out of the war by means of airpower, stands the teamwork of the automotive industry, which has done much to get bombers in the air over Hitler's domain.

The motor industry, starting as a scrub team in the aircraft field a year before Pearl Harbor has since attained major league stature.

In the two years since December 7, 1941, the industry's output of bombers and fighters has constantly soared. Measured in dollar volume, it rose from \$400,000,000 annual rate of production on the day of the Jap's assault to \$4,300,000,000 on the second anniversary of that "day of infamy."

The same upward spiral took place in deliveries of all forms of war materials by automotive plants. When Pearl Harbor news struck, they had reached an annual production rate of \$1,777,000,000 for all forms of military requirements: aircraft, military vehicles, tanks, guns, ammunition, marine engines and other equipment. Today the annual production rate tops the \$10,000,000,000 mark.

NEW SOURCES OF MUNICIPAL REVENUE.

Philadelphia recently adopted three new city taxes: auctioneers are required to register and pay a tax of \$500 a year, bowling alleys \$20 for each alley, and coin-operated slot machines and other amusement devices \$20 a year each. Portsmouth, Ohio, has levied a license fee of \$25 a year on juke boxes, pin ball machines, and other coin-operated amusement devices. Santa Barbara, California, on February 23 adopted a local retail sales tax of one per cent on the recommendation of a citizens' tax committee. Sacramento, California, has adopted a new business license ordinance which will provide approximately \$110,000 a year revenue. In New York City Mayor La Guardia has proposed an additional one per cent sales tax to finance a three-year program of subway rehabilitation; the present one per cent sales tax raises about \$32,000,000 a year.

—Public Management.

MUNICIPAL OFF-STREET PARKING FOR CLEVELAND.

According to reports, free parking will be offered at municipal parking ground to be established in Cleveland, to relieve overtaxed private lots and garages in the downtown area. This announcement was made recently as Mayor Burke met with traction authorities and requested servicing of the area with adequate day-long 5-cent transportation to the central business district.

Law Director Lee C. Howley is quoted to have said: "We'll offer these parking facilities at no cost to motorists and will run them into the downtown area for a nickel."

The Mayor, meeting with General Manager Walter J. McCarter and Traction Board Chairman William C. Reed, asked that the Loop bus line be revised to extend its services into the free lake-front parking space. As soon as the area is opened, the Mayor said, it will be staffed with attendants, protection provided for cars of parkers and a shelter house constructed if use of the lot warrants.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

PROPOSALS FOR FURNISHING AND LAYING WATER WORKS AND SEWERAGE WORKS IN VETERANS' TEMPORARY HOUSING DEVELOPMENT AT MADISON SQUARE, ROXBURY, MASS.

The City of Boston, acting by and through the Boston Housing Authority, in accordance with the provisions of chapters 372 and 568 of the Massachusetts Acts of 1946, office, Room 1220, 10 Post Office square, Boston, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and laying water works and sewerage works in Veterans' Temporary Housing Development at Madison square, Roxbury, Mass.

A bond will be required for doing the work of a surety company approved by the Boston Housing Authority in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 1220, 10 Post Office square, Boston. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing and Laying Water Works and Sewerage Works in Veterans' Temporary Housing Development at Madison Square, Roxbury, Mass.," and left at Room 1220, 10 Post Office square, Boston, before 12 m. of September 9, 1946, with a certified check in the sum of five (5) per cent of the total proposal, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Boston Housing Authority to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Housing Authority. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

City of Boston, acting by and through Boston Housing Authority.

(Aug. 31.)

JOHN CARROLL, Chairman.

AIDS PAID TO PUBLIC ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME OF MASSACHUSETTS SCHOOL FUND.

State participation in the financing of education began with the establishment of the Massachusetts School Fund in 1834, the income from which was to be used "for the aid and encouragement of common schools," (chapter 169, Acts of 1834). The principal of this fund is now \$5,000,000. The income of the fund has been distributed in many different ways. In 1835, population and the amount raised by local taxation for school support were the determining factors. Many changes followed until the present complex provisions were enacted, mostly in 1919, with some modification in later years.

PORT STORAGE IMPORT ORDER.

The Office of Defense Transportation, in an amendment to its general order No. 16, has instituted a permit system for acceptance by railroads or truckers of shipments of domestic or import freight to specified port areas for storage for the account of a government agency in a public warehouse in such area. Growing volume of imports, due to decline in ship losses, the O. D. T. said, was putting added strain on port storage facilities thus making the institution of a permit system necessary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN AMERICAN LEGION HIGHWAY, WARDS 12 AND 14, FROM BLUE HILL AVENUE TO WALK HILL STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in American Legion Highway, Wards 12 and 14, from Blue Hill Avenue to Walk Hill Street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in American Legion Highway, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, September 10, 1946, with a certified check for two thousand (2,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(Aug. 31.) ROBERT P. CURLEY,
Commissioner of Public Works.

The application for the port storage forwarding permit the order says, must be made by the government agency for whose account the freight is to be stored, in accordance with procedures prescribed by the director of the division of storage of the O. D. T., in an administrative order.

The following port areas were named in the order: Baltimore, Bellingham, Wash., Boston, Camden, Everett, Wash., Galveston, Houston, Jacksonville, Los Angeles, Mobile, New Orleans, Newport News, New York, Norfolk, Oakland, Cal., Olympia, Wash., Pensacola, Philadelphia, Portland Ore., Portsmouth, Va., Richmond, Cal., San Francisco, Savannah, Seattle, Tacoma, Tampa, Vancouver.

CREATES ARBITRATION BOARD TO SETTLE INDUSTRIAL LABOR DISPUTES.

The city council of Toledo, Ohio, recently approved an "industrial relations charter" which creates a labor-management citizens' committee of 18 appointed by the Mayor. The charter is recommended by the Toledo City Council for adoption by representatives of industry and labor in the city. The preamble states: "Industrial harmony means more than the elimination of strikes, slow-downs and lock-outs. It means a practical, common-sense recognition of the rights of both employers and employees, the mutuality of their interests, and the importance of their joint responsibility to the citizens as a whole, whose interests transcend the presumed rights of any group."

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING THE PAVEMENT OF THE SUMNER TRAFFIC TUNNEL.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing the pavement of the Sumner Traffic Tunnel. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairing Pavement, Sumner Traffic Tunnel," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, September 12, 1946, with a certified check for four hundred fifty (450) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(Aug. 31.) ROBERT P. CURLEY,
Commissioner of Public Works.

TANKERS DO DOUBLE DUTY.

American shipyards are now making it possible for our tankers to carry extra loads. A scaffold-type extra deck enables a modern tanker to carry a load of extra freight the equivalent of 10 per cent of its normal load capacity. Some tankers now carry, in addition to its load of gasoline, deck loads of ambulances, planes, jeeps and trucks.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR MAKING FIRE ALTERATIONS IN THE MARTIN SCHOOL, HUNTINGTON AVENUE AND WORTHINGTON STREET, ROXBURY, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making fire alterations in the Martin School, Huntington Avenue and Worthington Street, Roxbury, Mass.

Proposals will be received until 12 o'clock noon, Thursday, September 12, 1946, at the office of the Awarding Authority, fourth floor, 26 Norman Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, September 9, 1946.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than five per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

All the above subject to approval of the Civilian Production Administration as applicable.

(Aug. 31.) JAMES H. MOONEY,
Superintendent of Construction.

**POPULATION OF THE CITY OF BOSTON
AS RETURNED BY THE SECRETARY

CITY OF BOSTON.

FIRE DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS AND ADDITIONS TO THE FOLLOWING FIRE STATIONS:
ENGINE 22, 72 WARREN AVENUE, SOUTH END;
ENGINE 1, 119 DORCHESTER STREET, SOUTH BOSTON; AND ENGINE 24, 434 WARREN STREET, ROXBURY.

The Fire Commissioner of the City of Boston, 60 Bristol street, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations to Engine 22, 72 Warren Avenue, South End; Engine 1, 119 Dorchester street, South Boston; and Engine 24, 434 Warren street, Roxbury.

Proposals will be received until 12 o'clock noon, Friday, September 13, at the office of the Awarding Authority, 60 Bristol street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority, 60 Bristol street, Boston. A deposit of \$25 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to bidders upon receipt of said plans and specifications in good condition, by the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, September 10, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids of any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

RUSSELL S. CODMAN, JR.,
(Aug. 31-Sept. 7.) Fire Commissioner.

CITY OF BOSTON.

PARK DEPARTMENT.

**PROPOSALS FOR CONSTRUCTING A PLAYGROUND
AT OAK SQUARE, BRIGHTON, MASS.**

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for constructing a playground at Oak square, Brighton, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Constructing a Playground at Oak Square, Brighton, Mass.," and left before 2 o'clock on Thursday, September 5, 1946, at the office of the Park Department with a certified check for \$1,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman,*
THEODORE C. HAFFENREFFER,
FRANK R. KELLY, *Commissioners.*

PUBLIC WORKS DEPARTMENT.

**PROPOSALS FOR LAYING AND RELAYING WATER
PIPES IN OAKVIEW TERRACE AND BELMORE
TERRACE, WEST ROXBURY.**

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying water pipes in Oakview terrace and Belmore terrace, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes in Oakview Terrace and Belmore Terrace, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, September 10, 1946, with a certified check for six hundred (600) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Aug. 31.) Commissioner of Public Works.

SUPPLY DEPARTMENT.

PROPOSALS FOR 200 B AND F POST HYDRANTS.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Water Service, post hydrants, according to specifications in proposals which must be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for one set of proposals. The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before Thursday, September 12, 1946, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for 200 B and F Post Hydrants." The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, SEPTEMBER 7, 1946.

NO. 36

MASSACHUSETTS NEEDS TO SAVE ITS CITIES AND TOWNS, MAYOR CURLEY TELLS RADIO AUDIENCE IN REGULAR MONTHLY BROADCAST OVER STATION WMEX ON MONDAY NIGHT—DISCUSSES SUBJECT OF "WHY A SPECIAL SESSION OF THE LEGISLATURE IS VITAL NOW"—POINTS TO CONDITIONS WHICH COMPELLED 30 OF 39 CITIES IN STATE TO INCREASE RATES, WITH ONLY TWO REDUCING RATES, AND FORCED 251 OF THE 312 TOWNS TO JUMP RATES AN AVERAGE OF OVER \$4 PER \$1,000 OF VALUATION—MAKES PROPOSAL WHEREBY STATE CAN AID CITIZENS WITHOUT INCREASING ACTUAL BURDEN.

The following is the broadcast of Mayor James M. Curley on Monday, September 2, at 7.30 P. M. over Station WMEX on the subject "Why a Special Session of the Legislature Is Vital Now."

Citizens and Taxpayers of All Cities and Towns in the State of Massachusetts.

The subject of my broadcast this evening is "Why a Special Session of the Legislature Is Vital Now." The serious financial problem confronting the cities and towns of the State is most convincing when the increases in tax rates for the year 1946 over those of 1945 are considered. Thirty of the thirty-nine cities in the State have had increases, the average of which is \$3.33 per \$1,000. Seven of the cities had no change in rates, while only two had a decrease in their tax rates; namely, Boston, with a reduction of 50 cents per \$1,000, when fiscal experts predicted a \$5 to \$10 advance, and the only other city was Cambridge, with a reduction of 10 cents.

The situation as regards increased tax rates among the towns is also most alarming, as 251 of the 312 towns have had increases which averaged \$4.07 per \$1,000. Thus it is seen, without considering other elements, that the taxpayers of the cities and towns of the State have had substantial increases, mostly on their real estate, and to a smaller extent upon their personal property.

Two weeks ago, the Executive Director of the Massachusetts Federation of Taxpayers was quoted in the public press as predicting that "although this year's tax rates are substantially above pre-war levels, they are apt to soar higher with no relief in sight for many years to come." Pointing out that the general high cost of living affects governmental pay rolls and services and that heavy demands for aid and assistance may be expected, especially from veterans, the aged, and the needy, especially if there is any financial recession, Mr. McDonald stated that "the incoming Legislature will have to make radical changes in the tax structure, and it will have a difficult problem in finding sorely needed new sources of revenue."

Magnitude of Legislative Problems.

There can be no question but that, if the Legislature is called upon to consider this problem, along with the multitude of matters which must receive attention at a regular legislative session, extreme difficulty will be experienced in arriving at a practical and workable solution. The magnitude of financial problems affecting municipalities, together with the many ramifications and far-reaching consequences, makes it a subject which merits the sole and undivided attention of every member of the Legislature. As I have stated previously over this station, I believe it warrants calling by the Governor of a special session of the Legislature and the appointment of an outstanding commission which will be given adequate funds to make a complete and exhaustive study of the problems and submit definite recommendations to the 1947 Legislature before it prorogues.

This suggestion is neither novel nor radical. Fourteen states in the union have already taken steps in this direction. Three of the commissions appointed have already submitted their reports, and the balance are expected to finish their work by the close of this year. The outstanding work to date in this respect has occurred in the neighboring State of New York. Originally appointed in 1944, the "Commission on Municipal Revenues and Reductions of Real Estate Taxes" submitted a preliminary report to the 1945 Legislature. In this report, the commission asserted that 30 years' experience had demonstrated that real property taxes cannot or will not be reduced by a continuance of the present hodgepodge system of state assistance to the localities.

Early in January of the current year, the New York Commission submitted its final report to the Legislature, recommending necessary legislation which was promptly introduced, and all the bills embodying the new system were enacted and approved on March 30, 1946. The effect of the recommendations made, supported by the legislation enacted, resulted in substantial increases in the allotments to cities and towns from state funds. In addition to the stabilizing of state distributions, the commission also recommended that local share of expenditures on and after January 1, 1946, for all welfare categories should be reduced to, and stabilized at, 20 per cent of the total expenditures for each type of assistance. Under this recommendation, the state will assume the difference between 80 per cent of the cost of such services and the federal contribution therefor.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, *Editor*.
P. NICHOLAS PETROCELLI, *Associate Editor*.
WILLIAM J. CAMPBELL, *Business Agent*, 73 City Hall, Boston.

Entered as second class matter at Boston Post Office.

By Subscription \$2.00 per year
Single Copies 10 cents

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand, first floor, City Hall Annex.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, September 9, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 64 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending August 31, 1946.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 135; nonresidents, 58; total, 193.

Death rate per 1,000 of population: All deaths, 13.09; nonresidents deducted, 9.16.

Death rate per 1,000 of population:

Last week, 13.43; corresponding week last year, 13.86.

Deaths by age periods, sex, etc.: Under one year, 31; one year to four years, inclusive, 1; sixty years and over, 98. Total deaths: Male, 99; female, 94; deaths in hospitals and institutions, 140.

REPORTABLE DISEASES: CASES AND DEATHS.*

ELECTION DEPARTMENT, WITH MAYOR CURLEY'S APPROVAL, PURCHASES 224 VOTING MACHINES SELECTS UNIT MANUFACTURED BY SHOUP VOTING MACHINE CORPORATION OF PHILADELPHIA OVER CHEAPER COMPETITOR BECAUSE ADVANTAGES MORE THAN COMPENSATED FOR DIFFERENCE IN PRICES QUOTED — CHOICE ALSO GUIDED BY REPORT AND RECOMMENDATIONS OF NOTED EXPERTS IN MECHANICAL ENGINEERING AT MASSACHUSETTS INSTITUTE OF TECHNOLOGY — ALSO BASED CHOICE ON SELECTIONS AND EXPERIENCE OF NUMBER OF OTHER CITIES NOW USING VOTING MACHINES.

The Mayor on September 4 released the following statement:

A contract has been entered into this day with the Shoup Voting Machine Corporation, Philadelphia, Pennsylvania, for the purchase of 224 voting machines. The price submitted by the Shoup Voting Machine Corporation was \$1,336 per unit, while the price submitted by the Automatic Voting Machine Corporation was \$1,142 per unit.

The Automatic Voting Machine Corporation provided for manually operated voting machines, while the Shoup Voting Machine Corporation provided for both electrical operation and manual operation, which might very well represent the difference in cost between the two machines.

With a desire to safeguard the Election Department in the municipalities in the matter of the purchasing of voting machines, both types were submitted to the Engineering Department of the Massachusetts Institute of Technology and it was as a result of this investigation and report, I am informed, that the Election Department favored making the contract which has been entered into and in which I concur.

The action taken by the City of Boston in the matter of voting machines, regardless of the difference in price as submitted, does not differ from the action taken by other American cities. In the case of Philadelphia, Pennsylvania, the Automatic Voting Machine Corporation's bid was \$970 per unit, as compared with the Shoup Company's bid of \$1,286 per unit. Notwithstanding this difference in price, which in the purchase of 850 machines represents a considerable difference, the award was made to the Shoup Voting Machine Corporation. In the case of Camden, New Jersey, where 305 machines were purchased, the Automatic Company's bid was \$1,059, and the Shoup Electrical and Manual Voting Machine Company's bid was \$1,286, and in the case of Camden the award was made to the Shoup Company at a higher price. In the case of Baton Rouge, Louisiana, the Automatic Company's bid was \$1,151, against the Shoup Company's bid of \$1,326, and the award was made to the Shoup Voting Machine Corporation.

COMPARISON OF PRICES.

In Tampa, Florida, the Automatic Company's bid was \$1,220, and the Shoup Company's bid was \$1,336 per unit, and the contract was awarded to the Shoup Voting Machine Corporation. In the case of Spokane, Washington, the Automatic Company's bid was \$1,335, and the Shoup bid was \$1,326, and in Spokane the award was made to the Shoup Voting Machine Corporation.

In Camden County, New Jersey, purchases of voting machines are made by a State commission, and Governor Edge of New Jersey, in awarding the contract to the Shoup type of machine, stated that he favored the contract for the machines which the local officials said were more sensible and easier for the voters to operate. State Treasurer Hendrickson stated that he opposed the purchase of more expensive Shoup machines until he compared it with the Automatic Machine and then changed his mind, stating that the difference between buying a Ford and a Buick was similar to the difference between Shoup and an Automatic.

The report submitted in connection with the awarding of the contract by the Election Department is most illuminating and is here presented; also, the report

of the Dean of the Engineering Service at the Massachusetts Institute of Technology.

ELECTION COMMISSION'S DECISION.

BOARD OF ELECTION COMMISSIONERS.

BOSTON, September 3, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—The Election Commissioners have voted to purchase voting machines for use in the forthcoming November election.

The advantages in the use of voting machines are common knowledge. Their use will enable an eventual reduction in the number of precincts, resulting in a substantial saving to the city, and will also ensure speedy and accurate count of the votes cast.

The Election Commissioners have considered voting machines made by the Automatic Voting Machine Corporation and the Shoup Voting Machine Corporation, the only manufacturers in America of such machines. Before final decision to purchase voting machines was made, the Election Commissioners studied the report of Thomas K. Sherwood, Dean of Engineering of the Massachusetts Institute of Technology, on these two makes

of voting machines. This report was prepared pursuant to a request by the City of Boston to determine the comparative merits of the two types of machines. Professor John A. Hrones, Head of the Division of Machine Design, M. I. T., carried out the study and was joined in the study by Dean Sherwood.

The conclusion of the report is as follows:

"We prefer the Shoup machine mainly because (a) there appears to be less chance of confusion and incorrect balloting on the part of the voter, and (b) less chance of error on the part of the persons delegated to read the machine count and report vote counts."

Since no advantage would be gained by advertising, the Election Commissioners deeming it to be in the best interests of the city, respectfully request your Honor's authority to dispense with advertising and award a contract to the Shoup Voting Machine Corporation, Girard Trust Company Building, Philadelphia, Pennsylvania, for the purchase of 224 voting machines at a cost of \$1,336 per machine.

Respectfully yours,

FREDERIC E. DOWLING,

EVERETT R. PROUT,

MICHAEL J. MANNING.

Board of Election Commissioners.

(Continued on next page.)

LETTER FROM OFFICE OF THE
DEAN OF ENGINEERING,
MASSACHUSETTS INSTITUTE
OF TECHNOLOGY.

DEAN OF ENGINEERING, M. I. T.

BOSTON, August 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. CURLEY.—Following your request of August 5, we have undertaken a study of the two competing makes of voting machines in the hope that our comments on them might be helpful to the city in connection with the proposed purchase of additional voting machines for the City of Boston.

A study of the two makes has been carried out by our Professor John A. Hrones, head of our Division of Machine Design, and by several of his assistants. I have had an opportunity to join with them in this study, and am happy to report our findings to you.

One of the Automatic Voting Machine Corporation machines was delivered to us August 7 and its operation explained by Mr. White and Mr. Hamilton, the latter representing the manufacturer. One of the Shoup Voting Machine Corporation machines was delivered to us on the morning of August 9, and its operation was explained to us on the morning of the twelfth by Mr. R. F. Shoup and Mr. John Gendron of Providence. The Automatic machine is one of those owned by the City of Boston, and it is understood that the new machines, if ordered from them, would be duplicates. Both machines were of the size carrying 50 names on each ticket.

In studying the relative merits of the two types, we have assumed that our responsibility is to report on the machines themselves, and that you do not expect us to offer opinions as to the advisability of voting machines over paper ballots.

In order to simplify the comparison which we have made, we have elected to make our report as brief as possible and to summarize our comments under five principal headings as follows:

(1) *Functional Design.*—The ballot is arranged horizontally on the Automatic machine and vertically on the Shoup machine. We feel that the vertical arrangement of the ballot on the Shoup machine is of considerable advantage because confusion on the part of the voter is less probable. With the horizontal ballots, it is conceivable that the voter may not be clear as to whether he should move the lever above or below the strip on which the candidate's name is printed. This confusion is almost impossible with the Shoup machine because of the appearance of an X in the small box carrying the candidate's name when the lever is moved. Erroneous alignment of the list of offices and the list of candidates appears to be more likely with the horizontal ballots than with the vertical ballots of the Shoup machine. The latter has larger spaces for the ballot printing, making it possible for the names of the offices and candidates to be somewhat more legible than in the case of the Automatic machine.

The recording of the vote is quite different with the two designs. In the case of the Automatic machine, the counters are read at the rear and interpreted by means of a cipher. In the case of the Shoup machine, the counters

are read at the front and the numbers show up immediately under each printed name. No cipher is needed with this arrangement, and it is possible to obtain a photograph of the count showing both candidate's name and counts on the same picture. This difference in the method of recording the final count is perhaps the most significant difference between the two machines, and on this point the Shoup machine has a decided advantage over the other. Both machines have similar curtain arrangements, provision for write-in votes, provision for limiting the number of choices for each office, public counters which can be reset, etc. They do not appear to differ significantly on these points.

(2) *Protection against Dishonesty.*—Both machines are equipped with several interlocks and keys, making dishonest operation difficult, though not impossible.

(3) *Mechanical Design.*—Both machines are competently designed and can be expected to be reliable and long lasting. As a matter of fact, the mechanism in many places is similar in both designs. Both machines can be operated mechanically with about the same type of lever motion. Except in the event of power failure the Shoup machine is normally operated electrically, and this has the advantage of being simpler for the voter and of avoiding the possibility that the lever may not be moved to the extreme position necessary for voting. Both machines are mechanically well made, and it appears that suitable metals, finishes, and other materials have been used for the various parts.

(4) *Ease of Transport and Storage.*—Both machines are somewhat cumbersome but are mounted on casters of good diameter. The Automatic machine can be closed down so that it occupies much less head room than the Shoup machine, and has a lower center of gravity, a factor of importance in transport. The Shoup machine has a rather high center of gravity, but is sufficiently heavy so that it would be difficult for it to be upset accidentally. We do not have the weights of the two, but they are probably not far apart. The Shoup machine occupies somewhat less floor space.

(5) *Capacity.*—Both machines have a maximum capacity of 999 votes. The rate of voting, or the average time per voter, is of very real significance, because it determines the number of machines which must be placed in each polling place where more than one machine is needed. We do not feel that it is possible for us to get data on this point by timing experimental voting, since it seems evident that the only figures of real importance would be statistical results on a large voting population. Information of this kind may be available to you. If the rate of voting could be twice as great with one machine as with the other, then the city would be justified in spending considerably more for its initial purchase. Although we do not have good information on this point, it would be our impression that the rate of voting is about the same for the two machines and that the difference between them is hardly significant.

In summary, we believe that both the Shoup and the Automatic machines are well designed and that either make is capable of giving good service over a long period of years. We prefer the Shoup machine, mainly because (a) there appears to be less chance of confusion and incorrect balloting on the part of the voter, and

(b) less chance of error on the part of the persons delegated to read the machine count and report vote counts.

Very truly yours,
THOMAS K. SHERWOOD,
Dean of Engineering.

BOSTON WINS BIG TAX
SETTLEMENT CASE.

The Mayor, on August 31, released the following statement:

A settlement arrived at by the City of Boston with the New Haven Railroad involves three separate items, namely, taxes owed by the Boston and Providence Railroad; by the Old Colony Railroad; and taxes assessed on the South Station.

On Wednesday, August 28, 1946, the U. S. District Court in New Haven authorized the trustees of the New Haven Railroad to pay \$693,784.40 in full settlement of taxes owed by the Boston and Providence Railroad, and \$1,741,763.55 in full settlement of taxes owed by the Old Colony Railroad. Two checks in the above amounts were received by the City of Boston on Thursday, August 29, 1946.

With respect to the remaining item, taxes on the South Station, the District Court, on Wednesday, authorized the trustees of the New Haven Railroad to tender to the City of Boston in full settlement the sum of \$3,504,357.15 with 1 per cent interest from January 1, 1946, to the date of payment. The total amount when paid in full will be in the vicinity of \$6,000,000.

The tender of \$3,504,357.15 with interest is to be made by the trustees when the reorganization of the New Haven Railroad together with the Boston and Providence Railroad and the Old Colony Railroad is completed. At the present time, it is impossible to fix a precise date for the completion of such reorganization, but the probabilities are that it will take place about the middle of the year 1947.

The taxes which have been settled are for the year 1937 and for the years 1939 to 1946, inclusive. The sums collected will come into the City Treasury as general revenue and will be available for the reduction of debt by the city.

The Law Department of the City of Boston is to be congratulated for their work in this matter.

JAMES M. CURLEY, Mayor.

U.S.S. LST 512 VISITS BOSTON
DURING V. F. W. CONVENTION.

The Mayor, on August 30, issued the following statement:

The City of Boston is most fortunate in having the U.S.S. LST 512 in port from the period of August 28 to September 5. This ship has been sent by the Navy Department to seaports all along the Atlantic Coast in order to give the residents of seaport cities an opportunity to study the materials used in amphibious and jungle warfare during the recent war.

This ship will be tied up at North End Pier, which is the property of the Park Department of the City of Boston, and will be open for public inspection during the time she is in port.

It is my sincere hope that the citizens of Boston will take this opportunity to view the materials which were used by our fighting men in the Pacific during the recent war.

JAMES M. CURLEY, Mayor.

MAYOR CURLEY GETS REPORT FROM HEALTH DEPARTMENT ON HEALTH CONDITIONS AT BRIGHTON ABATTOIR—INSPECTORS AND COMMISSIONERS HAVE SECURED PARTIAL ABATEMENT OF NUISANCE COMPLAINED OF AND PROMISE THAT IMPROVEMENTS WILL BE INSTALLED AS MATERIALS ARE SECURED FROM SOURCES OF SUPPLY.

His Honor, Mayor Curley, received the following report from the Health Commissioner of the City of Boston relative to conditions at the Brighton Abattoir:

BOSTON, August 9, 1946.

To JOHN H. CAULEY, M. D., *Health Commissioner.*

From JOSEPH A. CAHALAN, *Deputy Commissioner, Division of Housing and Sanitation.*

Subject: Brighton Abattoir.

DEAR SIR,—In reply to your communication of August 6, 1946, I submit the following summary of conditions at the Brighton Abattoir over a period of time, as well as a summary of the efforts made by the Division of Housing and Sanitation, to overcome these conditions.

For a number of years odors arising from processes carried on at the Brighton Abattoir have caused considerable annoyance to persons living within the Brighton-Allston district of the City of Boston.

In the early part of May, 1946, a conference was held in the Mayor's office at City Hall to consider the odor nuisance arising from the Brighton Abattoir. This conference was presided over by his Honor, Mayor James M. Curley. Representatives of the operators of the Brighton Abattoir, the Health Commissioner of Boston, and a number of representatives of the Housing and Sanitation Division and of the Food Division of the Health Department attended.

It was brought out at this meeting that the operators of the Brighton Abattoir had already drawn plans to improve their plant. Among the improvements contemplated was the control of odors that were affecting the area referred to above.

His Honor, Mayor Curley, at the end of the conference stipulated that he would countenance the continued operation of this plant on the condition that the operators would have installed by October, 1946, equipment or methods needed to control these odors; otherwise, he would be compelled to resort to legal processes necessary to abate this nuisance. One of the reasons advanced by the operators for their failure to properly control the odors was their inability to obtain material and equipment necessary, due to the War Production Board regulations, and the inability of the manufacturers to meet the demand for their products as their production had not reached normal peacetime peak.

NUISANCES ABATED.

In May, 1946, the supervision of the area wherein this plant is located was placed under Inspectors Frank Gormley and Frank Henry of this division, replacing two other inspectors in this area. Since May, 1946, these two inspectors have kept a daily observation of the odor nuisance as well as keeping in constant contact with the management of these premises.

It was found that two conditions existed on these premises: One being the lack of proper housekeeping methods within and around the plant which contributed to localized odors of uncleanness; the other being the nuisance created by offensive odors being discharged into the atmosphere affecting the Brighton-Allston district or at least several areas of that district. These odors arise from the rendering processes carried on at this plant and are not connected with the animal slaughtering processes.

In connection with the general sanitary conditions of the premises, at the instigation of Inspectors Gormley and Henry, a large dump on the premises maintained by the operators was abandoned and covered with clean fill. In addition to the removal of the dump, floors, stairways, processing rooms and like places have been cleansed and painted. Equipment on various floors has been cleaned, and, in general, the present sanitary conditions throughout the plant are greatly improved as compared with conditions found when these two inspectors were assigned to this work in May, 1946.

The odor nuisance which affects the neighborhood is due to the odors which originate in the rendering processes, and our inspectors attribute the intermittent odors which are noted to the breakdown of boilers, cookers, and other equipment.

One of the means used under the present method of controlling the odors is the use of Charles River water which is pumped to a water curtain on the roof of the premises, through which the accumulated vapors and exhaust from various floors pass, removing the soluble gases and matter. After passing through the water curtain, the exhausted gases, etc., receive a charge of chlorine for the purpose of oxidizing those odor-producing materials that are present. When the boilers fail, there is not sufficient energy present to drive the water up to the water curtain, and the scrubbing effect of the curtain is lost, thereby discharging raw odor-producing material into the atmosphere.

On August 8, 1946, Deputy Commissioner Cahalan, Acting Supervisor English, Inspector Henry and Inspector FitzGerald visited the Brighton area. A survey of this area was made.

COMPLAINANTS ASSURED.

On this visit, Mrs. Mary Rosenbaum, 95 Brooks street, Brighton, author of a letter addressed to his Honor, James M. Curley, referring to the odor nuisance, as well as several of her neighbors, was interviewed. Mrs. Rosenbaum recently moved to Brighton, from Rochester,

New York, and she stated the odors were very obnoxious to her and her family; she also stated that the odors were intermittent, that is, not every day and not present at any certain time of day. When it was explained to her that this department was working to overcome this condition and that the operators were hindered in their attempts to obtain equipment and material, due to shortages, priorities and other factors, Mrs. Rosenbaum—being assured that equipment and material was being received daily and being assured that in the near future she could expect an improvement—was satisfied.

The several neighbors interviewed stated that the odors from the Abattoir were not bad, but they did complain of a burning rubbish odor, which we, too, noted in the area. In relation to this latter odor—on investigation it was traced to the Hood Rubber Company dump on the Watertown side of the Charles River, opposite the Abattoir. The Watertown Board of Health office was visited, and Mr. Coburn, agent of the Board, was interviewed. He agreed to take steps to correct this nuisance and contacted the Hood Rubber Company while we were present in his office.

Mr. Owens, Superintendent of the Rendering Plant at the Abattoir, was interviewed, and he assured us that equipment and materials are arriving regularly, and it was noted that contractors' men were at work on several projects on the premises. He also stated that engineers are experimenting with a new chlorine compound for oxidizing the odors, and suggestions of this department that the water curtain and chlorine contact chamber should be enlarged are being considered. In addition, Mr. Owens assured us that any method available to control odors will be used if applicable to this plant.

This division feels that considerable improvement has been accomplished at this plant since last May, and the odor nuisance noted at times is due to breakdown of equipment which should be overcome when new equipment on order is acquired and installed.

It may also be said that the management of this plant has cooperated with the members of this division in every possible way.

Respectfully,

JOHN A. CAHALAN,
*Deputy Commissioner,
Division of Housing and Sanitation.*

POLICE DEPARTMENT ORDER.

General Order No. 732.

The Acting Police Commissioner, having this day heard by reference a complaint made by James F. O'Neil, captain, commanding Division 17, against Patrolman James F. O'Neil of the same division, charging him with violation of Rule 54, section 1, of the Rules and Regulations of the Police Department, to wit: Conduct Unbecoming an Officer; finds the said Patrolman James F. O'Neil guilty as charged, and hereby orders that he be discharged from the Police Department; effective Thursday, August 29, 1946, at 5:45 o'clock p. m.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

MAYOR CURLEY'S REGULAR MONTHLY BROADCAST OVER STATION WMEX.

(Continued from page 1042.)

STATE CANNOT AFFORD TO IGNORE PROBLEM.

In my opinion, Massachusetts cannot afford to ignore the action which has taken place in many of its sister states. The trail which has been blazed by the action of its neighbor, the great empire state, is one worth exploring and following if the future of Massachusetts cities and towns is to be safeguarded. In my opinion the time has arrived for a special legislative consideration of this most pressing problem—the fiscal stability and soundness of local government in Massachusetts.

The cause for increased tax rates in many of the cities and towns of the Commonwealth is due in part to acts of the Legislature in recent years which have resulted in greatly increased costs to municipalities, without any provision by the Legislature for increased revenues to meet these costs. This being so, the burden of these costs must be covered by increased taxes on real estate and personal property. The need for immediate relief is vital, and while I recognize that my suggestion of a commission of revenue should be appointed at this special session of the Legislature, I realize that the results of their recommendations may not make available new sources of revenue for a year or two. The extreme emergency which confronts us suggests new legislation which would produce quick revenue.

The most original, far-reaching and efficacious tax plan so far advocated to relieve municipalities of their financial headaches, and at the same time provide for new sources of revenue, is a state income tax plan, based on studies of the subject made by Richard H. Long of Framingham, Director of the Massachusetts Social Security Association, and Attorney Charles H. McGlue of Boston.

Our Massachusetts State constitution does not permit us to levy a graduated state income tax on individuals and corporations, such as the federal government uses to extract \$1,500,000,000 from our Massachusetts taxpayers each year. However, Massachusetts taxpayers can deduct from their federal income all money paid by them to the State of Massachusetts as state income taxes.

By exempting individuals and corporations of all state income taxes up to \$10,000, and then increasing the individual tax from our present $1\frac{1}{2}$ per cent up to 50 per cent, and then increasing the present corporate income rate of $2\frac{1}{2}$ per cent up to 25 per cent, the Commonwealth of Massachusetts can collect at least \$315,000,000 annually prior to the federal government and then deduct this amount from the federal taxes, and the Massachusetts taxpayer will pay no more in taxes than he does at present.

Just think of it! In 1945, the United States Government collected from Massachusetts individuals and corporations income taxes amounting to \$1,255,000,000, while the Commonwealth of Massachusetts collected the meager sum of \$5,600,000 from incomes, from trades, professions, and employments, and only \$26,800,000 as income taxes from domestic business corporations, or a paltry total of \$32,400,000, less than 3 per cent of the federal total.

The Long-McGlue House Bills No. 1861 and No. 1862 were favorably reported by the legislative committee on taxation in the 1946 legislative session. Although unanimously reported by the Committee on

Taxation, the House Committee on Ways and Means killed both bills in the wee hours of the morning at the last session of the Legislature, and hundreds of millions of dollars that Massachusetts cities and towns sorely need literally went out the window along with the legislative bills.

MASSACHUSETTS NEEDS TO SAVE ITS CITIES AND TOWNS.

What Massachusetts cities and towns need today is a new source of revenue that will not add to the burdens of our Massachusetts taxpayers. House Bills No. 1861 and No. 1862 offer such a solution. With the annual income of \$315,000,000 that this new plan proposes, the real estate taxes in every city and town can be reduced by \$10 per \$1,000, every veteran of World War II can receive a real bonus of \$1,000 by a ten-year plan, and all persons over 60 can receive a pension of \$600 annually for life.

Circulation of money is as important to the industrial life of the Commonwealth as is the circulation of blood to the individual. A transfusion at this time of income tax money now flowing to the federal government at Washington, so that Massachusetts could get \$400,000,000 for our own local purposes, would in all probability make Massachusetts the most progressive and healthful commonwealth in the United States.

The problems confronting the various municipalities of Massachusetts are multiplying yearly. Every mayor of each of our 39 cities and the board of selectmen in each of our 312 towns are at their wits' end, trying to devise methods that will keep the tax rate down and at the same time provide the necessary revenue for the constantly increasing costs of local self-government.

The State Legislature goes blithely on its way, putting across so-called liberal legislation for the inhabitants of our cities and towns, but generally leaves the problem of how to pay for them on the doorstep of our local city or town halls. Everybody, including myself, is for liberality in pay increases, welfare, old age assistance, pensions, and public services in general, but I, for one, believe that the time has arrived for every mayor and every board of selectmen to demand that the State Legislature give the cities and towns new sources of revenue so that these needed and necessary governmental advances be properly met and that real estate and industry in the municipalities not be unnecessarily burdened by high assessments and high tax rates.

In this address I have attempted to indicate "Why a Special Session of the Legislature Is Vital Now." While I usually discuss in my broadcast over WMEX the problems and matters affecting the City of Boston, I have refrained this evening from discussing the affairs of the City of Boston—the largest city in New England—but have, rather, discussed the problems, mostly financial, which confront all the cities and most of the towns of the Commonwealth. This matter of a special session is so vital to the municipalities of the State, that, in my opinion, the request for a special session of the Legislature should be endorsed by all mayors of cities and all selectmen of towns.

Citizens and taxpayers throughout the State can materially aid in this program for a special session by writing to His Excellency the Governor and to their local senators and representatives to support the plea for a special session to be called at the earliest possible moment.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board, held on the following dates, August 14, 21 and 28, the retirement from active service of the following employees and members of the Boston Retirement System, was approved to become effective at the close of business, August 31, 1946:

PARK DEPARTMENT.

John F. Crowley, 48 Montgomery street, Boston, third-class engineer, \$38 a week plus \$200 a year E. C. A.

PUBLIC BUILDINGS DEPARTMENT.

Mary A. Moran, 124 Fisher avenue, Roxbury, cleaner, \$20 a week plus \$3.84 E. C. A.

Catherine Shea, 7 Elm street, Charlestown, cleaner, \$20 a week plus \$3.84 E. C. A.

PUBLIC WORKS DEPARTMENT.

Mary R. Caulfield, 109 Calumet street, Roxbury, provisional clerk-typist, \$1,100 a year plus \$200 E. C. A.

Harry M. Eggers (veteran), 73 Mercer street, South Boston, laborer, \$5.50 a day plus \$100 a year E. C. A.

Patrick J. Mee (veteran), 737 Parker street, Roxbury, temporary deckhand, \$5.75 a day plus \$100 a year E. C. A.

Albert Rose, 51 Bennington street, East Boston, chauffeur-laborer, \$6 a day plus \$100 a year E. C. A., when chauffeur, \$5.50 a day plus \$100 a year E. C. A., when laborer.

SOLDIERS' RELIEF DEPARTMENT.**Veterans' Rehabilitation Division.**

Joseph Maroney, M. D., 758 West Roxbury Parkway, West Roxbury, physician, \$3,500 a year plus \$200 E. C. A.

STREET LAYING-OUT DEPARTMENT.

Mabel C. Johnson, 232 Park street, Dorchester, clerk and typist, \$1,400 a year plus \$200 E. C. A.

The Mayor has approved the following reappointment:

PUBLIC BUILDINGS DEPARTMENT.

George Foley, 39 Middle street, South Boston, janitor, \$33 a week plus \$1.92 E. C. A.

The Mayor has approved the following reinstatement:

PENAL INSTITUTIONS DEPARTMENT.

Andrew A. R. Puzzo, 22 Neptune road, East Boston, officer, \$2,200 a year plus \$200 E. C. A. and maintenance.

The Mayor has approved the following promotions or adjustments in compensation:

AUDITING DEPARTMENT.

William J. Keane, 14 St. Martin street, Charlestown, from senior statistical machine operator at \$2,200 a year plus \$200 E. C. A. to principal statistical machine operator at \$2,200 a year plus \$200 E. C. A.

Daniel A. MacCormack, 857 Saratoga street, East Boston, from statistical machine operator at \$1,800 a year plus \$200 E. C. A. to senior statistical machine operator at \$1,800 a year plus \$200 E. C. A.

HOSPITAL DEPARTMENT.

Margaret McGuire, 11 Lockwood street, Hyde Park, from part-time clerk-typist, permanent, at \$12 a week plus \$200 a year E. C. A. to full-time clerk-typist, permanent, at \$1,000 a year plus \$200 E. C. A.

OVERSEERS OF PUBLIC WELFARE.

Charles A. Hoar, 29 Durant street, West Roxbury, from social worker at \$2,200 a year to social work supervisor at \$2,300 a year plus \$200 E. C. A.

Charles D. Kiely, 44 Capen street, Dorchester, from social worker at \$2,300 a year to social work supervisor at \$2,400 a year plus \$200 E. C. A.

PUBLIC WORKS DEPARTMENT.

Edmund Currie, 15 Marshfield street, Roxbury, from teamster-chauffeur at \$6 and \$5.50 a day plus \$100 a year E. C. A. to carpenter-chauffeur-laborer at \$6.50, \$6, \$5.50 a day plus \$100 a year E. C. A.

John J. Monahan, 25 Chesbrough road, West Roxbury, from teamster at \$5.50 a day plus \$100 a year E. C. A. to inspector, street cleaning, at \$2,100 a year, no E. C. A.

The Mayor has approved the following leaves of absence:

FIRE DEPARTMENT.

Thomas Conneely, 155 Warren avenue, Boston, hoseman, \$2,000 a year.

HOSPITAL DEPARTMENT.

Grace Dowd, 21 Bowdoin street, Dorchester, telephone operator, \$30 a week.

Theresa Quinn, 16 Worcester square, City, hospital medical worker, \$18 a week.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon August 15 the Mayor approved a contract with Daniel Russell Boiler Works, Inc., for repairing and retubing boilers in various schools. Bids were as follows:

Daniel Russell Boiler Works, Inc., \$3,598; Hodge Boiler Works, \$6,485.

Upon August 20 the Mayor approved a contract with R. Tweed & Son for interior painting at the Franklin School. Bids, opened Monday, August 5, were as follows:

R. Tweed & Son, \$2,847; John T. Bradley, \$2,881; John D. Ahern, \$3,319; Joseph G. Gazzola, \$3,690; John S. Leonard, \$3,775; H. Piken & Co., \$5,245.

Upon August 20 the Mayor approved a contract with the Peabody Construction Company for alterations at the Florence Nightingale School. Bids, opened Monday, August 5, were as follows:

Peabody Construction Company, \$6,435; M. Spinelli & Sons Company, Inc., \$7,926; Grande & Son, Inc., \$9,585.

Upon August 20 the Mayor approved a contract with the Massachusetts Contracting Company for laying asphalt surface at the site of the Martha Baker School. Bids, opened Wednesday, August 7, were as follows:

Washington Contracting Company, Inc., \$1,600; F. C. Power Corporation, \$1,760; National Contractors Company, Inc., \$1,925.

Upon August 20 the Mayor approved a contract with the F. C. Power Corporation for regrading, filling, resetting chain link

fence and new asphalt paving at the Phineas Bates School. Bids, opened Wednesday, August 7, were as follows:

F. C. Power Corporation, \$1,860; National Contractors Company, Inc., \$2,300; M. Spinelli & Company, Inc., \$3,972.

Upon August 21 the Mayor approved a contract with John S. Leonard for interior and exterior painting at the Aaron Davis School. Bids, opened Monday, August 5, were as follows:

John S. Leonard, \$3,650; R. Tweed & Son, \$3,747; John D. Ahern, \$4,380; H. Piken & Co., \$4,600.

PARK DEPARTMENT.

Upon August 20 the Mayor approved a contract with the M. S. Kelliher Company for constructing a field house, Ross Playground, Hyde Park, as follows:

M. S. Kelliher Company, \$46,980; John Rugo, \$47,742; J. A. Singarella Company, \$49,370; Martin J. Kelly Company, Incorporated, \$67,481.

On Item 2 (b) Roofing Work, only one bid was received. The amount of the bid was \$943. We felt it was not reasonable for acceptance without competition. We again asked for bids for roofing work and received a low bid of \$892 for this work. In our opinion, this price is a reasonable one, and we desire to substitute it in place of the original price of \$943, so that Item 2 (b) will now read:

Roofing Work, John F. Shea Company, Inc., \$892.

On Item 2 (c) Electrical Work, only one bid was received. The amount of the bid was \$1,065. We felt that it was not reasonable for acceptance without competition. We again asked for bids for electrical work and received a low bid of \$645 for this work. In our opinion, this price is a reasonable one, and we desire to substitute it in place of the original price of \$1,065, so that Item 2 (c) will now read:

Electrical Work, Charles E. Gallagher, \$645.

Therefore permission was given to award a contract for constructing a new field house, Ross Playground, Hyde Park, to the lowest bidder, M. S. Kelliher Company, at the new reduced price of \$46,509, same to be charged to the appropriation. "Park and Playground Improvement, Etc., Revenue."

PUBLIC WORKS DEPARTMENT.

Upon August 20 the Mayor approved a contract with Dooley Brothers, Inc., for concrete pavement in Parker Hill avenue, Ward 10, at an estimated cost of \$39,710. The work to be done under this contract is to be completed November 15, 1946.

The following bids were received:

Dooley Brothers, Inc., \$39,710; James A. Sasi, \$46,155; A. Singarella & Son, \$50,120; M. J. Kelly Company, Inc., \$52,795; Walter Reed Corporation, \$59,150.

Upon August 22 the Mayor approved a contract with Dooley Brothers, Inc., for bituminous concrete pavement in Beech Glen street and Fort avenue, Ward 11, at an estimated cost of \$26,425. The work to be done under this contract is to be completed November 15, 1946.

The following bids were received:

Dooley Brothers, Inc., \$26,425; S. J. Tomasello Corporation, \$27,983.50; Baker & Co., Inc., \$28,070; A. Singarella & Son, \$30,833.50.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses and contractors for furnishing supplies, labor, etc., Communications from the heads of the several departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, August 14, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR:—Your Honor's permission is requested to enter into a contract with the Boston Marine Works, Inc., 2 New street, East Boston, without advertising, for the purpose of making repairs on fireboat "Matthew J. Boyle," Engine 44, as follows:

Furnish material and labor to repair: After boiler, internal feed pipe renewed, diameter 2½ inches, perforated about 14 feet long, including nozzle if required; forward boiler safety valve to be repaired; boiler water heater back pressure valve repaired; filter box division plates renewed; three plates and box to be painted with rust preventive paint; boiler's steam jet examined, and make repairs to same if necessary; main engine high pressure steam piston rod neck bushing refitted; two surface blow-off valves; two bottom blow-off valves; four stop feed line valves; four adjustable check valves; one inspirator checked; two duplex feed pumps; steam piston rings checked; all moving steam valve connections refitted; check piston valves.

Furnish material and labor to remove covers and rotor from each of two pumps; remove impellers, bushings; remove shaft and bushings; assemble impellers on new shaft; reassemble in place and test run to satisfaction of engineer.

Furnish material and labor to install a feed water chronometer valve.

Furnish and fit eight piston rings for feed pumps.

Refitting walking beam bearings on air pump.

Furnish labor and materials for repairing one steam dry pipe in the after boiler, size 5 inches diameter and approximately 10 feet long in two sections, including one slip sleeve; removing all pins, retaining nuts and bolts, replacing all defective parts with new materials.

The total cost of the foregoing work will be \$2,000.

The repairs are required in order to place the boat in safe operating condition and so that it will pass inspection by the Marine Inspection Service of the U. S. Coast Guard before a new operating certificate is issued by the Coast Guard.

In my opinion it would be in the best interests of the city to award the contract for this work to the Boston Marine Works, Inc., without publicly advertising for bids, inasmuch as that company has recently completed a contract for retubing the after boiler on the boat in a highly satisfactory manner.

The cost of the work detailed above appears to be reasonable and it is imperative that fireboat, Engine 44, be placed in active service as soon as possible as we have only one boat of considerable age in service at present.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, August 20, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Commonwealth of Massachusetts, under legislative act, will increase the rate of board for children under its care who are in foster homes effective September 1, 1946.

The rates now paid by the City of Boston for children in these homes are as follows:

Children up to 3 years of age, \$6.50 per week.

Children over 3 years of age, \$6 per week.

The rates the State proposes to pay are as follows:

Children up to 2 years of age, \$10 per week.

Children between 2 and 5 years, \$8 per week.

Children over 5 years of age, \$7 per week.

The City of Boston's rate for board in foster homes for the children under its care has consistently been the same as the State's. As these rates have been given public notice, we are faced with the possible loss of a great number of our homes, if our rates are not made commensurate with the State's, and this loss would cause us a hardship.

To increase the board of our children on a par with the State would involve an annual increase of expenditure of \$62,650. Based on the present number being boarded (1,006) the additional expense for four months beginning September 1, 1946, would be \$20,883. We are able to absorb this increase of \$20,883 in our budget this year without requiring an additional appropriation. Our ability to do this is for the reason that we have been able to effect considerable savings this year in habilitating children for positions and starting them on their careers. These children remain under our supervision but cause no expense for board and care.

I respectfully request your permission to grant this increase which is deemed by me to be justifiable, and to notify the foster homes that the City intends to increase its rates to equal the Commonwealth's rates.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

LIBRARY DEPARTMENT.

BOSTON, August 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to award a contract without publicly advertising to the M. A. MacLeod Company, 40 Court street, Boston, for certain repairs to the granite platform at the northeasterly side of the main entrance of the Central Library building. A situation has arisen there which (1) is not only hazardous to the public but also (2) may lead in time to deterioration of the area immediately under the platform and which constitutes the ceiling of the basement space below.

The row of stones immediately behind the top steps of the platform has settled along the front edge causing (1) a walking hazard and (2) a spot where water collects after a rainfall. At the suggestion of our engineers, J. B. Worcester & Co., 70 Milk street, Boston, the trustees engaged M. A. MacLeod Company, contractors, to remove three or four lengths of the top granite stones on the platform to deter-

mine the reason why certain of these stones have been pushed upward and forward so that there is an offset of 1 inch to 1½ inches in the top surface of the granite, thus causing the back of the top steps to be higher than the top of the flagging. Upon the removal of a few stones by the contractors and the engineers, it was found that the grout which had been placed beneath the stone steps had entirely disintegrated into a homogeneous, pulverized mass of fine gray sand completely lacking in cohesion or cementing material. The grout therefore became a reservoir for dampness and frost to accumulate, thus pushing the steps upward and forward. In order to correct this particular condition, the engineers have recommended that approximately thirteen stones which are now out of level be removed so that the old material under them can be cleaned out and the stones be reset.

The engineers and contractors have stated that the nature of this work is such that specifications cannot be written in advance and that the work can thus be done satisfactorily only on a cost-plus basis. It is believed that the expected cost will not exceed \$5,000. Inasmuch as the preliminary investigatory work has been done satisfactorily by M. A. MacLeod Company, it is respectfully recommended that approval be given for entering into a contract with M. A. MacLeod Company, 40 Court street, Boston, without public advertising for this work on a cost-plus basis, the total cost not to exceed \$5,000.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ABRAHAM E. PINANSKI, *President.*

PARK DEPARTMENT.

BOSTON, August 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Park Commissioners respectfully ask your approval to renew the lease for the refreshment concession at the Refectory Building, Franklin Park, to John P. Burke of 43 Braeburn road, Hyde Park, for a period of five years from October 1, 1946, at the rate of \$5,000 per year.

In 1928 the Board of Park Commissioners advertised in the *City Record* for bids on the concession privilege at Franklin Park and as a result of this advertising, the concession was awarded to William J. Burke, now deceased, father of the present lessee, John P. Burke. Mr. Burke was the highest bidder at that time. By extension and renewal, this family has continued to hold the lease at this location since that time, a period of eighteen years, and they have always conducted the business in a manner satisfactory to the Board of Park Commissioners. In addition, they have never failed to pay the city the rental as it has come due.

The Board, therefore, feels that a renewal of this lease for the term stated herein should be given to John P. Burke, because we feel that nothing would be gained by advertising and that it would be for the best interests of the city to grant a renewal of the lease.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, August 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Due to the unusual amount of work in this department this summer, particularly on the beaches and parks and

the clearing away of fallen trees due to storms, it has been necessary for us to hire outside truck men. We retained the services of A. DeStefano & Son, 190 Orient avenue, to work on the beaches and the cleaning up of trees.

Mr. DeStefano has already been paid on two service orders, one for tree work in the amount of \$533.60 and another for cleaning of beaches in the amount of \$464. These two orders amounted to \$997.60. I felt that I would not need his services any longer and, as the work was not over \$1,000, I did not write for your permission.

However, I find now that I will need the use of a truck and two men for the Franklin Park area and the cost of this work will then bring the total amount paid to Mr. DeStefano more than \$1,000. I therefore respectfully request that you approve the hiring of a truck from this man at the rate of \$3.50 per hour with driver and with two additional men at the rate of \$1.15 per hour, to be charged to the B-39 item in our budget.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, August 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In order to place the Pleasure Bay and Head House beaches in good condition it was necessary for us to retain the services of a contractor who could furnish a bulldozer, operator, and the proper equipment for the grading and levelling of the beaches mentioned herein.

This department retained the services of C. J. Maney Company, Inc., 24 Dane street, Somerville, who have the necessary equipment for doing this type of work.

They were employed between the dates of June 17 and July 10, inclusive. The cost of doing this work amounted to \$1,338.81.

I respectfully request your permission to pay C. J. Maney Company, Inc., for this work, same to be charged to the appropriation "Park and Playground Improvements, Etc., Revenue."

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

PRINTING DEPARTMENT.

BOSTON, August 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to award a contract, without publicly advertising for bids, to Remington Rand, Inc., in the sum of \$6,500, for continuous pay roll forms for the Central Pay Roll Division, Auditing Department, as follows:

75,000 "Preliminary" continuous pay roll forms, 3-part.

75,000 "Final" continuous pay roll forms, 3-part.

As these pay roll forms are to be used on Remington-Rand tabulating machines, operated by a control device built for exclusive use on this type tabulator, and as service on machines and forms will be rendered by this company, no advantage would be gained by publicly advertising for bids.

Respectfully yours,

JOHN J. TWOMEY, *Superintendent.*

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, August 19, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This department is in receipt of a communication from the

Building Department, same being "Notice—Violation of Law" described as follows:

August 13, 1946.

"Section of rear cornice on both corners loose and liable to fall into Court square.—To remedy this condition (and have it comply with the aforesaid law) it will be necessary to remove said rear sections and rebuild."

JOHN J. MAHONEY,
Building Commissioner.

Examination of the premises has disclosed a condition that must, of necessity, be handled immediately and, time being of the essence, I feel that the city's interests will be best protected by proceeding with the necessary work while the weather is still propitious for this type of work.

It is humanly impossible to prepare a comprehensive specification to advertise the required work, and I therefore respectfully request permission to award a contract to Daniel Marr & Son, Inc., to make an investigatory examination of the premises in a sum in excess of \$1,000, and not in excess of \$3,000, without the usual form of advertising.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

SUPPLY DEPARTMENT.

BOSTON, August 8, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is respectfully requested that the Supply Department be allocated from the Departmental Equipment Loan the sum of \$1,500 to cover the purchase of a Ford sedan.

It has become increasingly apparent that the purchasing functions of this office can be best served by more frequent inspection and on-the-spot buying trips of the buyers, since proper purchasing procedure demands more than the general clerical work involved in the placing and processing of purchase orders.

The department has been considerably handicapped in this respect because of the lack of a means of transportation, and this situation has been intensified since the inception of the War Assets Administration program in selling surplus properties to municipalities.

The purchase of surplus properties necessitates the attendance of a representative of this office in order that the material to be purchased shall be suitable for the city's needs, and, more important, in order that the purchase might be effected immediately as required by the War Assets Administration. At the present time, this office is unable to avail itself to the fullest extent of the opportunity to purchase such surplus properties since transportation depends upon the borrowing of an automobile from other departments.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is requested to purchase from the John P. Squire Company 20,000 pounds of pure lard in anticipation of a shortage after the O. P. A. regulations are effective on August 20.

In my opinion, there will be a shortage of lard and it will be practically impossible

to purchase. The City Hospital, Sanatorium, Long Island and Deer Island use 2,750 pounds each month.

The cost of this lard will be 34½ cents each pound. The total amount of the contract will be \$6,900.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of an emergency purchase of 289 pairs of boys' shoes from the A. Sandler Company, 185 Essex street, Boston, is respectfully requested.

This purchase was made without public advertisement for bids because of the fact that the shoes were needed immediately by the Child Welfare Division of the Institutions Department, and the price of \$3.85 a pair quoted by the Sandler Company was extremely favorable under present conditions.

The total amount of the award will be \$1,109.65.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 19, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of July 22, 1946, bids were publicly opened and read at this office on proposals for furnishing seventeen radio transmitting and receiving units for the Fire Department.

The lowest bidder, Harvey Radio Laboratories, Inc., 447 Concord avenue, Cambridge, submitted a bid of \$380 for each complete unit and is prepared to furnish Har-Cam Model MFTR-30.

This equipment has been approved by the Fire Department, and your permission is requested to award the contract to Harvey Radio Laboratories, Inc., at its price of \$380 for each unit complete with accessories as called for in the proposal. The total amount of the contract will be \$6,460, less a cash discount of 2 per cent for payment in ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

REALLOCATIONS AND TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the requests of the heads of the departments indicated for permission to transfer or reallocate appropriations, as follows:

FIRE DEPARTMENT.

BOSTON, August 13, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's approval is requested of the following reallocation in the 1946 Fire Department budget:

From B-35, Service of Venires, etc., \$115, to B 28, Expert, \$115.

It has been the custom in this department for many years to have the portraits of chiefs of department painted on old-fashioned fire buckets and hung in the Department Headquarters. This was recently done in the case of Chief Pope, retired, and Chief of Department Boutilier.

The cost of the work is \$115, and is chargeable to Item B-28 in the 1946 budget in which item there are no funds. However, there are sufficient funds in Item B 35 to allow for the above reallocation.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, August 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Authority is requested to reallocate funds as follows:

Long Island Hospital.

From D-3, Fuel, \$600, to D-15, Tobacco, \$600.

To provide for tobacco for the remainder of the year. The population and prices have increased and more than the average amount has been distributed to inmates in return for services, due to shortage of employees. We expect to have sufficient balance under D-3 to cover this item.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, August 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Authority is requested to transfer funds as follows:

Steamer "Stephen O'Meara."

From B-39, General Repairs, \$500, to A-2, Temporary, \$500.

To provide for payment of substitutes during absence of permanent employees on account of illness. More than the average amount has been required this year for that purpose. Our chief engineer, who receives a salary of \$2,700, was seriously ill for approximately three months, for which he was paid under the provisions of chapter 7, Ordinances of 1945.

We expect to have sufficient balance under B-39 to cover transfer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

OVERSEERS OF PUBLIC WELFARE.

BOSTON, August 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfer in the Central Office appropriation of this department:

From B-1, Printing and Binding, \$210.40, to B-18, Cleaning, \$210.40.

To provide funds for cleaning windows in department offices. This department had intended to have rebound a substantial amount of directories and police lists but as the cleaning of the windows is more important, the rebinding of these books will be put over until the 1947 budget.

Respectfully yours,

WILLIAM G. O'HARE, Secretary.

BOSTON, August 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfer in the Central Office appropriation of this department:

From B-8, Light, Heat, Power, \$54, to B-14, Motor Vehicle Repairs, \$54.

To provide for emergency repairs to department car. It is expected that the full amount of this item will not be expended this year.

Respectfully yours,

WILLIAM G. O'HARE, *Secretary.*

PARK DEPARTMENT.

BOSTON, August 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you alter our budget by allowing the following transfers:

From B-42, Miscellaneous, \$10, to B-16, Care of Animals, \$10.

This transfer is needed to cover the cost of medicine for Park Department horses.

From E-13, General Plant, \$300, to E-2, Highway, \$300.

This transfer is needed to pay for cold patching materials for emergency repairs of parkways.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, August 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to make the following transfers within the budget of this department:

From C-17, Miscellaneous Equipment, \$50, to C-13, Tools, \$50.

From E-18, Miscellaneous Materials, \$125, to E-2, Highway, \$125.

From D-16, Miscellaneous Supplies, \$150, to D-5, Medical, etc., \$150.

It will be necessary to alter the budget on these three items for the following reasons: The C-13 item has been over-drawn; the money on the E-2 item will be needed to pay for a stock of sand for sanding roadways; in the D-5 item the money is needed so that we may purchase a proper amount of medical supplies to have on hand for the opening of the gymnasiums in the fall.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

PARK DEPARTMENT.

(Cemetery Division).

BOSTON, August 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to make the following transfer of funds in the budget of the Cemetery Division, Park Department:

From B-42, Miscellaneous Services, \$800, to C-17, Miscellaneous Equipment, \$800.

This transfer is requested to provide money for the purchase of concrete liners to be used in connection with burials in our cemeteries. These liners are paid for by the owners of the burial plots at time of interment and receipts are deposited in our General Cemetery Fund. A profit is made by the city on each liner sold.

We have sections in our cemeteries, recently developed, where burials cannot be made without the use of liners, and we have had more burials in these sections than anticipated. The use of liners saves labor at time of burial, and their use prevents later sinking of the graves, from collapse of wooden boxes, and here again labor is saved by avoiding the necessity of filling in sunken graves.

We find that we will need more liners than originally anticipated, and the use of

these liners is financially and physically advantageous to our cemeteries.

The money is available in the B-42 item and is now needed in the C-17 item of our budget.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

PUBLIC WORKS DEPARTMENT.

BOSTON, August 19, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Approval is respectfully requested for the reallocation in the Water Division budget for the year 1946, as follows:

From C-4, \$8,000, to C-13, \$8,000.

Reasons for reallocation: Money needed for the purchase of tools and equipment for use at the municipal garage.

There is sufficient money in C-4 to allow for this reallocation.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

TREASURY DEPARTMENT.

BOSTON, August 20, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request the following reallocation of funds within the 1946 Treasury Department budget:

From D-1, Office Supplies, \$100, to B-39, General Repairs, \$100.

Numerous breakdowns of old equipment has necessitated the expenditure of our entire allowance for repairs. This reallocation will provide funds for this purpose for the balance of the year.

Very truly yours,

HENRY F. BRENNAN,
City Treasurer.

FIRE DEPARTMENT ORDER.

General Order No. 52.

I. RETURN TO DUTY FROM ARMED FORCES.

The following-named member who has been serving in the armed forces of the United States returned to duty in the department, effective at 8 a. m., Wednesday, August 28, 1946:

Ladderman Daniel G. Ford, Ladder Company 21.

The following-named who have been serving in the armed forces of the United States will return to duty in the department, effective at 8 a. m., Wednesday, September 4, 1946:

Hoseman John F. Booth, Engine Company 40.

M. O. P. Joseph E. Landry, Rescue Company 3.

II. NEW FIRE ALARM BOXES ESTABLISHED.

In the near future the fire alarm boxes listed below will be established and put in service in the Veterans' Temporary Housing area, located on Soldiers Field Road, adjacent to the Harvard School of Business Administration.

12-5225, Veterans' Temporary Housing, Harvard Way Extension North.

13-5225, Veterans' Temporary Housing, Harvard Way Extension South.

These fire alarm boxes should be added to Assignment Card for Box 5225.

Box 12-5225 will be connected in Circuit No. 14, and Box 13-5225 will be connected in Circuit No. 82.

III. G. A. C. ASSIGNMENT.

The following signal number is to be added to the running cards of the G. A. C. in this department:

Signal 297, 290 Boylston street, building. Apparatus to respond: Engine Company 22, Ladder Company 13, District Chief 7. Nearest box is 1534.

IV. BOSTON FIREMEN'S POST No. 460, V. F. W. CONVENTION PARADE.

If weather permits, during the Convention Parade on Wednesday afternoon, September 4, the members of Boston Firemen's Post No. 460, V. F. W., may dispense with their sack coats and wear uniform hats, blue pants, white shirts, black ties, and corporation badge on shirt.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

CIVIL SERVICE EXAMINATIONS.

MEDICAL INSPECTOR, BOSTON HEALTH DEPARTMENT, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: \$2,000 a year for part-time employment, plus a temporary increase as authorized by the City of Boston.

Vacancies: At present there is one vacancy for a male to be filled on a permanent basis.

Duties: To render pediatric service in baby and pre-school clinics of the Health Department; to diagnose and perform immunization against reportable diseases; to analyze cases of food poisoning; to enforce lawful measures for the prevention of the spread of communicable diseases, and supervise the isolation and quarantine of such diseases; and to perform related work as required. A knowledge of Public Health Laws and Regulations as they relate to communicable diseases is necessary.

Entrance Requirement: Applicants must be registered physicians under the State Board of Registration in Medicine on the date of filing application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

AIDS PAID TO PUBLIC ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME OF MASSACHUSETTS SCHOOL FUND.

State participation in the financing of education began with the establishment of the Massachusetts School Fund in 1834, the income from which was to be used "for the aid and encouragement of common schools," (chapter 169, Acts of 1834). The principal of this fund is now \$5,000,000. The income of the fund has been distributed in many different ways. In 1835, population and the amount raised by local taxation for school support were the determining factors. Many changes followed until the present complex provisions were enacted, mostly in 1919, with some modification in later years.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

A NEW POSITIVE WATER-METER TESTER.

The large majority of waterworks, particularly the smaller ones, seldom have accurate or positive means of testing their meters. Often when a meter is repaired, the man making the repairs simply blows through the meter to see if it runs, when it is again put into service with the assumption that it is accurate. Sometimes meters are hooked up in series with a new meter and water is run through to see if the readings check. This is better than the lung-power method, but still is far from accurate or dependable, in that the test meter may be in error by 2 per cent or even more. Several states have regulations governing water utilities, both municipal and private, and require a positive method of testing water meters in every meter shop.—*American City Magazine*.

MILK PLANT INSPECTION SERVICES IN BOSTON FOR THE YEAR 1942.

Total number of services, 170,516; dairies inspected, 126; inspections of country creameries, 1,054; bacteriological examinations at country creameries, 8,931; milk cans inspected, 108,371; milk cans condemned, 6,443; milk temperature tests, 47,804; inspections of licensed dealers, 2,563; inspections of establishments for pasteurization of milk, 1,414; inspections of ice cream plants, 98; investigation of high counts, 149; laboratory inspections, 6; abatement notices served on licensed dealers, 719; dairies excluded because of poor quality milk, 945; dairies readmitted after compliance with requirements, 822.

SEA-GOING DRY DOCKS.

Bigger than a battleship! That's the rough proportion of some of the new Navy floating dry docks which can be towed or self-propelled at speeds sufficient to follow our fleet into action. Indeed, the dry docks are large enough to handle even a mighty battleship when it needs repairs or overhauling.

Never before have floating dry docks been built so large, taken so far. Never before have docks of this character been so mobile. The Navy has spent upward of \$300,000,000 on their floating dry dock program and it has been a shrewd investment. Now, instead of damaged warships traveling the thousands of miles from the theaters of action to an American coastal dry dock for repairs, it can be placed in a floating dry dock on the spot in a matter of hours, thus saving precious time.

STATE-COLLECTED TAXES SHARED BY CITIES AND TOWNS.

Approximately \$5,000,000 are distributed each year among all cities and towns as reimbursement of a portion of the amounts expended locally for salaries of teachers in the public schools. This one distribution constitutes about 80 per cent of all fiscal aid paid by the Commonwealth to cities and towns to assist in financing public schools. As the amount paid to each city and town depends upon the number and educational preparation of teachers employed, it favors well-to-do towns which can afford to hire more and better qualified teachers, and penalizes towns which by reason of less favorable circumstances operate their schools with fewer teachers. The original objective of this distribution was to raise standards of teacher preparation and to encourage local governments to pay certain established minimum salaries. As a means toward these objectives this distribution has outlived its usefulness.

BOND SALES.

Labor, farm, school and women's groups were responsible for 1943's greatest sale of E Bonds.

Using the person to person approach, Payroll Savings added two million workers—bringing its ranks to 26.4 million. Payroll Savings allotments jumped from 355 millions in December, 1942, to 445 millions in October, 1943. Thousands of labor-management War Bond committees were organized.

Farm committees worked intensively through personal solicitation and farmers' organizations to convert a large share of the largest farm income in history into War Bonds.

In the schools, the nation's youngest group of Bond buyers is rapidly enlisting every pupil in America.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

SHIPBUILDING IN 1943.

In 1943 the privately operated shipyards of America came up with another miracle, shattering all world records, producing merchant shipping of approximately 19,000,000 deadweight tons, a volume equal to one fifth of total world shipping at the outbreak of the war and about two and a half times the tonnage built in 1942. Private shipyards also built about 90 per cent of all of the new U. S. Navy ships built during the year. If the man-hours utilized in building naval ships could be translated into merchant ships, the combined volume would be in excess of 40,000,000 deadweight tons. Privately operated ship repair yards repaired and made seaworthy about 23,000 ships in all classes during the year. Total employment generated by the industry is approximately 3,000,000. Private yard and Navy yard 1943 pay rolls, at the prevailing wage rates, are more than \$4,300,000,000 paid to labor and shared by almost every state.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town policy, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

1943 GREAT LAKES COAL AND GRAIN TRAFFIC.

For the 1943 season of navigation, through December 4, coal forwarded to Great Lakes docks from American ports on Lake Erie totaled 45,518,603 tons, according to a report by Solid Fuel Administrator Ickes. This was 1,858,604 tons less than in 1942, the report said. Lake navigation began a month later than it did in 1942 and strikes in the coal producing areas in May and June and in October and November temporarily reduced the flow of coal toward the Lake Erie ports. Coal received at American docks on Lake Superior, according to the report, totaled 11,111,625 tons in the 1943 season of navigation, 15 per cent above the 9,823,000 tons received there in 1942. The 1943 total, it said, exceeded the season's quota by more than 300,000 tons.

War Food Administration officials expressed the opinion that final figures would show a total of 190,000,000 bushels of grain moved via the Great Lakes to northeast ports for domestic consumption in 1943. This was greatly in excess of the 135,000,000 bushels set as the year's quota. The War Shipping Administration said that the larger quota had been set in view of added facilities to be available in 1944. These included thirteen vessels returned to the Great Lakes from ocean service by the W. S. A. and the completion by November 30, 1943, of sixteen new ore carriers for the Maritime Commission, all of which would be available for Great Lakes transportation in 1944.

NOTICE OF TAX TAKING.

THE COMMONWEALTH OF MASSACHUSETTS.

CITY OF BOSTON.

OFFICE OF THE COLLECTOR OF TAXES.

September 7, 1946.

TO THE OWNERS OF THE HERINAFER DESCRIBED PARCELS OF LAND SITUATED IN THE CITY OF BOSTON, IN THE COUNTY OF SUFFOLK, AND THE COMMONWEALTH OF MASSACHUSETTS, AND TO ALL OTHERS CONCERNED.

You are hereby notified that on Wednesday, the twenty-fifth day of September 1946, at 9:30 o'clock a. m. pursuant to the provisions of General Laws (Ter. Ed.), chapter 60, section 53, and by virtue of the authority vested in me as Collector of Taxes, it is my intention to take for the City of Boston the following parcels of land for non-payment, after demand, of the taxes thereon as defined in General Laws, chapter 60, section 43, with interest and all necessary intervening charges, or any unpaid balance of said taxes, unless the same shall have been paid before that date.

WARD TWO.

Andrew and Bertha Campano—Land, with buildings thereon, on the southeasterly side of Bolton place, numbered 12, between an estate of Gardner Bates and an estate of Gardner Bates, and supposed to contain 563 feet, water and costs for 1942 . . . \$8 50
Water and costs for 1943 . . . 11 00
Water and costs for 1944 . . . 11 00

WARD NINE.

Lillian O. Daniels—Land, with buildings thereon, on the southwesterly side of Vernon street, numbered 88, between an estate of Home Owners Loan Corporation and an estate of Rose A. Mulrey, and supposed to contain 1,227 feet, tax for 1942 . . . \$18 90
Paid on account . . . 78 90

Balance due . . . \$40 00

WARD TEN.

Edward and Catherine Kenney—Land, with buildings thereon, on the north-easterly side of Conant street, numbered 127, making the easterly corner of Reno street, adjoining an estate of Hugh J. Cassidy, and supposed to contain 1,783 feet, tax for 1941 . . . \$217 80
Paid on account . . . 55 40

Balance due . . . \$162 40

WARD ELEVEN.

James C. Daly (reassessed from Louise A. Knauber and Ida P. Daly) for the years 1941, 1942, 1943 and 1944, and James C. Daly for the year 1945—Land, with buildings thereon, on the southwesterly side of Dorchester street, numbered 29, between an estate of Ann Casey and another and an estate of Dorothy Gordon, and supposed to contain 2,713 feet, tax for 1941 . . . \$142 56
Tax for 1942 . . . 147 60
Tax for 1943 . . . 147 60
Tax for 1944 . . . 143 64
Water and costs for 1943 . . . 11 00
Tax for 1945 . . . 153 00
Water and costs for 1944 . . . 11 00

WARD FIFTEEN.

Katherine I. Merrick—Land, with buildings thereon, on the northeasterly side of Mt. Ida road, numbered 18, making the northerly corner of Potomac street, adjoining an estate of Kathleen Mary Brown, and supposed to contain 7,261 feet, tax for 1944 . . . \$217 38
Tax for 1945 . . . 263 50

WARD TWENTY.

William E. Ginsburg (reassessed from David H. Dane, mortgagee in possession) for the year 1941, and William E. Ginsburg for the year 1945—Land, with the buildings thereon on the southwesterly side of Baker street, numbered 340, between an estate of Leo H. Lang and another and an

estate of Boston Edison Company, and supposed to contain 7,297 feet, tax for 1944 . . . \$239 10
Paid on account . . . 159 60

Balance due . . . \$79 80
Tax for 1945 . . . 170 00
Water and costs for 1944 . . . 21 92

Mildred M. Benjamin—Land, with buildings thereon, on the southeasterly side of Addington road, numbered 45, between an estate of Arthur R. Murphy and another and an estate of Gladys E. McLaughlin, and supposed to contain about 3,750 feet, registered in the Suffolk Registry District of Land Court, certificate number 43084, Book 211, page 81, tax for 1944 . . . 19 95

Appportionment of sidewalk construction assessment for 1944 . . . 12 94
Water and costs for 1943 . . . 24 92
Tax for 1945 . . . 21 25

Appportionment of sidewalk construction assessment for 1945 . . . 11 74
Water and costs for 1944 . . . 21 24

Dorothy A. Mitchell—Land, with buildings thereon on the southeasterly side of Woodard road, numbered 24, making the easterly corner of Stratford street, adjoining an estate of George F. Snell and another, and supposed to contain 9,075 feet, tax for 1944 . . . \$359 10
Paid on account . . . 358 10

Balance due . . . 1 00
Tax for 1945 . . . 382 50
Appportionment of street construction assessment for 1945 . . . 15 24

DANIEL F. DONOVAN,
Collector of Taxes for the City of Boston.

AIRCRAFT MATERIAL PRODUCTION 41 PER CENT OF TOTAL AUTOMOTIVE WAR JOB.

Behind current attempts to knock Germany out of the war by means of airpower, stands the teamwork of the automotive industry, which has done much to get bombers in the air over Hitler's domain.

The motor industry, starting as a scrub team in the aircraft field a year before Pearl Harbor has since attained major league stature.

In the two years since December 7, 1941, the industry's output of bombers and fighters has constantly soared. Measured in dollar volume, it rose from \$400,000,000 annual rate of production on the day of the Jap's assault to \$4,300,000,000 on the second anniversary of that "day of infamy."

The same upward spiral took place in deliveries of all forms of war materials by automotive plants. When Pearl Harbor news struck, they had reached an annual production rate of \$1,777,000,000 for all forms of military requirements: aircraft, military vehicles, tanks, guns, ammunition, marine engines and other equipment. Today the annual production rate tops the \$10,000,000,000 mark.

PORT STORAGE IMPORT ORDER.

The Office of Defense Transportation, in an amendment to its general order No. 16, has instituted a permit system for acceptance by railroads or truckers of shipments of domestic or import freight to specified port areas for storage for the account of a government agency in a public warehouse in such area. Growing volume of imports, due to decline in ship losses, the O. D. T. said, was putting added strain on port storage facilities thus making the institution of a permit system necessary.

PROCEEDINGS OF CITY COUNCIL.

Monday, August 26, 1946.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President KELLY presiding. Absent, Coun. Hannon, Hurley, McCormack.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.: Weighers of Goods, for term ending April 30, 1947: Joseph B. Potter, 561 Broadway, Somerville; Newton Atwood, 39 Trowbridge street Arlington; and Samuel Bloch, 30 Sea Foam avenue, Winthrop.

Referred to the Committee on Constables and Confirmations.

PETITION FOR BUS ROUTE.

The following was received:

1. Petition of Leo Shief, 48 Waumbek street, Roxbury, for right to operate motor vehicles carrying passengers for hire from Park square to Mattapan square.

Referred to the Committee on Licenses.

ALTERATION OF TRACKS.

The following was received:

1. Order by the Street Commissioners, Boston Elevated Railway Company, for alteration of tracks on South street, West Roxbury, between Boynton street and McBride street, Location 109.
2. Order by the Street Commissioners, Boston Elevated Railway Company, for alteration of tracks on Bunker Hill street, Charlestown, between Ferrin street and Sprague street, between Elm street and School street, and between Mead street and Auburn street, Location 110.
3. Order by the Street Commissioners, Boston Elevated Railway Company, for alteration of tracks on Bennington street, East Boston.

Placed on file.

NOTICE OF APPOINTMENTS.

Notice was received from the Health Department of appointment of Louis J. Bernardi, 29 Leyden street, East Boston, as inspector of housing and sanitation at \$1,800 a year plus \$200 E. C. A., effective August 7, 1946.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

James C. Heshion, for compensation for damage to car caused by an alleged defect in bridge at Castle square.

George A. Schultz, Jr., for compensation for damage to car caused by fire apparatus.

Clyde E. Strickland, for compensation for damage to property at 206 Stratford street, caused by backing up of sewerage.

CHELSEA AND BENNINGTON STREET WIDENING.

Coun. COFFEY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to consider the advisability of widening the junction of Chelsea street and Bennington street, from 369 Chelsea street to 295 Bennington street, at Day square, East Boston, as the particular section of East Boston under the present condition creates a traffic bottleneck, which in turn makes the traffic problem hazardous to children and motorists alike.

Passed under suspension of the rule.

ACT TO AUTHORIZE CITY TO PAY SUM OF MONEY TO PARENTS OF FRANCIS RICCI.

Coun. COFFEY offered the following:

Ordered, That chapter 556 of the Acts of 1946, entitled "An Act Authorizing the City of Boston to Pay a Sum of Money to the Parents of Francis Ricci" be, and the same hereby is, accepted.

Referred to Executive Committee.

PAYMENT TO PARENTS OF FRANCIS RICCI.

Coun. COFFEY offered the following:

Ordered, That under the provisions of chapter 556 of the Acts of 1946, the sum of five thousand dollars be paid to the parents of Francis Ricci.

Referred to Executive Committee.

NAMING OF STREETS.

Coun. RUSSO offered the following:

1. Ordered, That the Committee for Naming Squares, Streets and Playgrounds be requested, through his Honor the Mayor, to consider the advisability of naming the intersection at Shawmut avenue and Dwight street, Ward 3, in memory of George and Sheffie Abraham, 262 Shawmut avenue.

2. Ordered, That the Committee for Naming Squares, Streets and Playgrounds be requested, through his Honor the Mayor, to consider the advisability of naming the intersection at Shawmut avenue and Milford street, Ward 3, in memory of Samuel Naser.

3. Ordered, That the Committee for Naming Squares, Streets and Playgrounds be requested, through his Honor the Mayor, to consider the advisability of naming the intersection at Oak and Hudson streets, Ward 3, in memory of Michael Abraham, 77 Oak street, Boston.

Passed under suspension of the rule.

LAYING OUT OF STREETS.

Coun. FISH offered the following:

1. Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out the private way between 44 and 46 Chickatawbut street, Ward 16, as a public street.

2. Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Orme street, Ward 16, as a public street.

Passed under suspension of the rule.

RECESS.

On motion of Coun. COFFEY the Council voted at 2:20 p. m. to take a recess, subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 2:45 p. m.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. MORIARTY, for the Committee on Public Lands, submitted the following:

1. Report on the message of the Mayor, on order referred April 8, 1946, for the sale of land at Chestnut Hill avenue and Commonwealth avenue at an upset price of \$125,000—recommending that same ought to pass.

Coun. MUCHNICK—Mr. President, I would like to know from the chairman of the committee what the upset price is and a little about the company so that I could get a picture of it.

President KELLY—The clerk will kindly read the order. (The order was read by the clerk.)

Coun. MORIARTY—As the order states, Mr. President, this is for the sale of a piece of publicly owned city property in Brighton on Chestnut Hill avenue and Commonwealth avenue. There are 66,000-odd square feet of land. The upset price is \$125,000. The public auction is to be conducted by the Real Estate Division of the City of Boston. The Real Estate Commissioner has no control over the bidding of the parties. It is to be publicly advertised in the Boston newspapers. The order does not state it is a direct sale to any particular purchaser. After public advertising, any real estate parties interested are free to bid. It puts to work, Mr. President, some idle city property which in time will bring revenue into the city through taxation.

President KELLY—Does that answer the councilor?

Coun. MUCHNICK—I do in great part. I have been informed—I do not know how true my information is—that this is part of some land which either was a playground area or supposed to be used as a playground area. If there is any truth in that information, which I just learned this morning and did not have a chance to check, it seems to me the use of this property for a playground, either present or future, is more important than the sum of \$125,000, particularly when there is a lack of playground facilities throughout the city. I would like to make a motion, if it is in order at this time—

President KELLY—We had ought to hear from the councilor in the district and get his version of it. Maybe he can enlighten you.

Coun. MUCHNICK—I am willing to hear from the councilor from the district. Do you mean my motion is not in order?

President KELLY. It is in order. I thought you wanted some information as far as the playground part of it is concerned.

Coun. LANE—That piece of property in dispute is located on the corner of Chestnut Hill avenue and Commonwealth avenue. The parcel was deeded some seventy or more years ago with specific reference it be used for a park or playground purpose. It has never been so utilized. They have been using it for the past three or four years for Victory garden purposes. They have not been too successful. His Honor the Mayor directed a letter to the Park Commissioner asking what his opinion was as to its possible use for park purposes. I read the correspondence. He wrote to the Mayor and said it was unsuited for park

purposes and it would be offered for sale. The Law Department then declared it could be offered for sale. As a result, the order came up here. It is in a zoned area. No one has approached me or is interested in it whatever. I have discussed the location with various real estate people. It is a good location. I do not think the city would have any difficulty disposing of it properly at a suitable figure. The upset price is \$125,000. The Park Commissioner in his correspondence with the Mayor stated in his opinion it is unsuited for the purpose for which it was originally deeded to the city many years ago.

Coun. MUCHNICK—After what I heard from the councilor from the district, it seems to me this matter ought to lay over a week or two. I would like to ask the Park Commissioner why this land is unsuited for park purposes. More important than that, it seems to me if this land was deeded to the City of Boston seventy years ago for the purpose of being used only as a playground and play area, we do not have the legal right to sell it. I would like to discuss this matter and other members of the council might like to do so with the Law Department to see if there is any necessity for getting a Probate Court decree to allow the sale of it. For that reason I move it be laid over until our next meeting. We can invite the Law Department to send a representative down. We can invite the Park Department to be present so that we can question them.

The question came on laying the matter over to the next meeting. It was not a vote. Coun. Muchnick doubted the vote and asked for a roll call. Two other members having joined him, the clerk called the roll.

Coun. FISH—Mr. President, I intend to vote for this today, in favor of selling it, merely for this reason, the councilor has asked for information from the Law Department. According to the remarks of the councilor from the district the Law Department already reviewed it and we have their opinion on it.

The roll was called and the motion lost; yeas 3, nays 15.

Yeas—Coun. Bayley, Chase and Muchnick. Nays—Coun. Bryan, Cantwell, Carey, Coffey, Fish, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, Moriarty, Russo, Scannell, Sullivan.

The question came on giving the order its first reading.

Coun. SCANNELL—Mr. President, a point of information. Does the order need two readings? President KELLY—It does.

The clerk called the roll and the order was given its first reading; yeas 16, nays 2, present 1.

Yeas—Coun. Bayley, Bryan, Cantwell, Carey, Coffey, Cook, Fish, Keenan, Kelly, Kinsella, Lane, Madden, Moriarty, Russo, Scannell and Sullivan. Nays—Coun. Chase and Muchnick.

Present—Coun. Linehan.

Coun. BAYLEY—There were sixteen votes, Mr. President?

President KELLY—Yes.

Coun. BAYLEY—Mr. President, I would like to ask unanimous consent to be recorded Present instead of having it as I voted.

President KELLY—If there is no objection, you will be recorded Present. Does the gentleman object?

Coun. MUCHNICK—I do not object. President KELLY—Councilor Bayley will be recorded Present. The resulting vote is fifteen in favor and two opposed.

1. Coun. MUCHNICK—Mr. President, I take it those who merely voted Present are not recorded in the announcement of the vote.

President KELLY—They are just recorded as Present.

Coun. MUCHNICK—Then the vote would be 15 in favor, 2 opposed and 2 voting Present?

President KELLY—That is right.

Coun. MUCHNICK—Mr. President, I move that this take its second reading after the Executive Committee meeting at which time it will get its second reading.

Coun. SCANNELL—Mr. President, I believe the motion is out of order. There has to be a second reading in fourteen days.

President KELLY—The suggestion of Councilor Muchnick is out of order. The order will come up under Rule No. 4, Unfinished Business. Your suggestion is out of order. You can make a motion the day the matter comes up, that it be heard after Executive Session.

Coun. MUCHNICK—At that time we will not have had enough opportunity to notify either the Law Department or the Park Department to be present with information.

President KELLY—You can make a motion now to refer it to the Executive Session and those people can be invited.

Coun. MUCHNICK—I make that motion.

The question came on the motion to refer the matter to the Executive Session. It was not a vote. Coun. Muchnick doubted the vote and asked for a roll call.

Coun. KINSELLA—A point of information, Mr. President. Do I understand Councilor Muchnick, after the first reading has been recorded, wants it to be referred to Executive before the next reading?

President KELLY—That is right.

Coun. KINSELLA—My point of information is this: Is it proper to refer to the Executive Committee a matter on which a vote has been taken?

President KELLY—It is perfectly in order, councilor

Coun. Muchnick doubted the vote and a sufficient number of councilors having joined him, the clerk called the roll.

Coun. FISH—Mr. President, if this is referred to Executive, it has no bearing on the fact it has already received its first reading?

President KELLY—That is right.

Coun. COFFEY—Mr. President, a point of information. In the next meeting which will probably be two weeks from today, Councilor Muchnick can then make that motion, that the order be referred to Executive.

President KELLY—The Chair explained that to him, councilor.

The roll was called and the motion to refer the matter to the Executive carried; yeas 13, nays 5.

Yeas—Coun. Bayley, Cantwell, Carey, Chase, Cook, Fish, Kinsella, Linehan, Moriarty, Muchnick, Russo, Scannell and Sullivan.

Nays—Coun. Bryan, Coffey, Keenan, Kelly, Lane.

REPORT OF EXECUTIVE COMMITTEE.

Coun. FISH for the Executive Committee, submitted the following:

1. Report on the message of the Mayor, on order referred July 22, 1946, for a grant of land to the City of Boston by the United States Government recommending that the order ought to pass.

2. Report on the message of the Mayor, on order referred July 22, 1946, on release of easements by the United States Government on land in South Boston recommending that the order ought to pass.

Reports accepted and orders severally passed. 3. Report on the message of the Mayor, and order referred August 5, 1946, for an appropriation of \$238,050 for water service—recommending that the order ought to pass.

The report was accepted and the question came on the passage of the order. The clerk called the roll. Whole number of ballots 19; yeas 19, and the order passed.

4. Report on the message of the Mayor, and order referred August 5, 1946, for an appropriation of \$150,000 for sales of city property for new buildings for the Fire Department recommending the order ought to pass.

The report was accepted and the question came on the passage of the order. The clerk called the roll. Whole number of ballots 18; yeas 18, and the order passed.

5. Report on the order of Coun. COFFEY, referred this date, on the payment of \$5,000 to the parents of Francis Ricci recommending that the order ought to pass.

Report accepted and order passed.

6. Report on the order of Coun. COFFEY, referred this date, on chapter 556, Acts of 1946—recommending that the order ought to pass.

Report accepted and order passed.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. COOK, for the Committee on Ordinances, submitted the following:

1. Report on the message of the Mayor and ordinance, referred July 1, 1946, to establish a service charge in the Registry Department—recommending that the ordinance ought to pass.

Report accepted and ordinance passed.

2. Report on the message of the Mayor and ordinance, referred August 5, 1946, to amend the Market Division recommending that the ordinance ought to pass.

Coun. RUSSO—Mr. President, I wonder if the chairman could explain in detail just what that is? I do not recall it.

President KELLY—The Chair will state the clerk says it is an order clarifying the present ordinances in the market district. There is no material change at all.

Report accepted and ordinance passed.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. BRYAN, for the Committee on County Accounts, submitted the following:

1. Report on the message of the Mayor and order, referred July 1, 1946, to amend the Compensation and Classification Plans for the Officers and Employees of Suffolk County recommending that the order ought to pass.

President KELLY—The question comes on the acceptance of the report of the committee and the passage of the order.

Coun. BAYLEY—Mr. President, can you put that in two motions, please?

The question came first on the acceptance of the report of the committee. The report was accepted. The question came on the passage of the order.

Coun. BAYLEY—Mr. President, I would like to ask the chairman of the committee through you, the position of the Budget Commissioner. Does he approve or disapprove?

Coun. BRYAN—There is an order attached from the Budget Commissioner's office and also an act of the Legislature creating this position.

Coun. BAYLEY—It has the approval of the Budget Commissioner?

Coun. BRYAN—That is right.

Coun. BAYLEY—Thank you.

The question came on the passage of the order. The order was passed.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

1. Report on the appointment submitted by the Mayor, August 19, 1946, referred August 19, 1946, of John T. O'Brien, 11 Estrella street, Jamaica Plain, to be a constable to serve without bond and without authority to serve civil process for the term ending April 30, 1947—recommending that the appointment be confirmed.

Coun. KINSELLA—Mr. President, a point of information. What is Mr. O'Brien's home address?

President KELLY—11 Estrella street, Jamaica Plain.

Coun. RUSSO—Mr. President, a point of information. Is that with bond?

President KELLY—That is without bond.

Coun. RUSSO May I ask the chairman through you if this is a replacement or is it additional?

Coun. BRYAN—I believe it is a replacement.

Coun. RUSSO—You believe? You do not know. It is possible he is or is not.

President KELLY—Would you say it was a replacement?

Coun. BRYAN—As far as I know, it is.

President KELLY—Does that answer your question?

Coun. RUSSO—I wanted to find out if the chairman of that committee or someone on that committee had anyone before them to find out exactly whether that is a replacement or a new position being created.

Coun. BRYAN—The only thing I can say is that several weeks ago when I talked with the Mayor, he said he had a few who transferred or resigned and that he was replacing them—I imagine this is one of those. We had only one last week, I believe.

Coun. RUSSO—Can the chairman inform me just where this particular person is going to be placed? Where is this vacancy?

Coun. BRYAN I believe that is up to the Mayor's office to decide. We never have any information as to where they are going to be placed, or any authority to place them.

Coun. RUSSO—I realize it is up to the Mayor. I hope the councilor does not take this as a personal offense in any way, but I feel it is the duty of the committee also to find out where this constable is needed. How are we supposed to know where the constables are going to be placed, or if they are additional positions or if they are positions to be filled? I do not feel we should put on any more constables than we have to. If we need more constables I want his Honor the Mayor to inform me, or someone through his office where they are going to place them and how many men we had since the beginning of the year, when he said only thirty were needed throughout the City of Boston. I feel, Mr. President, before we pass on any more constables, we had ought to have some information. I do not want to deprive anyone of any position. Still, I do not want to be placed in a position of not knowing what I am approving. I therefore move now, Mr. President, this be referred back to the Committee on Constables and Confirmations.

The question came on the acceptance of the report of the committee and the report was accepted. The question came on Coun. Russo's motion to refer the matter back to the committee.

Coun. MUCHNICK—Mr. President, it seems to me, after hearing the chairman of the Committee on Constables and Confirmations, there is not anything to be gained by sending the matter back. They have had a hearing on it. They have had their report. I do not see much point in doing anything other than confirming or denying it.

Coun. RUSSO—Mr. President, in answer to my colleague from Ward 14 (Coun. Muchnick) I would like to find out from him if he knows any other way I can get the information other than the proper committee it is coming from?

President KELLY—Have you an answer, councilor?

Coun. MUCHNICK—I have a long answer. I will try to make it brief. The gentleman can go down to the Mayor's office and ask him. He can go to the Law Department and ask there. He can go to the City Clerk's office. He can attend the meeting of the Committee on Constables and Confirmations. He can do any number of things. I think he has been in the Council long enough to know his way around.

Coun. RUSSO—Mr. President, I ask him if that is not the job of the committee. That is the reason we name committees here.

Coun. MUCHNICK—I will answer the question. That may be the job of the committee, but if he is not satisfied with the way in which the committee functions, he can do his own research.

Coun. RUSSO I do not want to take up too much time in the Council. I know it is in everybody's mind what I am trying to find out. I feel each one of us should find out. The proper way to find out is through the proper committee.

Coun. COOK—Will the gentleman yield for a question, Mr. President?

Coun. RUSSO—Yes.

Coun. COOK—Does the gentleman feel the Committee on Constables has not done a proper job?

Coun. RUSSO—Mr. President, I may answer my colleague by stating I have not been able to get the information that I was seeking from the committee. That is the reason why I would like to have this referred back to the committee, to find out. I would like to ask him, Mr. President, if he (Coun. Cook) knows how many constables there are employed in the City of Boston?

Coun. COOK—I think my last estimate was about 46. I may be wrong on one or two.

Coun. RUSSO—When was that?

Coun. COOK—I do not know. That is my last information.

Coun. RUSSO—That could have been January 8.

Coun. COOK—For the purpose of the record, may I state for the information of the councilor, it was 55 or 56 constables and not 45.

Coun. RUSSO—All right, but I would like to find out when the last survey was made.

President KELLY—You can check on that later.

The question came on Coun. Russo's motion to refer the matter to the Committee on Constables and Confirmations and it was a vote.

2. Report on the appointments by the Mayor of Frank Pender McCormick, 883 Washington street, Dorchester; Wilfred Gerber, 9 Courtland road, Dorchester; and James L. Blue, 40 Champney street, Brighton (referred August 19), to the position of constable for the term ending April 30, 1947, authorized to serve civil process upon filing of bond—recommending that the appointments be confirmed.

3. Report on the appointment of Marjorie J. Tresler, 2393 Centre street, West Roxbury (referred August 19), to the position of Weigher of Goods for the term ending April 30, 1947—recommending that the appointment be confirmed.

4. Report on the appointment of Wilfred J. Doyle, 81 Wellington Hill street, Boston (referred August 19), to be a member of the State Boston Retirement System for the term of three years beginning October 1, 1946—recommending that the appointment be confirmed.

The question came on the acceptance of the report of the committee and the report was accepted. The question came on confirmation. Committee, Coun. Muchnick and Carey. Whole number of ballots 16; yeas 16, and the appointments were confirmed.

Coun. COFFEY doubted the vote and the committee tallied once more and reported the whole number of ballots 16; yeas 16.

Coun. COFFEY—Mr. President, there are only fourteen councilors present.

President KELLY—I think some have left the room since voting, councilor.

Coun. COFFEY—I doubt the vote.

President KELLY—Do you want to take another vote, councilor?

Coun. COFFEY—A roll call vote.

Coun. MUCHNICK—As a member of the committee, I very much disapprove of having another vote taken and having Councilor Carey's integrity questioned.

The clerk called the roll and the appointments were confirmed, yeas 14, nays 0, present 2.

Yeas—Coun. Bayley, Bryan, Carey, Chase, Cook, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, Moriarty, Muchnick, Russo.

Present—Coun. Coffey and Sullivan.

CHARLESTOWN WELCOME HOME COMMITTEE.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to consult with the Chairman of the Board of Park Commissioners for the purpose of permitting the placing of a boulder and tablet, suitably inscribed, within the fenced in area of the park at City square, Charlestown, by the Charlestown Welcome Home Committee, said boulder and tablet to be paid for by the Welcome Home Committee of Charlestown.

Passed under suspension of the rule.

MINIMUM WATER RATE IN PLAY AREAS.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Public Works Commissioner and the Chief Engineer of the Water Income Division for the purpose of arriving at some legal understanding as to the establishment of the minimum rate only for citizens of Boston who have constructed out of their own private resources play areas where large amounts of water may be used by the children patronizing these areas without the necessity of paying a fee for the use thereof.

Coun. KINSELLA, Mr. President, that sounds a little involved. It can be reduced to simple language. A couple of weeks ago I filed an order

here asking that the city acquire certain lands at Clinton place in Charlestown, adjoining publicly owned land for the purpose of establishing a play area for children in that congested district. I introduced a rotogravure section of the Boston Globe, June 28, showing pictures of the bathing and wading facilities, swings, sand boxes and the like erected on private property by a Mr. St. Louis of Charlestown. Before I filed the order, I called Councilor Coffey's attention to the condition that resulted in a private citizen going to some expense to provide recreation for their neighborhood. He informed me in East Boston a man has been doing this for some years. He can not hope for recompense from the city. Now, there is no recompense sought except in the form of a more favorable water bill for those who operate swimming and wading facilities at these privately constructed playground spots. I have in mind the fact Mr. St. Louis visited my home the other night. He presented me with a water bill of \$21 because of the fact that the publicity given to his venture here in the Council resulted in a visit to him by the Board of Health authorities of the city. When they discovered the scale on which he was operating, they told him it was all right from the point of view of the public health if he would change the water once a day; otherwise, he had been changing it once every two days. The resulting expense is something Mr. St. Louis can not reasonably bear. The point of the whole order is this, wherever public spirited citizens have developed privately owned facilities to entertain children in congested neighborhoods, I am asking that the Chief Engineer of the Water Income Division and his Honor the Mayor get together and find some legal means by which those people who would not use that amount of water themselves in a given year be permitted to pay only the minimum rate for one year. In the case of Mr. St. Louis, it will reduce his bill materially, from \$21 to the new minimum rate of \$8 recently extended. I trust that some speed can be given to this order when it reaches the Mayor's desk.

Passed under suspension of the rule.

NEXT MEETING.

On motion of Coun. SULLIVAN the council voted that when it adjourned it would adjourn for two weeks.

STREET IMPROVEMENTS, WARD 20.

Coun. BRYAN offered the following:

1. Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as public highways the following streets in Ward 20: Hackensack road, Pheasant street, Cedar street.

2. Ordered, That the Park Commission be requested, through his Honor the Mayor, to construct a playground on vacant land which is now in their custody and which is bounded by Bruce street, Russett road, Weld street and Veterans of Foreign Wars Parkway, Ward 20.

3. Ordered, That the Park Commission be requested, through his Honor the Mayor, to arrange for the planting of trees on both sides of Weld street, between Church street and the West Roxbury Parkway, Ward 20.

Severally passed under suspension of the rule.

VETERANS' HOUSING SURVEY.

Coun. LINEHAN, KINSELLA and RUSSO offered the following:

Ordered, That his Honor the Mayor be requested to take action on the following: That during the present veterans' housing emergency, the City of Boston raise, appropriate and expend money for the purpose of providing shelter for veterans who are inhabitants of this city by the following methods pursuant to and as authorized by section 4(a), (b), (c), (d), and (e) of chapter 372 of the Acts of 1946, particularly:

"(a) By establishing an information center in which the dwelling units in such city available for veterans will be listed and veterans will be advised and assisted in establishing contact with the persons in charge of the selling or rental of such dwelling units and in determining whether a dwelling unit offered to a veteran is suitable for him at the price or rental charged."

By causing an investigation and survey to be made for the purpose of determining:

1. The number of veterans in Boston who require housing.

(a) By renting; (b) by outright purchase.

2. The size and location of lots of land in the City of Boston which can be utilized for housing purposes.

(a) Land owned by the City of Boston outright; (b) Land taken by the City of Boston for taxes; (c) Land owned by private persons; (d) Land which is owned by private persons and which may be necessary to be taken by eminent domain.

3. Buildings which are available for housing purposes.

(a) Buildings owned outright by the City of Boston; (b) Buildings taken by the City of Boston for taxes; (c) Buildings owned by private persons; (d) Buildings which are owned by private persons and which may be necessary to take by eminent domain; (e) An inventory of all houses which are abandoned, unoccupied, vacant or closed:

(1) Whether those houses can be repaired or remodeled.

(2) The cost of such repairs and remodeling.

4. To survey the specific cases in which there should be a variance from the requirements of statutes, ordinances, by-laws and regulations, including zoning laws, pursuant to section 5 of chapter 372 of the Acts of 1946.

Coun. LINEHAN—Mr. President, this morning in the Committee on Housing on the hearing on an order filed last week by Councilor Kinsella and myself, we received some information which I feel sure will be passed along to the rest of the members of the Council. Most of them are among the missing at the present time. It seems to me the President at this time can call some of the councilors back in the chamber so they will know what took place this morning.

President KELLY—All right, councilor.

Coun. LINEHAN I guess we have a quorum here at the present time. This afternoon's meeting is somewhat like the meeting we had this morning, a great many people who were invited to the meeting this morning did not show up. This afternoon we have councilors among the missing. Now during the past eight months I have been doing a lot of talking on veterans' housing in here, along with the gentleman from Charlestown (Coun. Kinsella) and several other councilors here. Up to now there really has not been any important result achieved. I do think today's meeting at least gave us a little information pertaining to what is being done on housing for veterans. I want to make a suggestion through the Committee on Housing that all of the testimony that was given before our committee this morning be furnished all the members of the Boston City Council. I sincerely hope his Honor the Mayor and other interested parties will also receive similar information. I say this because of the fact I do not think there are many people in government today who know just what is being done for the veterans in Boston in regard to housing. If nothing else, I think this meeting brought forth some kind of information. We find it does not look as though the Cathedral Project will be built for some time, until Congress acts. We find that the new site at South Boston was sent out on bids and that a contractor by the name of Bowen bid under the so-called maximum of \$5,000 for a dwelling unit. I sincerely hope it will not be long before that important project is started. We also find that instead of 1,500 temporary housing units that could have been secured by Boston, only 793 units were secured by Boston. It is questionable whether or not the City of Boston received its full quota, due to the laxity of the city administration. We were unable to get 1,500 units and received only 793. Other cities and towns beat us to the punch and secured their full allotment. Other cities and towns were like ourselves and did not receive the full allotment because they were lax. I suppose we should forget what has gone on in the past in regard to trying to solve the housing problem and get down to brass tacks today. We had Philip Nichols, State Board of Housing, who gave us some very valuable information. Some of it comes out of statutes enacted by the Legislature in 1946 and specifically mentioned in this order, chapter 372 of the Acts of 1946, which gives the city the right among other things to conduct a survey and pay for same in regard to the number of empty house sites and any other type buildings that might be used for housing veterans and their families. That is to say, we can not say the city can not spend the money. It has definitely been given authority to go ahead and spend money on such a survey. We were told by certain veteran representatives in the hearing that it would require quite a sum of money, that they could not possibly undertake it. That is the reason for this order. There are many other sections in this particular act which give the City of Boston and other cities a right to go ahead and help solve the housing emergency that exists in the City of Boston. I am sorry to say several of them have not been utilized up to this time. I am calling it to the attention of his Honor the Mayor that such laws do exist on the statute books whereby the city can help solve the housing problem for veterans if we only wake up and get going and do something about it. I sincerely hope his Honor the Mayor will take this particular order to heart and furnish us members of the City Council in the near future a request for an appropriation of money to be spent on that particular survey on veterans' housing. I feel sure all the members of the City Council will go along on whatever appropriation he sends in here in regard to housing for veterans. I hope he takes action in the very near future.

Coun. COOK Mr. President, I would like to call to the attention of the members present the fact that the councilor from South Boston (Coun. Linehan) is doing a job that should be taken more seriously and more energetically than it has

been. I have seen meetings held here, called by his Honor the Mayor for various purposes, including charity, fire protection and other things to help the city. I know of no better way to get some quick action and some results instead of words and promises than by the acceptance and passage of this order and some action on it. I sincerely hope the Mayor sees fit to call a meeting of the leading people in this city and in the suburbs who have the interest of the city at heart and who have the means and material and the wherewithal to show us how to solve the problem. I think the councilor should be commended upon his untiring efforts.

Coun. KINSELLA Mr. President, briefly, for the record, I would like to state what I stated in there this morning, in part off the record and in part on the record. I agree wholeheartedly with the mild criticism Councilor Cook uttered and I fully agree with what Councilor Linehan has said. He gave a thumb-nail sketch of what happened this morning. I think it is proper to say at this time that this morning among other statements I made, I made one statement which went something like this—that even veterans are not interested in veterans' housing because it is a dry and uninteresting subject except to those of them who have no roof over their head. They can hardly expect any great amount of tears to be shed over their plight on veterans' housing when we will call a meeting, publicized a week in advance on the front pages of some of the newspapers and we wind up with only one or two accredited organizations, recognized veteran organizations. It is awful hard to get councilors interested when the veterans themselves are not. We are more prone to listen to them than they are to complain apparently. I think that the suggestions contained in Councilor Linehan's order made at this time, might meet with favor. I would like to make this suggestion to the Mayor, if he reads our remarks, that he avail himself of the right to appropriate money for the conduct of a survey which I would characterize as a thorough and final survey. I say "final." We waste a lot of time surveying things. Every group we hear we have not heard before suggests a survey. Let us have one more survey to end all surveys. From there we might be able to proceed in the general direction of the achievement of some of the answers to the orders that have been filed, by a survey to end all surveys and through a final survey of present conditions of veterans' housing in Boston.

Coun. RUSSO Mr. President, briefly, I certainly am in accord with what the previous speakers just stated. I also would like to remind his Honor the Mayor that in this act here there is also the authority to build these housing units in various parcels of land, even if they might be small, just to accommodate two or three or four families. We have many vacant lots of land throughout the city which are owned by either the Real Estate Department or by various other departments of our city government. I feel that ought to be taken into consideration. I know that some of the veterans in my district would rather stay in the district if there were housing and they could house these individuals. Therefore, I hope his Honor the Mayor will look into that. Insofar as getting some action is concerned, I hope that this will not be like the doctor who studies upon a sick person until he dies, still trying to find a remedy. I hope some action will be taken immediately.

Passed under suspension of the rule.

NEW STREETS, WARD 22

Coun. MADDEN offered the following:
Ordered, That the Board of Street Commissioners be directed by his Honor the Mayor, to lay out and accept as a public way the following streets in Ward 22: Rena street from North Harvard street to Western avenue, and Brayton road from Kenrick street to Breck avenue.

Passed under suspension of the rule.

Adjourned at 4:40 p. m., on motion of Coun. MADDEN, to meet on Monday, September 9, 1946, at 2 p. m.

HIGHWAY AID.

The Federal Works Agency has apportioned to the states the \$500,000,000 made available for this year under the Federal Highway Aid Act of 1944. This appropriation recognizes that the major traffic problems are in and adjacent to urban centers and is therefore to be spent in large part (\$125,000,000) for removing traffic bottlenecks and connecting principal cities with express highways. A total of \$100,000,000 is being made immediately available for planning, surveying, engineering, acquiring rights-of-way, and for construction.

POPULATION OF THE CITY OF BOSTON AS RETURNED BY THE SECRETARY OF STATE, BUREAU OF CENSUS, FOR 1945.

Ward 1, 55,112; Ward 2, 25,655; Ward 3, 45,446; Ward 4, 30,901; Ward 5, 32,962; Ward 6, 24,986; Ward 7, 34,405; Ward 8, 28,675; Ward 9, 28,204; Ward 10, 30,313; Ward 11, 29,887; Ward 12, 36,955; Ward 13, 28,329; Ward 14, 54,145; Ward 15, 27,586; Ward 16, 33,875; Ward 17, 33,774; Ward 18, 45,104; Ward 19, 30,479; Ward 20, 37,860; Ward 21, 38,476; Ward 22, 33,257; total, 766,386.

MUNICIPAL OFF-STREET PARKING FOR CLEVELAND.

According to reports, free parking will be offered at municipal parking ground to be established in Cleveland, to relieve overtaxed private lots and garages in the downtown area. This announcement was made recently as Mayor Burke met with traction authorities and requested servicing of the area with adequate day-long 5-cent transportation to the central business district.

Law Director Lee C. Howley is quoted to have said: "We'll offer these parking facilities at no cost to motorists and will run them into the downtown area for a nickel."

The Mayor, meeting with General Manager Walter J. McCarter and Traction Board Chairman William C. Reed, asked that the Loop bus line be revised to extend its services into the free lake-front parking space. As soon as the area is opened, the Mayor said, it will be staffed with attendants, protection provided for cars of parkers and a shelter house constructed if use of the lot warrants.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR REPAIRS TO ROOF AT CABOT STREET BATH, ROXBURY, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for repairs to roof at Cabot Street Bath, Roxbury, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Repairs to Roof at Cabot Street Bath, Roxbury, Mass.," and left before 2 o'clock on Thursday, September 19, 1946, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFFNERREFFER,
FRANK R. KELLY,

(Sept. 7-14.) Commissioners.

CITY OF BOSTON.
FIRE DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS AND ADDITIONS TO THE FOLLOWING FIRE STATIONS: ENGINE 22, 72 WARREN AVENUE, SOUTH END; ENGINE 1, 119 DORCHESTER STREET, SOUTH BOSTON; AND ENGINE 24, 434 WARREN STREET, ROXBURY.

The Fire Commissioner of the City of Boston, 60 Bristol street, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations to Engine 22, 72 Warren avenue, South End; Engine 1, 119 Dorchester street, South Boston; and Engine 24, 434 Warren street, Roxbury.

Proposals will be received until 12 o'clock noon, Friday, September 13, at the office of the Awarding Authority, 60 Bristol street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority, 60 Bristol street, Boston. A deposit of \$25 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to bidders upon receipt of said plans and specifications in good condition, by the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, September 10, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids of any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

RUSSELL S. CODMAN, JR.,
(Aug. 31-Sept. 7.) Fire Commissioner.

DEPARTMENT OF SCHOOL BUILDINGS.

SPECIAL NOTICE TO GENERAL CONTRACTORS.

Contractors are hereby notified that the opening of sealed proposals for making fire alterations at the Martin School, Huntington avenue and Worthington street, Roxbury, Mass., is hereby deferred and the day for opening of bids is extended to 12 o'clock noon of Thursday, September 19, 1946. Sub-bidders' proposals are to be in the possession of the Awarding Authority and mailed to the general bidder no later than 12 o'clock noon, Monday, September 16, 1946. All of the terms and the conditions contained in the notice of August 31, 1946, shall apply to this notice.

JAMES H. MOONEY,
(Sept. 7.) Superintendent of Construction.

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SURGICAL DRESSINGS.

The Supply Department of the City of Boston invites proposals for furnishing surgical dressings for city departments, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Surgical Dressings." There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out. The bids will be publicly opened and read Thursday, September 19, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Sept. 7.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR RECONSTRUCTION OF MOON ISLAND ROAD, FROM DORCHESTER STREET, SQUANTUM, MASS., TO MOON ISLAND.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for reconstruction of Moon Island road, from Dorchester street, Squantum, Mass., to Moon Island. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Reconstruction of Moon Island Road, from Dorchester Street, Squantum, Mass., to Moon Island," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, September 16, 1946, with a certified check for six hundred (600) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Sept. 7.) Commissioner of Public Works.

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TEA.

The Supply Department of the City of Boston invites proposals for furnishing tea for city departments, as specified in proposals which may be obtained at the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Tea." There will be a charge of twenty-five cents (\$0.25) for each proposal. The bids will be publicly opened and read Monday, September 16, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Sept. 7.) Superintendent of Supplies.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN WEST CEDAR STREET, WARD 5, FROM CHESTNUT STREET TO CAMBRIDGE STREET, AND PINCKNEY STREET, WARD 5, FROM JOY STREET TO EMBANKMENT ROAD.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in West Cedar street, Ward 5, from Chestnut street to Cambridge street, and Pinckney street, Ward 5, from Joy street to Embankment road. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in West Cedar Street, Ward 5, from Chestnut Street to Cambridge Street, and Pinckney Street, Ward 5, from Joy Street to Embankment Road," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, September 17, 1946, with a certified check for seven hundred (700) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, September 23, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 64 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

**REPORT OF JOSEPH C. WHITE,
MEMBER OF THE SCHOOL
COMMITTEE, ON ATTEND-
ANCE AT NATIONAL CON-
VENTION OF AMERICAN
ASSOCIATION FOR HEALTH,
PHYSICAL EDUCATION, AND
RECREATION, AT ST. LOUIS,
APRIL 9 TO 13, 1946, IN-
CLUSIVE.**

CITY OF BOSTON.
SCHOOL COMMITTEE, May 18, 1946.

MR. ARTHUR L. GOULD, *Superintendent,
Boston Public Schools.*

DEAR MR. GOULD,—The following is a report of my attendance at the Annual Convention of the Eastern District Association of the American Association for Health, Physical Education, and Recreation. The convention was held in St. Louis, Missouri, from April 9 to 13, 1946, inclusive.

The convention demonstration of physical education was held under ideal conditions at the beautiful Kiel Auditorium. The most inspiring part of the program was the demonstration of physical education activities by the Mission School for the Blind. The agility, stamina, and coordination of this handicapped group were admired by all present. The purpose of physical education for the blind is to build up not only their sense of rhythm and coordination but their confidence in themselves, which is of utmost value to them in later life.

The value of ideal facilities for physical education was demonstrated by the girls of the junior high schools by their tumbling activities. All these stunts and tumbling were done to music to help develop the timing and coordination.

It was encouraging to hear that Boston's method of financing its athletic program is considered the ideal by the physical education administrators of the country. Many cities are still determining their athletic programs according to the gate receipts of their football games.

One session of the convention was directed entirely to new visual education materials in sports, physical education, health, and psychiatric treatments. Visual aids will soon be an integral part of every physical education program.

Boston may be the host of this convention in the near future. Many of the delegates enjoyed the 1930 convention in Boston and expressed their desire to return here when the convention committee selects an eastern city.

Respectfully submitted,

JOSEPH C. WHITE,
Member, Boston School Committee.

**ENGINEERS FOR TRANSIT
DEPARTMENT.**

His Honor the Mayor is in receipt of the following letter from Chairman, Transit Commission:

DEAR MAYOR CURLEY,—Our advertising for engineers has drawn 100 replies by mail and personal calls. Applications have been coming for several days and still continue. From these applications we have selected five men, marked "AA," as the most promising on the list.

There is also one transfer from the Massachusetts Department of Public Works and two or three not attributable to advertising. Several replies were from men who asked for salaries beyond \$4,000,

and when told we could not pay them more they went away.

On the whole, the advertising brought satisfactory results and fully justified the wise suggestion which you made at our conference.

The department acknowledges with thanks the cooperation of Mr. Curley, Commissioner of the City Public Works Department, who has released five men for temporary service in the Transit Department. These are men of experience, four of whom were formerly with the Transit Department. They are to report for work immediately.

The list of applicants will be held for further consideration.

The members of the department thank you, Mr. Mayor, for the help you have given us.

Respectfully yours,

MALCOLM E. NICHOLS, *Chairman.*

**MAYOR AND CITIZENS THANKED
FOR HOSPITALITY TO CREW
OF VISITING FRENCH SHIP.**

His Honor the Mayor is in receipt of a letter from the First Naval District, enclosed in which is a dispatch from Admiral Pothuau, of the French Cruiser *Georges Leygues*. A copy of this dispatch is sent at the personal request of Rear Admiral Morton L. Deyo, Commandant of the First Naval District.

The dispatch, addressed to Rear Admiral Deyo, reads:

"I express to you, and I request that you would forward to Boston Civil authorities, my deep gratitude for the reception that was given to my crew and to myself. I shall personally remember your own kindness, which particularly went to my heart.

CONTRE-AMIRAL POTHUAU."

The Mayor wishes to express his appreciation to those people in Boston who were so hospitable to the officers and crew of the French Cruiser *Georges Leygues*, and who, through their hospitality, made possible a closer bond between the United States and her sister republic, France.

VACATION AND SICK LEAVE.

CITY OF BOSTON,
MAYOR'S OFFICE, September 6, 1946.
To the Heads of Departments.

GENTLEMEN,—Under the provisions of chapter 7 of the Ordinances of 1945, employees are entitled to accumulate sick leave to an amount not in excess of ninety days, and may, at the discretion of the appointing officer, utilize vacation leave in the event the maximum sick leave allowance is exhausted. This would appear to be a generous provision, and one which, if not abused, should be adequate enough to protect every employee in the event of serious and prolonged illness.

This ordinance further provides that, in special cases, further sick leave may be granted by the Mayor upon recommendation of the department head. I am inclined to believe that, in view of the liberal provisions of the ordinance, exceptions, insofar as additional sick leave is concerned, should not be granted. I, therefore, direct that department heads refrain from making recommendations of this character to this office.

Respectfully,

JAMES M. CURLEY, *Mayor.*

**WORLD SERIES ON AIR AT PARK-
MAN BANDSTAND BY DIREC-
TION OF MAYOR CURLEY.**

His Honor the Mayor, on September 5, after securing the approval of Park Commissioner Long, granted permission to the Yankee Network, allowing them to place loud-speakers on the Parkman Bandstand in order that the World Series broadcasts may be heard by those persons who are in the vicinity of the Boston Common during the hours that the ball games are being announced.

**HEARSE DONATED TO CITY FOR
USE AT LONG ISLAND.**

His Honor, Mayor Curley, on September 6 received the following letter from G. Frank McDonald, Commissioner of the Institutions Department of the City of Boston:

BOSTON, September 4, 1946.

HON. JAMES M. CURLEY
Mayor of Boston.

DEAR MR. MAYOR,—A hearse has been donated to the Long Island Hospital by John J. Connolly, funeral director, 1409 Washington street, Boston.

A short time ago, while searching for a bus for Long Island, I came upon a hearse in storage belonging to Mr. Connolly, whereupon I made the suggestion to Mr. Connolly that he make a gift of it to the Institutions Department. He very graciously did so.

Yours very truly,

G. FRANK McDONALD,
Commissioner.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, September 3, 1946.
To the Heads of Departments.

GENTLEMEN,—Department heads may excuse from work at 12 noon on Wednesday, September 4, 1946, all employees in their departments in order that they may view the Veterans of Foreign Wars parade, provided that such excuse from work is consistent with the efficient and economical conduct of the City's business.

Respectfully,

JAMES M. CURLEY, *Mayor.*

POLICE DEPARTMENT ORDER.

General Order No. 599.

Transfer of the following-named persons from Superintendent's Office (armed service roll) is hereby ordered; effective Wednesday, February 20, 1946, at 9 o'clock a. m.:

Patrolman Joseph F. Likas to Division 7.

Patrolman Francis J. Spitz to Division 17.

Patrolman Joseph E. Ahern to Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, mercantile houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, August 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Some few weeks ago this department issued an order for exploratory work in connection with a leaky condition of walls in the Audubon School, Harvard street, Dorchester, and the work progress to date has exposed an extraordinary dangerous condition requiring further investigation and immediate remedial measures for the reasons that:

1. Brickwork has moved from its original position from 00.00 to 2.00 inches in a height approximately 7 feet at some of the window jambs.

2. At the window heads there is only 4 inches of masonry in what is elsewhere a 12-inch plus 2-inch bearing wall.

3. Steel angle-iron lintels at window heads are badly corroded, and it is probable they will have to be replaced.

4. Wood frames are rotted and sash frames are in a condition probably requiring replacement in either whole or in part.

5. Brick masonry is, in some instances, so devoid of mortar that daylight can be seen through the mortar joints from the interior of the building.

6. Building is so framed that eccentric loading is introduced into the masonry bearing wall.

There are also many other faults too numerous to record other than in a detailed report.

The Finance Commission's attention has been called to this condition and they delegated a member of their organization to investigate the exploratory work done to date, and he concurs with me in stating that it is an impossibility to obtain competitive bids for the work necessary to correct conditions discovered.

Both the Finance Commission's representative and I are of the opinion that the cost of correcting the dangerous and unusual condition discovered will be in the vicinity of \$10,000, exclusive of

painting and the work of applying a waterproof skin coat to the exterior building for which competitive estimates can be made subsequent to the completion of corrected work.

It should be understood that it is my intention to continue the services of M. Spinelli & Sons Company, who have done all the exploratory work to date and have rented and erected the equipment necessary to provide scaffolding for the use of the department as well as their own employees. The contractor would be required to pay the prevailing rate of wages and would collect from the City sufficient moneys for such payment plus prevailing rates for Workmen's Compensation and other insurances plus a profit of 10 per cent. Likewise, it should be understood that if overtime work is necessary due to emergencies or other unforeseen conditions which may arise, such as a heavy northeast rainstorm while the building is unprotected, the contractor will be paid double time for the services of his employees. Likewise, it is understood that the contractor will be compensated for all costs of materials plus 10 per cent and all equipment required will be paid for at established prices of rentals.

I cannot too strongly stress the urgency of correcting this work without delay, and consequently ask your Honor's permission to enter into an agreement with M. Spinelli & Sons Company to perform the work required without advertising for competitive bids. Work to be done on a cost plus basis as directed by the department, the cost of same not to exceed \$10,000. I am certain that such procedure will be in the best interests of the City of Boston.

Very truly yours,

JAMES H. MOONEY,
Superintendent of Construction.

INSTITUTIONS DEPARTMENT.

BOSTON, August 28, 1946.

To: HON. JAMES M. CURLEY, *Mayor*,
City of Boston.

From: G. FRANK McDONALD, *Commissioner*, Institutions Department.

Subject: Repairs to Eastern Avenue Wharf.

Your permission is respectfully requested for the Institutions Department to award a contract to the M. and R. Construction Company, 62 Long Wharf, Boston, in an amount not exceeding \$16,000, for the repairs of Eastern Avenue Wharf, the dredging of the dock, erection of a new drop, and the rebuilding of a waiting room, without public advertising.

The wharf and the drop at Eastern Avenue have long been neglected, in consequence, traffic on the wharf is now dangerous to the public. The dock has been filling in over the years to the end that at low water both boats are in the mud in the dock. The dock must now be dredged to save damage to the boats. The waiting room is a name only. It must be entirely reconstructed.

It is impossible to determine quantities or to specify the degree of work, in consequence, the work must be done by direction. The M. & R. Construction Company was the successful bidder on the wharf at Long Island by a considerable margin, has the necessary equipment and materials, and will progress the work concurrently with the work at Long Island.

Labor and materials will be carefully accounted for and the work supervised by our department.

In connection with the wharf at Long Island, certain valuable timber that is unobtainable now can be salvaged. It is planned that this timber, as approved, could be planed and creosoted and used at Eastern Avenue.

The proposed cost is considerably below our estimate and no saving advantage could be derived by the city in publicly advertising.

G. FRANK McDONALD,
Commissioner.

SUPPLY DEPARTMENT.

BOSTON, August 21, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Your permission is requested to award a contract, without public advertisement, for bids to Taller and Cooper, Inc., 75 Front street, Brooklyn, New York, for furnishing to the Traffic Division of the Public Works Department, six Taller-Cooper treadles, 9 feet long, complete new shells, and four new contacts, at a price of \$715, each.

The particular treadle was specifically requested by the Public Works Department, and as Taller and Cooper, Inc., is the manufacturer, no advantage would be gained by publicly advertising for bids.

The total amount of the contract will be \$4,290.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 22, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Permission is requested to award a contract, without public advertisement, for bids to the Noyes-Buick Company, 1055 Commonwealth avenue, Boston, for furnishing to the Mayor's office:

One new 1946 Buick Roadmaster four-door sedan, with radio, heater, full accessory group, seat covers, \$2,245.09; plus, fog lights, \$40; spare tire and tube, \$30; total, \$2,315.20. Less, tax, \$96.96; net total amount of contract, \$2,218.24.

On August 13, 1946, all automotive dealers on the department mailing list were requested to submit formal bids on Buicks. Since no bids were received at that time, I believe that under the circumstances no advantage would be gained by further public advertisement.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 23, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award an order to George Hinchett, Glenn street, South Natick, Mass. for furnishing to the Park Department the following:

One each, International Harvester Farmall H. Tractor with 5.50 by 16, 4-ply front tires, 10-38 4-ply rear tires, power lift, swinging drawbar, rear light, electric starter and lights, muffler, belt pulley, power take-off, first set rear wheel weights, \$1041.71; 1 each No. 16 HM 5-foot McCormick-Deering Mower with slip clutch, \$108.85; turn-in 1 International Harvester Tractor Model 1, 12 1935 rub-

ber tired. Trade-in allowance, \$100; total, \$1050.56. Less 5 per cent, net total, \$998.03.

Bids were publicly advertised for this equipment without avail as this department received no proposals. The dealers in International Harvester Company's products in this vicinity were canvassed and the bid submitted by George Hinchett was the lowest received.

Very truly yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is requested to award a contract, without public advertisement, to Remington Rand, Inc., 114 Federal street, Boston, for furnishing to the Water Division of the Public Works Department:

One Triple-Print Water Billing Machine, duplicate of Model 85D, serial No. Y150137, and equipped with latest style stand, \$2,945; less allowance on old machine, serial No. Y126844, with registers, \$130. Net price, less excise tax, \$2,815.

This machine is to replace a machine which has been in use for some time and which has proved satisfactory for the work of the Water Division. Since Remington Rand, Inc., is the manufacturer, no advantage would be gained by publicly advertising for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT

BOSTON, August 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We respectfully make request for approval of service order in the sum of \$1,370.26 for borings for the East Boston Tunnel Extension to Orient Heights.

Under date of July 24, 1946, this office was prepared to accept bids on proposals for borings in accordance with specifications and plan. Although four concerns were notified only one bid was received.

Your approval is respectfully requested to award, without advertising, to Charles A. Leary Company at the price bid by them of \$1.24 per foot for borings, and 85 cents per foot for pipe left in place; total award will be \$1,398.22, less a discount of 2 per cent or \$1,370.26, the cost of this work to exceed \$1,000 but not to exceed \$2,000.

I feel that there is nothing to be gained by advertising to do this work and that the city's interest will be best served by placing this order with Charles A. Leary Company, 44 School street, Boston.

Yours respectfully,

MALCOLM E. NICHOLS, *Chairman.*

REGISTRY OF DEEDS.

BOSTON, August 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In accordance with the provisions of chapter 156 of the Acts of 1939, I hereby respectfully request from your Honor written authority to purchase supplies for the Suffolk Registry of Deeds, particularly with respect to item C-9 of the 1946 budget.

Item C-9 includes the purchase of thirty new carriage Remington Standard

Typewriters which, with the usual discount and allowance for trade-in, amount to \$2,392.17.

Since all standard typewriter makes and discounts are the same and we have found the Remingtons very satisfactory in the past, I respectfully request your approval to dispense with advertising in this purchase.

Respectfully yours,

WM. T. A. FITZGERALD, *Register.*

AMENDMENTS TO AND RE-ALLOCATIONS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the heads of the several departments interested for the amendment to or the reallocation of budget appropriations as follows:

BOARD OF REAL ESTATE COMMISSIONERS

BOSTON, August 28, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested to transfer the sum of \$1,875 from B-22, Miscellaneous, to B-28, Expert Services.

The above amendment is necessary in order to pay for the services of a certified public accountant engaged to audit certain accounts of this office. The work performed was under the direction of Mr. Fox, City Auditor.

Respectfully yours,

IRVING LEWIS, *Chairman.*

BOSTON TRAFFIC COMMISSION.

BOSTON, August 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that the following reallocations be made within the budget appropriations of this department:

From B-8, \$750, to B-4, \$500; to B-14, \$250.

From C-17, \$2,150, to C-15, \$150; to E-13, \$2,000.

Our budget appropriation in Item B-4, which is used exclusively to pay carfare expenses for employees of the department, has been depleted. Due to the great number of roadway resurfacing jobs requiring major detours, our inspectors have been obliged to do a great deal more traveling than is normally the case.

Our appropriation in budget Item B-14 for repair of motor vehicles has proved insufficient. Our fleet of 11 vehicles, including 8 trucks and 3 passenger cars, range in age from 5 years to 17 years and have required important repairs which could not be anticipated.

We anticipate a surplus in budget Item B-8, light, heat and power, because funds which were provided for energy for additional traffic signal lights will not be used this year due to our inability to secure the equipment for authorized new traffic signals.

Emergency needs for replacement of worn out tires has resulted in depleting our appropriation in budget Item C-15.

The large increases in the cost of paint amounting in some cases to 100 per cent as compared with prewar prices, have depleted our appropriation in budget Item E-13.

There is a surplus in budget Item C-17 because we have been unable to purchase

our required needs in steel for traffic equipment, due to the shortages in the market.

Respectfully yours,

WILLIAM P. HICKEY, *Commissioner.*

COLLECTING DEPARTMENT.

BOSTON, August 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to amend the Collecting Department (Water Division) Budget to provide for the appointment of John J. Goodfellow, Jr., to the position of acting deputy collector at a salary of \$2,300 plus \$200 E. C. A.

Mr. Goodfellow was discharged from the U. S. Army and reported for reinstatement to this department, effective August 19, 1946. He is entitled to the position and salary on the basis of his seniority rating.

Respectfully yours,

DANIEL F. DONOVAN, *City Collector.*

HOSPITAL DEPARTMENT.

BOSTON, August 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of a transfer within the Hospital appropriation from B-39, General Repairs, to B-12, Bond and Insurance Premiums, in the amount of \$200, is respectfully requested.

The present unencumbered balance under this item is not sufficient to meet outstanding charges for renewals on burglary insurance premiums, etc.

Respectfully submitted,

MARTIN J. ENGLISH, M. D.,
President, Boston City Hospital Trustees.

INSTITUTIONS DEPARTMENT.

BOSTON, August 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds as follows:

Central Office.

From B-4, Transportation of Persons, \$25, to B-39, General Repairs, \$25.

To provide for repairs to time stamp (\$15) and minor items for the remainder of the year. We anticipate a saving of sufficient funds under B-4 to provide for this transfer.

Respectfully yours,

B. FRANK McDONALD, *Commissioner.*

OVERSEERS OF PUBLIC WELFARE.

BOSTON, August 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the Central Office appropriation of this department:

From F-9, Dependent Aid, \$552.90, to B-5, Express Charges, \$35; B-12, Bond and Insurance Premiums, \$152.70; B-14, Motor Vehicle Repair and Care, \$50; B-18, Cleaning, \$255.20; B-35, Fees, Service of Venires, etc., \$10; C-3, Electrical, \$50—\$552.90.

Explanation. To: B-5, To provide for moving safe; also deliveries by Brinks, Inc.; B-12, To provide funds for payment of safe and burglary insurance; B-14, To provide funds for emergency repairs to department automobile; B-18, To provide funds for the cleaning of the windows of department buildings;

B-35, To provide funds for payment of copies of legal documents; C-3, To provide funds for purchase of desk lamps, which have been recommended after a lighting survey.

DANIEL A. MURPHY,
Acting Secretary.

BOSTON, August 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfer in the Central Office appropriation of this department:

From F-9, Dependent Aid, \$500, to D-8, Laundry, Cleaning, Toilet, \$500.

Explanation. For the purchase of surplus items from the U. S. Government.

DANIEL A. MURPHY,
Acting Secretary.

PARK DEPARTMENT.

BOSTON, August 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to alter the budget of the Park Department by the addition of six matrons, thereby increasing our permanent quota from 70 to 76.

The reason for this request is that we are opening the new solarium for women at L Street Bath House about September 15 and it must be staffed with women attendants. We estimate that six will be required.

We are unable to assign any women to work in the solarium from among our present employees as our quota for matrons is very limited and is actually short of requirements for bath houses, gymnasiums, playground houses, etc., in this department.

These women will be paid at the rate of \$22 per week plus \$200 per year Emergency Compensation Allotment, charged to A-1, Permanent Employees. The money is available in the budget.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

PUBLIC BUILDINGS DEPARTMENT.

Market Division.

BOSTON, August 20, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your permission to alter the budget of the Market Division by allowing the following transfer of funds:

From A-1, Permanent Employees, \$165, to A-2, Temporary Employees, \$165.

This transfer is needed to cover the cost of employing a temporary laborer for a period of thirty days because of vacation schedules.

Respectfully yours,

WILLIAM J. GALVIN,
Director of Markets.

MUNICIPAL COURT OF THE ROXBURY DISTRICT.

BOSTON, August 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is respectfully requested that the following sum be reallocated as follows:

From B-4, Transportation, \$100, to B-17, Care of Persons, \$100.

This item is spent for care of minors in foster homes during continuance of cases and cannot be estimated exactly in advance.

Yours truly,

THEODORE A. GLYNN, *Clerk,*
by HENRY F. RYAN,
Assistant Clerk.

MUNICIPAL COURT OF THE SOUTH BOSTON DISTRICT.

BOSTON, August 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Will you kindly approve the following request for a transfer of funds from B-4 to B-39, in the amount of \$20, because of lack of funds in B-39 to meet an outstanding bill. B-4 is for transportation of persons. B-39 is for maintenance and repair service on typewriters.

Very truly yours,

JOHN E. FLAHERTY, *Clerk.*

SUFFOLK COUNTY JAIL.

BOSTON, August 27, 1946.

TO: JAMES M. CURLEY, *Mayor.*
FROM: FREDERICK R. SULLIVAN, *Sheriff.*

DEAR SIR,—Will you kindly make the following reallocation within the appropriations for the Suffolk County Jail:

From D-2, \$150, to D-8, \$150.

This reallocation is requested that sufficient funds may be provided to cover payment of outstanding obligations in the D-8 item of the jail budget.

Respectfully submitted,

FREDERICK R. SULLIVAN, *Sheriff.*

FIRE DEPARTMENT ORDERS.

General Order No. 53.

I. JOSEPH R. SULLIVAN.

It is with deep regret that the Fire Commissioner announces the death, on September 6, 1946, of Ladderman Joseph R. Sullivan, of Ladder Company 6. Ladderman Sullivan was originally appointed to the department on February 17, 1943. He resigned on April 10, 1943, and was reappointed on November 10, 1943.

The funeral was held from his late home, 59 Westville street, Dorchester, at 9 a. m., Monday, September 9, 1946, followed by services at Saint Peter's Church, Bowdoin street, Dorchester, at 10 a. m.

The Acting Chief of Department made the customary detail to act as a funeral escort, and the members of Ladder Company 6 were excused from duty in order to attend the services.

II. RETIREMENT.

The following retirement which became effective at 8 a. m. Wednesday, August 21, 1946, is hereby announced: Engineer in Charge George L. Lyons, Motor Squad.

Engineer in Charge Lyons was appointed to the department April 5, 1916, and he leaves the department with the best wishes of his associates.

III. BOSTON FIREMEN'S RELIEF FUND.

A report has been received from the chairman of the Balloting Committee of the Boston Firemen's Relief Fund giving the following results of the election

of members of the corporation held on Monday, September 9, 1946:

For a Three Year Term.

*Lieut. Frederick J. Dobbratz, 677; *Lieut. John E. Clougherty, 666; *Edward J. C. Powers, 712; *Charles E. Cross, 681; District Chief Leo C. Driscoll, 584; Lieut. Charles J. Fleming, 585; Thomas J. Driscoll, 585; John J. McCorkle, 563; *Owen F. Hughes, Boston Protective Department, 30; Bernard McTernan, Boston Protective Department, 10.

* Elected.

The balance of the votes were scattered and not of a sufficient standing to be recorded.

IV. NEW A. D. T. RUNNING CARDS.

New cards Nos. 1, 2, 5, 6, 7, 8, 11, 12, 15, 16, 18, 19, 24, and 25, dated September 5, 1946, for the A. D. T. Assignment Book are being issued to the department today. These cards will replace old cards of similar numbers which are to be returned to Headquarters in the envelopes provided on or before Monday, September 16, 1946.

V. DISCONTINUANCE OF BOSTON AUTOMATIC SIGNAL.

Notice has been received from the Boston Automatic Fire Alarm Company that the following signal has been discontinued as of September 3, 1946:

Signal 1266, Building, 27 Sudbury street and 69 Portland street.

VI. COMMENDATION.

Assistant to Engineer in Charge Thomas E. Tierney of the High Pressure Service is hereby commended for his assistance in extinguishing a fire for which Box 1412 was sounded at 8.16 a. m., September 2, 1946. Asst. to Engineer in Charge Tierney was off duty at the time.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 733.

The Acting Police Commissioner, having heard on August 30, 1946, by reference, a complaint made by Maurice F. Murphy, captain, commanding Division 15, against Patrolman Albert D. Ruggere of the same division, charging him with violation of Rule 54, section 1, and Rule 24, section 6, of the Rules and Regulations of the Police Department, finds the said Patrolman Albert D. Ruggere guilty as charged, and hereby orders that he be discharged from the Police Department; effective Saturday, August 31, 1946, at 5.45 o'clock p. m.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 734.

Rule 17 of the Rules and Regulations of this Department, having to do with "Divisions and Boundaries," is hereby amended in the description of the

bounds of Divisions 6 and 11, set out on pages 69, 70 and 71 of the Rules, as follows:

1. Regarding Division 6.

On page 69 of the Rules, relating to boundary of Division 6, strike out the whole section as it now appears and insert in place thereof, the following:

Division No. 6. To begin at a point at the waters of the harbor opposite the center of Fort Point Channel, at the northeasterly side of Northern Avenue Bridge; thence through the center of Fort Point Channel to and through the city and railroad bridges and the center of South Bay to a point opposite East Brookline street; thence by the southerly water line of South Bay extended in a straight line to the New York, New Haven and Hartford Railroad location; thence by and including said location to and through the center of Willow court extended and Willow court to the center of Boston street; thence through the center of Boston street, Mount Vernon street, Dorchester avenue and Columbia road easterly to a point in line with the southerly curb at the intersection of Kosciuszko Circle (formerly known as Columbia Circle); thence by the southerly curb line, including all of Kosciuszko Circle to the southerly curb at the intersection of Strandway; thence in an easterly direction in line with the land of the Commonwealth of Massachusetts and the City of Boston, to the waters of the harbor; thence northerly, easterly and westerly by said waters of the harbor to the point of beginning.

2. Regarding Division 11.

On pages 70 and 71 of the Rules, relating to boundary of Division 11, strike out the whole section as it now appears and insert in place thereof the following:

Division No. 11. To begin at a point in the center of Columbia road in line with the southerly curb at the intersection of Kosciuszko Circle (formerly known as Columbia Circle); thence by the southerly curb lines of Kosciuszko Circle across the intersection of Old Colony Parkway to the southerly curb at the intersection of Strandway; thence in a straight line across the land of the Commonwealth of Massachusetts to the southerly line of land owned by the City of Boston; thence in an easterly direction on a straight line to the waters of the harbor; thence easterly, southerly and westerly by the waters of the harbor to the boundary line between Boston and Quincy; thence westerly by the boundary lines between Boston, Quincy and Milton, to the center of Adams street; thence through Adams street, Pierce square, Washington street, Columbia road, Boston street, Mount Vernon street to the center of Dorchester avenue; thence through Dorchester avenue to the center of Columbia road; thence through Columbia road to the point of beginning.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 735.

Patrolman Albert L. Flattery, Division 11 (detailed to the Superintendent's

Office), and Patrolman George E. Smith, Superintendent's Office, are commended and each is granted three days' additional vacation for meritorious police duty performed on June 26, 1946, in connection with the capture of three armed holdup men who had held up and robbed two women in the Jamaica Plain district.

The Commissioner is pleased to commend these officers for their keen observation and devotion to duty displayed in the prompt apprehension and conviction of these dangerous felons.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 736.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Wednesday, September 11, 1946, at 9 o'clock a. m.:

Patrolman John J. Buckley to Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 737.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Monday, September 9, 1946, at 9 o'clock a. m.:

Patrolman Thomas F. Donohue to Division 7.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 738.

Transfer of the following-named persons from Superintendent's Office (armed service roll) is hereby ordered; effective Tuesday, September 10, 1946, at 9 o'clock a. m.:

Patrolman Daniel P. Ryan to Division 4.

Patrolman Francis J. Collins to Division 15.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted April 25, 1946, and was effective May 13, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days from July 12, 1946, is hereby extended for a further trial period of sixty (60) days, from September 10, 1946:

Section 41 (Isolated Stop Streets) is amended by adding the following:

Lamartine Street, Roxbury.
At Atherton street.
At Mozart street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following street, effective September 9, 1946:

Templeton Street, Dorchester.
From Adams street to Florida street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, the following rules are effective from 6 p. m. Friday, September 6, 1946, to 7 a. m. Monday, September 9, 1946:

Vehicles are excluded from the following street:

Stuart Street, Boston Proper.
From Broadway to Tremont street.

The one-way rule in the following street is suspended and it is a two-way street:

Eliot Street, Boston Proper.
From Stuart street to Broadway.

The following left turn prohibition is suspended:

Stuart Street.
Into Tremont street, southerly.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston which was adopted February 28, 1946, and was effective July 11, 1946, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days, from September 9, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

L Street, South Boston.
East side, from East Broadway to Columbia road, 8 a. m. to 10 a. m.
West side, from East Broadway to Columbia road, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water pipe repairs, estimated to be three (3) days, the following street is one way in the direction indicated, effective September 9, 1946:

Dorchester Avenue, South Boston.
From West Sixth street to B street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Edison Company, the following street is one-way in the direction indicated, from 7 a. m. Saturday, September 7, 1946, to 7 p. m. Sunday, September 8, 1946:

Rutherford Avenue, Charlestown.
From Mishawum street to Cambridge street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be one (1) month, vehicles are excluded from the following street:

Fort Avenue, Roxbury.
From Highland street to Centre street.

STREET CAR FARE IN OTHER CITIES.

The following is a list of some of the large cities that have 10-cent cash fare:

Atlanta, Ga., 10 cents, two tokens for 15 cents; Baltimore, Md., 10 cents, four tokens for 35 cents*; Boston, Mass., 10 cents; Buffalo, N. Y., 10 cents, three tokens for 25 cents; Cincinnati, O., 10 cents, five tokens for 45 cents; Cleveland, O., 10 cents, six tokens for 50 cents; Denver, Colo., 10 cents, three tokens for 25 cents; Houston, Texas, 10 cents, four tokens for 30 cents; Indianapolis, Ind., 10 cents, eight tokens for 55 cents; Kansas City, Mo., 10 cents, four tokens for 35 cents; Louisville, Ky., 10 cents, three tokens for 20 cents; Milwaukee, Wis., 10 cents, six tokens for 50 cents; Minneapolis, Minn., 10 cents, six tokens for 50 cents; Omaha, Nebraska, 10 cents, three tokens for 25 cents; Oakland, Cal., 10 cents, seven tokens for 50 cents; Pittsburgh, Pa., 10 cents, three tokens for 25 cents; Portland, Oregon, 10 cents, three tokens for 25 cents; St. Louis, Mo., 10 cents, four tokens for 35 cents; Seattle, Wash., 10 cents, three tokens for 25 cents; Toronto, Ont., 10 cents, four tokens for 25 cents; Washington, D. C., 10 cents, three tokens for 25 cents.

* Tokens discontinued.

MERCHANT SHIP PRODUCTION.

Merchant vessels built in the United States in 1943 numbered 1,896 with a total deadweight tonnage of 19,239,626, according to a report by Admiral Land, chairman of the Maritime Commission and administrator of the War Shipping Administration. Of these 208, aggregating 2,044,238 deadweight tons, were completed in December. Of the 1943 production, 1,238 vessels were Liberty ships; 70 C-1 cargo ships, 53 C-2 cargo ships; 39 C-3 cargo ships; 5 C-4 cargo ships; 167 tankers; 28 coastal tankers; 57 Liberty tankers; 3 passenger-cargo vessels; 33 coastal cargo ships, including two concrete ships; 16 ore carriers; 27 concrete barges; 46 seagoing tugs; 114 military types, not transports; 53 special types and a considerable number of smaller types, including tugs, barges, etc. Late in 1943, Admiral Land said 2,900 ships were under control of the War Shipping Administration, operated by some 76 general agents of the W. S. A.

FIRE DEFENSES OF FORTY-FOUR CITIES SURVEYED IN 1944, TEN CHANGE CLASS.

During the year 1944 five cities of more than 10,000 population were placed in a better fire insurance classification, and five other cities were put into a poorer class as the result of new surveys made by the National Board of Fire Underwriters or by state rating organizations.

At the end of 1944 a total of 28 cities over 25,000 population were in class 2, 104 cities in class 3, 128 in class 4, and the remaining cities in classes 5 and 6, with none in class 1.

The fire insurance classification of a city is determined through the use of the grading schedule of the National Board of Fire Underwriters in making an engineering appraisal of fire protection facilities.

MODEL FOR BLACKOUT ORDINANCES.

The National Institute of Municipal Law Officers has prepared a blackout ordinance, approved by the Office of Civilian Defense; it delegates reasonable administrative powers to the proper executive officer and contemplates both actual air raid conditions and those of practice blackouts. Several state leagues of municipalities have also prepared model ordinances.

The first city to enact a blackout ordinance was Seattle, Washington, early last year. Many others have done so more recently, the ordinances ranging in character from the type that delegates all authority to the mayor or city manager to those providing no delegation of power but outlining completely the rules for civilian conduct during blackouts. In some cases, at least, the city is declared not liable for damage to persons or property resulting from an authorized blackout.—*Municipal Review*.

FORECAST OF EXPENDITURES IN 1945.

A total of \$308,840,000 is forecast as the expenditures of the transit industry in 1945 for new equipment and maintenance of existing property and equipment. This sum is \$25,000,000 more than the forecast for 1944 made at this time last year, and is \$40,000,000 more than the expenditure ultimately made in 1944.

Total expenditures in 1945 for new equipment are expected to reach \$101,100,000 which compares with \$65,592,000 in 1944. New rolling stock will absorb most of the additional money with \$61,000,000 being allocated to new buses, \$12,000,000 to new cars and \$5,000,000 to new trolley coaches. However, it is estimated that \$20,000,000 will be spent on ways and structures, which is nearly \$5,000,000 more than was spent in 1944. In the power and line departments capital expenditures are forecast at \$3,100,000, which is slightly less than was spent in 1944, but is more than double the amount that was forecast for 1944 at this time last year.

Only moderate increases in maintenance expenditures are forecast for 1945. For maintenance materials the total for 1945 is put at \$78,340,000, which compares with \$76,561,000 spent in 1944. Maintenance labor costs are placed at \$129,400,000 for 1945 compared with \$126,343,000 in 1944.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INSPECTOR OF DAIRY PRODUCTS, DIVISION OF DAIRYING AND ANIMAL HUSBANDRY, DEPARTMENT OF AGRICULTURE, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: The minimum salary is \$2,280 a year; the maximum salary is \$2,760 a year.

Vacancies: At present there are two vacancies for males to be filled on a permanent basis.

Duties: In accordance with uniform regulations established by the Milk Regulation Board, to inspect dairy farms located within or without the Commonwealth wherever milk is produced for sale or distribution in the Commonwealth, in order to classify the farms as producing units for registration enabling them to sell within the Commonwealth; to determine if milk is transported under approvable conditions from farm to assembling plant and from assembling plant to point of distribution or processing in the Commonwealth; at times, to test milk for temperature compliance, adulteration, sediment, odors and flavor; to read reports submitted by quality-determining laboratories of the results of bacterial examinations by smear, direct microscopic and plate methods; at times, to inspect milk plants or manufactories, where milk is handled or assembled for sale in the Commonwealth, for sanitary condition, sound physical condition, and proper handling of milk and milk products; and to perform related work as required.

A knowledge of bacteriology and of all the dairy laws, particularly sections 16 to 16-L of chapter 94 of the General Laws, is essential.

Entrance Requirements: Applicants must have four years of experience in supervising the handling of market milk on a dairy farm or in a dairy plant. *Substitution:* A successfully completed course of college level in dairy science as applied to milk and milk products may be substituted for two years of the required experience.

CITY OF BOSTON.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN MATHER STREET, WARDS 16 AND 17, FROM DORCHESTER AVENUE TO ALLSTON STREET, AND WHITFIELD STREET, WARD 17, FROM TALBOT AVENUE TO PARK STREET.

The Commissioner of Public Works of the City of Boston, Office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Mather street, Wards 16 and 17, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Mather Street, Wards 16 and 17, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, September 27, 1946, with a certified check for thirteen hundred (1,300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
Commissioner of Public Works.

PARK DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING NEW STEAM BOILER AT THE FRANKLIN PARK YARD OFFICE BUILDING, FRANKLIN PARK, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for furnishing and installing new steam boiler at the Franklin Park Yard Office Building, Franklin Park, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Furnishing and Installing New Steam Boiler at the Franklin Park Yard Office Building, Franklin Park, Mass.," and left before 2 o'clock, Thursday, September 26, 1946, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

HOSPITAL DEPARTMENT.

PROPOSALS FOR ALTERATIONS AND REPAIRS TO VOSE HOUSE TO PROVIDE A LIBRARY AND IMPROVEMENTS IN DIETETIC LABORATORY, BOSTON CITY HOSPITAL, BOSTON, MASS.

The Trustees of the Boston City Hospital invite sealed proposals for alterations and repairs to Vose House, to provide a library and improvements in Dietetic Laboratory, Boston City Hospital, Boston, Mass., giving a bond of a surety company satisfactory to the Board of Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 38 Newbury street, Boston, Mass., signed by the bidders and left before four (4) p. m., Wednesday, September 25, 1946, at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, Mass., with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, Boston, Mass., before the time of opening of bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract, shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached in the specification. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract. Sub-bids shall be filed at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, Mass., on or before 12 o'clock noon, Monday, September 23, 1946; shall be submitted in accordance with notice to sub-bidders contained in the contract documents of the specification and shall be accompanied by a certified check of not less than 10 per cent of the amount of the sub-bid, but in no event less than the sum of one hundred (100) dollars. The Board of Trustees reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 38 Newbury street, Boston, Mass., after twelve (12) o'clock noon on Monday, September 16, 1946. A deposit of \$10 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

PARK DEPARTMENT.

PROPOSALS FOR SURFACING WITH SHEET ASPHALT THE TENNIS COURTS AT READVILLE PLAYGROUND, READVILLE, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for surfacing with sheet asphalt the tennis courts at Readville Playground, Readville, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Surfacing with Sheet Asphalt the Tennis Courts at Readville Playground, Readville, Mass.," and left before 2 o'clock on Thursday, September 26, 1946, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
FRANK R. KELLY,
(Sept. 14-21.) Commissioners.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO THE FENDER PIERS OF THE CHARLESTOWN BRIDGE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to the fender piers of the Charlestown Bridge. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairs to the Fender Piers of the Charlestown Bridge," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, September 24, 1946, with a certified check for eight hundred (800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Sept. 14.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LUMBER FOR CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing lumber for city departments, as specified in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, September 25, 1946, at 12 m., at Room 1001, City Hall Annex. *Envelopes containing bids to be sealed and plainly marked "Proposal for Lumber."* The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

HOSPITAL DEPARTMENT.

TO ELECTRICAL CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals for furnishing and installing new electric feeder between the switchboard in the Dowling Building and the switchboard in the South Department, Boston City Hospital, in accordance with the specifications, giving a bond of a surety company satisfactory to the Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before two o'clock p. m. on Thursday, September 19, 1946, at the office of the Superintendent, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be deposited with the City Auditor, City Hall, Boston, before the time of opening the bids. The rate per hour to be paid those employed to do the work under this contract shall not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Furnishing and Installing New Electric Feeder between the Switchboard in Dowling Building and the Switchboard in the South Department, Boston City Hospital."

HOSPITAL DEPARTMENT.

PROPOSALS FOR EQUIPMENT FOR NURSES' LIBRARY,
VOSE HOUSE, BOSTON CITY HOSPITAL,
BOSTON, MASS.

The Trustees of the Boston City Hospital invite sealed proposals for equipment for Nurses' Library, Vose House, Boston City Hospital, Boston, Mass., giving a bond of a surety company satisfactory to the Board of Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 38 Newbury street, Boston, Mass., signed by the bidders and left before four (4) p. m., Wednesday, September 25, 1946, at the office of the Superintendent of the Boston City Hospital, with a certified check for 10 per cent of the bid price, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, Boston, Mass., before the time of opening the bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached in the specification. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Board of Trustees reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 38 Newbury street, Boston, Mass., after nine (9) a. m., Monday, September 16, 1946. A deposit of \$10 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, SEPTEMBER 21, 1946.

No. 38

MAYOR CURLEY SCORES FEDERAL PUBLIC HOUSING AUTHORITY ON INACTION AND DELAYS THAT HAVE PREVENTED ERECTION OF DWELLINGS TO PROVIDE FOR RETURNING VETERANS AND THEIR FAMILIES — NOTES FACT THAT CITY HAS BEEN MOST PATIENT IN AWAITING ACTION WHICH WOULD MAKE AVAILABLE FACILITIES FOR LIVING CONDITIONS THAT WOULD EASE PRESENT DIRE SITUATION — CALLS PRESENT STATUS OF CONSTRUCTION A BLOT ON CITY AND WARNS TIME TO ACT IS NOW.

The City of Boston has been most patient awaiting action by the Federal Housing Authority in the matter of creation of permanent housing facilities for the families of men who have been in the armed services. In 1941, money was made available for the construction of two developments, one in South Boston and one in the South End of Boston, in the vicinity of the Holy Cross Cathedral. The sum of \$10,000,000 was made available for these two housing projects. Architects were employed and designed plans. Land was taken, buildings were razed, and some 1,500 families were obliged to seek residence elsewhere.

In 1941, in response to bids for the construction of these two projects, the lowest bid received was \$4,800 per living unit. Due to the declaration of war, all bids were rejected. Until some four months ago, no action was taken with reference to the construction of these two important housing projects. Bids were recently opened, and the lowest bid received made provision for the construction of the living unit at about \$4,800, and, as a part of the bid, utilities were included so that the actual cost of construction of the living unit and the utilities would be in the vicinity of \$7,100. What is true in the case of bids on housing this year, as contrasted with 1941, prior to the declaration of war, has been found in every case where bids have been invited: namely, that the increase in wages plus the increased cost of materials has resulted in an advanced cost of 50 per cent, and indications are that in another year, the price may be even 10 per cent to 20 per cent in excess of the price at which the work can now be done.

A Blot on City.

The area for the South Boston permanent housing project is most extensive; likewise the one in the vicinity of the Holy Cross Cathedral in the South End; and they constitute a blot upon the face of the city and an indictment of the Federal Housing Authority for the neglect to proceed with the work expeditiously. There is sufficient money available now to proceed with one of the projects, namely, at South Boston, for which bids were recently received, and left available for the South End housing project at a later date in the vicinity of \$3,000,000.

The general criticism of the Federal Housing Authority has been, and should be, for their failure to proceed with the work, and in the opinion of competent authorities money can and will be made available to proceed with the construction of the second project, namely, the one in the South End. The Boston Housing Authority, which advertised for bids on the South Boston project, has submitted a brief in support of the awarding of the contract to the lowest bidders, and this has been forwarded to the Federal Housing Authority in Washington and is deserving of favorable action at once by that body.

If the Federal Housing Authority and the political party in control of affairs in the Capitol are really desirous of aiding our returning heroes and their families, they should provide them with suitable living quarters, for which Boston has been waiting four years and has been rewarded only with inactivity.

Time to Act Is Now.

The time for favorable action is now, and this work should proceed without further delay. The public condemnation of the Federal Housing Authority is not confined to mere criticism of the laxness of that body, but the combination of stupidity and laxness that no longer can be tolerated by an intelligent community.

I am taking the liberty of forwarding a copy of the communication drafted by the Boston Housing Authority and articles printed in a Boston paper with reference to the situation, and I invite any citizen to share my view that the needs of the families of the veterans are entitled to consideration and to write at once to the Federal authorities and the President to that effect.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, September 23, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 64 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending September 14, 1946.
Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 133; nonresidents, 56; total, 189.

Death rate per 1,000 of population: All deaths, 12.82; nonresidents deducted, 9.02.

Death rate per 1,000 of population:

Last week, 13.57; corresponding week last year, 12.09.

MAYOR CURLEY MOVES TO SAVE CITY ON STREET LIGHTING CONTRACTS—SIGNS CONTRACT WITH WELSBACH STREET LIGHTING COMPANY OF AMERICA, WHEREBY ALL GAS LIGHTING EQUIPMENT WILL PASS INTO CITY'S HANDS, TO BE OWNED, MAINTAINED AND OPERATED BY PUBLIC WORKS DEPARTMENT—FIRST STEP IN PLAN TO FURNISH BETTER AND CHEAPER ILLUMINATION TO PUBLIC.

Mayor James M. Curley on September 17 announced that he has signed a contract with the Welsbach Street Lighting Company of America, whereby all the gas lighting equipment now owned by the Welsbach Street Lighting Company on the lamps of the city passes into the hands of the Public Works Department of the City of Boston, to be owned, maintained, and operated by the city.

This sale was brought about because of the high cost of gas street lighting to the citizens of Boston. In former years the city has paid and is now paying \$23 per lamp per year to the Welsbach Street Lighting Company. They have informed us that at the termination of the present contract, that is, September 30, 1946, it will be necessary for the City of Boston to pay \$33.60 per lamp per year for the same services. On a basis of approximately 9,000 lamps under the new rate it would cost approximately \$302,400. Under the new procedure, with the City of Boston owning the equipment and paying \$120,000 for it, and paying approximately \$106,000 for the servicing and \$72,000 for the gas, there will be a saving, even if we consider charging off the entire cost price the first year. If

we charge off the entire cost the first year, the succeeding years will show a tremendous saving over the cost of the contract system.

In previous years, our contract would allow us to remove only 5 per cent of the gas lighting if we wished to replace it with electric lighting. Now that we own the equipment, there are no strings attached and we, in turn, may diminish it any percentage that we see fit, thus giving us the opportunity of converting all possible gas lights to electric lighting.

In the change from gas lights to electric lights, the city will have available equipment which it will no longer need, and the Welsbach Company has agreed to repurchase such equipment to the amount of 2,000 units up to January 1, 1948, at \$8 per unit, and 2,000 additional units in each of the years 1948 and 1949 at a slight reduction from the \$8 per unit price.

This is the first step forward in a campaign to furnish better and cheaper illumination on all the streets of the city, and it is anticipated that within five years all gas lamps that can possibly be converted will have been changed to electric.

account of extra work being ordered, the contractor was unable to complete the work within the time specified.

Louis J. Banda has been granted an extension of the time of completion of the contract for caulking, pointing, etc., at the Bunker Hill School, Charlestown, from July 31, 1946, to October 15, 1946. This extension is requested for the reason that, due to inclement weather, lack of proper labor, and trouble in purchasing adequate material, work could not be completed by July 31, 1946.

FIRE DEPARTMENT.

The Boston Marine Works, Inc., has been granted an extension of time for the performance of the contract in connection with retubing the after boiler of Fireboat "Matthew J. Boyle," Engine 44.

The contract is dated March 13, 1946, and was to have been completed within thirteen weeks after the date of the Mayor's approval of the contract, his Honor having signed the contract April 13, 1946. The date of completion, in accordance with the provisions of the contract, was July 13, 1946. However, due to delays in delivery of material, over which the contractor had no control, it was impossible to complete the work within the time allowed in the contract. Request is made for an extension of time for performance of work under the contract until August 10, 1946.

MAYOR SCORES REGIONAL FEDERAL HOUSING AUTHORITY DIRECTOR FOR ATTITUDE ON TEMPORARY HOUSING FOR VETERANS AT THE JEFFERSON SITE.

His Honor the Mayor on September 18 sent the following letter to Sumner K. Wiley, Regional Director, Federal Housing Authority:

DEAR SIR,—We have received your rather confusing and jumbled communication with reference to temporary housing, in which we are informed that it would be unwise to change from gas cooking and hot water to oil, and we do not approve of this being done.

With reference to the proposal of eliminating the 28 dwellings at the Jefferson site, the Committee is opposed to this and believes the work should proceed at once, even though the buildings be in an incompletable state due to what is claimed a shortage of allotted funds.

Until such time as you have definitely determined the amount of money available for the completion of the buildings at the Jefferson site, we consider it unwise to permit the city to furnish money to complete the buildings at the Jefferson site.

Sincerely yours,

JAMES M. CURLEY,
*Chairman, Mayor's Veterans
Emergency Housing Committee.*

MAYOR CONGRATULATES BISHOP SHERRILL.

The following letter of congratulation was sent on September 17 by Mayor Curley:

RT. REVEREND HENRY KNOX SHERRILL,
*Presiding Bishop of the Protestant
Episcopal Church in the United States.*

RT. REVEREND SIR,—It is an exceedingly great pleasure to congratulate you and the City of Boston upon the honor that has been bestowed upon you and which is so richly deserved, being selected as the new Presiding Bishop of the Protestant Episcopal Church in the United States.

I trust that you will be granted the health, strength and vision to carry on with success in your new responsibility.

Sincerely,

JAMES M. CURLEY, *Mayor.*

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Charles Struzziery Company has been directed to omit and substitute work under the contract for sewerage works in Greenwood avenue, Birchcroft and Laurel roads, Reservoir street and Rosewood road, Hyde Park, dated August 7, 1946. Items ordered: Omit the furnishing of clay or shale sewer pipe for sanitary sewers (Item 30 of contract) in the above-named streets and substitute concrete pipe under Item 32A of the contract. Prices to be paid for substituted work: \$1,100 list value of concrete pipe furnished at 45 per cent discount in place of \$1,100 list value of clay pipe at 40 per cent discount. Estimated cost of substituted work, \$605; estimated cost of omitted work, \$660; estimated decrease in cost, \$55.

EXTENSION OF CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

Harvey F. Armington, Inc., has been granted an extension of the time of completion of the contract, approved August 1, 1946, for concrete work, chain link fence, grading, etc., at the Fairmount School. Completion date to be extended from August 29, 1946, to September 30, 1946. This extension is requested for the reason that materials necessary for incorporation in this contract were unavailable in time to complete contract by August 29, 1946.

Warren Brothers Roads Company has been granted an extension of the time of completion of the contract for laying asphalt surface, site of the Brighton High School, from July 18, 1946, to August 15, 1946. This extension is requested for the reason that due to circumstances beyond its control Warren Brothers Roads Company was unable to complete contract July 18, 1946.

Dooley Brothers, Inc., has been granted an extension of the time of completion of the contract for sheet asphalt pavement in Hubbard street and bituminous concrete pavement in Whitcomb avenue, dated December 5, 1945, from June 30, 1946, to September 1, 1946. This extension is requested for the reason that, on

HEALTH DEPARTMENT.

Edith Peterson, 93A Armandine street, Dorchester, public health nurse, \$1,900 a year plus \$200 E.C.A.

OVERSEERS OF THE PUBLIC WELFARE.

Ruth M. Fuller, 1 Edgebrook road, West Roxbury, social worker, \$2,100 a year.

Frederick J. Hodge, 4012 Washington street, Roslindale, social worker, \$1,700 a year.

Virginia Prout, 872 Beacon street, Boston, social worker, \$2,000 a year.

Clarence P. Ford, 38 St. Andrew road, East Boston, senior bookkeeper, \$1,600 a year.

PUBLIC WORKS DEPARTMENT.

James F. Carter, 319 Park street, West Roxbury, senior civil engineer, Grade V, \$3,600 a year plus \$200 E.C.A.

Archibald B. Cameron, 25 Edgebrook road, West Roxbury, tollman-guard, \$2,000 a year plus \$200 E.C.A.

John P. Welby, 433 Old Colony avenue, South Boston, assistant drawtender, \$1,800 a year plus \$200 E.C.A.

VETERANS' RETIREMENT.

The Mayor has approved the retirement of the following under the Veterans' Retirement Act:

Paul E. Butler, 33 Hollywood road, West Roxbury, senior custodian in the Dillaway School of the School Department.

William Joseph Murphy, 86 Hillsdale street, Dorchester, visitor in the Soldiers' Relief Department.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

ASSESSING DEPARTMENT.

John M. McDowell has been granted eighteen hours overtime, from July 31 through August 6 at \$1.50 per hour; total, \$27.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

INSTITUTIONS DEPARTMENT.

Upon September 3 the Mayor approved a contract as indicated in the following letter:

BOSTON, August 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On August 12, in response to advertisement in the *City Record*, bids were opened by the Institutions Department for removing the slate roof on the Attendants' Home, and replacing it with asphalt shingles, to replace copper valleys, and to repoint chimneys. The following bids were received:

Burgess & Blacher, 18 Eustis street, Roxbury, \$3,178; H. A. Smith, 48 Troy street, Boston, \$3,184; John P. Shea Company, 41 Hollingsworth street, Mattapan, \$3,400; John J. Hourihan, 227 Heath street, Jamaica Plain, \$3,445.

H. A. Smith, 48 Troy street, Boston, was the second lowest bidder, and is presently performing similar work on other roofs at Long Island. He has his equipment on the job and half the asphalt shingles that are needed. The other half he has located. He is prepared to proceed immediately on the work which is now an emergency. As only \$6 separates the bids, and, further, it would cost the city considerably more than the difference in the bids to transport the necessary equipment of another contractor to the job, I am in consequence recommending that the contract in the sum of \$3,184 be awarded to H. A. Smith, 48 Troy street, Boston, as being best for the city.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

PUBLIC WORKS DEPARTMENT.

Upon September 3 the Mayor approved a contract with John McCourt Company for sheet asphalt pavement in Medford street, Charlestown, at an estimated cost of \$42,422.50.

The work to be done under this contract is to be completed November 15, 1946.

The following bids were received August 5:

John McCourt Company, \$42,422.50; S. J. Tomasello Corporation, \$42,522.50; Warren Brothers Roads Company, \$43,475.50; John Deveney Company, \$44,987.50; Baker & Co., Inc., \$46,977.50; M. J. Kelly Company, Inc., \$47,322.50; Page Construction Company, Inc., \$51,287.50.

Upon September 6 the Mayor approved a contract with the John F. Shea Company, Inc., for redecking Central Avenue Bridge at an estimated cost of \$12,165.

The work is to be commenced on a date to be specified on a written order from the commissioner and shall be fully completed within two months from that date.

The following bids were received August 13:

John F. Shea Company, Inc., \$12,165; V. Grande, \$12,220; Fred J. Wallace, \$12,355; Baker & Co., Inc., \$13,752; Marinucci Brothers & Co., \$13,870; John P. Cavanagh, \$13,990; M. J. Kelly Company, Inc., \$14,025; A. Grande, \$16,162; Ralph Beaudoin, \$22,297.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing American anthracite coal for Boston Public Schools. Bids, opened June 10, were from the following firms:

Boston Ice Company, Crystal Oil and Coal Company, Inc., Everett Fuel Company, Metropolitan Coal Company, Snider Fuel Corporation.

Award was made to the lowest responsible bidder in accordance with specifications and standards, and contract was executed as follows:

Snider Fuel Corporation, \$4,332.75.

The School Committee has approved proposals for furnishing semibituminous coal for Boston Public Schools. Bids, opened June 10, were from the following firms:

Boston Ice Company, Crystal Coal and Ice Company, Inc., Metropolitan Coal Company, Snider Fuel Corporation, Staples Coal Company, doing business as City Fuel Company, White Fuel Corporation.

Award was made to the lowest responsible bidder in accordance with specifications and standards, and contract was executed as follows:

White Fuel Corporation, \$342,160.55.

The School Committee has approved proposals for furnishing fuel oil for Boston Public Schools. Bids, opened June 10, were from the following firms:

American Oil Company, Boston Ice Company, Lincoln Oil Company, Metropolitan Coal Company, Pennsylvania Oil Company, Petroleum Heat and Power Company, Snider Fuel Corporation, White Fuel Corporation.

Awards were made to the lowest responsible bidders in accordance with specifications and standards, and contract was executed as follows:

Lincoln Oil Company, \$1,924; Metropolitan Coal Company, \$27,828.20; Petroleum Heat and Power Company, \$46,467.49; White Fuel Corporation, \$46,306.63.

SUPPLY DEPARTMENT.

Upon August 28 the Mayor approved a contract with contractors as indicated in the following communication:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On August 6, 1946, this office was prepared to receive bids on proposals for furnishing truck bodies and hoists, in accordance with specifications, for the Public Works Department. Although more than twenty-five concerns were notified of the impending bid, the only bid received was that of Dempster Brothers, Inc., Knoxville, Tennessee. Since the proposal specified Dempster models or equal, and this concern is prepared to furnish such Dempster models, your permission is requested to accept this bid and award

a contract to Dempster Brothers, Inc., for furnishing the following:

Item No. 1.—Twenty new, rectangular shaped, 8 cubic yard Dempster bodies at \$436.65, \$8,733.

Item No. 2.—Four rectangular shaped, 4 cubic yard Dempster bodies at \$306.10, \$1,224.40.

Item No. 3.—Two Model 300, L. F. W. Dempster hoists at \$2,383.50, less tax, \$108.50—net, per unit, \$2,275; total, \$4,550; total amount of contract, \$14,507.40.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Item No. 1.—Twenty (20) Only, New Rectangular Shaped, 8 Cubic Yard Dempster Bodies, or Equal.

Unit Price, Each.—Dempster Brothers, Inc., \$436.65.

Net Price, Each.—Dempster Brothers, Inc., \$436.65.

Net Total.—Dempster Brothers, Inc., \$8,733.

Model.—Dempster Brothers, Inc., Dempster-Dumpster, Drop Bottom Type. Delivery.—Dempster Brothers, Inc., 60 to 90 days.

Item No. 2. Four (4) Only, Rectangular Shaped, 4 Cubic Yard Dempster Bodies, or Equal.

Unit Price, Each.—Dempster Brothers, Inc., \$306.10.

Net Price, Each.—Dempster Brothers, Inc., \$306.10.

Net Total.—Dempster Brothers, Inc., \$1,224.40.

Model.—Dempster Brothers, Inc., Dempster-Dumpster, Drop Bottom Type. Delivery.—Dempster Brothers, Inc., 60 to 90 days.

Item No. 3. Two (2) Only, Model 300, L. F. W. Dempster Hoists, or Equal.

Unit Price, Each.—Dempster Brothers, Inc., \$2,383.50.

Less Tax.—Dempster Brothers, Inc., \$108.50.

Net Price, Each.—Dempster Brothers, Inc., \$2,275.

Net Total.—Dempster Brothers, Inc., \$4,550.

Model.—Dempster Brothers, Inc., Dempster-Dumpster, Model 300, Type L. F. W.

Delivery.—Dempster Brothers, Inc., 60 to 90 days.

Dempster Brothers, Inc., only bidder. Note slight technical change in specifications as set forth in their accompanying letter; 60 to 90 day delivery above is approximate from receipt of purchase order and settlement of details.

Upon September 6 the Mayor approved a contract as indicated in the following:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of August 13, 1946, bids were publicly opened and read at this office on proposals for furnishing passenger cars for city departments. Your permission is requested to award contracts to the lowest bidders, with the exception of Item No. 21, as checked on the attached tabulation.

On Item No. 21, the Fire Commissioner in a letter to this office recommended the purchase of Ford sedans from the Cote Motor Company instead of the Chevrolet sedans offered by the lowest bidder for the following reasons:

"1. Better service on replacement of parts is available through the Ford Company.

2. The mechanics of our Maintenance Division are thoroughly trained in Ford assembly.

3. The Maintenance Division now carries a considerable investment in our stock of Ford spare parts. The purchase of Chevrolets would naturally require the stocking of considerable spare parts as well as retraining of mechanics on assembly jobs.

4. The Ford car has more horsepower than the Chevrolet and is better adapted for Fire Department service."

The award of this item to the Cote Motor Company is, therefore, recommended. The totals of awards will be:

Cote Motor Company, \$20,147.05; Bowers Motor Sales, \$10,241.34; Lalime & Partridge, \$4,839.30.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Summary of Passenger Car Proposal, Opened August 13, 1946.

Item No. 5, Ford.—Bowers Motor Sales, \$2,063.92*; Cote Motor Company, \$2,082.92; Lalime & Partridge, \$2,073.92.

Item No. 6, Ford.—Bowers Motor Sales, \$1,754.94; Cote Motor Company, \$1,854.94; Lalime & Partridge, \$1,704.94.*

Item No. 7, Ford.—Bowers Motor Sales, \$1,279.94; Cote Motor Company, \$1,379.94; Lalime & Partridge, \$1,204.94.*

Item No. 13, Ford.—Bowers Motor Sales, \$2,284.94*; Cote Motor Company, \$2,354.78; Lalime & Partridge, \$2,304.94.

Item No. 16, Ford.—Bowers Motor Sales, \$119.94; Cote Motor Company, \$299.94; Lalime & Partridge, \$4.94.*

Item No. 17, Ford.—Bowers Motor Sales, \$1,322.47*; Cote Motor Company, \$1,357.47; Lalime & Partridge, \$1,332.47.

Item No. 18, Ford.—Bowers Motor Sales, \$1,142.47*; Cote Motor Company, \$1,177.47; Lalime & Partridge, \$1,152.47.

Item No. 21, Ford.—Bowers Motor Sales, \$20,172.05; Cote Motor Company, \$20,147.05*; Lalime & Partridge, \$20,222.05.

Item No. 21, Chevrolet.—Jackson Chevrolet Company, \$19,985.55.

Item No. 22, Ford.—Bowers Motor Sales, \$592.47; Cote Motor Company, \$652.47; Lalime & Partridge, \$552.47.*

Item No. 24, Ford.—Bowers Motor Sales, \$3,427.54*; Cote Motor Company, \$3,532.43; Lalime & Partridge, \$3,457.41.

Item No. 27, Ford.—Bowers Motor Sales, \$1,380.01; Cote Motor Company, \$1,387.01; Lalime & Partridge, \$1,372.01.*

Items Nos. 1, 2, 3, 4, 8, 9, 10, 11, 12, 14, 15, 23, 25, 26, no bid received on these items covering Buick, Zephyr, DeSoto and Plymouth cars.

Items Nos. 19 and 20 cancelled from bid; specifications changed by Health Department; to be readvertised.

All prices are net delivered after trade-ins and discounts have been deducted.

Jackson Chevrolet Company bid on one item only. Delivery in 45 to 60 days.

The three Ford bidders specify no delivery date.

All prices subject to any O. P. A. changes at time of delivery.

* Contract awarded.

Passenger Cars.

The contractor shall furnish and deliver to the various city departments as specified the following:

Item No. 1, Requisition 490, Fire Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Color: Fire Department burgundy maroon (no lettering). Model: To conform with price class and general specifications of Lincoln Zephyr, or equal. Special: This car must not be Fluid Drive or Hydromatic. To be equipped with oil filter and oil-bath air cleaner. To have high type police generator; a combination flashing red light and free roller, or equivalent, siren horn placed on the roof of car. Less trade-in, one (1) 1940 Buick limousine, "as is."

Item No. 2, Requisition G514, Public Works Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Model: To conform with price class and general specifications of Buick Model 51, Series 50, Super, or equal. Less trade-in, one Model C-8, 1942 Oldsmobile sedan, Model 69.

Item No. 3, Requisition G515, Public Works Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Model: To conform with price class and general specifications of Buick Model 71, or equal. Special: To be equipped with spotlight. No trade-in.

Item No. 4, Requisition G515, Public Works Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Model: To conform with price class and general specifications of Buick Model 51, or equal. Special: To be equipped with spotlight. Less trade-in, one (1) Number P291, Model 1600, 1938 Packard sedan.

Item No. 5, Requisition G515, Public Works Department.—Two (2) only — New 1946-47 coupes, two-passenger, standard specifications. Model: To conform with price class and general specifications of Ford, or equal. Less trade-in, one (1) Number L-3, 1937 Ford sedan.

Item No. 6, Requisition G515, Public Works Department.—Two (2) only — New 1946-47 sedans, four-door, standard specifications. Model: To conform with price class and general specifications of Ford, or equal. Less trade-in, one (1) Number P-267, 1941 Ford sedan.

Item No. 7, Requisition G542, Public Works Department.—Two (2) only — New 1946-47 sedans, four-door, standard specifications. Model: To conform with price class and general specifications of Ford, or equal. Less trade-in, one (1) Number B-21, 1941 Ford sedan, one (1) Number S-378, 1941 Ford sedan.

Item No. 8, Requisition G547, Public Works Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Special: To be equipped with spotlights. Model: To conform with price class and general specifications of Buick Model 51, or equal. Less trade-in one (1) Number TS-7, 1937 Model 1600 Packard sedan.

Item No. 9, Requisition 12, Institutions Department, Central Office.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Model: To conform with price class and general specifications of Buick Model 51, or equal. Less trade-in, one (1) 1942 Mercury sedan.

Item No. 10, Requisition 150, Public Buildings Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Model: To conform with price class and general specifications of Buick Model 51, or equal. Less trade-in, one 1941 Buick sedan.

Item No. 11, Requisition G711, Public Works Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Model: To conform with price class and general specifications of

Buick Model 51, or equal. Special: To be equipped with spotlights. Less trade-in, one (1) Number W221, 1939 Model 41 Buick four-door sedan.

Item No. 12, Requisition 304, Street Laying-Out Department.—Two (2) only — New 1946-47 sedans, four-door, standard specifications. Model: To conform with price class and general specifications of Buick Model 51, or equal. No trade-in.

Item No. 13, Requisition 304, Street Laying-Out Department.—Two (2) only — New 1946-47 sedans, four-door, standard specifications. Model: To conform with price class and general specifications of Plymouth sedans, or equal. No trade-in.

Item No. 14, Requisition 534, Fire Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Model: To conform with price class and general specifications of DeSoto sedan, or equal. Special: This car must not be Fluid Drive or Hydromatic. To be equipped with oil filter and oil-bath air cleaner; high type police generator; a combination flashing red light and free roller, or equivalent, siren horn placed on the roof of car. Color: To be painted burgundy maroon with lettering "CHIEF OF DEPARTMENT — BOSTON" on both windowsills at front seat. Less trade-in, one (1) 1942 Lincoln Zephyr.

Item No. 15, Requisition 0206, Public Works Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Model: To conform with price class and general specifications of Buick Model 51, or equal. Special: To be equipped with spotlights. Less trade-in, one (1) Number Se-100, 1941 Ford four-door sedan.

Item No. 16, Requisition 0206, Public Works Department.—Two (2) only — New 1946-47 sedans, four-door, standard specifications. Model: To conform with price class and general specifications of Ford, or equal. Less trade-ins, one (1) Number Se-89, 1940 Ford four-door sedan; one (1) Number SE-97, 1940 Ford four-door sedan; one (1) Number SE-98, 1941 Ford four-door sedan; one (1) Number SE-99, 1941 Ford four-door sedan; one (1) Number SE-102, 1941 Ford four-door sedan.

Item No. 17, Requisition 70, Fire Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Model: To conform with price class and general specifications of Ford sedan, or equal. Special: To be equipped with oil filter and oil-bath air cleaner. To have high type police generator; a combination flashing red light and free roller, or equivalent, siren horn placed on the roof of car. No trade-in.

Item No. 18, Requisition 2, Law Department.—One (1) only — New 1946-47 sedan, four-door, standard specifications. Model: To conform with price class and general specifications of Ford sedan, or equal. No trade-in.

Item No. 19, Requisition 110, Health Department.—Two (2) only — New 1946-47 beach or station wagons, nine-passenger. Model: To conform with price class and general specifications of Ford super deluxe, or equal. Special: To be equipped with Stewart-Warner, or equal, gasoline heater, large size, and defroster. Less trade-ins, one (1) Chevrolet beach wagon, 1941; one (1) Buick seven-passenger sedan, 1936.

Item No. 20, Requisition 110, Health Department.—One (1) only — New 1946-47 sedan, two-door, standard specifications. Model: To conform with price class and general specifications of Ford, or equal. Special: To be equipped with Stewart-

Warner, or equal, gasoline heater, large size, and defroster. Less trade-in, one (1) Hudson sedan, 1941.

Item No. 21, Requisition 928, Fire Department.—Fifteen (15) only—New 1946-47 sedans, two-door, standard specifications. Model: To conform with price class and general specifications of Ford standard, or equal. Special: To be equipped with oil filter and oil-bath air cleaner. To have high type police generator, a combination flashing red light and free roller, or equivalent, siren horn placed on roof of car. Item No. 10, Public Buildings Department, call Laf. 5100 (Mr. Sullivan).

Item No. 18, Law Department, call Laf. 6200 (Mr. Scolponeti).

Item No. 25, Building Department, call Laf. 5100 (Mr. Mahoney).

Item No. 26, Transit Department, call Lib. 8590 (Mr. Nichols).

All proprietary names given in bid are quoted for information purposes only,

not to limit competition. Bids may be made on similar products with full information given. Complete specifications must be included with bid. All Government regulations relative to sale and prices must be complied with in bids.

TRANSIT DEPARTMENT.

Upon August 28 the Mayor approved a contract with the Hayes Pump and Machinery Company for pumps for Welles Avenue pumpwell, section 3, Dorchester Rapid Transit. Bids, opened on August 21, were as follows:

Turbine Equipment Company of New England, \$3,415; Lawrence Machine and Pump Corporation, \$3,221; Starkweather Engineering Company, Inc., \$3,234, less 2 per cent discount, 10 days, \$3,169.32; Aetna Engineering Company, \$3,225, less 2 per cent discount, \$3,160.50; Hayes Pump and Machinery Company, \$2,761.

COURT HOUSE COMMISSION.

Upon August 28 the Mayor approved a contract with W. E. Smith Company, for steam cleaning and pointing the exterior of the old Suffolk County Court House building. Bids, opened Friday, August 23, were as follows:

W. E. Smith Company, \$13,995; Chester Newman Company, \$14,260; James B. Pulceni, \$18,900.

CHANGES IN CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Joseph G. Gazzola has been ordered to make the following changes in his contract: Sand and refinish kindergarten floor as per department specifications. The amount of \$72 will be added therefor, making the account as follows: Contract price, \$1,740; total additions, \$72; amount of contract, \$1,812.

PUBLIC BUILDINGS DEPARTMENT.

A. Piotti Company has been ordered to change the contract for gymnasium, South Boston, and the amount of \$1,242 will be added therefor, making the account as follows:

Contract price, \$83,984; total additions, \$6,083.83; amount of contract, \$90,067.83.

Items ordered: To make connection to sewer at a point approximately 56 feet from the building in the alley connecting to Fourth street. The work consists of excavating, backfilling, replacing cobblestone pavement, and laying the Akron pipe sewer, making all proper connections and leaving the work in perfect condition.

AMENDMENTS TO AND REALLOCATIONS OF APPROPRIATIONS.

The Mayor has approved the request of the heads of several departments indicated for permission to amend or reallocate budget appropriations as follows:

AUDITING DEPARTMENT.

BOSTON, September 3, 1946.

Hon. James M. Curley,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to make the following amendment in the 1946 budget of the Auditing Department in order to cover a recent promotion within this department approved by you:

Cancel one clerk at \$2,900 a year and establish one chief of payroll section at \$3,200 a year.

Respectfully,

CHARLES J. FOX,
City Auditor.

COLLECTING DEPARTMENT.

BOSTON, August 28, 1946.

Hon. James M. Curley,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to amend the Collecting Department budget, Water Division, to provide for the appointment of James P. Kelly to the position of acting deputy collector at a salary of \$2,300 a year plus \$200 E.C.A.

Mr. Kelly was honorably discharged from the U. S. Army and reported for reinstatement to this department effective August 28, 1946. He is entitled to the position and salary on the basis of his seniority rating.

Respectfully yours,

DANIEL F. DONOVAN,
City Collector.

HOSPITAL DEPARTMENT.

BOSTON, August 30, 1946.

Hon. James M. Curley,
Mayor of Boston.

DEAR SIR,—Your approval of a reallocation in the amount of \$200 from the appropriation C-16, Wearing Apparel, to the appropriation C-9, Office, is respectfully requested.

This amount will be needed to meet the cost of emergency orders for small miscellaneous items to be ordered through the Printing Department, such as record tape holders, ink stands, record clips, etc.

There is no unencumbered balance under this item at the present time.

Respectfully submitted,

JAMES W. MANARY, M. D.,
Superintendent.

INSTITUTIONS DEPARTMENT.

BOSTON, August 28, 1946.

Hon. James M. Curley,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to make the following transfers:
Steamer "O'Meara."

From B-10, Rent, Taxes, Water, \$50, to C-13, Tools and Instruments, \$50; from B-10, Rent, Taxes, Water, \$200, to E-1, Building, \$200; from B-10, Rent, Taxes, Water, \$50, to E-13, Materials, \$50.

Transfers to C-13 and E-1 are to provide paintbrushes and paint for crew to paint the steamer. Transfer to E-13 is to provide packing and steam fittings for crew to make certain repairs.

By having this work done by our own men considerable saving will be effected under our repair item B-39. It is anticipated that there will be sufficient savings under B-10 for boat hire to provide for the transfers requested.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

OVERSEERS OF PUBLIC WELFARE.

BOSTON, August 29, 1946.

Hon. James M. Curley,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfer in the Central Office appropriation of this department:

From B 39, General Repairs, \$25, to B-14, Motor Vehicle Repairs and Care, \$25.

This will provide for emergency repairs of department automobile. This amount will be available from the B-39 item.

WILLIAM G. O'HARE,
Secretary.

PARK DEPARTMENT.

BOSTON, August 30, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you alter the budget of this department by allowing the following transfers:

From C-15, Tires, Tubes, Accessories, \$250, to C-13, Tools and Instruments, \$250; from C-17, Miscellaneous Equipment, \$250, to C-9, Office, \$250.

The money is needed in C-13 to provide for the payment of an order for axes, saws, etc., needed for work in this department. The money is needed in C-9 to pay for a new Burroughs adding machine as our old one is no longer worth repairing.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A culvert of three lines of 3-foot circular reinforced concrete pipe in West street, between Gwinnett street and Austin street (at Stony Brook), in the Hyde Park district, at an estimated cost of \$3,600.

A 36-inch by 42-inch circular reinforced concrete pipe conduit in private land (Myopia Brook), between Stony Brook and West street, in the Hyde Park district, at an estimated cost of \$16,100.

A culvert of three lines of 3-foot circular reinforced concrete pipe in Austin street at Myopia road (Stony Brook), in the Hyde Park district, at an estimated cost of \$4,000.

STREET REPAIRS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board, having passed the order of notice relating to the public improvement hereinafter described, and having caused a copy of said order to be published July 5, 6, 8 and 9, 1946, in the *Boston Globe* and the *Boston Post*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public necessity and convenience require, does hereby order that specific repairs be made as follows:

Brighton avenue, Brighton district, from Commonwealth avenue to Cambridge street, by removing the reserved space in which the cars of the Boston Elevated Railway Company operate, and substituting a center divisional island.

DAMAGES SUSTAINED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Woodbourne road, West Roxbury district, as a highway, under the order of the Board of August 28, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of a part

of Lennoco road, West Roxbury district, as a highway, at its southeasterly end, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Webley street (formerly Webster place), Brighton district, as a highway, under the order of this Board of August 27, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages by the making of the public improvement consisting of the laying out and construction of Lebanon street, Dorchester district, as a highway between Alexander street and Magnolia street, under the order of this Board of August 26, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages by the taking of an easement for sewerage purposes and the construction of sewerage works in Johnmar road, West Roxbury district, under the order of the Board of August 14, 1946, and awards no damages therefor.

Owners unknown (Johnmar road), 16,434 square feet, nothing.

Voted, That this Board determines that the undermentioned sustain damages by the taking of an easement for sewerage purposes and the construction of sewerage works in Bertmere terrace, West Roxbury, under the order of the Board of August 14, 1946, in the amounts hereinafter respectively set against them, and awards said amount therefor.

Owners unknown (Bertmere terrace), 10,126 square feet, nothing.

J. and M. Corporation of Quincy, 548 square feet, \$1.

CONTRACTS AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

John McCourt Company has been allowed to amend the contract for laying asphalt surface at the site of the Williams School, in order to add \$319 to contract. Contract for this work in the sum of \$1,107 was approved on July 1, 1946. In carrying out the terms of the contract additional work in the amount of \$319 was required because of the removal of a portable building from the site.

POLICE DEPARTMENT ORDERS.

General Order No. 739.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered, effective Wednesday, September 11, 1946, at 9 o'clock a. m.:

Patrolman Hubert R. Darcy, to Division 18.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 740.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 742.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Thursday, September 12, 1946, at 7.45 o'clock a. m.

Patrolman Francis C. McInerney, Division 16, twenty-six years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 743.

The following-named person is hereby appointed a permanent patrolman in this department, and is assigned as follows, effective Thursday, September 12, 1946, at 9 o'clock a. m.:

William E. Powers, Division 1.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 744.

Correction is made in General Order No. 741, dated September 11, 1946, assigning Gerald P. Smith, patrolman, to Division 6. Assignment should read Division 14.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 745.

The annual ball of the Boston Police Relief Association will be held in the Boston Garden, Monday evening, December 9, 1946.

The proceeds of the ball, as members of the department know, are added to the funds of the association and are used for the payment of sick and death benefits to members of the association and their families, which funds, at the present time, are insufficient to meet the demands made upon the association.

It is the desire of the Commissioner, the Superintendent and the Board of Directors of the association that all members of the force interest themselves and make a special effort to dispose of the tickets for the ball, and thereby make it such a success that the finances of the association will be put on a sound basis, so that the good work accomplished by the association in assisting its members in time of sickness or death since it was organized in 1871 may be continued.

The tickets for the ball will be distributed to each station by the Treasurer, Lieut. Harrington B. Wyand, Division

1, who will receive a receipt therefor. Captains of divisions will distribute the tickets to their officers and keep a correct list of the number of tickets given to each man. Each officer will make a daily return to his captain of the number of tickets he has sold, together with the name and address of the purchaser, and will return the money received to his captain.

All officers will be held strictly responsible for tickets allotted to them.

Captains will collect each day all money received by officers in the sale of tickets and will forward to the Superintendent by morning mail the following day all of such money. A correct list containing the ticket numbers, together with the names and addresses of purchasers of tickets, shall be kept on file at the various divisions. In this way, it is expected that a complete canvass of the city will be made and a substantial increase in the sale of tickets will be accomplished.

Cash received by commanding officers will be converted into a check, made payable to Harrington B. Wyand, Treasurer, B. P. R. A., and forwarded to the Superintendent's Office.

All tickets that remain unsold on December 10, 1946, will be collected by the captain of each division and returned to Lieutenant Wyand, who will furnish a receipt therefor.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 746.

The resignation of Patrolman Frank Flammia of Division 9 having been presented, it is hereby accepted, to take effect as of Thursday, September 12, 1946, at 5.45 o'clock p.m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 747.

The resignation of Patrolman Joseph F. Doherty of Division 13 having been presented, it is hereby accepted, to take effect Friday, September 20, 1946, at 7.45 o'clock a.m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 748.

The following promotions and assignments are hereby ordered, to take effect at 7.45 o'clock a. m. Wednesday, September 18, 1946:

To the Grade of Lieutenant.

Sergt. John H. Flood, from Division 15 to Division 14.

Patrolman Charles H. Bamberg, from Division 4 to City Prison.

Patrolman William S. Gould, from Division 4 to City Prison.

Patrolman Michael J. Bucelwicz, from Division 6 to Traffic Division.

Patrolman John J. Conway, from Division 6 to Traffic Division.

Patrolman Cornelius A. Donahue, from Division 7 to Traffic Division.

Patrolman Paul B. Curtis, from Division 9 to Division 2.

Patrolman Patrick J. Cullinan, from Division 11 to City Prison.

Patrolman Harold T. Cooley, from Division 13 to Bureau of Criminal Investigation.

Patrolman Clinton R. Dempsey, from Division 13 to Bureau of Operations.

Patrolman John J. Kimball, from Division 13 to Bureau of Criminal Investigation.

Patrolman Frank E. Prindeville, from Division 14 to Traffic Division.

Patrolman Francis R. Roust, from Division 14 to Traffic Division.

Patrolman John Stevens, from Division 14 to Crime Prevention Bureau.

Patrolman John J. Evans, Jr., from Division 15 to Traffic Division.

Patrolman William S. Mann, from Division 15 to Traffic Division.

Patrolman Charles F. J. Sefton, from Division 15 to Bureau of Criminal Investigation.

Patrolman Edward J. Silva, from Division 15 to Traffic Division.

Patrolman John B. Ford, from Division 16 to Traffic Division.

Patrolman William J. Lawler, from Division 16 to Traffic Division.

Patrolman Arthur A. Mullally, from Division 16 to Traffic Division.

Patrolman John U. O'Sullivan, from Division 16 to Bureau of Operations.

Patrolman Joseph W. Russell, from Division 16 to Traffic Division.

Patrolman Timothy C. Allen, from Division 17 to Bureau of Operations.

Patrolman Joseph L. Gallagher, from Division 17 to Traffic Division.

Patrolman Joseph P. Henry, from Division 17 to Bureau of Criminal Investigation.

Patrolman Stanley J. Strikosky, from Division 18 to Traffic Division.

Patrolman Harold W. Beckwith, from Crime Prevention Bureau to Traffic Division.

Patrolman Joseph F. Boland, from Crime Prevention Bureau to Traffic Division.

Patrolman James F. Brown, from Crime Prevention Bureau to Traffic Division.

Patrolman Frank J. Conlan, from Crime Prevention Bureau to Traffic Division.

Patrolman Walter J. Hankard, from Crime Prevention Bureau to Traffic Division.

Patrolman William J. Murphy, from Crime Prevention Bureau to Traffic Division.

Patrolman Fred J. Shea, from Crime Prevention Bureau to Traffic Division.

Patrolman Andrew P. Donellon, from Superintendent's Office to City Prison.

Patrolman George A. Kelly, from Superintendent's Office to City Prison.

Patrolman William H. McIntosh, from Superintendent's Office to City Prison.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 54.

Southwest side, from Commonwealth avenue to Beacon street, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston which were adopted February 28, 1946, and were effective July 18, 1946, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days, from September 16, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Nashua Street, Boston Proper.

Southwest side, from Causeway street to Charles street, 8 a. m. to 10 a. m.

Northeast side, from a point two hundred (200) feet northwest of Causeway street to Charles street, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Edison Company, estimated to be one (1) week, parking of vehicles is prohibited in the following street, effective September 13, 1946:

St. James Avenue, Boston Proper.

North side, from Clarendon street to a point two hundred (200) feet east of Clarendon street.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INSPECTOR OF DAIRY PRODUCTS, DIVISION OF DAIRYING AND ANIMAL HUSBANDRY, DEPARTMENT OF AGRICULTURE, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: The minimum salary is \$2,280 a year; the maximum salary is \$2,760 a year.

Vacancies: At present there are two vacancies for males to be filled on a permanent basis.

Duties: In accordance with uniform regulations established by the Milk Regulation Board, to inspect dairy farms located within or without the Commonwealth wherever milk is produced for sale or distribution in the Commonwealth, in order to classify the farms as producing units for registration enabling them to sell within the Commonwealth; to determine if milk is transported under approved conditions from farm to assembling plant and from assembling plant to point

of distribution or processing in the Commonwealth; at times, to test milk for temperature compliance, adulteration, sediment, odors and flavor; to read reports submitted by quality-determining laboratories of the results of bacterial examinations by smear, direct microscopic and plate methods; at times, to inspect milk plants or manufactories, where milk is handled or assembled for sale in the Commonwealth, for sanitary condition, sound physical condition, and proper handling of milk and milk products; and to perform related work as required.

A knowledge of bacteriology and of all the dairy laws, particularly sections 16 to 16-L of chapter 94 of the General Laws, is essential.

Entrance Requirements: Applicants must have four years of experience in supervising the handling of market milk on a dairy farm or in a dairy plant. *Substitution*: A successfully completed course of college level in dairy science as applied to milk and milk products may be substituted for two years of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

HEAD OCCUPATIONAL THERAPIST, DEPARTMENT OF MENTAL HEALTH, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: The entrance salary with maintenance is \$1,740 a year; the maximum salary with maintenance is \$2,100 a year.

Vacancies: At present, there is one vacancy at Foxborough State Hospital for a female to be filled on a permanent basis.

Duties: Under general supervision to have charge of giving instruction in interesting and useful occupations, for the purpose of assisting in the mental and physical reconstruction of patients in a State hospital; and to perform related work as required.

Examples of duties: Conferring with physicians regarding the kinds of work to be taught to patients, and planning and assigning the work; teaching mending, sewing, basketry, weaving, and other arts and crafts; observing and making notes of the actions and conditions of patients; instructing nurses and other employees in occupational therapy; ordering and maintaining supplies and equipment.

Entrance Requirements: Applicants must have at least five years of full-time, paid experience in occupational therapy in a recognized agency. *Substitution*: Graduation from a recognized school, with complete courses in all branches of occupational therapy, may be substituted for three years of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS.

MEDICAL INSPECTOR, BOSTON HEALTH DEPARTMENT, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: \$2,000 a year for part-time employment, plus a temporary increase as authorized by the City of Boston.

Vacancies: At present there is one vacancy for a male to be filled on a permanent basis.

Duties: To render pediatric service in baby and pre-school clinics of the Health Department; to diagnose and perform immunization against reportable diseases; to analyze cases of food poisoning; to enforce lawful measures for the prevention of the spread of communicable diseases, and supervise the isolation and quarantine of such diseases; and to perform related work as required. A knowledge of Public Health Laws and Regulations as they relate to communicable diseases is necessary.

Entrance Requirement: Applicants must be registered physicians under the State Board of Registration in Medicine on the date of filing application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

JUNIOR CLERK, JUNIOR CLERK AND TYPIST, OCTOBER 19, 1946.

(For state and cities and towns outside of Boston and vicinity.)

JUNIOR CLERK, JUNIOR CLERK AND TYPIST, NOVEMBER 2, 1946.

(For state, Boston, and cities and towns in the vicinity of Boston.)

The last date for filing applications for both of the above examinations will be Monday, September 30, 1946, at 5 p. m.

Open to males and females.

On October 19, 1946, the examination will be held in various centrally located cities. On November 2, 1946, the examinations will be held in Boston and persons who reside within commuting distance will be notified for examination on this day. All persons must appear for examination at the place and time designated in the notices mailed to each applicant by the Division of Civil Service.

Persons qualifying in the examination may have their names placed on the State list, as well as on the list for the city or town in which they have domicile.

Salary: For the State service, the entrance salary is \$1,380 a year; the maximum salary is \$1,740 a year.

In the cities and towns, the salary varies.

Vacancies: From time to time.

Duties: Under immediate supervision, to perform routine office work of ordinary difficulty and responsibility calling for care and accuracy in detail and for individual judgment in the application of a standardized routine and compliance with definite instructions or regu-

lations; or to operate a typewriter in connection with such duties; and to perform related work as required.

Entrance Requirement: Applicants who have not reached their sixteenth birthday on the date of examination will not be eligible.

Subjects and Weights: Training and experience, 1; clerical tests (including spelling, arithmetic, following written directions, filing, and word knowledge), 4; total, 5.

In addition, applicants for Junior Clerk and Typist will be required to certify that they can operate a typewriter at the rate of at least 35 words a minute and that they have had at least one month's actual experience as a typist, for which they have received compensation.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

BOND SALES.

Labor, farm, school and women's groups were responsible for 1943's greatest sale of E Bonds.

Using the person to person approach, Payroll Savings added two million workers—bringing its ranks to 26.4 million. Payroll Savings allotments jumped from 355 millions in December, 1942, to 445 millions in October, 1943. Thousands of labor-management War Bond committees were organized.

Farm committees worked intensively through personal solicitation and farmers' organizations to convert a large share of the largest farm income in history into War Bonds.

In the schools, the nation's youngest group of Bond buyers is rapidly enlisting every pupil in America.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

SHIPBUILDING IN 1943.

In 1943 the privately operated shipyards of America came up with another miracle, shattering all world records, producing merchant shipping of approximately 19,000,000 deadweight tons, a volume equal to one fifth of total world shipping at the outbreak of the war and about two and a half times the tonnage built in 1942. Private shipyards also built about 90 per cent of all of the new U. S. Navy ships built during the year. If the man-hours utilized in building naval ships could be translated into merchant ships, the combined volume would be in excess of 40,000,000 deadweight tons. Privately operated ship repair yards repaired and made seaworthy about 23,000 ships in all classes during the year. Total employment generated by the industry is approximately 3,000,000. Private yard and Navy yard 1943 pay rolls, at the prevailing wage rates, are more than \$4,300,000,000 paid to labor and shared by almost every state.

1943 GREAT LAKES COAL AND GRAIN TRAFFIC.

For the 1943 season of navigation, through December 4, coal forwarded to Great Lakes docks from American ports on Lake Erie totaled 45,518,603 tons, according to a report by Solid Fuel Administrator Ickes. This was 1,858,604 tons less than in 1942, the report said. Lake navigation began a month later than it did in 1942 and strikes in the coal producing areas in May and June and in October and November temporarily reduced the flow of coal toward the Lake Erie ports. Coal received at American docks on Lake Superior, according to the report, totaled 11,111,625 tons in the 1943 season of navigation, 15 per cent above the 9,828,000 tons received there in 1942. The 1943 total, it said, exceeded the season's quota by more than 300,000 tons.

War Food Administration officials expressed the opinion that final figures would show a total of 190,000,000 bushels of grain moved via the Great Lakes to northeast ports for domestic consumption in 1943. This was greatly in excess of the 135,000,000 bushels set as the year's quota. The War Shipping Administration said that the larger quota had been set in view of added facilities to be available in 1944. These included thirteen vessels returned to the Great Lakes from ocean service by the W. S. A. and the completion by November 30, 1943, of sixteen new ore carriers for the Maritime Commission, all of which would be available for Great Lakes transportation in 1944.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR AUTOMOBILES.

The Police Department of the City of Boston invites proposals for furnishing and delivering automobiles. The bidder must use the form of proposal to be obtained at the office of the Property Clerk of the Police Department, Room 105, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check in the amount of \$500, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, September 27, 1946, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

THOMAS F. SULLIVAN,
Police Commissioner.
(Sept. 21.)

TANKERS DO DOUBLE DUTY.

American shipyards are now making it possible for our tankers to carry extra loads. A scaffold-type extra deck enables a modern tanker to carry a load of extra freight the equivalent of 10 per cent of its normal load capacity. Some tankers now carry, in addition to its load of gasoline, deck loads of ambulances, planes, jeeps and trucks.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR EXCAVATING, LOAMING, CONCRETE WALKS AND SEATS AT OAK SQUARE, BRIGHTON, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for excavating, loaming, concrete walks and seats at Oak square, Brighton, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Excavating, Loaming, Concrete Walks and Seats at Oak Square, Brighton, Mass.," and left before 2 o'clock on Thursday, October 3, 1946, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFFENREFFER,

(Sept. 21-28.) Commissioners.

PARK DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING NEW STEAM BOILER AT THE FRANKLIN PARK YARD OFFICE BUILDING, FRANKLIN PARK, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for furnishing and installing new steam boiler at the Franklin Park Yard Office Building, Franklin Park, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Furnishing and Installing New Steam Boiler at the Franklin Park Yard Office Building, Franklin Park, Mass.," and left before 2 o'clock, Thursday, September 26, 1946, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN OLNEY STREET, WARDS 14 AND 15, FROM BOWDOIN STREET TO GENEVA AVENUE, AND RICHFIELD STREET, WARD 15, FROM COLUMBIA ROAD TO OLNEY STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Olney street, Wards 14 and 15, from Bowdoin street to Geneva avenue, and Richfield street, Ward 15, from Columbia road to Olney street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Olney Street, Wards 14 and 15, from Bowdoin Street to Geneva Avenue, and Richfield Street, Ward 15, from Columbia Road to Olney Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, October 3, 1946, with a certified check for fourteen hundred (1,400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR SURFACING WITH SHEET ASPHALT THE TENNIS COURTS AT READVILLE PLAYGROUND, READVILLE, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for surfacing with sheet asphalt the tennis courts at Readville Playground, Readville, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Surfacing with Sheet Asphalt the Tennis Courts at Readville Playground, Readville, Mass." and left before 2 o'clock on Thursday, September 26, 1946, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman*,
THEODORE C. HAFENREITER,
FRANK R. KELLY, *Commissioners*.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, SEPTEMBER 28, 1946.

No. 39

MAYOR CURLEY CALLS FOR A UNITY OF DEMOCRATIC VOTERS OF THE STATE IN ORDER THAT ENTIRE LIST OF CANDIDATES MAY BE ELECTED IN NOVEMBER — DELIVERS ADDRESS AT STATE DEMOCRATIC CONVENTION PRAISING CANDIDATES AS EXCEPTIONALLY QUALIFIED TO SERVE THE STATE AND ITS CITIZENS IN KEEPING WITH THE HIGHEST STANDARDS OF PUBLIC SERVICE — ASKS SUPPORT OF ALL VOTERS IN ORDER THAT LASTING PEACE MAY BE ACHIEVED BY LEADERSHIP OF THE PARTY UNDER WHOSE BANNER THE WAR WAS WON — ASKS THAT PERSONAL FEELINGS BE SUBLIMATED SO THAT SUCCESS MAY RESULT ON ELECTION DAY.

The following speech was delivered by his Honor, the Mayor, at the State Democratic Convention on Saturday, September 21, 1946:

The outcome of the election to be held in November is of such vital importance not only to the people of America but to the entire world that there is no way in which to justify the failure to vote the Democratic ticket in its entirety.

In Massachusetts, candidates for Federal and State offices are made up of men exceptionally qualified through experience and ability to measure up to the most exacting standards. They have been repeatedly tried in the crucible of public opinion and public office, and have demonstrated their capacity to fill with honor and credit, to nation and state, the honored offices to which they aspire.

Over a period of years, it has been my observation that the weakness of the Democratic Party in an election, as contrasted with the Republican Party, lies in the fact that the Republican Party invariably vote a party tag, whereas the Democrats permit envy, hatred, personal disappointment and personal grievances to dictate their choice of candidates.

I question that there is any man in the Democratic Party that would have more reason for opposing the ticket were he to be governed by envy, hatred, personal disappointment, or personal grievances, than myself, but I recognize the clear call of duty and obligation to party which I consider paramount to the obligation to individual candidates.

It is easy, at all times, for men to "take a walk" when injustice or bitter disappointment dictates such action. To walk the path of thorns rather than the primrose path, is a test that calls for self-effacement, courage and resolution, but the call of duty in the present hour when an obligation is so impelling, is such that it is clearly the obligation of every man worthy of the title "American Citizen" to answer that call by supporting the ticket in its entirety.

Party Fosters Social Reform.

Substantially every great social and economic reform that is today found upon the statute books of nation and state, have been written there through Democratic leadership, and, while much has been accomplished, more remains to be done, and it can best be done by men who have proven their devotion and loyalty to party principles and to the people as a whole.

There is an obligation that we should discharge in a more generous manner to those who served their country in the hour of trial with fidelity, devotion and heroism. It is generally admitted that these men who have returned to our midst, all have an interruption in their life, work, and studies of three years or more, and once again obliged to take up the broken threads and knit them into a complete fabric, are entitled to larger remuneration than has been accorded by the State, provided the same can be done without impairing the stability of our financial structure. It is accepted, that providing homes for these men that differ from the foxholes in which they fought so gallantly during the war, is clearly our duty.

It is likewise clearly the duty of the Democratic Governor to call a Special Session of the Legislature to consider the adoption of the so-called "Richard Long Proposal" for a more equitable distribution of the income tax for the relief of the cities and towns of the Commonwealth who have gone on record unanimously in favor of this measure of legislation through which the State might benefit in a sufficient amount of money to make possible these reforms, and, possibly the adoption of a measure long advocated and imperatively needed, which would provide for a payment of \$600 annually to every woman and man sixty years of age and over in the State.

(Continued on page 1112.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 64 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR CURLEY CHARGES FEDERAL PUBLIC HOUSING AUTHORITY BAN ON \$5,000 CEILING RISE FOR STRUCTURES BLOCKS PROGRESS ON GI HOUSING — AUTHORITIES IN WASHINGTON TURNED DOWN APPEAL OF BOSTON AUTHORITY FOR PERMISSION TO EXCEED LIMIT — MAYOR ANNOUNCES APPEAL TO UNITED STATES ATTORNEY GENERAL TOM CLARK FOR RULING.

Mayor Curley has announced his intention of appealing to the United States Attorney General, Tom Clark, in protest against the ruling of the Federal Public Housing Authority which had turned down the appeal of the Boston Housing Authority which sought permission to award contracts for the construction of the 972-unit South Boston project at a cost which would exceed the \$5,000 statutory apartment limit by \$2,100.

The section of the law from which appeal is being made reads as follows:

EXCERPT FROM SECTION 15 (5) UNITED STATES HOUSING ACT OF 1937.

"No contract for any loan, annual contribution, or capital grant made pursuant to this Act shall be entered into by the Authority with respect to any project hereafter initiated costing more than \$4,000 per family-dwelling-unit or more than \$1,000 per room (excluding land, demolition, and non-dwelling facilities); except that in any city the population of which exceeds 500,000 any such contract may be entered into with respect to a project hereafter initiated costing not to exceed \$5,000 per family-dwelling-unit or not to exceed \$1,250 per room (excluding land, demolition, and non-dwelling facilities), if in the opinion of the Authority such higher family-dwelling-unit cost or cost per room is justified by reason of higher costs of labor and materials and

other construction costs. With respect to housing projects on which construction is hereafter initiated, the Authority shall make loans, grants, and annual contributions only for such low-rent-housing projects as it finds are to be undertaken in such a manner (a) that such projects will not be of elaborate or expensive design or materials, and economy will be promoted both in construction and administration, and (b) that the average construction cost of the dwelling units (excluding land, demolition, and non-dwelling facilities) in any such project is not greater than the average construction cost of dwelling units currently produced by private enterprise, in the locality or metropolitan area concerned, under the legal building requirements applicable to the proposed site, and under labor standards not lower than those prescribed in this Act."

WANTS STATE TO SHARE FEDERAL INCOME TAXES ON CORPORATIONS AS MEANS OF RELIEVING BURDENS NOW PLACED ON CITIES AND TOWNS.

His Honor, Mayor James M. Curley, on September 23, forwarded the following letter to Governor Maurice J. Tobin:

HON. MAURICE J. TOBIN, *Governor of the Commonwealth of Massachusetts, State House, Boston, Mass.*

YOUR EXCELLENCY,—I beg to inclose the attached, which has been received from Mr. Richard H. Long with reference to the proposal which I presented to the convention on Saturday last, the adoption of which would be of untold benefit to every city and town—in fact, to every inhabitant of the entire Commonwealth.

I have discussed the proposal with competent financial authorities, including two of the city's experts, Charles J. Fox and Rupert S. Carven, and I find that they are in agreement with reference to the soundness of the proposal. Briefly, it means that instead of paying to the Federal Government 100 per cent of the taxes that may be due by corporations, that 30 per cent be paid to the State, and the balance to the Federal Govern-

ment. It means no additional cost to the corporations, and the turning over to the State of some \$325,000,000 each year.

Through the receipt of this vast sum of money, it would be possible for the State to increase the bonus to be paid the veterans to \$500, including, of course, that which has already been authorized and paid by the State. It would, in addition, make possible the payment of \$600 per annum to every woman and man sixty years of age and over in the State, and also pay the cities and towns 100 millions yearly to reduce all real estate taxes \$10 a thousand on assessed value and have the remainder to use for other municipal needs. The circulation of this vast sum of money would greatly aid every channel of trade in the State.

I can conceive of no single step that might be taken which would be of more lasting benefit to the people of the State than a special session of the Legislature called at once to force the adoption of this essential legislation.

The inclosed data submitted by Richard H. Long to me with the entire proposals is self-explanatory and outstandingly convincing.

Respectfully,

JAMES M. CURLEY,
Mayor of Boston.

CIRCULAR LETTER NO. 21.

City of Boston,
MAYOR'S OFFICE, September 24, 1946.
To the Heads of Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence without loss of pay to employees of the city who are of the Jewish faith for their observance of the New Year upon Thursday, September 26th, and Friday, September 27th, 1946, and Yom Kippur on Saturday, October 5th, 1946.

Respectfully,
JAMES M. CURLEY, *Mayor.*

MAYOR CURLEY SCORES FEDERAL HOUSING AUTHORITY FOR LAXNESS AND INCOMPETENCE.

On September 19 Mayor Curley issued the following statement:

The two plots of land that have been an eyesore to the citizens of Boston for the past four years are an example of inefficiency on the part of both the National and Federal Housing Authorities who seem to lack the essentials to conduct the projects placed under their jurisdiction. It is time they resigned, so that men who understand cement, bricks and lumber can take over and bring order out of the chaotic condition which has existed due to this inefficiency.

There has never been any question in regard to the South Boston project other than the restrictions and red tape with which it has been bound by these incompetents. The Cathedral project in the South End was not designed in accordance with the City of Boston Building Codes, and would not meet with the specifications laid down by the Building Commissioner.

As to veterans' temporary emergency housing, the City of Boston officials have done everything that was humanly possible to bring about the speedy construction of these units assigned to this area by the Federal Government, providing \$500,000 for the necessary utilities of which not more than one third has been expended to date.

There is sufficient Federal funds to complete the South Boston project to provide homes for approximately 1,000 veterans' families, if the cooperation of the National and Federal Housing Administrations had been received to date. The placing of blame at this late date upon the City of Boston in itself is absolute proof of the weakness and inability of these two agencies.

BURLESQUE HOUSE ENDING CAREER.

The Licensing Division of the City of Boston, Samuel Nesson, chief, is in receipt of the following letter from Mr. Al Somerby, treasurer of the Sterling Theatres Operating Corporation:

BOSTON, September 14, 1946.

MR. SAMUEL NESSON, *Chief, Licensing Division, City Hall, Boston, Mass.*

DEAR MR. NESSON,—The Sterling Theatres Operating Corporation is giving up the Globe Theatre, 684 Washington street, Boston, Mass., after Saturday, September 28, 1946. Am turning it back to the Kneeland Amusement Company from whom I lease.

Feeling as I do, that the patronage for clean burlesque is on the wane and after several disastrous seasons at the Globe, I am voluntarily giving up my lease there.

Very sincerely yours,

AL SOMERBY, *Treasurer,*
Sterling Theatres Operating Corporation.

PLANS FOR NEW FIRE STATION.

The Mayor has approved the following request of the Fire Commissioner:

BOSTON, August 28, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I hereby request your Honor's authorization to engage the services of Mr. John M. Gray, architect, for drawing up plans and specifications in connection with the erection of the following new fire stations:

Engine House 10, 60 River street, corner of Mt. Vernon street.

Engine House 23, 84 Northampton street, Roxbury.

Engine House 8, corner of Charter and Hanover streets, Boston.

The architect is to be paid an amount equal to 6 per cent of the full amount of the contracts for erection and construction of the foregoing buildings. His compensation shall not exceed \$22,800.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

MAYOR CURLEY APPEALS FOR GENEROUS CONTRIBUTIONS IN OPENING OF 1946 COMMUNITY FUND DRIVE.

In inaugurating the Community Fund Drive for 1946 Mayor Curley's address reads as follows:

We are indeed mindful of the achievements of the Community Fund since its organization and founding over a decade ago. While we are aware of Boston's great record and reputation for individual giving to what has been defined in the past as one's "pet charities" and which made possible for many years the functioning of essential agencies in the field of health and welfare, it was inevitable that the time would come in this community as it had in others when giving would have to be organized in order to promote efficiency, economy, and dispatch in the conduct of our welfare and health services, as well as in an essential program for character building. The realization of this need resulted in the planning and the establishment of our Community Fund, efficiently and well led through the years by our own Charles Francis Adams, a most distinguished citizen, whose forebears have indeed played an important part in American history.

The City of Boston has officially met its responsibilities to the poor in a most generous manner and second indeed to no other community and has occupied a forefront position in municipal generosity to those who have a claim upon us when in need. Our welfare work in the form of necessary distribution of funds to those in need of food, clothing, and shelter, our health services, both preventive and curative in nature, and our recreational facilities have commanded both the admiration and respect of those responsible for similar programs under municipal auspices in other cities of our great country.

Our great City Hospital, Thorndike Memorial research center, plays a leading part in the furthering of medical progress. Our health centers and other phases of our Health Department program have been used as a pattern for similar activities in other parts of the world.

Team play is the answer to the winning of any contest whether on the battlefield

or in peaceful endeavors. Organization and common effort is the keynote to success. The city has generously through the years since the founding of the Community Fund cooperated with all citizens and with the private agencies in a common effort for the success of the annual Community Fund campaign. This year, as in previous years, you may be assured of the full cooperation and assistance of all who work with me in the city government to the end that there may be a successful culmination of this great campaign reflected in the realization of our goal, the raising of seven million dollars. It has indeed been well said that "to share in the sorrows of others broadens our vision and makes glad the hearth stones where we with loved ones dwell."

MAYOR CURLEY'S ADDRESS AT DEMOCRATIC CONVENTION — PLEADS FOR UNITY.

(Continued from page 1109.)

RELIEF FOR HOME OWNERS OF STATE.

The Democratic Party has been a pioneer in social and economic reforms, and a measure of this character would make possible, through an equitable distribution of the added funds, a reduction in the tax rate of the cities and towns of the Commonwealth, thereby providing a necessary measure of relief to every home owner or occupant of a place of habitation. I have faith in the belief that this can and will be done.

The greatest war in the history of the world has been won through the citizen soldiers and the unity of the entire American people. The mothers of the world look to America for the winning of a peace based on spiritual and economic justice. The war was won under Democratic leadership, and to the same character of leadership, a waiting world looks anxiously for the completion of the task. The call in the present instance for the support of Democratic candidates is so impelling that it supersedes every other possible issue that may be advanced. It is greater than candidates and greater than issues. It is a clarion call so powerful as to dwarf all else and cause faithful women and men everywhere to work for the supreme objective, the united support of Democratic candidates in the November election, to insure a permanent world peace.

The failure of the late lamented Democratic leader, Woodrow Wilson, to achieve his objective, a World Court where through arbitration and peaceful methods the peace of the world might be made possible, was due to a divided house, led by former United States Senator Henry Cabot Lodge. It is universally accepted that the adoption of the World Court succeeding World War I, which, we were told, "was a war to end wars," would in all probability have prevented World War II. It must not happen again.

Our American representatives at the conference now taking place, have displayed courage, capacity and ability unexcelled by the diplomats of any nation.

MOTHERS PRAY FOR PEACE.

For more than 12,000 years the mothers of the world have viewed with horror, warfare stripping them of their sons or husbands, and have been praying during this entire time for a permanent peace. But, up to the present, their prayers have been unanswered due to the greed for power, territory, and wealth

which has been responsible for the bloodshed and misery brought into so many millions of homes. It is within the power of the Democratic Party in the United States to answer the prayers of the mothers through the centuries. And, as we won the war through united cooperation, courage, and determination, so we can win the peace; and, in winning the peace can prove ourselves worthy not only as members of a great political party, but of bearing the title "American Citizen." I am reminded in this connection of what has been so well said by Father Ryan, Poet-Priest of the Southland, entitled:

"A Land Without Ruins."

"A land without ruins is a land without memories—a land without history.

A land that wears a laurel crown may be fair to see; but twine a few sad cypress leaves around the brow of any land, and be that land barren, beautiful and bleak, it becomes lovely in its consecrated coronet of sorrow, and it wins the sympathy of the heart and of history. Crowns of roses fade, crowns of thorns endure. Calvaries and crucifixions take deepest hold of humanity—the triumphs of might are transient—they pass and are forgotten—the sufferings of right are graven deepest on the chronicle of nations."

"Yes, give me the land where the ruins are spread,
And the living tread light on the hearts of the dead;
Yes, give me a land that is blest by the dust,
And bright with the deeds of the down-trodden just.
Yes, give me the land where the battle's red blast
Has flashed to the future the fame of the past;
Yes, give me the land that hath legends and lays
That tell of the memories of long vanished days;
Yes, give me a land that hath story and song!
Enshrine the strife of the right with the wrong!
Yes, give me a land with a grave in each spot,
And names in the graves that shall not be forgot;
Yes, give me the land of the wreck and the tomb;
There is grandeur in graves—there is glory in gloom;
For out of the gloom future brightness is born,
As after the night comes the sunrise of morn;
And the graves of the dead with the grass overgrown
May yet form the footstool of liberty's throne,
And each single wreck in the war-path of might,
Shall yet be a rock in the temple of right."

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following street, effective September 19, 1946:

East Fourth Street, South Boston.

From Dorchester street to G street.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon August 19 the Mayor approved a contract with C. Russo, Inc., for sewerage works in Zeller street, Glenhaven road (brook); Spalding street Outlet; Neponset avenue and Bourne street, West Roxbury, at an estimated cost of \$9,710.50, including concrete pipe. The work to be done under this contract is to be completed within ninety days after the contract is approved by the Mayor.

The following bids were received August 6:

Clay Pipe.—C. Russo, Inc., \$9,710.50; Charles Struzziery Company, \$9,849.02; F. Susi & DeSantis Company, \$10,430; Baker & Co., Inc., \$10,813; Roslindale Contracting Company, \$11,679.

Concrete Pipe.—C. Russo, Inc., \$9,710.50; Charles Struzziery Company, \$9,753.02; F. Susi & DeSantis Company, \$10,430; Baker & Co., Inc., \$10,609.50; Roslindale Contracting Company, \$11,631.

Upon August 19 the Mayor approved a contract with the Hancock Construction Company for sheet asphalt pavement in Harvard avenue, Ward 21, at an estimated cost of \$28,775. The work to be done under this contract is to be completed November 15, 1946.

The following bids were received August 13:

Hancock Construction Company, \$28,775; Baker & Co., Inc., \$29,955; John McCourt Company, \$30,560; S. J. Tomasello Corporation, \$30,577.50; Warren Brothers Roads Company, \$31,207; Dooley Brothers, Inc., \$37,650.

Upon September 6 the Mayor approved a contract with John Deveney Company for sheet asphalt pavement and sewerage works in Columbus avenue, Ward 11, from Centre street to Washington street, at an estimated cost of \$89,222.50. The work to be done under this contract is to be completed December 31, 1946.

The following bids were received September 3:

John Deveney Company, \$89,222.50; Baker & Co., Inc., \$94,992.

SUPPLY DEPARTMENT.

Upon August 22 the Mayor approved a contract with low bidders as indicated:

BOSTON, August 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of August 16, 1946, bids were publicly opened and read at this office on proposals for furnishing hay, grain and straw for the period from August 15 through September 30, 1946.

Your permission is requested to award contracts to the lowest bidders as checked on the attached tabulation. The total awards will be:

John J. White Company, \$3,102.80, 1 per cent, ten days; George H. Parker Grain Company, \$843.50, 2 per cent, ten days; Curley Grain and Fuel Company, \$633.40, 1 per cent, 10 days; Louis E. Page Company, \$299, 1 per cent, ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Per Hundredweight.

Item 1. 8,000 Pounds U. S. No. 2 Timothy Hay.—Curley Grain and Fuel Company, \$1.424; L. E. Page Company, \$1.595; John J. White Company, \$1.475.

Item 2. 20,000 Pounds U. S. No. 1 Timothy Hay, Clover Mixed.—Curley Grain and Fuel Company, \$1.54; L. E. Page Company, \$1.495; John J. White Company, \$1.58.

Item 3. 2,000 Pounds No. 2 Oats.—Curley Grain and Fuel Company, \$3.09; John J. White Company, \$3.90.

Item 4. 2,000 Pounds Bran.—Curley Grain and Fuel Company, \$3.59; John J. White Company, \$3.50.

Item 5. 200 Pounds Sunflower Seed.—Curley Grain and Fuel Company, \$13.59; John J. White Company, \$19.

Item 6. 200 Pounds Hempseed.—Curley Grain and Fuel Company, \$19.59; John J. White Company, \$21.50.

Item 7. 1,200 Pounds Scratch Feed.—Curley Grain and Fuel Company, \$4.54 (auditor's copy reads \$4.59); John J. White Company, \$4.25.

Item 8. 1,200 Pounds Cracked Corn.—John J. White Company, \$4.75; Curley Grain and Fuel Company, \$4.24.

Item 9. 200 Pounds Whole Corn.—John J. White Company, \$4.75; Curley Grain and Fuel Company, \$4.23.

Item 10. 100 Pounds Canary Seed.—John J. White Company, \$13.50; Curley Grain and Fuel Company, \$11.58.

Item 11. 4,000 Pounds Rye or Oat Straw.—John J. White Company, \$2.50, rye; \$1.75, oat; Curley Grain and Fuel Company, \$2.74, rye; \$1.25, oat; William Culkeen & Sons, \$1.60, oat.

Item 12. 2,000 Pounds Cracked Oats.—John J. White Company, \$4.15; Curley Grain and Fuel Company, \$3.64.

Item 13. 10,000 Pounds Chick Starter.—John J. White Company, \$5.05*; Curley Grain and Fuel Company, \$5.24; George H. Parker Grain Company, \$102.10 per ton.*

Item 14. 4,000 Pounds Chick Grains.—Curley Grain and Fuel Company, \$4.94, Wirthmore of Crystal (auditor's copy reads Quaker, or equal).

Item 15. 40,000 Pounds Broiler Mash.—Curley Grain and Fuel Company, \$4.83; John J. White Company, \$4.62*; George H. Parker Grain Company, \$93.95 per ton.*

Item 16. 20,000 Pounds Dairy Ration.—Curley Grain and Fuel Company, \$4.29; William Culkeen and Sons, \$4.75, Flory's; John J. White Company, \$4.15*†; George H. Parker Grain Company, \$84.35 per ton.*

Item 17. 16,000 Pounds Turkey Fitting Ration.—Curley Grain and Fuel Company, \$4.11; John J. White Company, \$3.93*; George H. Parker Grain Company, \$79.85 per ton.*

Cash Discount, Ten Days.—Curley Grain and Fuel Company, 1 per cent; Louis E. Page Company, 1 per cent; William Culkeen and Sons, 1 per cent; John J. White Company, 1 per cent; George H. Parker Grain Company, 2 per cent.

Remarks.—George H. Parker Grain Company, these prices are subject to change on date of shipment according to market conditions; we do not guarantee the above prices.

* Subject to change in price, not to exceed 5 per cent, as of date of shipment and subject to delay in shipment due to conditions beyond our control.
† Minimum carload shipment only.

SUPPLY DEPARTMENT.

Letter of Correction.

The Mayor has approved the following request of the Superintendent of Supplies:

BOSTON, August 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of August 12, 1946, your Honor approved the award of a contract to Peter Pirsch & Sons Company, the low bidder, on its formal proposal of July 30, 1946, for furnishing six 85-foot aerial ladder trucks to the Fire Department.

Through a typographical error, the unit cost of those trucks was shown as \$27,955. The correct unit cost is \$27,995, and your permission is requested to revise the original letter of award to show this correction.

The total of \$167,970, less a discount of \$3,359.40, making a net total of \$164,610.60, set forth in the original letter is correct.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved the requests of heads of the departments interested for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

ELECTION DEPARTMENT.

BOSTON, September 3, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The Election Commissioners have voted to purchase two hundred and twenty-four (224) voting machines for use in the forthcoming November elections.

The advantages in the use of voting machines are common knowledge. Their use will enable an eventual reduction in the number of precincts, resulting in a substantial saving to the city; and will also insure speedy and accurate count of the votes cast.

The Election Commissioners have considered voting machines made by the Automatic Voting Machine Corporation and the Shoup Voting Machine Corporation, the only manufacturers in America of such machines. Before final decision to purchase voting machines was made, the Election Commissioners studied the report of Thomas K. Sherwood, Dean of Engineering of the Massachusetts Institute of Technology, on these two makes of voting machines. This report was prepared pursuant to a request by the City of Boston to determine the comparative merits of the two types of machines. Professor John A. Hrones, Head of the Division of Machine Design, M. I. T., carried out the study and was joined in the study by Dean Sherwood.

The conclusion of the report is as follows:

"We prefer the Shoup machine mainly because (a) there appears to be less chance of confusion and incorrect balloting on the part of the voter, and (b) less chance of error on the part of the persons delegated to read the machine count and report vote counts."

Since no advantage would be gained by advertising, the Election Commissioners deeming it to be in the best interests of the city respectfully request your Honor's authority to dispense with advertising and award a contract to the Shoup Voting Machine Corporation, Girard Trust Company Building, Philadelphia, Pa., for the purchase of two hundred and twenty-

(Continued from page 1113.)

four (224) voting machines at a cost of thirteen hundred and thirty-six (\$1,336) dollars per machine.

Respectfully yours,

BOARD OF ELECTION COMMISSIONERS,
by FREDERIC E. DOWLING,
EVERETT R. PROUT,
MICHAEL J. MANNING.

SUPPLY DEPARTMENT.

BOSTON, August 31, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The Public Works Commissioner ordinarily enters into a contract each year with the Welsbach Street Lighting Company for furnishing gas lighting on the public ways of Boston. The equipment needed for this purpose includes the gas standard or pole, which is owned by the City of Boston, and the gas head or fixture which is owned by the Welsbach Street Lighting Company. For the past year the contract for gas lighting was set at a price of twenty-three dollars (\$23) per lamp per year. The Welsbach Street Lighting Company now informs the Public Works Commissioner that the price for next year will be thirty-three dollars and sixty cents (\$33.60) per lamp per year. In order to save the city the great increase in cost negotiations were made with the Welsbach Street Lighting Company for the outright purchase of their equipment by the City of Boston.

In view of the foregoing I would respectfully request that permission be granted to me to award a contract to the Welsbach Street Lighting Company, without public advertisement, for the following:

Approximately 9,060 gas lamps, including all parts necessary for a complete fixture, in place and operating order; approximately \$5,000 worth of spare parts, to be listed as to kind and quantity in the contract at a total price of one hundred twenty thousand dollars (\$120,000).

Since the Welsbach Street Lighting Company are the manufacturers of this particular equipment no advantage would accrue to the City of Boston by public advertisement. I am attaching herewith recommendation from the Public Works Commissioner concerning this purchase.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACT.

The Mayor has approved the following request of the Superintendent of Supplies:

BOSTON, August 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of March 26, 1946, and after public opening and reading of bids, a contract was awarded to the Mechanics Iron Foundry Company, the lowest bidder, on its proposal for furnishing and delivering iron castings to the Water Division of the Public Works Department. The approximate amount of the contract was \$17,100.

The expiration date of the contract was October 31, 1946, but at the time of the award it was understood that deliveries would be affected by the availability of materials.

This office has now been informed by the Public Works Department that in

view of the fact that pig iron is now classed by the U. S. Government as a very scarce article, and due to the inability of the Mechanics Iron Foundry Company to obtain the necessary pig iron to make the gate and hydrant stock, it will be impossible for them to complete the contract by October 31.

Under the circumstances your permission is respectfully requested to extend the expiration date of the contract from October 31, 1946, to December 31, 1946. No advantage would be gained by re-advertising for bids at this time since the labor situation will undoubtedly react unfavorably.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

CONTRACT AMENDED.

The Mayor has approved the following request of the Fire Commissioner to amend the contract:

BOSTON, August 31, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Reference is made to contract executed between the City of Boston and John M. Gray, architect, dated July 10, 1946, and approved by your Honor July 31, covering alterations and repairs to various fire stations. The original agreement sets a limitation of \$27,000 as being the estimated cost to cover said alterations at Engine House 33, Boylston and Hereford streets, Boston.

At the time the architect drew up his original estimate on this station, he was handicapped by the fact that there was no record available of the foundations of the building. Subsequent to the execution of the agreement, based on the original estimate, the Building Department ordered the opening up of one of the sub-basement pier foundations in order to determine the condition of the piles and stone work.

As a result of this inspection the Building Department has ordered all new construction work to be started from the present footing 7 feet below the sub-basement grade. This work, together with extra re-enforced foundations, back-fill and shoring to present walls and additional construction will change the architect's estimate from the original \$27,000 to \$55,000.

Your Honor's permission is requested to amend the present contract with Mr. John M. Gray so that the amount of \$27,000 under the contract may be increased to \$55,000.

I have consulted the Law Department and have been informed that these changes will not effect the best interests of the city, and that the Law Department will draw up the necessary amendments. Furthermore, the money is available in the special appropriation, Fire Department Buildings, Alterations and Repairs.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

CIVIL SERVICE EXAMINATIONS.

MEDICAL INSPECTOR, BOSTON HEALTH DEPARTMENT, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: \$2,000 a year for part-time employment, plus a temporary increase as authorized by the City of Boston.

POLICE DEPARTMENT ORDERS.

General Order No. 750.

Transfer of the following-named persons from Superintendent's Office (armed service roll) is hereby ordered; effective Wednesday, September 18, 1946, at 9 o'clock a. m.:

Patrolman William A. Crane to Division 9.

Patrolman Edward C. Doherty to Division 18.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 751.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated; it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon

a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Friday, September 20, 1946, at 7.45 o'clock a. m.:

Patrolman Michael J. Welch, Division 17, 33 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 752.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated; it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department, and that their names be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by each in the office from which he is retired; effective Wednesday, September 25, 1946, at 7.45 o'clock a. m.:

Patrolman Derton W. Jenkins, Division 10, 26 years of service.

Patrolman Manuel J. Fraga, Jr., Traffic Division, 26 years of service.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 55.

I. PROMOTIONS.

The following promotion which became effective at 8 a. m., Thursday, September 12, 1946, is hereby announced:

Foreman of Auto Mechanics Raymond T. Lonergan, Maintenance Division, to general foreman.

The following promotion which became effective at 8 a. m., Wednesday, September 18, 1946, is hereby announced:

Engineer William J. McCarthy, Motor Squad, to engineer in charge.

II. RETURN TO DUTY FROM ARMED FORCES.

The following-named, who has been serving in the armed forces of the United States, returned to duty in the Fire Department, effective at 8 a. m., September 18, 1946:

Hoseman Fred W. Cavanagh to Engine Company 19.

III. TRANSFERS.

The following transfers, effective at 8 a. m., Wednesday, September 25, 1946, are hereby announced:

Hoseman Frank N. Vogel, from Engine Company 20 to Engine 54.

Hoseman George P. Stewart, from Engine Company 47 to Ladder 33.

Hoseman Edward J. Hurley, from Engine Company 17 to Engine 6.

Hoseman Archibald A. MacDonald, from Engine Company 3 to Engine 46.

Hoseman George J. Maloney, from Engine Company 22 to Ladder 13.

IV. RESIGNATIONS.

The following resignations which became effective at 8 a. m., Sunday September 22, 1946, are hereby announced:

P. M. S. John R. Bradley, Jr., Engine Company, 16.

P. M. S. John J. Kelleher, Engine Company, 53.

The following resignation which became effective at 8 a. m., Tuesday, September 24, 1946, is hereby announced:

P. M. S. James R. Harrington, Engine Company 6.

The following resignation which will become effective at 8 a. m., Wednesday, September 25, 1946, is hereby announced: Hoseman Robert J. Casey, Engine Company 37.

V. CORRECTION IN PROMOTIONAL DATE.

In accordance with notice received from the Department of Civil Service, the date of promotion of Apparatus Operator John J. Lowney of Engine Company 26 to lieutenant has been changed from June 27, 1945, to January 3, 1945. Promotion of Lieutenant Lowney was originally announced in General Orders No. 43, Series of 1945.

VI. CHANGE IN STREET NAME.

Notice has been received from the Board of Street Commissioners of the following change in street name.

Webley street, formerly Webster place, Brighton.

VII. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter which was received from Mr. Harvey P. Hood of H. P. Hood & Sons:

"You and the men under your command at the time of the fire in our Dorchester stable, Tuesday evening, are to be commended for your fine work. Your men's disregard for their own personal safety and their vigorous and scientific attack on the fire saved the homes of many people nearby who, I am sure, are sincerely grateful.

It is indeed unfortunate that it takes such an incident as this to drive home to us the importance of an adequate fire department. I want to add to the commendation of this company, my personal gratitude for preventing further loss. I hope you will bring this to the attention of all the men under your command, particularly those who sustained injuries."

VIII. COMMENDATION.

Ladderman Joseph A. O'Neil of Ladder Company 8 is hereby commended for assistance rendered by him in removing occupants from burning house and holding a fire in check, before arrival of apparatus at Box 3835, September 20, 1946, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be one (1) week, the following rules are effective September 18, 1946:

Parking of vehicles is prohibited in the following streets:

From Huntington avenue to a point one hundred and forty (140) feet east of the extension of Oswald street.

AIRCRAFT MATERIAL PRODUCTION 41 PER CENT OF TOTAL AUTOMOTIVE WAR JOB.

Behind current attempts to knock Germany out of the war by means of airpower, stands the teamwork of the automotive industry, which has done much to get bombers in the air over Hitler's domain.

The motor industry, starting as a scrub team in the aircraft field a year before Pearl Harbor has since attained major league stature.

In the two years since December 7, 1941, the industry's output of bombers and fighters has constantly soared. Measured in dollar volume, it rose from \$400,000,000 annual rate of production on the day of the Jap's assault to \$4,300,000,000 on the second anniversary of that "day of infamy."

The same upward spiral took place in deliveries of all forms of war materials by automotive plants. When Pearl Harbor news struck, they had reached an annual production rate of \$1,777,000,000 for all forms of military requirements: aircraft, military vehicles, tanks, guns, ammunition, marine engines and other equipment. Today the annual production rate tops the \$10,000,000,000 mark.

TANKERS DO DOUBLE DUTY.

American shipyards are now making it possible for our tankers to carry extra loads. A scaffold-type extra deck enables a modern tanker to carry a load of extra freight the equivalent of 10 per cent of its normal load capacity. Some tankers now carry, in addition to its load of gasoline, deck loads of ambulances, planes, jeeps and trucks.

PROCEEDINGS OF CITY COUNCIL.

Monday, September 9, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY presiding. Absent, Councilor Kinsella. The meeting was opened with the salute to the Flag.

JURORS DRAWN.

Jurors were drawn, Councilor Cook presiding at the box in the absence of the Mayor, as follows:

One hundred and fifty-four traverse jurors, Superior Court, Civil Business, to appear October 7, and 55 traverse jurors, Superior Court, Criminal Business, to appear October 7, as follows:

Americo DeCristoforo, Ward 1; Angelo Quarantello, Ward 1; John F. O'Neil, Ward 2; Joseph A. Peirano, Ward 3; Daniel H. Curry, Ward 4; John A. Noonan, Ward 5; Daniel J. Donoghue, Ward 5; Isadore Grossblatt, Ward 5; Melvin L. Cassidy, Ward 8; Eric Jackson, Ward 9; Nicholas J. Morris, Ward 10; John J. Shea, Ward 10; Daniel A. Tsetsi, Ward 10; Peter Perry, Ward 11; Raymond P. Conley, Ward 12; Allan D. Lloyd, Ward 12; William T. Murray, Ward 12; John J. Beatty, Ward 13; Frank Ciccolo, Ward 13; Edward Comeau, Ward 13; Peter J. Darcy, Ward 13; John J. Duran, Ward 13; Johan Adola Erickson, Ward 13; Nathan Stroll, Ward 13; Max Kaufman, Ward 14; Joseph Schlack, Ward 14; Karl W. Silva, Ward 14; Walter Wise, Ward 14; Martin Zunar, Ward 14; Charles G. Bell, Ward 15; John J. Brown, Ward 15; Martin Gormley, Ward 15; Charles F. McCarthy, Ward 15; Albert J. Metzler, Ward 15; William H. Browne, Ward 16; Anton F. Ryder, Ward 16; Arthur G. Brown, Ward 17; W. Harold Friary, Ward 17; Otto L. Mizaras, Ward 17; John Noll, Ward 17; Eskell R. Blomstrom, Ward 18; Harold Carlson, Ward 18; Arthur L. Moren, Ward 18; John J. Murphy, Ward 18; Thomas W. Walsh, Ward 18; Francis M. Carey, Ward 19; C. Arthur Nutt, Ward 19; Daniel J. Sullivan, Ward 20; Carroll X. Williams, Ward 20; Hyman Coill, Ward 21; John Hayward Marshall, Ward 21; Carl F. Anderson, Ward 22; Paul J. Covicchi, Ward 22; Herman M. Jordan, Ward 22; James F. Kelliher, Ward 22.

One hundred fifty-four traverse jurors, Superior Civil Court, to appear October 7, 1946:

Nicholas Ducey, Ward 1; Giuseppe Giardella, Ward 1; Edward J. Leary, Ward 1; Charles H. Maginn, Ward 1; Louis R. Menno, Ward 1; Alexander F. Ohlson, Jr., Ward 1; Joseph F. Pacifico, Ward 1; James Pagliuca, Ward 1; Joseph H. Schraffa, Ward 1; Maurice Silver, Ward 1; Joseph Tollo, Ward 1; Joseph E. Troiano, Ward 1; George C. Turner, Ward 1; Carmen Tuttisanti, Ward 1; Joseph Umbro, Ward 1; Arthur H. Waddingham, Ward 1; Robert E. Dillon, Ward 2; Michael R. Ambrosini, Ward 3; Domenico Carpenito, Ward 3; Peter Costas, Ward 3; Augustine Faliero, Ward 3; Romeo Fralli, Ward 3; Edward C. Meyer, Ward 3; Maxwell Snider, Ward 3; Glen F. Branna, Ward 4; Sidney M. Alberts, Ward 5; Ralph D. Cole, Ward 5; Douglas M. Hastings, Ward 5; Leon M. Marshall, Ward 5; Frank J. Fisher, Ward 6; John F. Higgins, Ward 6; Arthur W. Knight, Ward 6; George McCauley, Ward 6; Michael J. Ryan, Ward 6; Michael Joseph Casey, Ward 7; John C. Esterhill, Ward 7; Manuel Laurence, Jr., Ward 7; Robert J. Scott, Ward 7; John T. Shine, Ward 7; Lawrence Joseph Tobin, Ward 7; Charles R. Tullus, Ward 7; Frank E. Willey, Ward 7; Ronald J. Boretti, Ward 8; Charles J. Campbell, Ward 8; Arthur F. Clay, Ward 8; William E. Egan, Ward 8; Ulysses Frediani, Ward 8; Bernard R. Grant, Ward 8; George E. Pursey, Ward 8; Emilio Sartor, Ward 8; John M. Weaver, Ward 8; Albert F. Carney, Ward 9; Thomas Martin, Ward 9; Karel A. Meulenaere, Ward 9; Edward L. Sparks, Ward 9; George T. Blagdon, Ward 10; Terrence Casey, Ward 10; John J. Mooney, Ward 10; John W. O'Donnell, Ward 10; Arthur H. Perkins, Ward 10; Michael J. Reardon, Ward 10; Robert G. Crawford, Ward 11; William A. Gannon, Ward 11; James J. Gilmartin, Ward 11; Louis Linsky, Ward 11.

Saul Carnam, Ward 12; George R. Collins, Ward 12; Thomas F. Davis, Ward 12; Fred V. L. Fullington, Ward 12; John J. Gateley, Ward 12; Benjamin E. Levin, Ward 12; William T. Brock, Ward 13; George E. Doherty, Ward 13; Fremont J. Emerson, Ward 13; Reginald F. Forsgren, Ward 13; David Garr, Ward 13; Charles D. Governor, Ward 13; Clement Graiver, Ward 13; Thomas J. Killilea, Ward 13; John A. McDonald, Ward 13; John P. Murray, Ward 13; John H. Quigley, Ward 13; John J. Quirk, Ward 13; John F. Shamaly, Ward 13; David Sholk, Ward 13; John Williams, Jr., Ward 13; Joseph Walsh, Ward 13; Abraham Band, Ward 14; Harry Berkovich, Ward 14; Frank Black, Ward 14; Robert V. Campbell, Ward 14; Martin J. Concannon, Ward 14; Samuel J. Davidson, Ward 14; William Epstein, Ward 14; Alfred E. Horwitz, Ward 14; William Landy, Ward 14; Arthur Rosenstein, Ward 14; Louis F. Stella, Ward 14; Edward E. Valtz, Ward 14; Hyman Worobey, Ward 14; John J. Conway, Ward 15; Philip J. Maginnis, Ward 15; Federik Gorgoni, Ward 16; Michael J. Joyce, Ward 16; John F. Murray, Ward 16; Arthur F. Parker, Ward 16; Thomas A. Pelrine,

Ward 16; Carl H. Wallquist, Ward 16; Patrick J. Curley, Ward 17; Oscar W. Johnson, Ward 17; Joseph C. Leary, Ward 17; William J. LaVie, Ward 20; John McCormack, Ward 20; John E. Nelson, Ward 20; Carl E. Strandberg, Ward 20; Willard H. Thomas, Ward 20; Leon Bloom, Ward 21; Hume C. Dickey, Ward 21; Albert J. Giffin, Ward 21; Moses Greenfield, Ward 21; Robert J. McKenna, Jr., Ward 21; Leo J. Ouellette, Ward 21; Louis Sklar, Ward 21; Manuel Tattlebaum, Ward 21; Herbert W. Wright, Ward 21; Raphael Cahaly, Ward 22; Arthur Gibson, Ward 22; Robert B. Roberts, Ward 22.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.: Edward J. Fogarty, 150 Hancock street, North Quincy, Mass., as Weigher of Coal, for term ending April 30, 1947.

Referred to Committee on Constables and Confirmations.

PLAYGROUND, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, in reply to your order of August 26, 1946, to construct a playground on vacant land which is now in their custody and which is bounded by Bruce street, Russett road, Weld street and Veterans of Foreign Wars Parkway, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, September 4, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of August 29, with inclosure, order from the City Council that the Park Department construct a playground on vacant land bounded by Bruce street, Russett road, Weld street and Veterans of Foreign Wars Parkway, Ward 20.

The area that was taken for the nonpayment of taxes is not large enough for a playground without taking additional land. I shall contact the Real Estate Division and see how much land has been turned over to this department and will have a survey conducted to see what can be done with this land at the earliest opportunity.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

BOULDER AT CITY SQUARE, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, in reply to your Council Order of August 26, 1946, to permit the placing of a boulder and tablet, suitably inscribed, within the fenced-in area of the park at City square, Charlestown, by the Charlestown Welcome Home Committee, said boulder and tablet to be paid for by the Welcome Home Committee of Charlestown.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, September 4, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of August 29, with inclosure, order from the City Council that the "Charlestown Welcome Home Committee" be allowed to place a boulder and tablet at no expense to the city in the area known as City square, Charlestown.

I feel the suggestion is a very good one and an area can be arranged for in City square for this purpose.

Naturally the signs and size of the boulder, etc., will have to be approved by this department.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

MARCELLA STREET PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, in reply to your order of August 5, 1946, to comb and level off approximately six inches of the surface of the Marcella Street Playground, and replace same with six inches of loam. Said work to start at the termination of the baseball season.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, August 22, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I am acknowledging your memorandum of August 17, with inclosure, order from the City Council that the Marcella Street Playground be scraped and reloaded, the same to start at the termination of the baseball season.

A considerable amount of work has been done on the Marcella Street Playground (now known as the John J. Connelly Playground) and I will be very glad to look this over and see whether or not I can comply with the request—and see what amount of money I have available—but it is useless to put in 6 inches of loam without putting in sod. The 6 inches of loam would be just as hard as the present surface after it had been used a few times.

The fieldhouse has been repaired and the bleachers have been repaired and the surface of the ground gone all over—it is not in a bad condition at the present time.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

GRANOLITHIC SIDEWALKS, TELEGRAPH STREET.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of August 5, 1946, to install granolithic sidewalks on both sides of Telegraph street, in Ward 7.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
August 23, 1946.
Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on both sides of Telegraph street in Ward 7, and this will advise you this street will be put on the list to be given consideration during the 1947 construction season.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

"STOP" SIGNS ON ST. ALPHONSUS STREET.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner, in reply to your order of August 19, 1946, to immediately install "Stop" signs on St. Alphonsus street, at the intersection of Smith street, Conant street and Longwood avenue.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, September 4, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated August 19, 1946, which reads as follows:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to immediately install "Stop" signs on St. Alphonsus street, at the intersection of Smith street, Conant street, and Longwood avenue.

It is the opinion of our engineer that there is no necessity for the erection of "Stop" signs in St. Alphonsus street at the intersection of Smith street, Conant street, and Longwood avenue.

Very truly yours,
WILLIAM P. HICKRY, Commissioner.

Placed on file.

RESURFACING OF WEST SELDEN STREET.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Public Works Commissioner, in reply to your order of August 19, 1946, to resurface with smooth paving West Selden street, Mattapan, from Morton street to Crossman street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
August 26, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface with smooth paving West Selden street, Mattapan, from Morton street to Crossman street, and this will advise you that same will be put on the list of streets to be given consideration for reconstruction during the year 1947.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

SHOWING OF MOTION PICTURE
"THE OUTLAW."

The following was received:

City of Boston,
Office of the Mayor, September 9, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the City Censor, in reply to your order of August 19, 1946, to bar the showing of the motion picture film "The Outlaw" in Boston because of indecency.

Sincerely,
JAMES M. CURLEY, Mayor.

City of Boston,
Licensing Division, August 22, 1946.
To Hon. James M. Curley, Mayor.
From Beatrice Whelton, Assistant City Censor, Licensing Division.
Subject: "The Outlaw," Council order August 19, 1946, requesting ban of film because of indecency.
Action: This office has requested the distributor of the United Artists to notify us when film reached Boston, and give us a preview at least four days before date of "Public Showing."

We are advising film was rushed to Boston for one day only, for State O. K., and immediately sent back to New York. At present there is no copy of the film in Boston. Both the distributor, John Dervin, and Mr. Kirkland, manager of Loew's Theatres, have guaranteed we will be notified before public showing in ample time to review film.

This office has further followed the reaction of the showing of "The Outlaw" throughout the country with keen interest.

No theater in the City of Boston will be permitted to show this picture until we have reviewed not only the film but all advertising matter pertaining thereto.

Placed on file.

APPROPRIATION FOR CHANDLER'S POND.

The following was received:

City of Boston,
Office of the Mayor, September 6, 1946.
To the City Council.

Gentlemen,—The order adopted by your Honorable Body under date of August 19, 1946, and presented by Councilors Lane and Madden, requesting provision for an appropriation of \$5,000 for surveying, plans, etc., of Chandler's Pond, Brighton, has been given consideration by Park Commissioner Long and City Auditor Charles J. Fox.

I beg to forward herewith the report of the City Auditor and concur with his view, with reference to the proposed public improvement. Personally, I believe it is an excellent solution of the problem and shall be pleased to include it in the 1947 budget.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston, August 27, 1946.
To Hon. James M. Curley, Mayor of Boston.
From Charles J. Fox, City Auditor.

Subject: Chandler's Pond, Brighton, Mass.
The proposal to make money available for improvements at Chandler's Pond in Brighton was initiated by the councilors from that district at the Council meeting on Monday, August 19. According to Park Department records, this area is officially known as Gallagher Park, having been given this name in commemoration of the public services in Brighton of the late Mrs. Edward M. Gallagher. The area is located on Lake street directly opposite St. John's Seminary. The

original area was taken by the city for non-payment of taxes and, when turned over to the Park Department, additional land was purchased to round out the area. The present development was carried forward as a WPA project.

The appropriation requested will merely cover the cost of preparing land and specifications for the improvements contemplated. These include the dredging of the present pond, development of the pond as a bathing area, including sanding and grading of the sides, regrading one hilly slope and extending the present road which leads in to the area around the entire pond. According to Mr. Long, at least \$25,000 will be required to provide all the improvements which the councilors evidently have in mind.

Because of the lateness of the season and the question as to availability of funds, I suggest that if you feel the project is a desirable one, provision for the plans and necessary improvements be deferred until the 1947 budget.

CHARLES J. FOX, City Auditor.

Placed on file.

TRANSFER OF APPROPRIATION WITHIN INSTITUTIONS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1946.
To the City Council.

Gentlemen,—The attached request from the Institutions Commissioner for the transfer of \$9,000 from the Special Appropriation, Long Island Hospital, Special Improvements and Repairs, to the Special Appropriation, Boat Purchase, Alterations, Etc., in order to complete the conversion of the Institutions boat which was purchased from the Government last April, has my approval.

I respectfully recommend consideration and adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Institutions Department,
August 30, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Your approval is respectfully requested for the Institutions Department to transfer \$9,000 from the Long Island Hospital Special Improvements and Repairs budget item to an appropriation called "Institutions Boat Purchase, Alterations, Etc."

There is sufficient balance in the Long Island Special Improvements item to provide for this transfer and still allow sufficiently for future needs.

The Institutions boat was purchased at a cost of \$43,200 from the Government in April, 1946, from an original appropriation of \$80,000. Alterations were necessary to convert the boat to a passenger-carrying vessel. An architect was secured, plans and specifications were drawn, and the contract advertised. Proposals were given six shipyards, and two concerns filed bids, as follows:

Quincy Drydock and Yacht Corporation.....	\$38,820 00
General Ship and Engine Works.....	46,755 00

The \$80,000 appropriation has been encumbered as follows:

Purchase of the boat.....	\$43,200 00
Architect's fees.....	3,000 00
Return of boat from New York.....	525 00
Travel in consequence.....	338 19
Advertising in City Record.....	55 00
Expert service in choosing boat.....	50 00
Ross tow boat.....	30 00

Total..... \$47,198 19

Subtracting \$47,198.19 from \$80,000 would leave an unencumbered balance of \$32,801.81.

If the lowest bid of \$38,820 is accepted there would be required to cover the contract the sum of \$6,018.19. I believe it also prudent to provide the sum of \$2,981.81 for any other incidental expenses that may be incurred, making in all a total of \$9,000.

In view of steadily mounting costs of production, plus the fact that an increase in wages to shipworkers was made subsequent to your appropriation being made, I feel that these conditions over which we have no control mitigate against us in keeping within the original appropriation.

Respectfully yours,
G. FRANK McDONALD,
Commissioner.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the Special Appropriation for Institutions Department, Long Island Hospital, Special Improvements and Repairs, \$9,000, to the Special Appropriation for Institutions Department, Boat Purchase, Alterations, Etc., \$9,000.
Referred to Executive Committee.

LOAN FOR INCINERATOR.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1946.
To the City Council.

Gentlemen,—I forward herewith a loan order in the sum of two hundred thousand dollars for the constructing and equipping of an incinerator building.

The expenditure of the above-stated amount will permit the construction of an incinerator with a capacity of approximately two hundred tons per day, and will be sufficient in size and capacity to meet the requirements of at least one disposal district in the city. Additional information concerning this proposed incinerator will be furnished your Body by the Commissioner of Public Works.

The matter of disposal of refuse and garbage by the incinerator method has long been the subject of study, survey and report. In a city such as Boston where dumping facilities are at a minimum and so far removed from the collection areas as to constitute a major factor in the cost of removal, it is essential that we meet this situation by this modern method of disposal.

I recommend the passage of the loan order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
September 4, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I feel that this is the proper time for the City to proceed with the erection of an incinerator to dispose of, in a modern and up-to-date manner, collections of rubbish and garbage.

With that in mind, I respectfully request that your Honor ask the City Council to appropriate the sum of \$200,000 for the construction and equipment of an incinerator.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Ordered, That under the provisions of clause 3 of section 7 of chapter 44 of the General Laws, the sum of two hundred thousand dollars be, and hereby is, appropriated to be expended under the direction of the Commissioner of Public Works for the construction and equipping of an incinerator building, and, to meet said appropriation, the City Treasurer be authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.
Referred to the Finance Committee.

APPROPRIATION FOR PURCHASE OF FIRE DEPARTMENT BOATS.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1946.
To the City Council.

Gentlemen,—I am in receipt of the accompanying communication from the Fire Commissioner, in which he requests that the sum of two hundred thousand dollars be made available for the purchase and equipping of additional boats for the Fire Department.

The appropriation of the sum of money requested will permit the Fire Commissioner to purchase from the United States government three boats, one a sister ship of a boat recently purchased by the city with a replacement value of approximately three hundred and fifty thousand dollars, and the other two Army T-Boats, to be used by the Fire Department in shallow waters. The sum requested will also permit of the reconversion of these three boats for fire uses.

The passage of the accompanying order by your Honorable Body, in addition to the order appropriating \$100,000, passed on July 23 of this year, will make available a total of \$300,000 for purchase and reconversion of boats for Fire Department use. If it were possible to have constructed four boats suitable for fire purposes, the cost to the city would be in the vicinity of one million dollars. In purchasing these boats from the Federal government, not only do we save considerable time and provide timely protection, but we also save approximately three quarters of a million dollars.

The negotiations for the purchase of these boats are completed. The Fire Commissioner, acting on competent advice, recommends their purchase. I concur in this recommendation. It is essential that we proceed promptly if these boats are to remain available to the City of Boston. Consequently, I most earnestly request your Honorable Body to give approval to the accompanying order at today's meeting.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, September 5, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—As a result of several conferences with yourself and others with the firm of John G.

Alden, naval architect and engineer engaged to handle the reconversion of Navy minesweeper the U. S. S. "Marabout" into a fireboat, it is now recommended that the City of Boston purchase the U. S. S. "Bulwark," a sister ship of the "Marabout," which can be obtained from the U. S. Maritime Commission on the same financial arrangement made in the case of the "Marabout."

The acquisition of the "Bulwark" is needed to augment our present inadequate fireboat fleet and to replace the present fireboat Engine 31, built in 1895, which probably has reached the end of its useful service to the city.

It is also recommended that the city purchase two Army T-Boats, design No. 239 A or B, to be used as supplementary fireboats, as we need such ships of shallow draft to protect parts of the water front inaccessible to our present deep-draft ships.

I request that your Honor submit to the City Council a loan order in the amount of \$200,000 to cover the purchase price of the "Bulwark" and two Army T-Boats. The sum of \$200,000 should be sufficient to cover the purchase price of the ships as well as the costs of reconversion.

Respectfully yours,
RUSSELL S. CODMAN, JR.,
Fire Commissioner.

Ordered, That the sum of two hundred thousand dollars be, and the same hereby is, appropriated from the special account "Sales of City Property" to be expended under the direction of the Fire Commissioner for the purchase, furnishing and equipping of additional boats from the United States Navy Department, the same to be used as part of the marine fire-fighting unit of the Fire Department.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Angeles T. Angeles, for compensation for damage to car caused by an alleged defect at 424 Dudley street.

Wendell H. Berry, for compensation for damage to car caused by an alleged defect in Beacon street.

S. L. Black, for compensation for damage to car caused by an alleged defect in Arlington avenue.

Browning Laundry Company, for damage to property at 114-120 Brookside avenue, Jamaica Plain, caused by backing up of sewage.

Agnes M. Freeman, for compensation for injuries caused by an alleged defect at 12 Allenwood street.

P. E. Frost, for compensation for damage to clothing and injuries caused by an alleged defect at 255 Atlantic avenue.

Helen C. Greene, for compensation for damage to property at 59 Dwinell street, West Roxbury, caused by change of grade of sidewalk.

John A. Griffin, to be reimbursed for execution issued against him.

Harpel-Phillips Company, Inc., for compensation for damage to car by city truck.

Julius Michelin, for compensation for injuries caused by an alleged defect at 1299 Commonwealth avenue.

Mystic Building Wrecking Company, Inc., for compensation for damage to car by city truck.

Joseph W. Hopkinson, for compensation for damage to car caused by an alleged defect in Pleasant Hill avenue.

Joseph C. Ofria, for compensation for damage to car by city truck.

Sebastiano Russo, for compensation for damage to car by city motor vehicle.

Mary E. Sweet, for compensation for damage to retaining wall during grading of Maynard street, at 408 Poplar street, Roslindale.

Charles J. Wallace, for compensation for damage to property at Shawmut avenue and Union Park street, caused by city car.

Committee on Licenses.

Petition of Eastern Massachusetts Street Railway Company for license to operate motor vehicles from Mattapan square to Park square, on Blue Hill avenue, Seaver street, Columbus avenue, Park square, Stuart street, Broadway, Berkeley street, Boylston street.

Petitions for driveway openings: Saul Casler, 921-931 Massachusetts avenue; National Shawmut Bank, 413 Market street, Ward 22; United Farmers Cooperative Creamery Association, Inc., at Roland street; Thorgen Realty, Inc., by Max Nigrosh, at 15 Rusfield street.

Executive.

Petition of Lillian F. Orton to be paid annuity on account of death of husband, Charles H. Orton, late member of the Fire Department.

Petition of Irene T. Smith to be paid annuity on account of death of husband, Francis C. Smith, late member of Police Department.

PERMITS FOR CHILDREN.

A petition of the Tributary Children's Theatre for children to appear at New England Mutual Hall on September 21, October 5, November 2 and November 16 was received.

Permits granted under usual conditions.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of the following, having been duly approved by the City Treasurer, were received and approved by the Council, viz.: Francis P. McCormick, James L. Blue, Wilfred Gerber, Thomas Marrow.

REPORT OF FINANCE COMMISSION ON INCINERATORS.

The following was received:
The Finance Commission of the City of Boston,
Boston 8, Mass.

August 28, 1946.

To the Honorable the Mayor and City Council.
The Finance Commission has been for many years advocating the adoption of incineration as an efficient and economical method of disposing of the refuse collections in the City of Boston.

The Commission has previously shown the advantage of constructing an incinerator of 400 to 600 tons per day consuming capacity on city-owned land on or near the Albany Street city yards, this plant to include boilers and dynamos which would produce heat, light and power for the City Hospital and the Public Works Department shops. Such a plant would dispose of all the refuse collected in most of the downtown area and in South Boston and Roxbury.

An emergency situation now exists in the Brighton-Allston District, the refuse collections of which must be toted to a city-owned dump in Dorchester at a cost, for cartage alone, of \$84,000 per year.

The Commission has made a careful examination of this situation and is of the opinion that a large saving can be made by the erection of an incinerator of 200 tons per day capacity, eight hours per day of operation, on city-owned land on Western avenue. Collections in this area now amount to approximately 100 tons per day.

Inquiries in other cities and observation of plants lead to the opinion that a suitable incineration plant can be constructed for approximately \$200,000. To finance this cost would take about \$13,000 per year, including a \$10,000 per year payment on the principal of a loan on a 20-year serial plan basis.

The operation cost would be as follows:

4 Stokers at \$2,000 per year	\$8,000
2 Chargers at \$2,000 per year	4,000
1 Crane operator at \$3,000 per year	3,000
1 Superintendent and general man at \$3,500 per year	3,500

Total..... \$18,500

Allowing \$6,500 for incidentals, the total cost of operation and financing would be approximately \$40,000 per year. In contrast, the disposal now costs at the rate of \$84,000 per year.

The collection cost, i.e., without disposal, in this district is now \$120,000 per year. This is an agreed price without advertising to a contractor who, at the time of making, had the use of the only dump available within easy reach of the collection area. Incidentally, this contractor paid for the use of the dump, while he had it, out of this \$120,000 per year. With the erection of an incinerator as herein proposed and disposal of the collections from Brighton and Allston therein, the contract for collection can be open to competitive bidding. A lower cost for that part of the work is possible therefrom.

The Finance Commission believes that advantage should be taken of this opportunity to reduce disposal cost. Incineration of refuse is the most used method of disposal in the majority of the large cities. It is scientific and economical.

Respectfully submitted,

EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,

The Finance Commission.

ROBERT E. CUNNIFF,
Secretary.

Placed on file.

HEARINGS BEFORE DEPARTMENT OF PUBLIC UTILITIES.

Notices were received from the Department of Public Utilities of hearings to be held on September 13, at 12 noon, on following petitions of Boston Elevated Railway Company: Double track on Bennington street, East Boston. Single track curve on South street, West Roxbury. Double track in three spaces in Bunker Hill street, Charlestown.

Severally placed on file.

RESIGNATION OF RICHARD L. CASEY.

Notice was received from the Mayor of the resignation of Richard L. Casey as member and chairman of the Board of Street Commissioners, and acceptance by the Mayor.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Notice of the following appointments by the Mayor was received:

Martin Finn, as member of Board of Street Commissioners for term ending January 6, 1947, in place of Richard L. Casey, resigned.

Nathan S. Sodekson, 125 Westbourne terrace, Brookline, director of Workingmen's Loan Association in place of Leo J. Dunn whose term is expired.

Severally placed on file.

LEGISLATION TO DIMINISH TRAFFIC CONGESTION.

Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor request the City Planning Board, the Corporation Counsel and any other necessary City Departments to survey, plan and prepare legislation to be presented to the 1947 session of the Massachusetts Legislature in regard to the following matters:

In order to diminish or eliminate the traffic congestion and to speed up the flow of traffic in the City of Boston, it is suggested that: 1. A truck terminal be located in the City of Boston; 2. Make out a list of streets in the City of Boston to be widened and request that the work be financed out of the State Highway Fund; 3. Arterial Highway for the City of Boston to be financed out of the State Highway Fund.

Coun. LINEHAN—Mr. President, for the last month or so we have been hearing a lot of talk about off-street parking in the City of Boston. We have heard that talk as a result of the traffic congestion that exists in this city. Not being a traffic expert myself I did attend all the hearings on this off-street parking. I have made observations, as a result of listening to testimony and also talking to other people who did not attend the hearing as to just what might be done to eliminate or diminish the amount of traffic, particularly automobile traffic, that exists in the City of Boston. Up to now there has not been anything done substantially in the City of Boston. Here we are. We are coming to the point where the City of Boston is going to try to do something. When I say something, I mean the much talked about off-street parking loan request of five million dollars. I for one am going to vote for that measure. I am going to vote you might say with my tongue in my cheek. I do not believe that off-street parking should be the No. 1 solution of the problem. It is about the last one that should be started in order to take care of the traffic situation that exists in Boston. I think that things much more important should be done first. I have listed them in this order of mine. First, a truck terminal should be located in the City of Boston. I realize personally there are several locations on the outskirts of the city and the center of the city like South Boston and probably around Albany street and other sites in Boston which could be used for this so-called truck terminal. Why do I say we need a truck terminal? I say this because of the testimony presented to us by a member of the American Federation of Labor who represented the truckmen's union. He stated they are having a difficult time of it at present due to the traffic congestion of the City of Boston. They are having difficulty in delivering their wares and goods to the stores throughout the city. It seems to me that we certainly should have the delivering of the goods and wares at some other time than during the busy hours of the city. I say the busy hours. I might mean nine to five. Probably the merchandise and wares should be delivered before or after those working hours. Another thing that would be a great help would be this truck terminal whereby all the big trailer trucks which some of us see now in the busy parts of the day in Boston blocking traffic, those big trucks could be brought to the terminal and unloaded. From there small delivery wagons could pick up and deliver the goods throughout the city without obstructing the city streets too much. Secondly, make out a list of the streets of the City of Boston to be widened. Request the work be financed out of the State highway funds. I realize probably the most important solution for the traffic congestion that exists in this No. 2. I realize the City of Boston is an old city. It was planned years ago. There has not been very much done. There might have been a lot of planning since on the narrow streets which were constructed, a lot of planning to widen the streets but nothing done in regard to actually going through with the so-called plans. Personally I do not know if there are plans to widen the streets or whether a study has been made of it. I do not doubt but there has been over a period of years. It is about time we get moving and find out just what streets need widening in order to hasten the flow of traffic through our city streets. We talk of off-street parking and bringing more cars into the city so they can park which we hope will bring business into the city, bring more customers perhaps to the retail stores for a while. I say for a

while because I think in a short time you will find that the traffic situation in the City of Boston with more off-street parking will aggravate our present traffic situation. It will not eliminate it. It will not diminish it. It will aggravate the conditions that exist. Before we get off-street parking therefore we need truck terminals and the widening of streets. In addition to these we can have No. 3 if we can get it through the Legislature, an arterial highway for the City of Boston financed out of the State highway funds. There are millions of dollars collected yearly in the gasoline tax as all of our councilors know which is put in the State highway fund and used over a period of years for different items, not only road construction but for other matters which are of no benefit to the motorist. I contend these items I am speaking of today if put into effect will certainly benefit the motorists of the Commonwealth of Massachusetts. They will be only too happy to see the money from that fund spent for the items listed in this particular order. In addition to the above three things I have mentioned we can also have the strict enforcement of the traffic regulations which now exist. We have heard about much of the illegal parking on our streets. We all agree it does cause traffic congestion in the City of Boston. That is one particular item which it is now possible to achieve. The traffic regulations exist. If they are enforced we might help diminish traffic congestion that exists. Then after those four things are done it seems to me the business-like way of doing things is to then install, institute or construct the parking spaces throughout the City of Boston, particularly in the center of the city. I realize there are all kinds of opinions depending on what you are, whether you are a retail store man and if you are, you want the parking area in the heart of the city close to the store. One man I know of who is going to be in charge of the so-called off-street parking in the City of Boston thinks the parking spaces should be on the outskirts of the city. It seems to me we cannot get together on just where the parking areas are needed. The experts agree to disagree. The store people figure we should have them close to the stores. Somebody else who is going to be in charge of the arrangements thinks they should be on the outskirts of the city. Well, it is a question of opinion. Time will tell which is best and which is worst. We all have our opinions. You cannot tell really who is correct until you start these off-street parking areas, and then you will find out what will result because of the construction of the parking area. I filed this order you might say to explain how I am going to vote on the five million dollar loan order. It is apropos to speak somewhat on the five million dollar bond issue. It is all about parking. I realize then if I vote for the five million dollars today, which I shall do, I think I will, I am voting to put the cart before the horse. The four items I mentioned should be done before the off-street parking is put across. Now we have many important citizens and organizations appearing before us stating that we should take the off-street parking program. I agree with them all, we should have parking facilities after improving the flow of traffic through our city streets. I realize we as councilors if we vote for this off-street parking we are going to positively aggravate the traffic congestion that exists in our city. There is no question about it. If we have a certain number of cars we can now take care of under present conditions, we are going to have thousands more added to it by the off-street parking. If we have the same streets and no arterial highway and no widening of the streets then naturally you are going to have a worse condition. It is my hope if we do aggravate traffic conditions in the City of Boston as a result of off-street parking that the Legislature might get big-hearted and have a change of heart toward the City of Boston and appropriate millions of dollars out of the highway fund to put into effect the items I talk about today, namely, a truck terminal to be located in the City of Boston. I do not know whether that could be financed out of the State highway fund. Perhaps they can arrange it. I do think the widening of the streets of Boston probably could be financed out of the fund. I am sure the arterial highway can. The only reason I pick out the arterial highway is because of the fact I know there are plans on that which were presented to the Legislature several years ago. I am not sure about last year. I think they also did it last year and it was killed by the Legislature. Perhaps if we cause traffic conditions to be aggravated we might get the Legislature to wake up and help the City of Boston out, and the Commonwealth of Massachusetts motorists. You can get any number of statistics showing that the bulk of the percentage of motorists coming into our city do not live in the City of Boston. Therefore, this is not a benefit solely to the City of Boston. It is a benefit to all motorists who come out of the outskirts of Boston into the city streets here. It will benefit all of them. We know right well it will. Off-street parking will benefit the residents. I am sorry to say I think it is going to cause a terrible traffic congestion in our city, after these off-street parking spaces are in effect. It does not seem as though we have any set plan as to where the parking areas for the off-street parking are going to be put. Some think they should be close to the stores. Some think they should be in the outskirts of the city such as at Columbia Station or Ashmont and other such spots. That might be the solution or it might not. Naturally the store-

keepers think the best spots are right near the stores. I think only time will tell. Fundamentally it follows if we bring more cars into the heart of the city the traffic will get worse until such time as the points I outlined in this order of mine are put into effect by the State Legislature. Passed under suspension of the rule.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following Report on appointment of John T. O'Brien, 11 Estrella street, Jamaica Plain (referred August 26), as constable to serve without bond and without authority to serve civil process for term ending April 30, 1947—that appointment be confirmed. The report was accepted, and the question came on confirmation. Committee, Councilors Madden and Coffey, and the appointment was confirmed, yeas 16, nays 0.

REIMBURSEMENT OF SAMUEL DIETCHMAN.

Coun. COOK and MORIARTY offered the following:

Ordered, That Samuel Dietchman, 10A Brinton street, Roxbury, be reimbursed for the amount of his medical expenses incurred as the result of personal injuries sustained on March 7, 1946, while employed as first assistant drawtender in the Bridge Service of the Public Works Department.

Referred to the Committee on Claims.

SALE OF PROPERTY TO OLIVER AMES, JR., POST NO. 117.

On motion of Councilor Moriarty the Council took up No. 1 on the calendar, viz.:

Order for sale of land and building, Brookline and Longwood avenues, to Oliver Ames, Jr., Post No. 117, American Legion.

On August 19, 1946, the said order was read once and passed, yeas 19, nays 0.

The question came on giving the order its second reading. The roll was called and the order given its second reading, whole number of ballots 19, yeas 19.

ACCEPTANCE OF CHAPTER 559, ACTS OF 1946.

Coun. HANNON offered the following:

Ordered, That the City Council accept chapter 559 of the Acts of 1946 entitled "An Act Authorizing increases of the Amounts of Pensions Payable to Certain Former Public Employees Who Have Been Retired."

Coun. HANNON—Mr. President, the purpose of this Act is to permit the city to increase by 20 per cent the pensions of those who receive less than \$1,000 a year as a retirement annuity. I have been attempting many times to find ways and means of increasing the pension of those people who gave years of service to the city and end up with a paltry pension of \$40 a month. This act was passed by the Legislature which for some reason or other the city failed to adopt. I think we should accept it.

SALARY OF THOMAS W. McMAHON.

Coun. LANE offered the following:

Ordered, That the City Messenger be authorized to restore to Thomas W. McMahon the salary withheld from him for the week ending August 6, 1946.

Referred to the Executive Committee.

PARKING FACILITIES UNDER CERTAIN NEW BUILDINGS.

Coun. MADDEN offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Building Commissioner for the purpose of amending the Building Code to require that all future buildings constructed in the City of Boston of four floors, or over, shall have parking facilities under the building, or on the roof of said building.

Coun. MADDEN—Mr. President, last week and for some weeks back we have had a great deal of discussion about this off-street parking. I am not blind to the fact that our parking situation is deplorable. Neither am I blind to the fact we must do something about it. However, gentlemen, there are far more serious things than the parking problem, parking the automobiles for people who live outside the district. There is the parking problem of the veterans and their families. I pick up the Boston *Traveler*. They have their first leg in their platform, the Boston *Traveler* platform, homes for every veteran. You can pick up the Boston *Traveler* and many other papers day after day and you will see acres of space devoted to

advertising to help the merchants. Fine and dandy. But I have yet to see the Boston *Traveler* or any Boston newspaper with the exception of the Boston *American* assert any particular program to help the veteran get a place to live. When you help the veteran you help everybody. I have just received an order back from the mail. Some time ago I introduced an order in this Council for \$15,000 for a survey and soundings of a pond out in Brighton so the kids out there could have a place to swim. The Mayor writes back he thinks it is a great idea, but he says, let us pass the buck on that until 1947. Well, if the city cannot see its way clear at this time to appropriate \$5,000 to help start a park and playground where the children can swim, I do not see any point or any sense in appropriating a thousand times as much, \$5,000,000 for parking. During the past six months I have had many occasions to go to the Boston City Hospital. If any institution in the City of Boston needs money and needs five million dollars, the Boston City Hospital does. They have employees over there averaging less than \$30 a week. How do you expect to staff any hospital and how do you expect to take care of the sick and needy when you ignore your hospitals? You can go throughout the city and with the exception of South Boston, which is favored by a marvelous beach, no other section of the city has adequate bathing facilities for the children. Certainly if we have five million dollars for off-street parking we need playgrounds and parks much worse. You can go from one end of the city to the other and with few exceptions you will find any municipal buildings, any gymnasium where the children of the district can have a little recreation. No wonder our courts are laden with employees at excessive expense in an effort to try to curb juvenile delinquency. Gentlemen, I do not have to tell you that the way to start curbing juvenile delinquency is to permit these youngsters to burn off that energy in playgrounds and parks. I say it seems ridiculous to me to hear all this talk about five million dollars for off-street parking when we have so many other much more urgent needs. The other day we had members of labor organizations coming in here and literally threatening the City Council to pass this order. That is all right. Gentlemen, I belong to organized labor. I enjoy a fight as well as anybody. I wonder if organized labor and if any of our big banks can show us one single piece of property in the City of Boston that is contemplated in this off-street parking. It is all up in the air. Nobody knows anything about it other than saying to the City Council, please give us five million dollars so we can play with it. I notice that the City of Boston is still taxed excessively on insurance rates. I have not heard any of these people who are so insistent on off-street parking come in here and say we are going to help the people in Boston get more equitable insurance rates. Why should the people of Boston have to pay twice as much as somebody upstate? Is that the curse for being a Democrat? No, gentlemen, I think it is high time that the business concerns of the city make provision for parking. I wonder if anybody can tell me where I can get a hotel room? Do the hotels make any provision for parking of cars of their guests? It is high time that the hotels, the business houses, the theatres, take on some of that expense themselves instead of sending all the money to Washington in taxes. Why do not the business houses and the newspapers that jump every time the stores put the finger on them go to bat for this? Why don't some of them start a kitty? Why don't they inaugurate some facilities under their buildings or on top of their buildings to help the parking situation? You can go around throughout the streets of Boston and I will bet anybody any amount of money that the majority of cars that are parked all day long in the streets are not Boston cars. No, Boston people are content to use the Elevated. We have to pay and furnish all the facilities, all the public utilities with no help whatsoever from those who are out of town. So I say, Mr. President, I think this order should pass, that his Honor should confer with the Building Commissioner and that henceforth any building going on in the city make provision to take care of their clients' customers for parking facilities.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on petitions for driveway openings: Holtzer-Cabot Company (referred March 19, 1945), at Amory and Atherton streets, Ward 11. Saul Casler (referred today), at 921-931 Massachusetts avenue—recommending that permits be granted.

Report accepted; said permits granted under usual conditions.

CHAPTER 586 OF ACTS OF 1946.

Coun. MORIARTY offered the following:

Ordered, That his Honor the Mayor consider the advisability of availing the city government of chapter 586 of the Acts of 1946 which reads: "An Act Relative to the Appointment of Veterans

to Civil Service Employments under the Apprentice Training Provisions of the G. I. Bill of Rights, So Called."

Coun. MORIARTY—Mr. President, we are more or less familiar with job training as it pertains to private employment. In simple language it means one is on the job training or aspiring for a better job within that industry or private employment. There is a financial benefit as well as a training benefit to him. We will say he is making \$30 a week, and the government deems it favorable, and that the job is worth \$50 a week. They will make up the difference, the federal government money pays the difference. This act, approved by the Governor, permits the same condition in city government. The order asks the Mayor to confer with his department heads, who in turn confer with the Department of Education, to ask for on-the-job training for civil service workers. I am given to understand this pertains to permanent employees, as well as appointive. The order asks immediate reference to the Mayor and his department heads.

Passed under suspension of the rule.

MEETING WITH MAYOR.

President KELLY—I am informed that his Honor the Mayor is down at his office and is available to any members of the Council who wish to see him.

RECESS.

President KELLY declared a recess at 3.15 p. m., for the purpose of going into Executive Session, subject to the call of the Chair.

The members reassembled and were called to order by President Kelly at 9.30 p. m.

TAXES DUE CITY FROM NEW YORK, NEW HAVEN & HARTFORD RAILROAD.

Coun. SCANNELL offered the following:
Ordered, That the Corporation Counsel of the City of Boston be requested, through his Honor the Mayor, to appear before the City Council at its next Executive Session with information pertaining to the settlement of taxes due the city by the New York, New Haven & Hartford Railroad and to explain to the members of the City Council whether or not any rebates have been given to this company and whether the amount due the city has been paid in full.

Passed under suspension of the rule.

ORDINANCE RE REGISTRY DEPARTMENT.

Coun. SCANNELL offered the following:
Be it ordained that, chapter 4 of the Ordinances of 1946, entitled "An Ordinance Concerning the Registry Department," be, and hereby is, repealed.

Coun. SCANNELL—Mr. President, might I explain this ordinance? This ordinance was in the Committee on Ordinances for the past fifty days probably. We really did not have a regular meeting of the Committee on Ordinances. There was some misunderstanding as to what this ordinance would do. If the members of the Body had passed this ordinance, this ordinance would automatically take a woman who has given twenty-two years' service to the City of Boston and automatically throw her out of a job. We have no assurance of her employment. She was an elderly woman from my district. We had no assurance that the city could take care of her in any other way. I asked the members of the Body to repeal this ordinance. I have talked to the Mayor about it. He was willing to repeal it so this woman could get a livelihood in the late stages of her life. I am asking the members of the Body—this is something very small and it does not mean very much. I know if I had a chance to talk to each member of the Body, it would be repealed. I am asking that it be repealed today.

President KELLY—Referred to the Committee on Ordinances.

Coun. SCANNELL—Mr. President, I talked to the Committee on Ordinances.

President KELLY—The Chair will withdraw referring the matter to the Committee on Ordinances if there is no objection.

Coun. COOK—Objection to what?

Coun. FISH—What are we objecting on?

President KELLY—The Chair referred Councilor Scannell's ordinance to the Committee on Ordinances. Councilor Scannell would like to have it passed under suspension of the rules. If there is no objection, the chair will withdraw the reference to the Committee on Ordinances.

Coun. COOK—Mr. President, I object.

Coun. HANNON—Mr. President, a point of information. I think the Chair is in error in referring it to the Committee on Ordinances. In the first place, the function of the Committee on Ordinances is to pass and make recommendations on the approval of ordinances. It is not to obliterate and remove ordinances.

President KELLY—I am sorry to inform you the Committee on Ordinances acts on all ordinances whether it is to make ordinances or repeal ordinances.

Coun. HANNON—I will appeal from the decision of the Chair.

Coun. MUCHNICK—Mr. President, a point of information. Is one objection sufficient to keep something from being referred or not referred to the Committee?

President KELLY—Under the rules the matter should be referred to the Committee on Ordinances. The Chair referred it.

Coun. HANNON—Under what rule?

President KELLY—Under Rule 25, section 10. The Committee on Ordinances is to consist of seven members of the council to whom shall be referred all ordinances or orders concerning ordinances.

Coun. HANNON—Mr. President.

Coun. MUCHNICK—Mr. President.

President KELLY—Just a moment. The Chair will entertain a motion from Councilor Scannell if he sees fit to suspend that rule.

Coun. SCANNELL—I move suspension of the rule and passage of the order.

The motion of Councilor Scannell for suspension of the rule carried and the question came on the passage of the order.

Coun. RUSSO—Mr. President, may the clerk read the order again?

(The clerk read the order.)

Coun. COOK—As chairman of the Committee on Ordinances I think I should speak on this order. An ordinance was presented to the Committee on Ordinances about seventy days ago. It was an order to establish a fee for the giving out of information on marriages, births and deaths. A committee meeting was held and a quorum of the committee was there. Arguments were given for and against. Later on, your chairman, before sixty days were up when this ordinance would have passed automatically, no vote rejecting it or passing it taking place, called the committee. Four of the committee were for it and three against it. The day it was passed.

Coun. HANNON—Mr. President, a point of information. When was I called?

Coun. COOK—Mr. President, the councilor was called the day we had the vote.

Coun. HANNON—We might as well have the information accurately. I happened to be in Canada that day.

Coun. COOK—The councilors were polled at the meeting before this, a meeting which was two days before the expiration date. I had the polling of the Committee. I remember distinctly asking Councilor Hannon how he voted and he was against the ordinance.

Coun. HANNON—I would like to have the chairman of the Committee give that vote according to each member of the Committee.

Coun. COOK—If the Committee members do not object, I will. Hearing no objection, the votes in favor were myself—

Coun. HANNON—Mr. President, I do not think the vote was in favor. The question was lying on the table. I think the chairman might refresh his memory and agree to that.

Coun. COOK—I do not agree with it. I told the councilors before the meeting, which was two weeks before the meeting where we took the actual vote and presented the ordinance, I spoke to the councilor from Ward 13 (Councilor Hannon) and he voted against the ordinance.

Coun. HANNON—Mr. President, you say I voted against it. I voted to lay it on the table.

Coun. COOK—My question at the time of polling was in favor of or rejection of the ordinance. That is my understanding.

Coun. HANNON—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. HANNON—To find out who made the motion. What was the motion? Who made it in the Committee? A motion was made to lay on the table.

President KELLY—Can you answer, Councilor Cook?

Coun. COOK—I am trying to answer. Nobody will let me finish.

President KELLY—Councilor Cook has the floor. If he does not yield, Councilor Cook will continue talking.

Coun. SULLIVAN—Mr. President, a point of information.

President KELLY—Does Councilor Cook yield the floor for a point of information?

Coun. SULLIVAN—Mr. President, a point of order.

President KELLY—A point of order is in order. State your point of order.

Coun. SULLIVAN—Mr. President, whereas the two members of the Ordinance Committee are having a little difficulty on what did transpire or take place at their committee and how they voted or did not vote, I think it would be in order that the Clerk of the Committee bring in the reports.

Coun. COOK—Mr. President, my understanding of the polling of the Committee, if the councilors will listen to me and let me finish, they can vote against me or for me.

Coun. SCANNELL—Mr. President, a point of information.

President KELLY—Councilor Cook, do you yield the floor?

Coun. COOK—No.

Coun. SCANNELL—Mr. President, a point of order.

President KELLY—State your point of order.

Coun. SCANNELL—The gentleman said the councilors can vote for him or not. It is not a matter of voting for the councilor. It is a matter of repealing this ordinance. It is not a personal matter as far as the councilor from Ward 12 (Councilor Cook) is concerned.

President KELLY—That can be discussed after Councilor Cook has talked, councilor.

Coun. COOK—Mr. President, I shall try to speak slowly so that they will not misunderstand me. This ordinance would have passed automatically two days after our last meeting. The meeting before that I polled the Committee members on rejection of passage of the ordinance. At that time I had four votes in favor of the ordinance and three against it. The councilor now presenting the present order asked me to hold over the Committee report until the next meeting. At the next meeting which was the last meeting and two days before automatic passage I told him I was going to present the Ordinance Committee with a favorable report. I wanted to end it one way or the other. When the vote came the councilor was not here. There was no speaking on it. If the councilor from Ward 13 (Councilor Hannon) still wishes the polling by name I shall give it to him. I told him who they were two weeks before that. Now, getting down to the merits of it, I think that the ordinance was a good ordinance. I had been influenced by the fact that, if the ordinance went through, some lady who had been working for a number of years receiving money from outside sources for giving service, which money she kept and which gave her a living wage, would now go to the city. I told him I and other members of the Council would go to his Honor the Mayor or anybody else to see to it when this ordinance was passed she would be paid and placed on the pay roll somewhere in the city, most likely in this department so that she would not lose her job or livelihood. When it comes down to whether an ordinance is for the benefit of the city.

Coun. LINEHAN—Mr. President, a point of order. I do not think any councilor under our charter can seek employment through his Honor the Mayor or any other clerk.

President KELLY—Councilor, you are right.

Coun. COOK—That may be so. If I am guilty of that, speaking to the Mayor to try to get somebody a job, I do not know what they can do about it. I do not intend to worry about it. This ordinance will bring revenue to the city. It comes to a question of revenue. In the estimation of the Registrar of Vital Statistics at least \$7,000 should come into the city coffers as against a woman who is losing her job temporarily. Evidently the councilor in the district cannot keep her on there. I say this City Council as a business proposition—

Coun. HURLEY—Mr. President, would the councilor from Ward 12 yield for one question?

Coun. COOK—Yes.

Coun. HURLEY—Do you know, councilor, that if this ordinance as it stands now makes this woman lose her job and you intercede with the Mayor, would they give her the protection of civil service or not?

Coun. COOK—Mr. President, in answer to that question, may I state for the councilor's information that the reason she lost the job in the beginning was because civil service did not want her there. She was not eligible. If this ordinance is passed, of course she cannot be put on the civil service rolls. It is my understanding anybody can go on temporarily. She was on temporarily for twenty-five years. It can still be temporary.

President KELLY—Does that answer your question?

Coun. HURLEY—Mr. President, it does not answer the question in this respect, the woman has no security whatsoever, even with the permission given her employment for three months. The Mayor could send word to the Registrar to drop her.

Coun. COOK—It is my understanding whether this ordinance is passed or not if the Mayor sees fit not to have her, or the Registrar, he still does not have to employ her, and keep her in his department. His argument was anybody in his department getting information, typing it out and receiving money for it from outside sources should be under his supervision. As the thing stands she was not under his supervision. I thought that the ordinance was a good one. I still think it is good. I do not think the Chairman of the Committee on Ordinances that heard on it and waited close to sixty days and saw the thing pass while the councilor so vigorous in his plea did not think enough of the matter to stay around when the vote was taken and would have passed automatically if we did nothing on it, should be able to request the ordinance stay on the books or at least go back to the Committee on Ordinances. The Council should have enough confidence in itself if they think they can get somebody a livelihood through the city, they can do it; if at the same time they can run the city on a good business basis, they should.

Coun. SCANNELL—Mr. President, when the councilor who is so very anxious to put this ordinance over as he has been trying to do for the past three or four weeks came to me and some of

the other members of that Committee, the members of this Body did not realize what they were doing when they passed this ordinance. It was a week ago last Thursday. A very efficient Registrar of Births and Deaths wants to get the city to deprive a woman sixty-five years old of a livelihood by this ordinance. Previous to that he let her go three times for no reason at all.

Coun. COOK—Mr. President, a point of personal privilege. I do not like the statement which has been made. I do not think it is correct. I let it go for three weeks because the councilor asked me to keep it off for three weeks.

Coun. SCANNELL—Mr. President, I have talked with some of the members of the Committee who did not understand this ordinance and I explained to them if this ordinance was passed, it would deprive a woman who has worked for the city about twenty-two years of her livelihood. When I asked them to change I believe it was on an understanding with the chairman of the Committee of Ordinances that it was to be presented to this Body and ought not to pass. That is why I was given to understand that and that is why the repeal is in here today. I went to the Mayor of Boston and told him about this thing. Immediately he called that efficient Registrar of Births and Deaths and he said, "What is the story?" He said, "Did you know the story when you first presented this order to the City Council?" He said, "Yes." He said to me, "Well, go upstairs and have it repealed." That is why it is before the Body today. I do not know why one man in the Body is so forceful in wanting an ordinance such as this. It does not mean anything to the city. He says there is a revenue of \$7,000. That is a deliberate lie. The business men of the city will give this woman probably two cents per name. This man in the registry raised the sum from two cents to three cents on his own. I know every member of the Body and I know them well. I am sure they want to see the right thing done.

Coun. MUCHNICK—Mr. President, a point of order. It seems to me that when you recognized Councilor Scannell originally it was for the purpose of presenting two short orders, that would take but a few minutes and not an order to keep us here until after midnight. We are supposed now to take up the off-street parking. Some of us cannot stay beyond midnight and would like to get the important business over.

Coun. SCANNELL—Mr. President, in short I will say this—I know any member of the board will want to vote for an ordinance that will not put a woman out of work.

Coun. HANNON—Mr. President, I have been very patient. I sat here all day. I have not opened my mouth. I have been listening to everybody else. They had ought to do the same for me. When I want to talk, I am going to talk. They can stay here or not, regardless of who gets on the telephone or what calls are made.

Coun. MUCHNICK—Mr. President, a point of order. I stated a couple of minutes ago we are out of order. Now that the report of the Executive Committee is ready and that it has priority over this according to your ruling when the orders were first introduced.

President KELLY—I recognized Councilor Scannell for two short orders. I thought we would get through in a few minutes. I hoped they would be brief.

Coun. SCANNELL—If I can get into a speech I will finish it.

President KELLY—I hope you will.

Coun. SCANNELL—I am sure I will.

Coun. MUCHNICK—Mr. President, a point of order. Will you rule that way, please?

Coun. HANNON—Mr. President, I do not want any ill feeling over this matter. The only reason at all that I am taking my feet is because I am a member of the Committee on Ordinances. I pride myself on the fact that I attend committee meetings. I attended the last committee meeting of the Committee on Ordinances to which I received a regular notification. As a matter of fact, we had to wait until we had a quorum. Finally we talked things over and a vote was taken. It was decided by vote to lay this matter on the table. I went away for a week. I missed my first meeting last Monday. Then I was informed when I did return that an ordinance which we had laid on the table had been passed. How? I do not know. Now maybe I am being suspicious in thinking that something was put over. If it was, good luck to the guy that put it over on me. You do not like these things to be put over on you without at least letting the party know that you realize something has been put over on you. You can be doubly sure if you are going to stay in politics you will take extra precaution that the like will not be put over on you again.

Coun. COOK—Mr. President, since the last matter has been brought up I do not like to involve myself in personalities. I explained before, two weeks before this order was passed, at least the meeting before the meeting it was passed, I told the Committee members I wanted it and polled the vote of the Committee as to whether they should reject it or pass it. I got a vote from every member of the Committee including the councilor here. If he misunderstood me it is not because of any reason of putting anything over. I told him I did not want to put anything over, I wanted it brought out on the floor for the simple reason I did not want an ordinance to pass automatically. All I had to do at the last meeting was say nothing and on September 1, I think, the ordinance would have

passed without the councilor voting on it, the sixty days would have passed without action. The Mayor had recommended it. After sixty days it would have become law. There was no intention of putting anything over on anybody. I would like to get that straight for the benefit of the councilor who just spoke and all councilors, as chairman of the Committee on Ordinances, I do not think I tried to put anything over on anybody.

Coun. MUCHNICK—In view of the statements made by the chairman of the Committee on Ordinances, Mr. President, there seems to be a lot of merit in what he has said. In view of what has been said by the councilor opposing the order which also has a lot of merit, I move this go back to the Committee on Ordinances. If this lady has been harmed we have another week to consider but in that week the Committee on Ordinances can hold a hearing and thrash the matter out one way or the other and come back to this Body with a report.

Coun. SCANNELL—Mr. President, just one more thing. I think if a woman is looking to get \$25 or \$28 a week for a livelihood and I think she is going to be seriously affected in the next week if she does not get the check so I intend to make sure she does get back.

President KELLY—Councilor Muchnick moves the matter be referred back to the Committee on Ordinances.

Coun. SULLIVAN—Mr. President, a point of information. I would like to ask the clerk if it is correct when the chairman of the Ordinance Committee states that if an ordinance is presented to the committee and is in there sixty days it automatically becomes law.

President KELLY—I am informed any ordinance submitted by the Mayor, recommended by the Mayor and not passed by the members of the Body, the Boston City Council, automatically becomes an ordinance in sixty days.

The question came on referring the matter back to the Committee on Ordinances. It was not a vote. The question came on the passage of the order and the order passed.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on order (referred today) that Council accept chapter 559 of Acts of 1946 entitled "An Act Authorizing Increases of the Amounts of Pensions Payable to Certain Former Public Employees Who Have Been Retired"—that same ought to pass.

Report accepted; said order passed.

2. Report on order (referred today) that the City Messenger be authorized to restore to Thomas W. McMahon the salary withheld from him for the week ending August 6, 1946—recommending reference to the Rules Committee.

Report accepted; said order referred to the Rules Committee.

3. Report on message of the Mayor and order (referred August 26) for sale of land at Chestnut Hill and Commonwealth avenues, said order having been read once, August 26, and passed, yeas 15, nays 3—recommending that the order be given its second and final reading.

Report accepted and question came on giving the order its second reading. The roll was called and the order given its second reading; whole number of ballots 20, yeas 20.

4. Report on message of the Mayor and order for transfer of \$9,000 from Special Appropriation, Long Island Hospital, Special Improvements and Repairs, to Special Appropriation, Boat Purchase, Alterations, etc.—recommending that same ought to pass.

Report accepted; and the question came on the passage of the order.

Coun. LINEHAN—Mr. President, I move that the order be amended to read \$7,000.

President KELLY—The motion is out of order. No transfer can be amended.

Coun. LINEHAN—Mr. President, speaking on the order, I am sorry that it is impossible to amend the order to read \$7,000, due to the fact one of the Mayor's department heads said he did not need more than \$6,000. We as City Councilors in the Executive Session give \$9,000. It is all right to save money on the one hand and take a job away from a woman and on the other we give away \$2,000 extra to the Mayor's department head like nothing at all. It is a small amount. The same thing goes with \$5,000,000 or an additional \$2,000. I am sorry to say I could not move it be amended to read \$7,000 on the floor instead of \$9,000.

Coun. BAYLEY—Mr. President, I am going to vote against this transfer. This department head was in before and we gave him a sufficiently large appropriation at that time. He said he would not be back again for more money. Here he is back again for another transfer. It is an unfortunate practice. I hope the Council members will vote against a department head coming back after being given more money.

The question came on the passage of the order. The clerk called the roll and the order passed, yeas 16, nays 3.

Yeas—Councilors Bryan, Cantwell, Carey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Lane, McCormack, Moriarty, Muchnick, Russo, Scannell and Sullivan.

Nays—Councilors Bayley, Chase, Linehan.

5. Report on message of Mayor and order (referred today) for appropriation of \$200,000 from special account "Sales of City Property" to be expended under direction of Fire Commissioner for purchase, furnishing and equipping of additional boats from the United States Navy Department, the same to be used as part of the marine fire-fighting unit of the Fire Department—recommending reference to the Finance Committee.

Report of committee accepted and the question came on referring the matter to the Finance Committee.

Coun. FISH—Mr. President, I ask for a roll call vote on the question on referring this to the Committee on Finance.

Coun. FISH asked for a roll call vote on referring the matter to the Committee on Finance and a sufficient number of councilors having joined him the clerk called the roll. The motion did not carry, yeas 6, nays 10.

Yeas—Councilors Bayley, Chase, Linehan, Madden, Scannell, Sullivan.

Nays—Councilors Bryan, Cantwell, Carey, Fish, Hannon, Hurley, Kelly, Lane, McCormack, Muchnick.

Present—Councilors Keenan, Moriarty.

The question came on the passage of the order.

Coun. FISH—Mr. President, I move that the order ought to pass.

Coun. SULLIVAN—Mr. President, talking on the motion, I do not know how to begin. It is amusing the way they take an about-face. They blow hot and they blow cold. They vote once to put it in the committee. They vote to take it out of the committee. Then they vote moving reconsideration. Then they move it back into the committee. Six hours later they move reconsideration again and take it from the committee. They voted twice to lay it on the table a week, then to report it back out here and to report it to the Finance Committee. Now we come out here and a roll call vote is asked for. Well, there is one certain councilor they will not have to keep tabs on. It is on the official records for the Mayor to see. It is not like in Executive. We have our clerk taking one roll and another member taking another one to run down to the Mayor tonight or tomorrow morning about it. These boys that blow hot and then blow cold, they do not know any more now than they did earlier in the day when they voted to report this to the Committee on Finance. You had one member of the board here who does know a little something about boats. I for one do not know anything at all about boats. But we have one member from South Boston who knows a little something about boats. He asked that this go into the Committee on Finance. You had a taste of it here today, one department coming back for another \$9,000. They wanted only \$7,000 but they are getting \$9,000. How some of the councilors can go out and explain to your constituents is beyond me. One thing I do not like is to see something like this tossed around. Apparently when it comes to being made a matter of record they are going to start switching. These gentlemen who are voting and asking for reconsideration have learned something from earlier in the day. I think the other seven or eight members who are consistently voting to refer this to the Committee on Finance should be informed. I do not believe that they have found out anything. They want to get in the good graces of the man on the second floor. I am going to ask reconsideration. I hope reconsideration prevails. I hope that this order goes back to the Committee on Finance where it rightfully belongs.

Coun. MUCHNICK—Mr. President, talking on the motion for reconsideration, there is at present nothing to reconsider. The motion for reconsideration right now is out of order. Nothing has been passed yet.

President KELLY—The Chair presumes Councilor Sullivan's motion to reconsider is to reconsider the vote that was taken, not to refer the matter to the Committee on Finance.

Coun. SULLIVAN—That is right.

President KELLY—If that is his thought, that motion is in order. Talking on the motion, Councilor Muchnick.

Coun. MUCHNICK—It seems to me the problem here is not whether anybody wants to be popular on the second floor or whether the Mayor is popular with the members of the City Council or anything of that character. This order is not by implication a popularity contest. The City of Boston either needs fireboats or does not need fireboats. If we have a marine expert as a member of the Council, that is fine, but the properly constituted authority who has taken an oath to do his job properly came in before the Executive Committee and told us that the Fire Department needs these boats, needs them now and can get them now at prices which they cannot duplicate anywhere, either in the immediate past or future and that there is a danger if we do not act quickly that we will not get anything. We can hem and haw around here all night tonight and all day tomorrow and all next week and end up with somebody saying a month from now, if we wait that long, there is still more information he would like to get. To me that seems a little silly, almost in the stupid class. I would suggest we carry on and give the city the equipment it needs, particularly when we can get it cheaply.

President KELLY—Talking on the motion to reconsider the matter of referring to the Committee on Finance, Councilor Scannell.

Coun. SCANNELL—Mr. President, I refer to the pending—

Coun. KEENAN—Mr. President, a point of order. I think a few weeks ago the councilor from Back Bay asked everyone to keep their coats on.

Coun. BAYLEY—This is not a meeting, this is a marathon.

Coun. SCANNELL—Mr. President, in reference to the remarks of the gentleman from Ward 14 (Councilor Muchnick) where he said it was stupid to put this thing over for another week or a month to get information. I hope that the gentleman from Ward 14 listened to the Fire Commissioner. If there was anything that was stupid to present to a body of men in public life, he presented it. When I asked him if there was a Coast Guard fireboat available he said, "yes." He wants to spend \$200,000 to buy two minesweepers. I wonder whether or not he knows the war is over. They are worth \$25,000 apiece. I believe that is stupidity on the part of the Fire Commissioner or any commissioner looking for money for fireboats. I know for a fact that it is possible to buy fireboats which the Coast Guard has in surplus. There is no need for the City of Boston to buy a couple of minesweepers, spending probably \$100,000 on each boat to put pumps on them when you can buy boats that have pumps. I believe the remarks of the councilor from Ward 14 would be different if he listened strictly to the Fire Commissioner. The Fire Commissioner was stupid when he presented such an argument as that. Now all I want to do is find out today what we are going to get for \$200,000. We can put it over for a week. I think I can bring back to the members of the Body a favorable report. If we are going to spend \$200,000 for a boat we can use in the city for fire protection then let us spend \$400,000. It was like the boat we got for Long Island. They brought it to Atlantic avenue. It went aground. It is necessary to have a little foresight, to look out and see what we are going to buy. They are anxious to buy the boats. We should wait a week to find out what we are going to buy, where and what kind of boat we are going to buy.

President KELLY—The question comes on reconsideration.

Coun. LINEHAN—Mr. President, did you say this order called for an appropriation? I would like to ask the City Clerk through you, sir.

President KELLY—The Chair will read the first three lines, "The sum of \$200,000 be and the same hereby is appropriated from the special account, sales of city property."

Coun. LINEHAN—Mr. President, I would like to ask the clerk through you how he would construe section 2 of Rule 25 of our Rules governing the City Council.

President KELLY—That rule is in effect. It is the policy of the chairman when the Mayor seeks immediate action to refer the matter to the Executive Committee unless there is objection. There was no objection.

Coun. LINEHAN—Was that request made to the members of the Council?

President KELLY—I referred it to the Executive Committee and nobody objected at that time.

Coun. LINEHAN—I am wondering if you requested any objection.

President KELLY—The order was read and I said, "Referred to the Executive Committee." I cannot recall any objection.

Coun. LINEHAN—Mr. President, I remember I was President of the City Council for a few months. I always tried to live up to the rules of the City Council. I think I did. Just because his Honor the Mayor sends up an order saying that he needs this money in a hurry, and that is what is happening, that does not necessarily mean it is a hurry up order. Let us take this order for example. This is not like Veterans' Housing. It is a request for \$200,000 for additional fireboats. I have not seen any dire necessity for additional fireboats at the present time. The Commissioner in charge of the Fire Department said he would like one of the boats anyhow. To my way of thinking it sounds as though he would be glad to get one which would eventually cost \$100,000, including the conversion cost of making the boat into a fireboat. It seems to me we are batting our heads against the wall getting nowhere trying to save a dollar for the taxpayer. Probably we should get out of this Honorable Body and let everybody go to town and spend as much of the city's money as possible without question. This does not only go for this \$200,000 order but for the \$5,000,000 off-street parking, which I am going to vote for like a fool. I think that is the way I will feel about it three years from now. It seems to me it is about time some of the City Councilors got up here and at least asked for information and see to it that they get it. If they get the information and they vote one hundred per cent for Curley all the time, that is all well and good. It seems to me they had ought to go along with the rest of the members of the Council vitally interested in every matter pertaining to the appropriations of money.

(The lights in the Chamber were temporarily extinguished.)

That blackout reminds me of the way all the orders come to the Council from his Honor the Mayor. We have certainly been blacked out on almost every one he sends up. Now, Mr. President, one of the so-called minority members of the Council, the gentleman from Back Bay, says he is proud to be with me. I am glad somebody is

proud. I certainly am not very proud of the many things going on in the City Council in recent months as to how appropriations are being voted through in the City Council without much questioning. I do not think it is anything for the members of the City Council to be proud of. I think all of the councilors even though they are for these items that come in from his Honor the Mayor, even though they think sincerely they are good ones, I still think those councilors that request more information, particularly when the order has not been referred to the proper committees for study, I think that the brother councilors should give them at least a little consideration and permit it to go to some committee so they might get some information. I have been in the Navy. Frankly, I cannot say that I believe any of these minesweepers are capable of being made into fireboats. I was a security officer. My work embraced fire control, control of fires on ships at naval and air stations and other things. I do not know much about these minesweepers. I was in the Navy and served on some ships. If I do not know much about it, I do not know about the rest of the councilors who did not have the opportunity or the misfortune of serving in the Navy. I say misfortune because since I have seen the veterans come back, I do not see any State, City or Federal office holders fighting very hard to give the veterans anything; that goes for past and present campaigners. Now it is about time, regardless of the veterans, that somebody did something up here about protecting the taxpayers' money. I, as one member of the Council, can say there is not a lot of protection going on this year. I have been in the Council and this is my fifth year. I should say it is probably my third year. I was missing for a while. I have never seen money thrown away like it is thrown away by this present City Council. I do not think if the taxpayers get a chance to vote for a change in government we would get it. We would get Plan E. If this keeps up, I will vote for it. I do not mind admitting it as a member of the Council even if it means never being in office again. It is time all the well-meaning members of the City Council, and I think they can all be well-meaning, secure information from department heads. Our job is to get information. It is the job of the Mayor and department heads when looking for money to come to us for it and explain to us why they should have the money. They come up and say to us, "We had three boats. We have two now. If we get these three we will have five." That is a poor argument. We never had more than three and now we want five. I have given the gentleman from Ward 14 on more than one occasion an opportunity to demand information in the past. Now he says we are stupid if we look for information. I think those were his words.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—To correct a statement. Will the stenographer read it back?

Coun. LINEHAN—Mr. President, a point of personal privilege.

Coun. MUCHNICK—Will the stenographer read it back and correct the statement?

Coun. LINEHAN—Do you want me to yield? I will yield for that purpose.

Coun. MUCHNICK—I think if the stenographer were to read the record it would correct it.

President KELLY—We want to live up to the rules of the Council. You have eight and a half minutes.

Coun. LINEHAN—If he says there were words to that effect, I will take his word for it.

President KELLY—Continue.

Coun. LINEHAN—Mr. President, it seems to me, if nothing else, those of us who want to talk until the cows come home should be permitted to do so without employing dilatory tactics like some of the smart lawyers employ here. I am a lawyer and I have not employed dilatory tactics. I have fought in every instance for something I thought right. Because I might have thought something was right, someone else thought it was wrong. I do not say a man should not have more information. I think he always should have more information. It is about time all the councilors pay respect to other councilors and give them a right to some information. In this order, what information have you got? We have three boats. If we get two more, we will have five. That is what it amounts to. The Fire Commissioner admits one boat would put us in as good shape as we ever were. As far as protecting the waterfront is concerned, I have not heard of any big demand to get more boats to protect the harbor. I have not heard that from the Port Authority. I guess they would be interested in getting more boats to protect property along the waterfront. I have not heard anything like that. If I did, I would quickly go along with the order. All I have is the Commissioner of the Fire Department coming up and saying he wants it. So far we have given it to him. I have voted a lot of money so far for his Honor the Mayor to spend. Some of these things go against the grain.

President KELLY—Councilor, I have been patient. You have talked eleven minutes and a quarter. You have gone one minute and a quarter over. I want to be fair but I want to live up to the law.

Coun. LINEHAN—I do not want anything extra. I will sit down.

President KELLY—I have been patient. I want to live up to the rules.

Coun. LINEHAN—See that you live up to them all the time.

President KELLY—I will.

Coun. BAYLEY—Mr. President, are we speaking on reconsideration or passage of the order?

President KELLY—Reconsideration of the vote taken to refer this matter to the Committee on Finance.

Coun. BAYLEY—Mr. President, I ask that the members consider the rules we passed back on February 4 of this year which the brilliant councilor from Ward 7 (Councilor Linehan) so well brought out. We make those rules so that we do not act hastily on important matters like this which is before us. I have little to add to what he has said except that we have asked now for three more boats. It was scarcely three months ago we were asked for a boat which is still four months away from commission. One of the reasons advanced as to why we should get these fireboats is that back about a month ago there was a fire involving some Navy or surplus property. They were not able to put it out. We had to go with our fireboats and help them put it out. Well, Mr. President, I feel very strongly that the federal government has a great deal of money. They should have the ability to put out their own fires. It is not our job to go running with our fireboats to protect their ships in the harbor, in my estimation. If that is the only reason for the fireboats, I am against them. I also asked if there was extra danger of inflammable material along the waterfront which would require three more fireboats than we have ever had before or if any marine insurance company were able to show a great increase of rates. In that matter I did not receive any such information. Just because a loan order is sent up here, we should not pass it the same day. We have the rule to protect us against hasty action. It is high time that we considered it and the taxpayers' position. As the councilor from Ward 7 (Councilor Linehan) said, Plan E will be on the ballot. If you want that to happen, keep on acting this way and pass orders without getting some information. I have the greatest admiration for the Fire Commissioner. I think he is the greatest we have had. But we have not had sufficient information. Let us have some regard for those who pay the bills before the city gets in a worse financial state. I hope reconsideration prevails.

Coun. CHASE—Mr. President, I am going to be brief. I am in full accord with the gentleman from Ward 5 (Councilor Bayley) and what he has said pertaining to the fireboats or the proposed purchasing of additional fireboats. I might go even further. I think if the gentleman from Ward 5 was just a little more alert on the expenditure of the five million dollars, maybe the taxpayers would benefit too.

President KELLY—The motion is on reconsideration.

Coun. MADDEN—Mr. President, I heartily concur with the able words, the splendid words, of the councilor from Ward 4 (Councilor Chase). I hope also that the councilor from Ward 5 (Councilor Bayley) will remember when other orders come up such as the five million dollars, that they too should be referred to the Committee on Finance. It seems strange to me that with all the thousands of naval craft in the harbor that the City of Boston has to protect Navy property. It does not make sense to me. As Councilor Linehan so ably said, I cannot understand why the Mayor is in such a hurry for all this stuff. It has to be pushed through now. Every time I go down to the Mayor I have said, "I have a fellow working in one of your departments, working thirty-three years, getting \$32." He says, "It is too bad. I will see you next week about taking care of it." Every time I get a big handshake. It is the greatest one-man show I have ever seen in my life. I think it is about time that the people of Boston sort of took stock of what they have around here and say, "Listen, Mr. Mayor, I have a flock of people coming to me with these tax things. What is going on? Every week you get a new order to speed through and when we ask for a playground we cannot get anything." I have no antipathy toward the Mayor.

Coun. CAREY—Mr. President, I did not attend the Executive Committee meeting today but I would like to say some months ago I talked with a career man in the Fire Department who, during the war, was in the Coast Guard. He had considerable to do with surveying the conditions existing along the waterfront from the fire hazard standpoint. He told me, if we were unfortunate enough here in Boston to have a fire of serious proportions start, God only knew what would happen before it was extinguished. If I recall distinctly, he told me also during the war on more than one occasion the Coast Guard boats were asked to come to the assistance of the City of Boston fireboats in quelling fires along the waterfront. I am loathe to believe the Fire Commissioner would appear before the Council today and tell the members of the Body that these minesweepers, so called, could be so fitted as to make it possible for them to be used as fireboats in the harbor. Perhaps a week's delay would not be of too serious consequence. I daresay, however, even with a week's delay, the Committee on Finance, if the matter were referred there, would report back that the order ought to pass and that these boats could be purchased. Furthermore it seems to me, if it is possible for the city to buy a \$25,000 boat that is purported to be worth \$450,000, the city should take advantage of the opportunity.

The question came on reconsideration. The Chair was in doubt and asked for a standing vote.

Reconsideration was defeated, yeas 11, nays 7. Councilor Bayley requested a roll call vote and, a sufficient number of councilors having joined him, the clerk called the roll.

Coun. SULLIVAN—Mr. President, a point of information. I am wondering if the clerk needs any assistance in tabulating the vote.

President KELLY—The point is well taken.

The clerk called the roll and the motion for reconsideration was defeated, yeas 7, nays 10:

Yeas—Councilors Bayley, Chase, Linehan, Madden, Russo, Scannell, Sullivan.

Nays—Councilors Bryan, Cantwell, Carey, Fish, Hannon, Hurley, Kelly, Lane, McCormack, Muchnick.

Present—Councilors Cook, Keenan.

The question came on the passage of the order.

Coun. SCANNELL—Mr. President, if it is in order, I move that this be laid on the table for one week.

President KELLY—The motion is in order.

The motion came to lay on the table for one week. It was not a vote. Councilor Scannell doubted the vote and, a sufficient number of councilors having joined him, the clerk called the roll. The motion to lay on the table for one week was lost, yeas 7, nays 10:

Yeas—Councilors Bayley, Chase, Linehan, Madden, Russo, Scannell, Sullivan.

Nays—Councilors Bryan, Cantwell, Carey, Fish, Hannon, Hurley, Kelly, Lane, McCormack, Muchnick.

Present—Councilors Cook, Keenan.

The question came on the passage of the order. Coun. RUSSO—Mr. President, I now move we send this to the Committee on Finance. I believe that is the proper committee it should be sent to.

Coun. MUCHNICK—Mr. President, a point of order.

Coun. COOK—Mr. President, a point of order. President KELLY—That motion is in order. A motion is now made to refer the matter to the Committee on Finance.

Coun. MUCHNICK—Mr. President, a point of order. Do I understand, once reconsideration of a motion has been had and lost, a new motion for the same purpose is again in order?

President KELLY—If there have been intervening motions, the motion is in order.

Coun. RUSSO—In making the motion to refer to the Committee on Appropriations, I believe we have rules that we adopted at the beginning of the year. I feel that this is an order asking for an appropriation and it should have been referred to the proper committee in the beginning. However, it might be an oversight on my part or on the part of some of the councilors, but there was no objection raised at the time the President referred it to the Executive Committee. Where there are many councilors who would like to get more information, I do not feel we ought to vote in haste upon this, especially having in mind, Mr. President, that the Fire Commissioner, as I recall, made the statement he would be satisfied if we gave him at least one boat of the larger size, the mate of the first boat which the Council approved some time ago. Mr. President, I ask for order here.

President KELLY—The Council will be in order.

Coun. RUSSO—I feel that the councilor here on my left at the present time, councilor from Ward 14 (Councilor Muchnick), seems to resent anybody's interrupting him but still he will freely interrupt anybody and I for one resent it.

Coun. MUCHNICK—Mr. President, I have always been taught that if I cannot hold my audience I should not complain about it.

Coun. LINEHAN—Mr. President, a point of order. I suggest the President request the gentleman from Ward 14 to get in his regular seat.

President KELLY—The suggestion is well taken. Councilor, will you kindly sit in your own chair.

Coun. COOK—Mr. President, a point of order. It is my impression under our rules, Rule 19 and Rule 20, that when a vote is taken on a motion and then it is reconsidered, you cannot bring up that same subject matter at that same meeting.

President KELLY—The point of order is well taken. The Chair was wrong in its ruling. The motion to refer back to the Committee on Finance again is out of order.

Coun. RUSSO—Mr. President, a point of order. Coun. LINEHAN—Mr. President.

President KELLY—Councilor Russo, state your point of order.

Coun. RUSSO—I believe my motion is to refer to the Appropriations Committee and not to the same committee.

President KELLY—Your motion is to refer to the Finance Committee and the Chair ruled you were in order. The Chair admits his mistake. If you want to make a motion to refer to the Committee on Appropriations you are in order.

Coun. RUSSO—Mr. President, that is why I called your attention to the need for having a little more seriousness when any one of us speaks. I believe that you can go back to the stenographic report and you will find that I made the motion, after the motion was defeated on reconsideration, to refer to the Finance Committee. I made a motion to refer this matter to the Appropriations Committee.

President KELLY—To clear the matter up, will the stenographer kindly go back and read to the councilor what the motion was?

The stenographer read back: "Coun. RUSSO—Mr. President, I now move that we send this to the Committee on Finance."

President KELLY—This motion is out of order. If you want to make a motion to refer the matter to the Committee on Appropriations, you may.

Coun. SULLIVAN—Mr. President, a point of order. This originally started on my asking for reconsideration of the report of the Executive Committee and not in referring this to the Committee on Finance.

President KELLY—That is right.

Coun. SULLIVAN—There was no motion made on the floor here until Councilor Russo made it in reference to the Finance Committee before this Body. Reconsideration was of the vote taken on the report of the Executive Committee.

President KELLY—There was a vote taken, councilor, in referring this matter to the Committee on Finance. Councilor Russo, do you want to make a motion to refer to the Committee on Appropriations?

Coun. RUSSO—Yes, Mr. President.

President KELLY—You are in order.

The motion came on referring the matter to the Committee on Appropriations.

Coun. RUSSO—Mr. President, if I have moved to refer it back to the Finance Committee, it was not my intent. I believe in my opening remarks I stated the proper committee, the Appropriations Committee, and that was the proper committee this should have been referred to. I even made reference to the fact that it might be an oversight on my part or an oversight on the part of some of the councilors in not objecting when the President referred it to the Executive Committee. I had in mind sending it to the Appropriations Committee, which I feel is the appropriate committee this order should go into. I feel, Mr. President, that in view of the fact that the Commissioner has made the statement in Executive he would be willing to accept only one boat instead of three, having that in mind, Mr. President, I believe that the Fire Commissioner himself at the present time does not know whether he should have one or should have three. Therefore I move that this matter be referred to the Committee on Appropriations.

President KELLY—The question is on referring this matter to the Committee on Appropriations.

The question came on referring the matter to the Committee on Appropriations. It was not a vote. Councilor Russo doubted the vote and asked for a roll call. A sufficient number of councilors having joined him, the clerk called the roll. The motion to refer to the Committee on Appropriations was lost, yeas 7, nays 11:

Yeas—Councilors Bayley, Linehan, Madden, Russo, Scannell, Sullivan, Chase.

Nays—Councilors Bryan, Cantwell, Carey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Lane, Muchnick.

The question came on passage of the order.

Coun. MUCHNICK—Mr. President.

Coun. BAYLEY—Mr. President.

Coun. MUCHNICK—Mr. President, I move the previous question.

President KELLY—Councilor Muchnick moves the present question and there is no debate.

Coun. BAYLEY—Mr. President.

President KELLY—There is no debate, and the question is on the passage of the order.

Coun. HANNON—The question, Mr. President, is on the adoption of the previous question.

Coun. MUCHNICK—Mr. President, I withdraw the motion.

Coun. LINEHAN—Mr. President, a point of order.

President KELLY—Councilor Muchnick withdraws his motion.

Coun. SULLIVAN—Mr. President, I object. He is withdrawing it because of a threat from the man on my left, and the gentleman ought to resign from this Body right now.

President KELLY—The Council will be in order. The councilor is withdrawing his motion.

Coun. LINEHAN—Mr. President, how can he withdraw it if one of us objects?

President KELLY—Just a moment.

Coun. LINEHAN—Mr. President, a point of order.

President KELLY—Are you objecting to Councilor Muchnick's withdrawing his motion?

Coun. LINEHAN—Mr. President, I object.

Coun. SULLIVAN—I object.

Coun. LINEHAN—Mr. President, a point of order.

President KELLY—The Council will be in order.

Coun. LINEHAN—Mr. President, the motion cannot even be considered. He is not in his right seat.

President KELLY—The Council will be in order. Coun. LINEHAN—I am in order. You are out of order.

President KELLY—The Council will be in order. Coun. LINEHAN—He is still in the thirteenth seat.

President KELLY—I will ask you to respect the President of the Council.

Coun. LINEHAN—I respect him.

President KELLY—The Chair will state the motion was not put by the Chair and therefore can be withdrawn. The question now is on the passage of the order.

Coun. BAYLEY—Mr. President. In view of the fact the Fire Commissioner said one boat was all right now and the other two boats could not be secured until November, I move the order be cut from \$200,000 to \$100,000.

The question came on the motion to cut the appropriation from \$200,000 to \$100,000, and the motion was defeated.

Councilor Bayley doubted the vote and asked for a roll call. A sufficient number of councilors having joined him, the clerk called the roll, and the motion was lost, yeas 6, nays 11:

Yeas—Councilors Bayley, Chase, Linehan, Madden, Russo, Scannell.

Nays—Councilors Bryan, Cantwell, Carey, Fish, Hannon, Hurley, Keenan, Kelly, Lane, McCormack, Muchnick.

Present—Councilors Cook, Sullivan.

The question came on the passage of the order.

Coun. RUSSO—Mr. President, may I bring to the attention of the Council that some time ago the Fire Commissioner and his Honor the Mayor submitted to this Body an order for \$100,000, in order to acquire a boat from the federal government to be turned over as a fireboat. At that time it was stated it was sufficient. Never once was any statement made that we needed three additional fireboats. I am wondering why it is that the Council is in so much haste to pass this order at the present time without referring it to the proper committee to find out what brought up the need for three extra fireboats and the spending of \$200,000.

Coun. MUCHNICK—Mr. President, a point of order. It seems to me that it is unfair to the rest of the Council to have one or two councilors repeating the same statements and arguments on several different motions which appears to me to be only for the purpose of delaying final action. I think it is incumbent upon you as President to rule people who do that out of order.

Coun. RUSSO—Mr. President.

President KELLY—Kindly confine your remarks as closely as you can.

Coun. RUSSO—I think I am.

Coun. LINEHAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. LINEHAN—A point of parliamentary inquiry. How long is it since a gentleman can be ruled out of order because he might repeat what another councilor has already said?

President KELLY—I have not ruled him out of order.

Coun. RUSSO—Did you rule on that?

President KELLY—I told the councilor to confine his remarks as closely as he could. I did not rule him out of order.

Coun. RUSSO—Mr. President, we had the opportunity of having the Fire Commissioner here today. If the Chairman of the Executive Committee can recall, I asked him if I could ask the Fire Commissioner certain questions not pertaining to the fireboats and he said that I could not. I refrained from asking those questions. But I would like to find out now. We gave the Fire Commissioner \$100,000 or more some time ago to improve the fire-fighting apparatus that we have in the City of Boston. It is disgraceful when four individuals lose their lives on account of not having the proper fire equipment. Here we are with no information given us. From his own lips the Fire Commissioner said only one boat is needed, perhaps, in addition to the one which is not finished at the present time, and for which we gave \$100,000 some time ago. Still the Council wants to give \$200,000. I do not know and perhaps a few more do not know if we really need three boats or one additional boat, which may be sufficient. I even asked the Fire Commissioner if the fire-fighting forces on our boats were sufficient, if the Navy Department and the Coast Guard Department had sufficient fireboats to protect their own interests. He said that naturally the Navy and Coast Guard had aggravated the condition—that this condition warrants these other three. I asked him if he ever asked the Navy Department or Coast Guard Department if the apparatus was sufficient and he said, "No." Let us be fair. This is too much haste. We have to pass it today. If it were a boat already in operation, ready and fit to be put in service, then I would say, well perhaps we might need it, we do not know. But this is something that may take another year before it will be accomplished. Therefore, what does one or two weeks mean in so far as these boats are concerned? Mr. President, I hope we give this matter careful attention. I do not feel the Council ought to pass it at the present time.

President KELLY—The question is on the passage of the order.

Coun. BAYLEY—Mr. President, this is an important matter. We have another important matter before us. We have been in session for more than nine hours. Our tempers are a little bit frayed. It is hard for us to carry on the work of the City of Boston in as cool, calm and deliberate a manner as we often do. In view of the fact that this is so and that we are not continuing to debate in our usual flawless manner, I move we do now adjourn.

President KELLY—Councilor Bayley moves we do now adjourn. There is no debate.

The question came on a motion to adjourn. It was not carried. Councilor Bayley doubted the vote and asked for a roll call. A sufficient number of councilors having joined him, the roll was called and the motion to adjourn was lost, yeas 5, nays 11:

Yeas—Councilors Bayley, Chase, Linehan, Madden, Russo.

Nays—Councilors Bryan, Cantwell, Cook, Fish, Hannon, Hurley, Keenan, Kelly, McCormack, Muchnick, Scannell.

The question came on the passage of the order.

Coun. HURLEY—Mr. President, I now make a motion we recess for one hour to get coffee.

President KELLY—The question is on the passage of the order. The motion is out of order.

Coun. CAREY—Mr. President, a point of information. Why is that out of order?

President KELLY—A motion to adjourn was just acted on.

Coun. BAYLEY—This is a motion to recess. President KELLY—It is out of order.

Coun. BAYLEY—Why? It is not the same motion. It is a motion to recess.

Coun. FISH—Mr. President, I move we proceed.

Coun. BAYLEY—Do you rule it is out of order?

President KELLY—The Chair rules the motion is out of order.

Coun. BAYLEY—I doubt the ruling of the Chair.

President KELLY—Councillor Bayley appeals the ruling of the Chair. The Chair will state the motion coming immediately after a motion to adjourn is out of order.

Coun. BAYLEY—I doubt the ruling.

President KELLY—Councillor Bayley appeals the ruling of the Chair.

Coun. CHASE—Mr. President, a point of parliamentary inquiry.

President KELLY—No points are in order. Do you seek an appeal?

Coun. CHASE—All right.

Coun. BAYLEY—I do not.

The question came on the passage of the order, and the clerk called the roll. The order passed, yeas 10, nays 6:

Yeas—Councillors Bryan, Cantwell, Carey, Fish, Hannon, Hurley, Kelly, Lane, McCormack, Muchnick.

Nays—Councillors Bayley, Chase, Linehan, Madden, Russo, Scannell.

Present—Councillors Cook, Moriarty, Sullivan.

RECESS.

Coun. KEENAN—Mr. President, is it in order now to take a short recess?

President KELLY—Councillor, we are going on with the reports of the Executive Committee. Do you press your motion?

Coun. KEENAN—Yes.

President KELLY—How long a recess?

Coun. KEENAN—To half-past twelve.

Coun. LINEHAN—Mr. President, I wonder if we can get some of our orders in.

President KELLY—You said a short recess?

Coun. KEENAN—I have been here all afternoon.

President KELLY—Everybody else has been, too.

Coun. KEENAN—It is now quarter-past eleven. I make a motion that we recess to half-past twelve.

Coun. MADDEN—Mr. President, until nine o'clock tomorrow morning.

President KELLY—We are voting on a motion. The question came on recessing from 11.15 p.m. to 12.30 a.m. The Chair was in doubt and asked for a standing vote.

Coun. MUCHNICK—Mr. President, before the vote is announced, a point of order.

President KELLY—State your point of order.

Coun. MUCHNICK—It seems to me that certain members were voting who were not in their seats and their votes should not be counted.

President KELLY—It is too late to call the Chair's attention to it.

Coun. HANNON—It is a standing vote and not a sitting vote.

The motion to recess until 12.30 a.m. carried, yeas 13, nays 7.

The members reassembled and were called to order by President Kelly at 12.30 a.m.

6. Report on message of Mayor and order (referred August 19) for loan of \$5,000,000 to be expended under direction of Board of Real Estate Commissioners for public off-street parking facilities—recommending that same ought to pass.

Coun. MADDEN—Mr. President, perhaps I owe my brother councillors an apology if in any way I have been keeping them up late. I have no antipathy, no opposition to parking as such. God knows we need it, but the thing that has kept burning me up for a long while as I said before is the fact that great newspapers like the *Boston Traveler* have as a headline in their platform, "We Favor Veterans' Housing." Gentlemen, you would not have any business or city or anything if it were not for the veterans. I think it is high time that the newspapers, the members of the Boston City Council, the Legislature and Congress took some concerted action to help alleviate the housing shortage. My second objection to the proposed off-street parking is the fact that in my district, like other districts, I have been utterly unable to get many improvements. During the recess I have been informed by the Park Commissioner that the good people in Brighton will after nine months finally get some action on the Oak Square Park. I have also been informed that the kids in Brighton after some seven or eight months will get some use out of the other park. So, gentlemen, I have no objection to off-street parking, and I hereby signify my intention to vote for the order.

Coun. HANNON—Mr. President, I do not want to carry on this debate any further but I think that many statements in the newspapers and

many statements made here by fellow members of the Council have been interpreted to mean that this or that particular member is opposed to off-street parking. I do not think there is any such consideration as that. I believe each one of the twenty-two members here is in favor of off-street parking. The question is, as far as I am concerned, whether we, as members of the city government, are entitled to certain information. Regardless of what methods must be used to obtain that information I still feel that each one of us has a solemn obligation to the people who sent us here to know when and where and why this money is being spent. Nobody here wants to be regarded as a retarder and obstructionist. Yet I, having served in the Legislature, know full well that this bill would not have come down here in its present form unless great pains were taken to meticulously eradicate the City Council from anything in connection with the spending of this money. I am perfectly willing to admit that off-street parking is one of the main problems we face. But I agree with the councillor from Ward 22 (Councillor Madden) that the main problem before every man in public life nowadays is to provide proper and suitable housing, primarily for veterans, yes, but not merely for veterans but every law-abiding citizen of this country. I am no different from any other councillor. Night after night we have people coming to us who are the parents of two, three or four—yes, I have had parents of eight to eleven—children. They are being evicted. They have no homes to go to. It is all right for these statisticians, these bankers and so-called philanthropists to come in here and tell us that this is the main problem we face. They are only kidding us and we are kidding ourselves. So far as I am concerned, I firmly, honestly, and sincerely believe that the bankers of this city have got a lot of property that they want to dump on the city and this is the means of doing it. Yet if two or three of us get up here and oppose this or reject it, we are regarded as obstructionists on the road to prosperity and the return to normalcy. No member of the Council wants to be so regarded. I know I do not. And yet, like two or three others who were previous speakers, I voted for this with my tongue in my cheek and with reservations. Two weeks ago we asked for information on this matter. The information so far as I am concerned has not as yet been forthcoming. The only information you get is through the newspapers. They tell you how essential it is. I remember a month or six weeks ago one of the newspapers in particular was telling us how essential it was that we construct a garage under the Common. Suddenly they lost sight of it. It is sidetracked. It is done away with. It is forgotten. A few months before that they were telling us the major problem was housing. I think it still is. Yet most of the newspapers of the city seem to have adopted the idea that housing can be forgotten and we should immediately try to take the automobiles off the street. I was very much interested in the pamphlet sent to us by the committee and the Boston Chamber of Commerce, who seem very much interested in this particular proposal. They have not been interested in many other problems, not interested at least to the point that they have come here and expressed to you and to me their reasons for being particularly interested in this particular matter. The two hearings we had here have been loaded with people who probably never before set foot in the City Hall, people who pay their taxes year in and year out but pay them through the old checkbook. They do not pay them by the old dollar bill your mother and my mother had to use in order to pay taxes. Those people have come in here and tried to sell you and me the idea that this off-street parking is a gold mine. Well, I think it is like some of the gold mines that some poor old people bought years ago. If there was any money in this thing, if the money was as sure as they say, you can bet your bottom dollar that the banks and the businessmen would be behind it. They would not be asking the city to get behind it. Yet we are faced with this dilemma. If we vote against it the newspapers will holler that so-and-so is an obstructionist, so-and-so is opposed to everything. Anybody in the Council would be well-nigh foolish to make a martyr out of himself merely because he likes to adhere to principles. I like to adhere to mine. But there comes a day when you almost feel that you have to adopt the philosophy and the thinking of those who according to the newspapers are far superior to you in the particular field in which they ask you or me to make certain recommendations. Of course most of us have to vote for this matter. But I am voting for it with the hope and with the thought that at least they will be courteous enough to show us what is going to be done with the money. I adopt the thought of the gentleman from Ward 7 (Councillor Linehan). Let us give them one million dollars or two million dollars and start this thing and see what they are going to do with it. We have appropriated money in the past and read many articles in the papers about the highway going around Boston. What happened to that? I guess the ocean opened up and swallowed it. Now there is another newspaper that threatens us with a statement by some man with whom I had the pleasure of serving in the Legislature, to the effect that if we do not vote for this we are getting nothing next year. I know that man personally.

Knowing him very well I know he would make no such threat, no such statement. But they seem determined to get this thing. Of course, if they are ready to convince the people it is proper, I am ready to vote for it. Still I say they are only kidding us, trying to tell you and me that the city is going to make money on these things. If the city is going to make money on it, why do not the banks do it themselves or the big stores do it themselves? They want the old city to do it. They are so public-spirited they want the city to make the money. What a change of heart most of those great leaders have had. How long since they were interested in depriving themselves of gain and awarding to the city the opportunity to make money? They are really kidding us. Yet there is no sense in going further. They are powerful enough to kill you or kill me because they can misinterpret every statement you make here. They can malign you and belittle you. They can even misinterpret any side remark that might be made and they blaze on the headlines of every newspaper that this is the main problem facing the people of the City of Boston. They know underneath that it is not. The main problem still is to raise honest, law-abiding, fearful citizens who will observe the laws of this Commonwealth. You cannot do that unless you provide homes and proper housing for them. However, it is silly for one or two or three of us to try and kick against an insurmountable power. They have the drop on us. They will convince the people we are wrong and they are right. But I am going to vote for it with the hope and the understanding that before two weeks from now, when this comes before us again for final approval, we will have the Traffic Commissioner himself here. Let us have the Finance Commission over here. Let us have somebody with some plans, some ideas. People in your district and mine want to know if these parking spaces and these garages are going to be set up out there. The chairman of the Real Estate Board said today he believes in having them outside the city limits. If they are outside, what good are they? There are lots of parking spaces there now which are not used. Somebody else said the other day at the hearing all of these should be concentrated within one mile of the center of the business district of Boston. And yet there is not space enough there, and there is no space available for any such concentration of parking spaces. I will vote for this to give it a start, but two weeks from now I hope we will have another meeting and bring these so-called experts in here and let them tell, not the rich business man and not the rich man who owns the big stores and the big apartment blocks, but the poor fellow who has to pay his taxes everywhere, the poor man who owns a one-family house or a two-family house or a three-family house. Those are the people who pay the taxes. If these banks dump or foist upon the city five million dollars' worth of property now, it becomes a parking space and is not taxable. Ten or twenty years from now, when those parking spaces are useless, the city is going to own five million dollars of nontaxable property right in the middle of Boston. There are going to be no taxes from the property. There will be more taxes from the poor people in Ward 13 and every other ward of the city who are going to pay taxes commensurate with the diminution of the taxable property we formerly had in the City of Boston. I will give it a vote, but I have my fingers crossed. I hope between now and two weeks from now to get some further enlightening information.

President KELLY—The question comes on the passage of the order.

Coun. CAREY—Mr. President, on a matter such as this it is well that we can have the opportunity of hearing the words of some of those who appear before the Council opposing this off-street parking plan. To me it is a step in the right direction to give this matter a first reading in the hope that some concrete plan or some information of some kind might be given to the Council before final action is taken on it. As I said here earlier tonight, I am one of the twenty-two men here that was fearful of the consequence if something is not done to liberate this city from the congestion particularly in the downtown section. But not a single soul appeared before the Council at any time, either in the Executive Session a few weeks ago or at the public hearing a few days ago, and brought with him any suggestions or any plans that might give you or me any means of finding out whether they expect or intend to take a step in the right direction in this particular matter. It is all well and good for those who are in favor of it, as each one of us is, to tell us and to press us to do everything possible to demand that we vote for this. But until we have something concrete, until we have a plan here disclosing to us where this is to be built, the type of construction of the parking places, how much money will be required, we should proceed slowly. From what I can find out not a solitary soul has any idea whether it will be five million dollars or fifty million dollars for land-takings alone. They have no conception of what the cost is going to be to construct those places. They have no conception of what the cost is going to be to maintain them. The taxpayers of the city through the City Council are going to lend the money. It is all right to say it is going to be amortized over a period of years. All right.

Are there going to be personal injuries as a result of operating the parking places? We do not know. We have been in the midst of prosperity for the last seven or eight years. We cannot forget that for a great many years we were in the midst of the worst depression this nation ever knew. That depression might well return. God forbid that it will. If times get poor, this thing will not go over the way they expect it. We will not have this traffic congestion. Who is going to pay the bills? What is going to be done about paying the bills? Are some of the rich men who have been here hounding the Council and forcing us through the press to vote for it, are they going to contribute toward any deficit as a result of these parking places? It is altogether too much to expect the Council to come in here and approve a loan of five million dollars without giving them some plan, and without knowing whether five million dollars will be necessary or fifty million dollars. I am willing to vote for one hundred million dollars or fifty million dollars or whatever sum is required if someone would come to me and give me a concrete plan of where the places are going to be, how many cars will be provided for actually, what is going to be done to widen the approaches to the parking places which will be necessary as time goes on. Nobody is giving us this information. Yet the struggling taxpayers of my district and every section of the city are going to have to pay the bills if the plan fails. It has been said here time has been given up to bring this matter before the Council, to acquaint the Council with the necessity for it. Nobody had to come here, and no newspaper had to print information on the parking situation. It is visible to the eye every day of the week and has been for years. But the question is whether or not this is going to solve the problem. I am one of those who wants to see this thing put into effect. I want to see the taxpayers' money well spent. I am 100 per cent in favor of doing something to relieve this congestion. I intend to give a vote for a first reading, but, unless some plan is brought in here or some further information is given the Council in the next two weeks, I think the pressure ought to be taken off the Council. There is no need for it or for the haste that has been employed in trying to get us to vote for this matter. The problem has been existing for years. Something has to be done and done speedily, of course, but a month or so will not make any difference. Those arguing in favor of this plan in here have had ample opportunity to set up something definite in the way of informing the Council where these places are going to be, what the cost is going to be to acquire them, and what the cost is going to be to construct them. We have heard all this hullabaloo about the necessity for doing something about the parking problem. We know the problem exists. But among all those in here using pressure on us nobody has evidenced any qualification to come before us and tell us how this thing should be done properly. We know there is a need for parking. There is also a greater need to do the thing right, especially in view of the fact that at least five million dollars is going to be required to start these projects.

COUN. CHASE—Mr. President, I have received letters from many prominent citizens of Boston during the past several weeks urging me to vote favorably on this five million dollar loan order. I have talked with many prominent citizens on the telephone urging me to vote for this loan order. But, sir, not one of them has been able to overcome my argument that there are insufficient safeguards and checks provided in the expenditure of this money. Mr. President, five million dollars is a lot of money. The taxpayers will be called upon to meet this bill. As a member of the Boston City Council I, like all of us, hold a very responsible position, so much so that we are being called upon today to vote five million dollars of the taxpayers' money for land-takings, we do not know where located, for land-takings that will be made in some section of Boston. Whether or not these land-takings will be paid for with the taxpayers' money, at exorbitant prices, we have no idea. There has been no mention of the approximate prices or the kinds of sites that will be selected for these parking lots. Now, sir, until the Council votes this five million dollars these people will not go ahead with the parking plan. I personally recognize the bad traffic problem we have here in Boston. I am willing to go along on any reasonable proposition to take care of it and to obviate these traffic conditions in Boston. I recognize that the city must take some sort of action to relieve that situation. But, sir, I do not believe that under the present plans we can call that reasonable action. I do not believe any board of directors in any one of these prominent corporations such as the John Hancock Insurance Company or any corporation would vote blindly on a matter like this. We are responsible for the people's money and not the directors of the First National Bank or the National Shawmut Bank or the big tax abatement lawyers who have written letters to me, men who have been prominent in other land-takings, men who are noted throughout the city for making profits on land-takings. These land-takings, sir, are paid for by the taxpayers' money. I am willing to go to bat any day of the week before my constituency and explain to them why I voted against this five million dollar loan order. It is simply because I am being called upon to vote in the dark. Can anyone here say where these land sites are located? Are they

going to be taken from the Fort Hill Square area or the Blue Hill Avenue section or the Back Bay or the West End or the North End? No one seems to know. The advocates of this plan call upon us members of the City Council and say:

"We want five million dollars. We cannot tell you where the sites are." Then I ask them if they would object if the Council gave them one million dollars piecemeal and, after the first million dollars was spent and spent properly, we would grant them another million and so on until the entire five million dollars was granted. They said, "No, we do not want anything like that." If everything is going to be conducted properly, if the first million dollars is going to be spent properly and naturally, we would then give them another million dollars and so on until the five million dollars was spent. Why is it that they do not want any part of that arrangement? We have had many land-takings in the past. Mr. President, I think I have said the sum and substance of what is going through my mind. Frankly, I reiterate I do not think we have sufficient checks on this proposition to assure us that this money will be spent properly. Because of that, sir, I do not intend to vote five million dollars. Mind you, sir, I am willing to go part way with these gentlemen. I am willing to give them a chance to prove to us they mean all right. I move, sir, that the Council reduce this loan order from five million dollars to one million dollars, with the understanding that if that one million dollars is spent properly they will in the near future receive another million dollars and so on until the entire five million dollars is expended. Then, sir, the city government will have an adequate chance on the prices being paid for the sites selected with this money. I so move.

The question came on the motion to reduce the loan order to one million dollars. It was not a vote. Councilor Chase doubted the vote and asked for a roll call. A sufficient number of councilors having joined him, the clerk called the roll. The motion to amend was lost, yeas 3, nays 16:

Yeas—Councilors Bayley, Chase, Madden.
Nays—Councilors Bryan, Cantwell, Carey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Lane, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan.

The question came on the passage of the order.
COUN. SCANNELL—Mr. President, as far as this order on off-street parking in the City of Boston is concerned, it grieves me very much to find out as a member of the Body that the bankers of this city and the businessmen of the city can come before the members of this Body and present a plan that might alleviate parking facilities in this city. It grieves me very much because you see members of this Body voting when they might be interested in playgrounds, as the councilor from Ward 22 (Councilor Madden) has said. It grieves me very much to see members of this Body come up here and say that they would not vote for anything that might not be for the best interest of the city. First and last I am for the best interest of the city and I am for it under pressure or not. In 1940 I presented an order for parking within the rapid transit area. At that time when I had presented that order and later on there was legislation which went through the Legislature. That was in 1941. It was off-street parking areas in this city. This, gentlemen, is something that has to be looked into. Mind you, I said it has to be looked into. These men come here before us. Bankers and businessmen come before those who represent the human factor in the City of Boston, the person who owns a little home in this city and has children growing up in the suburbs. These bankers and businessmen tell us that we should have off-street parking. A man from South Boston or any place else does not get that backing. They come in before the members of this Body with the press, the businessmen and the bankers of the city for it. There is something rotten in Denmark when these men do that. If you lived in South Boston, you might know that there may be something rotten in Boston. You might know there is something wrong in Boston if you lived in South Boston. If you live in the outskirts, like Jamaica Plain, it might be different. You would not know what was wrong. It is all right to laugh and kid about the matter, but I, as a councilor from South Boston, will find out before I get through what is wrong with off-street parking. You are probably one of those who is the son of an immigrant. On the other hand, there is Jordan Marsh Company, the First National Bank, or any building that is in the city. It is controlled by whom? Are they going to control you and me? They are not going to control me, gentlemen. Has the man downstairs asked any man in this Body to vote for this off-street parking? I do not think he has. Now, gentlemen, let us get down to business. Here we are in the Hub, the City of Boston. You can go as far as Broadway. You cannot go outside of South Boston for business. There are a few manufacturing areas there. You cannot go to the outskirts of Back Bay for a parking area. As I said in the Executive Session tonight, you might go down to the South Station and find a parking area at the bottom of the South Station. You might. That is why I am here. I will be here all night to vote against a loan order such as this. Are the people in your district interested in a parking area in Boston? You know they are not. Each one of you knows

they are not. You go into Belmont, Watertown, Wellesley, and all points west. In Wellesley they are very much interested in parking areas in Boston. Why shouldn't they be? They come into Boston and derive their business from Boston. That is why I am against any loan order, and any businessman coming into this city, coming in to you and me, to this City Council Chamber and saying they are for it. As the councilor from Ward 22 (Councilor Madden) well said—he has the stuff, the courage—does anybody from Brighton come into Boston and park? Does anybody from South Boston come into the city and park? Does anybody from Brookline come in and park? They beat you in, in the morning. Does anybody from West Roxbury come in? No, they have their automobiles. They might drop them at Forest Hills. The responsibility can be laid on the people outside Boston and the businessmen of this city who are not running this city. They are not running me as far as I am concerned on parking. They come down and go to the Legislature and send something down with pressure from the Legislature. I am sick and tired of people coming down here with pressure. I do not like it. I will not go for it. I am interested in Boston. I have been interested in parking facilities since 1940, when I presented a reasonable solution, as I thought. Each one of you may not want to vote for off-street parking, but there is a man from South Boston who will not vote for it. I know that the businessmen are interested in the business that lies in this little hub of the universe. I know each one of the newspapers, whatever they may be, are interested in the paper alone and not the people. That is a pretty serious charge. I know what I am talking about. You can go along and vote for it, but you can never say that the gentleman from Ward 6 (Councilor Scannell) in South Boston will vote for anything that the men of this city who have this city by the neck are for. I do not intend to vote for this. I intend to ask that a solution may be found for this problem. When these people come in and try to kid every member of the City Council that they want parking close to the business sections of this city, it is stupid. They will not drive it down my throat, at least. There is a parking solution in this city. You gentlemen know what is in this city. You know that each piece of property in the city is mortgaged by the bank. You know each section outside of this business area has a lot of dilapidated buildings. What are they going to do? They are going to tear them down and cut the assessment on that building. Are they going to tear them down so the people of the city can go into parking spaces around Dover street or Broadway, over the Broadway Bridge? They are not going to do it. If we get a plan, a plan that will give parking spaces adjacent to the rapid transit lines and take the Police Commissioner, who incidentally is from my district, and have him enforce the parking regulations with the help of the police officers who are supposed to take care of the parking situation in this city, and put them on the job, then you will not have any parking problem. At least, it will help it tremendously. I say to you gentlemen, I am from South Boston. I try to be as honorable as anybody in this Body. I try to be as straight as anybody in this Body. As I stand here tonight, I know this is wrong. I, as the other members of this Body or the councilors in this Body, know that this is wrong. Can you imagine a gentleman from Wellesley or a gentleman from Stockbridge or points west defying the members of this City Council? They say if you will not give us that, you will not get that. You are under threat. If you have any courage you will stand up and vote against it, until we find out what we are voting five million dollars for. If you have any courage at all you will throw this out the window, and let the high pressure groups come in and give us a plan. You have heard about this gentleman, Mr. Stanley Parker of the Planning Board. You heard his name. You have never seen him. You notice, gentlemen, tonight I have a large map. The problem of the city traffic could be alleviated if they put the Police Department on the job. That is true. You can take the areas in this city and clean them out. You men here are responsible for whether this off-street parking goes on or not. As a member of the City Council for the past seven years, I know what is going on. I know that they might go out to the South End and tear down a lot of property, sell it to John Doakes or somebody else, and then wind up by saying it does not work. Then they will say to the city, "We will give you so much for that." Up goes a building. Why should the City of Boston or the taxpayers of the city pay for it? That is what I want to know. That is why I am voting against this. These men come in. Mr. So-and-so from the First National Bank. Mr. So-and-so from another bank, the gentlemen from here or there. What do they come in for? Are they interested in the City of Boston, in South Boston, Dorchester, or West Roxbury? They are interested in the mortgage they have on the buildings. Can you conceive of property torn down which is closely connected with the City of Boston? You know you cannot. They want to build parking areas. The right idea is to enforce the laws of the city. I know we have been hamstringing by the Legislature. As one of the members so well said, the Police Commissioner would come down here in the interest of the city. Would he come down here in case somebody got hit over the head from

the district? He would say, "I do not know anything about it." It is about time we woke up. I am very sincere in this matter. I am interested in laws or any means presented to the City Council. I am interested in this city. They have to show me what they are going to do with the five million dollars of the taxpayers' money. I say now I am going to fight against this because I know what is going on. If any member of this Body did know what is happening to this five million dollars, it might be the sorriest vote he ever made in his life.

Coun. BAYLEY—Mr. President, it is quite late. I do not want to take the time of the Council but I have not yet spoken on this matter. I was the one who first started the ball rolling by moving that this be passed by the Executive Committee. I would like the opportunity to answer some of the remarks made by the distinguished councilor from Ward 6 (Councilor Scannell). Before that, I would like to say I agree very much with the remarks of the distinguished councilor from Ward 13 (Councilor Hannon). This bill was filed in the Massachusetts Legislature by the business interests of the City of Boston, by the Greater Boston Development Committee, Inc., and other business leaders.

Coun. SCANNELL—Mr. President, will the gentleman answer a question?

Coun. BAYLEY—I shall try to. I will yield for a question.

Coun. SCANNELL—Do you know who presented this bill to the Legislature?

Coun. BAYLEY—I believe the business leaders of Boston, the Greater Boston Development Committee.

President KELLY—Does that answer your question?

Coun. SCANNELL—I am not sure, no.

Coun. CHASE—Mr. President.

Coun. BAYLEY—I would be glad to have Councilor Chase answer for me.

President KELLY—You have the floor. Let us do things in an orderly way. Councilor Chase, for what purpose do you rise?

Coun. CHASE—Will the gentleman yield for me to give an answer?

Coun. BAYLEY—Yes.

President KELLY—Councilor Bayley yields for Councilor Chase.

Coun. CHASE—The sponsor of this measure was a very eminent, reputable citizen, one Representative Peter Jordan from Revere.

President KELLY—That answers the question. Continue, Councilor Bayley.

Coun. BAYLEY—Mr. President, this gentleman had the support of the Greater Boston Development Committee and the business leaders of Boston. I do not set myself up, as some people do, as an expert on traffic conditions in the City of Boston. I frankly do not know how off-street parking has worked in other cities. I understand it has worked well.

Coun. SCANNELL—Mr. President, will the gentleman yield for a question?

Coun. BAYLEY—When I have finished my speech I shall yield and not before.

President KELLY—The gentleman does not yield at this time.

Coun. BAYLEY—I did not interrupt the preceding speaker. I hope you will not interrupt me. The business interests of the city want off-street parking. I would like to remind the members of this Honorable Body that these interests pay a great share of the taxes of Boston. Probably no district is more heavily taxed in proportion than the downtown section of Boston. While many business leaders do not live in Boston, they pay taxes. They know what is best for business. You cannot have a city without business. If all business should move out of the City of Boston in the next six months, Boston would soon be a ghost city. We need Boston's business. We need more business to help out the business interests so that more people can be in town and more people can reach easily our great city so that we can become a greater city. I am not a traffic expert. I believe many business leaders know the problem that confronts them. Many traffic experts testified before the Legislature and before us. They know what they are talking about. They say to provide off-street parking is to provide an investment in the future of Boston. We have a right to listen to the business leaders of the city as to what is best for our city. With that in mind I asked you to pass this in the Committee and to give it its first reading. I want to make sure that the money is spent wisely and efficiently. I have the greatest confidence in the present Real Estate Board which will recommend the sites to be selected. On the other hand, I have no assurance a year from now the makeup of the board will be the same. That is the reason I wish to go slowly on this matter. We are working for the best interests of Boston. We should listen to our leaders. Therefore I cannot agree with the distinguished gentleman from Ward 6 (Councilor Scannell) when he says, as I gather, that many people have been in favor of this from outside Boston. These people have an interest in Boston. Their business is here. They want to see us develop into a greater city. We have lost some business from Boston partly on account of the lack of parking facilities. This measure will provide those facilities. With that hope, and relying on the business leaders and the newspapers who so heartily advocated this project, I am voting for it. Let me say in closing I am doing what they have said. If this plan fails, let not the business leaders and newspapers escape the blame. They

say it will provide the solution to Boston's traffic problem. I rely on what they say. If it fails, I will not accept the burden of blame. I am relying on those who do know. If they do not, I will not go along with them again. This is their chance. I hope the business leaders and newspapers will make sure this is a success. I am relying on their knowledge. I do not have full knowledge myself. I hope this is answered sufficiently. I am voting a little with my tongue in my cheek and with the hope it will be a great success.

Coun. RUSSO—Mr. President, after listening to the pro and con of the argument, may I say at this time the first three speakers have given their views in so far as the parking situation is concerned with the hope and trust that more information will be forthcoming within the next two weeks. I also realize, Mr. President, that there is no question but that something should be done. As I stated at the beginning of the hearing, I am open-minded. I am still open-minded. Up to the present time no specific information has been given to us. I feel, even though there are merchants who are in my district and vitally interested in parking, it should be brought to their attention that in that same district where they are earning their livelihood we have people who are forced to live in sub-normal conditions of housing. I also wish to bring to the attention of his Honor the Mayor that housing is vitally needed in my district. He knows that and has made promises during campaigns. We must realize that, unless something is done in so far as housing is concerned, we will have a ghost city. If we have no people to maintain their residence in the city because of the lack of housing facilities, then we will have a ghost city. Realizing we have to consider that his Honor the Mayor and the various departments should give us more information on parking, I am at this time willing to give this the first reading, not because of any pressure group, but because, as the first three previous speakers have stated, we should do so in the hope that more information will be forthcoming. I believe each of us is interested not only in parking but in the city's welfare in general. Again I say that I hope and trust his Honor the Mayor, in the same spirit with which he is in accord with the Council's passing five million dollars, is just as eager to bring about housing conditions of the city to better standards. May I suggest at this time, as I suggested time and time again, that in order to give the people of the City of Boston and in particular the people of my district better housing—and I feel it is agreed upon that it is my district, comprising the North End and the South End, that needs better housing conditions—his Honor the Mayor might be able to induce private owners to go into building or remodeling buildings, if they could be remodeled without the fear existing that the property will be taxed higher if remodeling takes place. That will induce people to come back and live in the City of Boston. In that manner I believe we can build a bigger and greater Boston. I hope and trust that more specific information will be given to the Council so that we may be able to vote and give this a second reading without fear or hesitation that we do not know well enough what we are voting. In so far as putting responsibility on any newspapers or pressure groups, I maintain each of us knows what he is doing. It is up to us. We are the public officials who have been elected by the people. No pressure group or newspapers must go before the public in order to be elected. Therefore I say I am in accord with giving this a first reading at this time. I reiterate it is with the trust that his Honor the Mayor will instruct the Committee and the Board that this five million dollars will be supervised and the Council given more information so that we might be able to give this a final reading.

Coun. MUCHNICK—Mr. President, I move the previous question.

Coun. SCANNELL—Mr. President, what is this?

President KELLY—Councilor Muchnick moves the previous question. There is no debate. The question is on the motion.

Coun. SCANNELL—Mr. President, a point of parliamentary inquiry.

President KELLY—There is no point of parliamentary inquiry.

The question came on the motion for the previous question. The Chair was in doubt and asked for a rising vote. The motion was defeated.

Coun. CHASE—Mr. President, it is very pleasing to me to see the Council believes in freedom of debate even though many of the gentlemen who voted to give us freedom of debate apparently are in favor of this matter. Mr. President, last week a very prominent gentleman from the Back Bay area wrote a letter to me asking me to vote favorably on this loan order. He happens to be the president of the Paine Furniture Company. I wrote back to him and told him that I fully recognized the traffic conditions just as much as he did. I was quite anxious to do anything within reason to remedy the condition. I told him, sir, that the reason why I voted in the past to reduce this loan order to one million dollars was because I felt that the City Council should maintain a check on the expenditure of the money. I went into details and explained to him just what I meant. He wrote back and said he appreciated my thoughts on the matter and said it is

too bad if the Council votes it down. It will only handicap Boston on future matters coming up before the Legislature pertaining to traffic. Well now, Mr. President, I have all the sympathy in the world with the president of the Paine Furniture Company. They are losing several parking lots in the immediate vicinity. The John Hancock Life Insurance Company is building a 26-story building in a parking lot which formerly accommodated hundreds of the customers of the Paine Furniture Company. Another parking lot adjacent to the Paine Furniture Company will soon be taken. The more I think of it, sir, what these retail merchants expect is that the taxpayers from Jamaica Plain, West Roxbury or Back Bay, all the little small home owners, should contribute their taxes to facilitate the parking for their particular customers. They selfishly admit they are primarily concerned with obtaining adequate parking lots near their stores. Well, I wish I could do something to help them and do it seasonably. They, too, are taxpayers. They employ many citizens who reside in Boston. They, too, are part of Boston. Sir, I am looking at this picture as a whole. I do not intend to favor one group as against another group. The other group I have in mind, sir, are the many taxpayers who will not directly benefit by this and who will be called upon to pay off this five million dollars in due time with their tax money. Mr. President, it has been said that the businessmen who advocate this proposition know what is best for the city. Well, I have my doubts that many businessmen who contacted me last week through the medium of letters and telephone calls asking me to vote for this matter knew what they were asking me to do. Frankly, I know them, sir. I know somewhat of the history of Boston politics, dating back to some few score years. During that period there has been more than one huge scandal on land-takings. I explained to them that my fear was that this particular proposition before us was left open with loopholes where scandalous land-takings would be permissible. They countered by saying, "Well, I do not see how that is possible, because you have eminent men on that particular Real Estate Board, men connected with banks." I pointed out to them, sir, that the man who has the last say is his Honor the Mayor. I pointed out to them, sir, that it is not unreasonable for me to suspect that it is quite possible that even the men on the Board and his Honor the Mayor would compromise on five million dollars worth of land-takings. Five million dollars is a lot of money. Now, sir, I hope that the Council does not consider me unfair in my remarks. I am merely here tonight debating on the merits of this proposition. I say that I am here endeavoring to protect the taxpayers' money, to make sure that this money will be spent properly. I do not desire to see certain parts of the city where broken-down, highly assessed buildings, heavily mortgaged by some of the leading banks in the city, are taken for off-street parking. We had some members of the Boston Real Estate Exchange here the other day testifying before us. These men obviously would stand to gain if the city were to take property by eminent domain. They have heavy mortgages on highly assessed property. With valuations down low, the city will buy at the highest figure, and of course they will benefit. I do not say they are going to benefit, but I say to you, sir, that it is up to us to make sure that they do not benefit. It is up to us to use every precaution to make sure that there will not be any land grabs. Now many people think that I oppose this measure in its entirety because I am anti-administration, because I am anti-Curley. That is not so.

Coun. SCANNELL—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. SCANNELL—What are we talking about? Are we talking on the order?

President KELLY—Does Councilor Chase yield?

Coun. CHASE—No.

President KELLY—I am sorry, Councilor Chase will not yield.

Coun. CHASE—Mr. President, I am merely endeavoring to point out to you, sir, the weaknesses in this provision before us. His Honor the Mayor has the last say in the taking of this land. He can either approve it or veto it. Suppose his Honor the Mayor gets on his high horse and says, "Gentlemen, I disagree with you." Suppose he does not think that the particular commission should take these certain lots. Suppose he has his engineers and experts who should be considered. Suppose they get together happily and compromise so that everyone is happy over it. Suppose, sir, that because of the happiness of these gentlemen involved the taxpayers are being forced to pay several millions of dollars more than needed if we had proper checks on them. That is the sum and substance of my opposition. I do not think we have adequate safeguards. I hope, sir, that the members of the Council will recognize the weaknesses of this which I am trying to point out to them. We should be in a position to check every nickel that is spent for land-takings. We should be in a position to say we do not like the way you spent that million dollars, we are not going to grant you another cent. If you spend one million dollars properly, then we will grant another million dollars, and so on until the five million dollars has been spent. That is the way, sir, that any business

house would provide a check on the expenditure of the money of the business house. But we, sir, are called upon to give a blank check, to go ahead and buy in any part of the city any broken-down building, no matter how high in cost or how ridiculous the transaction is, so long as it relieves traffic. Now it has been said that the Boston Finance Commission has the last say. The only thing that the Boston Finance Commission has in this matter is the power of publicity. If his Honor the Mayor and the Boston Real Estate Commission decide to take property, no matter how irregular, no matter how high the cost, those takings are legal. I defy anyone to correct them, irrespective of what the Boston Finance Commission reports. They are perfectly legal because the Legislature has legalized it. The Legislature has said that they will pay us a certain price on the assessed valuation, and the Boston Real Estate Commission with the final sanction of his Honor the Mayor will be all that is necessary to legalize it. Now suppose that the Boston Finance Commission comes out and says it is a big steal, you are paying too much money. The cat is out of the bag. We gave them five million dollars. The gentlemen who appeared before us last week stated that they do not want one million dollars because they fear somebody may criticize it. Well, gentlemen, suppose that criticism is honest criticism. Suppose that criticism is based on reason. Suppose that the taxpayers are being robbed. Then what? Yes, Mr. President, we should maintain a check. We should maintain ourselves in a position where, if the Boston Finance Commission scratches that, we can shut off this crowd from further money. That, sir, is the sum and substance of my case. I trust, sir, that the members of the Council will give serious thought to this before they finally cast their votes.

Coun. SCANNELL—Mr. President, I do not like to be put in this position. Apart from what the councilor from Ward 4 (Councilor Chase) said, so far as scandal is concerned, my main objection to this loan order is that the members of this Body should have a plan. They might be working on a plan, or the Boston Planning Board, who, in my opinion, should be thrown out the window, have been working on a plan in conjunction with the business men and bankers of the city. I do not like to see a man take a backhand slap at the administration. Each one of you members of the Council knows that the man who is serving as mayor of the city has never asked us, so far as I am concerned, to vote for this off-street parking. He left it to our own judgment. This man from Back Bay comes up and says it might be a matter of land grabs or scandal. It might be. I do not say it is going to be. But my objection to this ban order is the same as to the loan order passed here tonight. I would like to know what the two hundred thousand dollars is going to be spent for. I would like to know what the five million dollars is going to be spent for. There are pressure groups in this city. It is all right to vote for five million dollars, but you do not know what you are voting for. I am going to vote against it with all the criticism that might ever come to me by the groups in this city. I will guarantee you this, if this thing is going to be passed this morning—I might stay here until tomorrow night—when you pass this five million dollars for a loan order to be paid by the taxpayers of this city you are going to get some parcels of land adjacent to some of these department stores. I will guarantee, if you vote for it and there will be a close scrutiny on it, you will get land bounded by the area of the business sections of the city. These people do not care about the city. They are interested in themselves. There will not be a building torn down unless it is worth \$700,000 on valuation in assessments and something adjoining to it they would tear down themselves. I refer to South street and Lincoln street and the Chinatown section of the city. I will guarantee to the members of the Council that is where your parking area will be. I said in 1940, and it is a matter of public record but they will not print it, that we should have rapid transit parking areas and then enforce the parking laws in the city. On the Police Department, two hundred men will go on next week. I hope they put seventy-five of those men enforcing parking laws in this city. There are various people in this city who own newspapers and hotels who are trying to drive this down your throat. They are not going to drive it down my throat.

Coun. HANNON—Mr. President, I received a call this afternoon from the councilor from Charlestown (Councilor Kinsella) who asked me to make a note that he would be recorded in the affirmative on this matter if he were physically able to be here.

The question came on the passage of the order and the order passed, yeas 17, nays 2:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Lane, Madden, McCormack, Moriarty, Muchnick, Russo, Sullivan.

Nays—Councilors Chase and Scannell.

Coun. MUCHNICK—Mr. President, I move that this matter of off-street parking be referred to the Executive Committee and that all persons connected with picking sites and planning the distribution areas be invited to attend that meeting with invitations.

President KELLY—The clerk will so notify them.

Coun. FISH—Mr. President, as chairman of the Executive Committee, having heard so much talk

this afternoon about the various members of the Council, even those who favored it and those who opposed it, I am going to have another hearing, not necessarily a public hearing, a hearing by invitation, some time before the next meeting. I will probably arrange that tomorrow or the day afterwards and give sufficient notice.

The question came on referring the matter to the Executive Session, and the motion carried.

NEXT MEETING.

On motion of Councilor Hurley the Council voted that when it adjourned, it would adjourn to meet again September 23.

MOTION TO RECONVENE.

Coun. SCANNELL—Mr. President, I object to the two weeks adjournment. I believe that the Labor Day vacation period is over. We should meet every Monday. We have important business to take up. I hope that the Council will reconsider this matter and vote that we meet on next Monday.

President KELLY—Do you make a motion to reconsider the matter of an adjournment for two weeks?

Coun. SCANNELL—Yes.

The motion came on reconsideration of the two weeks adjournment and was defeated.

INCREASED SALARY, POLICE DEPARTMENT MEMBERS.

Coun. BRYAN offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Police Commissioner relative to an increase in salary for all members of the Police Department.

Passed under suspension of the rule.

CERTAIN SCHOOL PROPERTY IN WARD 7.

Coun. SCANNELL, for Councilor Linehan, offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to improve the school property on the corner of Sumner, Willis and Bakersfield streets, Dorchester, Ward 7, so that it will not be an eyesore any longer.

Passed under suspension of the rule.

REPAIR OF OLD HEAD HOUSE PIER.

Coun. SCANNELL, for Councilor Linehan, offered the following:

Ordered, That the Board of Park Commissioners be directed by his Honor the Mayor to repair the Old Head House Pier, which is in deplorable condition at the present time.

Passed under suspension of the rule.

TYPE OF COVERING ON WOODEN BRIDGES.

Coun. SCANNELL, for Councilor Linehan, offered the following:

Ordered, That Councilor Linehan's order of April 8, 1946, calling for a new type of covering on wooden bridges, be once again referred to his Honor the Mayor in order that the Council may receive an answer to the same.

Passed under suspension of the rule.

FINANCE COMMISSION AND APPOINTMENT OF CONSTABLES.

Coun. CHASE—Mr. President, I move No. 2 be taken from the calendar and referred to the Committee on Constables.

2. Order that Finance Commission advise City Council if appointment of constables is contrary to charter.

The motion was carried. The order was referred to the Committee on Constables.

Adjourned at 2.25 a. m. Tuesday, September 10, on motion of Councilor Muchnick, to meet on Monday, September 23, 1946.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

BOILER INSPECTOR, DEPARTMENT OF PUBLIC SAFETY, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: The entrance salary is \$3,000 a year; the maximum salary is \$3,540 a year.

Vacancies: At present there are ten vacancies for males, to be filled on a permanent basis.

Duties: To enforce the Engineers' and Firemen's License Laws, the Boiler Inspection Law, the Air Tank Law and the Ammonia Compressor Law; to examine applicants for licenses to have charge of and operate boilers and engines and hoisting machinery; and to perform related work as required.

Example of Duties: To investigate complaints and violations of the Engineers' and Firemen's License Law, to determine whether the plant is being operated by an engineer holding a license of sufficient grade to cover the steam plant and whether the boiler has been inspected within a year, and to note the condition of the boiler; to make inspections of steam boilers and air tanks; to investigate and report any accidents that may be caused by the failure of a steam boiler or its appurtenances, and to determine the cause of accidents to steam boilers and their equipment; to serve as state police officer when so assigned, and to prosecute cases of violations of chapter 146 of the General Laws. A thorough knowledge of the rules formulated by the Board of Boiler Rules and of chapter 146 of the General Laws (Tercentenary Edition) as amended and distributed by the Department of Public Safety is required.

Entrance Requirements: Applicants who have not reached their twenty-fifth birthday on the date of filing application will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. In accordance with section 6 of chapter 22 of the General Laws, applicants must be not over forty-five years of age at the time of appointment. Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age from taking the examination, within three years after the date of honorable discharge. (See chapter 440 of the Acts of 1945.) Applicants must possess a first-class stationary engineer's license on the date of filing application.

Subjects and Weights: Training and experience, 4; report, 1; practical questions (including arithmetic and questions on engineering, elementary mechanics, and State Boiler Laws), 5; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Applicants must be able to enter the manhole of a boiler 15 inches by 11 inches.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CONCRETE SECTIONAL GRAVE LINERS.

The Supply Department of the City of Boston invites proposals for furnishing sectional liners to the Park Department, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Sectional Liners." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bids will be publicly opened and read Friday, October 11, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Sept. 28.) Superintendent of Supplies.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE. Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

SENIOR CLERK AND STENOGRAPHER, NANTASKET BEACH DIVISION, METROPOLITAN DISTRICT COMMISSION, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: The entrance salary is \$1,830 a year; the maximum salary is \$2,190 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: To take notes from dictation and transcribe them on the typewriter; to keep all records pertaining to the work in the division, including an accurate record of all expenditures; to do billing, typewriting, and filing; to keep time books and make out pay rolls; to prepare requisitions for all material used in the division; and to perform related work as required. A knowledge of bookkeeping is necessary.

Entrance Requirement: Applicants must have at least two years of full-time paid office experience.

Subjects and Weights: Training and experience, 2; practical questions, 1; stenography, 2; total, 5.

The dictation will be given at the following rates of speed: 80, 100 and 120 words a minute, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any one or two of the three speed tests for transcription. If an applicant transcribes two tests, both are marked, and the applicant is given the higher of the two marks. The transcription is marked for both speed of dictation and accuracy.

Passing Requirements: Applicants must obtain at least 70 per cent in accuracy of transcription of at least one dictation, and in each subject in order to become eligible.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective October 7, 1946:

St. Stephen Street, Roxbury.

Into Gainsborough street, southeasterly.

Section 41 (Isolated Stop Streets) is amended by adding the following:

Dudley Street, Roxbury.

At Harrison avenue.

Lamartine Street, Roxbury.

At Atherton street.

At Mozart street.

WILLIAM P. HICKEY,

(Sept. 28-Oct. 5.) Commissioner.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR EXCAVATING, LOAMING, CONCRETE WALKS AND SEATS AT OAK SQUARE, BRIGHTON, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for excavating, loaming, concrete walks and seats at Oak square, Brighton, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Excavating, Loaming, Concrete Walks and Seats at Oak Square, Brighton, Mass.," and left before 2 o'clock on Thursday, October 3, 1946, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFFENREFFER,
FRANK R. KELLY,

(Sept. 21-28.) Commissioners.

CREATES ARBITRATION BOARD TO SETTLE INDUSTRIAL LABOR DISPUTES.

The city council of Toledo, Ohio, recently approved an "industrial relations charter" which creates a labor-management citizens' committee of 18 appointed by the Mayor. The charter is recommended by the Toledo City Council for adoption by representatives of industry and labor in the city. The preamble states: "Industrial harmony means more than the elimination of strikes, slow-downs and lock-outs. It means a practical, common-sense recognition of the rights of both employers and employees, the mutuality of their interests, and the importance of their joint responsibility to the citizens as a whole, whose interests transcend the presumed rights of any group."

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN SCHOOL STREET, STANTON STREET, ROSDALE STREET, FRAZER STREET, CUSHING AVENUE, WILBUR STREET AND UPHAM AVENUE, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying water pipes in School street, Stanton street, Rosedale street, Frazer street, Cushing avenue, Wilbur street and Upham avenue, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes in School Street, Stanton Street, Rosedale Street, Frazer Street, Cushing Avenue, Wilbur Street and Upham Avenue, Dorchester," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, October 7, 1946, with a certified check for one thousand (1,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Sept. 28.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ROCK SALT FOR CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing rock salt for city departments, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Rock Salt."* The bids will be publicly opened and read on Thursday, October 10, 1946, at 12 o'clock noon, at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(Sept. 28.) Superintendent of Supplies.

CITY OF BOSTON.

HOSPITAL DEPARTMENT, SANATORIUM DIVISION.

TO PLUMBING CONTRACTORS.

PROPOSALS FOR PLUMBING REPAIRS AND IMPROVEMENTS AT THE SANATORIUM DIVISION OF THE BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for "Plumbing Repairs and Improvements," at the Sanatorium Division, 249 River street, Mattapan, in accordance with the specifications, giving a bond of a surety company satisfactory to the Trustees therefor, in the sum of the full amount of the contract. Only proposals obtained at the office of the Assistant Superintendent of the Sanatorium Division of the Boston City Hospital, at 249 River street, Mattapan, signed by the bidder, and left before 12 o'clock noon of Wednesday, October 16, 1946, at the office of the Assistant Superintendent at Mattapan, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be left as above, the other to be deposited with the City Auditor, City Hall, Boston, before the time of opening the bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed: "Proposals for Plumbing Repairs and Improvements, Sanatorium Division."

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, OCTOBER 5, 1946.

No. 40

SOLDIERS' RELIEF EXPENDITURES FOR MONTH OF AUGUST SHOW INCREASE OF \$3,172.21 OVER THE SAME PERIOD OF 1945 ACCORDING TO REPORT OF COMMISSIONER DAVID J. BRICKLEY, AS SUBMITTED TO MAYOR CURLEY—REPORT ALSO SHOWS 197 MORE CASES ON ROLLS IN SAME PERIOD FOR THIS YEAR—ADDITIONAL WORLD WAR I CASES REASON FOR FINANCIAL SHOWING.

Soldiers' relief expenditures for the month of August of this year show an increase of \$3,172.21 over the same month of the previous year according to the report of Commissioner David J. Brickley to Mayor Curley. There were also 107 more cases on the rolls for the month of August this year than last. For World War I cases there was an increase in expenditures of \$175.75 over the previous year due to the increase of 27 cases for that period. This figure would have been larger but for the decrease of 33 widows' cases this year.

The monthly report, as submitted, reads as follows:

September 10, 1946.

HON. JAMES M. CURLEY, *Mayor*.

DEAR SIR,—I have the honor to submit the Soldiers' Relief Department report for the month of August, 1946.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, October 7, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 64 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR CURLEY ADDRESSES LETTERS TO PRESIDENT TRUMAN AND COMMISSIONER OF AGRICULTURE CLINTON P. ANDERSON ASKING ABOLITION OF CONTROLS OF OPA SO THAT CITIZENS MAY SECURE NEEDED FOODS FOR SUSTENANCE — LETTERS FOLLOW REPORT FROM HEALTH DEPARTMENT INVESTIGATION OF LOCAL CONDITIONS.

Mayor Curley has addressed communications to President Harry S. Truman and Clinton P. Anderson, Secretary of Agriculture, calling for the abolition of OPA regulations so that the country may have the food its citizens require. He addressed the following communications after receiving a report from the Health Department investigators as to the amount of meat remaining in storage in the city and available for use. The letters read as follows:

His Honor, Mayor Curley, on September 26, sent the following letter to Honorable Harry S. Truman, President of the United States, and Clinton P. Anderson, Secretary of Agriculture:

DEAR SIR,—I am taking the liberty of submitting to you a report compiled by the Health Department of the City of Boston as to the meat situation in the capital city of New England. For the first time in more than one hundred years, there is no meat for sale in Faneuil Hall Market, one of the oldest institutions of its kind in the entire United States.

The public as a whole would have no objections if the price of meat were increased a reasonable amount, provided they could secure the meat. They are not concerned as to whether the packers or the farmers make an added profit. Neither are they concerned with the excuses presented by the OPA. From the standpoint of public welfare and the protection of public health, a real emergency exists, which can only be met by courageous and decisive action by the President of the United States and the Secretary of Agriculture acting jointly.

From the standpoint of politics, a continuance of the present brutal disregard of public health and public welfare can mean but one thing in the coming election—the defeat of Senators and Congressmen who are in sympathy with you and your administration and its objectives, the welfare of the American people and permanent world peace.

The time for action is now, the time for excuses and evasion has long since passed.

Respectfully,

JAMES M. CURLEY,
Mayor of Boston.

HEALTH DEPARTMENT REPORT.

BOSTON, September 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—A careful study and investigation has been made by the Boston Health Department of the City of Boston pertaining to the storage of meat in warehouses in the City of Boston.

The information pertaining to the data on which this opinion is rendered has been received after studying reports of the Food Inspectors of the Boston Health Department, after conferences with the State Department of Public Health, and after conference with many individuals who are well versed pertaining to the supply of meats.

It is the opinion of the Boston Health Department that there is no excessive supply of meats held in storage by any of the storage warehouses. On September 1, 1946, there was but a limited supply of meats in the various storage ware-

houses. Since September 1 there have been withdrawals from the stock which was on hand on September 1. Information is at hand that some of the meat dealers who have supplies of meat in storage have these supplies in order that they may fulfill the requirements of the armed forces with whom they are under contract to supply processed meats.

The inspections conducted indicate that all of these storage warehouses are being conducted in accordance with the regulations of the Boston Health Department and what limited meats are in storage at the present time meet the requirements of the Health Department so far as quality is concerned. Most of the warehouses which have meats in storage not only act as reservoirs for storage of meats for Boston but also for other localities in New England.

It is my opinion that what meats are in storage at the present time are adequate for a few days' supply, and that, in order to obtain the minimum requirements, it is essential that cattle or dressed beef be shipped to Boston.

Respectfully yours,

JOHN H. CAULEY, M. D.,
Health Commissioner.

MAYOR PRAISED FOR ACTION.

The following letter was received by his Honor, the Mayor, on September 26:

DEAR MAYOR CURLEY,—At a meeting of the Boston membership of the National Maritime Union, September 26, the membership went on record endorsing your investigation and check-up, and your honest efforts to relieve the meat situation here, within the framework of the OPA.

A committee of seamen, living in Boston, and having families here, are the bearers of the communication to you, asking that you continue your good work with the assurance that we members of the CIO, in unison with all other organizations, will give our wholehearted support in relieving the meat shortage in this area.

Yours very truly,

CHARLES J. MCCARTHY, *Agent,*
Port of Boston.

TRAFFIC COMMISSION RULING.

Voled. That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be three (3) weeks, vehicles are excluded from the following street, effective October 1, 1946:

Austin Street, Hyde Park.

From Myopia road to Chestnut street.

STREET LAYING-OUT DEPARTMENT.

Gertrude A. Burke, clerk, salary at time of retirement \$2,400 a year.

SUFFOLK COUNTY.

John T. Connolly, officer, salary at time of retirement \$2,200 a year.

WILFRED J. DOYLE, *Chairman.*

SOLDIERS' RELIEF DEPARTMENT IN MONTHLY REPORT TO MAYOR CURLEY SHOWS INCREASE OF 107 CASES OVER SAME PERIOD OF LAST YEAR.

(Continued from page 1133.)

Relief expenditures for August, 1946, show an increase of \$3,172.21 in comparison with expenditures for the corresponding period in 1945. There were 107 more cases aided in August, 1946, than in August, 1945. A World War I comparison shows a slight increase of \$175.75 in expenditures although the case load is 27 more than in 1945. A larger increase in costs for World War I would be evident only for the fact that there was a decrease of 33 widows' cases in 1946 as compared to August, 1945. A World War II comparison shows an increase of 79 cases and \$2,207.50 in expenditures as compared to August, 1945. Emergency expenditures, mostly to beneficiaries of World War II, show an increase of \$2,699.55.

The 756 cases aided during the month of August, 1946, represent a total of 1,519 individuals benefited through the facilities of the Soldiers' Relief Department. There were 175 cases dropped from the relief rolls during the month of August, 1946, which were dropped chiefly because of the acceptance of private employment.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to continue the employment of temporary personnel for a period of thirty days, effective October 1, as follows:

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon September 16 the Mayor approved a contract with John Deveney Company for sewerage works in Tenean creek, Dorchester, at an estimated cost of \$294,206.50, including 12-foot steel sheeting. The work contemplated in the contract is to be completed within three hundred and sixty-five days after the contract is approved by the Mayor.

The following bids were received September 6:

14-Foot Wood Sheeting.—John Deveney Company, \$343,867.50; V. Barletta Company, \$311,875; R. Zoppo, \$317,635; Marinucci Brothers & Co., \$345,128.75; Coleman Brothers Corporation, \$396,084.50; C & H Construction Company, \$440,518.75; Martin J. Kelly Company, Inc., \$572,295.40.

14-Foot Steel Sheeting.—John Deveney Company, \$309,353.50; V. Barletta Company, \$321,490; R. Zoppo, \$348,985; Marinucci Brothers & Co., \$392,018.75; Coleman Brothers Corporation, \$411,156.50; C & H Construction Company, \$492,993.75; Martin J. Kelly Company, Inc., \$559,211.40.

12-Foot Wood Sheeting.—John Deveney Company, \$331,434.50; V. Barletta Company, \$294,420; R. Zoppo, \$350,495; Marinucci Brothers & Co., \$381,108.75; Coleman Brothers Corporation, \$387,506.50; C & H Construction Company, \$466,619.75; Martin J. Kelly Company, Inc., \$585,378.40.

12-Foot Steel Sheeting.—John Deveney Company, \$294,206.50; V. Barletta Company, \$303,110; R. Zoppo, \$378,595; Marinucci Brothers & Co., \$425,272.75; Coleman Brothers Corporation,

\$399,578.50; C & H Construction Company, \$510,969.75; Martin J. Kelly Company, Inc., \$564,794.40.

Upon September 16 the Mayor approved a contract with Fred J. Wallace for repairs to the Albany Street Disposal Station at an estimated cost of \$19,165. The work is to be commenced on a date to be specified in a written order from the commissioner and shall be fully completed within two months from that date.

The following bids were received September 3:

Fred J. Wallace, \$19,165; John P. Cavanagh, \$19,910; James B. Rendle Company, \$21,185; Construction Units, \$23,905; W. H. Ellis & Son Company, \$24,470; Coleman Brothers Corporation, \$28,575.

Upon September 16 the Mayor approved a contract with the National Contractors Company, Inc., for bituminous concrete pavement in American Legion Highway, Wards 12 and 14, at an estimated cost of \$37,362.50. The work to be done under this contract is to be completed December 31, 1946.

The following bids were received September 10:

National Contractors Company, Inc., \$37,362.50; Central Construction Company, \$41,592.50; Warren Brothers Roads Company, \$42,437.50; S. J. Tomasello Corporation, \$44,482.50.

Upon September 16 the Mayor approved a contract with Baker & Co., Inc., for sheet asphalt pavement in Devonshire, Knapp, Lincoln, Milk, North Centre, Portland and Province streets, Ward 3, at an estimated cost of \$39,503.75. The work to be done under this contract is to be completed December 31, 1946.

The following bids were received September 4:

Baker & Co., Inc., \$39,503.75; Martin J. Kelly Company, Inc., \$43,882.50; S. J. Tomasello Corporation, \$45,940.

Upon September 16 the Mayor approved a contract with Baker & Co., Inc., for laying and relaying water pipes in Oakview terrace and Belmore terrace, West Roxbury, at an estimated cost of \$10,957.50. The work to be done under this contract is to be completed November 30, 1946.

The following bids were received September 10:

Baker & Co., Inc., \$10,957.50; J. D'Amico, \$11,270; Williams Brothers, \$12,047; F. Susi & DeSantis Company, \$12,060.15; Angelo Grande, \$12,637; C. Russo, Inc., \$14,678.05; C & R Construction Company, \$14,675; M. J. Kelly Company, Inc., \$22,510.

Upon September 16 the Mayor approved a contract with the S. J. Tomasello Corporation for sheet asphalt pavement in Conway street and South Conway street, Ward 20, at an estimated cost of \$16,328.50. This award is made to the Tomasello firm because of the fact that James V. DiMarzio, the lowest bidder, has never done any work for this division, and there is doubt as to his ability to perform the work. The S. J. Tomasello Corporation has done satisfactory work in the past and it is deemed to be in the best interest of the city to award the contract to this concern. The work to be done under this contract is to be completed November 15, 1946.

BUILDING DEPARTMENT.

PERMITS GRANTED BY THE BUILDING COMMISSIONER TO PERFORM PLUMBING FOR THE WEEK ENDING OCTOBER 2.

The following bids were received August 20:

James V. DiMarzio, \$15,670.50; S. J. Tomasello Corporation, \$16,328.50; Charles Struzziery, \$16,492.50; James A. Susi, \$17,480; Dooley Brothers, Inc., \$17,931; Baker & Co., Inc., \$18,780.

AMENDMENTS TO TRANSFERS AND REALLOCATIONS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the heads of the departments indicated for permission to reallocate or amend appropriations, as follows:

BOSTON TRAFFIC COMMISSION.

Boston, September 5, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—I respectfully request the following reallocation within the budget appropriations of this department:

From C-17 to E-10, \$200.

The principal expenditure in our budget item E-10 is for traffic signal lamps. The demand for these lamps is constant.

The amount allowed in the item has proved insufficient and an order for lamps is being held in suspense in the Auditing Department.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

BUILDING DEPARTMENT (Board of Appeal).

Boston, September 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly approve the following request for transfers within the appropriations of the Board of Appeal, to wit:

From the appropriation for A-1, Members, \$275, to the appropriation for B-3, Advertising and Posting, \$275.

From the appropriation for A-1, Members, \$125, to the appropriation for D-1, Office Supplies, \$125.

In re B-3, the amount of cases coming before the Board this year on zoning cases have increased about 35 per cent. The legislative act under which the Board

functions requires that we publish notice of public hearings in a daily newspaper. The amount of \$500 in the budget for 1946 has been exhausted and we figure that the requested estimate is necessary to carry on the work of the office.

In re D-1, the increase of the work coming before the Board both on building law cases and zoning cases, which includes a greater amount of postage and more stationery necessitates our asking an increase of \$125. We have exhausted the amount permitted in the budget and have bills outstanding to this amount. The increase in the cost of paper this year is also another reason we have to ask for more money. We estimated these accounts in our budget for 1946 but said items were reduced.

The members are paid \$10 per diem for services actually rendered, and we estimate that the amount to be paid the members will not exceed \$9,500. Therefore, we are asking a transfer from A-1 within our own appropriation.

Respectfully submitted,

FOR THE BOARD OF APPEAL,
by WILLIAM H. ELLIS,
Chairman.

CITY PLANNING BOARD.

BOSTON, September 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Authority is requested to reallocate funds as follows:

From B-42, Miscellaneous Service, \$50, to B-39, General Repairs, \$50.

This request is made to cover a type-writer repair bill and similar unanticipated expenses that have occurred in the department since preparation of the 1946 budget.

Respectfully yours,

THOMAS E. McCORMICK,
Executive Director.

FIRE DEPARTMENT.

BOSTON, September 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's approval is requested of the following reallocations and transfers in the 1946 Fire Department Budget:

From B-4, Transportation of Persons, \$50, to B-5, Express Charges, \$50.

From B-13, Communication, \$500, to B-14, Motor Vehicle Repairs and Care, \$500.

From B-39, General Repairs, \$1,000, to B-14, Motor Vehicle Repairs and Care, \$1,000.

From C-16, Wearing Apparel, \$500, to C-13, Tools and Instruments, \$500.

From D-11, Gasoline, Oil and Grease, \$500, to C-13, Tools and Instruments, \$500.

From E-10, Electrical, \$500, to D-8, Laundry, Cleaning, Toilet, \$500.

From E-10, Electrical, \$500, to D-13, Chemicals and Disinfectants, \$500.

From E-10, Electrical, \$500, to D-16, Miscellaneous, \$500.

From E-13, Miscellaneous, \$500, to D-16, Miscellaneous, \$500.

Funds in the foregoing items to which reallocations and transfers are requested are exhausted at the present time and orders for needed equipment and supplies to insure the efficient operation of the Fire Department are now being held in the City Auditor's office because of lack of funds.

These transfers and reallocations are absolutely necessary at this time.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, September 9, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to make the following transfers:

Long Island Hospital.

From A-1, Permanent Employees, \$5,000, to C-16, Wearing Apparel, \$5,000.

From A-1, Permanent Employees (Institutions Employees), \$150, to F-13, Industries, \$150.

C-16.—It is estimated that approximately \$5,000 will be required to provide necessary clothing for the remainder of the year, reason being increase in prices and the fact that our normal supply was seriously depleted during war years due to extreme shortage.

F-13.—Transfer of \$150 is requested to provide materials for occupational therapy for the remainder of the year. More work is being done in that line this year than formerly.

We anticipate sufficient balance on Item A-1 to provide for these transfers.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, September 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Long Island Hospital.

From A-1, Permanent Employees (Institution Employees), \$293.59, to F-7, Pensions and Annuities, \$293.59.

To provide for pension to Chellis V. Smith, \$700 a year, effective July 29.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, September 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Authority is requested to reallocate funds as follows:

Steamer "Michael J. Perkins."

From E-13, Miscellaneous Materials, \$100, to E-1, Building, \$100.

To provide for the purchase of materials for repairs to steamer by our crew. Requisition 320 is being held on account of insufficient funds. It is anticipated that there will be sufficient balance on Item E-13 to provide for this transfer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, September 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Authority is requested to transfer funds as follows:

Central Office.

From A-1, Permanent Employees, \$175, to D-1, Office, \$175.

To cover necessary printing and stationery for the remainder of the year. More than the average number of printed

forms have been required in 1946. It is anticipated that there will be sufficient balance on A-1 to provide for this transfer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

MAYOR'S OFFICE.

BOSTON, September 14, 1946.

JOHN A. SULLIVAN,
Commissioner.

DEAR SIR,—Please transfer from B-37, \$350, to be applied as follows:

From B-37, \$300, to C-15, \$300.

From B-37, \$50, to D-16, \$50.

This transfer is necessary, to provide estimated balance necessary for the remainder of the year.

Very truly yours,

JAMES M. CURLEY, *Mayor.*

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, September 13, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following transfers of funds at the House of Correction, Deer Island:

From B-39, General Repairs, \$800, to D-16, Miscellaneous Supplies, \$600; D-5, Medical, Surgical, \$200.

D-16 item has been overdrawn on account of the increase in prices. Necessary supplies were purchased to make all necessary repairs.

D-5 item has been overdrawn due to increase in prices and needed purchases of D.D.T.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

BOSTON, September 13, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following reallocation of funds at the House of Correction, Deer Island:

From B-39, General Repairs, \$200, to B-5, Express Charges, \$200.

B-5 has been overdrawn on account of having a large amount of expressage and freight to pay for goods purchased from the war surplus and the war supplies for which freight charges—also express charges—must be paid from shipping point.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

STREET LAYING-OUT DEPARTMENT.

BOSTON, September 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Street Commissioners respectfully requests the following reallocations within the budget estimates of the Street Laying-Out Department:

From D-16, General Plant Supplies, to B-4, Transportation, \$400. To cover the cost of car fares and use of cars of commissioners in the examination of proposed garage and gasoline sites, damages by street construction, and land takings.

From D-16, General Plant Supplies, to C-16, Wearing Apparel, \$20. To cover the cost of badges for chairman and commissioner, in addition to those already contracted for.

Very truly yours,

CHARLES E. MANION, *Chairman.*

ELECTION COMMISSIONERS' NOTICE.

SESSIONS FOR REGISTRATION FOR MEN AND WOMEN VOTERS, 1946.

CENTRAL OFFICE, 111 CITY HALL ANNEX, COURT SQUARE.

January 2 to May 29, inclusive, and from June 19 to October 16, inclusive, 9 A. M. to 5 P. M.; Saturdays to 12 M. No REGISTRATION FROM MAY 30TH TO JUNE 18TH, INCLUSIVE. (Exception: Members of the U. S. Army and U. S. Navy may appear to prove their qualifications as voters up to within three days before the primary or election.)

State Election, Tuesday, November 5, 1946.

WILLIAM A. MOTLEY, JR., *Chairman,*
Board of Election Commissioners.

POLICE DEPARTMENT ORDERS.

General Order No. 753.

The following-named persons, provisional temporary patrolmen in this department, are hereby appointed permanent patrolmen, and are assigned as follows; effective Wednesday, September 25, 1946, at 10 o'clock a. m.:

William H. Gavin, Division 3.
Henry J. Dackiewicz, Division 10.
Augustus E. DeLellis, Division 11.
Donald C. Adair, Division 19.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 754.

The following-named persons are hereby appointed permanent patrolmen in this department, and are assigned as follows; effective Wednesday, September 25, 1946, at 10 o'clock a. m.:

John E. Barry, Jr., Robert J. Casey, Thomas J. O'Malley, Jr., Edward W. Traverse, Division 1.

Edward P. Connolly, John A. Faherty, Vincent A. McMahon, Division 2.

William F. Conlin, Thomas H. McKenna, John J. O'Keefe, James J. Sullivan, Division 3.

Francis W. McGeever, Division 4.

William L. Blest, Martin W. Concannon, William P. McDermott, Charles M. Parlon, Division 6.

John L. Campbell, James J. Conley, Jr., Joseph B. Kelly, Stanley B. Kochanski, Michael Kucher, Division 7.

Walter F. Almeida, John J. Donnelly, Martin J. Howard, Jr., Lawrence S. Kennedy, Hippolit Piatkowski, Division 9.

Sydney A. Feldman, William E. Penwarden, Division 10.

Charles G. Denehy, Duncan Drysdale, Wilfred C. Guilbault, Edmund D. Hourihan, Anthony E. Lagana, Division 11.

Lawrence L. Cameron, Morris R. Chisholm, Charles A. Hubert, Joseph P. Sullivan, Division 13.

Edward J. Gately, Arthur T. Ginnetty, John V. Gregory, Henry H. Huling, Thomas W. Moore, Division 14.

John F. Babul, Douglas F. Howe, Placido J. Oteri, Division 15.

Frederick C. Dana, Paul R. Harrington, Division 16.

Patrick T. Glynn, John J. Kelleher, Thomas E. Lydon, Edward J. Spitz, Division 17.

John F. Doyle, Jr., Thomas V. Orlandi, Robert F. Wall, Myles H. Walsh, Division 18.

John R. Bradley, Jr., James F. Greene, Robert H. Keenan, Edward J. Lamb, Robert E. Lawler, Division 19.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 755.

Sergeant Marcus E. Madden, Patrolmen Edward F. Blake and William J. Hogan, attached to the Superintendent's Office, are commended for meritorious police duty performed on September 17, 1946, in connection with the rescue of a man who had jumped into the Charles river, intending to commit suicide.

The Commissioner is pleased to recognize and record the prompt response and

effective action taken by these officers, which undoubtedly prevented the loss of a life.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 756.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officers, members of the Boston Retirement System; effective at the close of business, Monday, September 30, 1946.

Wherefore, In view of this operation of law, after September 30, 1946, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended.

Patrolman Arthur DerAnanian, Division 13.

Patrolman Patrick J. Brosnihan, Division 17.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 757.

Patrolman Stephen F. Finnegan, Division 4, honorably discharged veteran of World War I, having arrived at the age of fifty-one years; having been in service of the Boston Police Department for twenty-one years; and having requested retirement under provisions of section 56, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman Stephen F. Finnegan be retired from active duty in the Police Department, and that his name be placed upon our pension roll at the rate of one half the compensation received by him in office from which he is retired; effective Tuesday, October 1, 1946, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 758.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department, and that their names be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by each in the office from which he is retired; effective Friday, September 27, 1946, at 7.45 o'clock a. m.:

Patrolman Martin F. Quinn, Division 2, 26 years of service.

Patrolman William H. Evans, Division 6, 26 years of service.

Patrolman Francis J. Martin, Division 17, 25 years of service.

Patrolman Irving H. Hoyt, Traffic Division, 26 years of service.

Patrolman Walter P. Owens, Traffic Division, 26 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 759.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Monday, September 30, 1946, at 5.45 o'clock p. m.:

Sergeant Charles Bailey, Bureau of Criminal Investigation, 26 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 760.

Patrolman Frank E. Fredey, Division 15, honorably discharged veteran of World War I, having arrived at the age of fifty-four years; having been in service of the Boston Police Department for twenty-six years; and having requested retirement under provisions of section 56, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman Frank E. Fredey be retired from active duty in the Police Department, and that his name be placed upon our pension roll at the rate of one half of the compensation received by him in office from which he is retired; effective Tuesday, October 1, 1946, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 761.

Patrolman William E. Sellers, Division 4, honorably discharged veteran of World War I, having arrived at the age of forty-nine years; having been in service of the Boston Police Department for twenty years; and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman William E. Sellers be retired from active duty in the Police Department, and that his name be placed upon our pension roll at the rate of one half the compensation received by him in office from which he is retired; effective Tuesday, October 1, 1946, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 762.

The following-named provisional temporary patrolmen, not having been certified by the Director of Civil Service for permanent appointment as patrolmen, their services will be terminated as of 7.45 o'clock a. m., Wednesday, October 2, 1946:

Joseph J. Foley, Division 1.

Dennis F. Hegarty, LeRoy P. McColeman, Vincent Vetrino, Division 2.

Armando Abbondanzio, Division 3.
George H. Martin, George E. Tucker, Division 4.

Charles Assad, Jr., Thomas P. McDonough, Joseph M. McElaney, John J. O'Brien, Division 6.

Lawrence E. McCarthy, Division 7.

Paul J. Erwin, James L. McCarthy, Charles P. McElaney, James P. McLaughlin, Division 9.

Raymond F. McCarthy, George H. Regan, Division 10.

James W. Harrington, Thomas L. Keefe, John P. Kelley, James J. Lannon, John J. Montague, George J. Murphy, Albert J. Ricci, Division 11.

William W. Currie, Walter A. Grenda, James F. Lynch, Jeremiah M. McCarthy, Division 14.

James C. O'Reilly, Division 15.

John J. Katzenberger, James B. O'Leary, Division 16.

Roy F. Tobin, Alfred C. Vettori, Division 17.

Guido W. DeFeo, Thomas H. McDonough, Division 18.

Jerome J. Kruger, Victor J. Whitkens, Division 19.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 763.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer, a member of the Boston Retirement System; effective at the close of business, Monday, September 30, 1946.

Wherefore, In view of this operation of law, after September 30, 1946, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Charles H. Clapp, Division 6.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 764.

The resignation of Patrolman James J. Dunlap, attached to the Superintendent's Office (armed service roll), having been presented, it is hereby accepted to take effect as of Saturday, September 28, 1946, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 765.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Tuesday, October 1, 1946, at 9 o'clock a. m.:

Patrolman Fred H. Shulenburg, to Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 56.

I. AUDITING DEPARTMENT — PERSONNEL INFORMATION FORM.

Personnel Information Forms received from the Auditing Department of the city are being forwarded to each company and department branch today. It will be noted that the forms contain the names, titles, and salaries of the members of the company and department divisions to whom they are sent.

Company commanders and branch division heads are requested to fill in the information required in a neat and accurate manner, and return the forms to Headquarters on or before Monday, October 7, 1946.

In the column entitled "Number" no entry will be made.

In the column entitled "Address" the member's street and number shall be entered. Do not enter section of city in which street is located.

In the column headed "Sex" place the numeral "1" if employee is male and the numeral "2" if the employee is female.

In column headed "M S" insert the numeral "1" if member is single, a widower, or divorced. If married, place the numeral "2" in this column.

In column entitled "Date of Birth" enter date of birth of employee numerically, *i. e.*, 12-31-46.

In column entitled "Date of Appointment" put date of appointment or promotion to position now held by member, such as lieutenant, captain, district chief, chief clerk, etc. In this column write out the first three letters of the month so that the entry will read in the following manner: Mar. 10-43.

In column headed "Date of 1st Employment" put date of original appointment to the city service of each member. In this column, write out first three letters of month so that entry will read in the following manner: Mar. 10-43.

In column six headed "TT" put down the figure "1" for a temporary employee and the numeral "2" if employee is permanent. Provisional members are classed as temporary.

In column headed "MP" put down figure "1" if employee is veteran of Spanish War; figure "3" if employee is veteran of World War I; figure "5" if employee is veteran of World War II; figure "7" if employee is veteran of both World Wars I and II. If employee is not a veteran, place the numeral "0" in this column.

In the last two columns on the form the ward and precinct number of each employee is to be inserted.

Do not sign the forms.

Forms may be typewritten or printed in ink. Do not write entries in longhand.

II. CHANGE OF TIME.

Under the Daylight Saving Law, time will be retarded one hour at 2 a. m., Sunday, September 29, 1946. At that time, clocks will be set back one hour.

All tower clocks without striking mechanism will be set back at 6.30 a. m. All tower clocks with striking mechanism will be stopped at 6.30 a. m. for one hour and then started.

Only the men who are regularly assigned to wind clocks should be detailed to change tower clocks.

III. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter for the information of members of the department:

"As Mayor of the City of Vero Beach, I wish to express the sincere thanks of everyone in this city for the great service which you and the members of your organization rendered our townsman, Harry F. Ingalls, who is a member of the Vero Beach Fire Department.

In these days of strife and unrest, it is gratifying to know that there are still organizations and individuals who are interested in the well-being of their fellowmen.

May I, as Mayor of the City of Vero Beach, thank you for the great work accomplished on behalf of Mr. Ingalls. I am glad to state that he is up and around and again at work, and I humbly believe that his present physical condition is due to the graciousness and service rendered by you and the members of your organization.

I trust I may have the pleasure of inviting you and all of the members of your organization to stop in and see me if any of you are down in this section of the country, and at any time that I can render any service in any measure, please command me.

Respectfully yours,

ALEX. MACWILLIAM,
Mayor."

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 57.

FIRE PREVENTION WEEK.

In recognition of the Proclamation of the President of the United States and the Proclamation of his Excellency the Governor of the Commonwealth of Massachusetts, Fire Prevention Week is being observed in the City of Boston from October 6 to October 12, inclusive.

An organized campaign to emphasize the importance of fire prevention is being undertaken for the ninth consecutive year by the Boston Fire Department, by means of a series of activities concentrated into the Fire Prevention Week period.

Fire stations shall be open to the public between the hours of 12 noon and 9 p. m. for inspection of the premises and for the conveyance of information concerning fire department functions and fire prevention matters. When citizens come to a station during Fire Prevention Week the man on house patrol should summons the commanding officer who should be available and ready to either show the visitors around the quarters and to answer questions regarding the department, or to have a suitable person assigned to this duty.

Children under 12 years of age should not be allowed in the fire stations unless accompanied by adults.

Canvas signs giving notice that Fire Prevention Week is in progress should be displayed from fire stations. Most stations have these signs in their possession from exhibitions of previous years and it is the responsibility of company officers to see to it that these signs are kept in good condition from year to year. Signs should be displayed from Sunday, October 6, to Saturday, October 12, inclusive.

District chiefs are required to take an active interest in the fire prevention program in the following manner:

(a) By arranging special visits to plants and large industrial premises in their districts during the week and arranging to have a special fire drill held during Fire Prevention Week, particularly where there

are now fire brigades already existing. Notices of the date of the fire drill held and the rating of the drill as either "Fair," "Poor" or "Good," should be forwarded to the Fire Prevention Division so that a summary may be made of the number and location of industrial fire drills conducted in the City of Boston during Fire Prevention Week, on each day of the week.

(b) All public and private schools within each district should be visited by a district chief or such officers as may be detailed by the district chief to assist in this work. School fire drills are to be held and permission should be obtained for the presentation of a five-minute talk on the subject of fire and fire prevention at an assembly of the pupils. Such talks should not be read from any manuscript or printed pamphlet, but should be delivered directly by the district chief or by some uniformed member of the Fire Department capable of presenting such a talk effectively and properly.

(c) Home inspection blanks should be provided to various school principals or head masters for distribution and collection by the Teacher-Fire Councilor of the building. Collection of the filled-out home inspection blanks from Teacher-Councilors by the Fire Department is an important feature of the use of these forms and should not be neglected. A list of the schools from which such forms have been collected should be forwarded to the Fire Prevention Division on or before October 25th.

(d) Officers assigned by the district chief to deliver addresses in schools likewise should be assigned to attend Rotary Clubs, Kiwanis, Board of Trade and other neighborhood and local organization functions, including women's club meetings in the district held during the week or if no meeting is scheduled during the week to attend any meeting held during the month of October. Chief officers should know the various representative social organizations in the community and should keep a list of them for reference at such times when fire prevention messages of importance to the community are to be conveyed to such organizations quickly.

(e) All members of the department off duty are requested to come to the Bowdoin Square Fire Station at 2 p. m., Sunday, October 6, 1946, for the purpose of marching in a parade along Tremont street and Boylston street to the Charles street entrance of Boston Common, where an exhibition will be conducted by the drill team of the Fire Department.

(f) There is no event of more importance to the Fire Department in establishing its fire prevention program than this parade, and any fireman who has the interest of the department at hand will come and take part in this parade so that the public of the city will realize that our fire prevention messages are sincere, and not merely words designed for display purposes. The public has an opportunity to see the Fire Department on parade once each year. If the department makes a good impression, that is a credit to the department. If a small response of men results, the department will not stand as well as it deserves in the estimation of the thousands who witness the parade on Fire Prevention Sunday. Whereas, the members of this department are urging the voters of Boston to give favorable consideration to their appeal for a forty-eight (48) hour work week, it is incumbent upon the members of the department to participate in the parade in order to make as fine a showing as possible.

(g) Once a year firemen are asked to make this contribution to a fire prevention program of the nation. Once a year for a period of two hours in the afternoon of a Sunday, men off duty are requested to march in uniform and to witness their own department exhibition drill. They are privileged to bring their own families to witness the parade and the exhibition and this enables them to acquaint members of the family with the type of men in the Fire Department and the kind of work performed by firemen in this city. Response this year is requested for 2 p. m., Sunday, October 6, 1946, at the Bowdoin Square Fire Station. Parade starts promptly at 2.30 p. m.

Throughout the week all firemen are to pay special attention to the observance of fire hazards and to the duty of observing and locating fire hazards along the route followed by them in their coming to and going from daily work. Dilapidated buildings, rubbish accumulations, and other hazards should be reported to the Fire Prevention Division. The public expects uniformed members of the Fire Department to know something about fire prevention work and to have an interest in this subject, since they are public employees engaged in this field. Firemen, therefore, during Fire Prevention Week, should have this subject uppermost in their minds and they should not pass by any fire hazard at any time without making a note of it for reference to the Fire Prevention Division. In short, every uniformed man in the Fire Department is a fire prevention inspector at all times.

An extensive program of radio broadcasts, news releases, store window displays, public exhibitions, has been arranged for Fire Prevention Week, notice of which will appear through the usual channels.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 58.

I. LEO G. COSTELLO, LADDER 15.

It is with deep regret that the Fire Commissioner announces the death, on September 25, 1946, of P. M. S. Leo G. Costello of Ladder Company 15. P. M. S. Costello was appointed to the department February 27, 1946.

The funeral was held from his late home, 18 Spring Valley road, West Roxbury, at 8.30 a. m., Saturday, September 28, 1946, followed by services at St. Theresa's Church, Centre street, at 9 a. m.

The chief of department made the customary detail to act as funeral escort, and the members of Ladder 15 were excused from duty to attend the funeral services.

II. RETIREMENT.

The following retirement which became effective at 4.30 p. m., Monday, September 30, 1946, is hereby announced:

Auto Repairer Daniel A. Sullivan, Maintenance Division.

Auto Repairer Sullivan was appointed to the department July 28, 1918, and he leaves the department with the best wishes of his associates.

III. TRANSFERS.

The following transfers will become effective at 8 a. m., Wednesday, October 2, 1946:

Hoseman Mark W. Murphy, from Engine 8 to Engine 3.

Hoseman Francis McLaughlin, from Engine 17 to Ladder 3.

Hoseman Charles A. Newell, from Tower 3 to Ladder 5.

IV. RETURN TO DUTY FROM ARMED FORCES.

The following member who has been serving in the armed forces of the United States will return to duty in the Fire Department at 8 a. m., Wednesday, October 2, 1946:

Hoseman Robert E. Regan to Engine 43.

V. ADDITIONAL RESPONSES FOR RESCUE COMPANY 2.

Company commanders are hereby reminded that running cards should be adjusted in accordance with instructions contained in S. O. 95, c. s., viz., Rescue 2 should be placed in the second alarm response and struck off the covering response on all running cards in Division 3 and District 11.

Effective at 8 a. m., Wednesday, October 2, 1946, Rescue Company 2 will respond to the following boxes on the first alarm:

Boxes: 2436; 244; 2453; 2454; 2472; 2474; 2475; 12-3557; 13-3557; 12-5137; 13-5137.

Company commanders shall make adjustments on running cards as follows:

Boxes: 2436; 244; 2453; 2454; 2472; 2474; 2475. Drop Rescue Company 2 on second alarm; add Rescue Company 2 on first alarm.

Boxes: 12-3557 and 13-3557. Drop Rescue 2 on second alarm; add Rescue 2 on first alarm; place a diamond alongside of 12-3557; 13-3557; and alongside of Rescue 2.

Boxes: 12-5137; 13-5137. Drop Rescue 2 on second alarm; add Rescue 2 on the first alarm; place a diamond alongside of 12-5137; 13-5137; and alongside of Rescue 2.

VI. A. D. T. ASSIGNMENT.

The following signal number is to be added to running cards of the American District Telegraph Company in this department:

Signal 694, Price Brothers Company, 511-519 rear Medford street. (Sprinkler.) Apparatus to respond: Engine 32, Ladder 9, District Chief 2. Nearest box is 4168.

VII. COMMENDATIONS.

The following-named members of the department are hereby commended for responding to and working at fire, Box 3354, three alarms, on September 17, 1946, while off duty:

Hoseman Simon F. Eskot, Engine 18.
Apparatus Operator James W. McQuaid, Engine 18.

Hoseman William H. McClennon, Engine 21.

Hoseman John J. McCorkle, Engine 15.
Ladderman John J. Crowley, Ladder 7.
Ladderman William W. Sparrow, Ladder 23.

Operator William J. Bates, Fire Alarm Office.

P. M. S. James N. Fix, Fire Alarm Office.

P. M. S. George E. Thompson of Engine Company 36 is hereby commended for extinguishing a fire at Box 4161 before arrival of apparatus on September 26, 1946, while off duty.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of repairs to the Sullivan Square Terminal of the Boston Elevated Railway, estimated to be two (2) months, the following rules are effective September 24, 1946:

Parking of vehicles is prohibited in the following streets:

Beacham Street, Charlestown.

Both sides, from Arlington avenue to West street.

West Street, Charlestown.

Both sides, from Beacham street to Alford street.

The following street is one way in the direction indicated:

West Street, Charlestown.

From Beacham street to Alford street.

Vehicles are excluded from the following street, between the hours of 8 p. m. and 6 a. m.:

Beacham Street, Charlestown.

From Main street to West street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted February 28, 1946, and was effective July 29, 1946, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days, from September 27, 1946.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Washington Street, Dorchester.

East side, from Blue Hill avenue to Gallivan Boulevard, 8 a. m. to 10 a. m.

West side, from Blue Hill avenue to Gallivan Boulevard, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston which was adopted February 28, 1946, and was effective August 1, 1946, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days, from September 30, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Hampden Street, Roxbury.

West side, from Albany street to Dudley street, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be six (6) months, vehicles are excluded from the following street, effective September 30, 1946:

Freeport Street, Dorchester.

From Victory road, southerly, to Old Colony Parkway.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective September 27, 1946:

Codman Hill Avenue, Dorchester.

From Washington street to Milton avenue.

Pleasant Hill Avenue, Dorchester.

From Gallivan Boulevard to Morton street.

PROCEEDINGS OF CITY COUNCIL.

Monday, September 23, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY presiding. Absent, Councilor Fish. The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.: To the position of Weighers of Coal, for the term ending April 30, 1947:

Albert R. Pettrillo, 976 Columbus avenue, Roxbury, Mass.; Helen V. Brine, 6 Mt. Hope street, Roslindale, Mass., with The Whittemore Company, Roslindale, Mass.; Adele Levitt, 632 Morton street, Dorchester, Mass., with Central Fuel Company, 999 Columbus avenue, Roxbury.

To the position of constable of the City of Boston, for the term ending April 30, 1947, authorized to serve civil process upon filing of bond:

Bernard Joseph Duffy, 721 East Second street, South Boston, Mass.; Rudolph L. Trent, 34 Highland street, Roxbury, Mass. Referred to the Committee on Constables and Confirmations.

PLANTING TREES ON WELD STREET.

The following was received:

City of Boston,
Office of the Mayor, September 23, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, in reply to your Council Order of August 26, 1946, to arrange for the planting of trees on both sides of Weld street, between Church street and the West Roxbury Parkway, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, September 4, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of August 29, with enclosure, order from the City Council that the Park Department plant trees on Weld street, between Church street and the West Roxbury Parkway.

There is no question but what this area should be planted, but some of the finest trees in West Roxbury were cut down with the widening of this street, but no pits have been provided—no opening in the granolithic. It will cost at least \$35 per tree to plant trees and I regret to inform you no money is available at the present time.

I will probably have to obtain a transfer in November, if so, I will comply with the request as far as the money will allow me to.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

N. Y., N. H. & H. R. R. TAXES.

The following was received:

City of Boston,
Office of the Mayor, September 23, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Corporation Counsel, in reply to your Council Order of September 9, 1946, to appear before the City Council at its next Executive Session with information pertaining to the settlement of taxes due the city by the New York, New Haven & Hartford Railroad and to explain to the members of the City Council whether or not any rebates have been given to this company and whether the amount due the city has been paid in full.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, September 16, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—On September 11 there was referred to this office for consideration and report an order of the City Council passed on September 9, requesting the Corporation Counsel to appear before the next Executive Session of the City Council in regard to the settlement of taxes due the city by the New York, New Haven & Hartford Railroad.

I have to report that the Corporation Counsel is still confined to his home as the result of an operation which he underwent three weeks ago. I expect that he will return to this office about the 25th of September, at which time I shall call to his attention the order of the City Council above referred to.

Yours very truly,
JAMES A. KELLEHER,
Acting Corporation Counsel.

Placed on file.

INCREASED PENSIONS.

The following was received:

City of Boston,
Office of the Mayor, September 16, 1946.
To the City Council.

Gentlemen,—I have this day approved the order of your Honorable Body accepting chapter 559 of the Acts of 1946.

This act authorizes the city to increase the pensions or retirement allowances of employees retired prior to January 1, 1946, by an amount not exceeding 20 per cent, provided that any such increase shall not make the resulting pension or retirement allowance more than \$1,000.

I have approved the act for the main reason that its acceptance does not make it obligatory upon the city to make any increase in the present pensions but merely leaves the way open to make such increases as may appear desirable.

It is my feeling that the proper way to deal with the problem of the low paid pensioners who are faced with the present high cost of living is to make an increase, applicable to past and future pensioners, in the minimum pension allowance.

The whole matter of pensions is very much complicated by the facts that the city has accepted the new State Retirement System; that several groups have already obtained an increase in non-contributory pensions; that a commission has been appointed to consider and report on the subject to the Legislature in December; and that chapter 559 applies only to persons retired before January 1, 1946.

In the meantime, to meet to some extent the present situation, I recommend for passage by your Honorable Body, the accompanying order.

Until these complications have been more or less cleared up, the order I submit represents the limit of increases I am willing to approve at the present time.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the authority of chapter 559 of the Acts of 1946, and effective October 1, 1946, the pension or retirement allowance of any former employee of the City of Boston or of the County of Suffolk whose pension or retirement allowance is chargeable to the City of Boston, shall be hereby increased by twenty per cent of said pension or retirement allowance, provided that such increase shall not be made in the case of a pension or retirement allowance which is \$720 or more in amount, and provided further that no pension or retirement allowance shall be increased hereunder by an amount that will make the same exceed \$720.

Referred to the Executive Committee.

TRANSFER OF APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, September 23, 1946.
To the City Council.

Gentlemen,—The inclosed requests for transfer of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, \$1,300, to the appropriation for Public Welfare Department, Wayfarers' Lodge, \$1,300.

City of Boston,
Public Welfare Department,
September 20, 1946.

To Hon. James M. Curley, Mayor of Boston.
From Mr. William G. O'Hare, Secretary, Public Welfare Department.

Subject: Transfer.
Will you kindly make the following transfer in the appropriation of this department:
From Central Office, F-9, Dependent Aid, \$1,300, to Wayfarers' Lodge, C-7, Furniture and Furnishings, \$1,300.

Explanation.—To provide funds for the purchase of 39 cots and rubberized mattresses. It was necessary to discard 75 cots and mattresses this year because of wear and tear. These cots will be necessary in order to properly care for men who apply for lodgings at the Wayfarers' Lodge. Also, for the purchase of 100 blankets. Because of wear and tear, a substantial number of blankets have been discarded. These blankets are absolutely essential in order to provide proper bed clothing for lodgers.

WILLIAM G. O'HARE, Secretary.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, \$425, to the appropriation for Public Welfare Department, Temporary Home, \$425.

City of Boston,
Public Welfare Department,
August 26, 1946.
To Hon. James M. Curley, Mayor of Boston.
From Mr. William G. O'Hare, Secretary, Public Welfare Department.

Subject: Transfer.
Will you kindly make the following transfer in the appropriation of this department:
From Central Office, F-9, Dependent Aid, \$425, to Temporary Home, B-39, General Repairs, \$425.

Explanation.—To provide funds for the payment of exit signs required under building and fire laws.

WILLIAM G. O'HARE, Secretary.
Referred to the Executive Committee.

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, September 23, 1946.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$23,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1946 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$211,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$23,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of \$23,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on	
January 12, 1887, Maintenance and	
Improvement of.....	\$23,000

City of Boston,
Park Department, September 11, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$23,000 which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on	
January 12, 1887, Maintenance and	
Improvement of.....	\$23,000

When making up the budget estimates for the year 1946, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1946, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.
Referred to the Parkman Fund Committee.

BOWLING ALLEYS—SUNDAY FEE.

The following was received:

City of Boston,
Office of the Mayor, September 23, 1946.
To the City Council.

Gentlemen,—I submit herewith a proposed ordinance regulating the operation of bowling alleys on the Lord's Day.

The proposed ordinance establishes a fee of one dollar per alley each Sunday the alley is in operation. In my opinion, this is a fair fee in view of the fact that provision is made in the ordinance to permit owners of bowling alleys to operate all, or any number, of Sundays during the term of the license.

In view of the fact that the indoor season is at hand, I recommend that your Honorable Body give early consideration and passage to the accompanying ordinance.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston.

In the year Nineteen Hundred and Forty-Six. An Ordinance Concerning the Operation of Bowling Alleys on the Lord's Day.

Be it ordained by the City Council of Boston, as follows:

Section 1. The following regulations are hereby established concerning the operation of bowling alleys on the Lord's Day; and for the licensing of privately-owned premises for such sport or game.

Section 2. Licenses for the operation of bowling alleys may be granted by the City Council under the terms and conditions as herein set forth.

Section 3. Licenses voted by the City Council shall be for the term of one year beginning October fifteenth of each year, and shall be issued by the City Clerk in the manner set forth in the following section. The City Clerk shall receive from each licensee a fee of one dollar per alley for each Sunday each alley is in operation.

Section 4. The City Clerk shall, if so requested, issue licenses for less than the total number of Sundays during the term; and shall, if so requested, issue said license for less than the total number of alleys located on the premises, provided, however, that no license issued upon such conditions shall be issued for less than four consecutive Sundays, the fee for which shall be payable in advance.

Section 5. The licensee shall display the license to operate on the Lord's Day in a prominent place on the premises.

Section 6. The licensee agrees to accept a license to operate bowling alleys on the Lord's Day on the express conditions that duly accredited representatives of the City of Boston and Commonwealth of Massachusetts may enter upon and inspect the premises at any time; that the provisions of chapter 136 of the General Laws, as amended, will be complied with; and the licensee further agrees the failure to comply with any of the rules and regulations as herein set forth or subsequently adopted by the City Council of Boston, or the Commissioner of Public Safety of the Commonwealth of Massachusetts, shall serve as a revocation of the license, subject to determination of the City Council.

Section 7. This ordinance shall take effect upon its passage.

Referred to the Committee on Ordinances.

BOWLING ALLEYS—SUNDAY OPERATION.

The following was received:

City of Boston,

Office of the Mayor, September 23, 1946.
To the City Council.

Gentlemen,—I submit herewith an order for the acceptance of chapter 207 of the Acts of 1946, relative to the operation of bowling alleys on the Lord's Day.

It would appear that there is little, if any, objection to the inauguration of Sunday Bowling in Boston, consequently, I recommend the passage of the accompanying order.

In a separate communication, I am submitting to your Honorable Body a proposed ordinance establishing a fee for the operation of bowling alleys on Sunday, and setting up other regulations.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That chapter 207 of the Acts of 1946, entitled "An Act Relative to the Licensed Operation on the Lord's Day of Bowling Alleys" be, and hereby is, accepted.

Referred to the Committee on Licenses.

FEDERAL LEASE OF NORTH FERRY LAND AND DOCKS.

The following was received:

City of Boston,

Office of the Mayor, September 23, 1946.
To the City Council.

Gentlemen,—I submit herewith an order to lease to the Federal Government, city land and docks which were formerly part of the North Ferry, together with a portion of Border street, East Boston, which has been discontinued by the Board of Street Commissioners.

The proposed lease is a continuance of a lease authorized by your Honorable Body in 1941, under the terms of which the United States Navy has occupied the premises. The Commissioner of Public Works is in favor of extending the term of the present lease. I submit herewith letters from the Commissioner of Public Works and Rear Admiral M. L. Deyo, United States Navy, Commandant of the First Naval District.

I have no objection to the extension of this existing lease for the period requested by the Navy Department, and I therefore recommend the passage of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
September 12, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I return herewith letter from Rear Admiral M. L. Deyo, U.S.N., Commandant, Headquarters, First Naval District, regarding a renewal of lease which the Federal Government has covering City property on Border street, East Boston.

The property covered by the lease is City land and docks which were a part of the North Ferry, and a portion of Border street which was discontinued by an order of the Board of Street Commissioners.

The existing lease which expires this year, was made in accordance with an order of the City Council, passed at its meeting of April 28, 1941, and approved by the Mayor of Boston on April 29, 1941. The present request from the Navy Department is to make a lease for a term of five years rather than have the lease terminate by proclamation terminating the unlimited National Emergency which has been in existence during the state of war.

As far as this department is concerned, there are no objections to complying with the request made by Rear Admiral Deyo, and I have had the Law Department prepare a proper form of order for presentation to the City Council, renewing this lease for a period of five years, at an annual rental for the use of the property, of \$1 per year.

I return herewith the lease which accompanied Admiral Deyo's letter, in which certain provisions have been included at the request of this department, and I attach five copies of the order prepared by the Law Department, which I respectfully request be transmitted by Your Honor to the City Council, for appropriate action.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Whereas, The City of Boston is the owner of certain property known as the North Ferry, situated in the East Boston District, containing approximately 58,987 square feet of land and flats, together with the wharves and buildings thereon. This property was acquired in fee by purchase in 1859. The deed of conveyance of said property to the City of Boston is dated February 24, 1859, recorded with Suffolk Deeds, Book 753, page 40; and

Whereas, The City of Boston is the owner in fee of that part of Border street, a public highway containing approximately 21,546 square feet of land, lying southwesterly of the southwesterly side-line of Sumner street and running from said Sumner street to the said North Ferry. The title of the City of Boston to this part of Border street was acquired by two deeds; the first of said deeds being dated and recorded as aforesaid, and the second of said deeds being dated November 9, 1885 and recorded with Suffolk Deeds, Book 1701, page 294; and

Whereas, That part of Border street lying southwesterly of Sumner street is to be discontinued as a public highway; and

Whereas, The said North Ferry is no longer needed for public purposes, and the said part of Border street to be discontinued will at the date of said discontinuance be no longer needed for public purposes; and

Whereas, The United States of America, Navy Department, the owner of certain property situated southerly of and abutting on the said North Ferry and the said part of Border street to be discontinued, desires to lease the said property of the City of Boston for a term not exceeding five years; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to lease in the name and behalf of the City of Boston, by an instrument in writing satisfactory in form to the Law Department of the City of Boston, the said premises hereinbefore referred to and known as the North Ferry, together with that part of Border street hereinbefore referred to upon its discontinuance as a public highway, to the United States of America, Navy Department, for the purposes of said department, for a term not exceeding five years, at an annual rental of one dollar, subject, however, to the condition that no building or structure shall be erected upon the said premises unless plans thereof have first been approved in writing by the Commissioner of Public Works of the City of Boston.

President KELLY—In view of the fact that this is a lease to the Federal Government, the Chair is going to refer this to the Executive Committee instead of to the Committee on Public Lands.

Coun. LINEHAN—Mr. President, a point of information. On some of the orders which were read earlier which recommended the appropriation of money, they were referred to the Executive Committee?

President KELLY—One was a transfer. Those were all referred to the Executive Committee. The order on the Parkman Fund was referred to the Parkman Fund Committee.

Coun. LINEHAN—How about some of the earlier ones?

President KELLY—I think they are transfer orders.

Coun. LINEHAN—All transfers?

President KELLY—Those are the only orders, the transfers.

Coun. LINEHAN—All right.

COMPENSATION PLANS,
SUFFOLK COUNTY EMPLOYEES.

The following was received:

City of Boston,

Office of the Mayor, September 23, 1946.
To the City Council.

Gentlemen,—I transmit herewith for consideration by your Honorable Body the attached proposal by the Budget Commissioner to amend the "Compensation and Classification Plans for the Officers and Employees of Suffolk County."

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Budget Department, September 23, 1946.
To the Mayor and City Council.

Honorable dear Sirs,—The District Attorney of Suffolk County has requested that the "Compensation and Classification Plans for the Officers and Employees of Suffolk County," be amended by re-establishing the classification of Chief Stenographer and Indictment Clerk. This position was included in the County Plan upon its inception in 1931, but was abolished on recommendation of the then Budget Commissioner in November of 1938, and the position of Indictment Clerk substituted. The Budget Commissioner apparently assumed at the time, at least by inference, that the District Attorney desired this change because in submitting his appointment to fill the then existing vacancy of Chief Stenographer and Indictment Clerk, the District Attorney used the title of Indictment Clerk and established a salary which was \$100 less than the minimum provided for Chief Stenographer and Indictment Clerk. The District Attorney now states that it was not his intention to abolish the classification of Chief Stenographer and Indictment Clerk, and that the then Budget Commissioner must have taken this action because of a misunderstanding.

Under the circumstances, and in accordance with the provisions of the Rules for the Administration of Classification and Compensation Plans for the Employees of Suffolk County I inform your Honor and the City Council it is now proposed to abolish the following classification:

Title of Class: Indictment Clerk.

Duties: Under general direction, to assign and list Grand Jury cases to draw all indictments resulting from Grand Jury action; to keep necessary records; to supervise and assign the clerical work of the District Attorney's office; and to perform other related work.

Range of Compensation: Annual, \$2,500-\$2,600-\$2,700-\$2,800-\$2,900-\$3,000
and in its place substitute the following classification:

Title of Class: Chief Stenographer and Indictment Clerk.

Duties: Under general direction, to act as stenographer for the Grand Jury; to assign and list Grand Jury cases; to draw all indictments resulting from Grand Jury action; to keep necessary records; to supervise and assign the clerical and stenographic work of the District Attorney's office; and to perform other related work.

Range of Compensation: Annual, \$2,600-\$2,900-\$3,200-\$3,500.

Very truly yours,
JOHN A. SULLIVAN,
Budget Commissioner.

Ordered, That the Compensation and Classification Plans for the Officers and Employees of Suffolk County, as adopted by the City Council on April 13, 1931, and approved by the Mayor on April 15, 1931, be, and the same hereby are, amended, by abolishing the following classification:

Title of Class: Indictment Clerk.

Duties: Under general direction, to assign and list Grand Jury cases; to draw all indictments resulting from Grand Jury action; to keep necessary records; to supervise and assign the clerical and stenographic work of the District Attorney's office; and to perform other related work.

Range of Compensation: Annual, \$2,500-\$2,600-\$2,700-\$2,800-\$2,900-\$3,000
and substituting therefor the following classification:

Title of Class: Chief Stenographer and Indictment Clerk.

Duties: Under general direction, to act as stenographer for the Grand Jury; to assign and list Grand Jury cases; to draw all indictments resulting from Grand Jury action; to keep necessary records; to supervise and assign the clerical and stenographic work of the District Attorney's office; and to perform other related work.

Range of Compensation: Annual, \$2,600-\$2,900-\$3,200-\$3,500.

Referred to the Committee on County Accounts.

DRIVEWAY OPENINGS.

The following was received:

Petition of the Federal Reserve Bank of Boston for driveway opening at 4-6-12 Pearl street and 99-111A Milk street.

Petition of Sun Spots, Inc. for driveway opening at 874 Dorchester avenue.

Petition of A. DiMascio for driveway opening at 209 and 215 Boston street.

Referred to the Committee on Licenses.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Edward Abramson, for compensation for damage to car by city car.

Harold J. Bentley, to be reimbursed for money lost while patient at City Hospital.

Angelo E. Caracostas, for compensation for damage to property at 39 Dwinell street, during repairs to sidewalk.

Mark Corrado, for compensation for damage to property at 953 Saratoga street, caused by bursting of water pipe.

James Joseph Cox, to be reimbursed as result of accident which occurred while in performance of duty as employee of Public Works Department.

Michael V. Dailey, to be reimbursed as result of accident which occurred while in performance of duty as employee of Park Department.

Eileen F. Ford, for compensation for damage to property at 15 Maynard street, caused by lowering of grade of Maynard street.

Andrew F. Garrity, for compensation for damage to property at 19 Maynard street, caused by lowering of grade of sidewalk.

Anna Gochberg, for compensation for injuries caused by an alleged defect in Seaver street.

Mrs. Guinto, for compensation for damage to car by city truck.

Walter J. Hussey, for compensation for damage to car by city truck.

Henry P. Lelito, for compensation for damage to car by police cruising car.

Peter Leonard, for compensation for injuries caused by an alleged defect in Brighton avenue.

Myer Levetin, for compensation for damage to car by fire engine.

Gertrude H. Nelligan, to be reimbursed for expenses incurred in digging for leak in water pipe at 29 East street, Dorchester.

Henry T. Nielsen, to be reimbursed for clothing lost at City Hospital.

John J. Power, to be reimbursed as result of accident which occurred while in performance of duty as employee of Fire Department.

Ethel L. Ransbottom, for compensation for damage to car caused by an alleged defect in Broadway.

Margaret F. Rusk, for compensation for injuries caused by an alleged defect at 401 Centre street.

Edward J. Russell, to be reimbursed as result of accident which occurred while in performance of duty as employee of Fire Department.

James P. Spillane, for compensation for damage to car by fire wagon.

Ruth Stankard, for compensation for injuries caused by alleged defect in Public Garden.

Charles E. Barry, for compensation for damage to property at 92 Hollingsworth street, caused by heavy trucking along street.

EAST BOSTON FERRY.

The following was received:

Application of Boston Waterways, Inc., for license to operate ferry from Congress street to East Boston.

Referred to the Committee on Licenses.

APPOINTMENT OF JOSEPH A. MUTASCIO.

Notice was received from the Health Department of appointment of Joseph A. Mutascio, 2 Wyman place, Jamaica Plain as collector of milk samples, effective September 18, 1946, at \$6 a day, plus \$200 E.C.A.

Placed on file.

COMMISSION FOR STUDY OF CHARTER.

Notice was received of the appointment of Judge Daniel J. Gillen and Mr. Rupert S. Carven as members of the Special Commission for Investigation and Study of the Charter of the City of Boston and special laws governing said City and County of Suffolk.

Placed on file.

LEASE OF CUDWORTH SCHOOL.

Notice was received from the School Committee of the City of Boston of an order passed unanimously requesting the City Council authorize the School Committee to lease to the Major P. J. Grady Camp, No. 3, United Spanish War Veterans, Department of Massachusetts, the Cudworth School, Grove street, corner of Paris street, East Boston.

Placed on file.

NOTICES OF HEARINGS.

Notice was received from the Department of Public Utilities of hearing on petition of the Boston Elevated Street Railway Company for the operation of trackless trolleys from Dudley Street to Dorchester.

Notice was received from the Department of Public Utilities of hearing on petition of the Boston Elevated Railway Company for the operation of trackless trolleys from Dudley Street to Roxbury and Jamaica Plain.

Notice was received from the Department of Public Utilities of hearing October 10 on petition of John Almeida, Jr., doing business as Almeida's Bus Service for operation of bus route from Park Square to Mattapan Square.

Placed on file.

REPAIR OF HEAD HOUSE PIER.

The following was received:

City of Boston,
Office of the Mayor, September 23, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, in reply to your Council order of September 9, 1946, to repair the Old Head House Pier, which is in deplorable condition at the present time.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, September 16, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Mr. Connors,—I have your memorandum of September 11, with enclosure, order from the Honorable members of the City Council to repair the Old Head House Pier.

I regret exceedingly to inform you the lowest possible price I have been able to obtain on repairs was \$175,000. That was in the fall of last year. At the present time it will cost at least \$235,000.

I will try and make arrangements to obtain this money and readvertise this job, at the earliest possible moment.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SCHOOL DEPARTMENT TO ABOLISH SERVICE CHARGES.

Coun. MADDEN and LANE offered the following:

Ordered: That the School Committee of the City of Boston be requested, through his Honor the Mayor, to abolish the service charge of \$6 now assessed on veterans attending the High School of Commerce.

President KELLY—Motions, orders and resolutions. Councilor Madden.

The Chair will remind the Body several persons have been invited to appear before the Executive Committee. If we can recess about three o'clock to go into executive session they will be waiting for us.

Coun. HANNON—Mr. President, I do not know who invites these people to appear before the Executive Committee and why they are invited. After all I think we are a Body and supposed to make our own rules. Apparently the newspapers or some of them are setting the hours of our meetings, setting the hours on what we are going to do.

President KELLY—Just a minute, councilor, do not interrupt you, but there was a motion made at the last meeting that certain gentlemen be invited to our next executive board meeting.

Coun. HANNON—Mr. President, I think the motion was that there be an executive meeting held between that meeting and our regular meeting and these people would be invited then. I was partly responsible for the enactment of the motion. There was supposed to be a special meeting of the Executive Committee held between our regular meeting two weeks ago and this meeting today. I for one do not like the idea of coming in here and having our business curtailed. The business of the city is rushed through. We are supposed to go out of here at three o'clock in the afternoon. We will either be rushed through and out there or else we are going to stay here all night, again trying to get information to which we are rightly entitled. As far as I am concerned, I believe we belong in here until we properly transact our business. If there is going to be any guest invited to the executive session, I think we the individual members of this City Council or the members of the Executive Committee are the ones to invite guests. It should not be the whim or fancy of one individual or one paper. It is up to every member of the Body. We are inviting people to appear before the Executive Committee. It is up to the Committee members who we want and when we want them. I think in fairness to the citizenry of Boston we should give a proper hearing, set aside a day on which we can hear the pro and con and not come in here and be rushed through at three o'clock in the afternoon. We are telling the members here now to cut short any talks or speeches on any orders pertaining to their district so we can get out at three o'clock because somebody has invited some big shot apparently to come up here. They cannot wait but the councilors here have to set their time in order to meet the convenience of somebody who has been invited by the Lord knows whom.

President KELLY—The Chair will make a statement. Unfortunately the chairman of the Executive Committee has been confined to the hospital. He has been sick and therefore there has been no meeting of the Executive Committee. As far as any outsiders being invited by anybody to the Executive Committee, those persons were invited on the motion of the Boston City Council at the last regular meeting.

Coun. HANNON—Mr. President, a point of information.

President KELLY—Just a minute, councilor, until I get through.

Coun. HANNON—What was the motion made at the last meeting? Let us have that straightened out.

President KELLY—The minutes of the meeting have not arrived. Does Councilor Muchnick recall his motion?

Coun. MUCHNICK—As I remember the motion, it was that we hear all persons interested at an executive meeting. Those persons were to be invited. Again if I remember correctly, it was by the chairman of the Executive Committee. He is detailing that function to you. I for one can see no objection to your having done it.

President KELLY—The chair might state that evidently the Chairman of the Executive Committee has invited these persons. Unfortunately the chairman has been sick in the hospital. The Chair will state when he made the statement earlier in the meeting he realized the Council in its wisdom does not have to adjourn at three o'clock to go into executive session. The Council can stay in full session so long as it desires. The Chair has no authority at all to shut off any member of the Council on any order. I just made the announcement the gentlemen have been invited to the Executive Committee, as the motion was made at the last regular meeting. Those gentlemen have come here upon invitation and not upon the invitation of the Chair.

Coun. HANNON—Mr. President, I have no fault to find with the Chair. Unfortunately the chairman of the Executive Committee is indisposed or sick. He has requested somebody else to send out invitations. I am willing to abide by that. I am finding fault with the fact that at least the moral understanding here two weeks ago was that we were to have an Executive Committee some day between that meeting and the next meeting and that we were to have plenty of time in order to interview proponents and opponents of the proposed five million dollar loan. I read in the papers that the meeting was called for tomorrow. As a matter of fact, I was in here this morning. I answered two or three telephone calls where there were conflicts in the paper as to what time the meeting was to be held. Mr. Desmond of the Traffic Commission called up and asked me what time he was to be here. I said I did not know. He said, "Isn't there a special meeting?" I said, "I do not think so." I did not receive any notice of one. He said, "Well, I read about it in the paper. It is to be at 11 o'clock. One of the councilors called me up and told me it was to be 3 o'clock." That is the conundrum I am faced with. Two weeks ago it was the understanding of every councilor here that there was to be a meeting of the Executive Committee called and we were going to have a whole day to discuss the pros and cons of off-street parking.

President KELLY—I understood it the same way, councilor. Unfortunately the chairman of the Executive Committee has been sick. I am informed the chairman of the Executive Committee instructed the City Clerk to instruct the Clerk of Committees to send out the notice to the various gentlemen to appear at the meeting.

Coun. HANNON—Mr. President, may I quote from the minutes of the last meeting, page 434?

"Coun. FISH—Mr. President, as chairman of the Executive Committee, having heard so much talk this afternoon about the various members of the Council, even those who favored it and those who opposed it, I am going to have another hearing, not necessarily a public hearing, a hearing by invitation, sometime before the next meeting. I will probably arrange that tomorrow or the day afterwards and give sufficient notice."

President KELLY—The Chair recalls his making that statement. Unfortunately he was confined to the hospital or to his home.

Coun. HANNON—Mr. President, then out of courtesy to the chairman, we should notify these guests invited today they can come some other day. They have inconvenienced the Council two or three times by not showing up. I do not think we will greatly inconvenience them if we ask them to return some other day.

President KELLY—If that is the will of the Body, the President will gladly entertain a motion.

Coun. MUCHNICK—Mr. President, just the reverse of that is true. If at 3 o'clock we go into executive session and if we find after that it takes more time, we can recess the executive session or continue it until some other time and hear everybody else. But until such time as we find we need more time we ought to continue with the plans as they now are. If a motion is in order, I would just as soon move a recess at 3 o'clock.

President KELLY—There is no motion in order. There is an order before the Body. (The clerk read the order.)

Coun. MADDEN—Mr. President, to me this seems to be one of the most unfair if not stupid things that I have seen ever since I have come back from overseas. Here you have hundreds of boys and girls whose schooling was interrupted to go to war, Boston boys, kids who never had a chance. While they were in high school the moment they became seventeen Uncle Sam said, "Come on and get in the Army." Now they are back. They did a terrific job over there. Everything we have we owe in no small measure to those kids. They try to get into college and every college in the country is crowded. They cannot

get in. A lot of them are short on credits. They have to quit in their sophomore or junior year. They go back to high school. The City of Boston is charging high school boys, veterans, \$6 a week to go to school. Gentlemen, that is rotten. Up here at the State House, foreigners who never have done a thing for the Commonwealth of Massachusetts or for America have free schooling, and free books. But boys and girls, your boys and girls and my boys and girls, your neighbors and my neighbors, when these kids come back and start in at school, our School Committee says, "Give me \$6 a week or leave." By what authority? Gentlemen, it is time that the Mayor called the School Committee in and said, "Gentlemen, stop that business." When veterans come back trying to get their feet on the ground, trying to take their place in society and have to pay \$6 a week to go to a public school, something must be done and should be done very fast.

Coun. LINEHAN—Mr. President, I think I took this matter up with one of the members of the School Committee the first part of the week. I inquired about their right to be charging these boys \$6 per week. I was informed that the money was coming from the Federal Government. I argued with the member at that time even though it was coming from the Federal Government in all probability it was coming out of the amount of money the veteran might be able to get out of the Federal Government for his entire education as the years go on. That is to say, depending on the number of years a boy served in the service he gets so much money in dollars and cents to be spent on his education. If he uses that amount of money up he has to pay for his personal education out of his own pocket.

Coun. KINSELLA—Mr. President, I dislike breaking in. I am curious to know what this charge is for and if it applies to every high school in the city. I would like to know so I can fit in the remarks of the various councilors on this unfair practice.

Coun. LINEHAN—I have not as much detailed information as the gentleman from Ward 22 (Councilor Madden). It is my understanding there is only one high school in Boston, the High School of Commerce, which is charging for the entrance of returning veterans. Why they are doing that at the High School of Commerce I do not know. It is probably because of the so-called post graduate courses they are taking. I am not quite versed in that. Probably the gentleman from Ward 22 knows. It seems to me \$6 can add up for the term of one year or two years to quite a bit. It will be deducted from the education they might require later on if they graduate. I simply hope the members of the Boston School Committee if they have not done so will instruct the people at the High School of Commerce not to charge the returning veterans who go to the High School of Commerce, whether it is for graduate courses or whatever it is.

Passed under suspension of the rule.

HOUSING SITUATION.

Coun. COFFEY offered the following:

1. Whereas, The housing situation in Boston is in the dangerous and acute state and the East Boston Veterans Council at its last meeting on Thursday last, went on record as favoring the taking over of all abandoned schools in the City of Boston for Veterans' Housing; therefore be it

Ordered, That his Honor the Mayor be requested to contact the members of the School Committee in an effort to have the abandoned school buildings in Boston turned over to the City of Boston for Veterans' Housing.

2. Ordered, That his Excellency the Governor of the Commonwealth of Massachusetts, be requested, through his Honor the Mayor, to immediately use his war-time powers to help relieve the present dangerous and acute housing situation in the Commonwealth of Massachusetts by building housing units throughout the State.

Severally passed under suspension of the rule.

DAY SQUARE STREET CONSTRUCTION.

Coun. COFFEY offered the following:

1. Ordered, That his Honor the Mayor confer with the State Racing Officials to postpone the Fall Racing Meeting at Suffolk Downs until the Fall Square construction job is completed.

2. Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to take the necessary steps to have Day square, East Boston, construction job completed by September 30 which is the opening date of the fall meeting at the Suffolk Downs Race Track.

Coun. COFFEY—I might as well talk on both orders at the same time, at the same meeting. They have the same subject matter. We had a construction job starting in the Day Square section of East Boston about a month ago. The entire street leading into the Day Square section of East Boston, which has at least six streets entering into Day Square, has been closed now for about a month. Traffic coming from East Boston to the horse track and dog track and North Shore now coming out of Porter street at the exit of the East Boston Tunnel and up Chelsea street and up to the Day Square section on one side, the other side being closed. All the traffic coming from the North

Shore, the horse track and dog track is now coming back Bennington street up to Swift street, which is the entrance to the McClellan Highway and then detours on Saratoga, which is a very narrow street. To make matters worse part of Saratoga street at the entrance of the McClellan Highway is torn up for some pipe job that is being done. There is really a bottleneck there of the traffic coming from three directions. There are half a dozen arguments every ten minutes. Last night there were six fist fights among autoists claiming the right of way. The police can do nothing about it because of the narrow section caused by the pipes being broken. I might add the pipe was broken sometime last Friday. The work was started on Friday. They worked until noon and stopped. They did not work Saturday all day nor all day yesterday. We still have a bottleneck there. After the traffic gets by the bottleneck it has to come down Saratoga street into Central Square. Then it is detoured on other side streets back to the entrance to the tunnel. There is a situation that is very bad. Nothing can be worse. I am told the work cannot be completed this week. We know now the dog track is running all next week. They expect to get twelve additional days. They are going to be charitable and run some affairs for charity. I suppose charity will get the usual ten per cent, while the dog track officials get ninety per cent as they usually do. We will have dog racing and this coming Saturday we will have horse racing. Day Square will not be finished by that time. It is impossible to finish it. I have entered an order that might sound a little bit ridiculous but from my point of view and the point of view of the 70,000 residents of East Boston it is a good order. I am asking either Day Square be finished temporarily or any other way until after the thirty days of horse racing is over. If not, postpone the horse racing for two weeks or for a month. Postpone it for any time as long as we have Day Square finished by the time the horse racing season opens. We do not want any more of our children injured over there. As a result of the bottleneck in Day Square the cars are using all the narrow side streets. Half a dozen of our children were hit. A week ago a little girl was hit on a side street. As a result of this injury she died three days later at the Boston City Hospital. We do not want a repetition of that. If the city officials cannot get the Day Square section finished in time the horse track season should be postponed for two weeks or a month until Day Square is finished and the bottleneck relieved. I have another order I am going to talk on which is similar to the one I am now speaking on.

Passed under suspension of the rule.

CHELSEA STREET FENCING.

Coun. COFFEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to fence off Chelsea street, both sides, from Porter street to Day square, and also Saratoga street, from Kelley square to Shelby street, as a protection to pedestrians using the sidewalks.

Coun. COFFEY—Mr. President, this order might sound a little ridiculous also. I want the entire sidewalk as I say in the order on Chelsea street from Porter street to Day square fenced off so that no pedestrian, man, woman or child, can walk across the street, only at the intersections. The same thing pertains to narrow Saratoga street where all the traffic is now coming to go into Boston. I want that fenced off from Central Square up to Chelsea street which is better than half a block beyond Day Square where the bottleneck is now at the present time so that the pedestrians can use only the sidewalk. I got this idea from an editorial in a Boston newspaper four years ago. Some reporter was coming from the race track. To get away from the heavy traffic on Chelsea street he took Saratoga street. After he got back to his office he saw fit to write an editorial to the effect that Saratoga street was so narrow and so many children were playing on the street that the street should be fenced off for their sake. I think this is a step in the right direction on all streets in Greater Boston that are a bazaar. We have a lot of children injured in our town. We have a lot of pedestrians killed, at least six on Chelsea street. I think this would be some relief to the people of our district. If a child wants to run across the street, the child cannot go across the street only at the intersection. We have not enough policemen there. When the Sacred Heart School gets out and the Emerson School gets out we have two police officers to patrol Putnam and Saratoga streets and Prescott and Saratoga streets. We need at least eight. We are told we cannot have them. We should have them. If only one child's life is saved, it is worth the money the city has to pay in extra patrolmen. I hope these orders are not thrown in the wastebasket but that some real action is taken on them.

Passed under suspension of the rule.

SCHOOLYARDS AS CHILDREN'S PLAY AREAS.

Coun. COFFEY offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to consider the advisability of keeping open all schoolyards as supervised play areas for children.

Coun. COFFEY—Mr. President, I hear the School Committee in this economy drive which is something like charging \$6 a week for the kids to go to the High School of Commerce, are now going to do away with the supervised school areas. They are going to save the measly salary of some woman or man instructor who has worked for years with the children right through the winter months in these schoolyards up until the time the weather is so bad they cannot work any longer. I hope the School Committee will see fit in its wisdom to do an about face and continue supervised recreation for the children. Referring to my own town we have at least thirty-five schoolyards over there where these children have had supervised instruction. That means once they get in the playground they cannot get out until the teacher himself sees that the parents call for them or some older member of the family. I hope the School Committee will revise its view of the matter and continue supervised recreation.

Passed under suspension of the rule.

LEASE OF CUDWORTH SCHOOL.

Coun. COFFEY offered the following:

Ordered, That the School Committee be, and hereby is, authorized to lease to the Major P. J. Grady Camp, No. 3, United Spanish War Veterans' Department of Massachusetts, the Cudworth School, Gove street, corner of Paris street, East Boston, upon such terms and conditions as said Committee may deem advisable.

Passed under suspension of the rule.

DEMONSTRATION OF VOTING MACHINES.

Coun. KINSELLA offered the following:

Ordered, That the Board of Election Commissioners be requested to make immediate arrangements in every ward in the City for a public demonstration of the new voting machines to be used in some of the precincts in the November elections and to detail some qualified employee to each ward for the purpose of public instruction in the use of the machines.

Coun. KINSELLA—Mr. President, I very much feel that unless some demonstration or instruction of a public nature is given to the voters of the City of Boston then the purchase price of these machines will have been spent in vain. It appears to me that voting under normal conditions especially for new voters is difficult enough to understand at the outset rather than introducing a mechanical innovation that may alarm and frighten off elderly people. The newspaper tells us that the city bought a number of these machines at a base price of \$1,336. If we had a voting day every month in the year it might be reasonable to assume after the first two or three voting days more and more people would have acquainted themselves with the proper mechanical operation of the machine. Where we do not go to the polls only once a year I am of the opinion it is going to result in a greatly decreased interest in the coming November elections. For example, we all know the technique employed in voting. A person goes in and gives his or her name and is passed through the first check. I can conceive of more timid people either old or young getting into the booth and finding out it is too much for them. They will indicate their desire to come out. They will come out without having voted. While I do not like to be a prophet about it I would like to make a guess now that the total vote will not be nearly so much as it might be under normal conditions. Perhaps this is not the year to install them. Perhaps we ought to have a period of public instruction and demonstration. Surely if they can keep a machine down in the election department to be demonstrated by the manufacturer's representative and a young clerk of the Election Department for anyone who drops in occasionally and voting being as we are led to believe so important, it should be further encouraged by a demonstration in some public building in every ward of the city. I hope that the Mayor entertains this suggestion and takes immediate steps to see that the people who are paying for the machines know how to use them and are encouraged to use them.

Passed under suspension of the rule.

RESURFACING BUENA VISTA STREET.

Coun. COOK offered the following:

Ordered, That the Commissioner of Public Works be directed, by his Honor the Mayor, to resurface with smooth paving, Buena Vista street, Ward 12, and to construct granolithic sidewalks along both sides of said street.

Passed under suspension of the rule.

PUBLICATION OF MARRIAGE LICENSES.

Coun. RUSSO offered the following:

Ordered, That the Registrar of Births, Deaths and Marriages be directed, by his Honor the Mayor, to publish in the newspapers a daily list of the applicants for marriage licenses.

Coun. RUSSO—Mr. President, last week in one of the local newspapers I was surprised to read that 37 per cent of all marriages that had taken place

since 1942 had become divorce cases. I have had information from some parents that they were unaware their children had been married. Some time ago, prior to the war, I believe that the newspapers in the city were giving the public a service to the people which was free of charge, that the newspapers used to pay two or three cents to take out the marriage intentions and then published them in the newspapers. I believe that was one of the best services that the city could have. It will inform parents about these girls and boys who may have marriage intentions. If that is carried out, we might be able to be in a position of not exactly eliminating divorce cases or broken homes or separations, but at least we could bring down the percentage of marriages that should not perhaps take place in the first instance. Unless something is done to help these youngsters who are being married blindly and at times to help the parents to see that their children are being banded in matrimony with the right persons, the percentage of divorces and separations will increase. I do hope Mr. President, that his Honor will do something in order to bring about the publication of marriage intentions. I realize also in the Catholic faith the Church requires for three consecutive weeks that the banns of marriage be given at every Mass. That is to bring to the attention of the listener to see if he knows any reason why this marriage should not take place. I feel if this public service could be resumed in the City of Boston and all other cities and towns throughout the Commonwealth and throughout the nation it would do good, we would be helping to build homes and not to destroy them. It is within the confines of the home that we carry out the best that a grateful nation can give. We can do something in the City of Boston to eliminate so many divorce cases and separations where children are left in the hands of strangers. I therefore hope, Mr. President, that this order will pass under suspension of the rule.

Passed under suspension of the rule.

L STREET BATH HOUSE CUSTODIAN.

Coun. LINEHAN offered the following:

Whereas, The L Street Baths shall be enlarged by the addition of a Women's Solarium causing more responsibility to be assumed by the custodian in charge who must act as a cashier, bookkeeper, auditor, supply department manager, in charge of pay roll accounts, maintenance man for three buildings and personnel manager for as many as sixty persons; it is therefore

Ordered, That the Park Commissioner, through his Honor the Mayor, be requested to, change the Civil Service rating of the custodian in charge of L Street Baths to that of supervisor or superintendent of L Street Baths at an annual salary of \$3,000 instead of the inadequate \$2,000 salary the custodian in charge now receives.

Coun. LINEHAN—Mr. President, it might be very revealing to the members of the Council and to many citizens of Boston to know that in the course of a year there are 300,000 or more persons who go to the L Street Bath House. Now at the present time we have a gentleman there who is called a custodian-in-charge. He is receiving \$2,000 as supervisor of the L Street Bath House. You well know that is about the price of what laborers get working for the city. It may be 50 cents or 75 cents a day more. Previous to the present custodian we had another gentleman by the name of Donovan, who has since deceased. He was custodian in charge for a period of thirty years. During that time he never received over \$2,000 per year. I would like to outline the duties once again of the present custodian-in-charge. He must be a man of many qualifications, cashier, bookkeeper, auditor, supply department manager, manager of personnel with pay roll accounts, maintenance man for three buildings and personnel manager for sixty persons. Now we are having a new solarium. Of course he is the official greeter at the L Street Bath House to the many people who visit the L Street Bath House. It seems to me this is one of the many inequalities existing in the city service. I suppose it is the duty of councilors from time to time to request his Honor the Mayor to correct such inequalities. This is the first time I have asked for an increase in salary this year. I sincerely hope his Honor the Mayor will see fit to request the City Council in the near future to O. K. the position of Superintendent of L Street Bath House, or whatever title he wants to give it along with a salary commensurate with the job, \$3,000.

Passed under suspension of the rule.

VETERANS' HOUSING.

Coun. LINEHAN offered the following:

Whereas, An acute shortage of housing exists in the City of Boston and on account of such shortage many veterans of World War II are unable to obtain shelter for themselves and their families and this shortage is likely to continue for a substantial period of time; and inability to obtain adequate shelter will cause suffering and disease among such veterans and their families unless such shortage is relieved, therefore it is vitally necessary that the following order be passed:

Ordered, That the City of Boston, at the request of his Honor the Mayor to the Boston City Council, appropriate necessary funds to take advantage of the provisions of the Massachusetts General Laws, by loan or otherwise, chapter 372, Acts of 1946, which is an Act to provide housing for Veterans of World War II. The following sections of said Act shall be particularly taken advantage of by the City of Boston.

SECT. 4. During the present emergency a city or town may raise, appropriate and expend money and take such other action as is suitable and necessary for the purpose of providing shelter for veterans who are inhabitants of such city or town by any or all of the following methods: By purchasing, leasing or acquiring by gift, or by taking by eminent domain, buildings or portions of buildings available or which may be made available for dwelling units for veterans and, if necessary, altering, reconstructing, rehabilitating, repairing and remodeling such buildings or portions thereof so as to provide the greatest number of suitable dwelling units reasonably possible, and renting such dwelling units to veterans at reasonable rates; provided, that no building or portion of a building occupied as a dwelling unit shall be taken by eminent domain. By purchasing, leasing or acquiring by gift or by taking by eminent domain one or more tracts of land which are entirely or almost entirely unoccupied by buildings, preparing such tracts for occupancy as herein provided, and permitting veterans to occupy such tracts with dwelling units of a temporary nature, such as portable or prefabricated houses, cabins, huts or trailers; or by itself providing such dwelling units of a temporary nature by causing them to be constructed or by acquiring them through purchase, lease, gift or grant wherever they may be found, causing them to be transported to the tracts so acquired and to be set up and made ready for occupancy. Dwelling units of a temporary nature when provided by a city or town may consist of separate apartments in a building designed to contain two or more dwelling units. Reasonable rates shall be charged for occupancy of land, buildings or other structures under this paragraph. (e) By using any real estate, which has been acquired by foreclosure of tax titles or in any other way and which is not devoted to and required by any other public use, for any of the purposes set forth in paragraphs (c) and (d) of this section.

SECT. 5. The board of appeals from the decisions of the inspector of buildings of a city or town, if it finds that buildings or other structures constructed or assembled under the provisions of paragraph (d) of section four, or altered, reconstructed, rehabilitated, repaired or remodeled under the provisions of paragraph (c) of said section, may be occupied and used as therein provided without endangering the safety of the occupants or injuriously affecting the best interests of the city or town although the provisions of all of the statutes, ordinances, by-laws and regulations relating to town planning, the subdivision and use of land, the construction, repair, maintenance and use of buildings may not be complied with, may authorize, under such statutes, ordinances, by-laws and regulations. The proceedings before a board of appeals under this section shall be summary, and shall not be governed by section thirty of chapter forty of the General Laws and the determination of the board shall be final. In any city or town in which there is no such board of appeals, the mayor of the city or the selectmen of the town may appoint a board of appeals, which shall have all the powers of a board of appeals under this section. The board of health of such city or town, if it finds that the attendant sanitary conditions are such that the buildings and structures may be occupied as provided in paragraph (c) or paragraph (d) of section four without endangering the health of the public or of the occupants of such buildings although all of the statutes, ordinances, by-laws and regulations relating to the protection of the public health may not be complied with, may authorize, under such conditions as it may impose, a variance from the requirements of such statutes, ordinances, by-laws and regulations. Within six months after the termination of the present emergency all of such buildings and structures which do not comply with the provisions of all of such statutes, ordinances, by-laws and regulations, and any subdivision or use of land which does not so comply shall be unlawful and shall be discontinued.

SECT. 6. Subject to the provisions of section seven, a city or town may also during the present emergency, raise, appropriate and expend money and take such other action as is suitable and necessary for the purpose of providing shelter for veterans who are inhabitants of such city or town, by purchasing or acquiring by gift or by taking by eminent domain one or more tracts of land of sufficient size for a housing development, or by using any such tract to which it holds title and which is not devoted to and required by any other public use, subdividing such tracts into parcels of adequate size for house lots, laying out and providing or causing to be provided ways, public and private, and other public utilities for the use of the development, to such extent as it deems necessary or advisable, and either (1) Selling such parcels to veterans at reasonable rates on conditions requiring in each case the erection within a specified time of a single or two family residence thereon for the occupancy in whole or in part of the veteran purchasing the same, (2) Selling parcels to corporations and individuals gener-

ally, on condition that the purchaser agree to erect a single or two family residence on each such parcel within a specified time, and offer to sell such residence to a veteran at a reasonable rate or to rent such residence to one or to two veterans as the case may be, at reasonable rates. (3) Constructing single or two family residences on such parcels, suitable for dwelling units for veterans, and renting such dwelling units to veterans at reasonable rates; provided, that as soon as may be after the termination of the present emergency, as defined in section two, and in no event later than one year after such termination, such residences shall be offered for sale at the fair market value thereof and disposed of as rapidly as is consistent with sound business judgment. A city or town which sells land under the provisions of paragraphs (2) and (3) shall include in every deed of such land conditions binding upon the purchaser and his representatives and assigns which will require the carrying out of the purpose of this act until after the termination of the present emergency. Nothing in this section shall authorize the subdivision and use of land or the construction, maintenance and use of buildings in any city or town under this section, in violation of any statute, ordinance, by-law or regulation in force in such city or town and in the district in which such land and buildings are located.

SECT. 10. A city or town may incur the expenses necessary for carrying out this act. Each authorized issue shall constitute a separate loan, and such loans shall be paid in not more than five years from their dates, except that loans for the purpose of carrying out the provisions of section six shall be paid in not more than fifteen years from their dates. Indebtedness incurred under this act shall be outside the statutory limit and, except as provided herein, be subject to the applicable provisions of chapter forty-four of the General Laws, excluding the limitation contained in the first paragraph of section seven thereof; provided, that the total amount of indebtedness under this act outstanding at any one time in any city or town shall not exceed two per cent on the average of the assessors' valuation of its taxable property for the three preceding years, reduced and otherwise determined as provided in section ten of said chapter forty-four.

Coun. HANNON—Will you read that over? I missed a few lines.

Coun. LINEHAN—Mr. President, may I say at the outset that I think many councilors throughout the year plus the Mayor downstairs have missed many lines on veterans' housing. I move at this time, Mr. President, that line 3 of the order, near the middle of the first page shall be amended by inserting the words "by loan or otherwise" after the words, "appropriate necessary funds."

President KELLY—The order will be so amended.

Coun. LINEHAN—Mr. President, as many members of the Council here know, I have been a sort of pain in the neck on veterans' housing since the first of the year, you might say more specifically since the present administration took office. I can well remember the good old inauguration day when his Honor the Mayor was talking about having the city take some of its so-called tax-title property which they have taken because of the nonpayment of taxes and give it over to the veterans so that they might have a home for themselves and their children. Of course under the present law the Mayor can do just such a thing. He can do many other things in regard to veterans' housing. I get a great kick out of an article or write-up I read a short time ago in the *City Record*, on September 21, 1946, many months after he took office. It says this, "The time for favorable action is now and this work would proceed without further delay. The public condemnation of the Federal Housing Authority is not confined to mere criticism of the laxness of that body but the combination of stupidity and laxness that no longer can be tolerated by an intelligent community." Well, I certainly get a great kick out of that. Here I as a member of the City Council since the first of the year have been filing order after order in regard to veterans' housing demanding his Honor the Mayor act as quickly as possible in order that we might house more veterans and their families. To date, as a councilor, I have yet to receive one answer from the present Mayor in regard to my orders demanding more housing for veterans. I have also got a great kick out of the fact up to now there has been very little publicity on veterans' housing. I say this realizing the fact that for many months now I have been taking my feet on housing and getting no publicity which in the long run means something might be done for veterans and their families. It has not seemed as though veterans organizations themselves actually cared to help veterans and their families get homes. I say this because only a short while ago we had a meeting on housing, by our own committee. Members of the different representative organizations throughout the city were invited to be present at that hearing. Lo and behold some of those so-called veteran organizations, one of which I belong to, did not appear at that hearing. That was only a month ago. My fight for veterans' housing goes way back to the beginning of the year when Mayor Curley took office and when he said he would give some of the tax title property to the veterans so they would have a home for themselves and their children. Up to now I do not believe he has given one piece of city property to veterans and their families. Going back to the article in the paper I find Gov-

enor Tobin, who said he had as yet received no official communication from the Mayor, declined to comment on Curley's statement that he would request a special session of the Legislature to deal with housing, particularly for veterans. That is only in the past week as you well know. Why be throwing up a smoke screen asking his Excellency the Governor to have a special session in order that we might get housing for the veterans? Because the papers are finally printing the fact that the City of Boston through his Honor the Mayor has been lax in providing housing for veterans. It seems to me as though all the different organizations are finally waking up except perhaps certain interests who are interested in off-street parking which I still have not found interested in veterans' housing. I hope that they do interest themselves in veterans' housing after we vote that five million dollars. Probably we might get a little help from them then and have them demand more housing for veterans. There is actually no need of any legislative session at the present time for veterans' housing. I say this due to the fact that you might say that I on purpose drew up a long order today so that the councilors themselves might listen to what laws are on the statute books at the present time pertaining to veterans' housing. I quote from sections of chapter 372, Acts of 1946, which incidentally I mentioned in the previous order I filed in the Council requesting his Honor the Mayor to take advantage of the recent chapter, the sections which exist in that particular act. That still has not got an answer. His answer is passing the buck to his Excellency Maurice Tobin asking him to have a special session of the Legislature. The Mayor cannot say he did not know chapter 372 did not exist. I mentioned it in an order of August 26, 1946, where I said in my last few lines in the order which also asked for a survey of housing conditions in Boston, he has done a little bit on that. I wanted that order also to take advantage of all other recent provisions in said chapter 372, Acts of 1946, pertaining to housing of veterans and their families. We cannot say that the City Council did not notify him of the fact there was a statute on the books which would help veterans' housing. If the city was ready and willing to do something for veterans' housing. Now a great many people in the City of Boston do not realize that we as members of the City Council cannot initiate appropriations or loan orders for veterans' housing. We cannot do it. That is the Mayor's prerogative. He initiates it and sends it to us and we can act on it. I can truthfully say the Council to date has acted quickly on any legislation or any kind of appropriation pertaining to veterans' housing. The Mayor can rest assured we will act immediately in regard to anything he might do in response to the order I am filing at this time. I have been very specific. I have outlined for him to read the particular sections I think the City of Boston can take advantage of. I do not want to take the time of the Council to rehash them after our good friend, the Assistant Clerk, read them. He helped me out on that little responsibility. But I certainly do want to call to the attention of the members of the City Council that there are statutes on the books which his Honor the Mayor can take advantage of and we in turn will cooperate one hundred per cent. I do not understand why his Honor the Mayor who has several sons in the service has been so aloof about taking care of veterans' housing. I say he has been. I say that all through this year I have requested answers to my orders. I have even filed another order asking the president of the City Council to see that the Mayor would give us an answer to our orders. Still we did not get any answer to orders pertaining to veterans' housing. Why is it? Is it because the veterans have been unorganized up to now? I say perhaps that is one of the reasons. I am sure that is one of the reasons, up to now they have been unorganized. Other than myself and a few other members of the Council there has not been very much done or said for them and for veterans' housing. It is too bad the members of the Council could not do something substantial other than talk veterans' housing. Unfortunately that is all we can do unless his Honor the Mayor sees fit to present us a loan order requesting us for the money for building houses for veterans. Let us not hear the Mayor pass the old buck to the Boston Housing Authority and the Federal Housing Administration and the State Legislature. I am sick and tired of listening to the Mayor blame everybody else on housing when I, myself, have blamed him since the first of the year for holding up the building of the Cathedral Project. He said the buildings were going to be too high. He wanted one-story buildings, that is to say, have a large lot of land with a one-family home instead of a 12-story building which would house many more veterans. He was in favor of housing in the Cathedral project probably as many as one tenth as many veterans as they would have under the plans furnished by the Boston Housing Authority which called for the construction of many hundreds of apartments and not 50 or 60, which would have been done if the Mayor had his way. That was the thought some time last year. Since he became Mayor I got off the Boston Housing Authority. He is now in favor of the Cathedral Project. I do not know whether it is because he might have something to do with the contracts now awarded on the building of such a project. I really do not know. I cannot say. I do not know what goes on in the Mayor's mind. I really do not. I do know up to now he certainly has not been outspoken in providing housing for veterans

other than putting himself against the Cathedral project so many months ago before he became Mayor. Now we realize that the large projects have to be built by the Boston Housing Authority, like the Old Harbor Village or something similar to the Cathedral project. The law is specific in chapter 372 whereby some cities and towns throughout the Commonwealth have taken advantage of certain provisions. But the City of Boston has not taken very much advantage of any provision other than one which permitted the City of Boston to transfer, you might say, some certain sites for temporary housing for veterans such as Camp McKay. I might quote Mr. Philip Nichols, who to my mind is a very able man pertaining to housing. He has done the best job in the Commonwealth of Massachusetts in regard to getting the Legislature to cooperate to such an extent we now have some good statutes on the books for the cities and towns throughout the Commonwealth to take advantage of. He also had something to do in regard to where insurance companies can take land through the Boston Housing Authority. They can construct large apartment houses if the insurance company can go down to say the Ward 3 district and take property at a low cost, buying the land and constructing houses, if they charge a reasonable rent to the tenants. That is actually on the statute books. That is a matter to be taken up by the insurance companies and not by the Boston City Council. Getting back to Mr. Nichols he says this, which I think corroborates my thought or statement which I made earlier in the year in regard to even temporary housing. He said, "The law pertaining to temporary housing such as Camp McKay was enacted very quickly to such an extent it was available for use on February first. Quite a number of cities and towns made available that particular section at once. We notified all the cities and towns that by putting in their application promptly they would receive housing. Those that acted promptly received their full quota. They have been set up and occupied for months. We had great difficulty in interesting a good many cities and towns. Thirty-seven have applied and have been awarded temporary housing." We applied and voted for a loan order of \$500,000 but unfortunately the Mayor waited too long to take advantage of that particular situation. Instead of 1,500 apartments which was our quota for the City of Boston we got only 793. Other cities and towns beat us to it. They got the apartments we should have got. That I say positively is directly due to the laxity of his Honor the Mayor and not the Boston Housing Authority or the Federal Housing Administration or the State Board of Housing or the members of the Boston City Council. That is solely in the lap of his Honor the Mayor. We are missing almost 800 temporary structures because of the laxity of his Honor the Mayor. That is definite. It was also definite his Honor the Mayor has not in one instance, and I think I am right, not on one occasion has he presented an order here requesting that we sell land to any veteran at a low price so that he might build or renovate structures which already exist and are fit for human habitation. That is what I mentioned earlier in my thought where he at the inauguration said he was going to give housing to veterans where they could rehabilitate themselves and their families. To be honest with you that was last January 7 or thereabouts. Here it is September 23 and nothing has been done on that. You will remember I requested Mr. Irving Lewis, chairman of the Real Estate Division, to state if they had done anything about that. The answer was like all other answers, they did not have much information, they did not have the staff. It is about time somebody got together and did something for the veterans of the City of Boston. When it comes to housing, I notice here in Dorchester, to be exact I think it is Ward 16, they are building about eight 2-story houses for veterans and their families. This is being done by a private contractor. The same thing can be done by the city. The city can take a big lot of land if it owns it now, or can lease it, or get it any way it desires under the Act which the Legislature passed. The city can make available the utilities and then go and sell lots of land from that particular site. The veteran can build without the high cost of the land. He then can get priorities on building materials. He then can construct either alone or by one contractor for the city who will in turn sell it to the veteran, as I get it. That is what I hope can be done under the present Act which exists in our Commonwealth, so that eventually we will have a lot of good looking homes throughout the city instead of a lot of three-apartment old tenement buildings we see throughout the different parts of Boston which are going down every day in the week. Probably twenty years from now we will have nothing but broken down shacks where we could have small one-family and two-family houses. This naturally would increase the valuation of the land. It means more taxes for the city of Boston. If we do not do something like that under the present laws which exist, the city to my mind is going to slip more and more. Certainly I do not agree with off-street parking as a solution for a bigger and better city. I think those who build more homes like there are in Dorchester, East Boston and West Roxbury, where there is vacant land, where veterans can build homes, at a reasonable cost, that much will be accomplished. I do not mean at an exorbitant cost, paying \$10,000 for homes worth \$5,000. That

condition exists. Four or five years from now a lot of veterans are going to lose homes because they cannot carry the mortgage. That is beside the point. Then again it is not. It is housing for veterans. It eventually increases the valuation in the City of Boston. It builds up that particular section in Dorchester. The city looks beautiful even near the railroad tracks where you have seven or eight good looking houses. It can be done in one poor location. It can be done in good locations where there are no houses. I am talking long. I mean to. This is vitally important because all the newspapers think it is and not because Councilor Linehan thinks so. The newspapers in the last week or two woke up to the fact nothing is being done to house veterans and their families. If nothing else, I hope this little talk is published in the paper and will wake up the man downstairs so he will take advantage of the statutes that exist now. I do not mean when the Legislature convenes again. I mean now. He said he means now. Who stole my record? One of Curley's friends took it away from me so I cannot quote him. I remember it. He said we have to act now. I say we should have acted months ago as much as seven or eight months ago. Nothing has been done up to now. Mayor Curley finally woke up to the fact. He must have read this little article. I hope nobody has taken that one. "Squatters Proclaim Invasion Success." Since this article Mayor Curley has condemned everybody he can think of, everybody but the city administration. That includes the City Council. He did not condemn us. He condemned the Boston Housing Authority, the State Board of Housing and the Federal Administration. I think it was because he read this little article. "Representatives of Communist-led Squatters now vacating London apartments and other buildings under court orders said today the invasion has accomplished its purpose. Our main object in squatting was to make the local authorities act faster in their rehousing program," commented George O'Dell, leader of one group. "We have succeeded in this aim. The local authorities are shaking in their shoes and rehousing at a far greater rate than they have done." It has taken the poor people in London this long to get going. We in the City of Boston have had statutes on the books which we could have taken advantage of if his Honor the Mayor was awake for the relief of veterans needing housing for themselves and their families. That week of January 7 he said he as Mayor would give them some land at a reasonable and nominal charge in order that there might be some type of housing for veterans and their families. As the months went on many more important things developed. You know what they were. There have been many millions of dollars in bond issues passed since I came back in the Council, since January 7. Those evidently were much more important. He submitted loan orders. I will admit one went toward temporary housing, a half million dollars for temporary housing. By it we in the City of Boston furnish the utilities. I think only a small part of that has been used. I read in the City Record that \$250,000 has been appropriated. I do not know why we have not worked faster than just appropriating \$250,000. I can state it goes back to the fact that the City of Boston has been so lax, that is the Executive Department and his Honor the Mayor that we only have 793 instead of 1,500 temporary shelters. Therefore we need only half \$500,000 or \$250,000. I might say I have heard in the past many people saying it cannot happen here. But I say of these squatters or whatever you want to call them, it can happen here. If the city does not wake up, it can happen here. I have talked to a great many veterans who need shelters for themselves and their families. I am no different from any councilor here. You have had the same experiences I have had. They are getting desperate. Of course I tell them how the city councilors at any meeting are ready to appropriate money for housing but the Mayor has to initiate the appropriation or the loan order. We cannot actually appropriate the money. We cannot start the loan order. That is the tough part of it. He has already started one loan order for five million dollars for off-street parking. That traffic congestion has not been an emergency. That has been with us ever since I was a boy. That is not an emergency he had to fix up in a rush. Of course some interests think so. Of course his Honor the Mayor listened to them and filed an order for five million dollars. Why hasn't he listened to the voice in the wilderness, the councilor from Ward 7 (Councilor Linehan) and other councilors in the Council, the councilors from East Boston, Charlestown, Councilor Bryan and several others I can think of who have spoken on veterans' housing through the year. We are just city councilors. We do not amount to much. He is not going to listen to those dumbbells. Frankly I did not go down there to see the Mayor since he was inaugurated. I suppose I am not one of those that did not amount to much as he said. I am included among those he has not answered concerning any order on veterans' housing since January 7, 1946. So I guess Councilor Linehan is among all those who do not amount to much. "Come on, boys, get out, I have further business to do." Let us hope somebody, the veterans or the people who operate off-street parking areas, even the Pilot, I want to hear the Pilot and other newspapers crying to Mayor Curley to get going and provide houses for veterans. I say that even about that paper. If they are so important that they will speak for off-street parking, I want to hear everybody, including the religious groups,

spoke for veterans' housing. I do not think I will change my religion regardless of what they say on that. I realize I am taking the time of the Council but the fact that Mayor Curley finally realized that somebody of importance other than councilors have been criticizing him makes him see fit to publish in the *City Record* of September 21, 1942, an article which is headlined as follows: "Mayor Curley Scores Federal Public Housing Authority on Inaction and Delays That Have Prevented Erection of Dwellings to Provide for Returning Veterans and Their Families." He notes the fact that the city has been most patient in awaiting action which would make available facilities for conditions that would ease present dire situation. He calls present status of construction a blot on the city and warns it is time to act now. Well, of course, that is what I have been saying against Mayor Curley since the first of the year on veterans' housing. I guess he did read some of the speeches I have been making since the first of the year. If we look back again we will find it is almost verbatim except for the condemnation of the Federal Public Housing Authority. I have said that the people have not been impatient. They just do not seem to realize there is an emergency. Many people were not affected. That is to say, all those people who are housed are not worried about GI Joe who is not housed. That is the way it is up to today. I am sorry to say that is all that is in the world today. Everybody is satisfied if he is taken care of and to hell with your neighbor GI Joe, even though GI Joe probably took a chance on losing his life on the battlefields throughout the world. They have not seen fit up to now to raise enough agitation against city, state and Federal officials. I say Federal officials. Congress saw fit to adjourn when they had the Taft-Ellender bill, which would have provided more housing for veterans. They adjourned without acting on that bill. We have to wait until January for action on that. No one knows when it will be or how long it will be before they act on it. I do say this: During the next few months I think the veterans are going to get together and really fight for housing. You will see in Congress next year a great many Congressmen will be ousted in the coming elections because they did not vote for the Taft-Ellender bill, both Democrats and Republicans. I am almost through. I hope you are not tired. You do not want to forget the boys when they fought for their country, they were tired and they kept on. Those of us in the Council can at least get up and talk. We should not get tired talking for them if finally something is done as a result of our talk. "John Carroll, Chairman of the Boston Housing Authority warned Mayor Curley and a combined board of federal and city housing officials yesterday at a City Hall meeting that 'unless something unusual is done in connection with housing for veterans a situation will exist in Massachusetts this winter that will rival the squatter problem in London.'" By the way, none of the City Council were ever invited to any special meeting pertaining to housing for veterans. Is it because they have not done anything up to now? "The city could borrow money at a low rate of interest, develop a plot of land, construct homes which could be rented for a stated period at low rates until the cost was nearly amortized and then sell the homes of the veteran occupants," Carroll said.

"Carroll said the plan was one of three recommended by Philip Nichols, Chairman of the State Board of Housing. Curley asked that a letter from Nichols be read, in which the latter urged the local community to provide the leadership in getting under way some type of housing for veterans before the cold weather. Nichols said various communities such as Lawrence, Holyoke and Concord were working out plans under the recently enacted State Housing law for veterans' housing projects. Under the Lawrence plan, Nichols said, the city provides a large parcel of tax title land, improves it by providing sewers, streets and other improvements and divides it into lots. These lots are sold at reasonable cost to veterans who must sign a contract with a builder and architect both hired by the city to build a 4-room home at a cost of approximately \$5,900. Nichols' letter described the Holyoke and Concord plans as similar to that stated by Carroll. In both cases the law requires that the houses be held only five years by the city and then sold to the veterans."

"At this point Curley offered a resolution which was passed unanimously, asking Governor Tobin to convene a special session of the Legislature to appropriate funds for permanent housing for veterans and relieve cities and towns from the present high tax rates."

Is that the answer? Does he mean, to hell with the veterans if it is going to cost money? Let us wait for the state to appropriate funds. I think that is what it amounts to, relieving the cities and towns from the present tax rates. That is a poor reward for the veterans coming from his Honor the Mayor who had two sons in the service. Is that what he thinks of the veterans? We will have housing when the state gives us money to provide housing. I am just quoting from an article in the paper. I think it is the Boston *Herald*. I am not sure it is. I think I have construed that statement correctly. I say, regardless of what it costs the city, let us get some housing built for veterans and their families. In the long run it will save money for the city. Why do I say that? It is only natural to assume if we build homes for veterans and they buy them five

years from now after they are built or five years from the time they are built they then become taxable by the city and therefore throughout the city we will have many millions of dollars in addition to having valuable property, we can get more taxes? Doesn't that sound like good business for the city even though we spend millions of dollars at the outset on constructing homes? I say it is good business. This has to be a long range program. Let us get started right away. I say we could have got it started last May. I think it was May when this act was passed by the Legislature. Up to now his Honor the Mayor has not seen fit to send in one order other than the \$500,000 for utilities for construction underground for those so-called barracks similar to Camp McKay in my district. It is a great place. Go over and take a look at it. It is not fit for the rats. The rats are there. Let us say it is fit for the rats. The veterans have to go some place. If you pass by there you feel sick. Go over on a rainy night sometime and look down into the hole where those veterans and their families are. Still the veterans are glad to get in. There is no other place to go. If those who are not veterans go there I think they would kick as loud if not louder than the veterans and rightly so. The place is terrible. I would ask his Honor the Mayor to consider the advisability of transferring the Camp McKay barracks over to Columbus Circle so that the houses could be moved there where there would be a little grass to play on and where they were level with the streets. They would have proper light. There would not be some misfortunate accident which might occur in the dark alleys down at Camp McKay. I might as well go on. I have not much longer to go. There might be a shot at the federal government.

"The same increased costs have cut into the federal budget for the construction of temporary housing for veterans in Boston, Sumner K. Wiley, regional director of the F P H A, told Mayor Curley in a letter. Wiley asked that 28 dwelling units planned for Jefferson Park, Roxbury, be curtailed and the proposed installation of gas for temporary projects be changed to oil to save \$30,000." With all the billion of dollars that the federal government through the Legislature has been lending foreign countries to provide shelter and food to foreigners they start choking up when it comes to appropriating money to provide housing for veterans and their families. Why? I do not know why. They said when the boys went off nothing would be too good for them when they came back. They gave them the Camp McKay barracks. I am taking a long time here today. I have compiled a lot of material. I have been reading with a smile the condemnation of the Mayor, of everybody but the Mayor, when he in his heart knows he is responsible for the laxity shown on housing for veterans. The act was passed in May 1946 on some of these things I mentioned and he has not taken one solitary step to provide houses. He was against the Cathedral project. I know that because I was a member of the Boston Housing Authority in 1945. He said he wanted one-story houses instead of 12-story houses. He was not interested in providing shelter for many veterans. He wanted to pick out a few and make sure they would have a nice one-family bungalow. He did O. K. the barracks at Camp McKay. He said they were good enough for the veterans. He did not think a 10 or 12-story apartment building was proper for veterans. He did think the Camp McKay barracks were otherwise. I will only be too glad to answer any questions presented by members of the Council who might be interested in my little discussion. Councilor Coffey asks me if I am taking his place. I do not know in what respect. I am blessed with a pair of lungs almost as good as Councilor Coffey's. I hope if nothing else the newspapers might present the facts to the public. Mayor Curley has been lax since he took office on veterans' housing and Councilor Linehan for one among others in the Council has openly stated that since Mayor Curley took office and since he promised city-owned land for veterans' housing he has not done it in one single instance. I say as a former member of the Housing Authority that he stalled the Cathedral Project. He well knows it. I say he has not taken advantage of chapter 372, Acts of 1946, other than to acquire 793 dwelling structures such as Camp McKay. They are not so hot. That is all he can point to. He could have got 1,500 instead of 793 if he acted quickly. That covers everything I had said against his Honor the Mayor since the first of the year on housing. I think it is fairly comprehensive. I conclude by saying, take advantage of the statutes that exist on the books today. That is what counts. Do not wait for Congress and the Legislature to appropriate money. The city can under its charter appropriate. The city under the present act that exists on the statute books can borrow as much as \$28,000,000 for construction of veterans homes. That is what Mayor Curley can do. What is he waiting for? Is he waiting for the squatters to come into his office downstairs? If he does not get going and do something substantial soon I will get in touch with some veterans and see if I cannot take them down there and squat in his office. He might then promise to do something for the veterans. He might do something besides make a promise. We are waiting for something to come to us so that we can vote for a loan order if necessary in order that we might promote and provide decent housing for veterans. They deserve it. Everybody in the city should agree to that.

Passed under suspension of the rule.

LITTLE BUILDING TAX ABATEMENT.

Coun. CHASE and BAYLEY offered the following:

Ordered, That the full Board of Assessors appear before the Executive Committee prepared to explain to the City Council full reasons why the owners of the Little Building were given a million-dollar tax abatement.

Coun. CHASE—Mr. President, it was recently called to my attention that the Little Building was given one million dollars abatement on their property. I was somewhat surprised to learn of this, Mr. President, in view of the fact his Honor the Mayor has increased the valuation of the properties throughout Boston, the business properties by many millions of dollars. Why the Board of Assessors should select the Little Building in the heart of the city, one of the most prosperous commercial buildings, and lower the assessed valuation is something I do not quite understand. As I understand, the real estate valuations have increased, instead of decreased, especially on the properties down around the Little Building. I do not understand why this should have taken place at this time. I think that the members of the City Council are entitled to an explanation from the Board of Assessors. There are many taxpayers in Boston today, sir, who are faced with a decided increase over last year's bill. They too will be interested in knowing why the Little Building should have one million dollars lower assessment while their taxes have been increased anywhere from half a million to a million dollars. I hope that the members of the Mayor's Board of Assessors will appear before us in executive session today prepared to give full and adequate reasons why this decrease has taken place. In the event they do not see fit to appear before us then I shall ask the Council to adopt an order requesting the Boston Finance Commission to inquire into this matter with a view to giving us adequate reasons why such a low assessment should be made.

Referred to the Executive Committee.

TRANSFER FROM PARKMAN FUND.

Coun. COFFEY, for the Committee on the Parkman Fund, submitted the following:

Report on order referred this date to transfer the sum of \$25,000 from the Parkman Fund—recommending that the order ought to pass.

Report of committee accepted. The question came on the passage of the order and the clerk called the roll. The order was passed. Whole number of ballots 14, yeas 14.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

1. Report on petition of the Eastern Massachusetts Street Railway Company to operate buses from Park square to Mattapan square (referred September 9, 1946)—recommending that the license be granted.

President KELLY—The question is on the acceptance of the report of the committee.

Coun. CANTWELL—I am quite astonished, Mr. President, to find out that the committee has passed that license. This is a petition that runs a bus line the full length of my ward. Not once have I been considered as to whether my constituents want another bus line running through my ward. I am not a bad fellow to get along with. I generally go along with most anyone. I am quite amazed, as I say, that a committee of nice fellows who always get along together have not once asked my opinion where it pertains to the full length of my ward in this particular petition. I would like to have it held up until the next meeting and give them to me to get my opinion. I make a motion we have this at the next meeting.

President KELLY—The question comes on the acceptance of the report of the committee first.

Coun. COFFEY—Mr. President, a point of information. Haven't we any rights under our rules to refuse to accept the report of the committee?

President KELLY—The Chair will rule that we cannot even discuss it until we either accept or reject the report of the committee.

Coun. COFFEY—Mr. President, another point of information. If we reject and it goes back to the committee, then the committee meantime can hold a public hearing and notify Councilor Cantwell. He can have people from his district come in and find out whether they are for or against it.

President KELLY—If we reject, it goes back to the committee and the committee can do what they see fit. It is in the hands of the committee. The question first comes on the acceptance of the report of the committee.

Coun. MICHINICK—Is it in order at this time to have the committee give its reasons for its action, or does that come after the accepting or rejecting of the report?

President KELLY—That will come after the acceptance or the rejection of the committee's report.

Coun. KINSELLA—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KINSELLA—I would like to enlighten Councilor Cantwell on this point. Normally I would not have spoken.

Coun. COFFEY—Mr. President, a point of order. Isn't the gentleman out of order?

President KELLY—I do not know what the gentleman is going to talk about. We are in the middle of the acceptance or the rejection of the report of the committee.

Coun. KINSELLA—Will the Chair put the question? There was no response from the Body.

President KELLY—I have not made a decision yet.

Coun. KINSELLA—Therefore speaking is in order and since Councilor Cantwell spoke before he should have spoken, strictly speaking, it is only in order to discuss the reasons given by him.

President KELLY—Councilor Kinsella, you are in order if you want to speak on whether the committee's report should be accepted or rejected.

Coun. KINSELLA—Mr. President, in any case, first or last, I would like to tell the Council that the original route of this bus line from the Neponset River Bridge to Park Square touches only twelve or thirteen wards of the city. I did not know until just now it touches the entire length, as Councilor Cantwell says, of his ward. I was aware it touched on parts of Wards 3, 4, 5, 6, 8, 12, 14, and 18, but at no time was I aware of the fact it ran at any point entirely through any one ward from one end to the other. There are about eleven wards of the twenty-two which it touches. One of the eleven wards, Ward 18, Councilor Cantwell's ward, according to his statement is included from one end to the other. That was unknown to me. I am not familiar with how much Blue Hill Parkway, for instance, in Ward 18 takes in, nor am I familiar with how much of Ward 5 the Park Square area takes in without being impinged upon by other ward lines that come in there. I do not think it was necessary to speak to eleven councilors. In that section of the city we know ward lines and precinct lines run down the middle of the street. You cross an intersection and go from one ward to another. There was not any purpose in disregarding Councilor Cantwell's natural interest any more than in disregarding the interest of Councilors Hurley, Muchnick, Hannon, Chase, or even the gentleman from Ward 6, Councilor Scannell. I say this was a public document properly filed with a list of streets. It did not say merely from the Milton line to Park square. It designated the streets. It is obvious a number of wards would have been touched on that route. I think that Councilor Cantwell and the rest of the gentlemen will agree with me that they have every right in the world to know what is going on but that there was nothing in the application that was not claimed in the list of streets contained in the application. I am not as familiar with Ward 18 as Councilor Cantwell nor is he as familiar with Charlestown as I am. But anything in Charlestown is all one ward. If it were in East Boston there can be no mistake. There can be plenty of mistakes within the heart of the city where four or five or six or eleven different wards are affected. He finds out now that it runs completely through his ward. It is obvious he did not check the record upon which this is based for the purpose of finding out how much of each ward it touched on. I think that is a fair explanation. It was not intended to bypass anybody, Councilor Cantwell or any one of the other ten members of the Council who have to pass on it here. It would be a strange thing if you could slight anybody present and expect cooperation. I want you to believe that. There are eleven, ten besides Councilor Cantwell, who can get up and make the selfsame criticisms, the councilors from Wards 3, 4, 5, 8, 9, 12, 13, 14, and 18. Where can it be said you can get their support by slighting their interest? That itself is proof enough it was not deliberate, it was not intentional. It was entirely unwitting. Now if it is good today it will be good next Monday. I will concede that if all the gentlemen referred to by number wish to appear, by all means, appear. It is only an expression of interest in a public service. For today and for the future I would like to say that if anybody at any time feels I have injured his personal feelings by failing to consult him on a matter of that sort, I am personally sorry. There was not any such intention. That should be plain to the ordinary intelligent councilor here. How can you offend eleven men and get them to help you? Is that logic or isn't it? I am sorry it happened. Of the eleven apparently Councilor Cantwell is the only one whose ward to any great extent is used as part of the route. Will you agree with me the fact it was filed properly and the route is contained in the minutes of the meeting of that day, will you agree with me that it is obvious to you men who know where your wards begin and end and what they contain for streets, won't you agree it was there to be seen? That was the purpose in filling the list of streets and not just a blanket route from here to there. I am going to ask you to believe that and to accept it at its face value. That is all I can ask.

Coun. KEENAN—Mr. President, a point of information. Can somebody on the committee tell us what part of Park square the bus terminal is going to be in?

Coun. SCANNELL—Well, Mr. President, I believe it states in the petition. I would like to have the clerk read the petition and enlighten the Body as to where it will start and end.

The clerk read the petition.

Coun. COFFEY—Mr. President, I cannot see any reason for wishing to accept this today. If we reject it we will do nobody any harm. In my opinion Councilor Cantwell has a right to have a hearing. I think he should have a public hearing. I have been chairman of the committee for four years. When these petitions come in to us the streets are not read off. It is just a petition to run a bus line, say, from New Bedford to Park square, Boston, or to Salisbury from Park square, Boston, or one of the stations. Naturally we do not know what streets they are going over and what wards they are going through. There was not any meeting held on this. I am a little bit surprised a report is brought in here today. I called up the meeting last Tuesday and talked with the Clerk of Committees. He said the chairman was not there and the vice-chairman was not there and that there was no committee meeting. The next one in line would have been under our charter. I do not think I would have any right to call a meeting, although at some time or other the former city clerk has ruled the next in line can call a meeting. I never lived up to that or agreed to it. I thought it was the chairman or the vice-chairman who could call the meeting. If neither party were present, I did not bother to come over. I called the clerk who told me there were four members of the committee but no committee meeting was held. If we reject there is no harm done. It stays where it is. We can ask the chairman of the committee to hold a hearing. If Councilor Cantwell wants to get the people from his district in to find out their views he can do that. In all good taste I think it should be done. Whether or not there is a committee meeting during the week, Councilor Cantwell can find out once and for all how the people in his district feel. I do not want any more buses running in my town. We cannot afford to have any more with the traffic situation as it is. That is why we have five million dollars here for off-street parking now to relieve traffic and not to bring in more traffic and congestion into the city.

Coun. SCANNELL—Mr. President, as far as I know the chairman was not there. There was a quorum present. You can hold any kind of meeting if there is a quorum present, whether it is the Committee of Licenses or not. The president was not here. But as long as there is a quorum of members of the City Council, you can have a meeting. They had a meeting and voted it ought to pass. I could not be there that day. I was ill. As far as I am concerned a quorum of members of the Committee on Licenses was there and they passed it. That is why I presented it to the Body here.

Coun. KINSELLA—Mr. President, there are only two statements I want to make to clarify the little incident. First of all, what Councilor Coffey said is approximately correct. It just does not go far enough. It is true there were four men present not including Councilor Scannell and Councilor Fish who were by rule of the Council permitted to act as chairman. Councilor Coffey is the third named on the list. He could not function as chairman because he was not present. During the course of the conversation that was going on while we were waiting for an authorized person to act as chairman the suggestion was made that one member sit as chairman, and make recommendations to the duly appointed chairman since a quorum was established. There were four present who heard me say I did not want it done that way because I wanted it to come into the Council with the blessing of either a chairman properly appointed or a vice-chairman in his absence. There is at least one councilor present who can substantiate what I have said. The other three are out of the chamber at the moment. Rather than have it come in on the basis of an illegal meeting or a legal action on which no action could be properly taken, I decided it was best for all to respect the position not only of the chairman but the vice-chairman in the event that subsequently he might be able to sit in the matter of a bus coming through there. This is a point of clarification. The other company has a run from New Bedford to Park square, Boston. A couple of weeks ago for Councilor Cantwell's personal benefit a bus line permit was filed here one day. The committee polled the whole Body on the selfsame day and validated the act of the Committee on Licenses. That follows the same route. It is a competing bus line. Isn't it proper that the objection raised today should have been raised then to establish precedent or is it necessary for a fellow to swallow the last bit of pride he has and vote for it? Is that going to be necessary? I am in Boston serving every day with fellows who are moderately friendly. Yet somebody from New Bedford can come up and by the simple expedient of signing a legal instrument in the Clerk's office, can within the hour go back to New Bedford with the blessing of the Boston City Councilors. There is not one of us who even laid an eye on him. I am only asking gentlemen. It does not require an answer. I am thinking out loud. I am in the Council every day in the week. I am in the city every day in the week meeting all of you fellows as you meet me. I am not remote from you. I do not come up from New Bedford. Yet it is a competing bus line. It follows substantially the same route. They are the best streets available. The minutes of the meeting of September 9 states clearly it is to operate motor vehicles from Mattapan square to Park square on Blue Hill avenue. I cannot say at first glance whether a street or two is left out. If it is, I do not know why. I cannot say it has or has not been done.

Coun. CHASE—Will the gentleman yield for a question?

Coun. KINSELLA—Yes.

Coun. CHASE—Did the bus line start from Mattapan square or come in from New Bedford?

Coun. KINSELLA—The terminal point is New Bedford. All of the cities and towns along the way have granted permission by the same means we grant it, to use their highways. It comes to the Boston line and stops cold at the Neponset Bridge. We want to complete it into Park square as a running mate to the line that was certified here not so many weeks ago without a hearing because it was recognized that it was a public service. That is why it was done. This is a public service. It supplies a special need. I have a proper and due regard for the right of every man of the eleven councilors to get up and oppose it. That is not a concession I am making. It is an inherent right you possess as councilor from any district touched upon. No one is doing any favors when they say you ought to object.

Coun. CHASE—Mr. President, will the gentleman yield for a question?

Coun. KINSELLA—Yes.

Coun. CHASE—Does this proposed bus line include the picking up of passengers at different spots in Boston?

Coun. KINSELLA—No. There is no picking up of passengers, no collection of fares within Boston. I am through, Mr. Chairman.

Coun. COFFEY—On the last bus line that came in, can the councilor from Ward 2 tell me what date it was?

Coun. KINSELLA—I cannot give you the exact date. I would say it was a month or five weeks ago.

Coun. COFFEY—I would like to ask another question. I wonder if he was present the day the other bus route came through?

Coun. KINSELLA—I was and so saw no reason to object.

Coun. COFFEY—I was not here or I would have objected.

The question came on the acceptance or rejection of the report of the Committee. It was voted to accept. Councilor Coffey doubted the vote and asked for a roll call. A sufficient number of councilors having supported him the Clerk called the roll. The report was accepted, yeas 7, nays 0:

Yeas—Councilors Cook, Kinsella, Linehan, Moriarty, Muchnick, Scannell, Sullivan.

Nays—Councilors Bayley, Cantwell, Chase, Coffey, Keenan, McCormack.

Present—Councilors Hannon, Kelly, Russo.

Councilor Cook changed his vote from present to yes upon the completion of the roll call.

The question then came on the granting of the license.

Coun. BAYLEY—Mr. President, I move this be laid on the table.

Coun. MUCHNICK—Mr. President.

Coun. BAYLEY—For the purpose of getting more information.

The question came on the motion to lay on the table. It was not carried. Councilor Bayley doubted the vote and asked for a roll call. A sufficient number of councilors having joined him the clerk called the roll. The motion to lay on the table was carried, yeas 8, nays 7.

Councilor Cook changed his vote from present to no upon the completion of the roll call.

Yeas—Councilors Bayley, Cantwell, Carey, Chase, Coffey, Keenan, McCormack, Russo.

Nays—Councilors Cook, Kinsella, Linehan, Moriarty, Muchnick, Scannell, Sullivan.

Present—Councilors Hannon, Kelly.

Coun. MUCHNICK—Mr. President, a point of information. Is a motion to reconsider on this motion proper?

President KELLY—The motion is out of order.

Coun. KINSELLA—Do we understand that this supporting vote of 8 is due to the fact the councilors want more information by way of a public hearing by the Committee on Licenses?

President KELLY—I understand that is the sense of the motion. Councilor Bayley made a motion to lay on the table for more information.

Coun. KINSELLA—I think the councilor said it was for a week until he got some information for next week. Is that right?

President KELLY—That is right.

Coun. KINSELLA—I understand the chairman of the Committee on Licenses will probably hold a hearing, a committee meeting this week.

Coun. SCANNELL—That is right.

Coun. KINSELLA—Thank you.

President KELLY—Councilor Kinsella, a motion had to be in order to take it off the table and refer it back to the Committee on Licenses. The matter will be on the calendar at the next meeting. If you want to have it done now, you may.

Coun. KINSELLA—I so make a motion that the matter be removed from the table and referred back to the Committee on Licenses for securing more information.

President KELLY—That motion is out of order until there is intervening business.

2. Report on petition of Sun Spots, Inc., referred this date for driveway opening at 874 Dorchester avenue—recommending that license be granted.

Reports accepted and said licenses granted.

BOSTON MEAT SUPPLY.

Coun. SCANNELL offered the following:

Ordered, That his Honor the Mayor be requested to contact the proper Federal Agency with a view to bringing an adequate supply of meats to Boston even if it means the removal of said meats from OPA jurisdiction.

Coun. SCANNELL—Mr. President, in presenting this order today I want to bring to the attention of the members of this Body that something will happen in this city within the next couple of months. It is a condition that I believe can come from rulings made by the Federal agencies of the government of the United States. As far as the OPA is concerned, do you realize, gentlemen, within the week or so there will not be any meat for our hospitals, our institutions that are feeding the sick? Now there is something wrong in this country today where a sick person cannot be fed nourishment so that he or she might live or any child that might be sick that might need nourishment. The people of this city, state and nation have to suffer, especially the sick, for some of the rulings made by the Federal agencies. Now it seems to me that something should be done at least as far as the sick in this city are concerned who need nourishment. It looks like they are not going to get it. It looks as if some of the crackpots in Washington, who are controlling the OPA, cannot do anything about it. We have wartime emergencies in this country. I think we should do something about the meat packers of this country who can shut off a supply of meat coming into the city, state or nation. There are hundreds of thousands of people who are sick. Something is going to happen. It is happening. Today I read an article in the paper where the Massachusetts General Hospital is using horse meat for their diets. It will not be long before the city hospitals and institutions caring for our sick are going to go on that diet. If they have to live on horse meat, I wonder what is going to happen. It is a disgraceful condition. Somebody is responsible for it. Those who are responsible should be reprimanded by the government of the United States. I know this, when the black market was rampant during the last OPA period here in Boston, there was not much done about it. I know that at the present time the black market operators have got so much money they would not dare function today. They are leaving these parts with their pockets filled from black market operations. They have gone to the sunny South where they probably can recoup for the winter. This is a terrible condition in this city. The OPA comes in after the black market has been operating since the war and has taken all the money they ever needed. The packers of this country have stopped cattle from coming into the stock markets because the OPA has put a ceiling price on meat. Somebody ought to do something about it. If we want to get away from it, it is necessary to do away with the OPA as far as foodstuffs is concerned. Let us do away with it, let us stop it. Let us see if we can feed our sick and needy and people who need food to live. If the Federal agencies cannot do it, let the war powers of our President do it. This may be a political move. Let us take some of these men who are responsible for the stoppage of meats coming into the supply markets of every city, state and town. Let us see if we can do something about it. There is no need of a monopoly in this United States. It may be if we get rid of some of the pinkies that are in Washington as we got rid of one the other day then we may get down to where we might call this America and not a Communistically run country with its sources in Washington. I guarantee you if there is not something done about this within the next week or so there will be riots in the streets of this city. They are throwing out poultry to the people. How long is that going to last? It is not going to last very long. God help those who cannot get \$60 or \$80 a week. I know for a fact there will not be any black market functioning in this city. We all know that they have made so much money during the war they do not care if they ever make any money for the rest of their lives. So I hope that the Mayor in his wisdom will see fit if he can do so to request the President of the United States, if he has to, to use his wartime powers. Let us get right into the very depths of this OPA question. If we have to get off the OPA ceiling prices, let us get off them in order to feed the men, women and children who need nourishment in our city, state and nation.

Coun. COFFEY—I have to congratulate the counselor, Mr. President, for introducing this order. When OPA went out of existence, within ten days there was plenty of meat on the market throughout the entire city. For about a month prices were high. The prices started to drop. Steak itself dropped 10 cents to 20 cents a pound. I say the CPA in coming to power and setting the ceiling prices overlooked one thing that is of vital importance to the people of Massachusetts. What they should have done was stepped in and seized as much meat as they could and then distributed it throughout the entire forty-eight states. As we know now, half a dozen states are benefiting by the OPA while the rest of the states are going without meat. I do not like fish. I never eat it. If I eat any more eggs I will be cackling. Now I find there is a shortage of beans, something I can get along without. I think the OPA should step in and seize the cattle and make sure there is a fair distribution of meat to the entire forty-eight

states. They should see they are given meat enough to go around. If we can get meat let us get some. We are sick of chicken and turkey, although we are lucky to be able to get that.

Passed under suspension of the rule.

EASTERN MASSACHUSETTS BUS ROUTE, PARK SQUARE TO MATTAPAN SQUARE.

Coun. MUCHNICK—Mr. President, I had intended to speak before on the question of the Eastern Massachusetts petition for a bus license. In view of the fact that I am probably affected more than anybody else in this Council, the route going through a great part of my ward, I had intended to speak but at that time was foreclosed from debate by a motion to retable. It seems to me that this matter ought to be taken from the table so that all our views could be aired now. I move we take the matter from the table at this time.

President KELLY—Counselor Muchnick moves the matter be taken from the table. There is no debate. The question is on taking the matter from the table.

Coun. COFFEY—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. COFFEY—A point of information.

President KELLY—There is no point of information.

Coun. COFFEY—Mr. President, a point of order.

President KELLY—State your point of order.

Coun. COFFEY—The statement Counselor Kinsella made, he asked the chairman of the committee if he would hold a meeting during the week. Is that request of his still in effect?

President KELLY—I do not know. That does not vary this motion. The motion is to take it from the table first. I do not know what they have in mind. We will find out as they go along.

Coun. KINSELLA—Mr. President, a point of order. Would it vary the motion if on supporting a vote to take from the table the stipulation is made that a hearing shall be held this week? That would not vary the motion.

President KELLY—The first motion to take from the table must stand alone. I do not know what you have in mind after that.

The motion to take from the table carried. Counselor Coffey doubted the vote and asked for a roll call. A sufficient number of councilors having supported him the clerk called the roll.

Coun. COFFEY—Mr. President, is there any way of delaying the roll call until the councilor who made the objection is up from the Mayor's office?

President KELLY—I will keep ringing the bell.

Coun. COFFEY—They will not hear it on the second floor. In the future we should have our appointments with the Mayor before the meeting and not during the meeting.

Coun. BAYLEY—Mr. President, I believe there are one or two other councilors missing.

President KELLY—The Chair has no power in that regard.

Coun. KINSELLA—Mr. President, I would like to observe that the three gentlemen who voted for this at the meeting are absent.

President KELLY—The gentleman is out of order. A roll call is in order and the clerk will call the roll.

The clerk called the roll and the motion to take from the table carried. Yeas 11, nays 5:

Yeas—Councilors Cook, Hannon, Hurley, Kinsella, Linehan, Madden, Moriarty, Muchnick, Russo, Scannell, Sullivan.

Nays—Councilors Bayley, Bryan, Coffey, Keenan, McCormack.

Present—Councilors Carey, Kelly.

Coun. KINSELLA—Mr. President, through you I would like to ask the chairman of the Committee on Licenses if he will now designate a day and date this week prior to Monday on which a hearing will be held.

President KELLY—Will you answer that?

Coun. SCANNELL—Yes, Mr. President.

Coun. RUSSO—Mr. President, a point of order. Am I correct in stating this is before the Body? It is not in the committee unless a motion is made to send it to the committee.

President KELLY—I do not know what is in Counselor Kinsella's mind. I think the question is on the passage of the license. I think he has in mind referring it back to the Committee on Licenses.

Coun. KINSELLA—I make a motion it be referred to the Committee on Licenses and a hearing be held this week.

Coun. SCANNELL—Mr. President, there will be a meeting of the Committee on Licenses Thursday morning at 11 o'clock.

Coun. MUCHNICK—Mr. President, if I remember correctly the clerk at the beginning of the meeting read a statement that the petition of the Almeida bus line was going to be heard shortly before the Department of Public Utilities.

President KELLY—I am informed that hearing will be October 10 before the Department of Public Utilities.

Coun. MUCHNICK—Mr. President, I have a feeling—

Coun. COFFEY—Mr. President, a point of information. May I ask who the Almeida bus line is? Is this the order before us now?

Coun. MUCHNICK—I can answer the question. President KELLY—The order before us now is on the Eastern Massachusetts.

Coun. MUCHNICK—That is correct. The Almeida bus line for which the permit was granted here several weeks ago is on a competing route from New Bedford to Boston. That petition will be heard on October 10 before the Department of Public Utilities. If we intend to act favorably or act in any way on the Eastern Massachusetts petition it seems to me we ought to act now. If we let this matter delay with a committee hearing and the committee hearings sometimes do not take place when scheduled, this matter might drag beyond October 10. If it does, to me at least there is a great danger that the petitioner Almeida will alone be heard and that petition granted. That might become an insurmountable obstacle to the Eastern Massachusetts in getting their petition granted. If we are going to do anything we ought to get both petitions up there at about the same time so that the Department of Public Utilities can make a choice between the two lines, if they intend to make a choice or deny both or grant both. It does not seem to me to be fair to give one company a head start over another by some dilatory tactics that could very well be avoided here if the Almeida petition could be granted on the same day it was signed, it seems to me this petition can be granted today, sometime after it is filed. If a public hearing was not necessary on the Almeida petition, clearly it does not seem to be necessary here. I speak as one councilor through whose district a major portion of the line will run. If it were not necessary a couple of months ago for a New Bedford outfit it should not be necessary for a Boston outfit. I am going to vote against sending this back to committee. If that motion is defeated I intend to ask for the granting of the license today.

President KELLY—The Chair will state for Councilor Cantwell's benefit because he has been out of the Chamber, we are now voting on referring this petition of the Eastern Massachusetts Railway Company to the Committee on Licenses. The Council voted to take it from the table. The motion before the Body is to refer this matter to the Committee on Licenses.

Coun. COFFEY—Mr. President, sometimes I sit here and I am very much amused. We are talking about being fair. I wonder if some of the councilors can go back to the Sutcliffe racket over at the airport in East Boston. A few of us got up and fought tooth and nail to stop just one outfit from sending through a petition to give something to the Sutcliffe people who were not qualified at the time, who did not have a limousine or bus but only had a storage and warehouse company in Boston. How some of the councilors fought at that time to get the outfit through.

Coun. MUCHNICK—Mr. President, a point of order. It seems to me that the subject under discussion right now is the Eastern Massachusetts bus line from Mattapan square to Park square.

President KELLY—I think the councilor has strayed a little bit but he is leading up to a point. I let you stray, too.

Coun. MUCHNICK—Mr. President, may I ask a question?

President KELLY—I think he is leading up to the matter under discussion. I am going to ask the councilor to confine his remarks.

Coun. COFFEY—Of course the councilor himself wants to stray and does not want anybody else to stray. I had to get up and ask you for a point of information to find out what he was talking about. All he was talking about was the Almeida bus line, a New Bedford outfit that came into Boston and got something through without opposition. Why didn't he have something to say when the Almeida bus line came through? He had the opportunity to take his feet and discuss it.

Coun. MUCHNICK—Mr. President, I was asked a question. I thought maybe the gentleman wanted an answer.

Coun. COFFEY—I did not ask any question.

President KELLY—Do you yield?

Coun. COFFEY—I do not. I did not ask any question. I just told him he had the opportunity when the Almeida bus line came through to get up and object to be for or against it. I was not present. Nobody can say I would ever vote for a bus line since I have been in here. We suffer in East Boston with buses. I have been consistent. If it came through, it came through while I was not present. I had to send out a moment ago to find out what date it went through. I found out it was July 22. There is no need of rushing this through. The man has gone back on his word. Within five minutes an agreement was made by the gentleman from Charlestown interested in this petition that it be sent back to the Committee on Licenses and a public hearing be held for the benefit of the gentleman from Ward 18 (Councilor Cantwell). Let me tell you gentlemen this is serious. I might be wrong. I contend one councilor in this Chamber was defeated at an election because he did not favor or oppose a bus line in his district. I contend that and that alone defeated him for reelection to this Body. Of course it is important. How do we know what streets they are going to use? How do we know they are wide enough to use? How do we know they should be run through certain streets? Why shouldn't a public hearing be held on it? All eleven of the gentlemen are as interested as the one gentleman from Ward 8 in finding out the feeling of the people in the district. I will be at that public hearing if he gets in touch

with the people whose streets this route is supposed to go over that this place will be mobbed with opponents of the bus permit. I am not a lawyer. If I were I would take a different view of these things. Thank God all attorneys do not take the same views. Some of them are regular fellows, as regular as can be. I do not object to anything they do. That is their business. I do not care what they do. They know over a period of eight years how I feel about things here. A gentleman wants to rush the thing through when it is practically agreed when removed from the table it would go back to the Committee on Licenses and a public hearing would be held on it. For the benefit of the councilor from Ward 18 he had better notify the people in his district. Then he can take a stand accordingly. If a majority come up from the street and say they do not want the buses for any reason whatsoever then he can take a stand. I think he would take a stand in opposition to it. As I said before, it is of importance to everybody wherever a bus route goes. I repeat, one councilor, in my opinion, was defeated because he did not know enough to take a stand for or against a bus route. There was a petition with 800 names in favor of the bus route and another petition with 250 names opposing it. The councilor stayed in the middle. He said he was neutral. If he took the minority stand he would have made some friends. He stayed neutral. He did nothing but make enemies. Let this go back to the Committee on Licenses. Let a public hearing be held if there is any opposition from any of the eleven wards where this route is going through. Let us hear what the people have to say.

Another thing, there is no need of rushing it through and sending it to the Department of Public Utilities. You know we have sent them up there before and had them turn it down. They can turn around if they want to under the emergency powers and give the bus route to the Eastern unit without coming here. They have done it before. There are buses running all over the City of Boston without permission from us. They haven't our permission. They allow them under the War Emergency powers. They got permission from the Department of Public Utilities. It is not vitally important this be sent up the same way as the so-called Almeida bus line which is supposed to have a hearing on October 10. Let this go back to the Committee on Licenses for a public hearing here.

Coun. KINSELLA—That was my motion. Councilor Scannell announced he would hold a meeting on Thursday at 11 o'clock. For what it is worth for any one of you it is spoiled now for me. If you want a public declaration, there it is. It is spoiled. For the first time in four and a half years in this Chamber I am going to move the previous question so that if I am supported there will be no more long-winded debate on a matter which should have gone through like that (snapping fingers).

Coun. COFFEY—Mr. President.

President KELLY—There is no debate on the motion.

Coun. COFFEY—Mr. President, I have not heard the gentleman's statement.

(Councilor Kinsella's remarks were read back.)

Coun. COFFEY—I ask unanimous consent to make a statement.

President KELLY—There is no unanimous consent.

Coun. COFFEY—Mr. President, a point of order.

President KELLY—State your point of order.

Coun. COFFEY—I think that statement should be allowed to be answered or struck from the record. That is no way to hit and run.

President KELLY—The Chair will rule that a point of order is not in order at the present time. You can make the motion later in the session if you wish.

The question came on the previous question and the motion carried. Councilor Coffey doubted the vote and a sufficient number of councilors having supported him the clerk called the roll. Councilor Bayley changed his vote from present to no at the completion of the roll call. Councilor Bryan changed his vote from present to no at the completion of the roll call.

The roll was called and the motion to move the previous question was lost, yeas 6, nays 7:

Yeas—Councilors Cook, Kinsella, Linehan, Madden, Moriarty, Muchnick.

Nays—Councilors Bayley, Bryan, Carey, Chase, Coffey, Keenan, Russo.

Present—Councilors Cantwell, Hannon, Sullivan. The question came on referring the matter to the Committee on Licenses.

Coun. COFFEY—Mr. President, I think the statement from the gentleman from Charlestown was very much uncalled for. We were all in the same boat. If I can get a buck I will take it. I am man enough to admit it. I tell the people in my district that I will take it. But I will not take it from a working man. When anybody brings in the statement it is spoils, sure it is spoils. Of course it is spoils. We were spoils enough and fools enough to pass an order here to give him a job with the Eastern Massachusetts. Now we are supposed to pass everything he puts in, let the buses run all over the city and to hell with the kids and the people of Boston as long as he is getting a week's pay out of it. That is what I call spoils. If he wants to continue the discussion it is O. K. with me.

Coun. RUSSO—Mr. President, I believe that perhaps it was my vote which has made it possible now to refer this back to the committee. I have no quarrel with any of the councilors for or against it. It has always been my contention when a councilor whose district is affected has any reasonable objection, he ought to be heard. For that reason I voted in order to send it back to the committee to give that councilor an opportunity to get the information he is seeking and not for any other purpose whatsoever. I also wish to bring to the attention not only of the Committee on Licenses but all committees that we should be fair to each other. I know that if something is going through my ward and I am not notified about it I am going to be peeved about it. I am the person who has to answer to the people when I come before them for election. I have to give them the answer. Each one of us is placed in the same position as I am. So for that reason alone I feel it ought to be sent back to the committee. We have books which tell the wards and precincts of every street in the city and if we are not aware of the section and just what ward is affected we can look it up and find out and see that the councilor is informed. I recommend that to the Committee on Licenses. We have different ways of getting in touch with the proper person who is vitally interested so that he will know something about it. I am not opposed to the Eastern Massachusetts Street Railway having this bus route. But when I see someone in whose district the line will operate I feel it is our duty as councilors and as brother members to give that individual the information he seeks. I know if it affected my district I would want to know it. For that reason and that reason alone I have moved that we send it back to the committee. It does not do any harm even though it has to wait another week. In answer to one of the councilors, the councilor from Ward 14 (Councilor Muchnick), he said in so far as the Almeida bus line is concerned there was no opposition. At the time I voted for it I heard no one in opposition. I took it for granted everyone was in agreement and agreed to it, that their respective wards which the bus line touched were agreeable and that they consented to it. When we have the councilor from Ward 18 (Councilor Cantwell) objecting to it and he has his own reasons to object, I feel he had ought to be given the proper opportunity to get the information he seeks. Later on if he is asked by the people he represents to give them an explanation he can be on the right side. For that reason I move, Mr. President, that we ought to send this back to the committee and a hearing held.

Coun. CAREY—Mr. President, I do not like putting any vote of mine against any individual member of the Council with whom I have served a year or two or six years, or whatever it might be. However, I think the interests of the people of the city should be considered in the matter of this particular bus line which runs through my district. The interest and welfare of the people of the city as a whole transcends any interest of any individual member of the Council, on any matter that comes before us. At the present time the City of Boston is supplying millions of dollars to reconstruct streets. One of the avenues on which a great outlay of money is being spent and over which I understand this bus is to travel is involved here. Time and time again on the floor of the Council I have called the attention of the members of this Body to the traffic congestion created by these buses that come in here. They are coming in here day in and day out. At this moment I will again ask any member of the Council to come with me and ride around Huntington avenue and watch the buses that ply between here and Worcester and between here and New York. There is no traffic congestion worse than that brought about by the drivers of those buses. There is an ordinance that requires you to keep to the right. Why those bus drivers seem to have the road for themselves. Night after night you see them driving out Huntington avenue two abreast. You cannot pass them. I cannot pass them. They speed along and come to the stops. They do not pull up to the curb. That would get them out of line and delay them. They want the road to themselves. They will go by a corner with children on it from Roxbury or Dorchester or the South End. The children may want to cross the street but they do not care for the kids. Get the people out to Framingham, to Worcester, to New York City and other places, that is their only interest. We have before us now and we will discuss it later on the matter of spending at least \$5,000,000 of the taxpayers' money to relieve traffic congestion. That is the sole purpose of it. I do not think any man in the Council is in possession of any more information regarding it than I am. I know nothing about it. We are asked to vote the thing through. If it is going to be a good thing for the city it is not going to aid this already congested city traffic. If the lives of our youngsters are not going to be in danger I will vote for it. But I would like to know a little bit about it ahead of time. My personal feeling is we already have too many buses running through the streets. The taxpayers are paying the bill, the property owners of my district. They are keeping the streets in condition, and yet I am supposed to pass their interests aside just to be a good fellow. I want to be a good fellow. I like to be a good fellow. I do not think I should be penalized in anything. I have in mind in that respect refusing to rush through a matter of this kind. I hope it will go before the Committee on Licenses.

Coun. KINSELLA—Mr. President, apparently the ill-advised attempts of a friendly councilor resulted in all this unnecessary talk for the last 15 minutes; climaxed by a complete misunderstanding on the part of Councilor Coffey as to the true meaning of my statements. There is a big difference in apologizing and explaining, although if you choose to take it as an apology that is a private personal choice. If you recall I said, and it is on the record, that this thing is useless to me, take it for what it is worth. That is an expression we all use more or less freely. It is comparable to saying, take it at face value. There was no intention or hint or reference or inclination to anything venal or mercenary. Yet the accusation is made and something is said about making a buck. I did not bring that in nor did I imply or hint or insinuate it in any way. I used an expression common in everyday use. Take it for what it is worth. It is just that and nothing more. Take it at face value. If I had said face value it would take a lot of misconstruction to find fault with that. It is just an idiomatic phrase that is by way of explanation and not apology. I am not intimating anything. I said only that under normal circumstances the thing would go through like that, not attacking anybody's integrity or probity or anything else, individually or collectively. Yet I do not think the members can escape the conviction in their souls they have never known a time they have been here before when such a similar matter was as long drawn out and finally wound up as a personal matter, a matter of personal recrimination. You might say it was never intended that way. I tried to clarify all of that when I was addressing myself originally to Councilor Cantwell. I am the one who wanted it to go back to the committee. Please remember that I am the one who refused the suggestion made in the presence of four gentlemen, two of whom are now present that one of their number act as chairman, and I am the one who said he could not. The shaft of criticism that this is being rushed through does not apply to me. No one can say that. I would not countenance the suggestion made to me 20 minutes ago in the presence of most of you here now that this be acted on today for any reason. If it were, I was going to absent myself from voting. You do not have to believe that. Perhaps you will not. I do not intend to say yes or no on the granting of the permit. I was going to declare my own interest. Yet if I were running for president I would be entitled to vote for myself. You never heard a man yet say I am a candidate for president but I will not vote for myself because of interest. I intended and I intend while I remain here for the next 16 months and more, I suppose, if I make an effort to come back, I intend to live up to the letter and spirit of the rules. If you will only be broadminded enough to understand, not one of you but all of you collectively, there are three considerations here that stand out and that I insist upon being maintained to their utmost meaning and significance. First, I would not have other than the vice-chairman at least sit at the meeting to render a report. Second, I would ask that it be sent back to the committee. Third, on which there is no record, but upon which you may take my word safely, I did not intend to vote for it because of interest. Others have done that here to their entire credit. Certainly I am as creditable in this matter as they were in those matters. As for the use of an idiomatic expression such as take it for what it is worth, it did not then and it does not now nor will it ever in the future when I use it be anything but a speech mannerism, a phrase in common use. There are no meanings, hidden or open, overt or public. That is all I have to say. I am satisfied with your action. I must tell you truly your action is not going to disturb me. And you want to thank the fellow who misguidedly caused a good deal of unnecessary debate. I wonder how many of you believe that. I do thank him because of this little feeling that has perhaps come up here. Is it asking too much that we get on with the public business of the city? It is pretty well established there will be a meeting next Thursday at which everybody will be present, as many as care to come. You will find no flaw and no fault with it. That is a fair request. That is all.

The question came on referring the matter to the Committee on Licenses. The motion carried and the matter was referred to the Committee on Licenses.

PUBLIC WORKS AND STREET COMMISSIONERS COMMITTEE.

Coun. SULLIVAN offered the following:
Ordered, That the President of the Boston City Council be authorized to appoint a special committee to be known as the Public Works and Street Commissioners Committee, said committee to consist of five members of the Boston City Council.

Coun. SULLIVAN—Mr. President, the hour is late. I am going to ask the Chair to refer this to the Committee on Rules.

Referred to the Committee on Rules.

MOTION TO RECESS.

Coun. BAYLEY—The hour is getting late. We have had several distinguished gentlemen waiting since 3 o'clock. In order to hear them before it is too late, I move we now go into Executive Session.

President KELLY—Councilor Bayley moves a recess for the purpose of going into Executive Session.

Coun. HANNON—Mr. President, I think we have sat here very patiently and listened to those gentlemen who filed their orders. It is the business of the City Council to file orders. There are many more who have orders to file. Regardless of the eminence of the gentlemen waiting, the City Councilors should be preeminent as far as the Council business is concerned. I do not think we should take any recess until we finish the presentation of our orders here in our daily routine business.

Coun. LINEHAN—Mr. President, I have an order here which I am going to file requesting ten million dollars be appropriated for veterans' housing. Therefore, I hope we do not have any recess.

Coun. BAYLEY—Mr. President, we have pending before the City Council the matter of five million dollars off-street parking, which to my mind is of the utmost importance. It is one of the most important matters before the City Council.

Coun. KEENAN—Mr. President, I think the councilor is out of order. The President should proceed and ask for the calling of orders presented by the various councilors.

President KELLY—The gentleman has made a motion and is speaking on the motion. It is ruled he is in order.

Coun. BAYLEY—Mr. President, I realize we cannot act on that order until tomorrow. On the other hand, some councilors asked for more information before we give that loan a second reading. I am among them. I want to find out from the Planning Board and the Real Estate Commissioner the plans for the locations of these parking places. I want more information so I can vote tomorrow. I understand they are outside. It is an important matter. It brooks no delay. We have invited these gentlemen as our guests at the three o'clock meeting. We should proceed without further delay to hear them and get the information. The future of the City of Boston depends perhaps on this. I hope the motion is carried.

Coun. SCANNELL—Mr. President, there are men who have been invited here who are on the public pay rolls of the City of Boston. I might say this. We spend twelve and a half hours in these councils and seven or eight hours a day. Some of these department heads spend three or four. I think they can wait until tomorrow, too, until this matter is thrashed out. This matter is up before the City Council tomorrow. We can excuse those men. This is a meeting which is a regular meeting for the regular business of this Body.

Coun. BAYLEY—Mr. President, will the distinguished councilor yield for a question?

Coun. SCANNELL—Yes, I will yield.

Coun. BAYLEY—I understand four of the five gentlemen are in private employment, members of the Board of Real Estate Commissioners. They are not public employees. Is that so?

Coun. SCANNELL—I do not know.

Coun. BAYLEY—You said they were department heads. Do you know?

Coun. SCANNELL—I do not know. I know you said the Board of Real Estate Commissioners were out there, vitally interested in the five million dollars to spend, taxpayers' money.

Coun. BAYLEY—Do you know the membership of the Board?

Coun. SCANNELL—I would be glad to let you know it.

Coun. COOK—Mr. President.

Coun. SCANNELL—I think we have matters of importance here, Mr. President. We have the matter of veterans' housing. My colleague from South Boston is going to present an order for ten million dollars for veterans' housing. I think that is much more important to the people of this city than having men who do not know anything about the five million dollars they are going to spend. I think we know at least through the efforts of Councilor Linehan that the City of Boston can spend ten million dollars on veterans' housing. We do not know anything about this five million dollars. If you stay there from now until tomorrow morning you would not know anything about it. It took us twelve hours of debate to find out nothing about it.

Coun. KINSELLA—Mr. President, a point of information. Has it been established definitely we are going to meet tomorrow?

President KELLY—The Body has not decided yet on that.

Coun. KINSELLA—Another point of information. I would like to ask the clerk through you if we have the right legally to hold any action in abeyance until the 60-day period has expired?

President KELLY—I am informed after tomorrow this Council Body can take action up to the 60-day period.

Coun. KINSELLA—The second reading?

President KELLY—On the second reading.

Coun. KINSELLA—I see. Thank you.

The question came on taking a recess and the motion did not carry.

Coun. SCANNELL—Mr. President, I move that we excuse the gentlemen who are waiting, the Board of Real Estate Commissioners and the Planning Board, until tomorrow morning, and until the President establishes a time to come here on the five million dollar off-street parking.

President KELLY—Councilor Scannell moves the gentlemen in the Executive be excused until a later date.

The question came on the motion to excuse the gentlemen who had convened for the Executive Session. The motion was defeated. Councilor Bayley doubted the vote and asked for a roll call. A sufficient number of councilors having supported him the clerk called the roll.

Coun. BAYLEY—Mr. President, may I speak on the motion or not? No? All right.

The motion was lost, yeas 5, nays 11:

Yeas—Councilors Carey, Hannon, Keenan, Linehan, Scannell.

Nays—Councilors Bayley, Bryan, Chase, Coffey, Cook, Kelly, Kinsella, Madden, McCormack, Moriarty, Russo.

Coun. MORIARTY in the chair.

" APPROPRIATION FOR VETERANS' HOUSING."

Coun. LINEHAN offered the following:

Ordered, That the sum of ten million dollars be, and hereby is, appropriated, under the provisions of chapter 372 of the Acts of 1946, to be expended under the direction of the Boston Housing Authority and the City Auditor of the City of Boston, for one and two family housing developments providing shelter for veterans and their families, and that to meet said expenses the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of the City of Boston to said amount.

Coun. LINEHAN—Mr. President, I am just going to say a few words. I wish all of the councilors could see this cartoon here. It typifies a veteran coming home with a gun, his head kind of hanging. Alongside of it there shows a lot of hands up like this indicating. And a sign saying "No Vacancies." There must be a dozen hands there. It says, "Welcome home, Joe, if you can find one." Let us hope this ten million dollars, if it is finally appropriated, will give them a real welcome in the form of housing for veterans and their families.

Referred to the Committee on Finance.

ABOLITION OF O. P. A.

Coun. KEENAN offered the following:

Resolved, That the President of the United States be, and hereby is, requested to immediately abolish the O. P. A., which has outlived its usefulness and which is a hindrance to the normal return of business.

Referred to the Committee on Rules.

EXTENDING MORTON STREET BUS LINE.

Coun. KEENAN offered the following:

Ordered, That his Honor the Mayor be requested to take up with the Boston Elevated Trustees the matter of extending the route of the Morton street bus line from Ashmont Station along Washington street to Morton street into Gallivan Boulevard and back Washington street to the station.

Passed under suspension of the rule.

Coun. KINSELLA—Will the clerk read that again, Mr. President? (The clerk read the order.)

FURTHER REPORTS OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on petition of A. DiMascio, referred this date, for driveway opening at 209 215 Boston street, recommending that the license be granted. Report accepted and said license granted.

TRAFFIC LIGHTS.

Coun. McCORMACK and CANTWELL offered the following:

Ordered, That the Board of Traffic Commissioners be requested, through his Honor the Mayor, to install traffic lights at the junction of Hyde Park avenue and Neponset avenue.

Passed under suspension of the rule.

GREEN STREET LIGHTING CONDITION.

Coun. McCORMACK and MORIARTY offered the following:

Ordered, That the Traffic Department be instructed, through his Honor the Mayor, to immediately improve lighting conditions on Green street, from Washington street to Centre street.

Passed under suspension of the rule.

STREET IMPROVEMENTS.

Coun. CANTWELL offered the following:

1. Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public way, Ashville path, Ward 18.

2. Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out and construct as a public highway, Lodge Hill road, Ward 18.

3. Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out and construct as a public highway, Crown street, Ward 18.

Severally passed under suspension of the rule.

FIVE-DAY WEEK FOR CITY EMPLOYEES.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct that a five-day week be granted all City of Boston employees.

Coun. HANNON—Mr. President, practically every business nowadays is functioning on a 5-day week schedule. For the summer months the city, through the graciousness of his Honor the Mayor, likewise operated on a 5-day week schedule. I do not think the public suffered in any way. It was always the custom to have a skeleton force in every office. I think this might well be maintained through the winter, through the entire year. The State House is closed on Saturdays throughout the entire year. The banks are closed up to the end of September. I think that the city should adopt a 5-day week.

Coun. KINSELLA—Mr. President, I would like to ask the councilor a question through the Chair.

Chairman MORIARTY—Will the gentleman state his question?

Coun. KINSELLA—Councilor Hannon, is there or is there not a chartered provision in the City Hall that it must be opened on Saturday?

Coun. HANNON—Certain departments of the city and not the City Hall. I think certain departments must be open.

Coun. KINSELLA—A point of information. Councilor Hannon, do you believe an ordinance is necessary in order to effect the 5-day week in Boston in municipal matters?

Coun. HANNON—I do not think so. The purpose of this order is merely to permit the operation of skeleton forces in those departments that must be kept open, such as the Registry of Deaths and Births, the City Clerk's office and the Treasurer's office, which must be open.

Coun. KINSELLA—Well, councilor, do you mean to continue the summertime system?

Coun. HANNON—That is right.

Coun. KINSELLA—Throughout the year?

Coun. HANNON—Exactly.

Coun. KINSELLA—Would it serve a better purpose to try to close the City Hall entirely on Saturday? It would mean something to hundreds of people.

Coun. HANNON—I think that will take an act of the Legislature.

Coun. KINSELLA—Well, Mr. Chairman, I knew it was by legislative act. Will the clerk clarify that for us?

Chairman MORIARTY—The 5-day week in which the City Hall is closed for two days requires a legislative act.

Coun. KINSELLA—Mr. Chairman, a point of information. I think I always understood that. I would like the clerk to tell us whether or not the legal requirement of keeping the City Hall open Saturday is contained in any part of the charter?

Chairman MORIARTY—I am given to understand there is no reference in the City Charter to the closing of the City Hall. However, it requires a positive act of the Legislature to close it.

Passed under suspension of the rules.

COLUMBIA ROAD MUNICIPAL BUILDING GYMNASIUM.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct the Commissioner of Public Buildings to make the necessary repairs and renovations to the gymnasium in the Columbia Road Municipal Building.

Passed under suspension of the rule.

OLD AND NEW BOSTON PENSION SYSTEMS.

Coun. HANNON offered the following:

Ordered, That the trustees of the City of Boston Retirement Fund make provision that every department in the city be instructed, between now and November 15, relative to the comparative values of the old and new pension systems as pertains to the individual member.

Coun. HANNON—Mr. Chairman, recently we adopted a legislative act which permitted employees of the City of Boston to become members of the State Retirement System. I find many city employees are confused as to the comparative value of these two systems. Every employee eventually will receive a pamphlet which is supposed to make a comparison. I think you would have to be a Philadelphia lawyer to really determine in the individual case which system is better for a person to adopt.

On October 1, 1946, all employees of the City of Boston and of the County of Suffolk whose salaries are paid by the City of Boston, become members of the new retirement system.

established by chapter 658 of the Acts of 1945. It makes no difference whether you are a member of the Boston Retirement System, or have other pension rights as a school teacher, a fireman, a policeman, a veteran or otherwise, those rights will be extinguished and replaced by the pension rights of the new system unless between October 1 and December 30, 1946, you deliver or mail to the Boston Retirement Board, Room 65, City Hall, a notice on an official form that you elect not to remain a member of the new system. The official forms may be obtained after October 1 at the Retirement office or Annuity Department office. No change will be made in the present practice concerning deductions or non-deductions from salaries between October 1 and December 31, 1946. All persons whose employment begins after September 30, 1946, become members of the new system."

In other words, Mr. President, every city employee is going to be dumped into a new retirement system, a system which we are told casually will be beneficial to most of the city employees. Nobody really knows. I have made inquiries of many people and people have made inquiries of me. I have about as much information as those from whom I sought information. Nobody seems to know anything. I think this is a personal problem between each employee of the city and the retirement system whether it be the city or the state. The answer to this of course is in dollars and cents. Some employees of the city have over \$2,000 in the retirement fund in the City of Boston. They would like to know what is going to become of that money. Is it going to be transferred along with them? There are other men who would like to know what money they would get if they were retired next month under the city system, or next month under the state system. Those are personal problems. After all, the question of retirement and the question of pensions is a matter of dollars and cents. I think that between now and December 30 every employee of the city must signify on an official form that he does not want to go into the system. Some member of the city government, either a department head or an individual in the department or some member of the Boston Retirement System should set aside a day and go before each department of the City of Boston and answer the various questions for the employees. Take a laborer on the street. How does he know how much he is going to benefit by the transfer? How does he know but he is going to lose by changing from one system to the other? How about the police and firemen? And those who are non-contributory who must go into the system? This is a matter that is vital to every employee of the City of Boston. They are going to come to the Council and ask the councilors where they should stand, whether or not they should change over. There ought to be some bureau set up in the City Hall or some means of communication established so that at least those in the lower salary range in city employment would be advised honestly and rightly whether or not they should make the transfer. I say the answer lies in the dollars and cents that these people are going to be paid when they get through. One person told me that under the State Retirement System you do not get the same disability pension that you get under their system. That is something to be considered if that is true. There are many problems, so many that no one person could answer them. In fairness to every city employee, I think that instead of depending upon their reading and interpretation and absorption of the facts contained in this little pamphlet, each department head should be instructed in the values of the retirement systems or else an expert from our Retirement Board should be sent before each department to instruct the various employees as to the whys and wherefores of the respective values of each system. I have asked in the order that this be done between now and November 15. That will allow four or five more weeks for people to give consideration to the facts presented to them by whoever interprets the merits of the two systems to the individual employee. I think in all sincerity and in all honesty to the employees who have worked faithfully and hard for the city for years this action should be taken.

Passed under suspension of the rule.

HUMPHREYS SCHOOL SITE.

Coun. HANNON and LINEHAN offered the following:

Ordered, That his Honor the Mayor direct the Boston School Committee that a park and mothers' rest be constructed on the site of the destroyed Humphreys School on Sumner street, Dorchester, or said land be turned over to the Park Department for such a purpose.

Coun. HANNON Mr. President, out in the district which is my district, adjoining the district of the gentleman from Ward 7 (Councillor Linehan), there formerly was a schoolhouse, the Richard C. Humphreys School, which unfortunately was destroyed by fire last year. Since then building wreckers removed the school and left a lot of land there which is very unsightly. Seldom indeed is it that building wreckers leave property in anyightly manner anyway. Adjoining this particular piece of property is a group of swings and other material for recreation which the youngsters in the neighborhood used to use. Since the school is

down I do not imagine that these swings will any longer be used unless the School Committee takes it upon itself to establish here a park or unless the Board of Recreation establishes a park or unless this land is turned over to the Park Department and a park is built. We had a nice school there once with the swings. We are sorry to lose it. We still have all the couplings on which the swings used to hang. We would like to use them in the future. Instead of leaving this a bleak, desolate old hole, I hope some ways and means will be found by this order either through the School Committee or Park Department to go on using these recreational facilities for the children, establishing there a park with a few benches for the tired mothers to sit down and rest.

Passed under suspension of the rule.

Coun. BRYAN, for the Committee on Confirmations, submitted the following:

1. Report on appointment of Edward J. Fogarty to the position of Weigher of Coal (referred September 9) recommending that the appointment be confirmed.

2. Report on the appointment of Joseph B. Potter, Newton Atwood and Samuel Bloch to be Weighers of Goods (referred August 26)—recommending that the appointments be confirmed.

The reports were accepted, and the question came on confirmation. Committee, Councilors Russo and Hannon, and the appointments were confirmed, yeas 13, nays 3.

RECESS.

President KELLY declared a recess at 5.45 p. m. for the purpose of going into Executive Session, subject to the call of the Chair.

The members reassembled and were called to order by President Kelly at 7 p. m.

REPORT OF EXECUTIVE COMMITTEE

Coun. McCORMACK, for the Executive Committee submitted the following:

1. Report on order (referred this date) on lease of land in East Boston to the Federal Government—recommending that the order ought to pass.

The report was accepted and the question came on the passage of the order. The clerk called the roll. Whole number of ballots 15; yeas 15, and the order passed.

2. Report on message of the Mayor and order (referred this date) transferring \$1,300 from the Public Welfare Department, Central Office, to the Public Welfare Department, Wayfarers' Lodge—recommending that the order ought to pass.

The report was accepted and the question came on the passage of the order. The clerk called the roll. Whole number of ballots 15; yeas 15, and the order passed.

3. Report on the message of the Mayor and order (referred this date) for the increase in pensions to pensioners who retired before October 1, increasing the pensions of those getting less than \$720 a year to an amount not to exceed \$720 a year—recommending that the order ought to pass.

Report accepted. The question came on the passage of the order.

Coun. COOK Mr. President, on this order of the Mayor establishing the maximum of \$720, the act allowed us to establish a maximum of \$1,000. I am sorry that the Mayor saw fit to wait until the commission could resolve any doubts that might exist at the present time as to the advisability of allowing the maximum of \$1,000. I have been called by some school teachers. I think their cause is just. I think the city could have established this increase so that those who aren't getting over \$600 could get a 20 per cent increase. \$720 a year as a pension for loyal service over many years is very small. It seems to me that the Mayor could have allowed the full benefit of the act to those who now receive an amount which should have been over \$720 if the increase had been given. There is nothing that the Council can do about this now because if we do not accept the order those who are increased up to \$720 will not enjoy that benefit if we do not pass the order. I would like to put myself on record. It seems to me that the City Council and the Mayor can increase the expenditures we are making without waiting for any public hearing and resolve doubts by a legislative commission which could increase 20 per cent to those people and raise this up to \$1,000 in those cases where it would have so resulted.

Coun. SULLIVAN Mr. President, just a point of information I would like to give the councilor from Ward 12 (Councillor Cook). The question he raises is a very good one. Apparently the Mayor changes this to not to exceed \$720. There is no need of us rushing this particular order through. I believe this is the order Councillor Hannon moved some weeks ago and we accepted it. I do not believe there is any time limit on this particular order. I know and I think you all know about it because you have had dealings with old age cases. People are becoming citizens only in the last five or six years in this country who have lived here a good many years. They have become citizens for the sole purpose of obtaining old age assistance. This bill here is to give those who have given the city years of faithful service a little more money in their pensions. You know as well as I

do people who have become citizens in the last five or ten years to obtain this are getting, some of them, but not all of them, well over the \$720 a year that is stipulated in this particular bill. I think that the Chair ought to refer this back to some committee so that they may confer with the Mayor relative to increasing this to what it originally called for, \$1,000.

President KELLY—Do you make that a motion, councilor?

Coun. SULLIVAN—I will leave that to the Chair to assign it to some committee.

Coun. KINSELLA—Mr. President, as I understand this, a person with the present base plus 20 per cent cannot in any case exceed \$1,000. So that a person now getting \$933.33 as some of them are, some firemen, could not get only a matter of \$66.67 which would be short considerably of the 20 per cent. I want to raise a highly technical point. I am going to ask the clerk to answer it for us. In view of the fact that this is a legislative act has the Mayor or anyone else the authority to stop short of the maximum provision of the benefits in the act?

President KELLY—I am informed, councilor, in this case the Mayor has, because it is permissive legislation.

Coun. KINSELLA—I do not want to argue with anybody. I can see that it is permissive legislation. But it does not halve the benefits because the Mayor wants to halve them. \$720 is absolutely the maximum plus 20 per cent on those getting \$600. 20 per cent of the \$600 is \$120 plus the \$600 gives \$720. We have always been told you cannot amend that. I know that an amount in the amendment clearly provides you can go up to \$1,000. It does not say you have to. In my layman's opinion the Mayor is being permitted to fix the order he wants in the legislative act. Now I do not want to quarrel with the clerk or the Mayor but it seems to me as though he is diluting half of the benefits of the act.

President KELLY—I am informed by the clerk that the act does not say the city shall get it. It says the city may give it. The Mayor is the final authority.

Coun. KINSELLA—Mr. President, that is true. The word "may" is in there. He may. He may also give the others getting \$600. He does not have to give it to them. He is personally willing to give it to them because it means a figure he thinks is more appropriate. I do not think the legislative act was designed to limit or be arbitrary about it. Supposing the Mayor were minded to give more than 20 per cent. He could not because of the act. Since he cannot give less, why is it that he can come half way down the scale from \$1,000 to \$600 and choose only that much of it? We have the whole act in front of us and not part of it. That is a layman's opinion.

Coun. HANNON—Mr. President, I agree with the thoughts of the previous speakers. Of course there is no doubt about it. Each of us, and I in particular, am disappointed in the action taken by his Honor the Mayor. At the same time I think it is a progressive step. The way I read the act the Mayor is permitted or the city is permitted through the Mayor to raise by 20 per cent the pensions of anybody receiving under \$1,000. Now he has not seen fit at the present time to raise the pensions of all those receiving under \$1,000. He has seen fit, however, to grant a 20 per cent increase to those who are receiving under \$720. I think that it would be foolish for us to delay on it. Half a loaf is better than nothing. By accepting this order we will benefit those now getting only \$480. It will benefit those getting \$550. It will benefit those getting \$660. I think the way for us to cure it is to accept this portion of it by adopting the Mayor's order and then joining together to file a new order asking the Mayor to grant a 20 per cent increase to all those receiving less than \$1,000 a year pension from the city.

Coun. COFFEY—Mr. President, I want to go along with what Councillor Hannon has said. I probably have received at least 50 inquiries between telephone calls and letters. They are people who were pensioned on Long Island between this year and the last ten years. Most of them received a pension of only \$480. You can see this is a substantial increase to them. It is almost double. As I say and the other members have said, let us pass this today. In the future if we can increase it, let us do so.

Passed under suspension of the rule.

NEXT MEETING.

President KELLY—Councillor Seannell moves we do now adjourn.

Coun. COOK—Mr. President.

President KELLY—The motion is withdrawn.

Coun. COOK—Mr. President, Councillor Hannon is going to draw up an order in line with what the councilors have just spoken about with reference to increasing the maximum amount to \$1,000. I think we should wait.

President KELLY—Before the Chair declares a recess there will be an official announcement that the Executive Session of the City Council is going to be at 11 o'clock next Monday. The regular meeting will be Monday at 2 o'clock. The Chair will declare a recess.

Coun. KINSELLA Mr. President, I thought the next meeting will be next Tuesday? Is that tomorrow?

President KELLY—No. They decided in the Executive Session, Mr. Councilor, that the Executive Session was going to be next Monday at 11 o'clock followed by the regular meeting of the Council on Monday at 2 p. m.

Coun. KINSELLA—But no meeting tomorrow? President KELLY—No meeting at any time tomorrow.

Coun. SCANNELL—Mr. President, don't you think you could call the meeting next Monday at 11 o'clock a regular meeting and then go into Executive Session?

President KELLY—If it is the will of the Body. Coun. SCANNELL—I therefore make that a motion.

President KELLY—Councilor, the five million dollar transaction is now before your Executive Committee. I think it would be better for the Executive Committee to meet at 11 and hear everybody and then transact the regular business at 2 p. m.

BOSTON PENSION INCREASE.

Coun. HANNON, COOK, SULLIVAN, KINSELLA and COFFEY offered the following:

Ordered, That his Honor the Mayor direct the trustees of the Boston Retirement Board to grant increases up to 20 per cent to all of those pensioned employees of the city who receive less than one thousand dollars per year, in accordance with chapter 559 of the Acts of 1946.

Coun. KINSELLA—Not to delay the proceedings, Mr. President, I think that is a fine order. Will the gentleman who conceived it give us some reason to hope we have the authority to do this in this manner?

Coun. HANNON—Mr. President, I do not think there is any doubt about the authority to do it. Chapter 559 of the Acts of 1946 gives the city the right to do it. The Mayor has seen fit to do part of it. This is an order asking him to do the rest of it.

Coun. KINSELLA—Mr. President, I will ask the councilor a question through you. Councilor Hannon, in view of the fact that the Mayor has vetoed some of the provisions of the act as it came down from Beacon Hill to us, can we hope that he will follow our suggestion made here today and embrace all of the act?

Coun. HANNON—Mr. President, I do not think the Mayor has vetoed any of it. He has accepted it in part. The only thing is I suppose he is trying to see how much money it is going to take. I am reading behind the lines. He has had business previously with some of the directors of the retirement fund. Some of them are apt to be stingy when it comes to any increase. I dare say they prevailed upon the Mayor to go slowly and grade only some persons instead of all of them at once.

Coun. KINSELLA—Councilor Hannon, can you tell me if this money is subject to a Federal income tax?

Coun. HANNON—I can tell the Body, strictly speaking, it is supposed to be.

Coun. KINSELLA—Well, strictly speaking, it is. President KELLY—It is not subject to the State tax.

Coun. KINSELLA—That is right, Mr. President, but it is subject to a Federal income tax where people get \$1,000 a year. There should be some way to prevail on the Mayor. I hope your efforts are successful.

Passed under suspension of the rule.

Adjourned at 7.20 p. m., on motion of Councilor Scannell, to meet on Monday, September 30, 1946, at 2 p. m.

DAMAGES SUSTAINED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for sewerage purposes and the construction of sewerage works therein, under the order of the Board of August 30, 1946 (Myopia brook), in the amounts hereinafter respectively set against them; and awards said amounts therefor:

Frederic A. DeRoma *et al.*, \$2,164 square feet, \$1.

Frederic A. DeRoma *et al.*, 750 square feet, \$1.

Frederic A. DeRoma *et al.*, 750 square feet, \$1.

Frederic A. DeRoma *et al.*, 375 square feet, \$1.

Gerard Hachey *et al.*, 500 square feet, \$1.

Arthur B. Morganstern *et al.*, 1,125 square feet, \$1.

Patrick F. Rascoe *et al.*, 1,250 square feet, \$1.

Joseph Salvoni *et al.*, 1,250 square feet, \$1.

Arthur A. Botting *et al.*, 1,241 square feet, \$1.

John P. Daly *et al.*, 579 square feet, \$1.

George F. Ladd *et al.*, 453 square feet, \$1.

John F. Lilly *et al.*, 653 square feet, \$1.

James E. Higgins *et al.*, 654 square feet, \$1.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 14-foot by 11-foot 6-inch or 12-foot by 12-foot reinforced concrete conduit and one catch-basin in land of the City of Boston and Commonwealth of Massachusetts, between New York, New Haven & Hartford Railroad culvert and Freeport Street Bridge, in the Dorchester district, at an estimated cost of \$252,000.

A 12-inch pipe sanitary sewer and 70 feet of 15-inch pipe surface drain in Tenean street and Old Colony Parkway, between Conley street and 200 feet northwest of New way, in the Dorchester district, at an estimated cost of \$15,500.

A 12-foot by 12-foot reinforced concrete conduit or a 10-foot by 10-foot 6-inch reinforced concrete culvert in Stony brook (section 16), between 20 feet south of Stella road and the Hyde Park line, in the West Roxbury district, at an estimated cost of \$200,000.

A surface drain of 24-inch, 30-inch, 48-inch extra strength reinforced concrete pipe in Victory road and Freeport street, between 285 feet west of Freeport street and 220 feet south of Victory road (Tenean creek), in the Dorchester district, at an estimated cost of \$24,000.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

JUNIOR CLERK, JUNIOR CLERK AND TYPIST, OCTOBER 19, 1946.

(For state and cities and towns outside of Boston and vicinity.)

JUNIOR CLERK, JUNIOR CLERK AND TYPIST, NOVEMBER 2, 1946.

(For state, Boston, and cities and towns in the vicinity of Boston.)

The last date for filing applications for both of the above examinations will be Monday, September 30, 1946, at 5 p. m.

Open to males and females.

On October 19, 1946, the examination will be held in various centrally located cities. On November 2, 1946, the examinations will be held in Boston and persons who reside within commuting distance will be notified for examination on this day. All persons must appear for examination at the place and time designated in the notices mailed to each applicant by the Division of Civil Service.

Persons qualifying in the examination may have their names placed on the State list, as well as on the list for the city or town in which they have domicile.

Salary: For the State service, the entrance salary is \$1,380 a year; the maximum salary is \$1,740 a year.

In the cities and towns, the salary varies.

Vacancies: From time to time.

Duties: Under immediate supervision,

to perform routine office work of ordinary difficulty and responsibility calling for care and accuracy in detail and for individual judgment in the application of a standardized routine and compliance with definite instructions or regulations; or to operate a typewriter in connection with such duties; and to perform related work as required.

Entrance Requirement: Applicants who have not reached their sixteenth birthday on the date of examination will not be eligible.

Subjects and Weights: Training and experience, 1; clerical tests (including spelling, arithmetic, following written directions, filing, and word knowledge), 4; total, 5.

In addition, applicants for Junior Clerk and Typist will be required to certify that they can operate a typewriter at the rate of at least 35 words a minute and that they have had at least one month's actual experience as a typist, for which they have received compensation.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN HUNTINGTON AVENUE, WARD 4, FROM NORWAY STREET TO GAINSBOROUGH STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Huntington avenue, Ward 4, from Norway street to Gainsborough street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Huntington Avenue, Ward 4, from Norway Street to Gainsborough Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, October 17, 1946, with a certified check for six hundred (600) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Oct. 5.) Commissioner of Public Works.

PROPOSALS FOR FURNISHING AND INSTALLING FRAMES AND DOORS FOR NICHES IN THE WALLS OF THE SUMNER TUNNEL.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing frames and doors for niches in the walls of the Sumner Tunnel. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing Frames and Doors for Niches in the Walls of the Sumner Tunnel," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, October 17, 1946, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. PARK DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT ON ROADWAYS IN FRANKLIN PARK, RIVERWAY AND COMMONWEALTH AVENUE.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for sheet asphalt pavement on roadways in Franklin Park, Riverway and Commonwealth avenue. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Sheet Asphalt Pavement on Roadways in Franklin Park, Riverway and Commonwealth Avenue," and left before 2 o'clock on Thursday, October 10, 1946, at the office of the Park Department with a certified check for \$10,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
FRANK R. KELLY,
(Sept. 28-Oct. 5.) Commissioners.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING HULL, ETC., OF FERRYBOAT "RALPH J. PALUMBO."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing hull, etc., of ferryboat "Ralph J. Palumbo." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairing Hull, Etc., of Ferryboat 'Ralph J. Padumbo,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, October 18, 1946, with a certified check for one thousand (1,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Oct. 5.) *Commissioner of Public Works.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, OCTOBER 12, 1946.

No. 41

MAYOR CURLEY APPEALS TO CITIZENS TO REGISTER FOR VOTING AS A PUBLIC DUTY — RECOUNTS PROGRESS OF ADMINISTRATION OVER PAST MONTH IN MONTHLY BROADCAST OVER STATION WMEX — TELLS OF PLANS FOR SALARY ADJUSTMENTS IN 1947 AND OF REVENUES NEEDED FOR THEM — ALSO RECOUNTS IMPROVEMENTS IN FIRE AND OTHER DEPARTMENTS TO MAKE FOR BETTER LIVING CONDITIONS — DISCUSSES DIFFICULTIES RELATING TO VETERANS' HOUSING AND PLANS BEING MADE TO EASE SITUATION.

His Honor the Mayor, speaking over Station WMEX at 7.30 p. m. on October 7, spoke in part as follows:

It is my purpose tonight to dwell briefly upon what has been accomplished in the past month and to direct the attention of Boston listeners-in to the importance — in fact, the vital necessity — of settling pending problems of a major scale. In this connection, I beg to direct the attention of all who are residents of Boston to the fact that, in order to safeguard one's welfare and promote the security and happiness of the nation and its people, the casting of a vote in the coming election is imperative.

Under the law one must be registered with the Election Department, located in City Hall Annex on Court street, to vote either in a primary or an election, and, in the compilation of the assessors' list each year, it is customary to drop from the voting list some 30,000 or more names. The only way an individual can be certain that he is eligible to vote is by calling at the office of the Election Department and making certain. The Election Department will be open for registration of persons eligible to vote from 9 a. m. to 10 p. m. every day with the exception of Sunday, up to and including Wednesday, October 16.

It is not altogether important how you vote — it is vital that you have the right to vote and that you exercise that right as an American citizen, to protect your welfare and the welfare of our common country. The contract has been signed, and voting machines are being delivered for installation in the first four wards of Boston, which, in addition to providing added protection in elections and primaries, should, through the efficiency and economy resulting in this method of casting a vote and in compilation of ballots, result in efficiency and economy to such degree as to make possible the amortization of the cost within a period of ten years.

A preliminary report was received from the Budget Commissioner with reference to salary adjustments to be made in the budget for 1947, effective as of January first of that year, and the indications are, as a consequence of salary adjustments, that some \$3,000,000 will be required to meet the situation. The Federal government has been extremely liberal in the granting of salary increases, and the State of Massachusetts, following the lead of the Federal government, has been likewise, with the result that the cities and towns of the Commonwealth are obliged to take some action in the interests of harmony and unity as well as efficiency in the conduct of departments.

The increase in the cost of living, of necessity, is responsible for the increase in salaries and wages, which can only be accomplished without undue hardship upon already overburdened real estate through development of new sources of revenue. Cities and towns of the Commonwealth are creatures of the State and subject to such laws as the State may enact, and the continued neglect by the Legislature to grant the enactment of laws which would make possible a shift of the burden of taxation presents a problem which must and should be solved at the earliest possible date.

In Philadelphia, the adoption of an occupation tax resulted last year in an increase in revenue of \$20,000,000, making it possible for the city to meet increased costs without further burdening the owners of realty. I recognize that a definite policy is essential if we are to avoid stagnation, and that the need of our citizenship and the welfare of public employees and their families call for early and courageous action, to meet a situation for which the cities and towns are not responsible.

Housing.

The John Hancock Life Insurance Company has started the erection of 850 homes in West Roxbury and Brookline, and it is to be hoped, in view of the failure of the Federal government to provide necessary funds for permanent housing, that other insurance companies and fiduciary institutions may follow the splendid example set by the John Hancock Life Insurance Company. During the past month I have visited Washington with a view to the erection by the Federal government of a \$10,000,000 veterans' hospital, adjacent to the Rose Gardens in the Fenway, where greater facilities for medical and surgical research are to be found than in any other similar area in the entire world.

(Continued on page 1168.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, *Editor*.
P. NICHOLAS PETROCELLI, *Associate Editor*.
WILLIAM J. CAMPBELL, *Business Agent*, 73 City Hall, Boston.

Entered as second class matter at Boston Post Office.

By Subscription . . . \$2.00 per year
Single Copies . . . 10 cents
IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand, first floor, City Hall Annex.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, October 14, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 64 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending October 5, 1946.
Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 144; nonresidents, 40; total, 184.

Death rate per 1,000 of population: All deaths, 12.48; nonresidents deducted, 9.77.

Death rate per 1,000 of population:

Last week, 12.42; corresponding week last year, 12.50.

Deaths by age periods, sex, etc.: Under one year, 19; one year to four years, inclusive, 5; sixty years and over, 102. Total deaths: Male, 109; female, 75; deaths in hospitals and institutions, 118.

REPORTABLE DISEASES: CASES AND DEATHS.*

CITY AUDITOR CHARLES J. FOX ISSUES STATEMENT FOR ALL DEPARTMENTS, GOVERNING PLANS FOR REVIEW OF DEPARTMENTAL BUDGETS AND INSTRUCTIONS FOR INCOME TAX REPORTS.

Auditing Department Statement.

REVIEW OF DEPARTMENTAL BUDGETS.

Largely because of spiralling prices on supplies and materials, unencumbered balances in a number of departmental budgets are considerably lower than in former years. Department heads should make an immediate survey of the condition of their respective budgets and plan their departmental activities during the balance of the current year so as to assure living within balances now available.

INCOME TAX REPORTS.

Under existing income tax laws, the City is required to report at the close of 1946—

A. To the Internal Revenue Bureau—the total wages paid to each employee during the calendar year 1946 together with the total amounts withheld from each employee during 1946.

B. To the State—the amount paid to each employee who received wages, salary or other compensation in excess of \$2,000 during 1946.

Fan-fold forms to cover this reporting are now ready and may be secured by requisition from the Printing Department. The forms have been prepared in quadruplicate, and the first three forms are to be used for the Federal report and the remaining form for the State report. When prepared, the first two forms are to be given to the individual employee concerned, and the third and fourth copies are to be separated and sent in separate packages to the office of the City Treasurer. In the event an employee has not received compensation in excess of \$2,000 during 1946, it will not be necessary to use the fourth form. In all such cases, this particular form may be detached and thrown away.

The left-hand section of the forms is to be used to indicate the full name and home address of each employee for whom a report is prepared. It is imperative that the home address of each employee be indicated. Since this information is standard for both Federal and State purposes, the typing of this section should be started immediately on receipt of the forms from the Printing Department. In the case of married women, the given first name and middle initial should be shown. For example: (Mrs.) Mary E. Smith, rather than Mrs. John J. Smith.

The right-hand section of the form is to be used for inserting the actual amounts of compensation and deductions. The forms have been designed so that, regardless of the fact the information to be returned to the State varies from that to be reported to the Bureau of Internal Revenue, these insertions may be made in one typing operation. The amount to be reported to the State is to be typed in the first or left-hand column in this section. By use of a "black-out" arrangement this information will not appear on the first and third copies of the form. Since form four does not extend beyond this first column, the information concerning gross wages and deductions

typed in the second and third columns will not appear on the State form.

In preparing the right-hand section of the form, reference should be made to the "Withholding Tax Pay Roll Summary" maintained for each individual employee during 1946. The grand totals developed at the bottom of this summary will furnish the basis for the amounts to be shown in the last two columns in their respective right-hand sections. In the case of weekly paid employees these totals may be developed immediately after the preparation of the pay roll for the week ending December 24, since this represents the last compensation to be paid during 1946. Disregard the instructions appearing on the back of the Withholding Tax Pay Roll Form referring to the week ending the last quarter. The last quarter for weekly paid employees will close with the week ending December 24, rather than December 31, as stated in the above-mentioned form. In the case of semi-monthly and monthly employees, however, these totals will involve all payments through December 31.

When all pay rolls to be paid during 1946 have been prepared and recorded, each department should immediately submit to the City Treasurer the fourth quarter report showing total deductions by pay rolls. This report should reach the City Treasurer on or before January 8, 1947. The preparation of the right-hand section of the forms should follow the submission of this report. The forms, when finished, should be held in each department until word is received from the City Treasurer that the report for the final quarter has been checked and verified. When this advice is received, the forms should be separated into three packages. The first package, consisting of Forms 1 and 2, should be distributed as speedily as possible among the employees involved, and the second and third packages, consisting of Forms 3 and 4, respectively, should be sent to the City Treasurer's office on or before January 20, 1947. Before forwarding the second package, however, the No. 3 forms making up the package should be listed on an adding machine tape. The total of this tape must agree with the total of the four quarterly summaries as checked by the City Treasurer. This adding machine tape should be attached to the second package when it is forwarded to the City Treasurer. The name of the department, the particular pay roll designation, and the number of forms making up the package, should be shown at the top of each tape sent to the City Treasurer.

Under the Federal Tax Law, the City Treasurer is required to submit the third copies of the form to the Internal Revenue Bureau on or before January 31, 1947. Because of this requirement, it is imperative that the work of preparing the forms be handled as expeditiously as possible so that they may be turned over to the treasurer by January 20, 1947. It should be remembered that forms must be prepared not only for all permanent employees actually employed at the end of the fiscal year, but, also, for all employees who received compensation during any part of the year from which Federal deductions were withheld. In ordering forms from the Printing Department, this fact should be kept in mind and a sufficient number ordered to cover each and every employee on whom a reporting is necessary. Forms prepared for employees no longer in the service of the city should be mailed to the last known address of the parties involved.

PAY ROLL NOTES.

The Personnel Information Forms recently distributed should be returned to Room 60, City Hall, as soon as possible. Pay roll clerks responsible for handling more than one pay roll division should return each divisional form as completed rather than waiting until their complete set of forms have been finished.

Under the new pension law, employees who file waiver forms with the Retirement Board on or before December 30 will retain their present pension status. Employees who do not use the waiver form will automatically become members of the new system and will be subject as of January 1, 1947, to a 5 per cent retirement deduction. The first deduction of this character will be made on the pay roll for the week ending January 7, 1947. In connection with the preparation of the "preliminary roll" for this week, it will be necessary for pay roll clerks to know the pension status of all employees appearing on their respective rolls. This information will be available at the office of the Retirement Board where all waivers received will be filed by departments. In the case of large departments, it is suggested that frequent reference be made by pay roll clerks during the month of December to the waiver file in the Retirement Board and a cumulative list developed. In smaller departments, it is suggested that direct contact be made with each employee whose name appears on the departmental pay roll. While employees have until December 30 to make their individual decisions, it is desirable that pay roll clerks secure wherever possible pension status information in advance of this date.

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted May 23, 1946, and was effective August 5, 1946, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from October 4, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Bay State Road, Boston Proper.

South side, from Beacon street to Ashby street, 8 a. m. to 10 a. m.

North side, from Beacon street to Ashby street, 4 p. m. to 6 p. m.

PRESSURE ON CITY HOSPITAL SO GREAT, PUBLIC APPEAL THROUGH MAYOR CURLEY IS MADE BY TRUSTEES.

The following letter was received on October 7 by his Honor the Mayor, from Martin J. English, M. D., President, Board of Trustees, Boston City Hospital:

DEAR MR. MAYOR.—The Board of Trustees, after conferring with the Director of the Nursing Training School of the hospital and the Advisory Committee to the Nursing Training School, are of the opinion that the people of Boston should be informed through the Press and Radio that there is a serious shortage of nursing personnel throughout the country, involving not only hospitals but private homes as well, and the Boston City Hospital is among those with a diminution of nursing personnel for its large number of patients.

This shortage now existing will increase even more in the next few months and years unless more young women enter the nursing profession.

To compensate for this shortage a subsidiary volunteer or permanent organization made up of many men and women who so kindly and efficiently aided us during the active stage of the war will have to be resumed. The establishment of a new group of paid subsidiary ward workers is also being contemplated.

The volunteer organization was instituted during active warfare and now during non-war activities we may not be successful in securing the large numbers necessary to supplement our present nursing force in order to give adequate care to our large number of patients.

The Board of Trustees and the Advisory Nursing Committee agree that the people of Boston could cooperate in a great measure if their minor illnesses and injuries could be cared for by their own family doctors or in the Out-Patient Departments of the various hospitals in the city and particularly in our own Out-Patient Department and Accident Ward Department.

Such cooperation will reduce the increased load of the present nursing personnel who will otherwise become very fatigued and finally become ill, thereby decreasing adequate care for our large volume of bed patients.

We have 300 patients whom we have to care for because of deficiency of personnel at the Long Island Hospital.

This situation which in our opinion will increase rather than decrease needs the complete cooperation of the people of Boston, and this cooperation may be exercised by requesting admission to the hospital of only the more acute and serious illnesses and injuries.

Sincerely yours,

MARTIN J. ENGLISH, M. D.,
President, Board of Trustees.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

Two hundred fifty feet of minor drain, seven catch-basins, fourteen drop inlets, two manholes, convert fourteen catch-basins to manholes, and rebuild fifteen manholes in Columbus avenue, between Centre street and Washington street, in the Roxbury district, at an estimated cost of \$11,000.

MAYOR AIDS KING'S CHAPEL NOONDAY SERVICES.

The following letter was received by Mayor Curley on October 9 from Rev. Palfrey Perkins, Minister of King's Chapel, Boston:

HON. JAMES M. CURLEY,
City Hall, Boston, Mass.

DEAR MR. MAYOR,—Allow me to express my appreciation of the courtesies extended by your office this morning when I telephoned with regard to a matter which was bothering me somewhat. I refer to the interruption of our noonday service of worship at King's Chapel due to the band playing in front of City Hall. I asked for its discontinuance during our half-hour's worship and received a most cordial and cooperative response. No one could feel more in sympathy with the purposes of Fire Prevention Week than I, but I am sure that you will realize how difficult it is to carry on a religious service in competition with a brass band. I am very grateful for the kindness which your secretaries have shown me.

Faithfully yours,

PALFREY PERKINS.

MAYOR'S PROCLAMATION.

The week beginning October 6 and ending October 12 has been designated through presidential proclamation as "National Employ of Physically-Handicapped Week."

I direct attention to this proclamation, trusting that all persons engaged in industrial, commercial, and agricultural agencies will cooperate to the best of their ability to offer employment to persons who, though having a physical disability, are still competent of doing a good day's work.

I am hopeful that during this week many of the physically-handicapped citizens of the city will be accorded employment.

JAMES M. CURLEY,
Mayor of Boston.

MAYOR CURLEY APPEALS TO CITIZENS TO REGISTER FOR VOTING AS A PUBLIC DUTY.

(Continued from page 1165.)

FIRE DEPARTMENT.

This week has been set aside for the consideration of fire matters, particularly in connection with prevention programs for the greater protection of municipalities from the losses resulting in persons and property.

Upon my assumption of the office of Mayor in this, my fourth term, I found the conditions affecting personnel, fire-fighting equipment, and the buildings of the department in a most deplorable condition. The new commissioner found that a substantial percentage of the men had not received the usual basic training. He found the work of the Fire Prevention Division was of a perfunctory nature. Within a short period of nine months, the Drill School has been re-established, also Pump School and Telegraphers School. The Fire College for Officers was opened early in the year, and instructions in all phases of fire fighting have been progressively accelerated.

Great emphasis is being made on the work of the Fire Prevention Division. Qualified officers have been assigned to cover the following investigations and

submit special reports hereon: (1) homes for the aged; (2) day nurseries; (3) hotels; (4) hospital drills.

A fire marshal and assistants are now permanently assigned to the City Hospital. The Fire Department has taken over the control of all fire protection activities at Long Island.

Fire-Fighting Equipment.—The city has already provided for \$550,000 for motor vehicle equipment, and already contracts have been awarded for such equipment. In addition thereto, the city has also provided \$325,000 for the purchase of and equipping of two large fireboats, and the purchase of three smaller fireboats that will be available for fire-fighting activities in the shallow waters of the harbor.

Fire Department Housing.—Many of the houses are structurally unsafe, and it becomes necessary to erect new buildings and make major alterations and repairs to existing buildings. Already appropriations have been made for the construction of new buildings in the amount of \$450,000 and for major alterations and repairs to existing buildings in the amount of \$300,000.

From the facts here recorded, it is quite evident that the City of Boston has been alert not only to the prevention of fires and their causes, but under the new commissioner funds have been made available not only for methods of fire prevention but also for the quick extinguishing of fires once they have started with the necessary apparatus to combat the same. An effective fire prevention program involves, in addition to an efficient and well-organized fire department, hearty, intelligent cooperation by all citizens within the Commonwealth. I earnestly urge all citizens to lend their aid to the support of their local fire departments in this important work of fire prevention.

During the past week the Boston Edison Company paid its entire tax for the year 1946, amounting to \$3,500,000. In this connection, it is interesting to note that the increase in collections to and through October 3, 1946, is \$6,367,086 greater than to the same date in 1945. Upon October 3, 1946, the collection on outstanding taxes for the years 1945 represented 97.5 per cent, being the largest collection of outstanding taxes, with the exception of one year, during the past twenty-five years.

The off-street parking measure has received one reading by the City Council, and the indications are that it will pass at an early date. The development of facilities for parking of motor vehicles in the downtown section of Boston should serve to make traffic more liquid and safeguard the high assessment values in the downtown section of the city.

The Public Works Department has awarded contracts during the present month for Stony Brook overflow sewage conduit and for Dorchester Brook, both of which have been a menace to health for a long period of time; and also have made definite progress upon the colossal task of repair and construction of streets that have been a subject of neglect during the entire period of the war. In the matter of clean streets and alleys, so essential to public health, a vigorous program has been adopted, resulting in court prosecution for failure to act when notified by Health Department officials. The cooperation of the public in this great and important essential is urged.

Where economy and efficiency in departmental services replace waste and inefficiency we are endeavoring with a reasonable success to meet our obligation

to the citizenship as a whole. That the public recognizes that our efforts are worthy of aid is attested by the fact that many of the major taxpayers have already paid their taxes for the year 1946 while others have withdrawn an appeal for abatements pending before the Tax Appellate Board.

VETERANS' HOUSING.

The Boston Housing Authority has completed housing facilities for the families of 248 veterans in South Boston, and the city has installed a bathing beach adjacent to the housing facility. The city has made available \$500,000 as its contribution for housing facilities at Camp McKay, Franklin Field, and Alsen Playground in Dorchester, to provide accommodations for 600 additional families, and they will be ready for occupancy within sixty days. The Federal Housing Authority, in addition to the abandonment of permanent housing facilities in South Boston and the South End in the vicinity of the Holy Cross Cathedral, voted within the last month to curtail a portion of the program for temporary housing for veterans.

I have agreed within the last thirty days to contribute such additional money as may be required that this meager program might be completed. The refusal of the Federal Housing Authority to provide funds to complete permanent housing facilities in South Boston and the South End is both deplorable and disgraceful. I have addressed a communication to the President of the United States and the Federal Housing Authority setting forth our position upon the question of permanent housing as follows: "The City of Boston has been most patient awaiting action by the Federal Housing Authority in the matter of creation of permanent housing facilities for the families of men who have been in the armed services. In 1941, money was made available for the construction of two developments, one in South Boston, and one in the South End of Boston, in the vicinity of the Holy Cross Cathedral. The sum of \$10,000,000 was made available for these two housing projects. Architects were employed and designed plans, land was taken, buildings razed, and some 1,500 families were obliged to seek residence elsewhere. In 1941, in response to bids for the construction of these two projects, the lowest bid received was \$4,800 per living unit. Due to the declaration of war, all bids were rejected. Until some four months ago, no action was taken with reference to the construction of these two important housing projects. Bids were recently opened, and the lowest bid received made provision for the construction of the living unit at about \$4,800; as a part of the bid, utilities were included so that the actual cost of construction of the living unit and the utilities would be in the vicinity of \$7,100. What is true in the case of bids on housing this year, as contrasted with 1941, prior to the declaration of war, has been found in every case where bids have been invited, namely, that the increase in wages plus the increased cost of materials has resulted in an advanced cost of 50 per cent, and the indications are that in another year the price may be even 10 per cent in excess of the price at which the work can be done.

A BLOT ON THE CITY.

The area for the South Boston permanent housing project is most extensive; likewise the one in the vicinity of the Holy Cross Cathedral in the South End.

They constitute a blot upon the face of the city and an indictment of the Federal Housing Authority for the neglect to proceed with the work expeditiously. There is sufficient money available now to proceed with the construction of one of the projects, namely, at South Boston, for which bids were recently received, and left available for the South End project at a later date in the vicinity of \$3,000,000.

The general criticism of the Federal Housing Authority has been, and should be, for their failure to proceed with the work, and in the opinion of competent authorities money can and will be made available to proceed with the construction of the second project, namely, the one in the South End. The Boston Housing Authority, which advertised for bids on the South Boston project, has submitted a brief in support of the awarding of the contract to the lowest bidders, and this has been forwarded to the Federal Housing Authority in Washington and is deserving of favorable action at once by that body. If the Federal Housing Authority and the political party in control of affairs in the Capitol are really desirous of aiding our returning heroes and their families, they should provide them with suitable living quarters, for which Boston has been waiting four years and has been rewarded only with inactivity.

TIME TO ACT IS NOW.

The time for favorable action is now, and this work should proceed without further delay. The public condemnation of the Federal Housing Authority is not confined to mere criticism of the laxness of that body, but the combination of stupidity and laxness that no longer can be tolerated by an intelligent community.

I have been notified by the Federal Housing Authority that we need expect no relief in Boston in the matter of permanent housing and have accordingly requested the Federal Housing Authority to secure a ruling from the Attorney General as to the right of the Federal Housing Authority to make available out of the \$10,000,000 earmarked in the Treasury Department for the Federal Housing Authority the necessary funds at least to complete one of the projects which has been an eyesore to the city for such a long period of time.

FOOD AND THE PEOPLE.

Under date of September 26 I addressed a communication to President Harry S. Truman and to the Secretary of Agriculture, Mr. Clinton P. Anderson, as follows:

"DEAR SIR,—I am taking the liberty of submitting to you a report compiled by the Health Department of the City of Boston as to the meat situation in the capital city of New England. For the first time in more than one hundred years, there is no meat for sale in Faneuil Hall Market, one of the oldest institutions of its kind in the entire United States.

The public as a whole would have no objections if the price of meat were increased a reasonable amount, provided they could secure the meat. They are not concerned as to whether the packers or the farmers make an added profit. Neither are they concerned with the excuses presented by the OPA. From the standpoint of public welfare and the protection of public health, a real emergency exists, which can only be met by courageous and decisive action by the President of the United States and the Secretary acting jointly.

The time for action is now—the time for excuses and evasion has long since passed.

Respectfully,

JAMES M. CURLEY,
Mayor of Boston."

There is but one answer to the question of food shortage and that is the abolition of the OPA. I realize that there are 1,000,000 men employed in the Office of Price Administration, but in all probability, were the office to be abolished, the saving would make possible the increase of six cents per pound for beef on the hoof to families of the nation and result in a speedy ending of the present food shortage.

The City of Boston has not suffered greatly in its hospitals and institutions for the aged since some two months ago, anticipating a meat shortage, a contract was made whereby the city receives 100,000 pounds of beef purchased on the hoof at Chicago to be processed and shipped to Boston, so that we have had neither horse meat nor a shortage for the sick or poor. At the same time a contract was entered into for 200,000 dozen eggs at about one third less than the present price, thereby saving the city many thousands of dollars. We find that we do not require more than 70 per cent of the beef contracted for the city institutions and are now endeavoring to secure an additional supply to be furnished the private hospitals.

COLLECTING DEPARTMENT TO ESTABLISH OUTSIDE STATIONS FOR COLLECTING TAXES.

For the convenience of the taxpaying public, extra stations for the payment of all tax and water bills were opened on October 8, 9 and 10, between the hours of 10 a. m. and 2 p. m., in the following locations:

Curtis Hall, South street, Jamaica Plain.

Municipal Building, East Broadway, South Boston.

Town Hall, Washington street, Brighton.

Municipal Building, Vine street, Roxbury.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

BOSTON JUVENILE COURT.

Marie B. Foley, who was appointed clerk in this court on February 7, 1944, has resigned her position, effective as of September 17, 1946. In our budget allotment for the year 1946 her salary was designated as \$1,200 a year plus \$200 E. C. A.

Mrs. Mary Eloise Murphy, 96 Newburg street, Roslindale, has been appointed as clerk at \$1,200 a year plus \$200 E. C. A.

FIRE DEPARTMENT.

John G. Alden, 131 State street, Boston, has been appointed Naval Architect and Engineer to draw plans and specifications and to supervise work in connection with the conversion of additional boats into fireboats.

HOSPITAL DEPARTMENT.

General Division.

For the week ending September 10: Permission has been given for the following step-rate increases for floor nurses:

(Continued on page 1170.)

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

ELECTION DEPARTMENT.

Authority has been given to pay overtime at the regular rate of \$1 an hour to Austin F. O'Malley, assistant registrar, Thomas F. Birmingham, deputy chief assistant registrar, and Peter J. Lynch, assistant registrar, called back by the Board from their vacations to work on locating suitable polling places for the installation of voting machines in the first four wards of the city.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PARK DEPARTMENT.

Upon September 9 the Mayor approved a contract with Walter Reed Corporation for constructing a playground at Oak square, Brighton. Bids, opened Thursday, September 5, were as follows:

Walter Reed Corporation, \$14,117.50; Newton Construction Company, \$16,001; M. Solimando, \$17,870; James A. Susi, \$19,375.

PUBLIC WORKS DEPARTMENT.

Upon September 17 the Mayor approved a contract with Roy B. Rendle & Co., Inc., for repairs to South Ferry fenders, at an estimated cost of \$34,060. The work is to commence on a date to be specified in a written order from the commissioner and shall be fully completed within three months from that date. The following bids were received September 5:

Roy B. Rendle & Co., Inc., \$34,060; W. H. Ellis & Son Company, \$36,780; James B. Rendle Company, \$36,815; M & R Construction Company, \$39,333.

SUPPLY DEPARTMENT.

Upon September 10 the Mayor approved a contract, with the Eagle Signal Corporation for furnishing traffic signal equipment for the Boston Traffic Commission. The total amount of the contract was \$11,756.70.

Bids, opened August 23, were as follows:

Item 1. 21 Traffic Signal Controllers, Complete, B. T. C., Specification 5-8-'46.—Eagle Signal Corporation, \$8,675.65, lot, as per below; Municipal Signal and Supply Company, \$10,344, lot, as per below.

Item 2. 2 Traffic Signal Controllers, Group No. 1 Type.—Eagle Signal Corporation, \$437.35 each; Municipal Signal and Supply Company, \$519 each.

Item 3. 1 Traffic Signal Controller, Group No. 4 Type.—Eagle Signal Corporation, \$397.40 each; Municipal Signal and Supply Company, \$472 each.

Item 4. 1 Traffic Signal Local Controller, Group No. 5 Type.—Eagle Signal Corporation, \$348.95 each; Municipal Signal and Supply Company, \$412 each.

Item 5. 5 Spare Empty Control Cabinets.—Eagle Signal Corporation, \$105 each; Municipal Signal and Supply Company, \$129 each.

Item 6. 110 Pedestrian Push Buttons. 110 Baked Enamel Signs, 5 Inches by 8 Inches.—Eagle Signal Corporation, \$8.50 each, complete.

Item 7. 110 Pedestrian Push Buttons.—Municipal Signal and Supply Company, \$7.65 each.

Item 8. 110 Baked Enamel Signs, 5 Inches by 8 Inches.—Municipal Signal and Supply Company, 85 cents each.

Breakdown of Item 1.

9, Group No. 1.—Eagle Signal Corporation, \$437.35 each; Municipal Signal and Supply Company, \$519 each.

1, Group No. 2.—Eagle Signal Corporation, \$467.95 each; Municipal Signal and Supply Company, \$583 each.

1, Group No. 3.—Eagle Signal Corporation, \$542.35 each; Municipal Signal and Supply Company, \$623 each.

2, Group No. 4.—Eagle Signal Corporation, \$397.40 each; Municipal Signal and Supply Company, \$472 each.

1, Group No. 5.—Eagle Signal Corporation, \$421.20 each; Municipal Signal and Supply Company, \$497 each.

1, Group No. 5.—Eagle Signal Corporation, \$348.95 each; Municipal Signal and Supply Company, \$412 each.

1, Group No. 6.—Eagle Signal Corporation, \$352.35 each; Municipal Signal and Supply Company, \$428 each.

1, Group No. 6.—Eagle Signal Corporation, \$421.20 each; Municipal Signal and Supply Company, \$497 each.

1, Group No. 6.—Eagle Signal Corporation, \$370.20 each; Municipal Signal and Supply Company, \$452 each.

1, Group No. 6.—Eagle Signal Corporation, \$370.20 each; Municipal Signal and Supply Company, \$452 each.

1, Group No. 7.—Eagle Signal Corporation, \$324.30 each; Municipal Signal and Supply Company, \$394 each.

1, Group No. 8.—Eagle Signal Corporation, \$326 each; Municipal Signal and Supply Company, \$391 each.

Delivery.—Eagle Signal Corporation, Items 1, 2, 3, 4, 6, 7, start thirty days; Municipal Signal and Supply Company, can start delivery at once.

Total.—Eagle Signal Corporation, \$11,756.70; Municipal Signal and Supply Company, \$13,846.

Terms.—Eagle Signal Corporation, net; Municipal Signal and Supply Company, net.

Upon September 16 the Mayor approved a contract as indicated in the following letter:

BOSTON, September 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of August 29, 1946, bids were publicly opened and read at this office for furnishing bacteriological equipment to the Thorndike Memorial Laboratory of the Boston City Hospital as per specifications.

It is recommended that the contract be awarded to the only bidder, the E. F. Mahady Company, 851 Boylston street, Boston.

The total amount of the contract will be \$4,833.40, less a cash discount of 2 per cent for payment in ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Upon September 16 the Mayor approved a contract with lowest bidders as indicated for furnishing gas machines to the Boston City Hospital as per specifications.

Bids, opened September 6, were as follows:

2 Only, Heidbrink No. 550 Cabinet Kinetometer, Five Gas Unit, Complete, Each.—Thomas A. Edison, Inc., \$826.50; The Ohio Chemical and Manufacturing Company, \$826.50; E. F. Mahady Company, \$817.50*; Thomas W. Reed Company, \$825.

1 Only, Texas 60F Model Cabinet (Foregger), Complete with Circle Filter No. 2, Each.—Thomas A. Edison, Inc., \$720; E. F. Mahady Company, \$714.25; Thomas W. Reed Company, \$634.*

Discount.—Thomas A. Edison, Inc., 2 per cent, ten days; The Ohio Chemical and Manufacturing Company, 2 per cent, 10th proximo; E. F. Mahady Company, 2 per cent, ten days; Thomas W. Reed Company, 2 per cent, ten days.

Delivery Date.—Thomas A. Edison, Inc., Heidbrink, 90 to 120 days; Foregger, 60 days; The Ohio Chemical and Manufacturing Company, 90 to 120 days; E. F. Mahady Company, Heidbrink, 90 to 120 days; Foregger, 60 to 90 days; Thomas W. Reed Company, 90 to 120 days.

Remarks.—No copy of letter attached to auditor's copy of bid of Thomas A. Edison, Inc.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and commercial houses for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

BOSTON HOUSING AUTHORITY.

BOSTON, September 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This Authority as agent for and in behalf of the City of Boston, under chapters 568 and 372 of the Acts of 1946, respectfully requests your approval to award a contract without publicly advertising for bids to the Boston Consolidated Gas Company for the laying of gas service piping to the buildings on the following Veterans' Temporary Housing sites:

Franklin Field, in the sum of \$9,497.50; Alsen Playground, in the sum of \$4,912.50.

The work involved is of the type normally awarded to a local utility company.

Very truly yours,

JOHN F. MILLERICK,
Chief of Construction.

FIRE DEPARTMENT.

BOSTON, September 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's permission is requested to enter into a contract with the Boston Marine Works, Inc., 2 New street, East Boston, without advertising, for the purpose of making repairs on fireboat "Matthew J. Boyle," Engine 44, as follows:

Furnish material and labor to repair: after boiler, internal feed pipe renewed, diameter 2½ inches, perforated about 14 feet long, including nozzle if required; forward boiler, safety valve to be repaired; boiler water heater back pressure valve repaired; filter box division plates renewed; three plates and box to be painted with rust preventive paint; boiler's steam jet examined and make repairs to same if necessary; main engine high pressure steam piston rod neck bushing refitted; two surface blow-off valves; two bottom blow-off valves; four stop feed line valves; four adjustable check valves; one inspirator checked; two duplex feed pumps; steam piston rings checked; all moving steam valve connections refitted; check piston valves.

Furnish material and labor to remove covers and rotor from each of two pumps; remove impellers, bushings; remove shaft and bushings; assemble impellers on new shaft; reassemble in place and test run to satisfaction of engineer.

Furnish material and labor to install a feed water chronometer valve.

Furnish and fit eight piston rings for feed pumps.

Refitting walking beam bearings on air pump.

Furnish labor and materials for repairing one steam dry pipe in the after boiler, size, 5 inches diameter, and approximately 10 feet long in two sections, including one slip sleeve; removing all pins, retaining nuts and bolts; replacing all defective parts with new materials.

The total cost of the foregoing work will be \$2,000.

The repairs are required in order to place the boat in safe operating condition and so that it will pass inspection by the Marine Inspection Service of the U. S. Coast Guard before a new operating certificate is issued by the Coast Guard.

In my opinion, it would be in the best interests of the city to award contract for this work to the Boston Marine Works, without publicly advertising for bids, inasmuch as that company has recently completed a contract for retubing the after boiler in a highly satisfactory manner and is in a position to do this work at the

reasonable cost of \$2,000, which is as low as if not lower than, a price we might be able to obtain after competitive bidding.

It is imperative that fireboat, Engine 44, be placed in active service as soon as possible, inasmuch as we now have only one fireboat, approximately fifty years of age, to protect the water front against fire, whereas we formerly had three fireboats in service. Again, if we had two water front fires simultaneously at different locations, the one boat in service could be used at only one of the fires and serious loss might result at the other location.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT (Sanatorium Division).

BOSTON, September 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In August, 1946, I received informal proposals for furnishing and installing three new Davidson heaters in the garage at the Sanatorium Division. Although it was presumed that the work could be performed for less than one thousand dollars, nevertheless the proposals submitted follow:

V. J. Kenneally Company, \$1,673; M. J. Flaherty Company, \$1,650; J. L. Sullivan & Co., \$1,544; Fred Williams, Inc., \$1,438; J. J. Hurley & Co., \$1,390; Joseph F. Dwyer, \$1,353.

In view of the foregoing, I respectfully request your Honor's approval to incur an expenditure in the sum of \$1,353, without advertising, to Joseph F. Dwyer, 249 Park street, West Roxbury, the lowest informal bidder, upon completion of the work specified in paragraph one.

In doing so, I feel that the best interests of the city are being served.

Respectfully yours,

FREDERICK L. BOGAN, M. D.,
Assistant Superintendent.

INSTITUTIONS DEPARTMENT.

BOSTON, September 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On August 28, bids were opened after advertisement for the alterations of the motor vessel "James Michael Curley." The following bids were received:

General Ship and Engine Works, Inc., 336 Border street, East Boston, \$46,755; Quincy Dry Dock & Yacht Corporation, 188 Follett street, Quincy, \$38,820.

Bids were advertised to be opened at 12 o'clock noon. The Quincy Dry Dock & Yacht Corporation filed their bid after 12 o'clock. On or about 11.30 a. m. of the same day we received a telephone call from the Quincy Dry Dock & Yacht Corporation that their automobile had become disabled and they would be late in filing, which they were. In consequence, their bid could not legally be accepted.

I respectfully ask your permission to reject any and all bids received on August 28 for the alterations to the motor vessel "James Michael Curley," as being in the public interest so to do.

I respectfully ask your permission to award a contract to the Quincy Dry Dock & Yacht Corporation, in the sum of \$38,820, for alterations to the motor vessel "James Michael Curley," under the same plans and specifications without further advertising.

The Quincy Dry Dock & Yacht Corporation is an old, established firm, has the facilities for docking and altering the boat, and would proceed immediately with the work. There would be a sizable saving to the city and its best interests would be served by awarding the contract to this firm.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, September 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested for the Institutions Department to award a contract, without public advertising, to the M & R Construction Company, 62 Long Wharf, Boston, for the erection of a new dolphin of ten clustered piles at the Deer Island Wharf in the sum of one thousand five hundred eighty dollars (\$1,580).

Recently the steamship "Stephen O'Meara," while docking at the Deer Island Wharf, struck the pile dolphin composed of ten secured piles, shearing them off below the water line. The services of a diver were obtained and he reported that a dangerous condition was existing by our boats resting on the stumps at low water. The broken piles must be removed and a new dolphin built.

The M & R Construction Company is building the wharf at Long Island, has the piles and equipment on the job, and would proceed immediately with the work. I am certain that nothing would be gained by public advertising and the best interests of the city would be conserved by awarding the work to this firm.

Yours very truly,

G. FRANK McDONALD,
Commissioner.

MAYOR'S OFFICE.

BOSTON, August 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is hereby requested to award a contract, without advertising, to Pearl Fireworks Company, for display of fireworks, in conjunction with National Convention, Veterans of Foreign Wars Encampment, to be held in the Charles River Basin, Thursday evening, September 5, 1946.

Inasmuch as the price for this commodity is uniform there would be no advantage to the city by advertising. The money involved in this contract is \$4,000.

Respectfully,

ALFRED L. SMITH,
Assistant Director, Public Celebrations.

BOSTON, August 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is hereby requested to award a contract to the Boston Arena, Boston Garden-Arena Corporation, for rental, in conjunction with National Convention, Veterans of Foreign Wars Encampment, to be held in the Arena, September 2 to 6, 1946.

The money involved in this contract is forty-five hundred dollars (\$4,500)—four thousand dollars (\$4,000) for rental, approximately five hundred dollars (\$500) for labor and equipment, such as erecting

of stage, carpenters and labor, electricians, insurance on public liability.

Respectfully,

ALFRED L. SMITH,
Assistant Director, Public Celebrations.

BOSTON, August 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is hereby requested to award a contract to the Hotel Statler, Boston, Mass., for luncheon and dinner, in conjunction with National Convention, Veterans of Foreign Wars Encampment, to be held September 2, 1946.

The money involved in this contract is approximately one thousand dollars (\$1,000) for luncheon, forty-five hundred dollars (\$4,500) for dinner. This will include meal tax and service charge. The amount of this contract is fifty-five hundred dollars (\$5,500).

Respectfully,

ALFRED L. SMITH,
Assistant Director, Public Celebrations.

PUBLIC WORKS DEPARTMENT.

BOSTON, September 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—A very serious condition exists in Pender street, West Roxbury, where the roadway, edgestone and sidewalks have settled considerably, in some places as much as 18 inches.

It is absolutely necessary, on account of the emergency which has arisen, to make immediate repairs.

I have received a proposal from Martin J. Kelly Company of 95 Prince street, Jamaica Plain, offering to correct this condition, at an estimated cost of \$2,697.95. The work to be done includes the removal and resetting of the edgestone, breaking out and relaying of artificial stone sidewalks, excavating the present roadway, furnishing such filling as will be required to bring the roadway to the proper grade, and laying a sheet asphalt pavement on a concrete base.

Under the circumstances, in my opinion, no advantage would be gained by advertising for bids. I therefore respectfully request the permission of your Honor to dispense with advertising, and to award a contract to Martin J. Kelly Company for doing this work, at the estimated cost above mentioned, namely, \$2,697.95.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, September 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The surfaces of many of the streets in various sections of the city have become so badly worn that repairs are necessary, and this work should be performed while weather conditions are suitable.

So as to supplement the work being done by the department forces, I respectfully request the authority of your Honor to issue service orders to contractors, each not to exceed \$1,000, for furnishing materials, men, and equipment required to make these repairs.

This is an emergency, and, in my opinion, no advantage would be gained by advertising for bids for doing this work.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, September 19, 1946.
HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Due to various openings made by the Water Division of the Public Works Department for underground construction and repair work and because of which permanent replacement of pavement must be made, an expenditure in the amount of \$15,000 (chargeable to the Water Division) has become necessary.

There still are many areas in bituminous pavements throughout the city which are so worn that they are very dangerous and should be repaired without delay. The estimated cost of making these repairs is \$15,000 (to be charged to Special Appropriation, Reconstruction of Streets).

The Central Construction Company, 228 Southampton street, Boston, is in a position to perform the necessary work at substantial saving to the city, because it has its equipment and manpower available near the location involved, as a result of its present repair work of a similar nature for the benefit of public service corporations, under the provisions of section 9 of chapter 27 of the Revised Ordinances of 1925.

In view of the daily risk of bodily injury and property damage due to this poor condition of the streets, the work above mentioned must be begun immediately, so that completion can take place before unfavorable weather conditions set in.

In my opinion, under the existing conditions, no advantage would be gained by advertising for bids, and I respectfully request the permission of your Honor to dispense with advertising and to award a contract to the Central Construction Company, 228 Southampton street, for performing this work.

Payments under this contract will be made from the following sources for which funds are available:

Water Division (B-42), \$15,000.
Reconstruction of Streets, \$15,000.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, September 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without advertising, to the Pepperell Manufacturing Company, 40 Worth street, New York City, for furnishing to the Boston City Hospital and the Boston Sanatorium twenty-four hundred (2,400) bed sheets, size 72 by 108, at a price of \$2.09 each.

You know of the desperate need of sheets in the city hospitals of Boston due to the inability to secure same from any source, including the War Assets Administration, and for this reason I would respectfully request that the permission asked for above be granted me. The approximate amount of the contract will be \$5,016.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TREASURY DEPARTMENT.

BOSTON, September 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In order to provide funds at the end of the current year to cover anticipated expenditures under

various loans now authorized, it is necessary at this time to make arrangements for the printing and engraving of approximately 3,800 coupon bond certificates. Because of prevailing conditions, bank note companies require a minimum of three months to prepare these certificates.

The Vose-Swain Engraving Company, Inc., 530 Atlantic avenue, Boston, has been doing this work for this office for over fifteen years, and, because they have the necessary engraved plates in their possession, are able to do the work in a shorter period of time at a lower cost. This company has quoted the following figures:

2,500 red border Rapid Transit certificates bearing two sheets of coupons, 68 cents each, \$1,700; 1,000 blue border Serial Bond certificates bearing one sheet of coupons, 42 cents each, \$420; 300 brown border Serial Bond certificates bearing one sheet of coupons, 50 cents each, \$150; alterations on two engraved plates, \$250; total, \$2,520.

Our experience has been that other bank note companies are not in a position to furnish the types of certificates required in the specified time at equal costs and, therefore, do not wish to bid on a competitive basis.

Therefore, since no purpose will be served by publicly advertising, I respectfully request permission to award to the Vose-Swain Engraving Company, Inc., without advertising, a contract for the purchase of approximately 3,800 coupon bond certificates at a cost of \$2,520.

Very truly yours,

HENRY F. BRENNAN,
City Treasurer.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Joseph G. Gazzola has been granted an extension of the time of completion of the contract for exterior painting, including fire escapes, at the Henry Grew School. Contract approved by his Honor August 22, 1946. Completion date to be extended from September 12, 1946, to November 15, 1946. This extension is requested for the reason that due to the shortage of labor and material contract could not be completed on time.

H. Piken & Co. have been granted an extension of the time of completion of the contract for interior and exterior painting, including fire escapes, at the Bunker Hill School. Contract approved by his Honor August 12, 1946. Completion date to be extended from September 12, 1946, to November 15, 1946. This extension is requested for the reason that due to shortage of labor and material contract could not be completed on time.

P. J. Cantwell & Son have been granted an extension of the time of completion of the contract for alterations, etc., at the Girls' Trade School. Contract approved by his Honor June 19, 1946. Completion date to be extended to October 30, 1946. This extension is requested for the reason that due to shortage of both labor and materials work could not be completed before September 7, 1946.

John J. Hourihan has been granted an extension of the time of completion of the contract for roofing work at the Nathan Hale School. Contract approved by his Honor June 27, 1946. Completion date to be extended from September 11, 1946, to October 30, 1946. This extension is requested for the reason that due to the shortage of materials contract could not be completed on time.

Nicholas Bello has been granted an extension of the time of completion of the contract for exterior painting, including fire escapes, at the Fairmount School. Contract approved by his Honor September 3, 1946. Completion date to be extended from September 12 to October 15, 1946. This extension is requested for the reason that because of shortage of material it was not possible to complete the work on time.

Nicholas Bello has been granted an extension of the time of completion of the contract for exterior painting, including fire escapes, at the Elihu Greenwood School. Contract approved by his Honor September 3, 1946. Completion date to be extended from September 12 to October 15, 1946. This extension is requested for the reason that because of shortage of material it was not possible to complete the work on time.

M. Spinelli Sons Company, Inc., have been granted an extension of the time of completion of the contract for alterations at the Jamaica Plain High School. Contract approved by his Honor August 8, 1946. Completion date to be extended from September 11, 1946, to November 30, 1946. This extension is requested for the reason that due to the delay in the manufacture and shipment of the Kalamein doors and partitions contract could not be completed on time.

M. S. Kelliher Company has been granted an extension of the time of completion of the contract for alterations at the Dorchester High School for Girls. Contract approved by his Honor August 5, 1946. Completion date to be extended from September 11, 1946, to December 31, 1946. This extension is requested for the reason that due to inability to get Kalamein work and finish hardware contract could not be completed before September 11, 1946.

The Rossano Construction Company, Inc., have been granted an extension of the time of completion of the contract for alterations at the Dillaway School. Contract approved by his Honor August 8, 1946. Completion date to be extended from September 11, 1946, to November 15, 1946. This extension is requested for the reason that contract could not be completed on time because of inability to obtain certain materials.

PARK DEPARTMENT.

William P. Herlihy has been granted an extension of time until September 20, 1946, for the completion of the contract for grading, loaming and improvements at Chestnut Hill Playground, Brighton, signed October 27, 1945.

CONTRACT AMENDED.

INSTITUTIONS DEPARTMENT.

Anderson-Coffey Company, Inc., of Boston, have been allowed to amend the contract dated July 27, 1945, for additions and alterations of underground duct line system at the Long Island Hospital, Boston Harbor; and

Whereas, Said contract was amended January 4, 1946, by extending the time for completion of the work to March 24, 1946; it is hereby

Agreed by and between the parties hereto that said contract be further amended as follows:

By substituting as the date of completion of the work "September 30, 1946," in place of "March 24, 1946."

EXTRA WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

Martin J. Kelly Company, Inc., have been directed to perform the following extra work under the contract for resurfacing West Fourth Street Bridge, over the New York, New Haven & Hartford Railroad, dated August 8, 1946. Items ordered: Furnish and place steel shims under all loose floor stringers and fasten the shims to the floor stringers, all as directed. Estimated cost of extra work, \$650.

Bethlehem Steel Company has been directed to perform the following extra work under the contract for repairing hull, etc., ferryboat "Daniel A. MacCormack," dated May 22, 1946. Items ordered: Remove all four piston rods of main engines, put three on center and smooth up, replace four assemblies and fit and adjust metallic packing, \$320; four sets of metallic packing, 2 HP-2 LP, \$255; furnish and fit one new L. P. piston rod of main engine, \$170; clean and smooth cylinder wall of main engines (four cylinders), \$120; jacking engine, remove worn shaft, disassemble and free moving parts and generally overhaul, \$175; boiler front taken down, straightened, repaired and replaced, \$85; water columns of both boilers removed, extra heavy nipples installed, valves repaired and all reassembled, \$65; main injection valve disconnected, valve taken down and overhauled, new bronze valve seat and stem installed and reassembled complete, \$223; furnish one new sea chest strainer in hull, \$38; steps from top of walkway to upper deck renewed, \$45; flange of ventilating blower pipe renewed, drilled and welded, \$70; covering boards in walkways at each end entirely renewed at bulkheads and rails, doubler plates welded in place and planking caulked, \$535; embarkation ladders (2) furnished complete, \$96; fire-line piping to upper deck, port side, repaired, renewals as necessary and all tested, including incidental removing and replacing cabin ceiling, \$94; bounding angle at end of one roadway faired up, welded and secured \$41. Total, \$2,332. While some of the work covered in this order was ordered by the U. S. C. G. Inspection Service, all of the work was necessary for the proper operation and maintenance of the boat. The unquestioned necessity for these repairs did not become apparent until work under the contract had progressed which opened up conditions of a degree of corrosion and deterioration in adjacent parts that could not be ignored. For example, the item of repairs to the covering board at the ends of the walkways from the cabins, could not be appreciated until the chipping and cleaning of the steel of the superstructure, under the contract, disclosed a hidden deterioration of the bulkheads which threatened the strength of the ends of the superstructure. Estimated cost of extra work, \$2,332.

TO OMIT AND SUBSTITUTE WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

J. D'Amico has been directed to omit and substitute work under the contract for sewerage works in Andover road and Brook Farm road, West Roxbury, dated July 24, 1946. Items ordered: Omit the furnishing of clay or shale sewer pipe for sanitary sewer (Item 30 of contract) in Brook Farm road and substitute concrete

pipe under Item 32a of the contract. Price to be paid for substituted work: \$1,000 list value of concrete pipe furnished at 50 per cent discount in place of \$1,000 list value of clay pipe at 50 per cent discount. Although this is in addition to the work contemplated in the original contract it is incidental thereto. Estimated cost of substituted work, \$500; estimated cost of omitted work, \$500. This change is necessary because of the inability of the contractor to obtain delivery of clay pipe due to its scarcity.

DAMAGES ALLOWED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 11, 1945, determining that no person sustains damages by the making of the public improvement, consisting of the laying out and construction of Myles Standish road, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words "that no person sustains in his estate," and by striking out in the last line of said order the word "no"; that said order be further amended by adding thereto Joseph N. Dorney and Nora A. Dorney, \$45; that the amount \$45 be, and the same hereby is, awarded to Joseph N. Dorney and Nora A. Dorney for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of February 27, 1945, as amended, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Higgins street, formerly Mechanic street, be, and the same hereby is, amended, by adding to said order the amount \$160 as an award to Bowman C. Ellis and Eliza A. Ellis; that the amount \$160 be, and the same hereby is, awarded to Bowman C. Ellis and Eliza A. Ellis for the damages so sustained.

TRAFFIC COMMISSION RULINGS

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted February 28, 1946, and was effective June 3, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days from August 2, 1946, is hereby extended for a further trial period of sixty (60) days from October 1, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Albany Street, Boston Proper.

Southeast side, from Broadway to Massachusetts avenue, 8 a. m. to 10 a. m.

Northwest side, from Broadway to East Concord street, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted July 18, 1946, and was effective August 5, 1946, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from October 3, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

Washington Street, Boston Proper.

East side, from Harvard street to Kneeland street, 7 a. m. to 6 p. m.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Babson Street, Dorchester.

Both sides, from 1366 Blue Hill avenue to Norfolk street, twenty-four hours.

Erie Street, Dorchester.

Both sides, from Washington street to Greenwood street, twenty-four hours.

Harvard Street, Dorchester.

Both sides, from Norwell street to Greenwood street, twenty-four hours.

Park Drive, Boston Proper.

Both sides, from Peterborough street to the bridge over the Boston & Albany Railroad, 7 a. m. to 6 p. m.

Portland Street, Boston Proper.

Northeast side from Merrimac street to Causeway street, 4 p. m. to 6 p. m.

Washington Street, Boston Proper.

East side, from Broadway to Kneeland street, 7 a. m. to 6 p. m.

Section 15 (Commercial Vehicles May Back to Curb or Edge of Roadway Except in Specified Places) is amended by adding the following:

Portland Street, Boston Proper.

Northeast side, from Merrimac street to Causeway street, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Edison Company, vehicles are excluded from the following street, during the hours and on the dates indicated below:

Kilby Street, Boston Proper.

From Liberty square to Central street: 7 p. m., October 8, to 1 a. m., October 9, 1946; 7 p. m., October 9, to 1 a. m., October 10, 1946; 7 p. m., October 10, to 1 a. m., October 11, 1946.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, the following rules are effective from 6 p. m., Friday, September 27, 1946, to 7 a. m., Monday, September 30, 1946:

Vehicles are excluded from the following street:

Stuart Street, Boston Proper.

From Tremont street to Washington street.

The following left turn prohibition is suspended:

Stuart Street.

Into Tremont street, northerly.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following street, effective October 3, 1946:

Rexford Street, Dorchester.

From Blue Hill avenue to Cummins Highway.

REALLOCATION AND AMENDMENT OF BUDGET APPROPRIATIONS.

The Mayor has approved the request of the heads of various departments to amend or reallocate budget appropriations, in accordance with the following requests:

BOSTON TRAFFIC COMMISSION.

BOSTON, August 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that the following reallocations be made within the budget appropriations for this department:

From C-17, \$55, to F-11, \$10; C-7, \$45.

No appropriation was allowed this department in budget Item F-11 for the payment of Workmen's Compensation. We have been ordered by the Workmen's Compensation agent to pay the sum of \$10 to Dr. John S. Kelly, 812 Centre street, Jamaica Plain, for professional services to Joseph Piazza, one of our shop employees, who was injured in line of duty.

No appropriation was allowed this department in Item C-7 (Furniture and Furnishings). At the direction of the Supply Department we purchased some galvanized iron barrels and iron pails from the War Assets appropriation. These are surplus war materials.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

CITY MESSENGER.

BOSTON, September 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your authority is requested to make the following transfer in the City Council budget:

From B-29, Stenographic Reports, \$275, to C-17, Equipment, \$275.

This transfer is necessary to purchase additional iron stakes and rope for the National V. F. W. parade.

Respectfully yours,

WILLIAM J. O'DONNELL,
City Messenger.

COURT HOUSE COMMISSION.

BOSTON, September 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you make the following transfer from B-39 to F-11, to cover doctor's bill for services to an employee who had an accident while at work, \$17.50.

Respectfully yours,

ARNO L. DREW,
Chairman.

FIRE DEPARTMENT.

BOSTON, September 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's permission is requested to make the following reallocation of funds in the 1946 Fire Department budget:

From C-16, Wearing Apparel, \$790, to C-13, Tools and Instruments, \$790.

The foregoing reallocation is necessary in order to pay for four Micro resuscitators and accessories at \$110 each and one special Micro box containing one regulator, two micros and aspirator with necessary attachments for \$350.

This equipment has been in trial use on the three rescue companies of

the Fire Department which must carry the equipment for use on persons who are unconscious from electric shock, immersion in water, inhalation of gases, etc. The Micro resuscitators are for use where more than one person must be attended to simultaneously. They have proven to be very valuable equipment in the saving of lives and have been used several times since their installations in the department. However, the cost of the Micro resuscitators is chargeable to Item C-13, in which item there are no funds at the present time.

In order that the department may keep the equipment, it is suggested that the foregoing reallocation be allowed for the particular purpose of paying for this equipment which has been ordered on Fire Department Requisitions Nos. 1852 and 1853.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT (Sanatorium Division).

BOSTON, September 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request permission to amend the budget of the Sanatorium Division to include the following position:

1 Senior Hospital Kitchen Worker (Bakery) at \$28 a week.

I am making this request because we find it impossible to obtain an experienced man as a baker's assistant for \$21 a week.

In years gone by, a similar position paid as much as \$24 a week with full maintenance; but the position in the past few years has been filled by a man who was receiving only \$21 a week. Since he was forced to retire on May 31, 1946, we have been unable to get a man who would do the work required for the money we are offering.

Very truly yours,

FREDERICK L. BOGAN, M. D.,
Assistant Superintendent.

BOSTON, September 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Due to an increase in the cost of filing equipment and typewriters, the money allowed the Sanatorium Division in the Office Equipment Loan has proved insufficient to release the orders.

Your approval, therefore, is requested for an increase of \$100, making our total charge to this loan \$325 instead of \$225.

Very truly yours,

FREDERICK L. BOGAN, M. D.,
Assistant Superintendent.

LIBRARY DEPARTMENT.

BOSTON, September 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following reallocations for the reasons noted below:

From C-2, \$100, to C-7, \$100.

From C-5, \$100, to C-13, \$100.

C-7.—This reallocation is necessary because the present balance in our C-7 account is insufficient to meet our needs for furniture and furnishings equipment for the balance of the year.

C-13.—This reallocation is necessary because the present balance in our C-13

account is insufficient to meet our needs for brushes, hammers, hose, ladders, etc., for the balance of the year.

Respectfully,

MILTON E. LORD,
Director.

BOSTON, September 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following transfer for the reasons noted below:

From A-1, \$825, to F-11, \$825.

Due to an unexpected increase in doctors' and hospital bills for injuries sustained by employees in line of duty, and to provide regular weekly payments of \$21.09 in Workmen's Compensation to one of our cleaners, the above sum is required for the balance of the year.

Respectfully,

MILTON E. LORD,
Director.

PARK DEPARTMENT.

BOSTON, September 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you make the following transfer within the budget of the Park Department:

From A-1 Permanent Employees, \$2,500, to A-3, Overtime, \$2,500.

This transfer is needed at once so that we may pay for overtime pay rolls of employees in the Park Department from now to the end of the year. The appropriation allowed us for A-3 at the start of the budget year was practically exhausted on September 1. Under this year's budget the Items A-3 and A-4 were combined under A-3 and we really were not allowed sufficient funds for this combined item.

There are ample funds in A-1 to allow this transfer.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

PUBLIC WORKS DEPARTMENT.

BOSTON, August 19, 1946.

TO JAMES M. CURLEY, *Mayor of Boston.*
FROM ROBERT P. CURLEY, *Commissioner of Public Works.*

Subject: Reallocations in Sewer Division Budget.

From D-11, Gas and Oil, \$300, to D-3, Fuel, \$300.

From C-2, Machinery, \$20, to C-7, Furniture and Furnishings, \$20.

Explanation.—Money is needed in the item of D-3 to provide coal for the sewer yards for the coming winter. In the item of C-7, money is needed for the purchase of cement pails and ash barrels to be used at Calf Pasture Pumping Station.

There is ample money in the items of D-11 and C-2 for these reallocations, due to the curtailment of expenditures.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, September 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission has been given to amend the 1946 budget of the Paving Service, Public Works Department, by transferring funds as follows:

From A-2, Temporary Employees, \$2,500, to F-11, Workmen's Compensation, \$2,500.

From A-3, Overtime, \$1,500, to F-7, Pensions and Annuities, \$1,500.

The appropriation for workmen's compensation has been exhausted, due principally to payments for twenty-four hour nursing service for Alphonse Simon who was critically burned at the Albany Street Garage in the course of his employment.

The appropriation for pensions and annuities will be exhausted shortly; this transfer is requested to provide funds for the remainder of the year for the payment of pension rolls.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, September 13, 1946.

TO JAMES M. CURLEY, *Mayor of Boston.*

FROM ROBERT P. CURLEY, *Commissioner of Public Works.*

Subject: Reallocations in Sewer Division Budget.

From C-2, Machinery, \$50, to C-17, Miscellaneous Equipment, \$25; C-7, Furniture and Furnishings, \$25.

From D-11, Gas and Oil, \$20, to D-8, Laundry, Cleaning, \$20.

Explanation.—Unencumbered balances of C-17, C-7 and D-8 are \$14.56, \$3.70 and \$7.14, respectively.

In order to complete the purchase of two portable lights against C-17, cement pails against C-7, and soap and cleaning fluid against D-8, these reallocations are necessary.

There is money available out of the items of C-2 and D-11, after anticipated expenditures are met.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

REAL ESTATE COMMISSION.

BOSTON, September 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We respectfully request your permission to amend the budget of the Board of Real Estate Commissioners to create a new position of one bookkeeper at \$2,500 a year plus \$200 E. C. A.

There are sufficient funds to provide for this position in our A-1, Personal Service, under item Deputy Commissioners. We therefore request the transfer of \$780.90 from this item to provide for the newly created position for the balance of the year.

Respectfully,

IRVING LEWIS,
Chairman.

REGISTRY OF PROBATE.

BOSTON, September 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Will you please amend the budget of the Probate Court for 1946 to read as follows:

Kindly reallocate \$12 to Item C-7 (Furniture and Furnishings) from Item C-10 (Library). This department has no appropriation under Item C-7 and the sum of \$12 is needed in that item for furnishings in the judges' lobby. At this writing it is probable that \$12 can be spared from Item C-10.

Kindly add \$63.09 to Item D-13 (Chemicals and Disinfectants) and deduct said sum of \$63.09 from Item D-1 (Office Supplies). Said sum is necessary

for chemicals used in the operation of our photostat machine.

Respectfully yours,

ARTHUR W. SULLIVAN,
Register.

SOLDIERS' RELIEF DEPARTMENT.

BOSTON, September 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Soldiers' Relief Department by transferring the sum of \$320.83 from Item F-8, State Aid and Military Aid, Soldiers' Relief and Burials, to Item F-7, Pensions and Annuities.

This additional amount for Item F-7 is necessary due to the retirement of William J. Murphy, visitor, 56 Hillsdale street, Dorchester, under the provisions of chapter 32, section 56, of the General Laws.

This retirement will become effective at the close of business on September 10, 1946.

Very truly yours,

DAVID J. BRICKLEY,
Commissioner.

Chief of Department.

General Order No. 61.

I. ASSIGNMENTS.

The following assignments of men on probation which will become effective at 8 a. m., Wednesday, October 9, 1946, are hereby announced:

Robert A. Foley to Engine Company 17.
George E. Groomes to Ladder Company 12.

Matthew J. Shanahan to Engine Company 53.

Leo J. Keefe to Ladder Company 18.

II. PROMOTION.

The following promotion which became effective at 8 a. m., Wednesday, September 25, 1946, is hereby announced:

Apparatus operator John F. Donovan, Engine Company 21, to engineer, Motor Squad.

III. TRANSFERS.

The following transfer, effective at 8 a. m., Friday, October 4, 1946, is hereby announced:

Engineer John F. Donovan, from Engine 21 to Motor Squad.

The following transfers, effective at 8 a. m., Wednesday, October 9, 1946, are hereby announced:

Hoseman Charles L. LaPlante, from Rescue 2 to Engine 46.

Hoseman Edward J. Higgins, from Engine 46 to Engine 21.

Hoseman Winthrop S. Robbins, from Engine 21 to Rescue 2.

Hoseman Edward H. Hanbury, from Engine 14 to Engine 28.

Auto Repairer William L. Pinero, from Maintenance Division to Fire Alarm Division.

IV. A. D. T. ASSIGNMENT.

The following signal number is to be added to the running cards of the A. D. T. Company in this department:

Signal 695, Hub Laundry Company, Inc., 32-50 Bristol street. (Sprinkler System.) Apparatus to respond: Engine 3, Ladder 3, District Chief 7. Nearest box is 1633.

V. ADJUSTMENT AND CANCELLATION, BOSTON AUTOMATIC SIGNALS.

Company commanders are requested to make the following change of address:

Signal 132 on page 5 of the Boston Automatic Book now reads "Signal 132, 195 and 197 High street, first floor and basement only."

Adjust to read: "Signal 132, 195 and 197 High street."

Notice has been received that the following automatic signal has been discontinued as of October 4, 1946:

Signal 632, building, 22 India square.

VI. CANCELLATION OF G. A. C. ASSIGNMENTS.

Notice has been received from the General Alarm Corporation that the

following signal numbers of that company have been discontinued:

Signal 276, C. Pappas Company, 15-35 Burlington avenue.

Signal 292, Polaroid Corporation, 109 Brookline avenue.

VII. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter for the information of members of the department:

"October 4, 1946.

DEAR MR. CODMAN,—Last Sunday about 4 a. m., my mother, who is along in years, sustained a severe heart attack. Our physician called the Fire Department, and within ten minutes your men arrived with oxygen. Their immediate response and expeditious treatment unquestionably contributed to saving her life.

I want to express my personal appreciation and gratitude through you to the men of your department. Their courtesy, dispatch, interest and cooperation was outstanding.

Cordially yours,

JULIUS H. SOBLE."

VIII. COLUMBUS DAY PARADE — BAND.

The B. F. D. band will participate in the Columbus Day parade in East Boston on Sunday, October 13, 1946. Band members are requested to report to Band Manager Frank Marr at 1.30 p. m. at the parking area, Suffolk Downs. Band members scheduled to work will be excused from duty from 11.30 a. m. until 10 p. m.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 766.

Patrolmen John A. Sweeney and James F. Wilson, Jr., both attached to Division 4, are commended for meritorious police duty performed in the early morning of September 28, 1946.

Responding to calls for help from a woman on the second floor of a large dwelling house on Harrison avenue, Patrolman Sweeney immediately sounded a fire alarm while Patrolman Wilson forced open a rear door, and then both officers entered the building and instructed the occupants to leave by the rear door.

The commissioner is pleased to recognize and commend these officers for their prompt response and the devotion to duty exemplified by them, disregarding their personal safety in entering the building and assisting the occupants to safety.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 767.

The resignation of Patrolman Charles M. Flavin of the Superintendent's Office (armed service roll) having been presented, it is hereby accepted to take effect Wednesday, October 2, 1946, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 768.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Thursday, October 3, 1946, at 7.45 o'clock a. m.:

Sergt. John J. Crimmins, Division 17, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 769.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Wednesday, October 2, 1946, at 9 o'clock a. m.:

Patrolman John J. Hunt, to Division 13.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 770.

It is with deep regret that I announce the death of Sergt. William F. Healey of Station 4, who, while in performance of duty, was shot and killed by a bandit at about 9.30 last evening.

Sergeant Healey was born in Jamaica Plain, on October 14, 1897. After graduation from English High School in 1916, he enlisted in the armed forces and served during World War I until his honorable discharge in April, 1919.

He was appointed a patrolman on July 27, 1928, serving in various divisions of the department, and on May 17, 1945, was promoted to the rank of sergeant. In all of his assignments, he had the admiration and esteem of his superior officers and of the men who worked with him and under his command.

Sergeant Healey was commended in General Orders on February 13, 1940, in recognition of his untiring effort and devotion to duty in the attempted rescue of the bodies of boys drowned in Dorchester Bay.

On June 14, 1940, in General Order No. 489, he was commended for meritorious service in assisting in the rescue from a catwalk breakwater off Northern avenue of nine men stranded there during the hurricane of September 21, 1938. For this service Sergeant Healey received the U. S. Treasury Department Life-Saving Medal and the Department Medal of Honor.

This sudden death of Sergeant Healey, without chance for self-defense, forcibly reminds us of the extreme hazards faced by every police officer in the faithful performance of his duty and recalls to public attention the dependence of the community upon its law enforcement officers.

On behalf of the entire personnel of the department, I wish to extend to the bereaved wife and children of Sergt. William F. Healey our heartfelt sympathy and expression of sincere sorrow.

The Superintendent of Police will arrange for a funeral escort and flags on all Police Department buildings will

remain at half-mast for thirty days as a tribute of respect for our gallant associate.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 771.

The resignation of Patrolman Charles W. Cleary of the Superintendent's Office (armed service roll) having been presented, it is hereby accepted to take effect as of Thursday, October 3, 1946, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 772.

The resignation of Patrolman Richard M. White of the Superintendent's Office (armed service roll) having been presented, it is hereby accepted to take effect as of Thursday, October 3, 1946, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 773.

The following-named persons are hereby appointed permanent patrolman in this department, and are assigned as follows, effective Friday, October 4, 1946, at 10 o'clock a. m.:

Robert T. Walley, Division 6.
John E. Merrill, Division 14.
William F. Bulger, Division 17.
Leonard J. Weir, Division 18.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 774.

The resignation of Patrolman Robert A. Foley of Division 17 having been presented, it is hereby accepted to take effect as of Monday, October 7, 1946, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following street, effective October 8, 1946:

Whitfield Street, Dorchester.
From Talbot avenue to Park street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following street, block by block, where signs are placed, effective October 9, 1946:

Lincoln Street, Boston Proper.
From Kneeland street to Bedford street.

PROCEEDINGS OF CITY COUNCIL.

Monday, September 30, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY presiding, and all the members present.

The meeting was opened with the salute to the Flag.

RECESS.

On motion of Councilor Coffey the Council voted at 2.10 p. m. to take a recess subject to the call of the Chair.

Coun. HANNON—Mr. President, may we amend that so that one or two councilors may stay and pick the jurors?

President KELLY—I suggested that to the clerk. You cannot do it while the Council is in Executive Session.

Coun. LINEHAN—Is it possible for a man to be selected to take out the slips and the other councilors may walk out as they choose?

President KELLY—The Chair will rule it would not be legal. They would have to be drawn when you come back. There are 40 jurors to be drawn.

Coun. LINEHAN—If nobody objected—
President KELLY—I am afraid, councilor, a point would be raised, and I am not going to take the chance. The motion is to recess for the purpose of going into Executive Session.

The motion to go into Executive Session carried. The members reassembled and were called to order by President Kelly at 3.50 p. m.

JURORS DRAWN.

Jurors were drawn, Councilor Moriarty presiding at the ballot box in the absence of the Mayor, as follows:

Forty traverse jurors, Superior Court, Criminal Business, to appear October 14, as follows:

Barnet Brass, Ward 1; Arthur D. Aiken, Ward 3; Charles A. O'Keefe, Ward 3; Paul Edward Corley, Ward 4; Daniel Doherty, Ward 5; Daniel Joseph McGuire, Ward 5; Francis A. Seaverns, Ward 5; James McDonough, Ward 6; Charles C. Parker, Ward 7; Louis J. Zolson, Ward 7; George M. Marston, Ward 9; Frank A. Morrison, Ward 9; James Sanders, Ward 9; James B. Corbett, Ward 10; Albert C. Shea, Ward 10; Joseph W. Dee, Ward 11; Thomas Keenan, Ward 11; Morris Bloom, Ward 12; Arthur Nolan, Ward 12; George Cerrone, Ward 13; Samuel Baler, Ward 14; Francis E. Rapley, Ward 19; Frank J. Curran, Ward 20; Harold Laserson, Ward 21; Malcolm J. Clark, Ward 22; John J. Kennedy, Ward 22; John J. MacDougall, Ward 22.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.: John Merendante, 170 Paris street, East Boston, Mass., as constable of the City of Boston, for term ending April 30, 1947, authorized to serve civil process upon filing of bond.

Referred to the Committee on Constables and Confirmations.

SALE OF FIREBOAT "JOHN P. DOWD," ETC.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1946.
To the City Council.

Gentlemen,—I am submitting herewith a letter from Fire Commissioner Russell S. Codman relative to the sale of fireboat "John P. Dowd," Engine 47, and two new boilers built especially for this fireboat, and recommend passage by your Honorable Body of the accompanying orders.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, August 2, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—It is my recommendation that your Honor submit an order to the City Council requesting permission for the Fire Commissioner to dispose of the fireboat "John P. Dowd," Engine 47, and two new boilers built by the Hodge Boiler Works for this fireboat.

In order that you may be informed of the present status of Engine 47, I submit herewith a brief review of the case:

It was the opinion of the previous administration that structural repairs and alterations were required pertaining to the hull, superstructure, machinery and general equipment of this ship in order to conform with the requirements of the United States Steamboat Inspection Service.

Plans and specifications were submitted by John G. Alden, Naval Architect and Engineer, April 19, 1944, and revised as of October, 1945, covering the above work as well as the necessary installation of tanks and oil-burning system.

Advertisements were entered in the *City Record*, June 16 and June 23, 1945, soliciting bids for this work. One proposal was received from James S. Munro, 308 Border street, East Boston, amounting to \$128,596. Subsequent to the time the submission of proposals had closed, two other proposals were received as follows: Bethlehem Steel Company, \$224,208; Reid's Shipyard, Inc., \$198,000. In the meantime two new boilers were purchased at a cost of approximately \$18,750, which are now being stored at the Hodge Boiler Works, East Boston.

The City of Boston has just acquired from the War Shipping Administration a modern Diesel-propelled ship which can be converted into a fireboat at an additional cost of approximately \$75,000. Upon completion of the conversion the Fire Department will possess a first-class fireboat.

In view of today's increased costs of labor and material as compared with prices during June, 1945, when bids were submitted for repairs and alterations to Engine 47, it would not be desirable to expend such a large sum of money to place Engine 47 back into service. Engine 47 was built in 1909, and although the specifications call for the installation of oil-burning equipment it would still be a boat propelled by steam. The cost of maintaining and operating a steamboat as compared to a Diesel-motored boat will average five to six times greater.

A conference was held at my office today which was attended by a representative of the John G. Alden firm and senior officers from this department who have been identified with the operation of fireboats. It was the unanimous consensus of opinion that Engine 47 should not be reactivated to service but should be sold at the best price which can be obtained for same. The disposal of Engine 47 would also necessitate the sale of the two new boilers which would be of no further use to this department.

In my opinion it would be a better investment for the city to purchase another modern government surplus vessel at approximately \$100,000 than to expend \$150,000 on an old boat such as Engine 47.

Respectfully yours,
RUSSELL S. CODMAN, JR.,
Fire Commissioner.

Ordered, That the Fire Commissioner be authorized to sell at public auction, after duly advertising the time and place of sale, the fireboat "John P. Dowd," Engine 47, at an upset price of \$10,000.

Ordered, That the Fire Commissioner be authorized to sell at public auction, after duly advertising the time and place of sale, two new boilers built by the Hodge Boiler Works for the fireboat "John P. Dowd," Engine 47, at an upset price of \$10,000.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Edward F. Blake, for compensation for damage to clothing during raid at 41 Hanover street.

Emma Hopkins, for compensation for injuries caused by an alleged defect in Charles street.

Lillian Kelly, for compensation for injuries caused by an alleged defect at Charles Street Station.

Conrad J. Krajewski, for compensation for damage to car by truck of Street Cleaning Department.

Mrs. A. Larivee, for compensation for injuries caused by an alleged defect in Centre street.

John J. Lydon, to be reimbursed as result of accident which occurred while in performance of duty.

Mary A. Neal, to be reimbursed for coat torn in Assessing Department.

Jeremiah Nunziato, for compensation for damage to car by city truck.

Angelo Otolo, for compensation for injuries caused by city car.

Allen B. Rider, for compensation for damage to property at 1129 Centre street, during sewer construction.

John V. Stapleton, to be reimbursed for execution issued against him.

E. Van Noorden Company, for compensation for damage to truck by city truck.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on petition of Federal Reserve Bank of Boston for driveway opening at 4, 6 and 12 Pearl street and 99-111A Milk street (referred September 23)—that permit be granted.

Report accepted; permit granted under usual conditions.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

1. Report on petition of John A. Griffin (referred September 9) to be reimbursed for amount of execution issued against him on account of his acts as operator of a patrol wagon belonging to the Police Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred thirty dollars (\$130) be allowed and paid to John A. Griffin in reimbursement for amount of execution issued against him on account of his acts as operator of a patrol wagon belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

2. Report on petition of Napoleon R. Amelotte (referred August 19) to be reimbursed for amount of execution issued against him on account of his acts as operator of a cruising car belonging to Police Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of five thousand dollars (\$5,000) be allowed and paid to Napoleon R. Amelotte in reimbursement for amount of execution issued against him on account of his acts as operator of a cruising car belonging to the Police Department, said sum to be charged to the Contingent Fund.

The report was accepted, and the question came on the passage of the order.

Coun. MUCHNICK—Mr. President, I wonder if we could have an explanation of the type of accident that this was.

(The clerk read the order.)

Coun. MUCHNICK—Mr. President, I am going to suggest the reading be stopped as I have all the information I want.

The order was passed.

REPORT OF COMMITTEE ON FINANCE.

Coun. MADDEN, for the Committee on Finance, submitted the following:

Report on order (referred September 23) that \$10,000,000 be appropriated to be expended for one and two-family housing developments providing shelter for veterans and their families, and that to meet said expenses the City Treasurer be authorized to issue, from time to time, bonds or certificates of indebtedness of the city to said amount—that same ought to pass.

Coun. MADDEN—Mr. President and gentlemen, I believe the outstanding authority on housing in this Commonwealth today is Mr. Philip Nichols, chairman of the State Board of Housing. At the meeting on Saturday I asked Mr. Nichols if he would kindly set forth a general program in a letter so that I might read it to you, using his letter, which would explain the matter much better than I could in my own words. This is the letter I have received from Mr. Nichols. I will read it to you.

Commonwealth of Massachusetts,
Department of Public Welfare,
State Board of Housing,

20 Somerset Street, Boston, Room 103.

September 30, 1946.

Coun. Edward C. Madden, Council Chamber,
City Hall, Boston, Mass.

Dear Mr. Madden,—As requested by you I am putting in writing some of the statements that I made orally to the Committee on Finance at the hearing on Saturday, September 28, in regard to housing for veterans.

The need for action by cities and towns of Massachusetts is based on the shortage of housing for veterans in many communities. This shortage is not being met by the ordinary activities of private enterprise because of the difficulty in obtaining building materials and the high cost of houses when built. If offered for sale, the price of even the smallest houses built by private enterprise is beyond the reach of most veterans; moreover most veterans, at present, would prefer to rent rather than to purchase; and new housing developments erected by private builders are almost always offered for sale and not rental. Apparently, unless something is done by some public agency, the shortage will continue indefinitely and the veterans will continue to suffer.

The United States government, while it has provided guarantees to lenders which are of great help to a veteran who wishes to build a house for his own occupancy, does not itself build houses and offer them to veterans, either for sale or rental. The construction of low-rent housing projects for the low-income families under the legislation enacted by Congress in 1937, under which the existing housing projects in Boston and elsewhere were built, has come to a complete stop, because the increased cost of building has carried the bids to a point above the maximum permitted under the 1937 law, and the Wagner-Ellender-Taft bill, which would have increased the maximum and made further low-rent housing projects possible, although passed by the Senate, was not brought to the floor of the House of Representatives before Congress adjourned and thus failed of enactment.

There is no state law authorizing the Commonwealth to engage in or subsidize housing for veterans. If anything is to be done at the present time at any level of government, it must be done by cities and towns.

Fortunately, ample authority for cities and towns is provided by chapter 372 of the Acts of 1946, which became effective May 23, 1946. This law is based upon a bill prepared by the State Board of Housing and filed with its annual report on December 3, 1945, but unfortunately certain changes made in the bill in its passage through the Legislature have, as it has turned out, restricted its application and impaired its usefulness.

The act does however authorize cities and towns, among other things, to provide permanent housing for veterans, under certain limitations, which, though troublesome, are not fatal.

Under the act a city or town may acquire by purchase or gift or take by eminent domain one or more tracts of land of sufficient size for a housing development, or use tax title or other land which it already owns, lay out such tracts in streets and house lots, provide the public utilities, and construct on such tracts single or two-family residences for veterans and rent such dwelling units to veterans at reasonable rates.

As I interpret the law, a city may lay out a number of developments, scattered through the various sections or wards of the city; but each of the tracts used must be of adequate size for a sufficient number of dwelling units to constitute a "housing development." In other words, the law does not contemplate a city using isolated lots for separate dwellings. I should think however that a tract large enough for twenty dwelling units and possibly less would be of sufficient size to comply with the law.

The city must rent; it cannot sell or make an agreement for sale even to a veteran. However, at the end of five years from May 23, 1946, it must begin to sell these houses on the general market and proceed to dispose of them as rapidly as possible. The project while in operation is to be managed, and the rents determined, by the local Housing Authority, subject to appeal, as to rents, to the State Board of Housing. The law does not require the rents to be as high as rents for similar dwelling facilities on the general market, or even to be sufficient to make the project self-liquidating, and may be based, among other things, on the ability of veterans generally to pay.

The projects are limited to one and two-family houses. The city cannot erect apartment houses under this act, or even three or four-family houses.

From what has occurred since the enactment of this law, some of the provisions seem to me unnecessarily hampering, and I hope will be relaxed by the Legislature at its next session. However, a city under the law as it now stands ought to be able to provide these houses at reasonable rentals without losing money, because it has certain advantages over private builders and operators, namely:

- (1) As long as the houses are owned by the city, they are exempt from taxation.
- (2) The city can borrow at much lower rates of interest than a private builder.
- (3) The city is not seeking a profit, and although it hopes to break even, a loss would be justified if veterans are helped in the present emergency.
- (4) The city would undoubtedly stand a better chance than a private builder in getting priorities in building materials.

I have attempted to compute in a rough and general way how the financing of a group of these projects would work out in Boston.

The law permits a loan outside the debt limit up to 2 per cent of the average assessed valuation of the city for the three preceding years. In Boston this would amount to about \$28,000,000. The \$10,000,000 proposed in the present loan order would be well within the statutory limit.

One element of possible financial confusion has arisen from one of the changes in the bill in the course of its enactment. The act provides in section 10 that loans for permanent housing may extend over a period of fifteen years; but under section 6 the houses must be offered for sale at the end of five years. If the houses were all sold at the end of five years, the city would have a large sum of money on hand to liquidate its indebtedness, but the last of the bonds would not be due until the end of ten years more. A provision in the bonds making them subject to call would undoubtedly hurt their market ability. Probably this difficulty could be straightened out, possibly by putting the proceeds of the sale of the houses into a sinking fund, but I felt that I ought to mention it, and I have computed the financing on the basis of amortization in both five and fifteen years.

If the loan was for \$10,000,000 amortizable in five years, and there was no income from the projects at all, the increase in the annual tax rate would be \$1.23. This is the worst that could happen. If the loan was amortizable in fifteen years, and no income was received from the projects, the increase in the annual tax rate would be 44 cents.

If we assume that the average cost for each dwelling unit, including land and other expenses, was \$8,000, 1,200 dwelling units could be built with the proceeds of the loan. This figure may seem high for the type of small house that would be built. Other cities are planning to build on a lower cost, and the use of two-family dwellings would cut down the cost per dwelling unit, but, to be conservative, I have used \$8,000 as the cost per dwelling unit.

I have figured the rent at \$40 per month. This is about as much as most veterans can pay, but it should be within the reach of the great majority. With 1,200 dwelling units rented at \$40 per month the gross rental would be \$576,000 per year. If we allow \$10 per month per dwelling unit for interest and operating expenses, the net rental would be \$432,000 per year, which would make the net annual charge for amortizing the bonds \$1,568,000, requiring an increase in the tax rate of approximately \$1. The total deficiency at the end of five years would be \$7,940,000. At that time the houses would be sold. It would not be surprising if they brought in \$8,000,000. If they did, the city would have a slight gain on the whole transaction to its credit.

If the bonds were issued on a fifteen-year basis, the payment of principal each year would be \$666,000 and the annual deficiency each year in the first five years would be \$234,000. The accumulated deficiency at the end of five years would be \$1,170,000 with \$6,660,000 of bonds still payable. If the houses were then sold for \$8,000,000 and a sinking fund set up to pay the bonds as they fell due, the city might make an acceptable profit.

Furthermore, the houses when sold would go in the tax list and return to the city a considerable sum in taxes each year; and it is possible that if the houses were attractive in appearance and well maintained, building by private builders in the same neighborhood would be encouraged. As long as the demand for housing is so greatly in excess of supply, the competition from these publicly-owned houses should not be serious. It should be remembered that under the existing law they cease to be tax exempt when sold, five or six years from now, and they are to be sold only "as rapidly as is consistent with sound business judgment" and not dumped on the market.

There are so many elements of possible uncertainty in the foregoing computations that no doubt an opponent of the measure would question their accuracy. If building costs continue to increase, the city might make a substantial profit; if costs go down and houses become less valuable, the city would lose. It is however a project that a city might hope to break even on; and whether this is so or not, it is the only means in sight at present to relieve the shortage of housing for veterans.

Very truly yours,
PHILIP NICHOLS, Chairman,
State Board of Housing.

Coun. MADDEN—We had quite a meeting. We were condemned by a member of the American Veterans' Committee for not taking action. I also received a letter from the CIO in which the CIO takes us severely to task for having been dilatory. As a member of organized labor, to my good friends in the CIO, those gentlemen make me laugh when they tell us we are laying down on the job. We are amateurs when it comes to sitting down on the job compared with the CIO. They are the greatest authorities in the world on sitting down. However, I will read this blast

STATEMENT BY GEORGE F. MARKHAM.
Massachusetts CIO,
73 Tremont Street,
Boston, Mass.

September 28, 1946.
Statement on Veterans' Housing Problem by George F. Markham, Legislative Agent, Massachusetts CIO. Addressed to Chairman Edward C. Madden, Finance Committee, Boston City Council.

The City of Boston, as well as most communities in the Commonwealth, has played politics too long with the veterans' housing problem.

The Real Estate interests, having licked the Wagner-Ellender-Taft housing bill in Congress, have also been behind the housing inactivity in city and town governments.

It is time that people realized that the war is not over for the homeless veteran. The CIO is confident that the housing problem would be quickly solved if the same energy and determination were shown today that were devoted to housing and other production problems during the war.

Boston is more than a year late in acting on this question. It was far too slow in reacting to the emergency housing plan for veterans. It was completely silent and took no action after the CIO on December 28, 1945, urged that the city act quickly to relieve the veterans' housing crisis.

At that time the CIO asked that Mayor Curley have the city conduct an immediate survey of vacant and partially occupied structures which can be remodelled and repaired to provide habitable housing units. It was suggested that the annual police listing include such a check.

The CIO announced at the same time that it was filing a bill in the Legislature (the same bill as prepared by the State Board of Housing under Chairman Philip Nichols) to give cities and towns full power to borrow money and engage in housing activity for veterans.

It is nearly nine months since the General Court convened and more than three months since the Legislature passed the bill which empowered cities and towns to act. Yet Boston is only now indicating that it may take positive action.

We reiterate our proposal of December 28, 1945, and urge that the city:

1. Make a house-by-house survey to determine "What vacant or partially occupied structures can be remodelled and repaired to provide habitable housing units." The law gives the city power to take such buildings and convert them into suitable dwelling units.

2. Borrow at least the \$10,000,000 to carry out a city housing program for veterans.

3. Through its building regulations the city can exercise some control over use of scarce materials. While this is partly a matter for cooperation with Federal Authorities, let us have no more buck passing by the city as an excuse for inactivity.

Veterans regard the solution of the housing problem as a test of their faith in our democratic way of life. We must not let them down. As the Boston Globe said recently in an editorial, "The choice is between enough housing and social explosions."

Coun. MADDEN—This law on housing was passed some three or four months ago. It takes some time to digest a law and to become familiar with its provisions. I think the City of Boston is progressing as fast as humanly possible. I am sure that the members of the Council are just as sincere and just as interested in getting housing under way as they can be. Mr. Markham does not have to worry about some of us members of the Council forgetting the veterans. There are a lot of us fellows who fought with them. We are fighting for them. When we were fighting with them shoulder to shoulder I heard a lot of veterans pan the CIO for sitting down while we were waiting for supplies in Algeria or in Sicily. I would like to say to Mr. Markham and any other member of organized labor, my brothers, I will bet you all the tea in China that this Body will pass this loan, pass this order. I have not had a chance to discuss the matter with the Mayor, but I will predict that he will sign it. I will make a further prediction that within one month after the work is started the CIO or some other union will be sitting down. What do they care about the veterans? I say in closing, this is perhaps the greatest thing that has come before the Council in a long while. In effect it gives the city, the state and the Federal government an opportunity, in a way, to subsidize the building and purchasing of homes. For many months and years the Federal government has been subsidizing the farmers. They have been subsidizing the manufacturers, the public utility companies, the airlines. They have given billions of dollars to foreign countries. It is high time something is done to help the housing situation. While it directly helps the veteran there is nothing in the law to prevent Bill Brown, a veteran, buying a house for his father who is not a veteran, or his brother or sister. The act creates 12,000 housing units. It is possible under the law to build three times that amount, to build 1,200 or 3,000 new housing units within the City of Boston. The City of Cambridge may also do some building and the town of Brookline under the same authority, and so with all the neighboring cities. With the help of God, a little horse sense and a little team work by our pals and friends in the CIO, we will have a housing project under way very shortly that will give shelter and employment to many men before spring rolls along. The councilors have many constituents crying at their doorsteps all the time. They need help. I think possibly we can really help them. I therefore suggest, gentlemen, that this order ought to pass.

Coun. LINEHAN—Mr. President, at this time I move to amend the order by striking out in the fourth line the words "the city auditor." I make this amendment, and I am going to say a few words in regard to housing. I think the chairman of the Finance Committee did a fine job. As a matter of fact, most of the members appeared at the hearing. I might say they did a fine job. I think every veteran and his family who is going to use a one or two-family house—and I hope they do in the near future—will certainly have a word of thanks for every member of the Boston City Council. I say every member of the Boston City Council. I think every member is going on record in favor of this loan order. I will be very disappointed if they do not. I do not think anybody can show us a worse emergency than the lack of housing for veterans and their families, and not only veterans and their families, but non-veterans. Up to now there has not been anything substantial done other than 793 temporary dwellings, if we can compliment them by calling them dwellings. They are temporary in nature and located throughout the city. That is all that has been done as far as the construction of homes for veterans goes. This order here will go along with his Honor the Mayor's program. He said he was going to have a program of building a bigger and better Boston. We can all talk about off-street parking and other things which are similar to that, improving the City of Boston. To my mind they are insignificant compared to what the building of one and two-family houses throughout the city will do for Boston. Up to now every councilor in this Body knows that many of our citizens have moved out of Boston in past years due to the fact they could not get one and two-family homes in Boston. They would gladly come back if they could get one and two-family homes. I contend if this program goes through with the help of his Honor the Mayor, after these homes are built, private industry will wake up and build many more one and two-family homes in Boston. Up to now you have not had that private initiative existing in Boston. As a result, surrounding towns like Brookline and

Newton have cashed in. They have received with open arms the citizens from Boston who would buy one and two-family homes. Somebody may say this is another land steal. I do not think it is. The gentleman from Ward 18 (Councillor Cantwell), the gentleman from West Roxbury, Roslindale, some of the men from Dorchester, and even East Boston and South Boston, can take advantage of this order, any place in the city where you can find a location to put up a good number of one and two-family homes. What will result? The result will be to improve the surrounding districts where we build one and two-family homes. As I said before, it will result in private industry coming in and building one and two-family homes in the new areas constructed as a result of this loan order. I hope his Honor the Mayor signs it. Somebody passed the word along that he might not. I can merely say his Honor the Mayor has two sons who served in the service. Those sons have not a housing problem. I was in the service. I have not a housing problem. There are thousands of others, men and women in this city who served and who do have a housing problem. To them and all of the friends of veterans who want houses, I say to his Honor the Mayor that in fairness to them and all the citizens of Boston we can and should build a bigger and better Boston. It will be bigger and better as the result of one and two-family homes being constructed. It will be a much more valuable addition to the City of Boston than many things we have appropriated millions of dollars for already in this Chamber this year. As the chairman of the Committee on Finance said, in the long run this will not cost the city a five-cent piece. It will pay for itself. That is not too long in the future. I contend within six years this will pay for itself. From then on we will have that property added to the tax rolls of the City of Boston plus new additions probably, I hope built by private industry, which will increase the taxable rolls many millions of dollars. I certainly hope every councillor in the Body today goes along and votes for this unanimously. If they do you can rest assured two weeks from today, they will not hear a peep out of Councillor Linehan when it will come up for its second reading and final passage.

Coun. KINSELLA—Mr. President, of course I am wholeheartedly in accord with the views expressed here by Councillor Madden even though I did not hear all of them, as I have been out of the Chamber. I do not think he took the communistic element to task quite hard enough. Twice now Mr. Bigelow has indicted himself on us. Each time he started what you might term trouble. I notice significantly he says "his" organization rather than calling the head of it a commander, he calls the head a chairman. Yet incorporated in the title they go by is the word "Veteran." It is the American Veterans' Committee known or suspected of being highly communistic. During the war you could not get a job anywhere in the United States without signing an affidavit that you did not belong to nor subscribe to any organization that advocated the overthrow of the United States Government by violence. I would like to say for the record that the next time I am sitting as chairman of the Public Housing Committee and any known communistic group comes before us, I am going to rule out such a person before me, and expect the committee to support me—from the right to be heard. There is no doubt of their theory of the overthrow of the government by violence. I challenge their credibility and integrity as witnesses. I expect the members of the committee to support me. About Mr. Bigelow, he came in with some preconceived ideas of our laxity. I had to remind him in the presence of friends and other members of the committee that there is not a negative vote on record any place in this Chamber that relates to veterans' welfare. However, he and certain others of the same stripe have a well-developed talent for blaming everybody else for things that are not done either perfectly or in conformity with their ideas which I suppose they would say represent perfection. The use of our Chamber either in here or in the committee meetings ought to be denied to people who contribute to a philosophy that everything is wrong. Mr. Bigelow is much more interested in being taken to task so that he can be held up as a martyr rather than to come in and offer any constructive suggestion. He told one councillor his home was in Hanover. The councillor asked him what he had done about housing in Hanover. Of course, to his everlasting credit he was honest enough to say he did nothing, his interest was statewide. If there is a situation in Hanover, it might do Mr. Bigelow some good to cure that first and then let us know by what technique he cured the condition in Hanover. I personally am prone to regard myself as a good American citizen who finds no flaw in our political ideology. I do not intend to attend any more meetings where we are going to be victimized by the presence of people who want to be denied certain things so they can break into print as martyrs to their cause. When the Bigelows come up again, some effort ought to be made to ascertain their political philosophy. If they are communistic, and we know what communism means, it advocates the overthrow by violence of any government which is not communistic,—there is nothing to be said for the reliability and credibility of such a person who attempts to act as a witness. Once in 1941 I attempted to get the chairman of the Taxation Committee in the Legislature at a public hearing to rule Otis Hood out of order as hostile. He was a hostile, unfriendly witness who contributed nothing to the data we were seeking.

They refused to do so but told me afterwards in the lobby of the Legislature that was exactly what Otis Hood was waiting for, to be ruled out so he could holler that free speech no longer prevailed in the legislative halls of Massachusetts. I do not care what papers support him. I claim they are hostile witnesses and do not come in to help but to hinder us. I cannot think any member of the Body, present or absent at this moment, who would not support a motion that such a witness be called an unreliable witness of no credibility, a representative of a political philosophy that was entirely negative to our democratic philosophy. I only hope that this order takes its first reading and within fourteen days its second reading. It is one of the best yet presented to the Council.

Coun. COFFEY—Mr. President, speaking briefly and continuing along the line of the councillor who just took his seat, I can say to the older members, we voted for housing back in 1939. We voted for housing in 1940. We voted for housing in 1944. The houses or projects at that time were not erected. It was no fault of ours. We did our part. This year there has been common talk for the entire year among the twenty-two members that something should be done about housing. We know that we are the first city taking any stand to do something about housing. Talking along the lines of Councillor Kinsella, I cannot help mentioning the fact that a month ago today I had two people come to me in the Chamber and ask me to attend a meeting that night in the Central Square Center in East Boston. The meeting was to be conducted by the American Veterans' Committee. When I attended the meeting there was a young fellow there who said he lived in East Boston and represented the East Boston chapter. I took him to task. Finally he gave his correct address as Revere, Massachusetts. A veteran of both World Wars, I asked Mr. Bigelow where he was born and where he was living at the present time. He said he was born in Brookline and now lived in Hanover. Mr. Bigelow was allowed to talk with two or three others of the American Veterans' Committee. That night they called themselves the American Veterans Citizens' Committee. That is the title they want to be known as. They went on to make a vicious attack on the members of the Boston City Council for doing nothing about housing. Then they asked that questions be asked from the floor. Before any questions were asked, I broke up the meeting and decided I was going to do the talking. I did that. I attacked Mr. Bigelow. What got his goat was the fact I mentioned I never heard of the American Veterans' Committee. I made the statement I knew more veterans than he ever would know. He doubted the statement and asked me why I made it. I said I had been a veteran twenty-five years. I belonged to the outstanding veterans' organizations throughout the war. Mr. Bigelow had nothing in mind that night but a membership drive. That is all he wanted. They have an office at 295 Washington street. When he came in to the meeting that day he said we were three quarters of an hour late. We told him Councillor Madden, the chairman of the Committee on Finance, decided to call the meeting an hour earlier so that if possible everybody would have a chance to go on talking. Mr. Bigelow did not mention the fact I had an appointment with him a week ago today to meet the members here of the Committee on Veterans' Housing. Mr. Bigelow did not show up or did not even bother to make a telephone call to tell me he could not keep the appointment. He just did not show up. It was I who asked Mr. Bigelow where he lived. He said "Hanover." I said, "Have you done anything about veterans' housing in Hanover?" He said, "No." Councillor Kinsella says he gives him credit for being honest. He had to be. I went to Hanover and checked to see whether Mr. Bigelow did anything. I found out he did not do anything. He was in Boston for no other reason than the hope of getting members for that organization. In closing I want to make this statement. We can forget the American Veterans' Committee. They are all for veterans, so they say. I want you councillors to digest this, that the American Veterans' Committee went on record opposing any bonus for the veterans.

Coun. RUSSO—Mr. President, of course I am wholeheartedly in accord with this loan order, not only because we are doing something for the veterans which they are entitled to, but also I realize anything we do for the veterans we are doing also for the non-veterans. I believe, directly or indirectly, every home will be affected by it, either their children or some relative who is a veteran. I also realize, Mr. President, perhaps more than any other councillor seated here today that my district which comprises the North, West and South Ends of Boston may be the one district that may get less than the rest of the other sections. It is not that I do not welcome one and two-family homes in my district, but I believe the same thing will happen that happened so far as Federal housing is concerned. When I asked Mr. Nichols, the state chairman on housing, when the Federal act was enacted in so far as housing was concerned, I believe it was sections such as I am confronted with that were pictured before the Committee on Housing. I admire Mr. Nichols for his sincerity when he said he recognized vividly at the time that the North and West End sections of Boston were the most congested sections in so far as housing was concerned. Still up to this day the North, West and South Ends

of Boston which I represent have been unable to improve their housing conditions. May I perhaps give a little advice to his Honor the Mayor? As Mr. Nichols outlined in his letter sent to the chairman of the Finance Committee in care of this Body, that the Wagner-Elender-Taft bill might be the one law that might erect houses and cure the situation that exists in my district, or at least try to improve the housing conditions. His Honor the Mayor is still the Congressman of our district. He has been so for four years. I do hope he will do something before his termination of office in order to see that a bill goes through Washington, that Congress will pass and which will be approved by the President of the United States. May I also give a little warning to the Housing Authority. I believe some of this money could be utilized in my district. We will welcome one and two-family structures for these veterans because we must also realize many a boy and girl who has served in the United States armed forces comes from that particular section. It is the place where they were born and have lived. They will try to continue to live there. Give them a better opportunity to improve their housing conditions. I can assure you that not only the people of the section of the North, West and South Ends will remain in Boston, but all the people throughout the entire City of Boston will remain in Boston, work in Boston and see that Boston will be a better place to live in. They should not have to go to the suburbs of Boston in order to seek housing and better housing conditions. I am heartily in favor of this bill. I hope it will receive a second reading and be signed by his Honor the Mayor. I hope his Honor the Mayor will not be touchy and jealous, perhaps, by saying that on account of this gentleman originating in the City Council this order which is before us he will not sign it. I hope he will be bigger than what I think he is. As Councillor Linehan stated, he has heard rumors the Mayor will not sign the bill. The only thing I can attribute that to, if he does not, is his being a little too small because he has not sent a loan order to the Council long before this time. I do hope sincerely it will receive its first and second reading and finally be signed by his Honor the Mayor so that the housing conditions will be improved in the City of Boston. Our boys and girls gave their all for us. The least we can give them is this.

Coun. MORIARTY—Mr. President, may I hear the order read with the suggested deletions? (The clerk read the order.)

Coun. BRYAN in the chair.

Coun. LINEHAN—Mr. Chairman, I hope this is my concluding speech this year in regard to housing for veterans. I have made enough of them this year. May I conclude by saying I can sincerely say there is no veterans' organization in this city that actually did much work toward backing me. They did absolutely nothing to ask me to file the order we are considering. It is a result of a long drawn-out fight throughout the year in which every councillor cooperated 100 per cent with me. You can rest assured nobody in the executive chamber is any more responsible for getting this in for a first reading than the councillors. I knew every councillor in the Committee on Finance would vote unanimously for it even if nobody showed up at the hearing other than myself. Every councillor knows the problem of the veteran and his family in regard to housing. We do not need any specialists and experts. We are all experts in regard to the need for housing. We get it day in and day out from veterans and their families. May I say if the veterans of this war benefit under this loan order—and I hope they do—it is all due to the twenty-two councillors now sitting in this Chamber.

Coun. HANNON—Mr. Chairman, may I ask the gentleman who introduced the amendment the purpose of the deletions?

Coun. LINEHAN—Mr. Chairman, checking on the law, chapter 372, Acts of 1946, the sole agent for the City of Boston will be the Boston Housing Authority, or in any city the housing authority if it exists. It does not include any other city officials. Rather than take a chance on having it killed because it could be construed as a defect against the statute, I have asked to have it deleted.

The question came on the adoption of the amendment, and the motion carried. The question came on giving the order its first reading.

Coun. HANNON—Mr. Chairman, I think I can tell the members of the Council this is one of the finest orders I have seen introduced here, not only this year, but for years. In my mind the housing situation is the pre-eminent situation facing any man in public life. When these matters come up before us, I like to be just as fair on them as I do on matters that come to us from the Mayor's office. I resent very much anybody saying to us when a loan order comes up we will not approve it. I think all the other councillors do. If we act that way, why don't we act the same way when the shoe is on the other foot? In putting through this loan order, why not be fair enough about it? Let us approve it and not prejudge anybody, regardless of the position he holds. I have more confidence in the Mayor than many of the members here. I would resent it very much if he doubted my confidence in approving some matter he forwarded up here for approval. I use

my own judgment. I respect his. I think we should have respect enough for him. Never mind personal animosity. Never mind what we think of him personally. We are putting it through. Let us be fair enough and have faith enough in him that he will follow the dictates of his own conscience and his own best judgment.

Coun. KINSELLA—Mr. Chairman, I do not want to put myself out as a prophet. Personally in order to offer certain assurances of hope, I would like to guess the Mayor will be delighted to get it. I do not think he would dare ask for it on his own initiative. There is \$5,000,000 for off-street parking. He has got \$4 million for the East Boston extension of the rapid transit. There was \$500,000 for emergency veterans' housing. There was \$4,000,000 on the sewer and the Fire Department loan. I think it might be safe to make a shrewd guess he is delighted that it was instituted up here. I do not believe he would dare ask for \$10,000,000 on top of what he has and what is pending, and all of it on top of a \$30,000,000 budget. While that is not any criticism of anything said about the Mayor, it is a shrewd guess that he will be delighted to have it. That is my opinion.

Coun. CAREY—Mr. Chairman, just one word which I would like to add. During the lapse of time necessary for the first and second reading of this order, an opportunity will be provided for the members of the Boston Housing Authority, particularly the chairman, to appear before the Body and give us some idea of what effort is going to be carried out by that Body to bring this actually into being. I am confident the Mayor will lose no time in signing this once it reaches his desk. Let it not be one of those orders that finds delay in its path. We have been deceived enough since the first veteran returned home approximately two years ago to find a housing shortage. Most of these veterans now have families. They are living with their in-laws, so to speak. They must be taken care of. The actual proceeding with the construction of these units cannot be done quickly enough. It might be well if at the next meeting of the Council Chairman Carroll was invited to appear before the Executive Committee in order that he might get first hand from the members of the Council their desire to have this construction started and speeded as quickly as possible. I trust, therefore, the chairman of the Housing Authority will be asked to come before the Council at the next meeting in order that he might be given some idea as to when this housing matter will get going, and houses will be constructed.

The question came on the passage of the order, and the order was given its first reading and passage, yeas 22, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—22.

Nays—0.

The order will take its second reading and passage in not less than fourteen days.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointments (referred September 23) as constables for term ending April 30, 1947, authorized to serve civil process upon filing of bond, of Bernard Joseph Duffy, 721 East Second street, South Boston, and Rudolph L. Trent, 34 Highland street, Roxbury—recommending that said appointments be confirmed.

Report on appointments (referred September 23) as Weighers of Coal for term ending April 30, 1947, of Albert R. Petrillo, 976 Columbus avenue, Roxbury; Helen V. Brine, 6 Mt. Hope street, Rosindale; Adele Levitt, 632 Morton street, Dorchester (with Central Fuel Company, 999 Columbus avenue, Roxbury)—recommending that said appointments be confirmed.

The report was accepted, and the question came on confirmation. Committee, Councilors Carey and Hannon, and the appointments were confirmed, yeas 18, nays 0.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on petition of Eastern Massachusetts Street Railway Company (referred September 9 and recommitted September 23) to operate five motor buses from Mattapan square to Park square—recommending that permit be granted. Report accepted; said license granted.

NEW BATHING BEACH, EAST BOSTON.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor be requested to inform the City Council as to what progress, if any, has been made with reference to the recent meeting held in the Mayor's office in regard to providing the residents of East Boston with a new bathing beach to replace Wood Island Park which was taken away during the expansion of the airport.

Coun. COFFEY—Mr. President, about six weeks ago we had a meeting in the Mayor's office. We had the Public Works Commissioner there. We had members of the Planning Board from the state and city. At that time it was agreed that plans would be drawn immediately for an inland bathing beach behind the General Electric Company on Porter street, East Boston, which runs parallel with the airport, and also a bathing beach in the Orient Heights section. From information I have received nothing has been done on the plan as yet. No information has been received from the Mayor's office as to what has been done or what he intends to do. We want to know when they are going to give us the bathing beach and the ball parks they have promised us for the past three years. The expansion of the airport is still going on. We have 300 trucks running their Diesel engines twenty-four hours a day. One of them completely demolished a taxicab the other night. Nobody was seriously injured. Still the expansion of the airport goes on twenty-four hours a day. Fill is being brought in from Peabody and Governor's Island, and parts of Wood Island Park which they are tearing down. No plan is made. Nothing has been done about the bathing beaches we so urgently need in East Boston. As I have been saying here for the past six years, we are completely surrounded by water and we have not a bathing beach. I hope some action is taken to have the Mayor get in touch with the Public Works Commissioner, the state and city planning boards, and give us some action over there. Let us have this order passed, and the beaches started so that we will have them for next summer.

The order was passed under suspension of the rule.

POLICE ASSIGNED TO SUFFOLK DOWNS.

Coun. COFFEY offered the following:

Ordered, That the Police Commissioner of the City of Boston be requested, through his Honor the Mayor, to inform the City Council as to how many police officers are assigned to Suffolk Downs to combat gambling within the track confines.

Coun. COFFEY—Mr. President, I read in one of the Sunday papers of Boston that there is going to be a concerted drive on gambling at Suffolk Downs. I thought it was a gambling place. They are going to drive all the bookies out of Suffolk Downs. I would like to know how many police officers are going to be assigned from Boston to stop the bookies from operating. We know, at least I know, coming from the district in which the race track is located, the bookies will never be stopped. We have a police captain in East Boston who goes to Suffolk Downs for sixty racing days a year. I do not approve it. It leaves our district without a police captain. I do not like that. I had this order drawn about quarter past twelve today, long before the Police Commissioner saw fit to make an attack on one of the members of the Body. As you recall, for the past eight years that I have been here, I have never let anybody make an attack on any member of the City Council. This is not the first time I have taken the floor when anybody who was one of our invited guests made an attack upon a councilor. Today the Police Commissioner talked out of turn. In my opinion, he has been talking out of turn for the fifty years that he has been on the public pay roll. I say that the police officers down at Suffolk Downs would do a better job if they were taken from Suffolk Downs. Let Suffolk Downs hire their own policemen and put policemen at the intersections throughout the entire City of Boston to protect our children going and coming from school four times a day. They would do a better job if they safeguarded one child from being injured in the sixty days that Suffolk Downs is operating. I want to ask the Police Commissioner, if he is here, why keep the police officers at Suffolk Downs, why not keep them right here in Boston? I would like to know for one thing why all these policemen are going to stop the bookies from operating. The Police Commissioner knows as well as I the bookies are operating all over the city. One thing that has burned me up very much in the past few months is the fact there is one pool raffling off eight automobiles each week. Everybody here in the City of Boston is begging to get an automobile, even if they have to pay the table, which they have to do to get it. They are begging for them. I say the Police Commissioner is aiding and abetting those racketeers running this pool raffling off eight automobiles and \$10,000 every week, fifty-two weeks of the year, right under the nose of the Police Commissioner. I say it is his job to take the policemen away from Suffolk Downs. Let them hire their own officers. Bring them to Boston. If he cannot stop that pool from operating, he can find out from the automobile owners why these racketeers are able to get eight cars a week to raffle off throughout the City of Boston while hundreds of thousands in the City of Boston are begging to get an automobile at any price. We know that pool is operating. You can bet your bottom dollar that the Police Commissioner knows it is operating. I say the Police Commissioner should take those policemen away from Suffolk Downs. Let them hire their own police guards, swear them in as special officers, and bring them into Boston. He cannot stop gambling. It does not seem as though he can stop the pool operating and raffling off eight cars a week. There is something that should be more

seriously considered, and that is the safeguarding of children going and coming to school. That is where we need the police officers, and not at Suffolk Downs.

The order was passed under suspension of the rule.

ONE DAY OFF IN SIX TO MEMBERS OF POLICE FORCE.

Coun. COFFEY offered the following:

Ordered, That the Police Commissioner of the City of Boston be requested, through his Honor the Mayor, to consider the advisability of granting one day off in six to members of the Boston Police Force.

President KELLY in the chair.

Coun. COFFEY—Mr. President, all I want to say is this. The Police Commissioner himself said at a hearing before a legislative body that his Police Department was undermanned. That is the only reason he was opposing a day off in six. Now the Police Department have more policemen today than they have ever had in the history of the city according to the Police Commissioner's own statement. It is high time to step in. He claims he is a friend of the officers. Let him step in and give them a day off in six.

The order was passed under suspension of the rule.

REPLACING OF GAS LIGHTS, CHARLESTOWN.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Public Works Commissioner to order the Street Lighting Division of the Public Works Department to replace the gas light in front of No. 45 Sever street, Charlestown, with an electric light standard and light, also to replace with an electric light the gas light now located on Haverhill street opposite the head of Sever street, Charlestown, Ward 2, Boston.

Coun. KINSELLA—Mr. Chairman, this is just a start to removing the gas lights that do not throw a glow five feet from the globes. The newspapers said recently the city bought something like \$266,000 interest in a private street lighting concern, with the primary object of changing over all of the gas lights on the streets to electric light standards in a much shorter time than the old contractor could do it. I hope when they start the change they will start with the back alley sections of Boston where they never have had adequate lighting in years.

The order was passed under suspension of the rule.

USE OF LOCAL SCHOOL BUILDINGS.

Coun. BRYAN offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to continue the former practise of using local school buildings for extended use of public schools rather than compelling local organizations to use school buildings remote from local activities.

Coun. BRYAN—Mr. President, I was amazed to find out over the week end that the School Committee had issued an order that the local organization using the local schools in the communities must now go to a school center and hold their organization meetings there. The school center is in another ward. The 300 members of one organization would have to go four or five miles to attend a meeting if they held it in this particular school. I think it is unwise and unjust to ask the people, the taxpayers of the City of Boston, who have paid their money to build these schools, to deny them the right to hold organization meetings in the schools. Some of these organizations have been meeting for fifteen years. They get notice now after having one meeting and having their literature all printed for this term in this season, that they cannot hold meetings at these various schools. I hope the Mayor will contact the School Committee. I also wish that a letter be sent each member of the School Committee so we might have immediate action on this.

The order was passed under suspension of the rule, a copy of the order to be sent all members of the Boston School Committee.

ROPING OFF BALL FIELD, BOSTON COMMON, OCTOBER 6.

Coun. BAYLEY offered the following:

Ordered, That the City Messenger be, and hereby is, authorized to rope off the ball field on Boston Common, on Sunday, October 6, 1946, for the Annual Fire Prevention Week, the expense of same to be charged to the appropriation for Flags, Ropes and Stakes.

Passed under suspension of the rule.

ACCEPTANCE OF PERLE STREET, BRIGHTON.

Coun. MADDEN offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Perle street, Brighton, as a public way.
Passed under suspension of the rule.

PAYMENT TO INOCENTIA F. MAGUIRE.

Coun. BAYLEY offered the following:
Ordered, That chapter 316 of the Acts of 1946, entitled "An Act Authorizing the City of Boston to Pay a Sum of Money to Inocentia F. Maguire for Injuries Sustained by Her at the Brighton High School in Said City," be, and hereby is, accepted.
Passed under suspension of the rule.

MOTION TO GO INTO EXECUTIVE SESSION.

Coun. HURLEY—Mr. President, I make a motion that we have our Executive Session in the Chamber here. I think it will help to make the proceeding move along faster. I make a motion we hold our Executive Session in the Council Chamber.

Coun. HANNON—Mr. President, I would like to amend that and say that we go into Executive next Thursday.

President KELLY—At what time?
Coun. HANNON—Whatever time is convenient. I would suggest half past eleven.

Coun. BAYLEY—Mr. President, I think we should go into Executive Session and we should finish our business this Monday or go into it next Monday. Some of us may not be here on Thursday due to an important event elsewhere. I hope this amendment may not prevail so that I may be present at the Executive Session.

The question came on the amendment, on having the Executive Session on Thursday at 11.30 a. m., and the motion was defeated. Councilor Hannon doubted the vote and asked for a roll call. A sufficient number of councilors having supported him, the clerk called the roll. The motion was defeated, yeas 7, nays 11:

Yeas—Councilors Bryan, Hannon, Keenan, Linehan, Moriarty, Russo, Scannell—7.

Nays—Councilors Bayley, Cantwell, Carey, Chase, Coffey, Hurley, Kelly, Lane, Madden, McCormack, Muchnick—11.

The question came on holding an Executive Session in the Council Chamber, and the motion was not carried. Councilor Keenan doubted the vote and asked for a roll call. A sufficient number of councilors having supported him, the clerk called the roll, and the motion carried, yeas 12, nays 5 (Councilor Bayley changing his vote from "Present" to "Yes" upon the completion of the roll call):

Yeas—Councilors Bayley, Carey, Coffey, Fish, Hurley, Kelly, Kinsella, Lane, McCormack, Moriarty, Muchnick, Scannell—12.

Nays—Councilors Chase, Keenan, Linehan, Russo, Sullivan—5.

ABATEMENT ON LITTLE BUILDING VALUATION.

Coun. CHASE and BAYLEY offered the following:

Whereas, The commercial and business properties of downtown Boston were increased by millions of dollars this year; and,

Whereas, The Boston Board of Assessors notwithstanding this general increase in assessed valuations gave a million-dollar abatement on the assessed valuation of the Little Building recently; therefore, be it

Resolved, That the Boston City Council in regular meeting assembled respectfully requests the Boston Finance Commission to inquire into the reason why this million-dollar abatement was granted by the Board of Assessors and other downtown properties increased.

Coun. CHASE—Mr. President, there is no doubt—

Coun. KINSELLA—Mr. President, a point of order. Since this instrument was filed, should it not be referred without debate to Rules?

President KELLY—Is it your point of order that it has not anything to do with the City of Boston or that it is a resolution?

Coun. KINSELLA—It is a resolution designed to express an opinion even though it calls for a probe. The rule says all expressions of opinion that come in as resolutions must go to Rules.

President KELLY—The rule says that only when it has nothing to do with the affairs of the City of Boston it shall be sent to Rules.

Coun. KINSELLA—I am not challenging his right to criticize a thing. I suggest he put it in the form of an order asking that the Mayor do something directly about it, and then I think it would be inherent if it is a resolve under the rule it should go to Rules. I think the Chair will agree with me.

President KELLY—The Chair will rule the resolution is in order.

Coun. CHASE—Mr. President, in my opinion there is no doubt that most of the members, if not all, recall that not so long ago when the newspapers published the fact that all commercial and business properties in the downtown area were increased by millions of dollars, the authorities who were responsible for this increased assessment of values contended that they were doing so because these properties were under-assessed. Now, Mr. President, the Little Building was one of the properties which I have just mentioned that received an increase in its assessed valuation. Lo and behold, a few months later the Boston Board of Assessors saw fit to grant one million-dollar abatement to the owners of the Little Building.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—Would the gentleman yield for a question?

Coun. CHASE—I do not yield. Now, Mr. President, I do not quite comprehend how responsible authorities in this matter can justify their stand in granting this one million-dollar abatement in view of the fact they contended that this downtown business property was under-assessed and that thereby valuations for this year were increased on these properties by millions of dollars. On the one hand the Board of Assessors says the Little Building is over-assessed, but all the surrounding downtown properties were under-assessed and they should be increased by millions of dollars. Now, Mr. President, there does not seem to be any rhyme or reason why the Board of Assessors should pick out the Little Building for this tremendous abatement. The Board of Assessors came forward with some sort of explanation. It does not ring true. They contend that they gave this abatement for this year because there were pending before the State Appellate Tax Board five petitions for abatement for five prior years. They thought it would be a better bargain to give this one million-dollar abatement because of their fear that the State Appellate Tax Board would grant the prior five years' petitions for abatement. But, Mr. President, the one thing that knocks the Board of Assessors' contention to pieces is the fact that all the other downtown properties were increased by millions of dollars. Mr. President, a certain newspaper commentator, not so long ago, in commenting on this assessment, this abatement, wrote in such a fashion, sir, that we who serve in the political life of Boston know that this smacks of something irregular. A certain newspaper commentator contended that the owner of the Little Building had on prior occasions done business, or was interested in doing business, with the authorities to authorize this abatement. He wrote in such a manner that more than one person would say that this entire transaction was shady. Now, sir, I do not know just what will be done about this proposition. I do not know if the Boston Finance Commission will make an inquiry. I do say to you that in view of this abatement and in view of the circumstances surrounding it that some one in a governmental capacity should endeavor to straighten out the matter in the public eyes. I think that the Boston Finance Commission, a non-partisan body, is the correct body to make this inquiry. I think that the Boston Finance Commission in making this inquiry will not only determine the exact reasons for its being granted but by their report may possibly come out with material which will prevent other large abatements of a shady character. In view of this ridiculous proposition, in view of this \$1,000,000 abatement in the face of millions of dollars increased valuation of other properties, I trust, sir—

Coun. COOK—Mr. President, a point of order. It seems to me a resolution of this type should have been properly referred to the Committee on Rules and not brought before the Council but before that committee or any other proper committee which would have a chance to go over it. I think he is now out of order in speaking on the order.

President KELLY—The Chair has ruled he is in order. After the gentleman gets through talking, if any councilor wants to make a motion it be referred to the Committee on Rules, that will be in order.

Coun. MORIARTY—Mr. President, is this an order or did I understand earlier it was a resolution?

President KELLY—It is a resolution which the Chair has ruled is in order.

Coun. CHASE—Mr. President, in view of the fact that the public would like enlightenment on this abatement, I trust that we, the elected officials of the city government, will see fit to request the proper authorities to inquire into it. I trust that the members of this Body will so vote.

Coun. BAYLEY—Mr. President, I agree with the distinguished councilor from Ward 4 (Councilor Chase). The Board of Assessors was asked today to appear at the Executive Committee hearing in answer to an order passed by the Council last week to inquire into the reasons for the abatement. The Board of Assessors was duly notified, but did not appear. They were notified by letter or by telephone.

Coun. COOK—Mr. President, will the gentleman yield for a question?

Coun. BAYLEY—No. Now, Mr. President, I believe the Board of Assessors should have been on hand to give us adequate reasons why there was a change in the valuation. Since last week I have had the opportunity of looking over changes in the valuations in the district in which the Little Building is located. I know that the Boston Herald-Traveler Corporation which is nearly was increased from \$1,300,000 to \$1,500,000. The Hotel Touraine was increased from \$925,000 to \$1,100,000. The Masonic Temple was increased from \$1,200,000 to \$1,500,000. The Majestic Theatre Building was increased from \$380,000 to \$425,000. The New Studio Building was increased from \$1,800,000 to \$2,100,000. I think we have a right to know why property which is valued at \$3,000,000 in January and February is suddenly valued at \$2,000,000 in September, when all the surrounding property as shown by these figures has gone up. It seems to me you show an inconsistent valuation. I have a letter here which I will not bother to read. In one of our Boston papers it makes it clear if the building was worth \$3,000,000, why is it worth only \$2,000,000 in August? If this is the way we are going to have assessments in Boston, it seems to me we ought to look into the method of assessment we have here and make sure that all are treated fairly, that a 33 per cent reduction is justified while neighboring properties have increased. Mr. President, I hope this resolution will pass. I hope the Finance Commission will go into this matter.

Coun. MUCHNICK—Mr. President, will the gentleman yield for a question?

Coun. BAYLEY—Not at this time.

Coun. MUCHNICK—Will he inform me when he will yield for a question?

Coun. BAYLEY—When he concludes. And so, Mr. President, rather than take up the valuable time of the Council, I will conclude with a few brief remarks. The Board of Assessors should have answered the request of the Council to appear today to explain this \$1,000,000 reduction in valuation. It did not do so. It seems to me the only avenue we have left is to ask the Finance Commission to look into it to see if this property was fairly reduced in value. If this property is reduced by 33 per cent in value, the value of the surrounding property should be given a reduction. I understand at least one owner of real estate nearby has applied, as a result of that lowering of the valuation, for a lowering in the valuation of his own property. Pretty soon all Boston will be doing so. We must make sure it is all assessed fairly. Therefore, I hope this resolution will be adopted. I hope the Finance Commission will look into the matter. I am now prepared to yield.

Coun. COOK—Mr. President, I move that the resolution be referred to the Committee on Rules.

The question came on the motion to refer to the Committee on Rules. The motion was carried. Councilor Chase doubted the vote and asked for a roll call. A sufficient number of councilors having supported him, the clerk called the roll, and the motion was carried, yeas 15, nays 6:

Yeas—Councilors Bryan, Carey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, McCormack, Moriarty, Muchnick, Scannell, Sullivan—15.

Nays—Councilors Bayley, Chase, Coffey, Linehan, Madden, Russo—6.

INSTALLATION OF TRAFFIC LIGHTS, WARD 3.

Coun. RUSSO offered the following:
Ordered, That the Traffic Commissioner be instructed, through his Honor the Mayor, to install all traffic light signals in Ward 3 which to date have been recommended for approval by the City Council.

Coun. RUSSO—Mr. President, briefly, I had a talk with the Traffic Commissioner while we were in Executive Session. I asked him why the traffic lights have not been installed in my section. The reason he gave me was because he has not any money. I do not know how it is we can spend so much money on various other things, yet we cannot spend money to save the lives and limbs of human beings. I have in mind, Mr. President, for quite some time I have urged the Council, and the Council has approved, to place traffic lights at the intersection of Causeway and North Washington streets. As a matter of fact, only a short time ago while I happened to be in the intersection myself in my car, I saw an accident. It was a miracle no one was killed. A truck came in contact with a private automobile. The automobile somersaulted about three times. Two people were in the car. I say it was a miracle they were not killed. Another place is the corner of Broadway and Albany street. Another is the corner of Broadway and Harrison avenue. Another is the intersection of Commercial street and North street, to make it more plain, where the Long Island boat comes in. Since the Elevated structure was taken away from Atlantic avenue, it has naturally made the thoroughfare overloaded. This does not give an opportunity to people who come from Long Island and get off the boat to cross the street. I say to his Honor the Mayor, are we going to wait until such time as some one loses his life or her life? If we can save anyone from being injured, I feel that the money is well worth spending on the traffic lights. I do hope, Mr. President, his Honor the Mayor will do something to remedy the situation, that he will give the money to the Traffic

Commissioner. If he has the money, let him put that money into operation and try to do something to improve our traffic congestion in the City of Boston and eliminate many unnecessary accidents which may occur.

The order was passed under suspension of the rule.

GRANOLITHIC SIDEWALKS, EAST SIXTH STREET, SOUTH BOSTON.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install granolithic sidewalks on East Sixth street, South Boston.

Passed under suspension of the rule.

CONSTRUCTION OF CATCH-BASINS, WARD 7.

Coun. LINEHAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct two catch-basins in the vicinity of Pond street and Columbia road, Ward 7, to take care of flood conditions which exist there after every rainstorm.

Passed under suspension of the rule.

INSTALLATION OF ELECTRIC LIGHTS, WARD 12.

Coun. COOK offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install electric street lights at the corner of Humboldt avenue and Waumbek street, and at the corner of Pleasanton and Ruthven streets, Ward 12.

Passed under suspension of the rule.

MOTION TO GO INTO EXECUTIVE SESSION.

Coun. HURLEY—Mr. President, I move we now go into Executive Session.

Coun. HANNON—Mr. President, we were notified last week through the Mayor that an Executive Session of the Council was to be held today at eleven o'clock. Some of us for one reason or another appeared here at the appointed hour. We went into session about twenty minutes past eleven. Those of us who have been here at eleven o'clock sat all day. It is now approaching six o'clock. But as usual some of the gentlemen who did see fit to come in at eleven o'clock, come in late in the afternoon and now would like to go back into Executive Session. So far as I can see, the only matter to be acted upon in Executive Session is the matter of the abatement of the Little Building. In order to get any information on that matter we must have the assessors before us. As far as I can find out, the assessors are not now available. The only other matter in there is off-street parking. On that matter I think we asked the chief engineer of the Traffic Division to obtain for us photostat copies of a traffic map he had which might give us some picture. It might help us solve this very vexing problem. Now I do not see any sense in going into the Executive Session again. I like my cats. We had dinner here, and I am satisfied. I am not one who looks forward to having supper here. I am beginning to think that some members would just as soon come in late and stay here and eat. Our first job is to do the business of the city and do it properly. I do not think any one of you can sit around here for eight or nine hours a day and still listen to the other fellows who come in later on haranguing and talking for an hour or two, and really consider these problems in the manner they are supposed to be considered and to give them the consideration that we are getting paid to give them. Our meetings are supposed to start at two o'clock. We are supposed to transact our business expeditiously and speedily. I think we are almost making a joke out of the procedure of the Council if we stay in here week after week, and then go into Executive Session just about supper time in order that we might have our chicken sandwiches and apple pie. I still can buy my own. I do not have to stay here in order to get it. I do not think other fellows have to do the same thing. I merely feel that there are one or two who want to go back again into the Executive Session. We know we are going to waste six or nine hours out there in the Executive Session. We are going to come back here again and do the same thing all over again for six or nine more hours. We are merely making out of ourselves a laughing stock for the people who sent us here. I try to be conscientious. I am on the job. If it says to be here at eleven o'clock, I am here, I try to be here. I think I have a just grievance when other fellows do not show up, and then come in at seven or eight o'clock at night and think that we should stay here and let them go over the same arguments you and I and those of us who saw fit to be on time, have already heard five or six times in the course of the day. I like

to be fair. I can appreciate that some of the members here cannot always arrive on time. At the same time, I think we should be fair to the electorate who sent us here. I cannot for the life of me see any sense in going out there, as we know we will, each one of this Body knows how the Body is divided relative to at least one matter that is before the Executive Committee. As to the other matter, I say we cannot act upon it because we cannot get the assessors who are directly involved. I think in fairness to ourselves and in fairness to the people who sent us here and in fairness to the City of Boston we should come back here tomorrow or Wednesday, or some other day, and go into Executive Session then. We should consider simply and plainly and properly any matters that are before the Executive Session. I do not think we can do it now. I have sat here since eleven o'clock, for seven hours, listening to talk going on. Now, for seven more hours I will listen to more talk and then come back in here for seven more hours and listen to the same arguments all over again. Let us be fair and reasonable. Let us live up to the obligations of the job we asked the people to send us here to fill. That job calls for us to be conscientious. It calls for us to be wide-awake. It calls for us to give full consideration to every matter presented to us. I say no man half asleep and half awake can give consideration to the subjects before the Executive Committee, can give proper consideration to those subjects that are now before the Executive Committee. I therefore move that we meet in Executive Session next Monday morning at eleven o'clock.

Coun. HURLEY—Mr. President, I was going to speak on the motion and ask what happened to the motion I presented to the Body. In speaking on the motion I was here this morning before eleven o'clock. The reason I made the motion to hold the Executive Session in this Chamber was to stall off the food problem. I figured if we sat here and did not retire to the Executive Chamber no one was going to bring in coffee and sandwiches. I thought if we did not go out there it might be better. Of course, as the councilor stated, there is a lot of information that has been promised the Body. I do not know. But that was my main reason in asking that the Executive Session be held in this Chamber, to save time, we can have the matter thrashed out here and get out in reasonable time.

President KELLY—Your motion is still pending. Where a motion is for a longer time, it takes precedence. The motion is to have the next Executive Session Monday at 11 a. m.

Coun. BRYAN—Mr. President, I would like to know if we have any business that came in today that has been referred to the Executive Session.

President KELLY—Yes, we have. The sale of the fire boat is the only thing referred today.

Coun. BRYAN—I think we should stay and clean up the business.

Coun. BAYLEY—Mr. President, I want to commend the councilor from Ward 13 (Councilor Hannon) for his motion. The sale of the fire boat can wait one more week. We must give full consideration to the \$5,000,000 loan order. It was a travesty for us to decide on the first loan order by a vote at about one o'clock in the morning whereby we got a dinner and a midnight supper at the city's expense. I think we should finish our business at 5 or 5.30. I hope next year the Rules Committee will bring in an order to prevent anybody from speaking for more than ten minutes. A lot of us are too long-winded and talk too much. It is all right to have debate.

Coun. MUCHNICK—Mr. President, a point of order. I do not think the gentleman is talking on the subject. I do not think he is leading up to it, either.

President KELLY—Councilor Bayley, will you kindly confine your remarks to the subject under consideration?

Coun. BAYLEY—I will. We have at the present time unlimited debate. The debate on the \$5,000,000 loan order, if we do bring it in, will require a long time with certain members of the Council talking beyond, what I think is a reasonable time, ten minutes. We will get to a vote late in the evening when we are tired and our nerves are frayed. We should take this matter up next Monday, come back at 2 p. m. when we are fresh and give it the consideration it deserves. It is a very important matter which involves the future of Boston. There is a great deal to be said on both sides. From what we have heard in the testimony before us, I hope rather than have this drag into the night when we are not fresh, that this motion will prevail, and we will meet in Executive Session at eleven o'clock on Monday. We will be on time, every one of the twenty-two councilors at 2 p. m. Monday and start with the business on time, and get it done with dispatch and not be a laughing stock in some quarters with a long midnight meeting and dinners at the city's expense.

Coun. SCANNELL—Mr. President, it is very nice to hear the gentleman from Ward 5 (Councilor Bayley) get up here and say that the members of this Body are making a laughing stock of themselves.

Coun. BAYLEY—Mr. President, a point of personal privilege.

Coun. MUCHNICK—Mr. President, a point of order.

Coun. BAYLEY—My point of personal privilege is that I am being misquoted by the gentleman from Ward 6 (Councilor Scannell).

President KELLY—The Chair will rule it is not of such importance that we have to go back into the minutes.

Coun. MUCHNICK—Mr. President, has this Body the right to set the hour at which the Executive Committee, or any other committee, will meet, or is that the prerogative of the chairman of the committee?

President KELLY—The members of the Body can set the date of the Executive Committee meeting because it is a meeting of all the members of the Body.

Coun. SCANNELL—Mr. President, I think we ought to put this matter over, put this executive matter over until the next meeting. In the last couple of hours of the Executive Committee meeting we found out a lot of information that might be of value on this loan order, particularly in regard to Mr. Eliot from the Amory Corporation. He has enlightened the members of the Body. He is going to come back again next week with more information in regard to off-street parking. It might not cost the city as much money. Also the engineer of the Traffic Department has enlightened this Body as far as the parking problem in the city is concerned. I am also glad that we had the Police Commissioner with us here today. He was very satisfactory in some of his answers, but it seems to me he got a little excited today because a member of this City Council asked him to be here at eleven o'clock. I do not see any reason why he should be mad or burned up with any member of this Body when we ask a police official or Police Department head to come here to be asked questions. Mr. President, this is something that should be looked into further. It was through the initiative of some members of this Body that we are looking into this off-street parking loan and we are finding out something about it. I am sure if we wait another week some more facts will turn up and we will know what we are voting on.

Coun. HURLEY—Mr. President, I make a motion we amend Councilor Hannon's motion to read that the Executive Session will be held on this Wednesday, for this reason, there are a lot of people coming in here whom we want in here, probably the Police Commissioner and others. They will be all upset and working on problems concerning the World Series that might be in Boston on that day. We will have no representative group pertaining to traffic conditions in Boston. I think in fairness to everyone, so that we may have a representative group, the meeting should be held on Wednesday of this week, Wednesday or Thursday.

President KELLY—Does Councilor Hannon agree with the amendment?

Coun. HANNON—Yes, Mr. President.

President KELLY—What day?

Coun. HURLEY—Wednesday at eleven o'clock.

Coun. KEENAN—Mr. President, I understand from Mr. Desmond that the maps he anticipated having will not be ready for a week. I think that is part of the information we were waiting for. If they will not be ready, I cannot see why we should have the meeting on Wednesday.

Coun. HURLEY—Mr. President, I will make arrangements with Mr. Desmond of the Traffic Department to have the maps here completed by Wednesday. It is a matter of photographing the original map.

The question came on the amendment, to have the Executive Session next Wednesday at 11 a. m. The motion was declared carried.

Councilor Coffey doubted the vote and asked for a roll call. A sufficient number of councilors having supported him, the clerk called the roll, and the motion was carried, yeas 12, nays 8:

Yeas—Councilors Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, McCormack, Moriarty, Muchnick, Scannell, Sullivan—12.

Nays—Councilors Bayley, Bryant, Cantwell, Carey, Chase, Coffey, Keenan, Russo—8.

Coun. FISH—Mr. President.

President KELLY—The question comes on whether when the Executive Session meets it will be Wednesday at 11 a. m.

Coun. HANNON—Mr. President, that has passed.

President KELLY—We voted on the amendment.

Coun. HANNON—The amendment becomes the motion.

President KELLY—I have to put the motion.

Coun. HANNON—No, Mr. President.

President KELLY—There might have been objection to the amendment. I have to put the motion. The motion is that the Executive Session meet Wednesday at 11 a. m. All those in favor—

Coun. COFFEY—Mr. President, I move we now adjourn.

President KELLY—The motion is in order. Councilor Coffey moves we now adjourn.

Coun. SULLIVAN—Can it be amended, Mr. President?

President KELLY—The motion to adjourn cannot be amended.

Coun. COOK—Mr. President.

President KELLY—The question is on the adjournment and there is no debate.

Coun. MUCHNICK—Mr. President, a point of order.

Coun. COOK—Mr. President, what happened to the motion just voted on? Was it passed?

President KELLY—We were just starting to vote on it. The Chair recognized Councilor Coffey.

Coun. MUCHNICK—Mr. President, is anything in order, even a motion to adjourn, after an affirmative vote has been taken and the other part of the vote has not been taken?

President KELLY—While the subject is still going on, it is in order.

Coun. MORIARTY—Mr. President, as I understand the motion, it was that we take a vote.

President KELLY—For what purpose does the gentleman rise?

Coun. MORIARTY—Mr. President, a point of order. You submitted to the Council whether we should meet Wednesday or not. You recognized Councilor Coffey as speaking on the motion. However, he submitted an entirely irrelevant motion to adjourn. It does not seem as though he was speaking on the order.

President KELLY—The Chair will state that he thought Councilor Coffey was going to speak on the matter. Evidently he was not. A motion to adjourn is in order at any time. There is no further debate.

Coun. LINEHAN—Mr. President, a point of parliamentary inquiry.

Coun. MORIARTY—Mr. President, that is a wholly irrelevant subject matter. Something is wrong with our rules. We will have to amend our rules if he can be recognized without speaking on the order.

President KELLY—Those are the rules. I am trying to live up to the rules, councilor. The question is on adjournment.

Coun. SULLIVAN—Mr. President, a point of information.

President KELLY—There is no point of information.

Coun. KINSELLA—Mr. President, a point of order. My point of order is this. It seems the motion under discussion and upon which a vote was being taken had not been completed to establish the sense of the Body. Any other motion even one normally in order would be out of order.

President KELLY—The gentleman for the floor and received the floor. The motion is in order. The motion is to adjourn.

Coun. LINEHAN—Mr. President, a point of parliamentary inquiry.

President KELLY—There is no point of parliamentary inquiry.

Coun. LINEHAN—Can't you amend a motion to a specific time to which you are adjourning?

President KELLY—I am sorry, that is not in order. The motion is to adjourn.

The question came on the motion to adjourn. The Chair was in doubt and asked for a standing vote, yeas 14, nays 5, and the motion carried.

Adjourned at 6.05 p. m., on motion of Councilor Coffey, to meet on Monday, October 7, 1946, at 2 p. m.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING X-RAY EQUIPMENT TO CITY OF BOSTON HEALTH DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing X-ray equipment to the Health Department, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for X-Ray Equipment."* There will be a charge of twenty-five cents (\$.25) for each set of proposals. The bids will be publicly opened and read Thursday, November 14, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(Oct. 12.) Superintendent of Supplies.

SHIPBUILDING IN 1943.

In 1943 the privately operated shipyards of America came up with another miracle, shattering all world records, producing merchant shipping of approximately 19,000,000 deadweight tons, a volume equal to one fifth of total world shipping at the outbreak of the war and about two and a half times the tonnage built in 1942. Private shipyards also built about 90 per cent of all of the new U. S. Navy ships built during the year. If the man-hours utilized in building naval ships could be translated into merchant ships, the combined volume would be in excess of 40,000,000 deadweight tons. Privately operated ship repair yards repaired and made seaworthy about 23,000 ships in all classes during the year. Total employment generated by the industry is approximately 3,000,000. Private yard and Navy yard 1943 pay rolls, at the prevailing wage rates, are more than \$4,300,000,000 paid to labor and shared by almost every state.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

PROPOSALS FOR SURFACE TREATMENT OF GRAVEL ROADWAYS IN VETERANS' TEMPORARY HOUSING DEVELOPMENT AT CAMP MCKAY, SOUTH BOSTON, MASS.

The City of Boston, acting by and through the Boston Housing Authority, in accordance with the provisions of chapters 372 and 568 of the Massachusetts Acts of 1946, office, Room 1220, 10 Post Office square, Boston, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for surface treatment of gravel roadways in Veterans' Temporary Housing Development at Camp McKay, South Boston, Mass.

A bond will be required for doing the work of a surety company approved by the Boston Housing Authority in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 1220, 10 Post Office square, Boston. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Surface Treatment of Gravel Roadways in Veterans' Temporary Housing Development at Camp McKay, South Boston, Mass.," and left at Room 1220, 10 Post Office square, Boston, before 12 m. of October 21, 1946, with a certified check in the sum of five (5) per cent of the total proposal, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Boston Housing Authority to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Housing Authority. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

City of Boston, acting by and through Boston Housing Authority.

(Oct. 12.) JOHN CARROLL, Chairman.

CITY OF BOSTON.

FIRE DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS AND ADDITIONS TO THE FOLLOWING FIRE STATIONS: ENGINE 14, ELIOT SQUARE, ROXBURY; ENGINE 41, 16 HARVARD AVENUE, BRIGHTON; ENGINE 46, PEABODY SQUARE, DORCHESTER.

The Fire Commissioner of the City of Boston, 60 Bristol street, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations to Engine 14, Eliot square, Roxbury; Engine 41, 16 Harvard avenue, Brighton; Engine 46, Peabody square, Dorchester.

Proposals will be received until 12 o'clock noon, Friday, October 25, at the office of the Awarding Authority, 60 Bristol street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority, 60 Bristol street, Boston. A deposit of \$25 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to bidders, upon receipt of said plans and specifications in good condition, by the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, October 22, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids of any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

RUSSELL S. CODMAN, JR.,

(Oct. 12-19.) Fire Commissioner.

CIVIL SERVICE EXAMINATIONS.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN REEDSDALE STREET, KILSYTH ROAD AND UNION STREET, BRIGHTON; SPRING PARK AVENUE AND WASHINGTON STREET, WEST ROXBURY; POND STREET, DORCHESTER; HOMER STREET AND SARATOGA STREET, EAST BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Reedsdale Street, Kilsyth road and Union street, Brighton; Spring Park avenue and Washington street, West Roxbury; Pond street, Dorchester; Homer street and Saratoga street, East Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Reedsdale Street, Kilsyth Road and Union Street, Brighton; Spring Park Avenue and Washington Street, West Roxbury; Pond Street, Dorchester; Homer Street and Saratoga Street, East Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, October 24, 1946, with a certified check for one hundred and fifty (150) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Oct. 12.) Commissioner of Public Works.

communicable diseases is necessary.

LIBRARY DEPARTMENT.

TO ROOFING CONTRACTORS.

INVITATION FOR PROPOSALS FOR ROOFING WORK AT THE BRIGHTON BRANCH LIBRARY, 40 ACADEMY HILL ROAD, BRIGHTON; CHARLESTOWN BRANCH LIBRARY, 43 MONUMENT SQUARE, CHARLESTOWN; HYDE PARK BRANCH LIBRARY, 35 HARVARD AVENUE, HYDE PARK; KIRSTEN MEMORIAL LIBRARY, 20 CITY HALL AVENUE, BOSTON; NORTH END BRANCH LIBRARY, 3A NORTH BENNETT STREET, BOSTON; PARKER HILL BRANCH LIBRARY, 1497 TREMONT STREET, ROXBURY.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for roofing work at the branch libraries as listed above.

Proposals will be received until 12 o'clock noon, Tuesday, October 22, 1946, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston 8, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston in the sum of two hundred and fifty dollars (\$250), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained on and after Monday, October 14, 1946, at the Business Office, Public Library of the City of Boston, Central Library, Copley Square, Boston 17, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

All the above is subject to the approval of the Civilian Production Administration as applicable.

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,

by ELIZABETH B. BROCKMUNIER, Clerk.

(Oct. 12-19.)

READVERTISEMENT.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PLAYGROUND AND GOLF COURSE MAINTENANCE EQUIPMENT.

The Supply Department of the City of Boston invites proposals for furnishing playground and golf course maintenance equipment for city departments, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Playground and Golf Course Maintenance Equipment."* *There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out.* The bids will be publicly opened and read Friday, October 18, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(Oct. 12.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO ROADWAY OF WARREN BRIDGE OVER THE CHARLES RIVER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to roadway of Warren Bridge over the Charles River. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairs to Roadway of Warren Bridge over the Charles River," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, October 22, 1946, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Oct. 12.) Commissioner of Public Works.

PARK DEPARTMENT.

PROPOSALS FOR DEMOLISHING AND REMOVING PORTIONS OF THE OVERLOOK BUILDING, FRANKLIN PARK, DORCHESTER, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for demolishing and removing portions of the Overlook Building, Franklin Park, Dorchester, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Demolishing and Removing Portions of the Overlook Building, Franklin Park, Dorchester, Mass.," and left before 2 o'clock on Thursday, October 17, 1946, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, OCTOBER 19, 1946.

NO. 42

MAYOR CURLEY PAYS TRIBUTE TO MASSACHUSETTS GENERAL HOSPITAL FOR ITS CONTRIBUTION TO SUCCESSFUL BATTLES AGAINST DISEASE — NOTES PROGRESS IN MEDICINE AND GREAT NAMES OF THOSE WHO BY THEIR DEEDS OF SUCCESSFUL SURGERY HAVE GIVEN THE HOSPITAL WORLD-WIDE FAME SINCE DISCOVERY OF ETHER AND FIRST SUCCESSFUL OPERATION BY USE OF THAT ANESTHESIA, ANNIVERSARY OF WHICH IS BEING HELD THIS WEEK — CALLS FOR CONTINUED SUPPORT BY CITIZENS AND PREDICTS STILL GREATER BRILLIANCE OF ACHIEVEMENT BY THOSE OF STAFF ENGAGED IN LIFESAVING AND RELIEF OF SUFFERING.

Mayor James M. Curley, on the anniversary of the use of ether — the Ether Centennial — issued the following statement:

Boston has been aptly and justifiably characterized as the Athens of America. This fitting description of this great cultural center has been influenced in no small degree by the contributions which have radiated from its great centers of learning, including its universities, its medical schools, and its hospitals.

If a true history of the world were to be written, no finer chapter would be found than that devoted to a description of man's conquest of disease. Quietly and unobtrusively, over the test tube, the microscope, and at the bedside of the sick, unsung scientists have devoted themselves earnestly and patiently to seeking the cause of, and the treatment for, disease.

In this great drama involving life and death, the Massachusetts General Hospital has played a most important part since the days of its founding fathers in 1821, one hundred and twenty-five years ago. Within its walls, medical immortals, including Collins, Warren, Bigelow, Jackson, and others, and later on the Shattucks, the Richardsons, Fitz, and others who followed, have played their parts in the progressive development of better care not only for the people of New England, but of the world. Those in more recent years who have followed the medical giants of the past have continued the endless chain of medical progress.

First Ether Operation.

On October 16, 1846, one hundred years ago, within the walls of the Bulfinch Building, which still stands today, Dr. William G. Morton, a dentist, made it possible for a great surgeon of that day, Dr. John Warren, to perform a major surgical operation without pain to the patient. His discovery of ether as an anesthetic did more than dull the individual to pain, for it made it possible to perform those surgical miracles of science which are time-consuming and yet essential for lifesaving. While upon the foundation which he erected other discoveries have developed in the field of anesthesia, broadening the method for the relief of suffering, and thereby contributing to the ability of the surgeon to perform lifesaving functions, time cannot dim the significance of the great contribution to mankind first presented by this modest dentist within the walls of this great institution.

It is fitting that tribute be paid to the Massachusetts General Hospital, this great medical institution whose staff members have played so important a part in every war in which our republic has been engaged. It is important, too, to emphasize the part which this hospital has played, and is playing constantly, in combatting man's most constant enemy — disease.

Benefits to Mankind.

The epochal discovery of anesthesia within the walls of the Massachusetts General Hospital opened wide the gates of medical knowledge by making possible necessary research from which have resulted immeasurable benefits to mankind. No truer words have ever been spoken than those uttered by Dr. Henry Bigelow, an observer of the historic occasion, who said, "I have seen something today which will go around the world."

The City of Boston is officially mindful of the place of this hospital in the medical sciences and hospital administration, and pays the fitting tribute which this institution so richly deserves for its contributions in the varied fields of hospital care, as a training center for physicians, nurses, and others, and in the promotion of research. It deserves the continued support, blessings, and prayers of all who are interested in the promotion of health and the amelioration of human suffering.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, October 21, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 64 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

* Residents and nonresidents included.

APPEAL MADE FOR HOSPITAL AIDES TO CARE FOR PATIENTS.

The following memorandum was received by his Honor the Mayor from Dr. James W. Manary, Superintendent of the Boston City Hospital, on October 14, 1946:

One of the most perplexing problems at the Boston City Hospital is the great shortage of graduate nurses. We had hoped that after the termination of the war this shortage would be considerably relieved with nurses being liberated from the armed forces. These nurses, unfortunately, have not come back to the hospitals, nor is there any prospect of their returning. Many of these have found service in the veterans' hospitals most attractive.

There was another hope of meeting this shortage — that was the training of larger numbers of pupil nurses. Unfortunately, we have not been able to recruit any great number of nurses either in 1945 or 1946. Therefore, there is little hope of our being able to meet our situation by increasing our number of pupils. This situation is general and local, and it is of little value to attempt to discuss its causes.

Our number of patients at the Boston City Hospital will continue to increase due in large part to our inability to find places for those patients who, because of age or chronic illness, should be cared for in institutions of other types. Long Island Hospital, the State Hospital at Tewksbury and the Tuberculosis Hospital are unable to take from us patients who really belong there.

Our patients must be cared for, and it is for that reason the Board of Trustees on October 4, 1946, voted to establish a new group of subsidiary workers to be called Hospital Aides. They will be trained in simple nursing procedure work and will work an eight-hour day, six days a week.

Your permission is therefore respectfully requested for the creation of twenty-five (25) positions of Hospital Aides at \$25 a week plus \$200 E.C.A.

Approved,

J. W. MANARY,
Superintendent.

JOHN A. SULLIVAN,
Budget Commissioner.

MAYOR NAMES ELECTION COMMISSIONER TO SUCCEED THE LATE FREDERIC E. DOWLING.

On October 11 the Mayor made the following announcement:

I have today appointed Miss Gertrude A. Pfau, of 197 Stratford street, West Roxbury, Massachusetts, to the Board of Election Commissioners to fill the vacancy created through the recent death of Frederic E. Dowling.

Miss Pfau has been employed by the Republican Club of Boston for 25 years. From 1918 to 1934 Miss Pfau was secretary to the president of the Republican City Committee. From 1934 to 1943 Miss Pfau was executive secretary to the Republican City Committee. She resigned as the latter in November, 1943, to accept appointment as confidential secretary to the Licensing Board of the City of Boston, which position she presently holds. She is a member of the Boston City Federation of Organizations, Inc., Women's Republican Club of Massachusetts, Quota Club of Boston, and is secretary of the Business and Professional Women's Republican Club of Massachusetts.

ART SOCIETY YIELDS TO MAYOR'S REQUEST ON PAINTING EXHIBITION.

His Honor, the Mayor, is in receipt of the following letter from Walter H. Kilham, President, Copley Society of Boston, 126 Newbury street, Boston 16, Mass.:

BOSTON, October 10, 1946.

DEAR MAYOR CURLEY, Thank you for your prompt response to my letter of October 4.

I have the honor to inform you that yesterday afternoon the Board of Governors of the Copley Society voted to cancel the proposed showing of the eleven paintings entitled "The Temptations of St. Anthony."

I also wish to inform you that the Copley Society is not concerned in any way whatever with the lawsuit which the newspapers state is to be brought against you in the above connection.

Respectfully,

WALTER H. KILHAM, *President,*
126 Newbury Street,
Boston 16, Mass.

ADDITIONAL AID FOR REGISTRATION OF VOTERS.

With relation to the registration of voters in Boston, his Honor the Mayor, on October 14, issued the following statement:

I have this day instructed the Election Commission to assign two additional Registration Officers for each ward of the city, for the remaining days of registration which culminates on Wednesday, October 16, 1946, at 10 p. m.

TAX COLLECTION STATIONS.

For the convenience of the taxpaying public, extra stations for the payment of all tax and water bills were opened on October 15, 16 and 17, 1946, between the hours of 10 a. m. and 2 p. m., in the following locations:

Court House, Roxbury street, Roxbury.
Municipal Building, Columbia road, Dorchester.

Codman Square Library, Codman square, Dorchester.

Court House, City square, Charlestown.

DANIEL F. DONOVAN,
City Collector.

MAYOR PLANS HALLOWEEN PARTIES FOR CITY'S YOUTH.

Mayor James M. Curley announces the fact that Halloween Parties which were so successfully conducted last year will be continued this year.

Last year we had 100 parties, approximately 56,000 children serviced, 16 dances, 8 parades, music, ice cream, Halloween favors and song sheets.

These parties were conducted in all the municipal gymnasiums, public and parochial schools, housing projects, neighborhood houses, social centers in all districts of the city.

Invitations have been issued to the Superintendent of Schools, Police Commissioner, Mr. Mulroy of the Evening Schools, Father Dowd of the CYO, President of the Boston City-Wide Boys' Workers Conference, President of the Boston City-Wide Girls' Workers Conference and the Housing Authority.

This meeting was held on Thursday, October 17, at the office of the Board of Park Commissioners at 3 p. m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to continue the employment of Frances O'Sullivan, 14 Cluney court, Roxbury, as clerk at \$4 a day plus \$200 a year E. C. A.

Sarra Kilstein, 327 Charles street, Boston, from clerk-typist at \$1,400 a year plus \$200 E. C. A. to social worker at \$1,700 a year, no E. C. A.

Charles A. Hoar, 29 Durant street, West Roxbury, from social worker at \$2,200 a year to social work supervisor at \$2,300 a year plus \$200 E. C. A.

George Keefe, 1 Carlow street, Roxbury, from assistant superintendent at \$1,800 a year plus \$200 E. C. A. to acting superintendent at \$2,300 a year plus \$200 E. C. A.

Mary L. Drinkwater, 53 Hamilton street, Dorchester, from clerk-typist at \$1,300 a year plus \$200 E. C. A. to social worker at \$1,600 a year, no E. C. A.

Bernice Rosenbaum, 14 Howland street, Roxbury, from clerk-typist at \$1,400 a year plus \$200 E. C. A. to social worker at \$1,700 a year, no E. C. A.

PUBLIC WORKS DEPARTMENT.

Charles Goldberg, 168 Westville street, Dorchester, from inspector-subforeman at \$2,400 a year to district foreman at \$2,500 a year.

Eugene G. Sullivan, 991 Massachusetts avenue, Cambridge, from quartermaster-pilot at \$7 a day plus \$200 a year E. C. A. to captain, temporary, at \$51 a week plus \$200 a year E. C. A.

Patrick F. Reagan, 35 Wyman street, Roxbury, from deckhand at \$5.75 a day plus \$100 a year E. C. A. to temporary tollman at \$5.75 a day plus \$100 a year E. C. A.

Joseph T. Sullivan, 63 Woodford street, Dorchester, from pipe repairer at \$6.50 a day plus \$100 a year E. C. A. to machinist at \$7 a day plus \$100 a year, E. C. A.

The Mayor has approved the following transfers:

PARK DEPARTMENT.

Paul E. Finnegan, 137 Savin Hill avenue, Dorchester, from Hospital Department as hospital laundry worker at \$27 a week plus \$200 a year E. C. A. and meals to Park Department as laborer at \$5.50 a day plus \$100 a year E. C. A.

PUBLIC BUILDINGS DEPARTMENT.

Anne M. Amann, 15 Mt. Vernon street, Charlestown, from Building Department (State) as cleaner at \$1,530 a year to Public Buildings Department (Boston) as cleaner at \$20 a week plus \$3.84 E. C. A.

The Mayor has approved the following leaves of absence:

FIRE DEPARTMENT.

Donald P. Fitzgerald, 19 Royal street, Allston, assistant storekeeper, \$1,700 a year plus \$200 E. C. A.

PARK DEPARTMENT.

Thomas O'Gara, 121 Walford way, Charlestown, laborer, \$5.50 a day plus \$100 a year E. C. A.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon October 3 the Mayor approved a contract with M. Solimando for fire alterations at the Martin School. The following bids were opened Thursday, September 19:

*M. Solimando, \$6,668; R. A. Buccella & Sons, \$7,564; Peabody Construction Company, \$7,585; P. J. Cantwell & Son, \$7,662; M. Spinelli & Sons Company, Inc., \$7,741; John F. Hynes, \$7,930.

*The sub-bid for painting included in M. Solimando's proposal was from John S. Leonard in the amount of \$285. Mr. Leonard notified me that he had made a mistake in estimating this painting job and has requested permission to withdraw his sub-bid. I have granted him permission to withdraw.

Because of John S. Leonard's withdrawal, I have substituted the next lowest sub-bid on painting which was submitted to this office, namely, Joseph G. Gazzola, in the amount of \$640. M. Solimando has accepted this substitution with an adjustment upwards in his main proposal of \$355, the difference between the lowest and second lowest sub-proposal for painting, making the new adjusted price \$7,023.

HOSPITAL DEPARTMENT.

Upon September 23 the Mayor approved a contract with the Massachusetts Electric Construction Company for furnishing and installing new electric feeder between the switchboard in the Dowling Building and the switchboard in South Department, Boston City Hospital. Bids, opened Thursday, September 19, were as follows:

D. A. Robbins, \$5,950; Massachusetts Electric Construction Company, \$5,200.

PUBLIC WORKS DEPARTMENT.

Upon September 23 the Mayor approved a contract with John Deveney Company for bituminous concrete pavement in West Cedar and Pinckney streets at an estimated cost of \$40,464.50. The work to be done under this contract is to be completed December 31, 1946. The following bids were received September 17:

John Deveney Company, \$40,464.50; Martin J. Kelly Company, Inc., \$41,504; Page Construction Company, Inc., \$41,739.50; A. Singarella & Son, \$46,512.50; S. J. Tomasello Corporation, \$47,315; Dooley Brothers, Inc., \$52,360.

Upon September 23 the Mayor approved a contract with S. J. Tomasello Corporation for bituminous concrete pavement in Codman Hill avenue, Ward 17, from Washington street to Milton avenue, at an estimated cost of \$16,966.50. The work to be done under this contract is to be completed on or before December 31, 1946. The following bids were received September 20:

S. J. Tomasello Corporation, \$16,966.50; John Deveney Company, \$17,282; Martin J. Kelly Company, Inc., \$17,770.50; A. Singarella & Son, \$18,122.50; Dooley Brothers, Inc., \$19,690; James V. DiMarzio, \$19,872.50.

Upon September 23 the Mayor approved a contract with the C & R Construction Company for sewerage works

in Stony brook, Section 16, from 20 feet south of Stella road to Hyde Park line, West Roxbury. The work to be performed under this contract is to be completed within fifteen months after the contract is approved by the Mayor. Bids, opened September 9, were as follows:

Arch Section.

Wood Sheeting.—Charles Struzziery Company, \$194,070.70; C & R Construction Company, \$199,691.25; V. Barletta Company, \$215,454; Marinucci Brothers & Co., \$218,146.25; R. Zoppo, \$218,261; John Deveney Company, \$233,452; N. Cibotti & J. Andreasse, \$283,438.

Steel Sheeting.—Charles Struzziery Company, \$259,077.70; C & R Construction Company, \$215,291.25; V. Barletta Company, \$253,629; Marinucci Brothers & Co., \$290,821.25; R. Zoppo, \$243,231; John Deveney Company, \$251,902; N. Cibotti & J. Andreasse, \$326,338.

Box Section.

Wood Sheeting.—Charles Struzziery Company, \$252,760.70; C & R Construction Company, \$250,016.26; V. Barletta Company, \$219,594; Marinucci Brothers & Co., \$259,141.25; R. Zoppo, \$223,706; John Deveney Company, \$235,720; N. Cibotti & J. Andreasse, \$242,826.

Steel Sheeting.—Charles Struzziery Company, \$306,485.70; C & R Construction Company, \$240,166.25; V. Barletta Company, \$261,769; Marinucci Brothers & Co., \$333,441.25; R. Zoppo, \$248,656; John Deveney Company, \$257,420; N. Cibotti & J. Andreasse, \$285,726.

Upon October 1 the Mayor approved a contract with John Deveney Company for sheet asphalt pavement in Greenwich and Rexford streets at an estimated cost of \$16,100. The work to be done under this contract is to be completed December 31, 1946. The following bids were received September 24:

John Deveney Company, \$16,100; S. J. Tomasello Corporation, \$16,310.50; Edward M. Matz, Inc., \$19,195.

Upon October 3 the Mayor approved a contract with William H. Ellis & Son Company for repairs to the fender piers of the Charlestown Bridge at an estimated cost of \$14,420. The work is to commence on a date to be specified in a written order from the commissioner and shall be fully completed within two months from that date. The following bids were received September 24:

William H. Ellis & Son Company, \$14,420; James B. Rendle Company, \$15,165; M & R Construction Company, \$15,475; John P. Cavanagh, \$20,665.

Upon October 3 the Mayor approved a contract with S. J. Tomasello Corporation for sheet asphalt pavement in Mather street and Whitfield street, Wards 16 and 17, at an estimated cost of \$25,249. The work to be done under this contract is to be completed December 31, 1946. The following bids were received September 27:

S. J. Tomasello Corporation, \$25,249; Martin J. Kelly Co., Inc., \$26,577; James V. DiMarzio, \$26,724; John Deveney Company, \$29,805.

SUFFOLK COUNTY COURT HOUSE.

Upon September 23 the Mayor approved a contract with Calley, Henderson & Stewart for equipment to be used in the Registry of Deeds and Registry of Probate. Bids, opened Tuesday, September 10, were as follows:

Art Metal Construction Company, \$16,074; Calley, Henderson & Stewart, \$14,517.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and commercial houses for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

BOARD OF ELECTION COMMISSIONERS.

BOSTON, September 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Our attention has been called to the fact that the Departmental Equipment Loan appropriation of \$1,700 granted this department is insufficient for the purchase of a motor truck, which is sorely needed by the Storehouse Division of the department. We therefore respectfully request that an additional \$700 be appropriated, so that we will have an adequate amount to purchase the truck.

May we explain that our storehouse is in constant need of a truck in connection with the work of repairing election equipment, replacing equipment, and moving the same to the various polling places. At the present time we are getting along by renting a truck prior to each function, but this system is hardly satisfactory or efficient, since it means that our men must crowd a great deal of work into the space of a few weeks. Furthermore, at present rental rates our expenditure for hiring a truck in a year when there is more than one function represents a large proportion of the purchase price.

We trust that you will give this matter your favorable consideration.

Respectfully yours,

BOARD OF ELECTION COMMISSIONERS.

MICHAEL J. MANNING, *Commissioner*.

FIRE DEPARTMENT.

BOSTON, September 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's permission is requested to award the work of cleaning and retubing the No. 3 boiler in the Maintenance Division of this department, without advertising, to the Boston Marine Works, Inc., 33 Sumner street, East Boston, at a price of \$1,600.

The work to be done is as follows: Furnish all necessary materials and labor for doing the following work: Remove all tubes in No. 3 boiler and clean out boiler. Then replace with new seamless steel tubes or Fusin welded tubes. Tubes to be No. 12 gauge, about 15 feet long and 2½ inches in diameter. They are to have a ¾-inch bead on top and ¾-inch bead on bottom. Tubes are to be rolled on bottom and top side, then beaded on top and bottom side; then spot weld bottom side of tubes. Tubes must be tested to stand 100 pounds of cold water pressure.

The following bids were received in connection with this work:

Boston Marine Works, Inc., \$1,600; Russell Boiler Works, \$2,200; the Hodge Boiler Works, \$2,250.

The foregoing are the only three companies in the city which would give this department a price for retubing the boiler.

The boiler concerned has been inspected by the State boiler inspectors and inspectors of the Maryland Casualty Company, which company insures the boilers. They have notified us that between 50 and 60 tubes show signs of having been

leaking at the bottom. They further state that the ends of the tubes are becoming thin and the tubes should be replaced.

The boiler concerned is used for supplying heat, hot water, and steam to the Maintenance Division and Headquarters Buildings of the Fire Department, and also to the Dover Street Baths and Laundry of the Park Department.

As this is an emergency repair job, no advantage would be gained by the city through publicly advertising for bids, as it does not appear that a price lower than \$1,600 could be obtained for doing this work. Inasmuch as the two remaining boilers in the Maintenance Division cannot continuously supply the demands made upon them, it is absolutely necessary that the No. 3 boiler be placed in operating condition as soon as possible, as it is logical to assume that we will have need of heat in the three buildings concerned in the near future.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, September 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In October, 1945, the 15-inch sanitary sewer in Centre street, near St. Theresa avenue, West Roxbury, broke down. This sewer is about 15 feet below the street surface and located under the inbound street car track. At that time the street was being repaved by M. DeMatteo Construction Company, and they were engaged to repair the sewer, for which purpose a service order was issued in the sum of \$500.

Under date of October 31, 1945, permission was requested and granted by former Mayor John E. Kerrigan to cancel the service order and enter into an unadvertised contract, at an estimated cost of \$2,500, for repairing the sewer. This was necessary because of the difficulties encountered in doing the work; also, because it was found necessary to rebuild a greater length of sewer than was originally anticipated.

The difficulties encountered in doing the work consisted of a deep trench located under the street car track and the necessity of maintaining street car traffic during the progress of the work, it being necessary to support the track for this purpose; also, because of the heavy flow of sewage which had to be pumped.

A bill has been rendered in the sum of \$4,881.23 for this job.

Your approval is requested to amend the contract approved by the Mayor December 5, 1945, by increasing the estimated cost of the work from \$2,500 to \$4,881.23, for the reasons stated above.

Respectfully yours,

DANIEL M. SULLIVAN,
Acting Commissioner of Public Works.

BOSTON, September 20, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On Monday, September 16, after public advertisement, proposals were received in this office for the reconstruction of the Moon Island road, leading from Dorchester street, in Squantum, to Moon Island, where the basins of our sewer system are located.

Five proposals were received, but due to informalities which occurred with reference to the signature in the proposal

of the low bidder, namely, Dooley Brothers, Inc., the bid of this firm did not comply with all of our requirements. The price, however, for which this firm has offered to do the work is fair and reasonable, and it is my opinion that the best interests of the city would be served by awarding the contract to this firm.

Under the circumstances, therefore, I consider it advisable to reject all bids, and I respectfully request the permission of your Honor to dispense with further advertising, and to award a contract to Dooley Brothers, Inc., based on the unit prices in its proposal of September 16, at a total estimated cost of \$10,973.90.

Following is a tabulation of the bids received on the above-mentioned date:

Dooley Brothers, Inc., \$10,973.90; A. Singarella & Son, \$11,204.75; Bradford Weston, Inc., \$13,801.55; Martin J. Kelly Company, Inc., \$14,393.25; James A. Susi, \$17,083.73.

Work under this contract must be started within one week after the approval of the contract by your Honor, and must be completed within ninety days thereafter.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, September 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It has been necessary for the Water Division of this department to issue service orders to S. J. Tomasello Corporation for repairing pavements in streets in various sections of the city where openings were made by this division for the purpose of repairing and installing underground structures.

This firm was directed to make the required replacements because of the fact that the original pavements laid by it under contracts with the city were still under guaranty.

The cost of this repair work will be above \$1,000, but the total expense to the city will be under \$2,000.

Under the circumstances, no advantage would be gained by advertising for proposals for this work, and I respectfully request permission of your Honor to dispense with advertising, and to issue service orders to the S. J. Tomasello Corporation for making these repairs in its guaranteed streets.

Respectfully yours,

DANIEL M. SULLIVAN,
Acting Commissioner of Public Works.

BOSTON, September 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This department has awarded a contract for the reconstruction of Columbus avenue, Roxbury, from Centre street to Washington street, with a sheet asphalt pavement. This contract calls for the widening of the existing roadway, thereby reducing the width of the existing sidewalks.

This narrowing of the sidewalks will necessitate the relocating of eleven (11) Edison street lights. In accordance with our contract with the Edison Company, any change in the location of a lamp, once installed, must be made only at the expense of the city. The estimated cost of the relocation of these eleven lamps is \$3,340, less salvage of \$569, making a net cost to the city of \$2,771.

I respectfully request the authority of your Honor to issue a service order to the Boston Edison Company to relocate these lamps, at a net cost of \$2,771, and to have

the cost of this work charged to the appropriation "Public Ways, Construction of."

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, September 30, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Throughout the city the Water Division has been required to make openings in artificial stone sidewalks for the purpose of repairing or installing underground pipes, fixtures, etc.

It is absolutely necessary to replace the surfaces of the sidewalks that have been disturbed, so as to eliminate the possibility of claims against the city for personal injuries or damage to property.

The work is so widely scattered that, in my opinion, no advantage would be gained by advertising, and I consider that the most advisable method of making these repairs is to issue service orders to contractors for doing the work at certain designated locations.

In view of the importance of having these sidewalks repaired as soon as possible, I respectfully request your authority to dispense with advertising and to issue service orders to various contractors for making these restorations. While each order issued will be less than \$1,000, the sum total of the orders will exceed that amount.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

TRANSIT DEPARTMENT.

BOSTON, September 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the purchase, without advertising, from the Corcoran Motor Sales Company, of Wellesley, Massachusetts, of three new 1946 deluxe Tudor sedans, fully equipped, at a net cost of \$4,270.70, which includes a credit of \$250 for one Packard sedan. The Corcoran Motor Sales Company are authorized agents for Ford Motor Company, and, as this price is the O. P. A. ceiling price on this model car, nothing could be gained by advertising.

Respectfully,

MALCOLM E. NICHOLS, *Chairman.*

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Feldman Construction Company has been granted an extension of the time of completion of the contract for alterations at the Robert Gould Shaw School, approved August 8, 1946. Completion date to be extended from September 11, 1946, to December 16, 1946. This extension is requested for the reason that, due to difficulty in obtaining materials, contract could not be completed on time.

Feldman Construction Company has been granted an extension of the time of completion of the contract for alterations at the School Administration Annex, approved August 20, 1946. Completion date to be extended from September 12, 1946, to December 16, 1946. This extension is requested for the reason that, due to difficulty in obtaining materials, contract could not be completed on time.

Feldman Construction Company has been granted an extension of the time of completion of the contract for alterations

at the High School of Commerce, approved August 20, 1946. Completion date to be extended from September 11, 1946, to December 16, 1946. This extension is requested for the reason that, due to difficulty in obtaining materials, contract could not be completed on time.

P. J. Dinn & Co. has been granted an extension of the time of completion of the contract for alterations to fire escapes at the George Bancroft School, approved August 8, 1946. Completion date to be extended from September 11, 1946, to November 30, 1946. This extension is requested for the reason that, due to shortage of material, contract could not be completed on time.

NO DAMAGES AWARDED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Waterman road, West Roxbury district, as a highway, between Neponset avenue and Bourne street, under the order of the Board of September 23, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Navarre street over part of Newburn street, Hyde Park district, as a highway, under the order of September 16, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Burrwood road, West Roxbury district, as a highway, from Gretter road to Morey road, over Bullion road and Buchanan road, under the order of the Board of September 17, 1946, and awards no damages therefor.

TO OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John Deveney Company has been directed to omit and substitute the following work under the contract for laying sheet asphalt pavement in Columbus avenue, Ward 9, from Northampton street to Station street, dated June 27, 1946. Items ordered: Omit the spreading and raking of the top course by hand labor and substitute the use of mechanical spreaders (Item 7A—about 30,500 square yards); a decrease of five cents (\$.05) per square yard is to be made in the price bid for this work, viz., from \$1.55 to \$1.50 per square yard. Estimated decrease in cost, \$1,525.

Walter Reed Corporation has been directed to omit and substitute the following work under the contract for laying sheet asphalt pavement in Day square and Bennington street, Ward 1, from Prescott street to 340 feet east of bridge over Boston & Albany Railroad, dated August 1, 1946. Items ordered: Omit the spreading and raking of the top course by hand labor and substitute the use of mechanical spreaders (Item 7A—14,000 square yards); a decrease of five cents (\$.05) per square yard is to be

made in the price bid for this work, viz., from \$1.28 to \$1.23 per square yard. Estimated decrease in cost, \$700.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of October 3, 1944, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Berwick street be, and the same hereby is, amended, by adding to said order the amount of \$73.40 as an award to Edna Murphy; that the amount of \$73.40 be, and the same hereby is, awarded to Edna Murphy for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 19, 1945, as amended, determining damages caused by the making of the public improvement consisting of the laying out of LaRose place be, and the same hereby is, amended, by adding to said order the amount \$101 as an award to Frank C. Edry and Victoria S. Edry, husband and wife as tenants by the entirety; that the amount \$101 be, and the same hereby is, awarded to Frank C. Edry and Victoria S. Edry, husband and wife as tenants by the entirety, for the damages so sustained.

TO OMIT WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Bradford Weston, Inc., has been directed to omit the following work under the contract for laying bituminous concrete pavement in Codman Hill avenue, Ward 17, from Washington street to Milton avenue, dated August 1, 1946. Items ordered: Omit the furnishing and laying of bituminous concrete pavement, 5,100 square yards at \$0.81 (Item 7D). When the existing bitulithic pavement was stripped, it was found that the concrete base was cracked badly; a sewer trench in the middle of the street had settled from nine to twelve inches, so that it was impossible to lay the pavement as specified in the contract. Estimated cost of omitted work, \$4,131.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Baker & Co., Inc., has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Boylston street, Broadway, and Stuart street, dated August 1, 1946. Items ordered: Lay sheet asphalt pavement in Stuart street, Ward 3, from Tremont street to Washington street. Prices to be paid: The same as those bid for similar work in the contract. Estimated cost of extra work, \$6,500.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of repairs to the New York, New Haven & Hartford Railroad Bridge, vehicles are excluded from the following street from 8 a. m. to 5 p. m. each day, from October 7 to October 11, 1946, inclusive, and from October 14 to October 16, 1946, inclusive: Quincy Street, Dorchester.

From Columbia road to Ceylon street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following street, effective October 11, 1946: Mather Street, Dorchester.

From Dorchester avenue to Allston street.

CIVIL SERVICE EXAMINATIONS.

PUBLIC HEALTH NURSE, HEALTH DEPARTMENT, BOSTON, DECEMBER 7, 1946.

Last date for filing applications, Monday, November 18, 1946, at 5 p. m.

Salary: The minimum salary is \$1,500 a year; the maximum salary is \$2,100 a year. Temporary salary increase as authorized by the City of Boston.

Vacancies: At present there are nine vacancies to be filled on a permanent basis.

Duties: To perform the regular duties of a public health nurse in the fields of child hygiene, school nursing, tuberculosis and other communicable diseases.

Examples of Duties: Participating in child health conferences, doing educational work in child hygiene (birth to school age) in homes, and assisting in immunization programs both in clinics and by educational work in homes; in schools and day nurseries, assisting in periodic health examinations of children, and inspecting children, giving special attention to teeth, eyes, and ears (including audiometer testing), and to rashes, etc., and doing follow-up work in homes when indicated; doing educational work in homes in the care and prevention of tuberculosis and other communicable diseases, and assisting in the establishment and enforcement of quarantine regulations.

Entrance Requirements: Applicants must be registered nurses under the State Board of Registration in Nursing on the date of filing application.

Applicants must have at least one year of full-time, paid experience in public health nursing. Substitution: Completion of one year's public health nursing education in a recognized school of public health may be substituted for the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

FOOD INSPECTIONS.

Seventeen inspectors were employed in this division of the Boston Health Department in 1942 for the purpose of insuring the food supply of the city. During 1942 the various activities of the Division were as follows:

Inspections in market area, 75,916; inspections of markets, 17,729; inspections in districts outside of market area, 22,769; reinspections, 1,450; inspections of food terminals, 184; inspections of pedlers' vehicles, 13,579; inspections of food stands, 6,987; inspections for victualers' licenses, 932; inspections of bakeries, 1,834; inspections of ice cream plants and stores, 4,193; inspections, special, 798; inspections of retail milk establishments, 4,791; complaints adjusted, 280; nuisances abated, 390.

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the heads of the various departments indicated for permission to amend or reallocate appropriations as follows:

BOSTON TRAFFIC COMMISSION

BOSTON, September 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—Kindly make the following reallocations within the budget appropriations for this department:

From B-8 to B-14, \$350.

From C-13 to C-15, \$50.

From E-13 to K-10, \$150.

The appropriations for this department in the above items have proved insufficient to cover the cost of urgently needed equipment.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

ELECTION DEPARTMENT.

BOSTON, September 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Election Commissioners respectfully requests authority to amend the Election Department budget by the following transfers within the departmental appropriation:

From A-2, Temporary Employees, \$5,150, to B-5, Express Charges, \$4,000; B-6, Hire of Trucks, \$500; B-29, Stenographic, Copying, \$500; C-13, Tools, Instruments, \$50; D-16, Miscellaneous Supplies, \$100.

The above transfers, with the exception of the one to B-6, have been made necessary by the installation of voting machines. The transfer to B-5 is to cover the cost of cartage of machines from a central point to the polling places in which they are to be installed. (Cartage to the floor of the central storage place is to be paid by the Shoup Voting Machine Corporation.) The transfer to B-29 is to cover the cost of addressing and mailing postals to approximately 45,000 voters apprising them that voting machines will be used in their precincts this year and that demonstrations of the machines will be given at specified locations in the respective wards. Since this mailing will have to be done at a time when our office force will be extremely busy, it will be necessary to turn the work over to a mailing company. The transfer to C-13 is requested because we have been required to buy incidental tools for the use of our men now working on the voting machines. The transfer to D-16 is to cover the purchase of cardboard containers, which we are required by law to attach to each machine to hold the voters' authority slips.

Since a truck has not to date been purchased for this department, we request this additional money in the B-6 item for the hire of a truck to be used in carrying equipment to the various polling places in preparation for the coming election. We need such a truck for approximately six weeks prior to a function.

Examination of our budget discloses that a surplus exists in the A 2 item because the Board has not been able to carry through a project for which an appropriation was allowed.

Respectfully yours,

MICHAEL J. MANNING,
Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, September 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of additional amounts under the Hospital Appropriation Departmental Equipment Loan under items as listed below is respectfully requested.

A. Departmental Equipment Loan, Motorless Vehicle Equipment, \$500. This amount will release orders now being held in suspense in the auditor's office file for the purchase of wheel chairs to be used throughout the hospital.

B. Departmental Equipment Loan, Office Equipment, \$1,000, to purchase filing units for patient histories in Settlement Division and for patients' medical histories on various services throughout the hospital plus the purchase of typewriters for the B and VI Medical Services, one of which is now twenty years old and does not have the proper carriage for the type of medical work done at the present time.

Respectfully submitted,

JAMES W. MANARY, M. D.,
Superintendent.

BOSTON, September 20, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of the transfers as listed below is respectfully requested:

From the appropriation B-39, General Repairs, to D-5, Medical, Surgical and Laboratory, \$30,000.

From the appropriation A-1, Permanent Employees, to D-5, Medical, Surgical and Laboratory, \$20,000.

There is no unencumbered balance under D-5 at the present time.

The original appropriation has proved inadequate because of increases in costs on medical supplies, drugs, medicines and X-ray films.

During 1945 the Federal Government furnished penicillin for about one half of the year with no cost to the hospital. There has been no such donation during 1946, and full charges for this item which may run between \$70,000 and \$80,000 have been made against the 1946 D-5 appropriation.

Respectfully submitted,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

HOSPITAL DEPARTMENT (Sanatorium Division.)

BOSTON, September 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to amend the budget of the Sanatorium Division by allowing the following transfer of funds:

From A-1, Permanent Employees, \$9,500, to A-2, Temporary Employees, \$1,500; C-3, Electrical Equipment, \$500; C-7, Furniture and Furnishings, \$2,000; C-12, Medical, Surgical, Laboratory, \$1,500; C-13, Tools and Instruments, \$500; D-5, Medical, Surgical, Laboratory, \$1,500; D-8, Laundry, Cleaning, Toilet, \$1,000; D-13, Chemicals and Disinfectants, \$300; D-16, Miscellaneous Supplies, \$500; E-10, Electrical Materials, \$200.

The transfer to A-2 is needed to cover the payment of substitutes for vacations and compensatory time off.

The transfer to C-3 is needed to cover the purchase of a potato-peeling machine

for the main kitchen and a refrigerator for Ward F. The present equipment is beyond repair.

The transfers to the balance of the items are needed to allow us to take advantage of good offers from the War Assets office and also to offset increased costs of paper, soap, linen, gauze, drugs, etc.

Respectfully submitted,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

BOSTON, September 20, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of reallocations within the Hospital Department appropriation as listed below is respectfully requested:

From B-3, Advertising and Posting, to B-10, Rent, Taxes and Water, \$1,000.

The present unencumbered balance under B-10 will not be sufficient to cover the cost of rental of rooms for student nurses at the Franklin Square House for September and October.

From B-4, Transportation of Persons, to B-14, Motor Vehicle Repairs and Care, \$300.

This amount will be needed to establish a balance that will meet emergency repairs as they occur.

Respectfully submitted,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

LAW DEPARTMENT.

BOSTON, September 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested of the following reallocations of funds in the Law Department appropriation for this year:

From A-1, \$200, to A-2, \$200.

This is for the purpose of meeting expenses incurred by temporary employment.

Very truly yours,

JAMES W. KELLEHER,
Acting Corporation Counsel.

LIBRARY DEPARTMENT.

BOSTON, September 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following transfer for the reasons noted below:

From E-1, \$200, to D-16, \$200.

As a result of rising prices of miscellaneous supplies, our budget item D-16 is now almost completely liquidated. The above transfer is required to meet our needs for the balance of the year.

Respectfully,

MILTON E. LORD,
Director.

BOSTON, September 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following reallocation for the reasons noted below:

From E-1, \$50, to E-9, \$50.

This reallocation is necessary because the present balance in our E-9 account is insufficient to meet our needs for machine parts and materials for the balance of the year.

Respectfully,

MILTON E. LORD,
Director.

PARK DEPARTMENT.

BOSTON, September 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you make the following transfers within the Park Department budget:

From D-3, Fuel, \$325, to C-7, Furniture and Furnishings, \$325.

From D-4, Forage and Animal, \$1,000 to B-14, Motor Vehicles Repair, \$1,000.

From D-9, Educational, \$300, to C-13, Tools and Instruments, \$300.

C-7.—This transfer is needed so that we may purchase new towels for use in the new solarium for women at L Street Bath House.

B-14.—Our appropriation in B-14 has been entirely spent. We must have money at once so that we can keep our motor vehicles in repair, especially during the coming winter months.

C-13.—This transfer is needed so that we may purchase mops, brooms and other equipment and tools necessary for the proper business of the department.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, September 19, 1936.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you alter our budget by allowing the following transfer within the C group:

From C-15, Tires, Tubes, etc., \$35, to C-3, Electrical, \$35.

I request this transfer so that we may purchase a "Champion Electrocutor," which is a special type of equipment used in zoos for the elimination of insects, such as flies, etc. We would like to install one in the lions' den at the Franklin Park Zoo.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, September 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you alter the budget of this department by allowing the following transfer within the A group:

From A-1, Permanent Employees, \$3,000, to A-2, Temporary Employees, \$3,000.

We have only sufficient money in the A-2 Item to pay our temporary employees through September 30. We will need this transfer in order that we may carry the necessary temporary employees on the pay roll. There are funds in A-1 to allow this transfer.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, September 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you alter our budget by allowing the following transfers within the Park Department budget:

From C-17, Miscellaneous Equipment, \$25, to C-9, Office, \$25.

This transfer is needed so that we may have sufficient funds to purchase an automatic time-stamp clock for the new solarium for women at L Street Bath House.

From D-9, Educational, \$85, to D-5, Medical, etc., \$85.

Money is needed in D-5 to cover purchase of medical supplies for the gymnasium for use during the fall and winter seasons.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

BOSTON, September 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you alter the budget of this department by allowing the following transfer:

From D-9, Educational, \$80, to C-5, Motorless Vehicles, \$80.

This transfer is needed to enable us to purchase ten wheelbarrows, which we are in need of. It is some few years since we have been able to obtain this item and we believe they are an excellent buy at the price we are now getting on them.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

BOSTON, September 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you alter the budget of the Park Department by allowing the following transfer:

From A-1, Permanent Employees, Foreman's Line, \$1,600; Gardeners, Mechanics, at \$6 a day, \$1,000; Gardeners, Mechanics, etc., at \$5.50 a day, \$7,400, to B-39, General Plant, \$10,000.

At the beginning of the year we were allowed \$75,000 in the B-39 item in our budget. We had asked for an appropriation of \$100,000, and over the years we have spent considerably in excess of this amount for the maintenance of Park Department equipment. At the present time we have expended our entire \$75,000, and we have several orders contemplated that must be done at once.

We are holding up the repair of the sand hopper in Franklin Park Yard, the sea wall at the Nashua Street Play Area, repair of all the equipment in the machine and carpenter shops needed for the winter months, repair of the ash hoist at Cabot street, several fence jobs that must be done on the various playgrounds for the fall season, and repairs to several boilers before the winter months set in.

The allowance of \$75,000 might have been ample if we were working under pre-war labor and material prices, but prices have been so prohibitive that there is no way of staying within this appropriation. We would appreciate an immediate approval of this transfer as it is imperative for the proper work of the department.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

PARK DEPARTMENT. (Cemetery Division).

BOSTON, September 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to make the following transfer of funds in the budget of the Cemetery Division, Park Department:

From A-1, Permanent Employees, Grave Diggers, to A-3, Overtime, \$2,000.

Our appropriation on the A-3 item for the year 1946 was \$3,000. This amount is now expended. It is estimated that we will need approximately \$2,000 to compensate our employees for overtime work during the remainder of the year. This

overtime work, on Sundays and holidays, is necessary so as to avoid delay in burials in our several cemeteries.

The money is now available for transfer in our A-1 budget item.

Very truly yours,

WILLIAM P. LONG,
Chairman.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, September 23, 1946.

To HON. JAMES M. CURLEY, *Mayor of Boston.*

From MAXWELL B. GROSSMAN, *Commissioner of Penal Institutions.*

Subject: Reallocation of Funds.

House of Correction.

From B-39 General Repairs, \$200, to B-4 Transportation of Persons, \$200.

The above reallocation is requested to furnish transportation to Commissioner Maxwell B. Grossman to Detroit, Michigan, to attend the Massachusetts Prison Convention, October 4 to 8, 1946. Official business.

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, September 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Inasmuch as the use of the Casey & Hayes truck is very important from a departmental standpoint and our appropriation is inadequate, I respectfully request a reallocation in the following appropriation of Public Buildings:

From B-39, \$2,000, to B-6, \$2,000.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, September 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following amendments in the budget of the Summer Traffic Tunnel.

From B-14, Motor Vehicles, Repairs and Care, \$500, to E-13, Miscellaneous Materials, \$500.

1. For the purchase of necessary nuts, bolts and screws used in maintenance work.

2. For the purchase of Traffic White paint used in painting of center strip and side guide lines in tunnel.

3. For the purchase of conductor duct cleaners.

B-39, General Repairs, \$200, to A-3, Overtime, \$200.

For the payment of overtime work performed by regular employees which consists of emergency repairs to tunnel roadway and cleaning tunnel walls.

B-39, General Repairs, \$50, to B-12, Bonds, \$50.

Additional bonds required by the bonding of temporary tollmen-guards.

C-17, Miscellaneous Equipment, \$300, to C-3, Electrical, \$300.

For the purchase of traffic signals which were not available during war period.

C-17, Miscellaneous Equipment, \$200, to C-13, Tools, etc., \$200.

For the purchase of fire hose used in flushing and cleaning tunnel roadway and walls.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, September 19, 1946.
HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following amendment to the budget of the Summer Traffic Tunnel:

From B-39, General Repairs, \$225, to B-5, Express, \$225.

This is to make funds available for the hiring of armored car service for the transportation of money from the Summer Traffic Tunnel to the bank for deposit.

B-39, General Repairs, \$50, to C-13, Tools, etc., \$50.

For the purchase of spray nozzles to be used in the cleaning and flushing of tunnel walls.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SOLDIERS' RELIEF DEPARTMENT.

BOSTON, September 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Soldiers' Relief Department by transferring the sum of \$450 from Item F-8, State Aid and Military Aid, Soldiers' Relief and Burials, to Item D-1, Office Supplies.

This additional amount for item, D-1, will be necessary for the purchase of 4,000 stamped 3-cent envelopes with corner card at \$130.24; 4,000 stamped 3-cent return envelopes with corner card at \$142.92; 2,000 3-cent stamps at \$60; 2,000 forms, 19921AB, World War II, at \$20.75, and transfer binders for same at \$25.74. An amount of \$70.35 is requested for miscellaneous printing and stationery supplies.

The increase of expenditures for this item has been caused by the changing of the system of payments to the beneficiaries of this department. Since April 15, 1946, all regular payments of relief, formerly made on a cash basis, have been forwarded by check. This new arrangement has caused an increase in mailing costs but has proved to be most efficient and satisfactory.

Very truly yours,

DAVID J. BRICKLEY,
Commissioner.

BOSTON, September 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Soldiers' Relief Department by transferring the sum of \$5 from Item B-39, General Repairs, to Item B-35, Fees, Services of Venires, etc.

This transfer is necessary for the renewal of the commission as Notary Public of Elizabeth M. Duffy, settlement clerk and stenographer, which will expire on September 26, 1946.

Very truly yours,

DAVID J. BRICKLEY,
Commissioner.

MUNICIPAL COURT OF BOSTON.

BOSTON, September 20, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I request that the sum of \$7 be reallocated from C-9, Office, to C-12, Medical, Surgical, Laboratory, in the budget estimates of this court. At the time this estimate was made, to cover the cost of a sterilizer for the Medical

Department, it was sufficient, but it now develops that the sterilizer will cost about \$7 more than the appropriation.

Very truly yours,

DAVIS B. KENISTON,
Chief Justice.

MUNICIPAL COURT (West Roxbury District).

BOSTON, September 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It is requested that the following transfer be made within the appropriations of the said court:

From D-1, \$10, to C-10, \$10.

This is to cover the purchase of a new Volume 19 (in two parts) of the Massachusetts Digests, issued in place of the original Volume 19. This order was not indicated when the budget figures were prepared in 1945.

Yours very truly,

GEORGE B. STEBBINS,
Clerk.

FIRE DEPARTMENT ORDER.

General Order No. 62.

I. RE-ESTABLISHMENT OF ENGINE HOUSE 12 AND DISTRICT 9 QUARTERS.

Effective at 1 p. m., Wednesday, October 16, 1946, Engine Company 12 and chiefs of District 9 will be re-established in their former quarters, 407 Dudley street, Roxbury.

II. RETIREMENT.

The following retirement, which became effective at 8 a. m., Tuesday, October 15, 1946, is hereby announced:

Capt. John M. Harrington, Engine Company 30.

Captain Harrington was appointed to the department on July 30, 1913. He was promoted to the grade of lieutenant, July 9, 1937, and to captain, August 30, 1944. Captain Harrington leaves the department with the best wishes of his associates.

III. TRANSFERS.

The following transfers, effective at 8 a. m., Wednesday, October 16, 1946, are hereby announced:

Capt. John F. Galvin, from Ladder Company 28 to Engine Company 30.

Hoseman Edmund T. Bowler, from Engine Company 49 to Engine Company 48.

IV. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter which he has received from the parents of P. M. S. Leo G. Costello, Jr., former member of Ladder Company 15, who died on September 26, 1946:

To the Members of the Boston Fire Department, and Members of the Russell Club.

GENTLEMEN,—We wish to express our sincere appreciation and thanks for the time and devotion the members rendered to our son who was a provisional appointee to Ladder Company 15.

We wish also to thank the Visiting Committee of the Fire Department who saw him daily without fail. They certainly were very loyal to him, together with the members of Engine Company 33 and Ladder Company 15 and members of numerous other companies.

We also extend our thanks to Captain Doyle and the detail under his command

that attended the funeral services, also the men who were so kind to act as pallbearers.

God bless every man in the department and, when they respond to an alarm, we hope and pray that they will all return safely.

Very sincerely yours,

LEO and ANNA COSTELLO,
18 Spring Valley Road,
West Roxbury, Mass.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

POLICE DEPARTMENT ORDER.

General Order No. 775.

The resignation of Patrolman Walter F. Almeida of Division 9 having been presented, it is hereby accepted to take effect as of Friday, October 11, 1946, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of track reconstruction at the Sullivan Square Terminal by the Boston Elevated Railway Company, estimated to be six (6) weeks, the following rules are effective from 8 p. m. each day to 6 a. m. each following day, effective October 14, 1946:

Vehicles are excluded from the following street:

Main Street, Charlestown.

From Sullivan square to Gardner street.

Parking of vehicles is prohibited in the following streets:

Arlington Avenue, Charlestown.

Both sides, from Alford street to Dorrance street.

Alford Street, Charlestown.

Both sides, from Sullivan square to Arlington avenue.

Main Street, Charlestown.

North side, from Gardner street to Dorrance street.

Dorrance Street, Charlestown.

Both sides, from Arlington avenue to Mystic avenue.

Gardner Street, Charlestown.

Both sides, from Main street to Sever street.

Sever Street, Charlestown.

Both sides, from Gardner street to Cambridge street.

The following streets are one way in the direction indicated:

Alford Street, Charlestown.

From West street to Arlington avenue.

Arlington Avenue, Charlestown.

From Alford street to Dorrance street.

Dorrance Street, Charlestown.

From Arlington avenue to Mystic avenue.

The one-way rule in the following street is suspended and it is a two-way street:

Gardner Street, Charlestown.

From Main street to Sever street.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 7, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY presiding. Absent, Councilors Coffey, Hurley, Lane, Madden.

The meeting was opened with the salute to the Flag.

RESURFACING OF BUENA VISTA STREET, WARD 12.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of September 23, 1946, to resurface with smooth paving Buena Vista street, Ward 12, and to construct granolithic sidewalks along both sides of said street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
September 27, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface with smooth paving Buena Vista street, Ward 12, and construct granolithic sidewalks along both sides of said street.

Please be advised that this street will be put on the list for consideration during the 1947 construction season.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

DAY SQUARE, EAST BOSTON.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of September 23, 1946, to take the necessary steps to have Day square, East Boston, construction job completed by September 30, which is the opening date of the fall meeting at the Suffolk Downs Race Track.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 1, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works take the necessary steps to have Day square, East Boston, construction job completed by September 30, which is the opening date of the fall meeting at the Suffolk Downs Race Track, and this will advise you that Day square has been closed in as of September 29 and work has been suspended until the close of the current meet at the Suffolk Downs Track.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

RATING OF CUSTODIAN OF L STREET BATHS.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, in reply to your order of September 23, 1946, to change the civil service rating of the custodian in charge of L Street Baths at an annual salary of \$3,000, instead of the inadequate \$2,000 salary the custodian-in-charge now receives.

Sincerely,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, September 28, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I acknowledge your memorandum of September 26, with inclosed City Council order, dated September 23, requesting a change in the civil service rating of the custodian in charge of L Street Baths to that of supervisor or superin-

tendent of L Street Baths, with an increase of salary from \$2,000 to \$3,000 annually.

Please be assured that every consideration will be given to this request.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

DEMONSTRATION OF NEW VOTING MACHINES.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Board of Election Commissioners, in reply to your order of September 23, 1946, to make immediate arrangements in every ward in the city for a public demonstration of the new voting machines to be used in some of the precincts in the November elections and to detail some qualified employee to each ward for the purpose of public instruction in the use of the machines.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Board of Election Commissioners,
October 1, 1946.

J. Joseph Connors,
Chief Clerk, Office of the Mayor.

Dear Sir,—This is in reply to your communication of September 26, with attached City Council order of Councilor Kinsella, calling for an immediate demonstration of the new voting machines in every ward of the city.

May we explain that the Board is of the opinion that wholesale confusion would result from the demonstration of the machines in any district where they are not to be used this year. The Board is convinced that the machines should be demonstrated to the voters who are going to use them, although no interested person will be denied admittance to the public demonstrations.

The voters of the precincts where machines are to be used this year are to be notified by postal that demonstrations will be held from 6 p. m. to 9 p. m. for six evenings in their ward, three nights in each of two locations, which will be set forth on the postal. The evenings of October 21, 22, 23, 24, 25 and 26 have been set aside for this purpose, and qualified men will be designated to conduct the demonstrations.

In view of the above, the Board is confident that the members of the City Council will agree that adequate arrangements have been made for the instruction of the voters in the use of voting machines.

Very truly yours,
Board of Election Commissioners,
FREDERIC E. DOWLING,
Commissioner and Secretary.

Placed on file.

INFORMATION FROM PLANNING BOARD.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the City Planning Board, in reply to your order of September 9. The attached letter gives the information requested in your order.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Planning Board, October 3, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mayor Curley,—I am directed by the Board to acknowledge receipt from your office of a request to the City Planning Board to make a report on a City Council order of September 9.

This order requested the preparation of legislation in regard to the location of a truck terminal in the City of Boston, the making out of a list of streets to be widened, and the financing of an arterial highway by the State Highway Fund.

A very cursory investigation of the truck terminal feature has indicated that this study is very complicated and complex and will take some length of time to assemble factual data preliminary to the making of any recommendation.

At this time the Board wishes to report that the study is under way.

Respectfully submitted,
THOMAS E. MCCORMICK,
Executive Director.

Placed on file.

COMPARATIVE VALUE OF OLD AND NEW PENSION SYSTEMS.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Retirement Board, in reply to your order of September 23, 1946, to make provision

that every department in the city be instructed, between now and November 15, relative to the comparative values of the old and new pension systems as pertains to the individual member.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Retirement Board, October 1, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Office of the Mayor.

Subject: City Council Order, September 23, 1946.
Dear Sir,—The Retirement Board has printed and mailed to every employee of the city a pamphlet comparing the new State-Boston Retirement System with the present Boston Retirement System with a view to aiding the employees in determining which would be the more beneficial. Besides, the representatives of the various groups of city employees were invited to conferences at which most of the details were discussed.

At a later date if necessary some of the larger groups will be addressed by authorized representatives of the Retirement Board, and it is also proposed to designate a person in each of the departments who will be willing to act in an advisory capacity.

Very truly yours,
WILLIAM D. KENNEY,
Executive Officer.

Placed on file.

GRANOLITHIC SIDEWALKS, EAST SIXTH STREET.

The following was received:

City of Boston,
Office of the Mayor, October 7, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Public Works Commissioner, in reply to your order of September 30, 1946, to install granolithic sidewalks on East Sixth street, South Boston.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 4, 1946.

Mr. J. Joseph Connors,
Secretary, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on East Sixth street, South Boston.

At the present time there are no funds available to construct these sidewalks but this work will be put on a list of streets to be given consideration during the year 1947.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

William O'Brien, 22 Ashley street, East Boston, Mass., Francis J. White, 105 Newport street, Arlington, Mass., as Weighers of Goods, for term ending April 30, 1947.

Referred to Committee on Constables and Confirmations.

TRANSFER OF LAND TO PARK DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, October 7, 1946.
To the City Council.

Gentlemen,—I forward herewith an order for the transfer of over 300,000 square feet of land situated at Gallivan Boulevard and Washington street, Dorchester, from the custody of the Board of Real Estate Commissioners to the care, custody and control of the Park Department.

The purpose of this transfer is to make possible the establishment of a playground at this site. I recommend passage of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, The City of Boston by decrees of the Land Court in cases numbered L. C. No. 16477 T. L. and L. C. No. 16478 T. L. dated January 25, 1940 and February 17, 1944, foreclosed the right of redemption under tax titles on about four hundred eighteen thousand seven hundred eighty-seven (118,787) square feet of land situate on Gallivan Boulevard and Washington street, Dorchester District; and

Whereas, The Board of Park Commissioners of the City of Boston have been requested to establish a playground on a parcel containing approximately three hundred six thousand two hundred twenty (306,220) square feet, being a part of this area of foreclosed tax title property; now, therefore, it is hereby

Ordered, That the parcel of foreclosed tax title property, hereinafter described, be and the same hereby is transferred from the care, custody, control and management of the Chairman, Board of Real Estate Commissioners to the care, custody, control, and management of the Park Department for playground purposes.

Easterly by Washington street, by seven measurements fifty and 35-100 (50.35), one hundred thirty-three and 45-100 (133.45), thirteen and 29-100 (13.29), thirty-four and 03-100 (34.03), one hundred fifty-seven and 97-100 (157.97), sixty and 52-100 (60.52) and forty-four and 06-100 (44.06) feet, respectively; southerly by land now or formerly of Susan Hickey, one hundred (100.00) feet; easterly by land now or formerly of Susan Hickey, fifty-nine and 67-100 (59.67) feet; southerly by "Right of Way 12 Feet Wide," thirty-two and 05-100 (32.05) feet; easterly by land now or formerly of Mary Ellen Shiel, thirty and 13-100 (30.13) feet; southerly by lands now or formerly of William J. Driscoll Construction Company, Joseph P. Hurley and Annie M. V. Hurley, William H. Twohig and Marion L. Twohig, Edward F. Barnes and Helen M. Barnes, James J. O'Donnell and Grace M. O'Donnell, Boniface H. Corrigan and Loretta C. Corrigan, by four measurements, ninety-eight and 72-100 (98.72), one hundred and 02-100 (100.02), ninety-nine and 82-100 (99.82) and one hundred thirty-four and 91-100 (134.01) feet respectively; westerly by lands now or formerly of John McDonald and Mary A. McDonald, Walter J. Merrigan and Helen J. Merrigan, by a "Private St.," by lands now or formerly of Francis Leo Murphy and Mary Catherine Murphy, John J. Smyth and Bertha F. Smyth, Nicholas J. Driscoll and Phyllis M. Driscoll, Edward J. Flynn and Mary E. Flynn, Gerard F. Cox and Mary A. Cox, James E. Thornton and Mary N. Thornton, Cornelius J. Qualter and Helen E. Qualter, Ellen J. Sullivan, five hundred twenty and 31-100 (520.31) feet, northerly by a "Proposed St.," "Parcel 13A," by six measurements, seventy-two and 21-100 (72.21), sixty-two and 77-100 (62.77), ten and 72-100 (10.72), five hundred eight and 93-100 (508.93), thirteen and 84-100 (13.84), thirty-four and 52-100 (34.52) feet, respectively; containing three hundred six thousand two hundred twenty (306,220) square feet of land more or less.

Said parcel of land designated as "Parcel 13" and all of said measurements are shown on a plan marked "Plan of Land in Dorchester, Scale 40 Feet to an inch, April 25, 1945, Thomas F. McGovern, Chief Engineer." The original of said plan is on file in the office of the Chief Engineer, Street Laying-Out Department, City Hall, Boston.

Referred to Executive Committee.

JURORS DRAWN.

Jurors were drawn, Councilor Cantwell presiding at the box in the absence of the Mayor, as follows:

One hundred and sixty-one traverse jurors, Superior Court, Civil Business, and sixty-five jurors, Superior Court, Criminal Session, to appear November 4, as follows:

Sixty-five traverse jurors, Superior Criminal Court, to appear November 4, 1946:

Walter J. Hender, Ward 1; Albert Indresano, Ward 1; Timothy J. Mahoney, Ward 1; Ira McRae, Ward 1; Victor Palladino, Ward 1; Leo F. Blake, Ward 2; Arthur B. Covell, Ward 2; James J. Galvin, Ward 2; Frank J. Mitchell, Ward 2; Fred Martell, Ward 3; Frank Brignolia, Ward 4; John P. Foley, Ward 4; Joseph A. Hadge, Ward 4; Harry McKenna, Ward 4; Alexander Ridley, Ward 4; John A. Fay, Ward 5; Walter H. Lob, Ward 5; James H. Wells, Ward 5; William O'Neil, Ward 6; Frederick T. Climo, Ward 7; Thomas Kelly, Ward 7; John O'Brien, Ward 7; George L. Washburn, Ward 7; Willard C. Warner, Ward 8; Harry J. Dobson, Ward 9; William F. Dalton, Ward 10; Homer E. Hicks, Ward 10; Fred J. Lennon, Ward 10; John F. Ryan, Ward 10; Samuel L. Butler, Ward 11; Armand Larivie, Ward 11; Thomas J. Myers, Ward 11; Michael Repucci, Ward 11; Joseph F. Rodrigue, Ward 11; Edward J. Young, Ward 11; Richard C. Chestnut, Ward 12; Arthur Cooper, Ward 12; Martin P. Sharkey, Ward 13; Robert Cohen, Ward 14; Abraham Davis, Ward 14; Frank Benjamin Feldman, Ward 14; Samuel Spiegel, Ward 14; Max Weisberg, Ward 14; Martin H. Glynn, Ward 15; Frederick N. Thorson, Ward 16; John J. Carroll, Ward 17; Lawrence K. Casey, Ward 17; David Ernest, Ward 17; George A. Magner, Ward 17; Dennis Manning, Ward 17; Charles V. Wallace, Ward 17; Andrew Colvin, Ward 18; Charles H. Stiles, Ward 18; John Boyle, Ward 19; Richard E. Ellis, Ward 19; Theodore J. Komisar, Ward 19; Alfred E. Schaeck, Ward 19; Joseph A. Harvery, Jr., Ward 20; Barker H. Sinclair, Ward 20; Albert A. Boyer, Ward 21; Frank Goodman, Ward 21; George T. Griffiths, Ward 22; Lawson W. Kennedy, Ward 22; Patrick J. Logan, Ward 22; Thomas J. Manning, Ward 22.

One hundred sixty-one traverse jurors, Superior Civil Court, to appear November 4, 1946:

James Apicco, Ward 1; Philip H. Butler, Ward 1; Nicholas Catoggio, Ward 1; Ignazio Giachetto, Ward 1; Charles Abraham Lavangie, Ward 1; Joseph Corriveau, Ward 2; John H.

Murray, Ward 2; George E. Ashe, Ward 3; John J. Hayes, Ward 3; Frederick Ledonne, Ward 3; Pietro Scapicchio, Ward 3; John E. Baginski, Ward 4; Paul Bloom, Ward 4; Patrick E. Cahill, Ward 4; Hans Larsen, Ward 4; Fritz E. Lundvall, Ward 4; John J. O'Keefe, Ward 4; Thomas J. O'Sullivan, Ward 4; Lawrence J. Scanlon, Ward 4; Louis E. Simonds, Ward 4; Henry R. Wirth, Ward 4; Horace Bowker, Jr., Ward 5; Paul B. Harrington, Ward 5; Harry Holtz, Ward 5; Charles F. Sylvester, Ward 5; Clarence E. Willford, Ward 5; Ludwig A. Franck, Ward 6; Charles T. Gindal, Ward 6; George H. Brooks, Ward 7; Joseph Cangini, Ward 7; Oscar J. Ceurvels, Ward 7; Joseph P. Aylward, Ward 8; Stephen Crisafie, Ward 8; Frederick W. Dunn, Ward 8; John I. Gibbons, Ward 8; John L. Masters, Ward 8; Warren C. Moyer, Ward 9; Harry Ross, Ward 9; Lewis Saks, Ward 9; Howard R. Allen, Ward 10; Reginald F. Carpenter, Ward 10; Henry Flynn, Ward 10; Thomas Furnek, Ward 10; William J. Goos, Ward 10; Arthur E. Mahn, Ward 10; John J. McEttrick, Ward 10; John J. Murphy, Ward 10; Patrick J. Kelleher, Ward 11; Peter P. Mahoney, Ward 11; Thomas K. Menechios, Ward 11; Frederick J. Mullen, Ward 11; Michael J. Nash, Ward 11; Bradford E. Ross, Ward 11; Ralph S. Roth, Ward 11; Joseph F. Sullivan, Ward 11; Richard J. Walsh, Ward 11; Robert MacLean, Ward 12; Harry Peretsky, Ward 12; Ernest J. Verrier, Ward 12; Leo A. Wood, Ward 12.

Patrick Browne, Ward 13; Walter F. Desmond, Ward 13; Howard A. Dillon, Ward 13; William Fritz, Ward 13; Carl Oscar Johnson, Ward 13; Walter Kelsch, Ward 13; William J. Lennon, Ward 13; Andrew J. Lyman, Ward 13; George W. McQuade, Ward 13; John E. O'Malley, Ward 13; Thomas J. Rollins, Ward 13; Thomas Edward Sullivan, Ward 13; Nicholas J. Wallace, Ward 13; Herbert M. Waugh, Ward 13; Isaac Ascher, Ward 14; Harry S. Bardfield, Ward 14; Louis Brown, Ward 14; Charles M. Franklin, Ward 14; Paul T. Gilson, Ward 14; Joseph I. Klein, Ward 14; Louis Labitt, Ward 14; William J. Lanergan, Ward 14; Morris H. Levine, Ward 14; Edgar T. Marchand, Ward 14; Philip Michelson, Ward 14; David Portnoy, Ward 14; Simeon Putlack, Ward 14; Hyman Rustein, Ward 14; Leon Shannahoff, Ward 14; Joseph Siegel, Ward 14; John F. Clougherty, Ward 15; James Coyle, Ward 15; David H. Mefian, Ward 15; Charles H. Spragg, Ward 15; Arthur T. Caldicott, Ward 16; Frank L. Crawford, Ward 16; Alfredo DiTulio, Ward 16; George A. Grant, Ward 16; Louis G. Martuccelli, Ward 16; Hugh McGrail, Ward 16; Arthur P. Sullivan, Ward 16; Michael Trabazan, Ward 16; Denis J. Buckley, Ward 17; Robert W. Cobe, Ward 17; Thomas F. Wall, Jr., Ward 17; George P. Allendorf, Ward 18; Michael P. Bolendz, Jr., Ward 18; Walter R. Cullen, Ward 18; James T. Darling, Jr., Ward 18; Walter M. Dempsey, Ward 18; Paul Dietze, Ward 18; Robert L. Erickson, Ward 18; William J. Grenier, Ward 18; Samuel Ingall, Ward 18; John T. Kennay, Ward 18; John J. Mahoney, Ward 18; Charles A. McCarthy, Ward 18; James F. McEntee, Ward 18; James A. Murray, Ward 18; Richard V. Olson, Ward 18; John F. Perry, Ward 18; George R. Pugsley, Ward 18.

Edward Baldwin, Ward 19; Stephen Harish, Ward 19; Frank A. Moran, Ward 19; William J. Shea, Ward 19; Clarence A. Whitney, Ward 19; Romeo Catino, Ward 20; Edward T. Conley, Ward 20; Charles J. Crasten, Ward 20; Robert A. Crockett, Ward 20; Charles F. Goodrich, Ward 20; Charles F. Groote, Ward 20; William B. MacDuff, Ward 20; Edgar L. Roy, Ward 20; Henry Schumacher, Ward 20; Christopher T. Bishop, Ward 21; Ernest A. Cook, Ward 21; Harold S. Neuhoft, Ward 21; Benjamin Sugarberg, Ward 21; Willard D. Whitten, Ward 21; Nathan Babcock, Ward 22; Reginald V. Clayton, Ward 22; Linwood Connors, Ward 22; William H. Cooper, Ward 22; John Daley, Ward 22; Charles A. Eaton, Ward 22; Lyndon M. Evelyn, Ward 22; Benjamin F. Feinberg, Ward 22; Alvah D. Gardiner, Ward 22; Edward A. Klemer, Ward 22; William J. Sweeney, Ward 22; William H. Verry, Ward 22; Joseph L. Winters, Ward 22.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Charles J. Bates, for compensation for damage to car caused by an alleged defect in First street, South Boston.

Margaret M. Cahill, for compensation for injuries caused by an alleged defect at Tremont street and Temple place.

Neil P. Coyle, for reimbursement as result of accident which occurred while in performance of duty as employee of Sanitary Service.

William Crone, to be reimbursed for loss of false teeth at City Hospital.

Joseph H. Fountain, for compensation for damage to car by city car.

Leonard Furniture Company, for compensation for damage to property at 770 Washington street by city car.

Mrs. John T. O. Loughlin, for compensation for injuries caused by an alleged defect at Washington and Winter streets.

Janet H. Murphy, for compensation for injuries caused by an alleged defect at 307 Cambridge street.

Millie Thalheimer, for refund of permit fee for opening sewer.

Committee on Licenses.

Petitions for driveway openings: D. W. Dunn Storage Company, at 3183 Washington street; Fur Merchants Realty Corporation, at 717 Atlantic avenue.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of Rudolph Trent, having been duly approved by the City Treasurer, was received and approved by the Council.

NOTICE OF HEARING.

Notice was received from the Department of Public Utilities of hearing to be held October 14 at 10.30 a. m. on petition of New England Transportation Company for certificate of public convenience and necessity to operate motor vehicles from Park square over Broadway, Tremont street, Stuart street and Eliot street to its junction with Columbus avenue.

Placed on file.

RESIGNATION OF THOMAS MARROW AS CONSTABLE.

Notice was received of the resignation of Thomas Marrow as constable, and acceptance by the Mayor.

Placed on file.

APPOINTMENT OF KEEPER OF LOCK-UP.

Notice was received from Police Commissioner Sullivan of appointment of Lieut. John F. Pettiti to serve as Keeper of the Lock-Up.

Placed on file.

REPORT ON INCINERATORS.

The following was received:

City of Boston,
Finance Commission,
October 2, 1946.

To the Honorable the Mayor and City Council.

Gentlemen,—It has been the intention of the Finance Commission for several years to keep constantly before the City Government the advantages to the taxpayers in the adoption of incineration for the disposal of refuse collection. The Commission has repeatedly shown that the diversified methods of disposal of refuse employed by the City of Boston were resulting in unjustifiably high costs. Since 1941, the Commission has commented on, or revealed, this situation in not less than ten formal communications. In addition, representatives have conferred on this subject with mayors and officials of the Public Works Department on very many occasions.

On none of these occasions has any of those having knowledge and responsibility in this expensive item of service cost expressed any dissent to the oft-repeated claims of the Commission: (1) that the existing costs were scandalously high; (2) that the existing methods were unscientific and highly objectionable; and (3) that incineration in modern plants would be unobjectionable and cheaper. The Commission has repeatedly pointed to the number of municipalities, large and small, which have adopted the incineration method. The great City of New York, with a problem in this connection similar to Boston's, but much greater, first tried to avoid the expense of complete incineration by development of the land dump idea, but after a decade of experiment, according to a recent announcement by the New York Mayor, now returns to incineration as the means of disposal of all refuse and garbage. New York will construct five new incinerators immediately and reopen seventeen which were closed when the land dump method was adopted. Dumping refuse on land is to be definitely terminated. In Boston a similar change is even more pressing because dump sites are becoming extinct, and objections by resident abutters to present sites are mounting.

The Finance Commission has been fortified in its contention that incineration should be adopted by every Boston Commissioner of Public Works of the past decade. These have been the officials who had the responsibility of administering the service of the collection and disposal of refuse and garbage. Moreover, all contemporary mayors have expressed approval of the idea.

However, despite this unanimity of opinion, accomplishments in this direction have been negligible. During the short Kerrigan administration, a contract was let to plan an incinerator in the South End which would make possible the elimination of the very expensive disposal method employed for collections in the business center of the city and in parts of adjoining residential areas (dumping in scows at Fort Hill Wharf on

Atlantic avenue, at Albany street yards of the Public Works Department, and at Victory road in Dorchester). Approximately \$25,000 has been paid for these plans, and the engineers have made claim to the balance of the \$30,000 appropriation which was made available for this project in February of 1945. Yet the plans have been gathering dust in the files of the Public Works Department for a year. Ostensibly, there is a difference of opinion on what was contracted for and what was delivered. As a result, the plans submitted have not been accepted. This is where that matter stands. It is the largest and the most important item in the disposal problem.

In another instance, early in 1946 the refuse collector in the Allston-Brighton section was denied the further use of the dump in Watertown to which he was accustomed to tote his collections. After vain effort by the city to obtain dumping privileges for him in Brighton, and in West Roxbury, the city was forced by circumstances to arrange to have his collections toted to a dump in Dorchester. This dump has a limited capacity, i. e., it will serve only for a fairly short time. It is now costing the city \$7,000 a month, \$84,000 a year, for this extra haul alone. To eliminate this expensive arrangement, the Finance Commission proposed that the city erect an incinerator of 200 tons capacity on a locus in the Western avenue paving yard. On the recommendation of the Public Works Commissioner, an order for an appropriation of \$200,000 for this project was submitted by Mayor Curley to the City Council on September 9, 1946. This order is temporarily pigeon-holed in a council committee. Meanwhile the Finance Commission has been informed that real estate operators are endeavoring to interfere in the selection of a site. This is where that matter stands.

The primary purpose of this communication is to record this present state of the efforts to bring about scientific and economical disposal of refuse in Boston and incidentally to refer again to a suggestion made in a report on May 24, 1946, wherein the Commission proposed that the city take over the work of the disposal of the collections in the business center and parts of areas adjoining. This disposal is now arranged for by contract with the Coleman Disposal Company which totes scows loaded at Fort Hill Wharf, at Albany street yards of the Public Works Department, and at Victory Road, Dorchester, to Spectacle Island and there dumps the refuse on city-owned land. The city is now paying the contractor \$414,000 a year for this work.

In the report of May 24, 1946, the Finance Commission stated its opinion that the City could take over this work for a net cost of approximately \$215,000. That is \$200,000 less than is now paid to the contractor.

This opinion of the Finance Commission is based on a careful survey of the conditions. The estimate of the justifiable cost will stand the closest scrutiny. In making the recommendation that the City should undertake this work itself, the Finance Commission is not abandoning the idea that disposal in an incinerator on Albany Street as proposed is the proper method. The Commission believes that that construction should be speeded.

Nevertheless the construction of this Albany Street incinerator will take considerable time, probably more than a year once the start has been made to obtain authority and appropriation for construction. Disposal service by other means must continue in the meantime. Nevertheless, continuance of the payment of \$414,000 a year for it is not justifiable. The City can do the work, can buy the necessary equipment, and still leave a substantial margin out of the \$414,000.

The City has recently elected to buy out the gas street-lighting equipment and perform the work of lighting many streets by gas through its ownership of the equipment. The reason there was that the City can make a considerable saving. The situation in refuse disposal is identical. The City can give the same service more cheaply by purchasing equipment and eliminating the contractor.

In reaching this conclusion the Commission has listed the employees of the contractor and has provided in its estimate for the number now engaged in the work and has allowed the prevailing city rate of pay for each.

The cost to the City on this basis follows:

SUMMARY OF ESTIMATED COST UNDER CITY OPERATION.

1 Superintendent of Disposal.....	\$5,200
Labor Cost:	
Spectacle Island.....	\$102,422
Fort Hill Station.....	5,682
Albany Street Station.....	7,882
Victory Road Station.....	1,894
Scows.....	11,364
Additional.....	10,000
Total Labor Cost.....	\$144,444
City's Contribution to Retirement Fund.....	\$5,257
Material and Supplies.....	90,000
Towing Charges.....	30,092
Telephone Charges.....	500
Repairs.....	5,000
Total Operating Cost.....	\$275,293

Less Estimated Income from service charges.....	\$61,563
Net Annual Operating Cost.....	\$213,730
1946 Coleman Contract.....	\$414,000
Estimated Annual Cost under city operation.....	213,730
Saving.....	\$200,270

A breakdown of the pay roll cost by unit of operation follows:

SPECTACLE ISLAND.

CLASSIFICATION OF LABOR	Contractor's Rate of Pay	Prevailing City Rate	Annual Pay *	E. C. A. Per Year
1 Superintendent.....	—	\$2,800 00 year	\$2,800	\$200
1 Office Man.....	\$1 25 hour	2,200 00 year	2,200	200
1 Chief Engineer.....	1 50 hour	60 00 week	3,128	200
1 Assistant Engineer.....	1 41 hour	51 00 week	2,660	200
3 Watch Engineers.....	1 41 hour	48 00 week	7,510	600

The difference between these figures of cost, if the City performs the service, and the contract price is accounted for principally by the profit in the present arrangement. In addition, there are contractor costs which the City would not have in performance of the work by its own employees.

The City can take the material as it is dumped on scows at the wharves, in purchased or hired scows, just as the present contractor does, and hire a tug-towing service to tote the scows to Spectacle Island. There is now no complicated reduction plant at Spectacle Island to be considered, such as there was in previous generations of disposal at Spectacle Island. The material is now all dumped on city-owned land. The equipment used by the contractor which consists of a railroad engine, and trackage and open railroad cars can be eliminated. Motor trucks can be used at a cheaper cost to move the refuse from the landing to its final depository. The crane used to lift the refuse from the scows is already city property and is listed as such by the Board of Assessors. It became a part of the permanent fixtures at the expiration of the first contract under which it was used. A provision of that contract so specified.

Thus the City can follow practically the same disposal procedure now in operation.

The Commission deems it important to stress that it believes there should be no further delay in arranging for the construction of the Albany Street incinerator. It would make this harbor disposal method unnecessary. Nevertheless it believes it is not justifiable to continue the present method, not even until the incinerator is in operation, because the cost is too great.

For many years this contract for disposal at Spectacle Island was on a ten-year basis with approval required (by the charter amendments of 1909) by the City Council after a hearing. When the Finance Commission recommendation to substitute the incineration method in a plant to be constructed on Albany Street was favorably received in 1941, it was then decided that inasmuch as incineration was soon to be the mode of disposal it would be unwise to make another contract on a ten-year basis for disposal at Spectacle Island. Since that time a contract has been given each year without competition to the Coleman Disposal Company on a one-year basis. This circumvents the charter requirement of approval by the City Council which applies only to contracts extending over one year.

The present contract with the Coleman Disposal Company expires on December 31, 1946. There is still time within which the City can make arrangements to take over this service, and it is recommended that the making of such arrangements be started at once.

Respectfully submitted,
EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
The Finance Commission.

ROBERT E. CUNNIFF, Secretary.

Placed on file.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on petition (referred September 30) of Boston Elevated Railway Company for permit to operate motor vehicles between junction of Washington street and Gallivan Boulevard and junction of Morton street and Gallivan Boulevard over Washington street and Morton street, in either direction—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

PERAMBULATION OF BOUNDARY LINES, ETC.

President KELLY offered the following:

Ordered, That two members of the City Council, the City Clerk, and the Chief Engineer of the Street Laying-Out Department, or their duly appointed substitutes, be, and hereby are, appointed in behalf of the City Council to perambulate the boundary lines and to examine the bound marks between Boston and the adjacent cities and towns of Revere, Everett, Somerville, Newton, Brookline, Dedham and Milton; to report descriptions of the same and to cause bound marks

to be erected or removed wherever necessary; the expense incurred under authority of this order, if any, to be charged to the Contingent Fund.

The order was passed, under suspension of the rule, and President KELLY appointed Councilors Bryan and Hurley as the two members from the Council.

PAYMENT TO INOCENTIA F. MAGUIRE.

Coun. BAYLEY offered the following:

Ordered, That under the provisions of chapter 316 of the Acts of 1916, the sum of fifteen hundred (\$1,500) be allowed and paid to Inocentia F. Maguire.

Passed under suspension of the rule.

LOCKER BUILDINGS AT COLUMBUS PARK AND STADIUM.

Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor request the Park Commissioner to put the two locker buildings at Columbus Park and Stadium in good condition for use during this football season so that warm showers and lockers will be available for the football players of the Boston Park Department League and other organizations.

Passed under suspension of the rule.

NAMING OF SQUARE IN HONOR OF LIEUT. GEORGE W. VACCARO, JR.

Coun. SULLIVAN offered the following:

Ordered, That the Mayor's Committee on the Naming of Squares be requested, through his Honor the Mayor, to consider the advisability of naming the square at the junction of Roxbury, Zeigler and Washington streets, in honor of Lieut. George W. Vaccaro, Jr., who was killed in action on his 131st mission over Valence, France.

Passed under suspension of the rule.

PROPER EQUIPMENT AND FACILITIES AT PLAYGROUND FIELD HOUSES.

Coun. HANNON offered the following:

Ordered, That the Park Commissioner be directed by his Honor the Mayor to provide proper equipment and facilities at all field houses on Boston's playgrounds; particularly hot water, ropes and stakes, and equipment for marking off the lines on the football gridirons.

Coun. HANNON—Mr. President, this order is practically a duplicate of the order signed by the councilor from South Boston. I think that he is running up against the same conditions that I and other councilors have run up against. Something should be done to make our playgrounds real playgrounds. I was to a football game Sunday afternoon in the Savin Hill section. In order to play, the fellows had to mark off the field themselves. There were no benches for them. They had to take benches out of the field house. It was called to my attention on Friday that the boiler is not working. I got in touch with the Park Commissioner. We found that some repairs had been made. There was warm water on one side but only cold water on the other side. These conditions seem to prevail. Another thing, there is no rope to rope off the field. The result is that the spectators are inside the boundary lines of the field. No police officer can hold them back. They had two officers Sunday. They were doing the best they could. Ever so often the crowd would sweep onto the field. It is fortunate we did not have any fatalities or at least a serious accident. I think it is about time that the Park Commissioner really saw to it that the various field houses in the different playgrounds of the city are properly equipped. If he hasn't the money he should ask for it and get it. They had rope enough there to rope off the playgrounds during the football game. It would take only 10 or 12 stakes. Sufficient rope could be kept at each house to do it. If an extra man is needed, the extra man should be provided. I think in reality a playground should be something more than a place that has been cleared off. Some of them are not even that. I hope that his Honor the Mayor will give some attention to this and direct the present Commissioner to see to it that when

these kids go out to play ball, whether it is Sunday or Monday, or any other day, the playgrounds will be in proper condition and that care will be used to see that spectators will not be trampled upon. The order was passed under suspension of the rule.

LIGHTING FACILITIES, HAUTEVALE AND DALE STREETS.

Coun. CANTWELL offered the following:

Ordered, That the Commissioner of Public Works be directed, through his Honor the Mayor, to provide additional lighting facilities on Hautevale and Dale streets, Ward 18.

Passed under suspension of the rule.

TRAFFIC SIGNALS, CUMMINS HIGHWAY AND HYDE PARK AVENUE.

Coun. CANTWELL offered the following:

Ordered, That the Traffic Commissioner be directed, through his Honor the Mayor, to arrange for the installation of traffic signal lights at the junction of Cummins Highway and Hyde Park avenue, Ward 18.

Passed under suspension of the rule.

NEW SIDEWALK ON PORTION OF CUMMINS HIGHWAY.

Coun. CANTWELL offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct a new sidewalk at that portion of Cummins Highway, opposite Nos. 290-310, to replace the present gravel sidewalk at this location.

Passed under suspension of the rule.

ACCEPTANCE OF WHITNEY PARK AND BALDWIN STREET, WARD 18.

Coun. CANTWELL offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as public highways Whitney park and Baldwin street, Ward 18.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of John Mercandante (referred September 30) as constable for term ending April 30, 1947, authorized to serve civil process upon filing of bond—recommending confirmation of appointment.

The report was accepted, and the question came on confirmation. Committee, Councilors Sullivan and Cantwell, and the appointment was confirmed, yeas 12, nays 0.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. BRYAN, for the Committee on County Accounts, submitted the following:

Report on message of the Mayor and order (referred September 23) to amend compensation and classification plans by re-establishing the classification of chief stenographer and indictment clerk, in office of District Attorney of Suffolk County—recommending that same ought to pass.

Report accepted; said order passed.

RUTHERFORD AVENUE, WARD 2.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to order the Commissioner of Public Works to restore the Boston Consolidated Gas Company to restore Rutherford avenue, Ward 2, to its original condition.

Passed under suspension of the rule.

MOTION TO ADJOURN.

Coun. FISH—Mr. President, out of respect to the untimely death of a former member of this Body, Fred Dowling, who in fact is being buried this afternoon, I move we do now adjourn.

Coun. SULLIVAN—Mr. President.

President KELLY—There is no debate, councilor.

Coun. SULLIVAN—Mr. President, I would like to raise a point of order. We could adjourn to a specified time. There is something on the calendar, \$5,000,000. It takes effect October 17 if we do not take action on it one way or another. I think some consideration should be given to the members who are seeking information.

President KELLY—The Chair will rule that is not a point of order. The members know that themselves.

The question came on adjournment. The chairman was in doubt. There was a rising vote, and the motion was not carried.

RECESS.

On motion of Councilor Bryan the Council voted at 2.50 p. m. to take a recess subject to the call of the Chair. The members reassembled and were called to order by President Kelly at 3.05 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

Report on message of Mayor and order (referred today) for transfer of 300,000 square feet of land at Gallivan Boulevard and Washington street from custody of Board of Real Estate Commissioners to custody of Park Department—that same ought to pass.

Report accepted; said order passed.

REGRET AT DEATH OF FREDERIC E. DOWLING.

Coun. MADDEN, LANE and KELLY offered the following:

Resolved, That the City Council of the City of Boston, in meeting assembled, hereby expresses its deep regret at the untimely passing of Frederic E. Dowling, Election Commissioner of Boston, and former member of the City Council, whose long, honorable and conscientious contributions to the city government of Boston will forever preserve his memory as one of Boston's foremost citizens.

The resolution was passed by a unanimous rising vote.

INCREASED SALARIES FOR CITY HOSPITAL EMPLOYEES.

Coun. SCANNELL offered the following:

Ordered, That his Honor the Mayor be requested to immediately increase the salaries of nurses and other employees of the Boston City Hospital and also to arrange for the appointment of additional nurses to the staff of this institution.

Coun. SCANNELL—Mr. President, for years, as a member of the Council, I have been on the Committee on Hospitals and, therefore, I have had an opportunity to see and to study the conditions prevailing at the City Hospital, and realize the serious condition there now, particularly because of shortage of nurses. Mr. President, I say now, because of my knowledge of conditions at that institution, that there are actually patients there dying at the present time, because of the neglect caused by shortage of help. That is a pretty strong statement to make, but it is the truth. We have nurses at the hospital who are taking care of fifty patients at a time, because of this shortage. Imagine that, Mr. President, the nurses there, now getting \$30 a week, being obliged to put up with that sort of thing, but simply not wanting to leave the hospital because of their loyalty to it. You all understand, as well as I do, that the nurses there are underpaid and that there is not a sufficient number of them to enable them to properly perform their duties. The conditions at the hospital in this respect are really acute, and the number of nurses and employees at the hospital should be increased at the earliest possible moment, and their salaries increased. I feel, of course, that naturally we all want to do what is best for the patients at the hospital and for the nurses and other employees. The Trustees should do something for the nurses at the hospital, and I feel confident that, if the means are supplied to them, they will do their best. They have done what they could under the conditions which have prevailed, and I feel sure that if we do our part they will cooperate. Our nurses and employees have been loyal, and I know that, with our help, the present conditions there will be relieved. I speak at this time feeling that I know the conditions up there, and I realize any members who may look into the matter will feel that something should be done immediately to take care of faithful nurses and other employees. Let us see if we cannot give much needed help to those nurses and employees at this time. We now have the opportunity and we should take advantage of it. I ask suspension of the rule and the passage of the order.

The order was passed under suspension of the rule.

LOAN FOR OFF-STREET PARKING.

Coun. CHASE—Mr. President, a point of information. I would like to know whether No. 1 on the calendar, \$5,000,000, was also in before the Executive Session.

President KELLY—The order is now in the Executive Committee.

Coun. SULLIVAN—Mr. President, I move No. 1 be taken from the calendar.

Coun. MUCHNICK—Mr. President.

President KELLY—I am sorry, your motion is out of order. It is not No. 1, it is lines 1 and 2 on the calendar.

Coun. MUCHNICK—Mr. President, I move we adjourn.

Coun. RUSSO—Mr. President, a point of order. Coun. CHASE—Mr. President.

President KELLY—There is no debate.

The question came on the motion to adjourn. The motion was declared carried. Councilor Russo doubted the vote, and, a sufficient number of councilors having supported him, the clerk called the roll. The motion was lost, yeas 8, nays 8:

Yeas—Councilors Bryan, Cantwell, Carey, Fish, Kelly, Kinsella, McCormack, Muchnick—8.

Nays—Councilors Bayley, Chase, Keenan, Linehan, Moriarty, Russo, Scannell, Sullivan—8.

Coun. SULLIVAN—On lines 1 and 2 on the calendar, is it a general practice to list loan orders on the calendar?

President KELLY—I understand this is put in the calendar to remind the Body to act, for action has to be taken before October 17, or it passes. The Chair will also remind the Body this order is still in the Executive Committee.

Coun. RUSSO—Mr. President, a point of information. The reason I ask a point of information is that this calendar has fooled me. It might fool some of the other councilors. I took it for granted it was before the Council Body here. Now we find it is in Executive. We have just come out of Executive. To my surprise all of the matters were taken up in Executive except this matter of the \$5,000,000.

President KELLY—The Chair has no control over what took place in the Executive Session. It is up to the members of the Body.

Coun. SCANNELL—Mr. President.

Coun. CHASE—Mr. President.

Coun. RUSSO—Am I in order to move we go back in Executive Session?

President KELLY—Councilor Russo moves we now go back into Executive Session. Speaking on the motion, Councilor Chase.

Coun. CHASE—Mr. President, I am of the opinion a number of councilors did not realize this matter is now pending before the Executive Committee. They were confused by the fact this \$5,000,000 proposition did appear on the calendar. I think it is only proper we should go back into Executive and give consideration to the \$5,000,000 loan order. I have in mind, sir, that it is only a few days away when this loan order will automatically pass, unless action is taken on it one way or another. Personally, I am not in favor of granting \$5,000,000. I say, grant \$1,000,000 piecemeal. I think, Mr. President, in view of the fact that it involves a lot of money and there is quite a bit of controversy over it, we should go back into Executive and determine just what action the Council will take. I hope we do return to the Executive.

Coun. SCANNELL—Mr. President, I would like to make an amendment to that, that the Executive Committee meet Friday morning at 11 o'clock for the purpose of seeking more information in regard to off-street parking. I would like to make an amendment to that, to 10 o'clock.

President KELLY—All right, councilor. It is a separate motion. It takes precedence over your motion (to Councilor Russo).

Coun. RUSSO—Talking on the motion, Mr. President, I am in favor of it so far as having the Executive Session on next Friday. I hope that the persons interested in this \$5,000,000, the heads of the various departments, will be before us.

President KELLY—The question is on Councilor Scannell's motion that the next Executive Session be Friday morning at 10 o'clock.

Coun. SULLIVAN—Mr. President, I wish to further amend the motion to make it tomorrow morning at 11 o'clock, Tuesday morning. We know that Thursday and Friday are days of the series games here in Boston.

President KELLY—I am sorry, councilor, but the motion for the longer time takes precedence. Councilor Scannell's motion is in order that the next Executive meeting of the Boston City Council be on Friday morning at 10 o'clock.

The question came on the motion and the Chair, being in doubt, asked for a rising vote. The motion was lost.

Coun. BRYAN—Mr. President, I move we now adjourn.

President KELLY—Councilor Sullivan had a pending motion.

Coun. SULLIVAN—That the Executive Committee meet tomorrow at 11 o'clock.

Coun. FISH—Mr. President, speaking on the motion, this has been a matter which has been controversial. I do not know whether every witness that the Council wished to have present has been present. If there are any more to be heard I would like to have the Council take that into consideration. Can we get them here tomorrow morning at 11 o'clock? That is the only reason I voted to have the hearing Friday morning at 10 o'clock. However, if any individual councilor has somebody he wants to invite and he feels he can get them here tomorrow morning at 11 o'clock, possibly it would be a better day to have a hearing.

President KELLY—The motion is to have the next Executive meeting tomorrow morning at 11 o'clock.

Coun. CHASE—Talking on the motion, Mr. President, I would like to know, since we have had a number of witnesses before our Executive

Session, I would like to know just what other witnesses will be called before the committee in the hope that information will be given.

Coun. FISH—Mr. President.

Coun. SCANNELL—Mr. President.

Coun. FISH—Speaking as chairman of the Executive Committee, my individual opinion is we have heard about everybody. I just give the thought to the Council that, if they have anybody else, we would be glad to hear them. Can we get them here by 11 o'clock tomorrow?

Coun. RUSSO—Mr. President, I would like to have the chairman of the Executive Committee invite also a Mr. Eliot before our committee. The last time he stated he would be glad to come in at any time we requested to give us all the information that he can to enlighten us so far as this \$5,000,000 is concerned.

President KELLY—Do you make that in the form of a motion?

Coun. RUSSO—I do.

Coun. FISH—Mr. President, the Chair will be pleased to extend the invitation to Mr. Eliot if the Council so votes for a meeting tomorrow. I cannot guarantee he will be here on such short notice any more than I can guarantee any businessman will be here on such short notice. I will extend the invitation this afternoon.

The question came on the motion to have the Executive Session Tuesday at 11 a. m. and to invite Mr. Eliot to attend. The motion was lost.

Coun. CHASE—Mr. President, I move that this \$5,000,000 loan order be taken from the calendar.

Coun. MUCHNICK—Mr. President, a point of order.

Coun. BRYAN—Mr. President.

President KELLY—The motion is out of order. The \$5,000,000 loan order is not on the calendar. Coun. BRYAN—Mr. President, I move we now adjourn.

President KELLY—There is no debate.

The question came on the motion to adjourn. The Chair, being in doubt, asked for a standing vote, and the motion to adjourn was carried, yeas 11, nays 7.

Adjourned at 3.50 p. m., on motion of Councilor Bryan, to meet on Monday, October 14, 1946, at 2 p. m.

PROCEEDINGS OF SCHOOL COMMITTEE.

Sept. 3, 1946.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 1:45 o'clock p. m.

Present: Messrs. Foley, McDevitt, and White.

CHAIRMAN PRO TEMPORE

In the absence of the Chairman, Dr. Patrick J. Foley was elected Chairman pro tempore.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

DEATHS

The Superintendent reported the deaths of the following-named teachers:

Brandeis Vocational High School—Alice D. Murley, senior assistant, Aug. 14, 1946.

Dillaway District—Mary M. Simpson, vice-principal, Aug. 2, 1946.

Patrick T. Campbell Intermediate District—Anne M. Cassidy, teacher, intermediate, July 29, 1946.

Placed on file.

The Superintendent reported the death of the following-named cafeteria attendant:

Department of School Lunches—Mary A. Conley, cafeteria attendant, Aug. 12, 1946.
Placed on file.

The Superintendent reported the death of the following-named principal who had been retired under the provisions of the Boston Retirement System:

Dwight-Everett District—Bertha L. Mulloney, July 24, 1946.
Placed on file.

The Superintendent reported the deaths of the following-named teachers who had been retired on pension:

Bennett District—Clara L. Harrington, Apr. 30, 1946.

Patrick F. Gavin Intermediate District—Katherine J. Kincade, Feb. 25, 1946.

Placed on file.

The Superintendent reported the deaths of the following-named teachers who had been retired under the provisions of the Boston Retirement System:

Hyde Park High School—Thomas E. Winston, Aug. 8, 1946.
Gilbert Stuart District—Mary H. Brick, July 29, 1946.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent, to take effect on the date stated, were presented:

Brighton High School—Rita M. Burke, assistant, Aug. 31, 1946.

Charlestown High School—Mary E. Conlon, industrial instructor, Aug. 31, 1946.

East Boston High School—Francis J. Gibbons, guidance counselor, Aug. 31, 1946.

Roxbury Memorial High School (Girls)—Katherine M. Fallon, assistant, Aug. 31, 1946.

Charles Sumner District—Catherine F. McKernan, teacher, elementary, Aug. 31, 1946.

Dwight-Everett District—Margaret M. Quinn, vice principal, Aug. 31, 1946.

Henry L. Higginson District—Dorothea M. Dinand, vice principal, Aug. 31, 1946.

Henry L. Pierce District—Maybelle K. Supple, teacher, elementary, Aug. 31, 1946.

Warren District—Helen G. Bruner, teacher, elementary, Aug. 31, 1946; Doris Ragolsky, assistant, special class, Aug. 31, 1946; Marie E. Cullity, teacher, elementary, Aug. 31, 1946.

Washington Allston District—Sibyl Kuskin, teacher, kindergarten, Aug. 31, 1946.

William E. Endicott District—Sarah Albert, assistant, special class, Aug. 31, 1946.

William Howard Taft Intermediate District—Selma R. Axelrod, teacher, intermediate, Aug. 31, 1946.

Department of Household Science and Arts—Genoveffa C. Corea, teacher of cookery, intermediate, Aug. 31, 1946; Mary L.

Kelly, Barbara A. Hewitson, teachers of sewing, elementary, Aug. 31, 1946.

Speech Improvement Classes—Rose E. Vinton, assistant, Aug. 31, 1946.

Accepted.

The following resignations, reported by the Superintendent, to take effect on the date stated, were presented:

Department of School Lunches—Margaret J. Donahue, Patricia M. Gillooly, cafeteria attendants, Aug. 31, 1946.

Accepted.

RETIREMENTS ON PENSION

A communication was received from the Superintendent, under date of Sept. 3, 1946, reporting the retirement from active service of the following-named members of the Boston Retirement System, to take effect Aug. 31, 1946, as certified by the Boston Retirement Board:

The Teachers College—Julia E. Dickson, professor (women).

Public Latin School—Henry R. Gardner, Frederick G. Getchell, heads of department, men.

Boston Technical High School—George M. Morris, head of department, men; Lester E. Markham, master.

Dorchester High School for Boys—Arthur W. Ross, master.

English High School—George I. Pettengill, master.

Girls' High School—Frank A. Kennedy, head of department, men; Elizabeth E. Haggerty, assistant.

High School of Practical Arts—Fred V. Garey, master.

Roslindale High School—Francis J. Conlin, head of department, men.

Chapman District—Anne R. Mohan, principal.

Horace Mann School for the Deaf—Jennie M. Henderson, principal.

Mather District—Margaret J. Schenck, teacher, elementary.

Phillips Brooks District—Mary C. Maloy, vice principal.

Thomas N. Hart District—Rachel W. Washburn, teacher, elementary.

Department of Household Science and Arts—Elizabeth D. Chadwell, teacher of cookery, intermediate; Kate Farlin, teacher of sewing, intermediate.

Department of Manual Arts—Frances L. Nickerson, assistant.

Placed on file.

The Superintendent offered the following:

ORDERED, That the following-named persons are hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, Chapter 304 of the Special Acts of 1915, and Chapter 685 of the Acts of 1945, the date of retirement and rate of pension to be as hereinafter specified:

Shay, Agent, Board of Collegiate Authority, Massachusetts Department of Education, under date of Aug. 26, 1946, reporting that the piano tuning course training program, Henry L. Pierce School, has been approved by the Board of Collegiate Authority for the purpose of Public Law 346.

Placed on file.

DEATH OF BUSINESS MANAGER

A communication was received from the Secretary, under date of Sept. 9, 1946, reporting the death on Sept. 7, 1946, of Alexander M. Sullivan, Business Manager, Boston School Committee.

Placed on file.

The Secretary read the following resolution:

WHEREAS, God in His Infinite Wisdom and Mercy has called to his eternal reward Alexander M. Sullivan, Business Manager of the Public Schools of Boston, the School Committee, deeply conscious that his untimely death has been a great loss to the teachers and pupils, to the school system as a whole, and to the entire citizenry of Boston, has directed that the following tribute to his memory be spread upon the records:

Alexander M. Sullivan, Business Manager, has died in office, after a service of forty years in the public schools of Boston. Beginning his work in the position of messenger he advanced through the various ranks of Assistant, Chief Accountant, Assistant Business Agent, Business Agent, and Business Manager, in which position he has served since 1926. His

service in the important office of Business Manager has been characterized by unselfish and untiring devotion to duty.

Charged with the responsibility of approving all expenditures and advising the School Committee concerning all school costs, he presented each month complete and detailed statements of current expenditures together with comparative costs of preceding years in order that the School Committee should have full information readily available on which to base judgment for needed expansions or economies. His records won the approval not only of certified public accountants but also of national organizations of schools and business officials. The United States Commissioner of Education has this to say of his annual report: "I have had this report read independently by three different persons, all of whom are skilled in the matter of school statistics. Reports from all three are highly favorable and they report that your document contains about all that might be expected in a financial report of a city school system of the size of Boston."

Teachers' College, Columbia University, reports: "We are much interested in your reports and have used them for classroom work. The kind of work you have been doing in setting up costs for various departments has been exceedingly interesting because of your appreciation that budgets cannot be developed adequately without such accounts."

Alexander M. Sullivan was always conscious of his responsibility to the citizens and taxpayers of the City and in recognition of this responsibility his annual reports contained a detailed analysis of the expenditures of millions of dollars in a form readily understandable by the average citizen.

In his contacts with his associates and the public at large he was unassuming, affable, approachable, and sincere. He possessed a rugged honesty and a moral courage that endeared him to a host of friends. His interests were not confined to his office but were extended, often at great personal sacrifice, to many activities of the City and State. He enjoyed to an unusual degree the confidence and esteem of his immediate associates as well as the citizenry at large. It was this relationship with his fellow workers and friends and their reaction to his warm friendly nature that caused him to be known as a man of understanding, sympathy, and good will.

RESOLVED, That the School Committee of the City of Boston, in meeting assembled, extends its sincere sympathy to the family of Mr. Sullivan and directs that a copy of this resolution be sent to his wife as an expression of the deep feeling of loss that has come to his family, to the public schools, and to the City of Boston.

By unanimous vote of the School Committee, the tribute to the memory of Alexander M. Sullivan was ordered spread upon the records and a copy thereof sent to Mr. Sullivan's family.

DEATH OF SHORTHAND REPORTER

A communication was received from the Secretary, under date of Sept. 9, 1946, reporting the death on Sept. 8, 1946, of James C. Carr, shorthand reporter.

Placed on file.

The Secretary read the following resolution:

RESOLVED, That the School Committee place upon its records this expression of sincere regret at the loss to the school system of the late James C. Carr, shorthand reporter.

In the service of the School Committee for the past ten years, Mr. Carr was a courteous, faithful, and dependable worker. His recording of Conferences and Meetings was promptly prepared and was accurate and reliable. His broad experience and training in all kinds of reporting made him especially valuable in the detailed and exacting work of recording verbatim transcriptions of proceedings of the School Committee.

His death marks the end of a life of exceptional usefulness and loyal intelligent service. The School Committee and other school officials who were associated with him feel a deep personal loss in the passing of a loyal and faithful public servant, and express their deepest sympathy to his wife and family in their bereavement.

By unanimous vote of the School Committee, this tribute to the memory of James C. Carr was ordered spread upon the records and a copy thereof sent to Mr. Carr's family.

RESIGNATIONS

The following resignations reported by the Superintendent, to take effect on the date stated, were presented:

Dorchester High School for Girls—Miriam R. Brown, assistant, Aug. 31, 1946.

Jeremiah E. Burke High School for Girls—Helen P. McKay, assistant, Aug. 31, 1946.

Elihu Greenwood District—Margaret R. McDonough, teacher, elementary, Aug. 31, 1946.

Francis Parkman District—Harriet L. Nee, teacher, intermediate, Aug. 31, 1946.

Henry L. Higginson District—Mary A. Gurley, teacher, elementary, Aug. 31, 1946.

Lewis Intermediate District—Menorah J. Wagman, teacher, intermediate, women (physical education), Aug. 31, 1946.

Oliver Wendell Holmes Intermediate District—Paul E. Dowling, teacher, intermediate, Aug. 31, 1946.

Accepted.

RETIREMENT ON PENSION

The Superintendent offered the following:

ORDERED, That the following-named person is hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, Chapter 304 of the Special Acts of 1915, and Chapter 685 of the Acts of 1945, the date of retirement and rate of pension to be as hereinafter specified:

Rice-Franklin District—Jennie P. Grose, teacher, elementary, Aug. 31, 1946, \$900.

Passed unanimously.

LEAVES OF ABSENCE

On motion of the Superintendent, it was

ORDERED, That the action of the School Committee at the meeting of May 14, 1946 (see p. 90), granting the following leave of absence is hereby rescinded:

Abraham Lincoln District—Irvine D. Reade, submaster, from Sept. 1, 1946, to Aug. 31, 1947, for rest.

A communication was received from the Superintendent, under date of Sept. 9, 1946, recommending that the following-named teachers be granted leave of absence, without pay, for the term specified, in order that they may teach mathematics at the Fort Devens Extension of the Massachusetts State College:

Bigelow District—William A. O'Shea, submaster, Sept. 1, 1946 to June 26, 1947.

William Barton Rogers Intermediate District—John F. Hubbard, teacher, intermediate (assigned to School for Veterans), Sept. 1, 1946 to June 26, 1947.

Placed on file and leaves of absence without pay granted for the period specified.

TRANSFER

A communication was received from the Superintendent, under date of Sept. 9, 1946, reporting that subject to the approval of the School Committee, he has made the following transfer of a teacher:

Mary M. McLaughlin, teacher, intermediate, William Howard Taft Intermediate District, to the same position in the William Barton Rogers Intermediate District, Sept. 1, 1946.

Approved.

CHANGE IN RANK

On motion of the Superintendent, it was

ORDERED, That the rank of Dr. Carl F. Maraldi, Supervisor of Nutrition Classes, Department of School Hygiene, is hereby changed to Supervisor of Nutri-

tion, Department of School Hygiene, to take effect Sept. 1, 1946.

LEASING OF CUDWORTH SCHOOL

The following preamble and order were offered:

WHEREAS, The Cudworth School, Gove Street, corner of Paris Street, East Boston, is not in actual use for school purposes, it is hereby

ORDERED, That the City Council is hereby requested to authorize the School Committee, in the name of the City, to lease to the Major P. J. Grady Camp, No. 3, United Spanish War Veterans, Department of Massachusetts, the Cudworth School, Gove Street, corner of Paris Street, East Boston, such occupancy to be discontinued at the will of the School Committee.

The preamble was adopted and the order passed unanimously.

USE OF STREET FOR PLAY PURPOSES

On motion of the Superintendent, it was

ORDERED, That for the purpose of promoting recreation, play and sport, in accordance with the provisions of Chapter 220 of the Acts of 1938, the Traffic Commission of the City of Boston be requested to close to vehicular traffic the following street or part thereof during the period of time hereinafter set forth:

Putnam Street, East Boston, between White and Trenton Streets, on Monday, Sept. 9, 1946, between the hours of 8 and 11 o'clock P. M.

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of Sept. 9, 1946, reporting the following successful candidates of the 1945 examinations for Certificate XI. Special: Shop Instructor, as reported by the Board of Examiners:

SALARY SCHEDULE FOR TEACHERS, MEMBERS OF THE SUPERVISING STAFF AND OTHERS, YEAR ENDING AUG. 31, 1947

The following thirteen orders establishing a salary schedule, with increments, for teachers, members of the supervising staff

and others, for the year ending Aug. 31, 1947, were offered:

1. ORDERED, That the salaries of teachers, members of the supervising staff and others are hereby established for the school year September 1, 1946, to August 31, 1947, inclusive, in accordance with the following schedule and subject to the following adjustments or limitations:

2. ORDERED, That during the year beginning September 1, 1946, and ending August 31, 1947, teachers, members of the supervising staff and others who on August 31, 1946, shall not have reached the maximum of their salary schedules, shall be advanced in accordance with the provisions of the regulations on their respective anniversaries by the amount of the annual increment provided for in the following schedules until the new maxima of the ranks are reached; provided that the final increment shall be such as shall place the person upon the maximum salary of his rank.

SUPERVISORS OF ATTENDANCE

Supervisors of Attendance	\$7.00
---------------------------	--------

4. ORDERED, That for the year ending August 31, 1947, any teacher or member of the supervising staff who may be designated by the Superintendent in accordance with the regulations to fill a vacancy caused by the death, disability or absence of a principal of a school or district, or of a director, associate director, assistant director in charge of a department, or supervising nurse, for a continuous period exceeding two weeks, shall be paid at the rate of \$1.00 per day of service in addition to the regular salary of his rank. A teacher or member of the supervising staff who may be similarly designated to fill the position of assistant director; head of department; co-ordinator; guidance counsellor; sub-master; vice principal; vice principal, special classes; or shop foreman; shall be paid at the rate of fifty cents (50c) per day for each day of service, in addition to the regular salary of his rank.

5. ORDERED, That for the year ending August 31, 1947, any

master, junior master or assistant, Latin and day high schools, who may be designated by the Superintendent in accordance with the regulations as acting head of department in charge of a single subject where there are in the proposed department not less than two thousand pupil hours, taught by at least four teachers, whole or part-time, shall be paid at the rate of fifty cents (50c) per day for each day of service, in addition to the regular salary of his rank.

6. ORDERED, That for the year ending August 31, 1947, any cafeteria attendant who may be designated by the Superintendent to serve as acting cafeteria manager in a Type A School shall be paid at the rate of one dollar and twenty cents (\$1.20) per day of service in addition to the regular salary of her rank.

7. ORDERED, That for the year ending August 31, 1947, any cafeteria attendant who may be designated by the Superintendent to serve as acting cafeteria manager in a Type B School shall be paid at the rate of fifty cents (\$0.50) per day of service in addition to the regular salary of her rank.

8. ORDERED, That for the year ending August 31, 1947, any cafeteria manager, permanent or temporary, who may be assigned by the Superintendent to the office of the Director of School Lunches shall be paid at the rate of three dollars (\$3) per day of service in addition to the regular salary of her rank.

9. ORDERED, That during the school year 1946-47 the Superintendent is hereby authorized to fix the compensation of all persons giving lectures and improvement courses for teachers other than those whose compensation is fixed in the salary schedule for teachers and members of the supervising staff.

10. ORDERED, That holders of present XXXI, or XXXI. B certificate who while serving under said certificate obtain a Bachelor's degree shall be granted the maximum salary of \$3888, provided they have served at least one year on the former maximum of \$3744.

11. ORDERED, That the salary of Marie H. O'Brien, teacher, elementary, William Lloyd Garrison District, is hereby established at the rate of \$1896 (eighteen hundred ninety-six dollars) per annum, to take effect Sept. 1, 1946; that she shall be advanced to a salary of \$2040 (two thousand forty dollars) per annum, to take effect Dec. 1, 1946; and that she shall be advanced

upon successive anniversaries of this latter date until the maximum of the rank is reached.

12. ORDERED, That the salary of Mary M. McMahan, teacher, elementary, Gaston-Oliver Hazard Perry District, is hereby established at the rate of \$1824 (eighteen hundred twenty-four dollars) per annum, to take effect Sept. 1, 1946; that she shall be advanced to a salary of \$1968 (nineteen hundred sixty-eight dollars) per annum, to take effect Dec. 1, 1946; and that she shall be advanced upon successive anniversaries of this latter date until the maximum of the rank is reached.

13. ORDERED, That Lulu Clark, secretary, The Teachers College, is hereby placed upon the ninth year of the salary of the rank, namely, two thousand sixteen dollars (\$2,016), per annum, to take effect September 1, 1946, and that she shall be advanced upon successive anniversaries of said date until the maximum of the rank is reached.

Question came on the adoption of the thirteen orders establishing the general salary schedule, with increments, for the year ending Aug. 31, 1947.

The thirteen orders passed unanimously.

DEATH OF CUSTODIAN

A communication was received from the Schoolhouse Custodian under date of Sept. 9, 1946, reporting the death on Aug. 23, 1946, of James P. Doyle, senior custodian, who had been retired under the Veterans' Pension System.

Placed on file.

RESIGNATION OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Sept. 9, 1946, reporting the resignation of Andrew F. McCarthy, junior custodian, Dorchester High Schoolhouse for Girls, to take effect Sept. 6, 1946.

Placed on file and the resignation accepted, to take effect on the date stated.

ASSIGNMENT OF CUSTODIAN

A communication was received from the Schoolhouse Custodian under date of Sept. 9, 1946, recommending an extension of the temporary assignment of William H. Flynn, senior custodian, High School of Practical Arts, to the office of the Schoolhouse Custodian for the period Sept. 10 to Oct. 10, 1946.

Placed on file and the assignment approved, to take effect on the date stated.

On motion, it was ORDERED, That the temporary assignment of William H. Flynn, senior custodian, High School of Practical Arts, to the office of the Schoolhouse Custodian, is hereby extended to Oct. 10, 1946.

CLOSING OF ADMINISTRATIVE OFFICES AND SUPPLY ROOM

The following was offered: ORDERED, That the administrative offices and supply room of the School Committee are hereby closed on Wednesday morning, Sept. 11, 1946, during the funeral services of the late Business Manager, Alexander M. Sullivan.

The regulations were suspended and the order passed.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE. Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT INDUSTRIAL SANITARY ENGINEER, DIVISION OF OCCUPATIONAL HYGIENE, DEPARTMENT OF LABOR AND INDUSTRIES, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: The entrance salary is \$3,540 a year; the maximum salary is \$4,080 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To be responsible for the field and laboratory work of the engineering staff, with supervision of the following: Collection and quantitative measurement by microscopic, X-ray, diffraction or other means of samples of industrial air contaminants and evaluation of the results in terms of hazards to workers, and measurement in industrial establishments of physically injurious heat, humidity, and air motion, of health factors in illumination, of physically injurious ultra-violet, infra-red, X-ray, and radium radiation, and of injurious noise; rendering of advice relative to the introduction or improvement of means of control of these hazards, or relative to protection therefrom; laboratory testing of the efficiency of respiratory protective devices with respect to industrial dusts, fumes, and gases; design and construction, operation, repair, and calibration of field instruments, and maintenance of field and laboratory equipment in proper operating condition; preparation of reports of field studies and investigations, including necessary drawings, plans and charts; preparation of abstracts of articles dealing with engineering aspects of occupational hygiene (including translation of foreign language articles). To initiate and supervise the development of

methods of atmospheric determination of mineral dusts, of identification and quantitative determination of mineral dusts, and of evaluation of health hazards associated with industrial processes, and initiate and supervise the prosecution of special engineering laboratory and field studies and reports; to keep abreast of developments in the field of occupational hygiene of importance to the engineering personnel, and assist them to do so by means of staff conferences and otherwise; to make such contributions to current research in the field as the interest of the Commonwealth warrants; to coordinate the engineering activities of the division with those in medicine and chemistry; to take part in the educational activities of the division as may be required. The duties require a working knowledge of industrial chemistry and industrial toxicology, detailed understanding of the subject of effective temperature, thorough grounding in sanitary engineering and complete familiarity with the principles of modern industrial ventilation, including exhaust hood and duct design, fan characteristics and performance of dust filters and collectors, as well as the ability to use such specialized instruments as the dust sampling impinger, jet dust counter, konimeter, Tyndell meter, dust counting microscope, carbon monoxide detector and recorder, anemometer, kata thermometer, Pitot tube, manometer, psychrometer, Venturi meter, foot candle meter, illuminometer and wet and dry gas meters.

Entrance Requirements: Applicants must have at least eight years of experience in chemical, mechanical, or sanitary engineering, including at least three years of experience in industrial engineering. *Substitution:* (a) Graduation in engineering from a recognized college or engineering school may be substituted for four years of the required eight years of chemical, mechanical, or sanitary engineering, but not for the required three years of experience in industrial sanitary engineering. (b) Post-graduate study in industrial sanitary engineering may be applied, year for year, to both the general and the special experience requirement.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

INSPECTOR OF DAIRY PRODUCTS, DIVISION OF DAIRYING AND ANIMAL HUSBANDRY, DEPARTMENT OF AGRICULTURE, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: The minimum salary is \$2,280 a year; the maximum salary is \$2,760 a year.

Vacancies: At present there are two vacancies for males to be filled on a permanent basis.

Duties: In accordance with uniform regulations established by the Milk Regulation Board, to inspect dairy farms located within or without the Commonwealth wherever milk is produced for sale or distribution in the Commonwealth, in order to classify the farms as producing units for registration enabling them to

sell within the Commonwealth; to determine if milk is transported under approvable conditions from farm to assembling plant and from assembling plant to point of distribution or processing in the Commonwealth; at times, to test milk for temperature compliance, adulteration, sediment, odors and flavor; to read reports submitted by quality-determining laboratories of the results of bacterial examinations by smear, direct microscopic and plate methods; at times, to inspect milk plants or manufactories, where milk is handled or assembled for sale in the Commonwealth, for sanitary condition, sound physical condition, and proper handling of milk and milk products; and to perform related work as required.

A knowledge of bacteriology and of all the dairy laws, particularly sections 16 to 16-L of chapter 94 of the General Laws, is essential.

Entrance Requirements: Applicants must have four years of experience in supervising the handling of market milk on a dairy farm or in a dairy plant. *Substitution:* A successfully completed course of college level in dairy science as applied to milk and milk products may be substituted for two years of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

HEAD OCCUPATIONAL THERAPIST, DEPARTMENT OF MENTAL HEALTH, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: The entrance salary with maintenance is \$1,740 a year; the maximum salary with maintenance is \$2,100 a year.

Vacancies: At present, there is one vacancy at Foxborough State Hospital for a female to be filled on a permanent basis.

Duties: Under general supervision to have charge of giving instruction in interesting and useful occupations, for the purpose of assisting in the mental and physical reconstruction of patients in a State hospital; and to perform related work as required.

Examples of duties: Conferring with physicians regarding the kinds of work to be taught to patients, and planning and assigning the work; teaching mending, sewing, basketry, weaving, and other arts and crafts; observing and making notes of the actions and conditions of patients; instructing nurses and other employees in occupational therapy; ordering and maintaining supplies and equipment.

Entrance Requirements: Applicants must have at least five years of full-time, paid experience in occupational therapy in a recognized agency. *Substitution:* Graduation from a recognized school, with complete courses in all branches of occupational therapy, may be substituted for three years of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS.

MEDICAL INSPECTOR, BOSTON HEALTH DEPARTMENT, NOVEMBER 9, 1946.

Last date for filing applications, Monday, October 21, 1946, at 5 p. m.

Salary: \$2,000 a year for part-time employment, plus a temporary increase as authorized by the City of Boston.

Vacancies: At present there is one vacancy for a male to be filled on a permanent basis.

Duties: To render pediatric service in baby and pre-school clinics of the Health Department; to diagnose and perform immunization against reportable diseases; to analyze cases of food poisoning; to enforce lawful measures for the prevention of the spread of communicable diseases, and supervise the isolation and quarantine of such diseases; and to perform related work as required. A knowledge of Public Health Laws and Regulations as they relate to communicable diseases is necessary.

Entrance Requirement: Applicants must be registered physicians under the State Board of Registration in Medicine on the date of filing application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ONE (1) HEAVY CAPACITY SCALE TESTING TRUCK FOR WEIGHTS AND MEASURES DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing one (1) heavy capacity scale testing truck to the Weights and Measures Department, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Scale Testing Truck." There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bids will be publicly opened and read Tuesday, November 5, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(Oct. 19.) Superintendent of Supplies.

SHIPBUILDING IN 1943.

In 1943 the privately operated shipyards of America came up with another miracle, shattering all world records, producing merchant shipping of approximately 19,000,000 deadweight tons, a volume equal to one fifth of total world shipping at the outbreak of the war and about two and a half times the tonnage built in 1942. Private shipyards also built about 90 per cent of all of the new U. S. Navy ships built during the year. If the man-hours utilized in building naval ships could be translated into merchant ships, the combined volume would be in excess of 40,000,000 deadweight tons. Privately operated ship repair yards repaired and made seaworthy about 23,000 ships in all classes during the year. Total employment generated by the industry is approximately 3,000,000. Private yard and Navy yard 1943 pay rolls, at the prevailing wage rates, are more than \$4,300,000,000 paid to labor and shared by almost every state.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

To ROOFING CONTRACTORS.

INVITATION FOR PROPOSALS FOR ROOFING WORK AT THE BRIGHTON BRANCH LIBRARY, 40 ACADEMY HILL ROAD, BRIGHTON; CHARLESTOWN BRANCH LIBRARY, 43 MONUMENT SQUARE, CHARLESTOWN; HYDE PARK BRANCH LIBRARY, 35 HARVARD AVENUE, HYDE PARK; KIRSTEIN MEMORIAL LIBRARY, 20 CITY HALL AVENUE, BOSTON; NORTH END BRANCH LIBRARY, 3A NORTH BENNET STREET, BOSTON; PARKER HILL BRANCH LIBRARY, 1497 TREMONT STREET, ROXBURY.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for roofing work at the branch libraries as listed above.

Proposals will be received until 12 o'clock noon, Tuesday, October 22, 1946, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston 8, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston in the sum of two hundred and fifty dollars (\$250), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained on and after Monday, October 14, 1946, at the Business Office, Public Library of the City of Boston, Central Library, Copley Square, Boston 17, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

All the above is subject to the approval of the Civilian Production Administration as applicable.

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,
by ELIZABETH B. BROCKUNIER, Clerk.

HOSPITAL DEPARTMENT.

PROPOSALS FOR RECONDITIONING SPRINKLER SUPERVISORY SYSTEM, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for reconditioning sprinkler supervisory system, Boston City Hospital, in accordance with the specifications, giving a bond of a surety company satisfactory to the Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 318 Harrison avenue, Boston, signed by the bidder and left before two o'clock p. m. on Thursday, October 24, 1946, at the office of the Superintendent, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be deposited with the City Auditor, City Hall, Boston, before the time of opening the bids. The rate per hour to be paid those employed to do the work under this contract shall not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Reconditioning Sprinkler Supervisory System, Boston City Hospital."

PARK DEPARTMENT.

PROPOSALS FOR DEMOLISHING AND REMOVING THE FIELD HOUSES AT THE CHERRY STREET PLAYGROUND, SOUTH END, AND AT THE WEST THIRD STREET PLAYGROUND, SOUTH BOSTON.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for demolishing and removing the field houses at the Cherry Street Playground, South End, and at the West Third Street Playground, South Boston. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Demolishing and Removing the Field Houses at the Cherry Street Playground, South End, and at the West Third Street Playground, South Boston," and left before 2 o'clock on Thursday, October 31, 1946, at the office of the Park Department with a certified check for \$200, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

PROPOSALS FOR DEMOLISHING AND REMOVING THE BATH HOUSE AT DEWEY BEACH, CHARLESTOWN, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for demolishing and removing the bath house at Dewey Beach, Charlestown, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Demolishing and Removing the Bath House at Dewey Beach, Charlestown, Mass.," and left before 2 o'clock on Thursday, October 31, 1946, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
FRANK R. KELLY,
(Oct. 19-26.) Commissioners.

CITY OF BOSTON.

FIRE DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS AND ADDITIONS TO THE FOLLOWING FIRE STATIONS: ENGINE 14, ELIOT SQUARE, ROXBURY; ENGINE 41, 16 HARVARD AVENUE, BRIGHTON; ENGINE 46, PEABODY SQUARE, DORCHESTER.

The Fire Commissioner of the City of Boston, 60 Bristol street, Boston, Mass., herein-after referred to as the Awarding Authority, invites sealed proposals for alterations to Engine 14, Eliot square, Roxbury; Engine 41, 16 Harvard avenue, Brighton; Engine 46, Peabody square, Dorchester.

Proposals will be received until 12 o'clock noon, Friday, October 25, at the office of the Awarding Authority, 60 Bristol street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority, 60 Bristol street, Boston. A deposit of \$25 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to bidders, upon receipt of said plans and specifications in good condition, by the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, October 22, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids of any item or items in accordance with the provisions of chapter 180 of the Acts of 1939.

RUSSELL S. CODMAN, JR.,
(Oct. 12-19.) Fire Commissioner.

SATURDAY, OCTOBER 26, 1946.

No. 43

MAYOR CURLEY GETS PROPOSAL FROM NEW YORK ARCHITECTURAL AND CONSTRUCTION GROUP TO ERECT HOUSING FOR VETERANS, ESTIMATED TO COST ABOUT \$28,000,000, TO BE COMPLETED BY OR ABOUT DECEMBER 31, 1947—THE HARRY L. BRUMOND COMPANY, INC., MAKES CONCRETE PROPOSAL FOR A LOCAL INCORPORATION OF BUSINESS AND FINANCIAL MEN TO WORK WITH MAYOR AND ARCHITECTURAL GROUP IN COMPLETION OF PROJECT—WOULD BUY SUCH LAND AS CITY HAS TO SELL FOR THE PURPOSE—TENTATIVE NAME OF CONSTRUCTION TO BE KNOWN AS "BAY VIEW TERRACE."

His Honor the Mayor is in receipt of the following letter and memorandum from Harry L. Brumond, architect, Harry L. Brumond Company, Inc., 551 Fifth avenue, New York:

MY DEAR MR. MAYOR,—I have just returned from a visit to your city, where I discussed in detail with several representative gentlemen the veterans' housing program advocated by you for some time.

These same gentlemen flew to Washington last week to investigate the progress I had made over past years with Federal agencies in connection with methods and procedures as to financing, design and management that effected large scale rental housing, and especially the progress made since Wilson W. Wyatt, expeditor, took over in January of this year.

The evidence submitted was of sufficient value to have these gentlemen invite me to Boston for further discussion and to look over the site in question.

I am enclosing herewith a copy of a memorandum submitted for your information.

After discussing the possibilities of the proposed project with my associates here in New York, we would be very happy to submit a proposal for the entire and complete financing, design, building and management of a housing project as outlined in our memorandum attached, all to be in line and as approved by the various interested Federal agencies.

Asks for Terms.

At a meeting this week held in the Council Chamber with insurance and banking representatives you made mention of your willingness to consider the erection of various veterans' projects by private enterprise, the property for which, now held by the city, could be secured by the operators at attractive low prices.

We would appreciate at this time an expression from you quoting a price and terms for the property as outlined in our memorandum, together with the number of years we can expect tax exemption, thereby assuring equity money financing a minimum time limit for complete amortization.

In our proposed plan, counsel, associate architects, engineers and all sub-contractors shall be selected from the Boston area.

For ability, integrity and quality performance of the Harry L. Brumond Company, Inc., and the tentative builder selected, we can furnish the best of references and financial statements from the nation's largest banking institution.

It is our desire to have several outstanding civic-minded citizens of Boston associate with us in our proposed Bay View Terrace Housing Project, all as outlined in our memorandum.

Awaiting an early reply, we remain,

Very respectfully,

HARRY L. BRUMOND, *Architect.*

CITY OF BOSTON,
OFFICE OF THE MAYOR, October 22, 1946.

Memorandum Relative to the Discussion for the Development of a Large Scale Rental Housing Project for the City of Boston, Mass.

The Harry L. Brumond Company, Inc., architects and city planners of 551 Fifth avenue, New York City, hereby submits a tentative proposal for the designing, financing, supervision and management of a large scale rental housing project for the City of Boston, all of which shall be designed and constructed in accordance with standards and regulations as set forth by the Federal Housing Administration, which shall make eligible the above-mentioned project for FHA mortgage insurance.

(Continued on page 1227.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, October 28, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 64 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending October 19, 1946.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 153; nonresidents, 46; total, 199.

Death rate per 1,000 of population: All deaths, 13.50; nonresidents deducted, 10.38.

MAYOR CURLEY TO CONFER WITH NEW YORK GROUP ON PLANS FOR NEW HOUSING FOR VETERANS.

(Continued from page 1225.)

A tentative FHA commitment for 8, 10 and 13 story fireproof, garden type elevator apartments has been already granted to the Brumond Company on a similar project based on preliminary plans, layouts and details as submitted. The project shall be tentatively known as the "Bay View Gardens" and shall be sponsored by a Boston group of representative civic-minded citizens who shall incorporate under the provision of a limited dividends corporation or similar state law.

Counsel, associate architect and engineers and builders together with a representative bank, which shall act as depository for all funds, shall be as recommended by the officers and directors of the Bay View Gardens Corporation.

It shall be the purpose of the Bay View Gardens Corporation to purchase the land now held by the City of Boston for a fair price and to develop it immediately by constructing thereon moderate priced rental apartment homes with preference to veterans of World War II, including those still in the military service, until the period ending not earlier than December 31, 1947, and further agree that the rentals, as may be established, will be in conformity with rentals as may be established by the appropriate government agency or agencies charged with the establishment of maximum rents and with issuing permits for construction or with granting priorities or other assistance in order to aid in the procuring of materials.

SIZE OF BUILDINGS.

The Harry L. Brumond Company, Inc., recommends for development of the land available, in line with the attached exhibits showing plot plan, designs, and floor layouts of 8, 10 and 13 story buildings, consisting of family units of 2, 3 and 4-room apartment homes designed for the discriminating tenant who demands the most in comfort and environment with city convenience.

These apartment homes shall be built to provide modern housing in a planned community for responsible tenants at attractive low rentals.

Bay View Gardens has been designed by specialists in apartment development; its architecture shall reflect dignity and charm together with utility convenience conceived in the modern manner. It shall be one of the most beautiful apartment home communities in the nation.

Dividing the apartment-home units shall be broad landscaped terraces with hundreds of trees and masses of flowery shrubbery. In the spaciousness of these green terraces shall be designed 30 elevator apartment home buildings, of attractive and efficient design, varying in height from 8 to 13 stories.

Every provision shall be made for spacious play areas, garage accommodations, restaurant, valet, laundry and maid service, all to serve the demands of a tenant's every wish.

Only 20 per cent of the land is covered by buildings. In all there shall be 4,800 apartments, two to four rooms, in size, to cost on completion approximately \$28,800,000. Every consideration has been given for every comfort in their spacious living rooms, the utility arrangement in kitchens, the attractive pattern

of the bath rooms, cross ventilation, steel casement windows, large foyers, hardwood floors, ample closet space, concealed radiators, *every room an outside room*—such are a few of the things that shall make for pleasant living at the "Bay View Gardens."

We are especially interested and anxious to assist in the development of the Boston project because it is in line with a major over-all national program submitted by us to Expediter Wyatt in a proposal dated September 17, 1946. We quote from that letter as follows:

"The Harry L. Brumond Company, Inc., proposes to function with the assistance and cooperation of the expediter and various Federal agencies in the development and execution of a program that would in ninety days have 250,000 family units in twenty key cities from Boston to San Francisco started by way of organized and scientific planning.

SMALL HOMES STABILIZATION.

"Large scale rental housing, the only means towards small homes stabilization, must be carried on immediately through funds made available through Federal agencies.

"Equity money required totalling approximately 10 per cent of the project must be advanced to responsible operators, the total of which shall be secured by a second mortgage, with the stipulation that the entire surplus earned each year from income shall be used to liquidate the second mortgage loan."

All designs, plans, specifications and over-all policy shall be designed and directed by the Harry L. Brumond Company, Inc., under the direction and with the approval of the expediter and other interested Federal agencies.

Because of our long, personal and intimate acquaintance with the many Federal agencies affected, the Harry L. Brumond Company, Inc., is in a position to present for immediate review and approval plans, specifications and applications for mortgage insurance, all in line with FHA requirements.

We maintain Expediter Wyatt's program for 2,700,000 family housing units to be built in the next two years is not impossible. "If" the nation will accept the fact that, quoting Wyatt: "*It will take a dynamic program to achieve this goal. Neither business-as-usual, labor-as-usual, building-as-usual, nor government-as-usual will suffice.*"

This statement is a challenge. The City of Boston under the inspired, progressive, visionary leadership of Mayor James M. Curley can set the pace and create by determined action the model for all major cities to follow in accepting their responsibility to the veteran and his family.

HARRY L. BRUMOND, *Architect.*

MAYOR THANKED FOR CONTRIBUTION TO SERGEANT HEALEY FAMILY FUND.

The Mayor has received the following letter from Police Commissioner Thomas F. Sullivan:

BOSTON, October 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY,—May I express to you the sincere appreciation of the entire personnel of the Boston Police

Department for the generous contribution of one hundred dollars to the fund being raised for the benefit of the family of the late Sergt. William F. Healey, who was shot and killed by a bandit on the night of October second.

It is an inspiration to the men of the department to know of the personal interest taken in the welfare of the stricken family of a valiant officer who proved so faithful to his trust.

Mrs. Healey and her family have asked me to tell you how grateful they are for your kindness and generosity.

Sincerely yours,

THOMAS F. SULLIVAN,
Police Commissioner.

MAYOR VETOES ORDER FOR SPENDING \$10,000,000 FOR HOUSING FOR FURTHER ACTION.

The following letter was sent to the City Council by his Honor, the Mayor:

BOSTON, October 16, 1946.

GENTLEMEN,—I beg to return herewith without prejudice and without my signature the order making provision for the expenditure of \$10,000,000 for veterans' housing, for the following reasons:

The law appears to be perfectly clear in section 7 of chapter 372 of the Acts of 1946 which provides that a public hearing shall be held by the State Board of Housing to determine whether an emergency exists in the matter of permanent veterans' housing, and as no such hearing has been held up to the present time, there is serious doubt as to the validity of the action taken by the City Council until such action has been taken by the State Board of Housing.

I accordingly recommend the adoption of the accompanying order by the City Council requesting a hearing to be held in conformity with said section 7 of chapter 372 of the Acts of 1946 since the Corporation Counsel has ruled that joint approval of the Mayor and City Council is necessary for such application to the State Board of Housing.

Respectfully,

JAMES M. CURLEY, *Mayor.*

ORDER SENT TO COUNCIL BY MAYOR ON HOUSING EMERGENCY.

The following order was sent to the City Council by his Honor, the Mayor:

Ordered, That the City of Boston in accordance with the provisions of section 7, chapter 372, Acts of 1946, hereby applies to the State Board of Housing to determine that an acute shortage of housing exists in the City of Boston; that veterans are unable to obtain shelter for themselves and their families; that the shortage is not being relieved by private enterprise, or likely to be within a reasonable period; and the City of Boston hereby requests said State Board of Housing to hold a public hearing on this application.

END WARTIME RELAXATION ON GARBAGE AND REFUSE COLLECTIONS.

Commissioner of Public Works, Robert P. Curley, announced on October 19, that the wartime relaxation of the ordinances and regulations relating to the use of proper receptacles for rubbish and garbage will end as of November 1, 1946.

This relaxation from strict enforcement of the regulations was due to the shortage of materials during the war, and the consequent inability of the householders to purchase proper containers.

Commissioner Curley states that metallic regulation containers can now be obtained at a reasonable price, and that there is no excuse for not complying with the regulations. The Health Department regulation which applies is as follows:

"Suitable receptacles" . . . shall be deemed to mean receptacles of the following description, in numbers satisfactory to the Health Commissioner:

(a) For Garbage: Watertight, tightly covered, metal receptacles.

(b) For Ashes, Rubbish, Refuse and Other Similar Matters: Metallic barrels.

Such receptacles shall be kept in locations satisfactory to the Health Commissioner and shall, at all times, be maintained in good order and repair. The above regulation shall become effective April 1, 1941."

Commissioner Curley added that many of the employees engaged in this work have sustained back and other injuries because they were required to lift heavy, bulky, and unbalanced containers. In order to prevent further injuries to the men, the commissioner announced that he has made the following regulation, which will become effective on the date stated:

NOTICE.

City of Boston Public Works Department Regulation.

On and after November 1, 1946, containers for ashes, rubbish, and garbage shall not weigh more than 175 pounds when loaded to within 4 inches of the top. In particular, oil drums are not considered regulation containers.

ROBERT P. CURLEY,
Commissioner of Public Works.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to grant overtime payment to Harold R. Darling, clerk-billing machine operator, at \$1.50 an hour, not to exceed ten hours a week, or a total of \$150 for ten weeks.

Permission has been given to employ Mary Gillespie, 11 Woodward Park street, Dorchester, as temporary typist-clerk for an emergency period at \$4 a day plus \$200 a year E. C. A.

FIRE DEPARTMENT.

Capt. John M. Harrington, 56 Summer street, West Roxbury, of Engine Company 30, has been retired at \$1,550.

HOSPITAL DEPARTMENT.

General Division.

For the week ending September 24:

The following special nurses have been employed at \$7 a day:

Veronica Lombard, 23 Thornley street, 1 day; Helen Galvin, 31 Standish street, 2 days; Bernice Rawlinson, 440 Newbury street, Rita Garon, 7 Worcester square, 7 days; Elizabeth Holleran, 3 Mansfield street, Daphne Lindo, 706 Columbus avenue, 2 days; Louise Burns, 231 Park Drive, 1 day; Mary O'Connor, 77 King street, 2 days; Marian Costa, Wollaston, 1 day; Mauril Sullivan, 117 East Cottage street, 2 days; Sara Driscoll, Belmont, 1 day; Marion Falvey, 19 Farrar avenue, 2 days; Alice Broocio, 230 Boston street, 1 day; Mary Pursley, 6 Sterling square, 6 days; Ethel Jacobs, 485 Blue Hill avenue, 1 day.

The following weekly nurses have been appointed:

Permanent.—Adrienne Dubuc, Attleboro, floor nurse, \$1,600 a year; Edith Taylor, 149 Warren street, floor nurse, \$1,600 a year.

For the week ending October 1:

Dorothy Flanagan, hospital medical worker, is now Dorothy Hughes.

The following special nurses have been employed at \$7 a day:

Bernice Rawlinson, 440 Newbury street, Mary Pursley, 6 Sterling square, Rita Garon, 7 Worcester square, 1 day; Grace Powers, 16 Spaulding street, Alice Hally, 230 Maple street, Ruth Thronberg, 696 Massachusetts avenue, 3 days; Rita Bryant, 51 Bloomfield street, 1 half-day.

The services of the following employees have been terminated:

Permanent.—Katherine Hesselbarth, 83 Mariposa street, linen control clerk, \$1,500 a year; Bridget Deveau, 35 Queensberry street, head nurse, \$1,880 a year; Winifred Deare, 220 West Canton street, part-time floor nurse, \$820 a year; Joseph Cosgrove, 44 Kenilworth street, hospital house worker, \$28 a week; Thomas Macdonnell, 33 Worcester square, hospital house worker, \$22.50 a week; Axel Strandberg, 38 Mendelssohn street, principal hospital kitchen worker, \$37 a week; Margaret Sullivan, 34 Worcester square, Julia Farrell, 6 Victor street, hospital medical workers, \$18 a week; Simon Griffin, 41 Pearl street, gateman, \$19 a week.

DEPARTMENT CHANGES.

(Continued from page 1229.)

The Mayor has approved the following appointments:

COLLECTING DEPARTMENT.

Mary P. Twohig, 94 Elm street, Charlestown. Remington-Rand key punch operator. \$1,600 a year plus \$200 E. C. A.

ELECTION DEPARTMENT.

Patrick Guarino, 16 North avenue, Roxbury, carpenter, \$6 a day, no E. C. A.

Alfred F. Boyle, 41 Rosemont street, voting machine custodian, \$2,800 a year plus \$200 E. C. A.

FIRE DEPARTMENT.

Raphael V. Hamaty, 23 West Dedham street, clerk. \$1,100 a year plus \$200 E. C. A.

HOSPITAL DEPARTMENT.

Charles T. Coyle, Jr., 677 Massachusetts avenue, Boston, ambulance and medical aid man, \$30 a week plus \$200 a year E. C. A.

James F. Forkin, 4 Folsom avenue, Roxbury, ambulance and medical aid man, \$30 a week plus \$200 a year E. C. A.

HOSPITAL DEPARTMENT.

Sanatorium Division.

Helen Byrne, 30 Standard street, Mattapan, part-time clerk-typist, \$12 a week plus \$3.84 E. C. A.

Alice Pettoneri, 14 Duxbury road, Mattapan, part-time clerk-typist, \$12 a week plus \$3.84 E. C. A.

Irene Hammond Sullivan, 249 River street, Mattapan, permanent assistant night supervisor of nurses, \$1,600 a year plus E. C. A. and maintenance.

INSTITUTIONS DEPARTMENT.

William D. Ducey, M. D., 33 Anderson street, Boston, assistant resident physician, \$2,500 a year plus \$200 E. C. A.

James J. Murphy, 1143 Saratoga street, East Boston, wharfinger clerk, \$1,000 a year plus \$200 E. C. A. and maintenance.

OVERSEERS OF PUBLIC WELFARE.

William A. Ballem, 9 Mattakeeset street, Hyde Park, clerk and typist, \$1,000 a year plus \$200 E. C. A.

Rita M. Connor, 18 Danbury road, Mattapan, clerk and typist, \$1,000 a year plus \$200 E. C. A.

Mary A. Feeney, 14 Asticou road, Jamaica Plain, temporary cleaner, \$20 a week plus \$200 a year E. C. A.

Helen McHaddon, 1 Gay street, Roxbury, provisional cleaner, \$20 a week plus \$200 a year E. C. A.

Alice Whitten, 34 Worcester square, Boston, assistant rest room matron, \$20 a week plus \$200 a year E. C. A.

PENAL INSTITUTIONS DEPARTMENT.

Irene McVey, 38 Melville avenue, Dorchester, parole agent, \$2,600 a year plus \$200 E. C. A.

Joseph M. Cohan, 34 Crawford street, Roxbury, moving picture operator, \$13 a day plus \$200 a year E. C. A.

William McCluskey, 12 Salem avenue, Charlestown, engineer, \$45 a week plus \$200 a year E. C. A.

PUBLIC WORKS DEPARTMENT.

William P. Coughlin, 179 Lexington street, East Boston, emergency quarter-master-pilot, \$7 a day, no E. C. A.

Louis F. Schlicht (veteran), 19 Elder street, Dorchester, tollman (provisional), \$5.75 a day plus \$100 a year E. C. A.

PRINTING DEPARTMENT.

Margaret B. Grant, 430 Meridian street, East Boston, copyholder, \$29 a week plus \$200 a year E. C. A.

REGISTRY DEPARTMENT.

Henry E. Brennan, 62 Pleasant Hill avenue, Dorchester, clerk, \$1,400 a year plus \$200 E. C. A.

Hans Himmelweit, 86 American Legion Highway, Dorchester, research assistant, \$1,400 a year plus \$200 E. C. A.

Thomas F. Horgan, 57 Brighton avenue, Allston, research assistant, \$1,400 a year plus \$200 E. C. A.

Leonide E. Onofri, 15 Bennett street, Brighton, clerk, \$1,280 a year plus \$200 E. C. A.

STATISTICS DEPARTMENT.

Thomas K. Wren, 21 Follen street, Boston, historical research clerk, \$50 a week.

STREET LAYING-OUT DEPARTMENT.

Mabel C. Johnson, 232 Park street, Dorchester, clerk and typist, \$1,400 a year plus \$200 E. C. A.

TRANSIT DEPARTMENT.

George F. Hobson, 72 Cypress street, Brookline, assistant engineer, Grade III, \$2,800 a year plus \$200 E. C. A.

The Mayor has approved the following reappointment:

ASSESSING DEPARTMENT.

Justin T. Donovan, 40 Danube street, Dorchester, provisional first assistant assessor, \$2,000 a year plus \$200 E. C. A., *vice* Joseph P. Dempsey, deceased.

The Mayor has approved the following reinstatement:

PUBLIC WORKS DEPARTMENT.

John F. Kelly, 96 East Newton street, Boston, teamster-chauffeur, \$6-\$5.50 a day plus \$100 a year E. C. A.

The Mayor has approved the following promotions or adjustments in compensation:

ELECTION DEPARTMENT.

Rocco Leone, 362 Longwood avenue, from assistant registrar at \$2,300 a year plus \$200 E. C. A. to voting machine custodian (provisional for six months) at \$2,800 a year plus \$200 E. C. A.

John J. Reilly, 69 East Brookline street, from assistant registrar at \$2,300 a year plus \$200 E. C. A. to voting machine custodian (provisional for six months) at \$2,800 a year plus \$200 E. C. A.

HEALTH DEPARTMENT.

Patrick J. Foley, 505 Broadway, South Boston, from dentist at \$2,200 a year plus \$200 E. C. A. to dental supervisor at \$3,000 a year plus \$200 E. C. A.

HOSPITAL DEPARTMENT.

Anna Jackson, 222 West Canton street, City, from public health nurse, Venereal Disease Clinic, at \$1,750 a year, with E. C. A. to public health nurse, Venereal Disease Clinic, at \$2,040 a year, no E. C. A.

Anna Jackson, 222 West Canton street, City, from public health nurse, Venereal Disease Clinic, at \$2,040 a year, no E. C. A., to public health nurse, Venereal Disease Clinic, at \$2,160 a year, no E. C. A.

Katherine Kennedy, 84 G street, South Boston, from floor nurse at \$1,700 a year to head nurse at \$1,880 a year.

Julia Keohane, 38 Hamilton street, from floor nurse at \$1,700 a year to head nurse at \$1,880 a year.

PUBLIC WORKS DEPARTMENT.

John A. Ryan, 516 Washington street, Brighton, from chauffeur-laborer at \$6-\$5.50 a day plus \$100 a year E. C. A. to machine operator-chauffeur-laborer at \$6.50-\$6-\$5.50 a day plus \$100 a year E. C. A.

The Mayor has approved the following leaves of absence:

HOSPITAL DEPARTMENT.

Ella Gargill, 328 Geneva avenue, Dorchester, hospital house worker, \$18 a week.

James F. Goode, 56 Forest Hills street, Jamaica Plain, hospital medical worker, \$19.50 a week.

Lydia Paulini Klutz, 71 Gordon street, Brighton, medical social worker, \$1,900 a year.

Daniel O'Keefe, 604 Tremont street, City, first-class fireman, \$41.50 a week.

TREASURY DEPARTMENT.

Fred L. Uriot, 18 Medfield street, Boston, clerk-typist, \$1,700 a year plus E. C. A.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PARK DEPARTMENT.

Upon October 1 the Mayor approved a contract with J. W. Praught Company for furnishing and installing new steam boiler at the Franklin Park Yard Office

Building, Franklin Park. Bids, opened Thursday, September 26, were as follows: J. W. Praught Company, \$1,833; Eugene Ricciardelli, \$2,241; James P. Sullivan Company, \$2,500.

PUBLIC WORKS DEPARTMENT.

Upon October 7 the Mayor approved a contract with the S. J. Tomasello Corporation, the lowest bidder, for sheet asphalt pavement in Olney street, Wards 14 and 15, and Richfield street, Ward 15, at an estimated cost of \$23,864. The work to be done under this contract is to be completed on or before December 31, 1946. The following bids were received October 3, 1946:

S. J. Tomasello Corporation, \$23,864; John Deveney Company, \$25,476; Martin J. Kelly Company, Inc., \$41,265.

Upon October 11 the Mayor approved a contract with A. Singarella & Son, the lowest bidder, for cement concrete pavement in Cushing avenue, Ward 13, from Columbia road to Windermere road, at an estimated cost of \$22,080. The work to be done under this contract is to be completed December 31, 1946. The following bids were received September 23:

A. Singarella & Son, \$22,080; Martin J. Kelly Company, Inc., \$28,030; J. A. Singarella Company, \$30,342.50.

SUPPLY DEPARTMENT.

Upon September 25 the Mayor approved a contract with S. M. Levin Company for furnishing fifty five-drawer filing cabinets at \$53.40 each, and five eight-drawer cabinets at \$93.40 each, for the Health Department. The total amount of the contract was \$3,137, less a cash discount of 1 per cent for payment in ten days. There was but one bid opened September 4 as follows:

50 5-Drawer Filing Cabinets, Each.—S. M. Levin Company, Inc., \$53.40 (60 to 90 days).

5 8-Drawer Filing Cabinets, Each.—S. M. Levin Company, Inc., \$93.40 (45 to 60 days).

Discount.—S. M. Levin Company, Inc., 1 per cent, 10 days.

Total.—S. M. Levin Company, Inc., \$3,137.

Upon October 1 the Mayor approved a contract with the Socony-Vacuum Oil Company, Inc., the only bidders, for furnishing heavy and medium fuel oil for the Institutions and Fire Department boats for the period from October 1, 1946, through September 30, 1947. The approximate amount of the contract was \$18,406. Bid, opened September 24, was as follows:

Heavy Fuel Oil.

Approximately 5,000 Barrels, Delivery Into Bunkers of Institutions Department Boat "Stephen J. O'Meara," Alongside Contractor's Dock, Per Barrel of 42 U. S. Gallons at 60° F.—Socony-Vacuum Oil Company, Inc., \$1.965 per barrel*; approximate total, \$9,825.

Location of Storage Tanks.—Socony-Vacuum Oil Company, Inc., East Boston.

Capacity of Storage Tanks at Above Location.—Socony-Vacuum Oil Company, Inc., in excess of 75,000 barrels.

Source of Supply.—Socony-Vacuum Oil Company, Inc., various Socony-Vacuum refineries.

Medium Fuel Oil.

Approximately 4,000 Barrels, Delivery Into the Bunkers of Fire Department Boat "Matthew J. Boyle," Alongside

Contractor's Dock, Per Barrel of 42 U. S. Gallons at 60° F.—Socony-Vacuum Oil Company, Inc., \$2.145 per barrel*; approximate total, \$8,580.

Location of Storage Tanks.—Socony-Vacuum Oil Company, Inc., East Boston.

Capacity of Storage Tanks at Above Location.—Socony-Vacuum Oil Company, Inc., in excess of 400 barrels.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and commercial houses for furnishing labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, September 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—For a number of years gas street lighting in this city has been carried on under contracts awarded to the Welsbach Street Lighting Company of America. The city is the owner of the posts used for this purpose, and under the terms of the above-mentioned contracts, the Lighting Company has taken care of the lighting, extinguishing, servicing, and maintaining the remainder of the equipment, all of which it owns. For performing this service the Lighting Company is being paid, under the contract which will expire on the 30th day of this month, at the rate of \$23 for each lamp per year, which includes the furnishing of illuminating gas.

I have had a number of discussions and conferences with the officials and attorneys of the Lighting Company, with a view to entering into a new contract, but the rate which has been quoted and which the officials insist cannot be lowered, namely, \$33.60 for each lamp (an increase of \$10.60 for each unit), seemed to me so utterly unreasonable that, for the best interests of the city, I could not accept their proposal. Further discussions were held with reference to the possibility of making a lease for the use of the equipment now in place, with the understanding that the department itself would take care of operation and maintenance. These negotiations, however, were not successful. The price asked was too high, and we could not arrive at a satisfactory arrangement regarding the percentage of gradual reduction in the number of gas lamps in use.

We then resorted to the idea of having the City of Boston purchase all of the equipment now in service which belongs to the company, and, in addition, to procure a stock of parts for replacement purposes. A very satisfactory arrangement, in my opinion, was concluded whereby the company agreed to the proposition of selling this equipment covering the lamps now in service—approximately 9,040—together with a sufficient supply of parts, glassware, etc., to cover anticipated breakage and replacements. The Superintendent of Supplies, with the approval of your Honor, has made a contract with the Welsbach Street Lighting Company of America covering this purchase, as a result of which, at the termination of the present contract on September 30, the city will be the owner of all gas lighting equipment in use, with a sufficient stock of parts, etc., for its immediate needs.

The matter of lighting, extinguishing, maintaining, and repairing these gas

lamps, under the arrangement which has been made, is of considerable importance. The Public Works Department is not prepared, either with personnel or mechanical facilities, to handle directly this essential work of gas lighting. During the periods covered by its contracts, the Welsbach Company has maintained a local agency which has functioned in all details concerning the service rendered by the company. This agency is available at the present time to do this work for the city, and I feel after a very careful consideration of all pertinent aspects, that it is to the city's advantage to make an arrangement to have this work done by the persons who have had so much experience in the matter and who are so familiar with the city's requirements.

In my opinion, the best interests of the city will be served if a contract is awarded to the American Service Company of 253-255 Adams street, Dorchester, for performing this service. The American Service Company is, to my knowledge, the only firm at present ready and able to perform the required service. I have negotiated with this firm for a contract, and we have reached an agreement whereby it will do all that is required for lighting, extinguishing, maintaining, and repairing the gas lamps now in service (with the exception of the gas required, which will be supplied by the Boston Consolidated Gas Company) at the rate of \$11.85 per lamp per year, during the period from October 1 to December 31, 1946.

Under the circumstances which exist in connection with this matter, I do not feel that anything would be gained by publicly advertising for bids, so for that reason I respectfully request the permission of your Honor to dispense with advertising and to award this contract to the above-mentioned firm.

The estimated cost for this service for the balance of 1946 is \$26,781.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 2, 1946.

To the Mayor of Boston.

Under a contract with Anthony J. Ryan, Inc., for the collection of material originating in the Brighton district, it is provided that the material be hauled to the city-owned property on Mt. Vernon street, Dorchester, otherwise known as the Mile road.

Upon representations of the Health Department, this dump can no longer be used because of sanitary conditions and, because it was becoming filled up, it has become necessary to seek another destination for this material.

Negotiations were then conducted with the Coleman Disposal Company, with a view to deposit this material on its dump also on Mt. Vernon street, Dorchester, and an agreement was reached whereby the Coleman Disposal Company would receive this material originating in the Brighton district for the sum of \$3,000 per month.

The present contract with the Coleman Disposal Company for the disposal of refuse excludes the Brighton district from its provisions.

In view of the fact that this is a serious sanitary situation and because I have been unable to find any other location, I respectfully request permission to award a contract without publicly advertising for bids to the Coleman Disposal

Company for the period of September 1 to December 31, 1946, at an agreed price of \$3,000 per month.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, September 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The Civilian Production Administration of the Federal Government has allotted to the Boston City Hospital, as one of the depot hospitals, a quantity up to 400 grams of Streptomycin for use during the month of September, 1946. At a recent meeting of the Board of Trustees of the City Hospital the purchase of 250 grams was authorized for the month of September.

The hospital is required to purchase the Streptomycin from producers listed in their authorization, and the present purchase of 250 grams must be made from the Merck Company, Rahway, New Jersey. This company has quoted the Supply Department a price of \$20 per gram, less 20 per cent, less a 2 per cent cash discount for payment in ten days. The Merck Company notified this department that they do not make direct delivery but handle same through their local agents in the City of Boston.

For this reason I would respectfully request that permission be granted me to award a contract, without public advertisement, to the Thomas W. Reed Company, 533 Commonwealth avenue, Boston, who are direct agents for Merck Company, for furnishing 250 grams of Streptomycin before September 30, 1946, at the price quoted by Merck Company, namely, \$20 per gram, less 20 per cent, less 2 per cent cash discount for payment in ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, September 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is requested to purchase from Lalime & Partridge, Inc., 1255 Boylston street, Boston, for the use of the Supply Department, the following:

One new 1946 De Luxe Ford Sedan at \$1,258.90. With heater, \$27.50, spare tire and tube, \$20.80, \$48.30. Total, \$1,307.20.

Since Lalime & Partridge, Inc., is prepared to effect immediate delivery, it is my opinion, in view of the condition of the automobile market, that no advantage would be gained by publicly advertising for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, September 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On January 24, 1946, this department publicly opened bids for drugs for the various city departments. Item 196 requested prices on thirty-two drums of Dextrose powder, C. P. Merck, in 200-pound drums. The McKesson & Robbins Company, the low bidder, was awarded the item at 18.5 cents per pound.

At the time of the bidding, it was the custom of this office and the Law Depart-

ment to disallow clauses inserted by the bidder, which did not give us full protection. Therefore, the following: "Merck: Prices subject to market changes and deliveries subject to goods being available at time of order" was omitted from the contract. Dextrose, in the meanwhile, has become difficult to obtain, and Merck & Co. is billing the McKesson & Robbins Company at increased prices for what shipments it is making. The contractor is willing to supply the city departments with the material, but does not, because of its deleted clause, feel liable at the 18.5-cent price. Therefore, the McKesson & Robbins Company requests permission (see enclosed letter) to charge us the Merck price plus a 2-cent handling charge for the remainder of the contract period which would be until February 15, 1947.

The total increase on the completed contract would be \$250, but because of the extreme importance of the material and because of present grave market conditions, it is requested that this permission be granted.

Very truly yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

McKESSON & ROBBINS, INC.
BOSTON, August 26, 1946.

City of Boston, Supply Department,
City Hall Annex, Boston, Mass.

Reference: Order No. 16215, Requisition
No. 3103S.

5,000 pounds Dextrose C. P. Anhydrous
at 18.5 cents per pound.

GENTLEMEN,—We have to advise that there has been an increase in the price of this item, in fact there have been several increases during the last few weeks. Today the price to you, based on Merck's cost to us, would be 21½ cents per pound in 200-pound drums, 2 cents higher in 100-pound drums.

Manufacturers are in general charging us at prices prevailing at time of shipments. Last week this Dextrose was even higher than it is today. You will note that Merck & Co. made this proviso, as per our addendum to our proposal.

We will appreciate your sending us your confirmation of acceptance of this order on the basis that we will charge you only the increase in cost which Merck may charge us when shipping the above, and a similar agreement for the balance of the contract. We understand that prompt shipment may be expected from the Rahway factory.

Yours very truly,

McKesson & Robbins, Inc.,
Eastern Drug Division,

R. S. ELLIOTT,
Hospital Department.

BOSTON, September 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract to Pitney Bowes, Inc., Stamford, Connecticut, for furnishing one Model A. V. Pitney Bowes Mailing Machine with C. V. S. Meter at a price of \$1,650 net, less a credit allowance for one Model A Pitney Bowes Mailing Machine, No. 4743, of \$150.

This machine is for use in the Collecting Department of the city and is urgently needed as the old machine is practically beyond repair.

As Pitney Bowes, Inc., are the manufacturers, no advantage would accrue from a public advertisement for bids.

Very truly yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 3, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without public advertisement, to General Mills, Inc., for the purchase of 4,800 twenty-five-pound bags of Gold Medal 80 per cent extraction flour at a price of \$4.75 per hundredweight.

This price is approximately 86 cents per hundredweight lower than the present market price of flour which is \$5.61 per hundredweight and it is offered at this cheaper price because it is flour milled during the period when the regular white flour was prohibited.

The flour is perfectly satisfactory for use in the city institutions, and I would respectfully request that the permission asked for above be granted.

The total amount of the contract is \$5,700.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract without public advertisement to the Packard Motor Car Company of Boston, Inc., 1089 Commonwealth avenue, Boston, for furnishing to the Mayor's office:

One new 1946 Packard Custom Super seven-passenger sedan, Model 12123, with accessories as listed in letter on file, \$4,846.17; less tax, \$204.88; allowance on 1942 Packard, Series 180, "as-is", \$400—\$604.88; net delivered in Boston, \$4,241.29.

Since the Packard Motor Car Company of Boston is the direct agent of the manufacturer, no advantage would accrue from a public advertisement for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, October 8, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY,—Your approval is respectfully requested to award, without advertising, a contract to the Boston Elevated Railway Company to increase the height of the chain link fence on the Dorchester Rapid Transit Extension premises from 6 feet to 12 feet with three strands of barbed wire at the top for a distance of approximately 630 feet adjoining the property of the National Can Company at an estimated cost of \$3,700.

In view of the fact that the work is to be done adjacent to the track where third rail trains are operating and that no section of the fence could be left open at any time during the work to allow access to the third rail by persons or animals, the Transit Department voted to approve the construction of the fence by the Boston Elevated Railway Company, the cost to be charged to the Dorchester Rapid Transit Extension on which the Company pays rental.

(Continued on Page 1234.)

In accordance with section 15 of chapter 480 of the Acts of 1923, the Department of Public Utilities has authorized the Transit Department to have the work performed without advertising for competitive bids because of special and peculiar reasons making advertising impracticable.

Yours respectfully,

MALCOLM E. NICHOLS,
Chairman.

DEDUCTION FROM CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

J. W. Praught Company has been ordered to make the following deduction in contract: Omit three of the four cylinder type draw-off and relief valves as specified in section 4, page 8, the fourth paragraph of the specifications. For this omission, deduct \$60, making the account as follows: Contract price, \$4,570; total deduction, \$60; amount of contract, \$4,510.

CONTRACT AMENDED.

The Consolidated Elevator Company, Inc., has been allowed to amend the contract for furnishing and installing hangers and closers on Elevators 3 and 4 in City Hall Annex, by striking out the words "ten weeks," on page 7, Article II, of the contract, and inserting the words "thirty weeks" therefor.

NO DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Rosebery road, Dorchester-Hyde Park district, as a highway, under the order of the Board of September 30, 1946, and awards no damages therefor.

DAMAGES AWARDED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of February 27, 1945, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Higgins street, formerly Mechanic street, be, and the same hereby is, amended, by adding to said order the amount \$160 as an award to Bowman C. Ellis and Eliza A. Ellis, as joint tenants; that the amount \$160 be, and the same hereby is, awarded to Bowman C. Ellis and Eliza A. Ellis, as joint tenants, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 28, 1943, determining damages caused by the making of the public improvement consisting of the widening and relocation of Weld street, be, and the same hereby is, amended, by striking from said order the amounts \$1 each awarded to Grace H. Quick for lots 1, 2, 3 and 4 in said order and inserting in place thereof the amount \$1,700; that the

amount \$1,700 be, and the same hereby is, awarded to Grace H. Quick for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 11, 1945, determining that no person sustains damages by the making of the public improvement consisting of the laying out and construction of Myles Standish road, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words "that no person sustains in his estate," and by striking out in the last line of said order the word "no"; that said order be further amended by adding thereto Joseph N. Dorney and Nora A. Dorney, \$45, husband and wife, as tenants by the entirety; that the amount \$45 be, and the same hereby is, awarded to Joseph N. Dorney and Nora A. Dorney, husband and wife, as tenants by the entirety, for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of December 29, 1944, determining that no person sustains damages by the making of the public improvement consisting of the laying out of Owen street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words "that no person sustains in his estate," and by striking out in the last line of said order the word "no"; that said order be further amended by adding thereto Esther Suvalle, \$58.50; that the amount \$58.50 be, and the same hereby is, awarded to Esther Suvalle for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of July 19, 1945, determining that no person sustains damages by the making of the public improvement consisting of the laying out of Capen street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words "that no person sustains in his estate," and by striking out in the last line of said order the word "no"; that said order be further amended by adding thereto Edward W. Kohler, \$75; that the amount \$75 be, and the same hereby is, awarded to Edward W. Kohler for the damages sustained by the making of the said improvement.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

The Peabody Construction Company has been granted an extension of the time of completion of the contract for alterations at the Florence Nightingale School, approved September 5, 1946. Completion date to be extended from September 11 to December 30, 1946. This extension is requested for the reason that due to shortage of materials contract could not be completed on time.

John Rugo has been granted an extension of the time of completion of the contract for alterations at the James Otis School, approved August 12, 1946. Completion date to be extended from September 11 to December 30,

1946. This extension is requested for the reason that due to inability to secure materials contract could not be completed on time.

M. Solimando has been granted an extension of the time of completion of the contract for alterations at the Teachers College, approved August 20, 1946. Completion date to be extended from September 11 to December 31, 1946. This extension is requested for the reason that due to inability to secure materials contract could not be completed on time.

M. Solimando has been granted an extension of the time of completion of the contract for alterations at the Boston Trade High School, approved August 20, 1946. Completion date to be extended from September 11 to December 31, 1946. This extension is requested for the reason that due to inability to get materials contract could not be completed on time.

Powers & Mehegan Company have been granted an extension of the time of completion of the contract for re-installing oil burning equipment in various schools, approved July 8, 1946. Completion date to be extended from September 15 to December 15, 1946. This extension is requested for the reason that due to shortage of materials contract could not be completed on time.

Daniel Russell Boiler Works, Inc., has been granted an extension of the time of completion of the contract for repairing and retubing boilers in various schools, approved August 29, 1946. Completion date to be extended from October 1 to December 31, 1946. This extension is requested for the reason that due to difficulty in getting tubing contract could not be completed on time.

PENAL INSTITUTIONS DEPARTMENT.

The Van Dorn Iron Works Company has been granted an extension of time of completion of the contract until November 15, 1946. This extension is requested on account of delay occasioned by strikes and lack of transportation from the West.

PUBLIC WORKS DEPARTMENT.

Fred J. Wallace has been granted an extension of the time of completion of the contract for repairing Warren Bridge, over the Charles river, from September 24, 1946, to November 1, 1946. This extension is requested for the reason that the contractor has been delayed on account of not receiving the necessary materials and also due to inclement weather during the month of August.

R. A. Buccella & Sons have been granted an extension of the time of completion of the contract for building sewerage works in Appleton street, between Clarendon street and Berkeley street, City Proper, from August 15, 1946, to October 15, 1946. This extension is requested to properly complete this work.

M. DeMatteo Construction Company has been granted an extension of the time of completion of the contract for rebuilding about 20 linear feet of 15-inch pipe sewer in Centre street, at St.

Theresa avenue, West Roxbury, including maintenance of the flow and all incidental work, from August 15, 1946, to October 15, 1946. This extension is requested to properly complete this work.

The Carney Construction Company, Inc., has been granted an extension of the time of completion of the contract for repairing Braddock Park and West Rutland Square Footbridges, from September 26, 1946, to October 26, 1946. This extension is requested for the reason that the contractor was unable to have the necessary material delivered on schedule.

POLICE DEPARTMENT ORDERS.

General Order No. 776.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Thursday, October 17, 1946, at 9 o'clock a. m.:

Patrolman John J. Dwyer, to Division 17.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 777.

The resignation of Patrolman Francis P. Ryan, attached to the Superintendent's Office (armed service roll), having been presented, it is hereby accepted to take effect Friday, October 18, 1946, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 779.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officer, a member of the Boston Retirement System; effective at the close of business, Thursday, October 31, 1946.

Wherefore, in view of this operation of law, after October 31, 1946, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Patrick J. Morrissey, Division 4.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.
